[Contract Amendment - Professional Contractor Supply (PCS) - Purchase of Hardware Supplies - $11,500,000]

Resolution authorizing the Office of Contract Administration to enter into a fifth amendment to the contract between the City and County of San Francisco and Professional Contractor Supply (PCS), for the purchase of hardware supplies for City departments, increasing the contract amount by $4,000,000 for a total not to exceed amount of $11,500,000 with no change to the contract term from August 15, 2017, through July 14, 2025.

WHEREAS, Charter, Section 9.118(b), requires the Board of Supervisors to approve by Resolution contracts estimated to cost the City $10,000,000 or more; and

WHEREAS, This Agreement was competitively procured as required by Administrative Code, Chapter 21.1, through Invitation for Bids #89400, issued on May 5, 2017, in which City selected Contractor as one (1) of the two (2) lowest qualified bidders pursuant to the Invitation for Bids; and

WHEREAS, The Purchaser entered into an as-needed term contract with Contractor, dated August 15, 2017, to purchase hardware supplies for City departments, as amended by the:

Modification No. 1, August 6, 2019, which granted a catalog price increase,

Modification No. 2, April 22, 2020, which updated the contract terms, extended end date to July 14, 2021, and increased contract not to exceed amount to $4,500,000,

Modification No. 3, October 27, 2020, which increased contract not to exceed amount to $5,500,000,

Modification No. 4, July 27, 2021, which increased contract not to exceed amount to $7,500,000, extended contract end date to July 14, 2025, and granted a catalog price increase; and

WHEREAS, The Office of Contract Administration proposes to enter into a fifth amendment (Modification No. 5), increasing the total not to exceed contract amount to $11,500,000 and,

WHEREAS, The amendment referenced above is on file with the Clerk of the Board of Supervisors in File No. 220599, which is hereby declared to be part of this resolution as if set forth fully herein; now, therefore, be it

RESOLVED, That the Board of Supervisors, under Charter, Section 9.118(b), hereby authorizes the Purchaser and Director of the Office of Contract Administration to execute Modification No. 5 to the contract with Professional Contractor Supply (PCS) to increase the contract amount by $4,000,000 for a total contract amount of $11,500,000 with no change to the contract term from August 15, 2017, through July 14, 2025; and, be it

FURTHER RESOLVED, That within 30 days of the modification being fully executed by all parties, the Purchaser shall provide the final copy of modification to the Clerk of the Board for inclusion into the official file.

Terms Related To Bidding

1. When Bids Are Due; Bid Opening Procedures. Bids must be delivered before time set for bid opening. Bids will be opened by Purchasing at the hour and place stated on the first page of this bid in the presence of bidders who attend, and bid prices will be read upon request as time permits. Bidders may inspect the bids after award.

2. Alternates. When the name of a manufacturer, brand or make, with or without model number, is used in describing any item in this document, bids for similar articles will be considered unless otherwise stated. Purchasing shall be the sole judge as to whether such alternate articles are acceptable. Unless bidder states to the contrary, articles offered will be assumed to be the specific articles named in this document. If not offering the specific article named, bidder should enclose with its bid full information, specifications and descriptive data on items offered. Purchasing reserves the right to permit deviations from the specifications if any article offered is substantially in accord with Purchasing's specifications and is deemed by Purchasing to be of as good quality and as fully satisfactory for its intended use. Bidder is responsible for identifying any deviations from Purchasing's specifications.

3. Articles Furnished. Articles and services must comply with applicable laws, ordinances and other legal requirements, including (among others) the Cal-OSHA regulations in Title 8 of the Code of Regulations and, for electrical products, Sections 110.2 and 110.3 (B) of the S.F. Electrical Code. In addition, if an electrical item has not been tested by a lab approved by City's Department of Building Inspection (DBI) or Department of Public Works (DPW), Contractor shall notify the requesting department before delivery by writing the department at the "Deliver to" address on the front of the

BID AND CONTRACT CONDITIONS

Purchase Order. Approved testing labs are posted on Purchasing's website at http://www.sfgov.org/oca/. When a non-tested item is delivered, the department will request approval from DPW. If the department is unable to obtain approval, City reserves the right to cancel the transaction and return the item to Contractor, at no charge to City.

4. Place of Manufacture. No article furnished shall have been made in prison or by convict labor, except, for articles purchased for use by City's detention facilities.

5. Condition of Article. Articles offered and furnished must be new and previously unused, and of manufacturer's latest model, unless otherwise specified herein.

6. Samples. Articles offered as equal to "City sample" must fully conform thereto; "City samples" may be inspected at the place designated by Purchasing. Samples must be furnished as required in this document. Those submitted by successful bidders may be retained for testing or checked against deliveries, in which case allowance will be made to Contractor. Each sample shall be plainly marked in a durable manner with the name of the bidder, the contract proposal number, and the item number. Submitted sample will be deemed to be exactly what bidder proposes to furnish unless otherwise clearly indicated by the bidder in writing with the submittal of the sample. Sufficiency of sample will be determined by Purchasing. Do not enclose sample with bid, and do not wrap bid in package with sample.

7. FOB Point. F.O.B. destination in San Francisco, or any other locations as required by the City, freight prepaid and allowed.

8. Price List Discounts. When bids are based on prices from a catalog or price list, bidder shall furnish copies of the catalog or price list as required herein. Contractor shall furnish additional lists as required. Bids will be considered for price lists offered other than specified provided the alternate price list can be readily compared on an overall basis with the specified price list. Bidder's price list discounts must remain firm during the term of the contract.

9. Bidding on Separate Items and in the Aggregate. Bidders may bid separately for any item unless otherwise provided. Bidders may make an offer on one, some or all items, unless otherwise provided. ***NOTE*** : **For this Bid Proposal, Bidders must offer catalog discount percents off all of the categories listed on Bid Sheet A, to be responsive to this bid opportunity**.

10. Prices. Prices quoted must be fixed except as otherwise specified in this document. Any bid requiring receipt of order in less than 30 days will be unacceptable unless otherwise specified herein.

11. Awards; Rejection of Bids. Purchasing may make awards on one, some or all items in a bid. Purchasing reserves the right to reject any and all bids.

12. Cash Discounts; Terms of Payment (Commodities and Equipment only). Cash discount (discount for prompt payment) will be taken into consideration in determining the low bid under the following conditions:

BID AND CONTRACT CONDITIONS

- Discount period must be at least 30 days. Example: "1%, 30 days. Net 31."
- The maximum cash payment discount that will be considered when determining the lowest bid will be 2%.

- The discount period will start upon date of completion or delivery of all items on any Purchase Order or other authorization certified by Controller, or upon date of receipt of properly prepared invoices covering such deliveries, whichever is later.

- Payment is deemed to be made, for the purpose of earning the discount, on the date of mailing the City's check.

Whether or not the discount is taken into consideration in determining the low bid, it will be deducted from the invoice amount in accordance with the provisions above, unless otherwise provided by bidder. No additional charge shall accrue against City in the event that City does not make payment within any time specified by bidder.

13. Sunshine Ordinance. In accordance with Sec. 67.24(e) of the San Francisco Administrative Code, contracts, contractors' bids, responses to RFPs and all other records of communications between City and persons or firms seeking contracts shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

Terms Related to the Contract

14. Inspection. All articles supplied shall be subject to inspection and rejection by Purchasing or any department official responsible for inspection.

15. Contract Interpretation; Choice of Law/Venue; Assignment. Should any questions arise as to the meaning and intent of the contract, the matter shall be referred to Purchasing, who shall decide the true meaning and intent of the contract. This contract shall be deemed to be made in, and shall be construed in accordance with the laws of, the State of California; the venue for all claims arising out of this contract shall be in San Francisco. This contract may be assigned only with the written approval of Purchasing.

16. Hold Harmless and Indemnification. Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Contractor or loss of or damage to property, arising directly or indirectly from Contractor's performance of this Contract, including but not limited to, the use of Contractor's facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Contract, and

BID AND CONTRACT CONDITIONS

except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter. Contractor shall indemnify and hold City harmless from all loss and liability, including attorney's fees, court costs and all other litigation expenses for any infringement of patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequences of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Contract.

17. Failure to Deliver. If Contractor fails to deliver an article or service of the quality, in the manner or within the time called for by this contract, such article or service may be bought from any source by Purchasing and if a greater price than the contract price be paid, the excess price will be charged to and collected from Contractor or sureties on its bond if bond has been required.

18. Budget and Fiscal Provisions. This Contract is subject to the budget and fiscal provisions of City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Contract will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Contract will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Contract in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Contract.

19. Default; Remedies. On and after any event of default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Contract or to seek specific performance of all or any part of this Contract. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any event of default. Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Contract or any other contract between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of this Contract or any other contract. All remedies provided for in this Contract may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

BID AND CONTRACT CONDITIONS

20. Termination for Convenience. City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City.

21. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by City ordinances governing emergency conditions, the City and its employees and officers are not authorized to request Contractor to perform services or to provide materials, equipment and supplies that would result in Contractor performing services or providing materials, equipment and supplies that are beyond the scope of the services, materials, equipment and supplies agreed upon in the contract unless the agreement is amended in writing and approved as required by law to authorize the additional services, materials, equipment or supplies. The City is not required to reimburse Contractor for services, materials, equipment or supplies that are provided by Contractor which are beyond the scope of the services, materials, equipment and supplies agreed upon in the contract and which were not approved by a written amendment to the agreement having been lawfully executed by the City. The City and its employees and officers are not authorized to offer or promise to Contractor additional funding for the contract which would exceed the maximum amount of funding provided for in the contract for Contractor's performance under the contract. Additional funding for the contract in excess of the maximum provided in the contract shall require lawful approval and certification by the Controller of the City. The City is not required to honor any offered or promised additional funding for a contact which exceeds the maximum provided in the contract which requires lawful approval and certification of the Controller when the lawful approval and certification by the Controller has not been obtained. Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

22. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Contract, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Contract may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Contract entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

A. Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

B. Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extensions, renewal, or assignment of this Contract may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest by this Contract. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

BID AND CONTRACT CONDITIONS

C. Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

D. Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

23. Use of City Opinion. Contractor shall not quote, paraphrase, or otherwise refer to or use any opinion of City, its officers or agents, regarding Contractor or Contractor's performance under this contract without prior written permission of Purchasing.

24. Nondiscrimination; Penalties

A. Contractor Shall Not Discriminate. In the performance of this Agreement, Contractor agrees not to discriminate against any employee, City and County employee working with such contractor or subcontractor, applicant for employment with such contractor or subcontractor, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes.

B. Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

C. Nondiscrimination in Benefits. Contractor does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in §12B.2(b) of the San Francisco Administrative Code.

BID AND CONTRACT CONDITIONS

D. Condition to Contract. As a condition to this Agreement, Contractor shall execute the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (form CMD-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Contract Monitoring Division (formerly San Francisco Human Rights Commission).

E. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this Agreement under such Chapters, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of $50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Contractor and/or deducted from any payments due Contractor.

25. Local Business Enterprise Utilization; Liquidated Damages

A. The LBE Ordinance. Contractor, shall comply with all the requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the "LBE Ordinance"), provided such amendments do not materially increase Contractor's obligations or liabilities, or materially diminish Contractor's rights, under this Agreement. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor's willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor's obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. In addition, Contractor shall comply fully with all other applicable local, state and federal laws prohibiting discrimination and requiring equal opportunity in contracting, including subcontracting.

B. Compliance and Enforcement

(1) Enforcement. If Contractor willfully fails to comply with any of the provisions of the LBE Ordinance, the rules and regulations implementing the LBE Ordinance, or the provisions of this Agreement pertaining to LBE participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor's net profit on this Agreement, or 10% of the total amount of this Agreement, or $1,000, whichever is greatest. The Director of the City's Contract Monitoring Division (CMD) or any other public official authorized to enforce the LBE Ordinance (separately and collectively, the "Director of CMD") may also impose other sanctions against Contractor authorized in the LBE Ordinance, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor's LBE certification. The Director of CMD will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to Administrative Code §14B.17. By entering into this Agreement, Contractor acknowledges

and agrees that any liquidated damages assessed by the Director of the CMD shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City. Contractor agrees to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination or expiration of this Agreement, and shall make such records available for audit and inspection by the Director of CMD or the Controller upon request.

26. MacBride Principles – Northern Ireland. The City and County of San Francisco urges companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. The City and County of San Francisco urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

27. Tropical Hardwood and Virgin Redwood Ban. The City and County of San Francisco urges contractors not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood product, virgin redwood or virgin redwood product. If this order is for wood products or a service involving wood products: (a) Chapter 8 of the Environment Code is incorporated herein and by reference made a part hereof as though fully set forth. (b) Except as expressly permitted by the application of Sections 802(B), 803(B), and 804(B) of the Environment Code, Contractor shall not provide any items to the City in performance of this contract which are tropical hardwoods, tropical hardwood products, virgin redwood or virgin redwood products. (c) Failure of Contractor to comply with any of the requirements of Chapter 8 of the Environment Code shall be deemed a material breach of contract.

28. Resource Conservation. Contractor agrees to comply fully with the provisions of Chapter 5 of the San Francisco Environment Code ("Resource Conservation"), as amended from time to time. Said provisions are incorporated herein by reference

29. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at http://library.amlegal.com/nxt/gateway.dll?f=templates&fn=default.htm&vid=amlegal:sanfrancisco_ca. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

BID AND CONTRACT CONDITIONS

30. Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS CONTRACT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR UNDER THIS CONTRACT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS CONTRACT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS CONTRACT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS CONTRACT.

31. Drug-Free Workplace Policy. Contractor acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1989, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on City premises. Contractor agrees that any violation of this prohibition by Contractor, its employees, agents, or assigns will be deemed a material breach of this Contract.

32. Compliance with Americans with Disabilities Act. Contractor acknowledges that, pursuant to the Americans with Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Contractor shall provide the services specified in this Contract in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Contract and further agrees that any violation of this prohibition on the part of Contractor, its employees, agents or assigns will constitute a material breach of this Contract.

33. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Contract, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

34. Bid Protests. Bid protests for purchases of Commodities shall be submitted and responded to in accordance with Rules and Regulations 21.3(i) pertaining to the San Francisco Administrative Code, Chapter 21.

BID AND CONTRACT CONDITIONS

35. Food Service Waste Reduction Requirements. Effective June 1, 2007, Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of one hundred dollars ($100) liquidated damages for the first breach, two hundred dollars ($200) liquidated damages for the second breach in the same year, and five hundred dollars ($500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.

END OF BID AND CONTRACT CONDITIONS

A W A R D
Hardware Supplies
For the Term August 15, 2017 through July 14, 2020

GENERAL CONDITIONS

These terms and conditions supplement the City's Bid and Contract Conditions. In the event of a conflict between these conditions and the preceding Bid and Contract Conditions, these conditions take precedence.

36. Contract Term. The contract period shall be for thirty-six (36) months. The term of this contract is the period from award execution date, approximately July 01, 2017, or the above stated term date whichever is later, through the last day of the month of a thirty-six consecutive month period.

37. Contract Extension. This contract may be extended, all or in part, for a period or periods up to five (5) or more years by mutual agreement in writing. The maximum contract period shall not be more than eight (8) years.

38. Toll-Free Telephone Number. A contractor located outside of San Francisco is encouraged to provide free telephone services for placing orders. This requirement can be met by providing a toll-free telephone number or accepting collect calls. The free service will be a consideration in evaluating this bid.

39. Cooperative Agreement- Contractor agrees _____ or does not agree _____ (make a selection by an "X" mark) that during the term of this agreement and any authorized extension, the Director of Purchasing may allow other public agencies or non-profits made up of multiple public agencies to utilize this agreement to obtain some or all of the services and/or commodities to be provided by Contractor under the same terms and conditions as the City, pursuant to a Board of Supervisor Resolution.

41. LBE Ordinance- To qualify for a bid discount under the provisions of Administrative Code Chapter 14B, an LBE must be certified by the Contracts Monitoring Division (formerly 'Human Rights Commission') by the Bid Due date. The certification application is available from CMD (415) 581-2310, and on the web. CMD's home page is:

http://sfgsa.org/index.aspx?page=6130

Click on the "LBE Certification" tab.

42. Claim for Preference -To claim preference under the LBE Ordinance, see Bid Questionnaire attached.

If Bidder is claiming LBE preference as a supplier, it must comply with Administrative Code Chapter 14B Rules and Regulations VI D - Criteria for Suppliers (2):

"*2) A supplier must have a direct relationship with manufacturers for the materials, equipment, and supplies for which they seek certification, demonstrating that:*

GENERAL CONDITIONS

a) The supplier has an agreement with the manufacturer authorizing the supplier to distribute their products.

b) The supplier is able to provide a manufacturer's warranty."

To comply, at the time of the bid, bidders must include proof of the required relationships as an authorized dealer. Failure to provide adequate proof may result in a nonresponsive determination.

43. LBE bid discount; brokerage services –

Pursuant to Section 14B.7 of the Administrative Code, a bid discount will only be awarded to an LBE directly responsible for providing materials, equipment, supplies or services to the City as required by the Bid solicitation. An LBE will be deemed to be directly responsible for providing the required commodity or service only if it regularly does business as a manufacturer, or authorized manufacturer's representative, dealer or distributor, stocking distributor, franchisee, licensee, service provider, or has another direct agency relationship with the manufacturer or provider of the solicited commodity or service, and has been so certified by the Contracts Monitoring Division. An LBE will be considered to be "regularly doing business", as that term is used in the foregoing paragraph, if in the normal course of business, it stocks, warehouses or distributes commodities to businesses or entities other than public entities having a local business preference program. Such a determination will be subject to audit by CMD. No preference will be given to an LBE engaging in brokerage, referral or temporary employment services not meeting this definition, unless those services are required and specifically requested by the department.

44. LBE Subcontracting

A. Subcontracting to LBEs. Bidder is encouraged to make good faith efforts to award subcontracts to City and County of San Francisco-certified LBEs. This can be achieved through subcontracting, sub-consulting or supply opportunities. With the bid, the bidder is encouraged to provide a description of the type of good faith efforts the bidder estimates it may make under the contract.

B. Examples of Good Faith Efforts. "Good Faith Efforts" include but are not limited to the following:

(1) Identifying and selecting specific products or services which can be subcontracted to certified LBEs.

(2) Providing written notice to potential LBE subcontractors that Bidder will be bidding on this Contract and will be seeking subcontractors.

(3) Advertising in one or more daily or weekly newspapers, trade association publications, trade oriented publications, trade journals, or other media specified by the City, for LBEs that are interested in participating in the project.

GENERAL CONDITIONS

(4) Following up on initial notices the Contractor sent to LBEs by contacting the LBEs to determine whether they were interested in performing specific parts of the project.

(5) Providing interested LBEs with information about the scope of work.

(6) Negotiating in good faith with the LBEs, and not unjustifiably rejecting as unsatisfactory proposals prepared by any LBEs, as determined by the City.

(7) Where applicable, advising and making efforts to assist interested LBEs in obtaining insurance required by the City and the prime contractor.

(8) Making efforts to obtain LBE participation that the City could reasonably expect would produce a level of participation sufficient to meet the City's goals and requirements.

C. Examples of Subcontracting. The following are examples of products which could be subcontracted under this Contract. The list is not intended to be exhaustive:

(1) the products or services which the vendor in turn sells to the City, or components of those products; (see Page 1 of the bid sheet);

(2) packing containers and materials used to ship the City's order;

(3) services of the carrier who delivers the City's orders;

(4) Pro rata share of LBE spending which is part of the vendor's general and administrative expenses, if the vendor can show that the pro rata share can be reasonably allocated to this contract.

D. Reports. On a quarterly (January 1 – March 31, April 1 – June 30, July 1 – September 30, October 1 – December 31) basis, the Contractor will provide Purchasing with reports on LBE subcontracting under this Contract. The report must include a narrative description of the good faith efforts, if any, the Contractor has made during the quarter to provide subcontracting opportunities to LBEs and to meet the percentage goal.

E. CMD Data on LBEs. Contractor will obtain from CMD a copy of CMD's database of LBEs, and this or other information from CMD, shall be the basis for determining whether a LBE is confirmed with CMD. Contractor will obtain an updated copy of CMD's database at least **quarterly**. Please call CMD at (415) 581-2310.

45. Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has

been resolved, whichever is later. The State of California or any federal agency having an interest in the subject matter of this Agreement shall have the same rights conferred upon City by this Section.

46. Conflict of Interest. Through its execution of this Contract, Contractor acknowledges that it is familiar with the provision of Section 15.103 of the City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California, and certifies that it does not know of any facts which constitutes a violation of said provisions and agrees that it will immediately notify the City if it becomes aware of any such fact during the term of this Contract.

47. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall in any way affect the right of the party to enforce such provisions thereafter.

48. Contractor's Default. If Contractor fails to fulfill its obligations under this contract proposal, whether or not said obligations are specified in this section, Purchasing reserves the right to: (a) terminate this contract at no cost to the City; (b) take action in accordance with Sections 17 and 19, or (c) exercise any other legal or equitable remedy.

49. Bankruptcy. In the event that either party shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of rights of creditors, then at the option of the other party this contract shall terminate and be of no further force and effect, and any property or rights of such other party, tangible or intangible, shall forthwith be returned to it.

50. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights which City may have under applicable law.

51. Reports by Contractor

Multi-year Term Contracts

Every quarter the Contractor shall submit a soft copy report of the total items ordered, by month, under this contract during the preceding three (3) month period. A final cumulative yearend report will required by January 15 of each year, for the previous year. Note: It is highly recommended that the Contractor retains all reports cumulatively to ensure that the yearly reports are readily available without the Contractors needing to generate another completely new yearly version.

The reports are due no later than fifteen (15) days after that quarter has ended. The report must be in a format acceptable to City system and staff (See Attachment B, the acceptable format), must list by

GENERAL CONDITIONS

department or location, the following: (1) All information requested in Attachment B (2) all items awarded under this contract; and (3) total quantity and dollar value of each item ordered, including items for which there were no orders. In the report the Contractor must highlight the total of all items ordered by City which are not part of this Contract. Usage reports may be required prior to the extension of a Contract or Contract Modification.

Contractor shall email all reports to:
OCAVendor.Reports@sfgov.org

Any report files larger than City email limits must be submitted in electronic format on CD-ROM or USB drive and mailed to the address shown below with the term contract number and "Annual Vendor Reporting" clearly marked on the envelope/packaging.

Contractor shall mail the reports to:

City and County of San Francisco
Office of Contract Administration – Purchasing
City Hall, Room 430
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4685

52. Notice to Parties. All notices to be given by the parties hereto shall be in writing, and served by depositing same in the United States Post Office, postage paid and registered as follows:

Director of Purchasing
City and County of San Francisco
Office of Contract Administration
Purchasing Division
City Hall, Room 430
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4685

53. Subcontracting. Contractor is prohibited from subcontracting the direct supply of commodities under this contract unless such subcontracting is agreed to in writing by Purchasing. No party on the basis of this contract shall in any way contract on behalf of or in the name of the other party of this contract, and violation of this provision shall confer no rights on any party and any action taken shall be void.

54. Independent Contractor. Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Contract. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans,

arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Contract shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Contract referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Contract.

55. Severability. Should the application of any provision of this Contract to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Contract shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

56. Emergency - Priority 1 Service. In case of an emergency that affects any part of the San Francisco Bay Area, Contractor will give the City and County of San Francisco Priority 1 service. Contractor will make every good faith effort in attempting to deliver products using all modes of transportation available. Contractor shall provide a 24-hour emergency telephone number of a company representative who is able to receive and process orders for immediate delivery or will call in the event of an emergency. In addition, the Contractor shall charge fair and competitive prices for items and services ordered during an emergency and not covered under the awarded contract.

57. Not used

58. Term Bid – Quantities. This is a term, indefinite quantities contract. Unless otherwise specified herein, deliveries will be required in quantities and at times as ordered during the period of the contract. Estimated quantities are approximate only. City, in its sole discretion, may purchase any greater or lesser quantity. Purchasing may make minor purchases of items requested in City's advertisement for bids or contractor's bid from other vendors when Purchasing determines, in its sole discretion, that the City has an immediate need for such items or that it is not practical to purchase against this contract.

59. First Source Hiring Program

A. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited

GENERAL CONDITIONS

to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

B. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

(1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs may be certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

(2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

(3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

(4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting

GENERAL CONDITIONS

compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be non-duplicative, and facilitate a coordinated flow of information and referrals.

(5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

(6) Set the term of the requirements.
(7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

(8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

(9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

C. Hiring Decisions. Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

D. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

E. Liquidated Damages. Contractor agrees:

(1) To be liable to the City for liquidated damages as provided in this section;

(2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;

(3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantify; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to $5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the

GENERAL CONDITIONS

City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.

(4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to $10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

(5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

a. The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of $348 per month, totaling approximately $14,379; and

b. In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year; therefore, liquidated damages that total $5,000 for first violations and $10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

(6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of $5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

F. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

60. Consideration of Criminal History in Hiring and Employment Decisions

A. Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12T "City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code (Chapter 12T), including the remedies provided, and

GENERAL CONDITIONS

implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the Chapter 12T is available on the web at http://sfgov.org/olse/fco. A partial listing of some of Contractor's obligations under Chapter 12T is set forth in this Section. Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

B. The requirements of Chapter 12T shall only apply to a Contractor's or Subcontractor's operations to the extent those operations are in furtherance of the performance of this Agreement, and shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement.

C. Contractor shall incorporate by reference in all subcontracts the provisions of Chapter 12T, and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

D. Contractor or Subcontractor shall not inquire about, require disclosure of, or if such information is received base an Adverse Action on an applicant's or potential applicant for employment, or employee's: (1) Arrest not leading to a Conviction, unless the Arrest is undergoing an active pending criminal investigation or trial that has not yet been resolved; (2) participation in or completion of a diversion or a deferral of judgment program; (3) a Conviction that has been judicially dismissed, expunged, voided, invalidated, or otherwise rendered inoperative; (4) a Conviction or any other adjudication in the juvenile justice system; (5) a Conviction that is more than seven years old, from the date of sentencing; or (6) information pertaining to an offense other than a felony or misdemeanor, such as an infraction.

E. Contractor or Subcontractor shall not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any conviction history, unresolved arrest, or any matter identified in subsection 60(d), above. Contractor or Subcontractor shall not require such disclosure or make such inquiry until either after the first live interview with the person, or after a conditional offer of employment.

F. Contractor or Subcontractor shall state in all solicitations or advertisements for employees that are reasonably likely to reach persons who are reasonably likely to seek employment to be performed under this Agreement, that the Contractor or Subcontractor will consider for employment qualified applicants with criminal histories in a manner consistent with the requirements of Chapter 12T.

G. Contractor and Subcontractors shall post the notice prepared by the Office of Labor Standards Enforcement (OLSE), available on OLSE's website, in a conspicuous place at every workplace, job site, or other location under the Contractor or Subcontractor's control at which work is being done or will be done in furtherance of the performance of this Agreement. The notice shall be posted in English, Spanish, Chinese, and any language spoken by at least 5% of the employees at the workplace, job site, or other location at which it is posted.

GENERAL CONDITIONS

H. Contractor understands and agrees that if it fails to comply with the requirements of Chapter 12T, the City shall have the right to pursue any rights or remedies available under Chapter 12T, including but not limited to, a penalty of $50 for a second violation and $100 for a subsequent violation for each employee, applicant or other person as to whom a violation occurred or continued, termination or suspension in whole or in part of this Agreement.

61. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or a board on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of $50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126.

62. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this contract. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this contract, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

63. Preservative-Treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and

GENERAL CONDITIONS

adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

64. City's New Financial System Requirement. This is a notice to Contractors and Vendors of the impending new electronic financial system that will affect the way you do business with the City. The City of San Francisco is embarking on a new Financial System in July 2017 that would change the procurement to a pay process. Currently, the city is still configuring the Vendor portion of the financial system, therefore we are unable to provide the needed requirement instructions. The City will provide all Contractors the system requirements as soon as they are made available. Contractor will be expected to abide by the new financial requirements.

65. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contactor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

66. Sugar-Sweetened Beverage Prohibition. Contractor agrees that it will not sell, provide, or otherwise distribute Sugar-Sweetened Beverages, as defined by San Francisco Administrative Code Chapter 101, as part of its performance of this Agreement.

67. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.

SPECIAL CONDITIONS

5. Contractor's warehouse facility shall comply with Title III of the Americans with Disabilities Act Regulations (including Title 3 Accessibility Guidelines), and Title 24, State of California Building Code (California Accessibility Regulations) regarding handicapped persons' accessibility.

6. The City may require Contractor to provide within seven (7) working business days from the date they are requested to do so, information and documentation requested by Purchaser, including but not limited to: sources of supply, distribution, dealership or agency agreements and authorizations from manufacturer's they claim to represent, lines of credit with financial institutions from manufacturer's they claim to represent, lines of credit with financial institutions and suppliers, numbers of employees, trade references and any other information to determine the Contractor's fitness to supply the contract requirements.

7. The City reserves the right to reject any bid on which information submitted by Bidder fails to satisfy the City and/or Bidder is unable to supply information and documentation within the period of time requested.

8. The City reserves the right to inspect Contractor's place of business, including Contractor's existing stock prior to award or during the contract term, to aid Purchaser in determining Contractor's ability to satisfy the terms and conditions of the contract.

9. Contractor must maintain normal business hours of at least eight hours between 6:00 A.M. to 5:00 P.M., Monday through Friday throughout the term of the contract, and be open at all times during that period.

10. Contractor must be capable of producing usage reports required under General Condition No. 51 of this contract.

72. Delivery. Contractor's should have the capability to deliver all in stocked products to the ordering departments within one (1) to five (5) days from the date the purchase order is received. When required by the ordering department(s) some deliveries requested may be delivered within twenty-four (24) hours. It will be the Contractors responsibility to advise the City department(s) if the required products are not available within that twenty-four (24) hour time frame, why they are not available in that time frame, and when that item(s) will be available for delivery.

73. Price. Bid catalog discounts offered must be firm for the term from award date, and through any and all extensions of the Contract. Only the catalog discount offered that appear on City Contract Proposal Bid Sheets will be considered. **The bidders are required to also send in an electronic Bid Sheet on an USB Stick, (see excel bid sheet).** No other pages with prices or attached price list, catalog prices, will be considered. If there is a discrepancy between the paper and electronic copies of the bid prices the paper copy will prevail. The catalog discounted prices must inclusive all costs to the City and be exclusive of any Federal, State or local taxes.

74. Price adjustment

A W A R D
Hardware Supplies
For the Term August 15, 2017 through July 14, 2020

SPECIAL CONDITIONS

A. Catalog prices may be increased or decreased commencing on or after the end of the first twelve (12) month contract period and each twelve (12) month period thereafter during the contract term and for any subsequent extensions upon written approval by the Purchaser. **The discount percent offered will remain firm for the term of the Contract any extensions of the contract.**

B. Requests for price increases must be made in writing at least 30 days prior to the anniversary date of the contract. Requests made after that time will not be considered.

C. A new updated, dated paper and excel copy of the catalog must be sent in at the time of any price adjustment requests.

75. Bid Evaluation. Except as otherwise noted on Bid Sheets, bid catalog discounts will be evaluated for each Category, including any applicable discounts. (See 75. A.) below for applicable discounts information). The City will then use a ranking system which will be based on the number of bids received. The highest percent off of a category will receive one (1) point, the next highest will receive two (2) points, and the ranking will continue based on the number of bids. In the event of a tie within a category the same ranking number will be assigned to each bidder for that category. The total of those points will be added to obtain the lowest score. Purchasing will attempt to evaluate this ("bid package" or "contract proposal" package) within thirty (30) days after receipt of bids(s). If Purchasing requires additional evaluation time, all bidders will be notified in writing of the new expected award date".

A. The three (3) possible bid preferences will be evaluated by multiplying the percent of the preference by the bid discount offered and then adding that number to the percent discount offered. Example: A discount offer of 20%, when evaluated with a .0125% tax preference, would evaluate at .20% X 1.0125 for a total evaluation percent off of .2025%. The LBE preference of 10% would be .20% X 1.10 and would evaluate at .22%. The cash discount percent would be done the same way as the examples, using the discount offered up to the 2% allowed.

B. The 10% LBE discount will be applied by category as listed on the Bid Sheet. The discount LBE will not apply to the entire bid, only those categories the bidder has been certified for by the Bid Due Date will be considered. The City will make final the decision on which categories a particular bidder will receive the evaluation preference.

76. Adjustment of Bid Price for Sales Tax. In accordance with Administrative Code Chapter 21.32, for bid purposes, Purchasing will reduce your bid based on any sales tax revenue the City would receive from this purchase.

77. Award. Award will be made to the highest percent off of the catalog pricing after the evaluation is ranked as stated in Condition 75, most responsive and responsible bidder in the aggregate as noted on the bid sheets. **Bidders must bid on all categories to be responsive to this bid opportunity**. The City at its discretion may issuing multiple awards, up to three (3). If multiple awards are made the City may not wish to award a contract to two parties bidding on the same catalog. When determining the award, Purchasing will take into consideration, but will not be limited to:

SPECIAL CONDITIONS

- Price (evaluated)
- Satisfactory review of bidders' qualifications.
- Any other factors deemed pertinent

78. Awarded Items. If during the term of the contract, a contract item is determined to be unacceptable for a particular use, and such is documented by a City Department and as determined by Purchasing, it is understood and agreed that the item will be canceled and removed from the contract without penalty to the City. The City's sole obligation to the vendor is payment of deliveries made prior to the cancellation date. City shall give the vendor ten days' notice prior to any cancellation. The City will purchase the required replacement item from any source and in the manner as determined by Purchasing. If a contracted item has been discontinued by the manufacturer or is deemed temporarily unavailable, it will be the responsibility of the Contractor to search the marketplace and find an acceptable equal substitute in the time required for delivery and at the contract price. Contractor must notify Purchasing by certified mail, 30 days in advance of any changes in the description of article, brand, product code or packaging. Any changes made without the approval of Purchasing will constitute default and result in the City invoking General Condition No. 19.

79. Ordering. Items to be furnished under this contract shall be ordered through a release from the appropriate Citywide Blanket Purchase Order by City departments during the effective period of the contract. All invoices for payments shall show the Citywide Blanket Purchase Order number, complete description of item, quantity and contract price.

80. Payment. The City agrees to pay for all products in accordance with the prices quoted in the successful bid and subject to any applicable discount provisions contained in said bid. Payments shall be made by the City to Contractor in arrears, for **completed orders**, throughout the term of the contract. Invoices submitted by the Contractor must be in a form acceptable to Purchasing and Controller. All amounts paid by the City to the Contractor shall be subject to the audit by the City. **Invoices should include, catalog name, date, list price, awarded discount offered and the net price being billed to the customer / end user department.**

81. Additional Items. If, in the satisfaction of governmental interests it is necessary to purchase additional items from Contractor, additional items may be added to this contract by mutual agreement of the parties. The aggregated cost of all additional items added to the contract, during the contract term, shall not exceed twenty percent (20%) of the total estimated value (cost) of the original contract. All requests to add additional items to the contract must be submitted by City Departments in writing to the Purchasing Division. All requests must include complete specifications, estimated quantities for the remainder of the contract period and a price quotation provided by the contractor, for each service. All additional items or services added to the contract shall be approved through issuance of a contract modification. In the event the aggregated cost of the contract increases by more than 20% of the total estimated value of the original contract, or the increase totals more than $50,000, the amount over 20% or $50,000, shall be bid in accordance with Standard Purchasing Procedures. The resulting bid award shall be added to the contract through a contract modification (same Contractor) or the issuance of a new contract (new Contractor) and include Contractor's name and information, complete service description, delivery information and pricing information.

SPECIAL CONDITIONS

SPECIAL CONDITIONS

Director, Office of Contract Administration
Purchasing Division
City and County of San Francisco
City Hall, Room 430
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4685

D. Contractor hereby agrees to waive Workers' Compensation subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

E. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

F. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

G. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

H. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

I. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

J. If a subcontractor will be used to complete any portion of this agreement, the Contractor shall ensure that the subcontractor shall provide all necessary insurance and shall name the City and County of San Francisco, its officers, agents and employees and the Contractor listed as additional insured.

Bid and Contract Condition 17, Failure to Deliver, is deleted and hereby replaced in its entirety:

17. Failure to Deliver. If Contractor fails to deliver an article and/or service of the quality, in the manner or within the time called for by this contract, such article and/or service may be bought from any source by Purchasing and if a greater price than the contract price be paid, the excess price will be charged to and collected from Contractor or sureties on its bond if bond has been required.

Bid and Contract Condition 24, Nondiscrimination; Penalties, Section B. Subcontracts, is deleted and hereby replaced in its entirety:

B. Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement. The entire San Francisco Administrative Code is available on the web at a site maintained by American Legal Publishing Corporation.

Bid and Contract Condition 26, MacBride Principles – Northern Ireland, is deleted and hereby replaced in its entirety:

26. MacBride Principles – Northern Ireland. Pursuant to San Francisco Administrative Code § 12F.5, the City and County of San Francisco urges companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. The City and County of San Francisco urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

Bid and Contract Condition 29, Submitting False Claims; Monetary Penalties, is deleted and hereby replaced in its entirety:

29. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at a site maintained by American Legal Publishing Corporation. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

General Condition 40, Not used, is deleted and hereby added in its entirety:

40. Withholding. Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

General Condition 51, Reports by Contractor, is deleted and hereby replaced in its entirety:

51. Reports by Contractor. Each year, no later than February 15; Contractor shall submit a soft copy report of the total items ordered, by month, under this contract during the preceding calendar year (January 1 – December 31). The report must be in a format acceptable to City and must list by department or location the following: (1) all items awarded under this contract; and (2) total quantity and dollar value of each item ordered, including items for which there were no orders. Contractor must also furnish a separate similar report for the total of all items ordered by City which are not part of this Contract, and any usage reports required prior to the extension of a Contract or Contract Modification. Emailed reports must not be larger than 10MB.

Contractor shall email reports to:

OCAVendor.Reports@sfgov.org

Any report files larger than **10MB** must be submitted in electronic format on USB drive and mailed to the address shown below with the term contract number and "Annual Supplier Reporting" clearly marked on the envelope/packaging.

Contractor shall mail the reports to:

General Condition 57, Not used, is deleted and hereby added in its entirety:

57. Contractors Unable to do Business with the City

A. Generally. Contractors that do not comply with laws set forth in San Francisco's Municipal Codes may be unable to enter into a contract with the City. Some of the laws are included in this Contract Proposal, or in the sample terms and conditions attached.

B. Companies Headquartered in Certain States. This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits the City from entering into contracts with companies headquartered in states with laws that perpetuate discrimination against LGBT populations or where any or all of the work on the contract will be performed in any of those states. Bidders are hereby advised that Bidders which haver their United States headquarters in a state on the Covered State List, as that term is defined in Administrative Code Section 12X.3, or where any or all of the work on the contract will be performed in a state on the Covered State List may not enter into contracts with the City. A list of states on the Covered State List is available at the website of the City Administrator.

General Condition 61, Limitations on Contributions, is deleted and hereby replaced in its entirety:

61. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges its obligations under Section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with, or is seeking a contract with, any department of the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, for a grant, loan or loan guarantee, or for a development agreement, from making any campaign contribution to (a) a City elected official if the contract must be approved by that official, a board on which that official serves, or the board of a state agency on which an appointee of that official serves, (b) a candidate for that City elective office , or (c) a committee controlled by such elected official, or a candidate for that office, at any time from the submission of a proposal for the contract until the later of either the termination of negotiations for such contract or twelve months after the date the City approves the contract. The prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 10% in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Contractor certifies that it has informed each such person of the limitation on contributions imposed by Section 1.126 by the time it submitted a proposal for the contract, and has provided the names of the persons required to be informed to the City department with whom it is contracting

SUBJECT: **Resolution to approve amendment to Term Contract 89400 – Citywide Hardware Supplies with Professional Contractor Supply (PCS)**

Enclosed is the resolution authorizing an amendment to Term Contract #89400 with Professional Contractor Supply (PCS) increasing the contract amount by $4 million for a total not-to-exceed (NTE) amount of $11.5 million.

The Office of Contract Administration (OCA) conducted a solicitation for a Citywide as-needed "term" contract for the purchase of hardware supplies in 2017, and Professional Contractor Supply (PCS) was one (1) of the two (2) awarded suppliers for the agreement, with an initial contract NTE amount of $3 million and duration of three years, from August 15, 2017 to July 14, 2020. Due to heavy utilization by City departments, the contract was subsequently amended four times. The current contract is at $7.5 million, ending on July 14, 2025.

The Professional Contractor Supply (PCS) contract offers a wide variety of hardware supplies at significant cost savings to City Departments by providing catalogue discounts off the company's extensive inventory. Discounts are offered by manufacturer/brand.

The Office of Contract Administration (OCA) conducted a usage analysis to determine the proposed NTE amount of $11.5 million. The annual spend on this contract is approximately $1.5 million, with expenditures increasing substantially during the COVID emergency. Due to recent heavy usage, the contract is expected to be depleted within the next five (5) months.

This contract is critical for satisfying City departments' needs for essential hardware supplies. Approval of this resolution will allow City departments to continue procuring these goods in a streamlined and cost-efficient manner.

Item 2 File 22-0544	Department: Municipal Transportation Agency (MTA)

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution would approve a new contract for parking meter coin and parking data collection services between SFMTA and LAZ Parking California, LLC for a term of five years, from approximately August 2022 through July 2027, with an option to extend for up to five additional years through July 2032, and an amount not to exceed $50,798,833.

Key Points

- Under the proposed contract, LAZ would continue to provide coin collection at all parking meters and information technology and equipment related to coin collection. The contract also adds data collection services to improve the accuracy of demand-responsive parking pricing and optional analysis of the agency's curb management policies.

Fiscal Impact

- Excluding the contingency amount and optional data services, annual costs for the initial term are $4.7 million, which exceeds FY 2020-21 actual spending of $4.2 million by 13.5 percent. Cost increases are due to: (a) an addition of an equipment budget to replace the existing vehicle collection fleet; (b) the addition of new data collection staffing to perform parking studies, and (c) increases in labor rates under the collective bargaining agreement. Coin collection and processing staff remains the same in the proposed contract.
- Not including the costs of administrative support staff, new data collection services would be $1.3 million over the initial term ($261,000 annually) and $1.4 million over the extension term for a total of $2.7 million. Optional data services over the total ten-year term would be $500,000.
- The projected meter coin revenues over the ten-year total contract term are approximately $51.5 million. After subtracting $50.8 million in contract costs, the net revenue to the City would be approximately $0.7 million.
- Total net meter revenues for the next ten years, which include coins and credit card payments ($621.8 million), meter replacement meter maintenance costs previously approved by the Board of Supervisors (File 21-0714, $123.4 million), and the proposed contract's costs ($50.8 million) are approximately $447.6 million. Net revenues support on-street parking programs and public transit.

Recommendation

- Approve the proposed resolution.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of $10 million or more, or (3) requires a modification of more than $500,000 is subject to Board of Supervisors approval.

BACKGROUND

The San Francisco Municipal Transportation Agency (SFMTA) Parking Meter Program manages 26,000 metered spaces between on-street parking and parking lots for SFMTA and the Port of San Francisco (Port). The SFMTA uses demand-responsive pricing to adjust metered parking rates to reduce congestion and allow drivers to find parking more quickly. According to a memo from the SFMTA to the Board of Supervisors dated April 28, 2022, the SFMTA currently collects approximately $6.2 million in annual parking meter coin revenues and has collected approximately $180 million since 2012. Parking meter coin revenues support on-street parking programs and public transit. Although parking meter coin revenues have declined over time, providing the option to purchase parking time by coins allows people who do not have a credit card or phone to pay for parking and serves SFMTA's goal to provide equitable transportation services.

Since 1978, the SFMTA has contracted with outside vendors to provide for the collection and counting of parking meter revenues and related support services. In 2012, the Board of Supervisors approved a contract between the SFMTA and Serco, Inc. for parking meter coin collections, counting, and support services for an amount not to exceed $46.4 million. In 2021, the contract was assigned to LAZ Parking California, LLC (LAZ Parking) after LAZ Parking acquired Serco's coin collection division. The contract will expire on July 31, 2022.

In 2021, SFMTA issued a Request for Proposals (RFP) for coin and data collection services and associated support. LAZ Parking was the only company that submitted a proposal. According to the SFMTA, the SFMTA conducted outreach to the parking industry prior to issuing the RFP and identified four potentially qualified vendors and determined that further outreach and re-advertising the RFP would not result in additional proposals from vendors. SFMTA contract procurement and compliance staff determined that LAZ Parking met minimum qualifications and that the proposal was responsive and authorized SFMTA staff to negotiate a contract with LAZ Parking.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve a new contract for parking meter coin and parking data collection services between SFMTA and LAZ Parking California, LLC for a term of five years, from approximately August 2022 through July 2027, with an option to extend for up to five additional years through July 2032, and an amount not to exceed $50,798,833.

Under the proposed contract, LAZ Parking would provide:

- **Coin collection services** for single and multi-space meters;
- **Data collection services (new)**, including data and reporting related to meter condition, occupancy, inventory, parklets, construction sites, signage, and curb regulations (discussed in further detail below);
- **Coin delivery services** from parking meters to a SFMTA counting facility;
- **Support services**, including IT support for coin and data collection parking systems, revenue reconciliation, product support for meter electronic lock software and parking meter repair maintenance application, revenue reconciliation, and other services; and
- **Procurement services**, including procurement of parking meter cards and provision of parking meter support equipment to replace existing equipment that is nearly 10-years old and reaching the end of its useful life according to the April 2022 SFMTA memo. According to Appendix A of the proposed contract, the parking meter support equipment may include coin vaults, coin collection equipment, vehicle equipment and customization, meter equipment and other necessary equipment for coin collection and parking meter management.

New Data Collection Services

The proposed new contract includes new data collection services as well as optional data collection services that are not included in the existing contract. According to the April 2022 SFMTA memo, a new data collection crew will allow for an update to the underlying data used to support occupancy calculations and price changes for demand-responsive parking pricing. According to SFMTA Principal Administrative Analyst Alexiy Sukhenko, demand-responsive parking pricing is based on the block payment rate (i.e., a ratio of all paid time divided by all available parking time) and a computed value of all parked vehicles (paid and unpaid) compared to parked and paid vehicles (i.e., Sensor Independent Rate Adjustment (SIRA) coefficient). The block payment rate is updated throughout the year, but the SIRA coefficients are 10 years old and are based on the SFPark Pilot Program that ended in 2012 resulting in inaccurate estimates of Citywide parking utilization.

In addition, according to the SFMTA, the new data collection crew will enable the collection of more parking data to support strategic policy decisions, such as meter rates and time limits, new metered areas pricing etc., respond to requests for information from elected officials and the public, and support the City's new virtual permitting and pay-by-license plate technology. According to SFMTA Principal Administrative Analyst Sukhenko, new data collection support will conduct block level surveys either by visual observation or by automated license place recognition technology to facilitate collection of residential parking permits and pay-by-license plate parking census.

The proposed new contract also includes optional data collection services that may be used for researching or conducting analysis for anything beyond current business processes related to

SFMTA curb management according to SFMTA Principal Administrative Analyst Sukhenko. For example, the SFMTA may use these services in cases of:

- new residential parking permits or metered areas of research and development;
- adjustments to residential parking permit zones (such as establishing new zones);
- new curb management policy research (such as establishing a pay or permit zone where residents can park for free, but visitors pay a metered rate);
- metered time limit studies (such as research on average time of stay in different parking areas to determine appropriate parking time limits);
- and other areas of research beyond existing business processes related to curb management.

FISCAL IMPACT

The not-to-exceed amount of the proposed contract is $50,798,833 over the total ten-year term, which would be funded by the SFMTA's Operating Budget. The sources and uses of funds are shown in Exhibit 1 below.

Notes: Program Management Staff are non-collective bargaining agreement (CBA) labor includes 7.0 full-time equivalent administrative positions, including: program manager, coin and data collections manager, analyst, office manager, and three supervisors. Coin collection staff (20 FTE) are collective bargaining agreement (CBA) labor hourly rates are set by the CBA between LAZ Parking California, LLC and Teamsters Local 665. The proposed contract

budgeted amount is based on average spending from a six-month period in FY 2021-22 with a 15% increase to adjust for new data collection.

Increase in Annual Spending

Excluding the contingency amount and optional data services, annual costs for the initial term are $4.7 million, which exceeds FY 2020-21 actual spending of $4.2 million by 13.5 percent. The total ten-year cost of the new agreement is $50.8 million or 9.5 percent higher than the $46.4 million existing ten-year agreement.

Cost increases are due to: (a) an addition of an equipment budget to replace the existing vehicle collection fleet (as discussed above); (b) the addition of new data collection staffing (as discussed above) to perform parking studies, such as occupancy, utilization, and parking census and program management staff, and (c) increases in labor rates under the collective bargaining agreement, which escalate by 3 percent per year during the agreement. Coin collection and processing staff remains the same in the proposed contract.

In addition, fixed costs are decreasing. Management Fees consist of $1.46 million per year for coin collection, data collection, and support services, which is approximately $44,000 lower than the current agreement.[1] And software maintenance is decreasing from $78,605 to $60,000 per year.

Data Collection and Optional Services

Not including the costs of administrative support staff, new data collection services would be $1.3 million over the initial term ($261,000 annually) and $1.4 million over the extension term for a total of $2.7 million. Optional data services over the total ten-year term would be $500,000.

Revenues

According to SFMTA Principal Administrative Analyst Sukhenko, the projected meter coin revenues over the ten-year total contract term are approximately $51.5 million. After subtracting $50.8 million in contract costs, the net revenue to the City would be approximately $0.7 million.

Total net meter revenues for the next ten years, which include coins and credit card payments ($621.8 million), meter replacement meter maintenance costs previously approved by the Board of Supervisors (File 21-0714, $123.4 million), and the proposed contract's costs ($50.8 million) are approximately $447.6 million. Net revenues support on-street parking programs and public transit.

[1] The existing agreement's annual management fee is $1.5 million and covers program management staff and non-personnel overhead. The proposed management fee is $1.46 and only cover non-personnel overhead. Program management staff are budgeted separately in the proposed agreement at an annual cost of $0.97 million and coin collection and processing staff have an annual cost of $2 million. Program management and coin collection/processing staff may decrease in future years if coin payments decrease.

RECOMMENDATION

Approve the proposed resolution.

Item 3 File 22-0600	Department: Office of Contract Administration

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution would approve the contract for biosolids production and management services between Lystek International Limited and the City for a term of five years (from July 2022 through June 2027) and initial amount of $16.4 million, with one two-year option to extend through June 2029 for an additional $6.4 million, for a total possible contract duration of seven years and not to exceed amount of $22.8 million.

Key Points

- The City's two wastewater facilities, the Southeast Wastewater Treatment Plant and the Oceanside Wastewater Treatment Plant, produce approximately 60,000 wet tons of "Class B" biosolids per year. These biosolids can be used as a fertilizer to improve soil quality. The proposed contract entails the management and conversion of biosolids. SFPUC has increased conversion of biosolids due a change in state law that effectively eliminates sending biosolids to landfills.
- Since the current contract with Lystek expired and could not be extended, OCA released a new solicitation for the same types of biosolids production and management services in March 2022. Lystek International was the only contractor to submit a bid and will continue to provide the same type of biosolids processing services except with the addition of the SynaGro Central Valley Compost site, which was not a part of the previous contract.

Fiscal Impact

- Estimated costs under the proposed contract are approximately $15.1 million for the first five years of the contract (July 2022 through June 2027), and approximately $22 million if the Department exercises the two-year extension option through June 2029. The not to exceed amount includes a 3.7 percent contingency to account for higher than budgeted inflation. Costs will be paid for by SFPUC Wastewater Enterprise funds.
- Under the proposed contract, processing costs have increased approximately 55 percent (from an average of $72 to approximately $112) due to higher chemical and transportation costs. If operating costs do decrease significantly, as indicated by the regional consumer price index, the Department will consider rebidding the contract after 5 years.

Recommendations

- Amend the proposed resolution to correctly state the not-to-exceed amount of 22,800,000 instead of 22,400,000.
- Approve the proposed resolution.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of $10 million or more, or (3) requires a modification of more than $500,000 is subject to Board of Supervisors approval.

BACKGROUND

Treatment of Wastewater in San Francisco

The City's two wastewater facilities, the Southeast Wastewater Treatment Plant and the Oceanside Wastewater Treatment Plant, produce approximately 60,000 wet tons of "Class B" biosolids per year. These biosolids are used as a fertilizer to improve soil quality. The proposed contract entails the management and conversion of the City's biosolids from "Class B" to "Class A" biosolids. "Class B" biosolids is a designation for treated sewage solids that meets EPA guidelines for use as fertilizer and has undergone treatment to reduce (but not eliminate) pathogens. Class A biosolid products, such as liquid fertilizer or compost, have undergone pathogen elimination and are suitable for sale to a variety of horticultural or agricultural markets. Since 2017, Lystek International, a Canadian waste treatment technology company, has been responsible for the management and conversion of Class B biosolids into Class A. A different contractor, Denali Water Solutions, is responsible for transporting the biosolids to facilities outside of San Francisco after it has been processed at the City's wastewater treatment facilities. The City's contract with Denali Water Solutions LLC is for a three-year term (October 2019 through September 2022) with a not to exceed amount of $8.7 million.

Previous Contract #63001 for Biosolids Beneficial Reuse Services

In March 2017, the Office of Contract Administration (OCA) released a solicitation for reuse services to either convert Class B biosolids into Class A marketable biosolid products or to process biosolids for energy and/or fuel production.[1]

Lystek International submitted a bid and was awarded contract #63001 for the processing and conversion of Class B biosolids into Class A biosolids. In May 2017, the contract was executed with Lystek International for an initial 2-year total period from May 15, 2017 to May 14, 2019 with an initial not-to-exceed amount of $500,000 and one three-year option to extend. The contract has been modified four times, increasing the not-to-exceed amount to $5.7 million and extending the contract term to five years total (from May 2017 to May 14, 2022).

Because the current contract expires May 14, 2022, OCA will issue an emergency Purchase Order to pay for services from May 15, 2022 to July, 1, 2022. Under contract #63001, Lystek operated the Lystek Fairfield Organic Material Recovery Center (OMRC), which received and processed wet

biosolids from the City's two wastewater treatment plants. Exhibit 1 shows the number of tons of biosolids processed at the site from 2019 through 2021.

Exhibit 1: Tons of Biosolids Processed at the Lystek Fairfield Organic Material Recovery Center under Contract 63001

Year	Tons of Biosolids Processed
2018	11,470
2019	15,081
2020	11,458
2021	25,996
2022	14,373
Total	**78,378**

Source: OCA and SFPUC

As shown in Exhibit 1 above, the Lystek Fairfield Organic Material Recovery Center received and processed 78,378 combined tons of biosolids from the Oceanside Wastewater Treatment Plant and the Southeast Wastewater Treatment Plant under the contract with Lystek International. The contract has been used to process larger quantities of material each year as the SFPUC shifts away send biosolids to landfills, a practice which Senate Bill 1383 (California's Short-Lived Climate Pollutant Reduction Act) will effectively eliminate (see below).

New Solicitation to Procure Class A Biosolids Production and Management Services

Since the previous contract expired and could not be renewed, OCA released a new solicitation on March 29, 2022 for biosolids production and management services. The solicitation was a low bid solicitation, which means that the contract is awarded based on the lowest price that also meets the minimum requirements. As such, the solicitation was not scored and there were no panel members. Lystek International was the only contractor to submit a bid by the solicitation deadline. OCA staff determined that Lystek International's proposal met the minimum qualifications required by the solicitation and accepted their bid.

The solicitation for proposed contract 63002 required a minimum capacity of at least 35,000 tons of biosolids per year. In response to the solicitation, Lystek International offered two sites with a total annual capacity of 35,000 tons to meet the requirements for increased capacity. There was no minimum capacity requirement for the previous contract 63001.

Required Increase in Biosolids Processing Capacity due to Senate Bill 1383

SB 1383 is a set of regulations which seek to reduce the amount of organic material being sent to landfill. When biosolids are sent to a landfill, in addition to this being a waste of their nutrients, methane gas, a potent greenhouse gas, is produced. Conversely when used as a fertilizer, the nutrients of the biosolids replace fossil fuel-based fertilizers and have been shown to sequester carbon. For these reasons, the SFPUC transitioned away from any management practices which are not in compliance with SB 1383.

According to OCA staff, when contract 63001 was first procured in 2017, Lystek's biosolids management services represented a much smaller part of PUC's overall biosolids management strategy. However, the passage of SB 1383 in 2016 required the state to take additional steps to reduce methane emissions and meet emissions reduction targets, including reducing organic waste being sent to a landfill by 50 percent of the statewide 2014 level by 2020 and by 75 percent in 2025. As a result of SB 1383, the City has transitioned away sending biosolids to landfill and increased processing of biosolids for other uses.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve the contract for biosolids production and management services between Lystek International Limited and the City for a term of five years (from July 2022 through June 2027) and initial amount of $16.4 million, with one two-year option to extend through June 2029 for an additional $6.4 million, for a total possible contract duration of seven years and not to exceed amount of $22.8 million. The proposed resolution states the not to exceed amount is $22.4 million, but that is a typographical error.

Proposed Contract #63002 for Class A Biosolids Production and Management Services

The proposed contract 63002 requires the contractor to provide the same type of biosolids processing services as the prior contract 63001 except with the addition of the SynaGro Central Valley Compost site, which was not a part of the previous contract. Additionally, contract 63002 includes a requirement that the contractor's facilities have a minimum annual capacity of 35,000 wet tons. In the previous contract, there was no minimum annual capacity requirement.

The services provided under the contract are to continue to produce Class A biosolids from Class B biosolids received from the Southeast and Oceanside Wastewater Treatment plants. Lystek International would operate two sites under the contract, described below:

- Lystek Fairfield Organic Material Recovery Center (17,500 wet tons)
    - This site, located at the Fairfield-Suisun Sewer District, transforms biosolids received from the treatment plants into a Class A liquid fertilizer product. Lystek then sells the fertilizer to area farmers.
- SynaGro Central Valley Compost facility (17,500 wet tons)
    - The SynaGro site, located in Merced County, utilizes composting technology to create a composted end product that can be used to promote plant growth.

FISCAL IMPACT

According to Appendix B of the proposed contract, the cost to process biosolids at the Lystek Fairfield site is $111.73 per wet ton and is $69.44 per wet ton at the SynaGro compost site. The difference in cost is due to different treatment processes and final products at each site.

Specifically, the Lystek Fairfield OMRC utilizes more expensive and complex technology to produce a liquid fertilizer, whereas the SynaGro CVC facility utilizes less costly composting methods. The SynaGro site is further away from Southeast Wastewater Treatment Plant (284 miles) than the Fairfield site (95 miles), resulting in higher transportation costs to the City, which in turn fully offsets the SynaGro site's lower processing costs. According to Appendix C of the proposed contract, costs may be escalated by regional inflation each year.

Exhibit 2 below summarizes the estimated costs of the first year of contract spending.

Exhibit 2: Projected Costs for the Lystek's Biosolids Management Contract from July 2022 through June 2029

Year	Lystek OMRC	SynaGro	Projected Tons Processed	Total
1	$1,955,275	$591,629	26,020	$2,546,904
2	2,004,157	969,474	31,121	2,973,631

7	2,267,520	1,250,891	33,033	3,518,411
Total	**$14,757,301**	**$7,228,225**	**218,437**	**$21,985,526**

Source: Office of Contract Administration

As shown in Exhibit 2, the estimated costs under the proposed contract are approximately $15.1 million for the first five years of the contract (July 2022 through June 2027), and approximately $22 million if the Department exercises the two-year extension option through June 2029. According to OCA staff, the projected costs are only an initial estimate based on the assumption that the downtown City core will return to pre-pandemic population levels and that total tonnage of biosolids will increase 1.2 percent each year of the contract after 2022. The estimates also assume that the costs per ton at each site will increase by 2.5 percent each year based on inflation price adjustments, which are allowed in the contract.

According to Department staff, it is estimated that 17,500 tons will be sent to the Lystek Fairfield facility and 8,520 tons will be sent to the SynaGro facility during the first year of the contract, and that the tons of biosolids sent to the SynaGro facility will increase by 2.6 percent each year until the final year of the contract when SynaGro will eventually be processing 15,930 tons (from July 2028 – June 2029). Overall, the cost estimate projects that a total of 152,762 tons of biosolids will be processed over the course of the initial 5-year term and an additional 65,675 tons would be processed if the 2-year extension option is exercised, for total tonnage of 218,437 from July 2022 through June 2029. Due to the impact of COVID-related population fluctuations, and uncertainty regarding the number of commuters projected to return to the City over the next

few years, OCA cannot provide estimates with certainty.

According to the Department, the remaining $814,474 in the contract's $22.8 million not to exceed amount may be needed as a buffer to account for additional potential price adjustments based on the Consumer Price Index (CPI).

Increase in Costs from Prior Contract 63001

According to the Department, $5,549,668 (out of $5,700,000 available) was spent under the previous contract for biosolids management for the processing of 78,378 tons of biosolids at the Lystek Fairfield OMRC facility for an average cost per wet ton of $70.81.[2]

Under the previous Lystek contract, costs ranged between $70-73.23 per ton to process at the Lystek Fairfield OMRC site, depending on whether the biosolids were sourced from the Oceanside or Southeast treatment plants.[3] Under the proposed contract, processing costs at the Fairfield site have increased approximately 55 percent (from an average of $72 to approximately $112). According to Department staff, the cost increase is due to increase in the costs of several components of the service. Potassium hydroxide, a key part of the Lystek process, has increased from $0.28 to $0.56 per pound, a 100% increase, from January 2022 to June 2022. The price of transporting liquid fertilizer to ranchers, a responsibility of the contractor, has increased by 55% over 2021 rates due to fuel cost increases and a shortage of drivers. Labor costs as well as propane have also increased. These four items, which have increased in cost since 2017, represent the majority of the contractor's per unit processing costs. If operating costs do decrease significantly, as indicated by the regional consumer price index, the Department will consider rebidding the contract after 5 years.

Funding Source

Contract costs will be paid for by SFPUC wastewater rate payers.

RECOMMENDATIONS

1. Amend the proposed resolution to correctly state the not-to-exceed amount of 22,800,000 instead of 22,400,000.
2. Approve the resolution, as amended.

[3] The proposed contract's processing rates are the same for both of the City's wastewater treatment facilities.

Items 4, 5, 6 and 7 **Files 22-0601, 22-0602, 22-0603, and 22-0604**	**Department:** Office of Contract Administration (OCA)

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolutions would authorize OCA to approve the following contracts with (i) Kemira Water Solutions for the purchase of ferric chloride and ferrous chloride with a not to exceed amount of $26,000,000 (File 22-0601); (ii) TR International for the purchase of ferric chloride and ferrous chloride for a not to exceed amount of $28,000,000 (File 22-0602); (iii) Univar Solutions USA Inc. for the purchase of sodium hypochlorite for a not to exceed amount of $74,000,000. (File 22-0603); and (iv) Univar Solutions USA Inc. for the purchase of sodium bisulfite a not to exceed amount of $19,000,000. (File 22-0604).

Key Points

- Ferric chloride, ferrous chloride, sodium hypochlorite, and sodium bisulfite are required to process wastewater and water at facilities operated by the San Francisco Public Utilities Commission (SFPUC) and the Airport.
- The Office of Contract administration procured the proposed contracts with competitive solicitations. Contracts were awarded to the lowest cost bids. Out of a total of two bidders, Univar Solutions USA Inc. (Univar) provided the lowest bid, and therefore was selected to be the supplier for sodium hypochlorite. Univar also provided the only bid for sodium bisulfite. Out of a total of two bids, Kemira Water Solutions provided the lowest bid, and therefore was selected to the primary awardee of ferric chloride and ferrous chloride. TR International was selected as the secondary awardee of ferric chloride and ferrous chloride. According to OCA, the reason there may have been a low number of bidders is because of the current state of the supply chain, such as the instability of chemical raw materials and increased fuel and transportation costs, has constrained potential vendors delivery capacity.

Fiscal Impact

- The proposed not-to-exceed amounts are projections based on the bid amounts of each vendor multiplied by the total number of contract years (seven), rounded to the nearest million. Bid amounts are based on the City's estimated annual quantity for each chemical and the price per gallon for each delivery location. Cost will be funded by the Water and Wastewater Enterprises and the Airport.
- Prices for these chemicals increased by 23 to 142 percent between the current and proposed contracts. The proposed contracts allow price changes based on the relevant Producer Price Indexes (PPI) prepared by the Bureau of Labor Statistics every six months for the first two years of each contract and then annually thereafter.

Recommendation

- Approve the proposed resolutions.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of $10 million or more, or (3) requires a modification of more than $500,000 is subject to Board of Supervisors approval.

BACKGROUND

Pursuant to Chapter 21 of the Administrative Code, the Office of Contract Administration (OCA) selects commodity and general services[1] suppliers through a low-bid solicitation process (instead of a Request for Proposal) to provide multiple chemicals used for the City's wastewater and water treatment process. In a low-bid solicitation, the vendor with the lowest bid price is awarded the contract. In March 2022, OCA issued an invitation for bids for the purchase of multiple chemicals[2] for the City's wastewater and water treatment process, which includes ferric and ferrous chloride, sodium hypochlorite, and sodium bisulfite. A total of fifteen contracts were awarded. Four contracts (the proposed resolutions) for sodium hypochlorite, sodium bisulfite and ferric ferrous chloride exceeded $10 million, and therefore, required Board of Supervisors' approval.

Procurement Results

Out of a total of two bidders, Univar Solutions USA Inc. (Univar) provided the lowest bid, and therefore was selected to be the supplier for sodium hypochlorite. Univar also provided the only bid for sodium bisulfite. Out of a total of two bids, Kemira Water Solutions provided the lowest bid, and therefore was selected to the primary awardee of ferric chloride and ferrous chloride. TR International was selected as the secondary awardee of ferric chloride and ferrous chloride. According to OCA, the primary awardee is the first source for the awarded goods, and the secondary awardee is a backup source. In the event the primary awardee fails to provide ferric ferrous chloride in accordance with the contract terms, the secondary awardee will then be required to provide the chemical until the primary awardee is ready and able to provide the chemicals.

Low Number of Bidders

According to OCA, the reason there may have been a low number of bidders is because of the current state of the supply chain, such as the instability of chemical raw materials and increased fuel and transportation costs, has constrained potential vendors delivery capacity. In addition, a

[1] The chemicals of the proposed contracts fall under the "commodity and general services" definition. As defined in Chapter 21, "commodity" shall specifically exclude legal and litigation related contracts or contracts entered into pursuant to settlement of legal proceedings, and employee benefits, including, without limitation, health plans, retirement or deferred compensation benefits, insurance and flexible accounts, provided by or through the City's Human Resources Department or the Retirement Board. "General Services" shall mean those services that are not Professional Services. General services include, but are not limited to, janitorial, security guard, pest control, parking lot management, and landscaping services.

[2] Ferric Ferrous Chloride, Sodium Hypochlorite, Sodium Hydroxide, Hydrofluosilicic Acid, Sodium Bisulfite, Aluminum Sulfate, Calcium Thiosulfate, Sulfuric Acid, Citric Acid, Antiscalant, GreenClean Liquid 5.0 Algaecide, Lime and Sodium Hypochlorite Small Sites

bidder who is a chemical distributor may not want to bid if the bidder knows the chemical manufacturer is also submitting a bid.

Prior to the solicitation, OCA and PUC formed created a Chemical Working Group with staff from SFPUC to develop a procurement strategy. The solicitation provided information to bidders that was not provided in previous solicitations such as for each location providing the number of storage tanks, storage capacity, number of deliveries and volume per delivery so bidders had more information to better forecast numbers on their end to submit a bid. OCA reports that it reached out to 24 bidders and followed up periodically with all bidders.

DETAILS OF PROPOSED LEGISLATION

The proposed resolutions would authorize OCA to approve the following contracts for the purchases of multiple chemicals:

1. **File 22-0601**: Kemira Water Solutions for the purchase of ferric ferrous chloride with an initial not to exceed amount of $11,200,000 for three years, and $14,800,000 for an extension option of four additional years. The proposed total not to exceed amount is $26,000,000.
2. **File 22-0602**: TR International for the purchase of ferric ferrous chloride with an initial not to exceed amount of $12,000,000 for three years, and $16,000,000 for an extension option of four additional years. The proposed total not to exceed amount is $28,000,000.
3. **File 22-0603**: Univar Solutions USA Inc. for the purchase of sodium hypochlorite with an initial not to exceed amount of $32,000,000 for three years, and $42,000,000 for an extension option of four additional years. The proposed total not to exceed amount is $74,000,000.
4. **File 22-0604**: Univar Solutions USA Inc. for the purchase of sodium bisulfite with an initial not to exceed amount of $8,000,000 for three years, and $11,000,000 for an extension option of four additional years. The proposed total not to exceed amount is $19,000,000.

All four of the proposed contracts have a total term of seven years from July 1, 2022 through June 30, 2029.

Goods Provided

The vendors will supply and deliver ferric chloride and ferrous chloride[3], sodium hypochlorite[4] and sodium bisulfite[5] to the City. These chemicals are required to process wastewater and water at facilities operated by the San Francisco Public Utilities Commission (SFPUC) and the Airport. The chemicals are used for the City's drinking water treatment process, wastewater disinfection process, and water disinfection process to meet drinking water regulations. Exhibit 1 shows the estimated annual quantity of chemicals and delivery locations for each vendor.

[3] Ferric chloride and ferrous chloride are used for the City's drinking water treatment process and controls odor, and manage sludge in the wastewater treatment process

[4] Sodium hypochlorite is used to disinfect water to meet drinking water regulations.

[5] Sodium bisulfite is used to remove residual chlorine in the wastewater disinfection process.

Source: OCA and Contract Documents

According to OCA, the estimated annual volume of each chemical is based on usage reports from the previous year and analysis of historical data and unpredictable factors such as rain and drought which would dictate the amount of chemicals used at the wastewater and water treatment facilities. We were provided usage reports from the Wastewater Enterprise but not Water Enterprise so we could not verify the actual usage amount of the chemicals. The proposed term contracts set terms and prices for chemical purchases; they do not require ongoing purchases.

Performance measures and outcomes are not tracked nor required for the proposed contracts.

FISCAL IMPACT

Exhibit 2 below shows a summary of the bid and total not-to-exceed amounts of the four proposed contracts. The proposed not-to-exceed amounts are projections based on the bid amounts of each vendor multiplied by the total number of contract years (seven), rounded to the

nearest million. Bid amounts are based on the City's estimated annual quantity for each chemical and the price per gallon for each delivery location. According to OCA, it is the department's practice to round up the proposed contract amount. The not-to-exceed amounts are not a guarantee that the City will buy the proposed total amount of chemicals but is a not-to-exceed limit.

Exhibit 2: Summary of Proposed Contract Bid and Not-to-Exceed Amounts (Files 22-0601, 22-0602, 22-0603, and 22-0604)

Vendor	Chemical	Bid Amount	Total Not-to-Exceed Amount
Kemira Water Solutions (File 22-0601)	Ferric and ferrous chloride	$3,709,409	$26,000,000
TR International (File 22-0602)	Ferric and ferrous chloride	3,985,256	28,000,000
Univar (File 22-0603)	Sodium hypochlorite	10,529,184	74,000,000
Univar (File 22-0604)	Sodium bisulfite	2,638,893	19,000,000

Source: OCA

Funding sources are operating funds from SFPUC's Water Enterprise and Wastewater Enterprise, as well as operating funds from the Airport. SFPUC operating funds are funded by utility ratepayers (water and wastewater customers). Airport operating funds are from revenue collected by Airport tenants, concessions, and parking. According to OCA, if prices for the chemicals improve, OCA will rebid all contracts in three years.

Change in Chemical Costs

The proposed contracts for ferric chloride, ferrous chloride, and sodium bisulfite show significant cost increases for each chemical, summarized below in Exhibit 3.

Exhibit 3: Current and Proposed Chemical Prices

Chemical	Unit	Current Price	Proposed Price	$ Change	% Change
Ferric chloride	Ton	$1,119.91	$2,715.24	$1,595.33	142%
Ferrous chloride	Ton	$1,071.13	$1,406.24	$335.11	31%
Sodium bisulfite	Ton	$1,485.00	$1,832.60	$347.60	23%
Sodium hypochloride	Dry Pound	$0.956	$1.51	$0.55	58%

Source: Current and Proposed Contracts

Note:

As shown above, chemical prices in each contract increased by 23 to 142 percent. According to OCA, this is because chemical prices are influenced by many factors including but not limited to, increased use of sodium bisulfite in food and beverage production, inflation in energy, transportation and shipping costs, plant shutdowns due to supply shortages.

The proposed contracts allow price changes based on the relevant Producer Price Indexes (PPI) prepared by the Bureau of Labor Statistics every six months for the first two years of each

contract and then annually thereafter. Given the volatility and escalation in these chemical prices, SFPUC and OCA have revised the price adjustment formula that will allow the City to address fluctuations every six months rather than annually, updated invoicing and delivery procedures for the supply of chemicals and will award a Secondary Contractor (TR International) for ferric chloride and ferrous chloride if the Primary Contractor (Kemira) fails to ensure a stable supply of reasonably priced chemicals.

RECOMMENDATION

Approve the proposed resolutions.

Item 8 **File 22-0599**	**Department:** Office of Contract Administration (OCA)

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution would approve the fifth amendment to the contract between OCA and Professional Contractor Supply for the purchase of hardware supplies for City Departments, increasing the total not-to-exceed contract amount by $4,000,000 from $7,500,000 to $11,500,000, with no change to the contract term of August 15, 2017 through July 14, 2025.

Key Points

- On August 15, 2017, OCA entered into an as-needed contract with Professional Contractor Supply for hardware supplies. The original contract was awarded following a competitive process for a not-to-exceed amount of $3,000,000, and a term of three years, from August 15, 2017 through July 14, 2020.
- The contract has been amended four times, most recently on July 27, 2021, extending the contract by four years for a new total contract term August 15, 2017 through July 14, 2025; increasing the not-to-exceed amount to $7,500,000; and allowing for Catalog Prices Increases.
- As a result of this contract, City Departments are offered a range of equipment and supplies for purchase at a catalog discount price rate that ranges from 28-44 percent off the list price for a particular good

Fiscal Impact

- City Departments use this contract on an as-needed basis based on their business needs and available funding.
- From August 15, 2017 through April 15, 2022, $6.8 million of the contract's $7,500,000 not-to-exceed amount has been spent. The average monthly spend is $122,282, and there are 38 months remaining in the contract, therefore an estimated $4.6 million more will be spent from April 15, 2022 through the contract term end date of July 14, 2025. Given this calculation, the OCA proposes increasing the contract not-to-exceed amount by $4,000,000.

Recommendation

- Approve the proposed resolution.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of $10 million or more, or (3) requires a modification of more than $500,000 is subject to Board of Supervisors approval.

BACKGROUND

On May 5, 2017, the Office of Contract Administration (OCA) issued an invitation for bids for an as-needed Hardware Supplies term contract (TC89400). Two out of three of the bidders, one of whom was Professional Contractor Supply, were deemed qualified and selected based on their low bids on 24 items.

On August 15, 2017, OCA entered into a contract with Professional Contractor Supply for hardware supplies. The original contract not-to-exceed amount was $3,000,000 for a term of three years, from August 15, 2017 through July 14, 2020. The contract has been amended four times, as summarized below:

- Modification No. 1 (August 6, 2019): Allowed for Catalog Price Increases.

- Modification No. 2 (April 22, 2020): Allowed for the contract term to be extended one year, from July 14, 2020 to July 14, 2021; increased contract not-to-exceed amount by $1,500,000 from $3,000,000 to $4,500,000; and updated contract terms to incorporate updates to the City Municipal Code.

- Modification No. 3 (October 27, 2020): Allowed for an increase in the contract not-to-exceed amount from $4,500,000 to $5,500,000

- Modification No. 4 (July 27, 2021): Allowed for a contract end date extension by four years for a new total contract term August 15, 2017 through July 14, 2025; Increased the not-to-exceed amount from $5,500,000 to $7,500,000; and allowed for Catalog Prices Increases.

As a result of this contract, City Departments are offered a range of equipment and supplies for purchase at a catalog discount price rate that ranges from 28-44 percent off the list price for a

particular good.[1] For example, an "18 Gauge Shear" that has a list price of $329.16 would cost a City Department 39 percent less, or $200.79.[2]

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve the fifth amendment to the contract between OCA and Professional Contractor Supply for the purchase of hardware supplies for City Departments, increasing the total not-to-exceed contract amount by $4,000,000 from $7,500,000 to $11,500,000, with no change to the contract term of August 15, 2017 through July 14, 2025.

FISCAL IMPACT

City Departments use this contract on an as-needed basis based on their business needs and available funding. As the contract with Professional Contract Supply approaches less that 30 percent remaining balance, OCA reevaluates whether the capacity, including the term length and not-to-exceed amount, should be increased.

From August 15, 2017 through April 15, 2022, $6.8 million of the contract's $7,500,000 not-to-exceed amount has been spent. The average monthly spend is $122,282, and there are 38 months remaining in the contract, therefore an estimated $4.6 million more will be spent from April 15, 2022 through the contract term end date of July 14, 2025. Given this calculation, the OCA proposes increasing the contract not-to-exceed amount by $4,000,000. See Exhibit 1 below.

Annual spending increased from $1,055,542 in FY 2020-21 to $4,036,095 to date in FY 2021-22. The increase in spending is primarily driven by purchases from MTA and PUC.

RECOMMENDATION

Approve the proposed resolution.

Item 9 **File 22-0537**	**Department:** San Francisco Public Utility Commission

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance extends delegation of authority to enter into grant agreements under the SFPUC's Green Infrastructure Grant Program to the SFPUC General Manager by two years through July 1, 2024.

Key Points

- The San Francisco Public Utilities Commission (SFPUC) Green Infrastructure Program awards grants of up to $2 million to owners of properties of at least 0.5 acres with large, impervious areas to implement vegetation, soils, and other elements to soak up and store stormwater to support water conservation and reduce stormwater drainage. The maximum grant award is $2 million. Grant recipients are required to maintain the green infrastructure for 20 years with the SFPUC authorized to conduct project inspections
- The proposed ordinance incorporates changes to the program since the prior Board approval in June 2020. The ordinance increases the maximum cost per acre of stormwater managed from $765,000 to $930,000 with no change to total maximum grant award of $2 million). Previous grants are amended to allow recipients to seek additional funding for unforeseen conditions during construction. The ordinance approves an increase in planning and design costs from 20% to 30% of total grant award. In addition to property owners, for-profit or nonprofit entities, individuals, or governmental entities may now apply for funding. Finally, grants will be awarded through a competitive application cycle, as opposed to a first come, first serve basis.

Fiscal Impact

- The Board of Supervisors authorized $12 million in Sewer System Improvement Program funds in the SFPUC FY 2018-19 capital budget, funded by Wastewater Revenue Bonds. Since implementation of the Green Infrastructure Program, SFPUC has awarded $11.5 million in grants (including contingencies) and spent $450,000 on program costs, with $26,346 in remaining funds.
- SFPUC will allocate $20,317,000 in new Green Infrastructure funds to the program, of which $10,000,000 was appropriated in the FY 2022-23 capital budget and $10,317,000 in the FY 23-24 capital budget. The source of funding is Wastewater Revenue Bonds.

Recommendation

- Because the proposed extension of delegation of authority is consistent with prior Board of Supervisors actions, we recommend approval.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of $10 million or more, or (3) requires a modification of more than $500,000 is subject to Board of Supervisors approval.

BACKGROUND

The City has a combined sewer and stormwater system, and during periods of high rainfall, stormwater drainage can overwhelm the sewer system. The San Francisco Public Utilities Commission (SFPUC) Green Infrastructure Program awards grants of up to $2 million to owners of properties of at least 0.5 acres with large, impervious areas to implement vegetation, soils, and other elements to soak up and store stormwater to support water conservation and reduce stormwater drainage. Examples of such projects include replacing imperviable surfaces with permeable pavement and rain gardens and constructing vegetated roofs. To be eligible, a proposed project must be capable of capturing runoff from storms with rainfalls that exceed the 90th percentile or 0.75-inch total depth. SFPUC enters into 20-year grant agreements with property owners, which require the property owners to maintain the green infrastructure during the term of the agreements.

In February 2019 the Board of Supervisors authorized the San Francisco Public Utilities Commission (SFPUC) to make grants to owners of San Francisco properties with large, impervious areas to construct green infrastructure projects on their parcels, using vegetation, soils, and other elements and practices that mimic nature to soak up and store stormwater (File 18-1113, Ordinance 26-19). The ordinance authorized the SFPUC General Manager to approve agreements with terms of up to 20 years without further approval of the Board of Supervisors. Funding for the program was provided through SFPUC's Green Infrastructure Program for grants up to $2 million. In June 2020, the Board of Supervisors amended the ordinance (File No. 20-0454) to extend the SFPUC General Manager's authority for an additional two years through July 1, 2022 and authorized the General Manager to execute new agreements without requiring prior approval by the SFPUC Commission at a public hearing. The ordinance required the SFPUC to submit quarterly written reports to the Board of Supervisors summarizing the grant agreements the SFPUC has entered into during the prior quarter.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance extends delegation of authority to enter into grant agreements under the SFPUC's Green Infrastructure Grant Program to the SFPUC General Manager by two years through July 1, 2024.

The maximum term of these grant agreements is 20 years from the time of the project completion date, as defined in the grant agreement. The SFPUC will still be required to submit quarterly reports to the Clerk of the Board of Supervisors summarizing agreements the SFPUC

has entered into during the prior quarter. Grant recipients are required to maintain the green infrastructure for 20 years with the SFPUC authorized to conduct project inspections and to claim remedies should grantees fail to maintain the project for the full term of the agreed upon project period.

The proposed ordinance incorporates several additional changes to the program since the prior Board approval in June 2020. The ordinance increases the maximum cost per acre of stormwater managed from $765,000 to $930,000 to account for inflation. (There is no change to total maximum grant award of $2 million). Previous grants are amended to allow recipients to seek additional funding for unforeseen conditions during construction. The ordinance approves an increase in planning and design costs from 20% to 30% of total grant award. In addition to property owners, for-profit or nonprofit entities, individuals, or governmental entities may now apply for funding. Finally, grants will be awarded through a competitive application cycle, as opposed to a first come, first serve basis.

Performance monitoring

SFPUC has provided a summary of actions undertaken to date by SFPUC of performance review and verification that grant funds are being properly allocated and properly spent, as shown in Exhibit 1. According to Ms. Sarah Bloom (Senior Watershed Planner), expenditure verification is not conducted until the 2nd grant payment request for construction funds. Projects in the design phase are required to submit interim plans for SFPUC review.

Item 15 **File 22-0554**	**Department:** Police Department (POL)

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolution authorizes the Director of Property, on behalf of the Police Department, to amend the lease of real property located at 750 and 752 Vallejo Street with Evans Investment Partners, LLC, at a base rent of $120,792 per year and extends the term of the lease for five years for a total term of August 15, 2017 through August 15, 2027. In addition, the proposed amended lease adds two additional five-year options to extend the lease at 95 percent fair market rental value and allows for tenant improvements not to exceed cost to the City of $241,582.

Key Points

- The City has an existing lease with Evans Investment Partners, LLC for a portion of the building located at 752 Vallejo Street, next to Central Station, which is used by 10 Police investigators. The Police Department desires to extend and expand the existing leased site to include 750 Vallejo Street to provide sufficient office space for 12 other investigative unit personnel who have been located in the Central Station squad room on a temporary basis.
- Under the proposed amended lease, the landlord will provide a tenant improvement allowance of $25,800 for the expansion and the City will pay for additional tenant improvements up to $241,582, for a total of up to $267,382 in tenant improvements.

Fiscal Impact

- Base rent starts at $120,792 and escalates by 3 to 5 percent annually. Total annual costs, including base rent, taxes, maintenance, and utilities starts at $158,561. Rent and operating costs for the five-year term would be $837,583. Costs are paid by the General Fund.
- The proposed base rent of $47 per square foot is less than the current base rent of $58.48, which provides approximately $150,000 in savings over five years and offsets the City's tenant improvement costs of $241,582.

Policy Consideration

- The City's Ten-Year Capital Plan for Fiscal Years 2022-2031 notes that Central Station is "functionally inadequate" and recommends that it be replaced. The estimated replacement cost is $75 million and states that it will likely be funded by a future earthquake and emergency response (ESER) safety general obligation bond.
- Real Estate reports it has requested an updated to March 2021 appraisal, which will be ready prior to the June 16, 2022 Government Audit and Oversight meeting.

Recommendations

1. Request the Capital Planning Committee, Public Works, and the Police Department ensure that the Central Station Replacement plan include sufficient space for investigative staff to allow the City to terminate this lease once the new station is fully developed.
2. Approve the proposed resolution, subject to the findings of the pending appraisal report.

MANDATE STATEMENT

Administrative Code Section 23.27 states that the Board of Supervisors shall approve all leases on behalf of the City as tenant by resolution for which the term is longer than a year and costs over $15,000 per month.

BACKGROUND

Current Lease

The City, on behalf of the Police Department, has an existing lease with Evans Investment Partners, LLC for a portion of the building located at 752 Vallejo Street that is dated May 1, 2017 to provide office space for the investigative unit of Central Station. The leased premises are 750 square feet. The rent of the current lease is $58.48 per square foot per year. The site is adjacent to Central Station and is separated by Emery Lane. The existing lease will expire on August 15, 2022.

The Police Department desires to extend and expand the existing leased site by an additional 1,820 square feet to include 750 Vallejo Street for a total of 2,570 square feet to provide sufficient office space for investigative unit personnel who have been located in the Central Station squad room on a temporary basis. This will provide additional space and privacy for investigators and allow officers to use the squad room for line-ups and briefings.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution authorizes the Director of Property, on behalf of the Police Department, to amend the lease of real property located at 750 and 752 Vallejo Street with Evans Investment Partners, LLC, at a base rent of $120,792 per year and extends the term of the lease for five years for a total term of August 15, 2017 through August 15, 2027. In addition, the proposed amended lease adds two additional five-year options to extend the lease at 95 percent fair market rental value and allows for tenant improvements not to exceed cost to the City of $241,582.

Lease Details

Exhibit 1 below shows the proposed lease terms.

Exhibit 1: Proposed Lease Terms

Premises	First floor of 750 and 752 Vallejo Street
Rental area	2,570 square feet
Base rent	$47.00 per square foot per year ($120,790 annually)
Base rent adjustments	Three percent per year, based on regional inflation
Term start and end	August 15, 2017 through August 15, 2027
Options to extend	Two additional five-year options to extend
Utility costs	Paid by landlord, except for separately metered utilities
Janitorial Services	Paid by City
Real Estate Taxes & Building Operating Costs	24.05% of Real Estate Taxes and Building Operating Costs Paid by City

Source: Real Estate Division

Consistent with the current lease, the proposed lease stipulates that the Landlord will pay for utilities for the building, except for any separately metered utilities, which are to be paid by the City. The lease also requires that the City pay a portion of the real estate taxes and building operating costs based on the proportion of square footage of the leased premises compared to the building overall, which is increasing due to the expansion.

Tenant Improvements

Under the proposed amended lease, the landlord will provide a tenant improvement allowance of $25,800 for the expansion ($14.18 per square foot), and the City will pay for additional tenant improvements up to $241,582, for a total of up to $267,382 in tenant improvements. According to Jeff Suess, Senior Real Property Officer at the Real Estate Division, tenant improvements would include 2 new ADA restrooms, 2 offices, HVAC, paint and carpet, life safety systems, 12 workstations, rolling shutter for front entrance, ballistic panels and associated soft costs, and be completed within 30 to 60 days of execution of the proposed amended lease, depending on the availability of contractors and supplies.

Site Appraisal

The Real Estate Division obtained an appraisal from Colliers International Valuation and Advisory Services which determined that the proposed rent of $47 per square foot per year was consistent with fair market rent as of March 2021.

Site Use

The Police Department plans to use the expanded site as additional office space for the Investigative Unit. The Police Department currently has 10 officers at the site and will move the remaining 12 officers temporarily located in the Central Station squad room if the proposed amended lease is approved. The space use of 117 square foot per officer is reasonable.

FISCAL IMPACT

The proposed resolution authorizes the lease of 750 and 752 Vallejo Street to the City for a base rent of $120,792 annually, or $47.00 per square foot per year. Exhibit 2 shows a breakdown of the rent and associated costs with the lease of the site:

Exhibit 2: Annual Base Rent and Operating Costs for 750 and 752 Vallejo Street Lease

Item	Cost
Rent	$120,792
Real Estate Taxes & Building Maintenance	$22,092
Janitorial & Security	$7,967
Utilities	$7,710
Total	**$158,561**

Source: Real Estate Division.

As shown in Exhibit 2 above, the total annual costs for the proposed lease are $158,561. The proposed lease increases rent annually by three percent. Therefore, the rent and operating costs for the five-year term would be $837,583, assuming service costs escalate at three percent annually and real estate taxes escalate at two percent annually. If the two five-year options to extend are exercised, we estimate the costs for the option term would be between $2,055,377, for a total cost of $2,892,960. The proposed lease costs are funded by the General Fund within the Police Department's Operating budget.

Change in Base Rent and Total City Costs

The proposed base rent of $47 per square foot is less than the current base rent of $58.48, which provides approximately $150,000 in savings over five years and offsets the City's tenant improvement costs of $241,582.

POLICY CONSIDERATION

Central Station Replacement

The City's Ten-Year Capital Plan for Fiscal Years 2022-2031 notes that Central Station is "functionally inadequate" and recommends that it be replaced. The estimated replacement cost is $75 million and states that it will likely be funded by a future earthquake and emergency response (ESER) safety general obligation bond. The most recent ESER bond authorization, $628

million for 2020 ESER bonds (Files 20-1294 & 20-1295) did not include Central Station in the project list but did include funding for Taraval and Ingleside Stations.

We recommend the Board of Supervisors request the Capital Planning Committee, Public Works, and the Police Department ensure that the Central Station Replacement plan include sufficient space for investigative staff to allow the City to terminate this lease once the new station is fully developed.

Appraisal

Administrative Code Section 23.27 states that an appraisal is required for all City-as-tenant leases if the cost per square foot is more than $45 and that such appraisals be completed within nine months prior to when the legislation approving the lease is submitted to the Board of Supervisors. The date of the appraisal for 752 Vallejo is March 5, 2021 or 14 months prior proposed resolution's May 2022 introduction date. For this reason, we consider approval to be a policy matter for the Board of Supervisors. Real Estate reports it has requested an updated to the appraisal, which will be ready prior to the June 16, 2022 Government Audit and Oversight meeting.

RECOMMENDATIONS

1. Request the Capital Planning Committee, Public Works, and the Police Department ensure that the Central Station Replacement plan include sufficient space for investigative staff to allow the City to terminate this lease once the new station is fully developed.
2. Approve the proposed resolution, subject to the findings of the pending appraisal report.
