SF Board of Supervisors Land-Use Committee (Monday March 26th meeting)

I am unable to attend the next hearings on

Items 113374 and 120191 (efficiency units) and 120220 (regarding signage on privately owned open-space areas that are publicly accessible) all affect areas of student housing and land owned in Parkmerced that is publicly accessible from the street, and would promote signage changes on site that are un-sightfull (see large signs placed on SFSU owned property in Parkmerced). The imposed signage changes are unnecessary and cause urban blight in terms of urban character. Trees were also removed in parkmerced that were notable species along Font for signage entry features to the open-space medians in Parkmerced. Efficiency unit legislation also will allow denser student housing on prior low-scale density housing on University Park South. This will also adversely affect housing meant for families in Parkmerced. Stonestown will also be affected further if plans for redensification by the university progress.

please see the attached memo on the impacts of Student Housing on Family Housing and existing communities. regarding 113374.

Thank you for your attention to this issue and impacts un-assessed by the city in terms of student housing impacts. Please study the impacts of growth changes by universities and adequately assess impact fees that correct the issues through densification of existing campus areas vs. demolition and destruction of sound units.

The study of CSU impacts and fee increases connect DIRECTLY to the purchase of land in 2000-2004 of Stonestown and UPS, and proposals to develop this land, hiring of consultants and costs of capital planning staff. The proposal for a "creative-arts-center" on prior open-space of Parkmerced tenants violates the SF General Plan and indicates a lack of adequate compensation to residents for the loss of there open-space and public ammenities in Parkmerced (play-field, basketball courts, tennis and hardball courts, shoe-horse area, garden areas, and community building.)

Although the deal was in the past, it is imperative that the impacts be adequately assessed in terms of impacts on families, and rental housing stock in the city and county of San Francisco.

Sincerely

A.Goodman
