Notes

- * Differences in Building Inspection are due to the fact that benefits for the Overtime items were not included in the reduction worksheets; in one case attrition benefits was underestimated by \$3,000.
- ** Differences in these departments are due to the fact that benefits saving was overestimated
- *** Differences in Technology in FY 2013-14 are due to the fact that a job class was listed incorrectly on a reduction worksheet; potential difference = \$20,000.

Re: Notice of Transfer of Function under Charter Section 4.132

Dear Ms. Calvillo:

Under Charter Section 4.132, the Mayor may reorganize duties and functions between departments and other units of government within the executive branch. This letter is in addition to my earlier letter of June 1, which outlined the positions and classifications that would be transferred. By this letter, I am providing additional notice of the duties and functions associated with the positions and classifications at the Human Rights Commission to be transferred:

1. Local Business Enterprise Program, San Francisco Administrative Code Chapter 14B

First, I am transferring to the City Administrator, effective July 28, 2012, all of the duties and functions of the Human Rights Commission and the Director of the Human Rights Commission under the City's race and gender neutral Local Business Enterprise and Non-Discrimination in Contracting Ordinance, SF Administrative Code Chapter 14B ("LBE Ordinance"), with the exception of the authority of the Director of the Human Rights Commission, set forth in Section 14B.9(D) and 14B.17(F), to investigate and issue findings concerning possible unlawful discrimination by a bidder or City contractor in selecting subcontractors for City contracts.

Except for authority with respect to alleged discrimination in the selection of subcontractors specifically described above, the City Administrator will be responsible for implementing and enforcing all aspects of the LBE Ordinance in accordance with applicable law and duly adopted regulations. Such duties include accepting, investigating, and deciding applications for certification or re-certification as an LBE, advising City departments on LBE Ordinance compliance issues, setting LBE participation goals, granting waivers, monitoring contractor compliance, conducting random audits in coordination with the Controller, implementing the surety bond program and issuing all required reports. The City Administrator will also be responsible (with the exception of alleged discrimination in subcontractor selection described above) for investigating all potential violations of the LBE Ordinance including, as necessary, imposing sanctions against certified LBEs, bidders and contractors, acting as a charging official in debarment proceedings, hearing and deciding appeals of LBE certification decisions, and exercising all other powers and authority provided by applicable law and regulations to implement and enforce Chapter 14B.

Until such time as the LBE Ordinance is amended to reflect this transfer, all references to the Director in the LBE Ordinance and duly adopted regulations shall be read as referring to the Deputy City Administrator designated by the City Administrator to oversee the transferred LBE Ordinance - based

functions and duties, and all references to the Human Rights Commission shall be read as referring to the City Administrator.

2. Equal Benefits Ordinance Administration

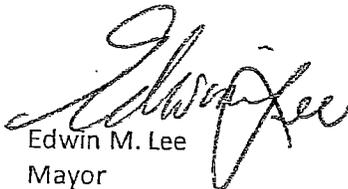

I am also transferring to the City Administrator the ministerial (non-discretionary) tasks associated with documenting the compensation, including benefits, offered by an entity that seeks to establish its compliance with the requirements of the Equal Benefits Ordinance, San Francisco Administrative Code Section 12B.2(b) ("EBO"). These tasks currently are performed by staff reporting directly to the Director of the Human Rights Commission. The Director of the Human Rights Commission shall retain sole authority to determine whether the compensation complies with the Equal Benefits Ordinance and sole discretion over the issuance of waivers under Section 12B.5-1. Furthermore, except for the transfer of administrative tasks described above, the Human Rights Commission and the Director of the Human Rights Commission, as applicable, shall continue to have the power to do all acts and exercise all powers set forth in San Francisco Administrative Code Chapters 12B and 12C, the City's nondiscrimination in contracting ordinances.

3. Transfer of Employees and Funds

Pursuant to Section 4.132, I am requesting the Department of Human Resources to transfer as required all civil service employees affected by the realignment of functions and duties from the Human Rights Commission to the City Administrator described above. A list of the positions is attached. Such transfers shall not adversely affect the Civil Service status, position, compensation or pension or retirement rights and privileges of any affected employee. I am further requesting the Controller to transfer from the Human Rights Commission to the City Administrator any unexpended funds previously appropriated for the specified duties and functions being transferred.

Please feel free to contact Kate Howard in my office at 554-6515 if you have any questions about this matter.

Sincerely,

Edwin M. Lee
Mayor

SUBJECT: Civilianization Options in the SFPD Budget

The San Francisco Charter Section 16.123 directs the Controller and Chief of Police to identify positions in the San Francisco Police Department (SFPD) that could be filled appropriately by civilian personnel.

Table A beginning on the next page identifies 65 potential positions for civilianization. All of the listed positions were recommended in at least one of the Board of Supervisors' prior annual budget reviews of civilianization, or were recommended by the 2008 Police Effectiveness Review study, or they were recommended by the current or former Chief of Police. This table represents both the SFPD's current preferred hiring strategy and civilianization recommendations from prior analyses.

As the table shows, the great majority of these positions have already been included in the Mayor's Budget proposal in one of the next two fiscal years. Those line items where there are positions that proposed for civilianization but not included in the Mayor's budget are highlighted in bold.

SFPD has confirmed that the positions in this table allow for the reassignment of uniformed officers to positions requiring public safety classifications. The positions generally meet the requirements of Charter Section 16.123 wherein the City can reduce the Police staffing requirement of 1,971 officers. The column on the right now notes where the SFPD does not anticipate being able to civilianize the position unless and until an officer now filling that role in a "light duty" capacity can be transitioned.

Table B and the accompanying chart summarizes the historical growth of civilian positions from FY2004-05 to BY2013-2014. As shown, budgeted positions increased each year except for a drop in FY2009-2010. Actual spending increased beginning in FY2007-08. Over the period from 2004-05 to now budgeted positions increased by approximately 85 FTEs and actual spending by approximately 77 FTEs.

Re: Technical adjustments to the Mayor's Proposed Budget

Supervisor Chu:

Per Charter Section 9.101, I am submitting the attached technical adjustments to the Mayor's Proposed Budget for FY 2012-13 and FY 2013-14. Significant changes include:

- Correctly balancing workorders in a number of departments including the Public Utilities Commission, Department of Human Resources Workers Compensation, Department of Public Works, and the City Attorney;
- Correcting project codes to allow for improved tracking by the Capital Planning Committee;
- Correcting the Local Operating Subsidy Program for supportive housing to reflect updated expenditure projections;
- Correctly reflect the use of previously accumulated impact fees to support approved capital spending;
- Reduce attrition at the Human Rights Commission to accurately reflect the current staffing level of the department positions post transfer of function; and
- Correcting entries related to the downward substitution of positions in the Sheriff's department.

Note that these technical adjustments result in no additional costs in FY 2012-13 and costs of \$90,807 in FY 2013-14 which will be funded by the Technical adjustment reserve. The attached tables detail these changes. The figures may change slightly once they are entered into the budget system.

Please contact me at 554-6515 with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Kate Howard".

Re: Interim Exceptions to the Annual Salary Ordinance

I herein present exceptions to the Interim Annual Salary Ordinance (ASO) for consideration by the Budget and Finance Committee of the Board of Supervisors. The City's standard practice is to budget new positions at 0.77 FTE. Where there is justification for expedited hiring, however, the Board may authorize exceptions to the Interim ASO, which allow new positions to be filled in the first quarter of the fiscal year, prior to final adoption of the budget. Exceptions are being requested for the following positions:

Redevelopment Related Positions (53.60 FTE)

- **Office of the City Administrator (35.00 FTE).** The City Administrator's Office is adding 35 positions due to the increase in work associated with the transition of the former Redevelopment Agency to the City and County of San Francisco. This includes one 0932 Manager IV, one 0933 Manager V, one 0953 Deputy Director III, three R030 Management Assistant III positions, three R035 Management Assistant II positions, two R535 Development Services Managers, two R550 Senior Project Managers, one R565 Senior Civil Engineer, one R585 Contract Compliance Supervisor, one R586 Contract Compliance Specialist III, three R590 Project Managers, two R615 Development Specialists, one R630 Senior Financial Analyst, one R635 Architect, one R640 Contract Compliance Specialist II, one R695 Accountant III, one R720 Senior Programmer Analyst, one R730 Associate Planner, one R775 Accountant II, one R855 Records Specialist II, two R880 Records Specialist I positions, one R930 Staff Associate V, one R970 Accounting Supervisor, and two R990 Assistant Project Managers.
- **The Mayor's Office of Housing (10.00 FTE).** The Mayor's Office of Housing is adding ten positions due to the increase in work associated with the transition of the former Redevelopment Agency (RDA) to the City and County of San Francisco. These interim exceptions are needed to transition former RDA employees to the Mayor's Office of Housing to continue implementing housing obligations and responsibilities. The positions include one 1657 Accountant, one 5502 Project Manager I, one R035 Management Assistant II, one R590 Project Manager, three R615 Development Specialists, one R670 Financial Systems Accountant, one R705 Assistant Development Specialist, and one R895 Office Assistant I.
- **Port (8.60 FTE).** The Port is adding ten positions due to the increase in work associated with the transition of the former Redevelopment Agency (RDA) to the City and County of San

Francisco. The Port is absorbing one R030 Management Assistant III, one R740 Harbormaster, three R840 Harbor Attendants, two 80%-time R865 Harbor Office assistants, and two R890 Harbor Security Officers from the Redevelopment Agency for the maintenance and management of South Beach Harbor.

- In addition there are several departments (listed below) that are requesting additional positions due to increased work related to the City taking on the functions of the former SFRA, including the City Attorney's Office (3.0 FTE), the Treasurer Tax Collector (1.0 FTE), and the City Administrator (1.0 FTE).

General Fund Positions (73.00 FTE)

- **Art Commission (2.50 FTE).** The Art Commission has budgeted two new full-time positions and one 0.5 new part-time position as part of their Department reorganization, including one full-time 0951 Deputy Director I, one full-time 1842 Management Assistant, and one part-time 3549 Arts Program Assistant. All of these positions are currently filled with temporary employees.
- **Department of the Assessor-Recorder (5.00 FTE).** The Assessor-Recorder has budgeted five new limited-tenure positions, including three 4213 Assessor-Recorder Office Assistants, one 4265 Real Property Appraiser and one 4267 Principal Real Property Appraiser, to work on Real Property assessment and appeals backlogs. These positions are all currently in the Department's budget as limited-term positions that were set to expire in the budget year, thus the "new" action actually reflects renewal of the limited terms. These require interim exceptions because: the 4265 is currently filled; the 4267 recruitment process is underway and an eligible list is expected to be ready by mid-May 2012; and the three 4213s are part of the Office Assistant reorganization for which the budget contains a set amount of attrition for all positions not currently filled.
- **Office of the City Administrator (2.00 FTE).** The City Administrator's Office is adding two interim exception positions; one is a 0931 Manager III position due to the increase in human resources work associated with the transition of the former Redevelopment Agency to the City and County of San Francisco. The Department is also adding an 1824 Principal Administrative Analyst to the Office of Immigrant Affairs; this position is currently filled with a temporary employee and will be filled on a permanent basis starting in July.
- **Office of the City Attorney (5.00 FTE).** The City Attorney's Office is adding two 8177 Attorney positions and one 8169 Legislative Assistant position due to the increase in work associated with the transition of the former Redevelopment Agency to the City and County of San Francisco. The Department is also adding one 8177 Attorney and one 8169 Legislative Assistant to start its revenue generating Consumer Protection Unit.
- **City Planning (2.00 FTE).** The City Planning Department requires one new limited-tenure 5298 Environmental Planner III and one new limited-tenure 5291 Planner III to provide environmental review and other planning services for the Warriors project; if these two positions are not approved as interim exceptions the work will be delayed for this project. These positions will be fee-funded.

- **Human Services Agency (4.00 FTE).** The Human Services Agency budgeted four new interim exception positions. This includes one 9704 Employment & Training Specialist III to manage a 3-year Department of Labor grant to provide subsidized employment for non-custodial parents identified by Department of Child Support Services. The Department's budget also includes two 1822 Administrative Analyst positions for the federally-funded Broadband Technology Opportunities Program; these positions will focus on increasing broadband access and adoption for seniors and clients with disabilities. Delays in hiring for these positions will slow down the spending of the grant monies and the implementation of these important programs. Finally, the Department budgeted one new 0922 Manager I to lead the new Lesbian, Gay, Bisexual and Transgender Seniors Task Force introduced to the Board of Supervisors by Supervisors Wiener, Campos and Olague. If approved, the Task Force will begin its work in July 2012, with a focus on making its first set of planning and policy recommendations to the Board within an 18 month time period. This position will staff the Task Force and manage the group's efforts in addition to working to implement the Excellence in Dementia Care Plan; if this position is not approved as an interim exception it would be difficult for the Task Force to meet the above mentioned times lines.
- **Department of Public Health (1.00 FTE).** The Department of Public Health has budgeted one 2930 Psychiatric Social Worker to start on July 1. This position will work with the Child Abuse Intervention Program (CAIP), which is a new requirement established in the Penal Code to address child abuse. The Department is already recruiting for this position and intends to fill it shortly after the start of the new fiscal year to ensure compliance.
- **Department of Public Works (46.00 FTE).** The Department of Public Works is adding 46 project-funded, off-budget/limited term positions for various bonds, Certificate of Participation, and work order funded projects. These projects include the Earthquake Safety and Emergency Response bond; the Road Repaving and Streets Safety bond; the San Francisco General Hospital Rebuild bond; the War Memorial Veterans Building rebuild; and various capital projects for the Public Utilities Commission, the Library, the Fire Department, and other departments. The positions are: one 0932 Manager IV, one 1822 Administrative Analyst, one 1840 Junior Management Assistant, one 1842 Management Assistant, ten 5203 Assistant Engineers, five 5207 Associate Engineers, six 5260 Architectural Assistant I positions, six 5262 Landscape Architectural Associate I positions, two 5502 Project Managers, one 5508 Project Manager IV, one 5620 Regulatory Specialist, eight 6318 Construction Inspectors, one 6331 Building Inspector, one 7282 Street Repair Supervisor II, and one 9254 Assistant to the Director, Public Affairs. The recruitment process has begun in anticipation of filling these positions at the beginning of Fiscal Year 2012-13 to meet project time line needs.
- **Sheriff's Department (4.00 FTE).** The Sheriff's Department is adding four 8504 Deputy Sheriff positions to perform security work at the new Public Utilities Commission (PUC) building (construction recently finished). The PUC is funding these positions through a work order; hiring them at the start of the fiscal year will help control overtime costs at the Sheriff's Department.
- **Office of the Treasurer & Tax Collector (1.50 FTE).** The Office of the Treasurer and Tax-Collector is budgeting one new 1654 Accountant III due to the increase in banking related work associated with the transition of the former Redevelopment Agency to the City and County of San Francisco. The Department is also adding one new 0.5 part-time 1840 Junior

Management Assistant to work on the Kindergarten to College and financial literacy program. This position is complimented by a new grant-funded 0.5 1840 described in Non-General Fund Positions below, thus 1.0 FTE will split their time between two different financial programs. This position is also currently filled by a temporary employee, and the General Fund half will be funded by a work order from the Department of Children, Youth and their Families (DCYF).

Non-General Fund Positions (36.00 FTE)

- **Airport (3.00 FTE).** The Airport is proceeding with a Federally-required Airfield project during the summer construction season and has budgeted three new off-budget 9212 Airport Security Officers to complete this project. Current staffing levels are not sufficient to ensure completion of the project in the planned time frame and hiring must commence immediately.
- **Art Commission (0.50 FTE).** The Art Commission has budgeted one 0.5 part-time 3549 Arts Program Assistant which is funded by the Community Arts and Education Youth Arts project. The position is currently filled with a temporary employee, and if this interim exception is not approved we would need to adjust temporary salaries to continue seamless programming.
- **Office of the City Administrator (8.00 FTE).** The City Administrator's Office is adding eight 2708 Custodian positions for the opening of the new PUC building. The PUC is funding these positions through a work order, and they are needed July 1 since building construction has finished.
- **Department of Emergency Management (3.00 FTE).** The Department of Emergency Management has budgeted three new grant funded positions as part of an exempt transition project in coordination with the Department of Human Resources. These positions include one 5291 Planner III, one 0931 Manager III that is budgeted between two index codes, and one 0932 Manager IV that is also budgeted between two index codes. Immediate hiring is needed to perform this important work and spend down grant funds.
- **Human Services Agency (5.00 FTE).** The Human Services Agency budgeted five new grant-funded positions. This includes four 2920 Medical Social Workers, and one 2924 Medical Social Work Supervisor. These positions will support the Community-Based Care Transitions Program funded by the federal government, and the Center for Medicare and Medicaid Innovation grant to develop new payment and delivery models. Each of these positions is currently being recruited for and is expected to be filled by the beginning of the fiscal year. If the interim exceptions for these positions are not approved, the Department's assumed grant revenue should be reduced accordingly.
- **Police Department (1.00 FTE).** The Police Department is budgeting one new off-budget 1824 Principal Administrative Analyst to support police positions funded by an Urban Areas Security Initiative (UASI) grant and to plan and provide analysis on UASI projects. Immediate hiring is needed to perform this important work and spend down grant funds.
- **Port (2.00 FTE).** The Port is budgeting one new 1244 Senior Personnel Analyst and one new 1054 Principal IS-Business Analyst. The 1244 is currently filled by an existing temporary employee, and if this interim exception is not approved the Department will need to adjust

temporary salaries to continue the current work being done. The 1054 has been budgeted to perform critical software upgrades to the Department's Oracle system and is needed immediately to perform this important work.

- **Office of the Public Defender (1.00 FTE).** The Public Defender's Office is adding one off-budget 2910 Social Worker. This position will be funded by the Edward Byrne Memorial JAG grant; it is needed July 1 to perform the work required by the grant and to spend down the grant funds.
- **Department of Public Health (6.00 FTE).** The Department of Public Health budgeted six grant funded positions to start on July 1; the process to hire these employees began in FY 2011-12, and the Department will be ready to start spending these funds in July of 2012. The positions include one 2586 Health Worker II to implement a pilot that started in FY 2011-12 to integrate Primary Care into Substance Abuse program settings; one 2818 Health Program Planner to complete work for a Community Transformation Grant to integrate evidence-based strategies to reduce death and disability due to tobacco use, obesity, and heart disease and stroke; and four 2830 Public Health Nurses that will start making home visits in July to families living within at-risk communities to implement a grant received from the State.
- **Department of Public Works (1.00 FTE).** The Department of Public Works is adding one project-funded limited-term 1822 Administrative Analyst position for the implementation of the Road Repaving and Streets Safety bond. The recruitment process has begun in anticipation of filling this position at the beginning of Fiscal Year 2012-13 to meet project timeline needs.
- **Recreation and Park Department (5.00 FTE).** The Recreation and Park Department included five new 3410 Apprentice Gardeners in their budget submission. The Department plans to have these employees start immediately with a new cohort of apprentice gardeners.
- **Office of the Treasurer & Tax Collector (0.50 FTE).** The Office of the Treasurer and Tax-Collector is budgeting one new grant-funded part-time 1840 Junior Management Assistant to work on financial literacy programs. This position is complimented by a new 0.5 1840 described in General Fund Positions above, thus 1.0 FTE will split their time between two different financial programs. The position is needed July 1 to perform this important work and spend down grant funds.

Please do not hesitate to contact me if you have any questions regarding the requested interim exceptions to the ASO.

Madam Clerk,

As required under the San Francisco Administrative Code, SEC 12P.3 (ii), this letter provides notice to the Board of Supervisors that the Mayor's Proposed Budget for Fiscal Years (FY) 2012-13 and 2013-14 does not contain funding for consumer price index increases for nonprofit corporations and public entities in either FY 2012-13 or FY 2013-14, nor for prior years. The Mayor's Proposed Budget does include a 1.0 percent increase for nonprofit corporations and public entities for the coming two fiscal years. Because the City's Joint Report, issued on March 7, 2012, projects a \$170 million shortfall in FY 2012-13 and a \$312 million shortfall in FY 2013-14, it would not be feasible to provide consumer price index increases through other budgetary reductions without jeopardizing City operations.

The Department receives no direct General Fund support, but receives a recovery from General City Responsibility to support the General Fund Departments' share of costs for Health Service Systems.

CHANGES TO HSS PROGRAMS IN FY 2012-13 AND FY 2013-14:

In FY 2011-12, the Health Service System was asked by Health Service Board to shift their enrollment period for employee health plans from April to January to coordinate the plan year with the calendar year. As a result, HSS has held two enrollment periods in FY 2011-12, as opposed to one, and the Department has postponed projects budgeted for in FY 2011-12 to FY 2012-13.

Overall, the needs of HSS in FY 2013-14 are unclear as the United States Supreme Court decision *Department of Health and Human Services, et al., Petitioners v. Florida, et al.* could change the nature, or associated compliance requirements, of HSS's provided services. Currently, HSS complies with the Patient Protection and Affordable Care Act of 2010.

FY 2012-13

- Increases in salaries and associated mandated fringe benefit costs because of negotiated labor, retirement and health benefits.
- The requested approval of 5 new part time positions in the Branch Program in order to extend the number of operating service hours at the Visitacion Valley and Portola Branch Libraries on Sundays and Mondays.

- Increased efforts to reach out to teens, including additional collections, SAT courses, writing tutorials, and homework assistance programs in the Children's Services program.
- The Facilities budget includes design funding for a "Teen Center" to be located at the Main Library. Further the Branch Library Improvement Program adds to the increase in the Facilities budget.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$4,618,508 largely due to:

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: LIB-LIBRARY

- All program's budgets are increasing as a result of a Department wide increase of \$2,617,380 in mandated fringe benefits from the proposed FY 2012-13 amount of \$24,075,494 to \$26,692,874.
- Further each programs budget is rising due to a Department wide increase of \$923,070 in salaries.
- A continued increase in the Department's Branch Program budget due to expanded services at various branch locations and increases in Salaries and Fringe Benefits.
- Facilities Program includes increased funding for various replacement vehicles and continued design work for the proposed "Teen Center".
- Electronic Resources for the Library's Collections budget is proposed to increase by \$532,000.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 638.87 FTEs, which are 10.46 FTEs more than the 628.41 FTEs in the original FY 2011-12 budget. This represents a 1.6% increase in FTEs from the original FY 2011-12 budget.

- The Department is proposing the addition of 5 new part-time positions, budgeted at .38 each for FY2012-13. The Department advises that the additional positions are necessary to fulfill increased staffing requirements associated with providing 12 public service hours at 2 Branch Libraries.
- Increased positions by 9.10 FTEs due to reduced attrition savings.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 641.59 FTEs, which are 2.72 FTEs more than the 638.87 FTEs in the proposed FY 2012-13 budget. This represents a 0.4% increase in FTEs from the proposed FY 2012-13 budget.

- The increase in FTE count reflects the (a) annualization of the 5 part-time positions that were added in FY2012-13, and (b) an increase of 2.13 FTEs due to further reduction in attrition savings.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$39,601,382 in FY 2012-13, are \$562,192 or 1.4% more than FY 2010-11 revenues of \$39,039,190. General Fund support of \$52,750,000 in FY 2012-13 is \$5,320,000 or 11.2% more than FY 2011-12 General Fund support of \$47,430,000.

Specific changes in the Department's FY 2012-13 revenues include:

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: LIB-LIBRARY

- The Library receives a significant portion of its revenues from the Library Preservation Fund, which was initiated in 1994 under Proposition E, renewed in 2007 under Proposition D, and codified in Charter Section 16.109. This Charter Section requires the City to annually appropriate General Fund revenues to the Public Library equal to the percentage amount of General Fund revenues received by the Library in FY 2006-07. Therefore, as total General Fund revenues increase, the appropriation to the Library Preservation Fund increases. Revenues from the General Fund in FY 2012-13 will equal \$52,750,000 which is \$5,320,000 or 11.2% more than FY2011-12 General Fund support of \$47,430,000.
- In addition, as codified in Charter Section 16.109, the Library Preservation Fund receives \$0.025 for every \$100 of assessed property value in the City. The proposed revenue from Property Taxes to the Library Preservation Fund in FY 2012-13 is \$37,265,000, an increase of \$1,700,000 or 4.8% more than FY2011-12 budget of \$35,565,000.
- Reliance on the Library Preservation Fund's balance decreases from \$947,103 in FY 2011-12 by \$506,630 to \$440,473 in FY2012-13 as receipts from local tax revenues were greater than they were in FY2011-12.

FY 2013-14

The Department's revenues of \$42,289,890 in FY 2012-13, are \$2,688,508 or 6.8% more than FY 2011-12 revenues of \$39,601,382. General Fund support of \$54,680,000 in FY 2012-13 is \$1,930,000 or 3.7% more than the FY 2011-12 General Fund support of \$52,750,000.

Specific changes in the Department's FY 2013-14 revenues include:

- As noted above, the Charter regarding the Library Preservation Fund dictates the projected \$54,680,000 Public Library's General Fund support and \$38,358,000 Property Tax revenues paid to the Public Library for FY 2013-14.
- The Library has budgeted use of \$2,035,981 from the Library Preservation Fund's balance to offset the large increase in fringe benefit and salary costs.

OTHER ISSUES

The Public Library's proposed budget includes five new part-time positions to extend service to seven days at two additional Branch locations, Visitacion Valley and Portola, based on recommendation by the Library Commission. Since FY 2006-07, the Library has been increasing hours of service at various Branch Libraries from 5 days to 6 and/or 7 days. In accordance with the City's Charter provisions to conduct an assessment every five years, the Controller's Office will be conducting a study of Public Library service hours, by facility, in FY 2012-13. The proposed additional hours of service in FY 2012-13 and FY 2013-14 will require additional resources from the Library's Preservation Fund balance. Given that such a study will be completed within the next six months, the decision to expand additional staff and service hours to these two Branch Libraries at this time is a policy consideration for the Board of Supervisors.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$25,640,380 largely due to:

- A significant increase in salary and fringe benefit costs, resulting from a 3% salary increase occurring on July 1, 2012 based on the City's agreement with the Firefighter's Union and a 4% salary increase in FY 2011-12, of which 3% was effective July 1, 2011 and 1% was effective January 1, 2012. The 4% FY 2011-12 salary increase was not included in the FY 2011-12 budget based on ongoing negotiations with the Firefighter's Union which weren't finalized until after the budget was approved.
- The re-activation of Fire Engine 35, located at Station 35 at Pier 22 ½ along the Embarcadero. Since July 1, 2009, this Engine has been deactivated and not staffed due to safety issues with the facility itself, and specifically the facility's ability to handle a Fire Engine and crew safely. There have been some improvements made to the facility, and the Department anticipates being able to re-staff the station effective July 1st, 2012.
- In January, 2012, the State agency, the Emergency Medical Services Authority allowed for San Francisco to become an exclusive operating area for 911 emergency response, limiting the number of ambulance providers within San Francisco's ambulance system to the Fire Department as the main provider and two private ambulance companies. In order for the Fire Department to maintain its position as the main provider of ambulance services within the City, it must maintain at least 80% market share. The Fire Department currently has a 70-72% market share. The Fire Department's current goal is to achieve 85-90% of emergency ambulance transports, which would require an academy class for H-3 Firefighter/Paramedics, consisting of 20 Level 1 (entry level) Firefighter/Paramedics, and the purchase of new equipment, such as ambulances, defibrillators, and gurneys.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$6,029,013 largely due to:

- An increase in fringe benefit costs.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 1,467.63 FTEs, which are 6.13 FTEs less than the 1,473.76 FTEs in the original FY 2011-12 budget. This represents a 0.4% decrease in FTEs from the original FY 2011-12 budget. The 6.13 decrease in FTE count is due to increases in Attrition.

The Department and the Mayor's Office are proposing the re-activation of Fire Engine 35, located at Station 35 at Pier 22 ½ along the Embarcadero effective July 1st, 2012. This will result in 4 additional members per day on 24-hour duty.

The Fire Department plans to conduct one H-3 Firefighter/Paramedic academy class to meet its 85 – 90% market share goal for emergency ambulance transport, consisting of 20 Level 1 Firefighter/Paramedics, scheduled to begin on July 9, 2012.

The Department and the Mayor's Office are proposing one entry-level H-2 Firefighter academy class, consisting of 42 entry-level firefighters, to begin training in September, 2012, allowing for a January, 2013 entry into the work force.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 1,453.78 FTEs, which are 13.85 FTEs less than the 1,467.63 FTEs in the original FY 2012-13 budget. This represents a 0.9% decrease in FTEs from the original FY 2012-13 budget.

The Department and the Mayor's Office are proposing one entry-level H-2 Firefighter academy class, consisting of 42 entry-level firefighters, to begin training in July, 2013 allowing for an October, 2013 entry into the work force.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$110,944,430 in FY 2012-13, are \$14,547,246 or 15.1% more than FY 2011-12 revenues of \$96,397,184. General Fund support of \$215,948,618 in FY 2012-13 is \$11,093,134 or 3.7% more than FY 2011-12 General Fund support of \$204,855,484.

Specific changes in the Department's FY 2012-13 revenues include:

- A supplemental reimbursement of federal funds for Medi-Cal ambulance transports as a result of a State assembly bill in 2011, which increased reimbursement rates from current rates for ambulance transports to match Federal Medicare reimbursement rates. The supplemental reimbursement is retroactive to January, 2010, and will result in increased reimbursement of \$300 per ambulance transport to the Department. The retroactive supplemental reimbursement will be divided between FY 2012-13 and FY 2013-14. The increased supplemental reimbursement for ambulance transports is ongoing.
- An increase in State Public Safety Sales Tax funds (0.5% of the State's 7.5% Sales Tax rate) as a result of the improving economy across the State.

	The Department has reduced attrition savings by \$140,000 in FY 2012-13. The Department's total salary budget for Administration exceeds the required budget for actual Administration positions in FY 2012-13. The reduction of \$130,206 plus related fringe benefits will give the Department sufficient funds to pay for Administration positions in FY 2012-13.

RECOMMENDATIONS

YEAR ONE: FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$54,009 in FY 2012-13. Of the \$54,009 in recommended reductions, \$35,251 are ongoing savings and \$18,758 are one-time savings. These reductions would still allow an increase of \$4,098,853 or 9.4% in the Department's FY 2012-13 budget.

In addition, approval of the Budget and Legislative Analyst's policy recommendations would result in savings of \$59,628 in FY 2012-13, which are ongoing savings.

YEAR TWO: FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$35,607 in FY 2013-14, which are ongoing savings.

In addition, approval of the Budget and Legislative Analyst's policy recommendations would result in savings of \$145,048 in FY 2013-14, which are ongoing savings.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$4,158,481 largely due to:

- Upgrade the Computer Aided Dispatch (CAD) system.

Tiburon Stratus CAD, which went live in April 2000, is the City's main 9-1-1 call processing application. It will no longer be supported by the vendor after March, 2015. In FY 2011-12, the Department received Committee on Information Technology (COIT) approval to update the existing Tiburon Stratus CAD system to the latest version of Tiburon Command CAD. Project costs are estimated to be \$3,643,257 and will be incurred in FY 2012-13 and FY 2013-14.

- BayWEB Project:

BayWEB is a new regional interoperability communications network that will allow first responders throughout the Bay Area to communicate during a disaster and on an ongoing basis using advanced technologies. The network is primarily funded by federal grants, with City General Fund support proposed to be \$226,764 in FY 2012-13.

- City's Earthquake Early Warning System:

Effective March 1, 2012, the Department (through coordination with the Controller's Office) entered into a three-year agreement with the Regents of the University of California to participate as a member in the Berkeley Seismological Lab's Earthquake Research Affiliates Program, which will give the City access to the program's ground motion data feed. The data provided by this program is expected to assist the Department in issuing early alerts in the event of an earthquake. The City will pay an annual membership fee of \$60,000.

- A reduction in attrition savings, as described in more detailed below.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$574,470 largely due to a decrease in CAD system update project costs, pending future approval by COIT.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 243.92 FTEs, which are 30.36 FTEs more than the 213.56 FTEs in the original FY 2011-12 budget. This represents a 14.2% increase in FTEs from the original FY 2011-12 budget. General Fund supported positions have increased by 6.86 FTEs, largely due to an attrition adjustment, as described below.

The primary position changes include:

- Recognition of 20 FTEs previously off-budget positions:

The Department's FY 2012-13 budget recognizes 20 FTEs that were shown as "off-budget" positions in the FY 2011-12 budget. These positions are funded by federal Homeland Security grants. Along with the recognition of the positions, the Department's budget also identifies the specific grant funding source.

- Four new grant-funded positions.
- Exempt Transition Project:

As a result of a Department of Human Resources (DHR) audit conducted in 2011, DHR informed the Department of Emergency Management that of 33 positions hired as Civil Service exempt positions, 10 of these positions had exceeded their three year limit for Civil Service exempt status. At the direction of the Civil Service Commission, the Department has worked with DHR to review the Department of Emergency Management's staffing needs, identify positions that should be transitioned to regular permanent positions, and develop examinations for permanent positions. As of June 2012, all of the proposed position transitions have been approved by DHR. As part of this process, DHR developed a new classification series "Emergency Services Coordinator" (8600-8604) to more appropriately serve the needs of the Department, which currently uses the City's Planner series to meet its emergency services personnel needs.

Five upward substitutions have been approved by DHR as part of this exempt transition process, two of which are positions supported by the General Fund, as follows:

- 1 FTE Class 5291 Planner III, transition to Class 0922 Manager I (to serve as Public Information Officer)
- 1 FTE Class 0932 Manager IV, transition to Class 0933 Manager V (to serve as Assistant Deputy Director)

The Budget and Legislative Analyst does not recommend approval of the upward substitution of the Class 0922 Manager I for the Class 5291 Planner III, since the position would not have supervisory responsibility. Instead, the Class 5291 Planner III should be replaced with the new Class 8603 Emergency Services Coordinator III classification.

- **Attrition Reduction and Corresponding Overtime Reduction:**

The proposed FY 2012-13 budget includes a reduction to attrition savings of \$350,996. The Department requested this to account for a lower separation/retirement rate than previously anticipated, based on a lower than typical separation/retirement rate experienced in FY 2011-12. Since the Department had lower overtime expenditures as a result of lower attrition in FY 2011-12, the proposed FY 2012-13 budget included a reduction of \$345,709 in overtime costs.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 239.25 FTEs, which are 4.67 FTEs less than the 243.92 FTEs in the original FY 2012-13 budget. This represents a 1.9% decrease in FTEs from the original FY 2012-13 budget.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$5,624,360 in FY 2012-13 are \$3,377,783 or 150.4% more than FY 2011-12 revenues of \$2,246,577. General Fund support of \$42,082,982 in FY 2012-13 is \$780,698 or 1.9% more than FY 2011-12 General Fund support of \$41,302,284.

Specific changes in the Department's FY 2012-13 revenues include an increase in federal Homeland Security grants to coincide with the recognition of 20 FTEs that were previously shown as "off-budget".

FY 2013-14

The Department's revenues of \$5,521,602 in FY 2013-14 are \$102,758 or 1.8% less than FY 2012-13 revenues of \$5,624,360. General Fund support of \$41,611,270 in FY 2013-14 is \$471,712 or 1.1% less than FY 2012-13 General Fund support of \$42,082,982.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$54,009 in FY 2012-13. Of the \$54,009 in recommended reductions, \$32,251 are ongoing savings and \$18,758 are one-time savings. These reductions would still allow an increase of \$4,098,853 or 9.4% in the Department's FY 2012-13 budget.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$30,317,040 largely due to:

- Increases in salary and fringe benefit costs. The Department anticipates significant retirements in FY 2012-13 and FY 2013-14 due, in part, to the expiration of the Deferred Retirement Option Program (DROP). To address attrition, the Department has developed a 6-year hiring plan to gradually increase the number of new officers in its force, including three General Fund supported Police Academy classes of 50 recruits each year in order to backfill retirements and increase the size of the force. In FY 2012-13, the Airport will also fund a class of 30 recruits to address its increased needs. The hiring plan also includes the hiring of civilian staff to allow the Department to move officers currently performing non-sworn functions back into the field.
- A new public safety building, currently under construction, that will be furnished with new furniture, fixtures, and equipment. The building, which will contain the new Police headquarters and house new police and fire stations, is scheduled to open in 2014 in the Mission Bay neighborhood.
- Technological improvements, including an expansion of the pilot *Cameras on Officers* program, the creation of a robust data warehouse, equipping officers with property technology tools, creating a technology help desk, and building a technology team.
- Two additional positions in the Office of Citizen Complaints to assist with investigating police misconduct allegations.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$20,925,925 largely due to:

- Continued increases in salary and fringe benefit costs due to anticipated retirements in FY 2012-13-. As noted above, to address attrition, the Department has developed a 6-year hiring plan to gradually increase the number of new officers in its force, including three General Fund supported Policy Academy classes of 50 recruits each year in order to

- Continued increased costs for the new public safety building, scheduled to open in 2014.
- Continued increased costs for technological improvements, noted above.

INTERIM EXCEPTIONS

The Department has requested approval of 1.00 FTE 1824 Principal Administrative Analyst position as an interim exception. The Budget and Legislative Analyst recommends approval of 1.00 FTE position as an interim exception as:

- The Board approved a motion to accept and expend the UASI grant in the amount of \$35,546,960 from the U.S. Department of Homeland Security to assist in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from threats and acts of terrorism (File No. 12-0321).
- The position was approved by the Board on April 24, 2012 as an amendment to the FY 2011-12 Annual Salary Ordinance reflecting a 0.33 FTE increase (File No. 12-0321).

DEPARTMENT: DAT – DISTRICT ATTORNEY

The proposed budget includes seven position reassignments that are currently grant-funded positions proposed to be supported by the General Fund under the reassignment. The positions include:

- Three 8177 Attorneys and one 8129 Victim/Witness Investigator:

Since 2010, these four positions have been funded by American Recovery and Reinvestment Act (ARRA) grant funds that are set to expire. These four positions were supported by the General Fund prior to the receipt of the ARRA funds in 2010. Under the proposed reassignment, the four positions would once again be supported by the General Fund. The Budget and Legislative Analyst recommends approval of these reassignments.

- Three 8129 Victim/Witness Investigators:

These three positions, which conduct outreach to victims of crime in the community, were previously funded by grants that no longer support the costs of the positions. The positions would be funded by the General Fund under the reassignment. These three positions were not supported by the General Fund prior to the grant funding. The Budget and Legislative Analyst believes that approval of these reassignments is a policy matter for the Board of Supervisors.

The primary change in the Department's FY 2012-14 positions is a reduction in Limited Term attorney and investigator personnel that were added during FY 2011-12 to address backlogged homicide cases and carry out other temporary work related to police misconduct cases.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$10,800,310 largely due to the anticipated need for increased services as a result of the 2011 Public Safety Realignment Act (AB 109). This State legislation transferred supervisory responsibilities for non-serious, non-violent and non-sex offenders from the California Department of Corrections and Rehabilitation to the counties, beginning October 1, 2011. Realignment requires the coordination of several departments in San Francisco, including Adult Probation, Sheriff, Police, Public Health, District Attorney and Public Defender's office.

To comply with AB109, the Adult Probation Department is specifically charged with post-release community supervision. The department has focused programs on pre-release planning, post-release supervision, and service coordination with other departments to ensure that clients are able to access housing, employment, mental health and substance abuse resources during their transition from incarceration.

Based on the state funding formula, the Adult Probation Department expects to receive \$8,539,301 in FY 2012-13 for AB109 Realignment programs. The department will also receive \$1,356,567 from the City's Community Corrections Performance Incentive Fund.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$7,183 largely due to the completion of the COMPAS case management data tracking system implementation.

SUMMARY OF DEPARTMENT POSITION CHANGES:

Most of these position changes are related to increased staffing needs to support Public Safety Realignment. In September 2011, the Board of Supervisors approved a supplemental

FY 2012-13 AND FY 2013-14

DEPARTMENT: DPH -- PUBLIC HEALTH

RECOMMENDATIONS

YEAR ONE: FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$1,114,132 in FY 2012-13. Of the \$1,114,132 in recommended reductions, \$670,450 are ongoing General Fund savings and \$443,682 are one-time savings. These reductions would still allow an increase of \$97,243,054 or 6.2% in the Department's FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended General Fund encumbrances, which would allow the return of \$103,712 to the General Fund.

Together, these recommendations will result in \$1,217,844 savings to the City's General Fund in FY 2012-13.

The Budget and Legislative Analyst includes a Policy Recommendation that would result in a total savings of \$164,202:

YEAR TWO: FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$516,937 in FY 2013-14, which are ongoing. These reductions would still allow an increase of \$72,433,162 or 4.3% in the Department's FY 2013-14 budget.

These recommendations will result in \$516,937 savings to the City's General Fund in FY 2013-14.

The Budget and Legislative Analyst includes a Policy Recommendation that would result in a total savings of \$222,410.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$98,357,185 largely due to:

- An increase in expenditures for acute care at San Francisco General Hospital. The growth in expenditures for this program is primarily due to investments in its delivery system to expand capacity and services to meet the requirements of the State's Medi-Cal 1115 Waiver. The Medi-Cal Waiver was designed to prepare counties for Federal Health Care Reform and ties Medi-Cal revenues to achieving specific milestones. These investments include infrastructure development, and increased access to specialty care, among other improvements. Additionally, there are increased costs to the contract between DPH and the University of California, San Francisco (UCSF) due to increased salaries and fringe benefits for UCSF staff

working at the San Francisco General Hospital under collective bargaining agreements between UCSF and the respective labor unions.

- An increase in expenditures for the Low Income Health Program (LIHP) due to changes in federal policy. Patients with HIV or AIDS who are eligible for the LIHP must be dis-enrolled from the Federal Ryan White program and enrolled into LIHP. The increase in expenditures also reflects costs associated with medication paid for by Federal funding. In addition, counties are now responsible for the costs of out of network services incurred by their LIHP clients.
- In order to draw down Federal funding incentives, the Department is increasing expenditures for its implementation of electronic medical records. With the use of electronic medical records, the Department is hoping to achieve efficiencies in service delivery and improve health outcomes. Should the Department not achieve meaningful use by 2015, the federal government will reduce federal reimbursement until meaningful use is achieved.
- The Department is launching several initiatives to improve patient flow within the San Francisco General Hospital, Laguna Honda Hospital, and Behavioral Health Center. Expenditures include (a) increased staffing, (b) an increase in the number of non-acute beds to improve the utilization of beds and promote timely discharge of non-acute patients from San Francisco General Hospital, and (c) intensive community re-entry activities to ensure timely discharge from Laguna Honda Hospital.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$72,950,099 largely due to:

- The Department will invest \$40 million to procure furniture, fixtures, and equipment for the new San Francisco General Hospital, scheduled to be opened in 2015. These expenditures are not eligible to be included in the budgeted expenditures for future and previously appropriated bond funding.
- The Department will continue to increase expenditures due to requirements of the State's Medi-Cal 1115 Waiver and decrease in Federal funding for HIV and AIDS patients.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 5,801.51 FTEs, which are 130.22 FTEs more than the 5,671.29 FTEs in the original FY 2011-12 budget. This represents a 2.3% increase in FTEs from the original FY 2011-12 budget.

The Department's FY 2012-13 budget includes 79.45 FTE new positions, as well as annualization of new positions from FY 2011-12, to meet the milestones set out in the Medi-Cal 1115 Waiver in order to prepare for Federal Health Care Reform. The Department will also add 3.39 FTE positions to the Laguna Honda Hospital to implement a short stay program to improve patient flow for skilled nursing services. Additionally, the FY 12-13 budget includes 6.52 new FTE positions in the San Francisco General Hospital Acute Care program to meet regulatory requirements for nurse staffing for patient services where moderate sedation is required. These position increases are offset by the deletion of existing FTEs and other adjustments.

DEPARTMENT: DPH – PUBLIC HEALTH

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 5,849.12 FTEs, which are 47.61 FTEs more than the 5,801.51 FTEs in the original FY 2012-13 budget. This represents a 0.8% increase in FTEs from the original FY 2012-13 budget.

The Department's FY 2013-14 budget includes 50.36 FTE new positions in FY 2013-14, as well as annualization of new positions from FY 2012-13, to meet the milestones set out in the Medi-Cal 1115 Waiver in order to prepare for Federal Health Care Reform. These increases are offset by other position adjustments.

INTERIM EXCEPTIONS

The Department has requested approval of one position as an interim exception. The Budget and Legislative Analyst recommends approval of this position because the Department has already filled this position.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$1,229,266,935 in FY 2012-13, are \$15,237,600 or 1.3% more than FY 2011-12 revenues of \$1,214,029,335. General Fund support of \$446,368,118 in FY 2012-13 is \$83,119,586 or 22.9% more than FY 2011-12 General Fund support of \$363,248,532.

Specific changes in the Department's FY 2012-13 revenues include:

- The Department's increased General Fund support in FY 2012-13 is due to the loss of Federal revenues and increased responsibilities under Federal Health Care Reform. While the Department will receive significant Medi-Cal revenues from the State, this revenue is tied to meeting specific milestones, which require additional investments to be made into DPH's delivery system.
- The Department anticipates losing \$6.6 million in Federal Ryan White and Centers for Disease Control funding for HIV and AIDS programs, which is fully backfilled by General Fund support.
- The Department anticipates an increase of \$36.8 million in revenue from service charges. This growth results from increases in State Medi-Cal funding as well as increases in baseline revenue for San Francisco General Hospital and Laguna Honda Hospital.

FY 2013-14

The Department's revenues of \$1,236,812,744 in FY 2013-14, are \$7,545,809 or 0.6% more than FY 2012-13 revenues of \$1,229,266,935. General Fund support of \$511,772,408 in FY 2013-14 is \$65,404,290 or 14.7% more than FY 2012-13 General Fund support of \$446,368,118.

Specific changes in the Department's FY 2013-14 revenues include:

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: DPH – PUBLIC HEALTH

- The Department anticipates changes in revenue and General Fund support in FY 2013-14 that are consistent with the revenue issues discussed above for FY 2012-13. While the Department anticipates losing \$8 million in Federal Ryan White funding for HIV and AIDS programs in FY 2013-14, only \$4 million in General Fund support is included in the FY 2013-14 budget to support these programs. The Department will have to identify efficiencies and savings to help address the shortfall in funding for HIV and AIDS programs in FY 2013-14. Additionally, the Department anticipates an increase of \$14.1 million in revenue from service charges.

Fee Legislation

Projected revenues for FY 2012-13 are based on the proposed fee ordinance as follows:

File No.	Fee Description	FY 2011-12 Original Revenue	Change in FY 2012-13	Annualized Revenue Thereafter	% Cost Recovery
12-0638	Add or increase the fees for (a) food product and marketing establishments, and (b) food preparation and service establishments to (i) recover full costs, and (ii) reflect annual cost of living increases.	\$6,920,331	\$652,068	\$652,068	100%
12-0604	Patient Rates	As of the writing of this report, the Department has not provided this information	\$3,800,000	\$4,000,000	N/A
Total		\$6,920,331	\$4,452,068	\$4,652,068	

Recommendations: Approval of the fee ordinances are policy matters for the Board of Supervisors. However, the Budget and Legislative Analyst notes that the proposed DPH budget is balanced based on the assumption that the subject fees shown above will be approved.

COMMENTS:

FY 2012-13

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$6,062,538 largely due to:

- A net increase in administration, notably for the HVAC repair and replacement project at the offices on 170 Otis Street.
- An increase in Children's Baseline offset by work orders requested by Department of Children, Youth, and Families (DCYF) and Children and Families Commission (First Five). In FY 2012-13, the Mayor is consolidating childcare services into the Office of Early Care and Education under the Human Services Agency (HSA). Administrative staff and funding for early care and education is being transferred from the First Five and the DCYF to the Department. The Department is also proposing new funds to backfill State funding reductions for Title V childcare providers.

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: DSS – HUMAN SERVICES AGENCY

- A decrease in aid payments under Family and Children’s Services, mostly due to the lower than expected cost increases in foster care and child care, Kinship Guardian Assistance Payment Program (Kin-Gap), and adoption assistance aid.
- An increase in Homeless Services for an initiative to increase housing capacity for clients with schizophrenia. HSA is collaborating with the Department of Public Health (DPH) as part of a larger pilot program focused on determining the effectiveness of making schizophrenic/schizoaffective disorder a presumptive disability as defined by the Social Security Administration. The Department is working with DPH to provide services and greater access to housing for these clients.
- An increase in the Office of Aging and Adult Services (DAAS) to fund two grant-funded transitional care programs that create (a) a medical home for clients and (b) a support network for the most vulnerable patients within six weeks after being discharged from the hospital to reduce hospital readmissions. The proposed FY 2012-13 budget also includes increased General Fund monies for (a) nutritional services to backfill reductions in federal and state grants in the Home Delivered and Congregate Meals program; and (b) the Services Connection Project for older adults and adults with disabilities, residing in housing owned by the San Francisco Housing Authority to backfill the expired federal ROSS (Residential Opportunities for Self Sufficiency) Grant.
- An increase in Welfare to Work, primarily to pay for temporary salaries for the Jobs Now 4 subsidized employment program.

FY 2013-14

The Department’s proposed FY 2013-14 budget has increased by \$3,667,646 largely due to:

- An increase in Family and Children Services, mainly due to the increases in retirement benefits for employees and adoption aid payments.
- Increases in the Homeless Services, primarily due to additional funding for the Care Not Cash Program and the Housing Pipeline Projects. Five new supportive housing projects, sponsored by the Mayor’s Office of Housing, will be completed in FY 2013-14 for which HSA will fund operating and supportive services costs.
- Increases in the In-Home Supportive Services (IHSS) program due to increases in Community First Choice Option Program revenues offset by reductions in General Fund revenue. Established by the Affordable Care Act of 2010, this new State Plan Option provides San Francisco an additional six percent federal funding for IHSS services.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 1,753.79 FTEs, which are 63.27 FTEs more than the 1,690.52 FTEs in the original FY 2011-12 budget. This represents 3.7% increase in FTEs from the original FY 2011-12 budget. The increase in positions is due primarily to:

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: DSS – HUMAN SERVICES AGENCY

- 50 positions in the Welfare to Work Program, funded by temporary salaries in FY 2012-13, to provide subsidized employment to low-income San Francisco residents as part of the Jobs Now Program;
- Transfer of three existing positions from First Five and DCYF for the new Office of Early Care and Education;
- The addition of 8 grant-funded positions for FY 2012-13; and
- Reductions in attrition savings to allow HSA to hire vacant positions.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 1,742.92 FTEs, which are 10.87 FTEs less than the 1,753.79 FTEs in the original FY 2012-13 budget. This represents 0.6% change in FTEs from the original FY 2012-13 budget.

The decrease in FTEs is mainly due to increases in attrition savings and deletion of grant-funded and other vacant positions.

INTERIM EXCEPTIONS

The Department has requested approval of 9 positions as an interim exception. The Budget and Legislative Analyst recommends approval of 8 positions as an interim exception and disapproval of 1 position.

- The Budget and Legislative Analyst recommends approval of 2.0 FTE 1822 Administrative Analysts for the Broadband Technology Opportunities Program, 1.0 FTE Employment And Training Specialist III to manage a Department of Labor (DOL) grant that provides subsidized employment for non-custodial parents, and 4.0 FTE Medical Social Workers and 1.0 FTE Medical Social Worker Supervisor for the Community-Based Care Transition Program and the Center for Medicare and Medicaid Innovation grant to develop new payments and delivery models.
- The Department requested an interim exception for 1.0 FTE 0922 Manager I for the Lesbian, Gay, Bisexual and Transgender Seniors (LGBT) Task Force, which would be established if approved by the Board of Supervisors in a pending ordinance (File No. 12-0378), and the Dementia Care Plan. The Budget and Legislative Analyst recommends that this position, which has analytical and program coordination but not management responsibilities, be budgeted as 0.92 FTE 1824 Principal Administrative Analyst, which would allow for an August 1, 2012 hire date. Because this position would support a new program, approval of the proposed 0.92 FTE 1824 Principal Administrative Analyst is a policy matter for the Board of Supervisors.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$471,051,281 in FY 2012-13, are \$12,019,671 or 2.6% more than FY 2011-12 revenues of \$459,031,610. General Fund support of \$228,567,249 in FY 2012-13 is \$5,957,133 or 2.5% less than FY 2010-11 General Fund support of \$234,524,382.

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: DSS—HUMAN SERVICES AGENCY

Specific changes in the Department's FY 2012-13 revenues include:

- While the Department experiences a net reduction in federal funding in FY 2012-13, this reduction is offset by increases in State funding in administrative support for adoption assistance, child welfare services, and foster care assistance programs. The Department will also receive additional funding from State Health and Welfare Tax revenues.
- The Department will receive new federal funding sources including a Department of Labor grant awarded to the Office of Economic and Workforce Development that will support subsidized employment for non-custodial parents and funding for Supplemental Nutrition Assistance Program (SNAP) Innovation Ideas Project, where funding is awarded on a competitive basis to improve nutrition education offering for children and families.

FY 2013-14

The Department's revenues of \$470,932,595 in FY 2013-14, are \$118,686 or 0.03% less than FY 2012-13 revenues of \$471,051,281. General Fund support of \$232,353,581 in FY 2013-14 is \$3,786,332 or 1.7% more than FY 2012-13 General Fund support of \$228,567,249.

Specific changes in the Department's FY 2013-14 revenues include:

- With the advent of the federal health care reform and the implementation of the Affordable Care Act, the Department anticipates more than \$1 million in savings resulting from the expansion of the County Adult Assistance Program (CAAP) program that would include Medi-Cal eligibility services in FY 2013-14.

OTHER ISSUES

FY 2012-2013 and FY 2013-2014 Expenditure Plans for Human Services Care Fund

File No. 12-0598. This resolution would approve the Department's proposed FY 2012-2013 and FY 2013-14 Human Services Care Fund expenditure plans for the Housing First Program. The Housing First Program focuses on placing the homeless and the formerly-homeless CAAP into permanent supportive housing.

The FY2012-13 budget of \$14,453,577, consists of proposed expenditures supported by (a) \$13,698,867 in projected Human Services Care Fund revenues, (b) \$470,727 in prior-year unexpended revenues, and (c) \$283,983 in General Fund revenues. \$14,005,521, or 96.9% of the Human Services Care Fund, are for housing, while \$448,056, or 3.1%, are for services.

The FY2013-14 budget of \$14,859,737 consists of expenditures supported by (a) \$13,698,867 in projected FY2013-14 Care Fund revenues and (b) \$1,106,870 in General Fund revenues. \$14,411,681 or 97.0% are for housing, while \$448,056, or 3.0%, are for services.

Recommendation: Approval of the proposed resolution to adopt the expenditure plans is a policy matter for the Board of Supervisors.

RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14

DEPARTMENT: DSS—HUMAN SERVICES AGENCY

Child Care Services Contract Modification

File No. 12-0599. This resolution would approve modification of the existing contract between the City and County of San Francisco and the Children's Council of San Francisco to serve as the fiscal agent and administrator for childcare services funded by CalWorks and other childcare services, from July 1, 2012 to June 30, 2017, in the amount of \$240,869,365.

The State CalWorks Child Care Program, through the State Department of Education (CDE) and State Department of Social Services (CDSS), subsidizes child care for low income families through a three-stage program. The State has approved the Children's Council of San Francisco as an Alternative Payment Provider to administer CalWorks child care funding. Currently, Children Council administers almost all subsidized child care payments and child care workforce funding in San Francisco County. Since 1998, the Department has contracted with Children's Council as a sole source contract for administration of CalWorks Stage 1 childcare subsidies to CalWorks families, and for CalWorks Stage 2 childcare subsidies to families who are transitioning off cash aid. CDE directly contracts with the Children's Council to administer Stage 3 subsidies to families who exceeded the two-year Stage 2 period.

HSA is proposing a five-year extension to the sole source contract in order to have a single administrator for CalWorks Stage 1 and Stage 2 childcare subsidies, funded by HSA, and CalWorks Stage 3 childcare subsidies, funded by CDE.

In November 2010, The Budget and Legislative Analyst conducted a performance audit of San Francisco's early child care and education and recommended that HSA (a) develop a competitive solicitation for administration of the Wages Plus program, which was administered by the Children's Council, for the June 2012 contract renewal, and (b) require Children's Council to provide a summary report of reasons for under expenditures or over expenditures in each childcare funding stream. According to the Department, the Department has implemented the audit recommendations, including (a) receiving monthly accounting by spending categories from Children's Council; and (b) issuing a Request for Proposals (RFP) jointly with DCYF and First 5 for C-WAGES, the successor to the WAGES Plus program.

Recommendations:

Amend the proposed resolution to specify the contract amount is not to exceed \$240,869,365.
Approve the proposed resolution as amended.

Conard House Inc. Retroactive Contract

File No. 12-0600. This resolution would retroactively approve a contract between the City and County of San Francisco and Conard House Inc., a nonprofit organization, to provide (a) master-leased housing under HSA's Housing First Program to formerly homeless single adults and (b) money management services to elderly senior citizens. The contract is for 5 years and 3 months, from April 1, 2012 to June 30, 2017, for an amount not to exceed \$19,142,302.

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: DSS – HUMAN SERVICES AGENCY

Under the proposed contract, Conard House, a nonprofit organization, would manage the McAllister Hotel, Aranda Hotel, and Allen Hotel, which are Single Room Occupancy (SRO) hotels, under a master lease. Conard House has managed the McAllister Hotel under a master-lease contract with HSA since March 2009. Under the proposed contract, HSA selected Conard House to manage the Aranda and Allen Hotels in a Request for Qualification (RFQ) after the prior manager, Tenderloin Health, entered into bankruptcy on April 6, 2012. Because the new contract with Conard House to manage the three hotels exceeds \$10 million, HSA is seeking retroactive approval from the Board of Supervisors.

Under the contract, Conard House will provide:

- Services to residents of the three hotels that include assessment of needs and skills, case management, advocacy and assistance to benefits programs, service referrals to community agencies, conflict resolution, and organized tenant activities;
- Money management services to seniors and adults with disabilities, under an agreement between DAAS and Conard House from July 1, 2012 to June 30, 2015, which will assist 45 consumers and conduct 9,450 consumer contacts.
- On-site micro computer services to 8 supportive housing sites and 2 case management sites, funded by a federal American Recovery and Reinvestment Act (ARRA) grant funds from January 8, 2011 to December 30, 2013.

Recommendation: Approve the proposed resolution.

Homeless and Senior Services Contract – Episcopal Community Services

File No. 12-0602. This resolution would approve the contract between the City and County of San Francisco and the Episcopal Community Services (ECS) to provide safety net services to the homeless, formerly homeless, and frail and elderly senior citizens in San Francisco for the five-year period from July 1, 2012 to June 30, 2017 for not-to-exceed \$76,016,410. This proposed contract was competitively bid through various RFPs for the services to be provided by ECS, including supportive services and case management, emergency shelter, 477 units of master-lease permanent housing, rental assistance, meals, employment services, and senior center services. Prior to the proposed contract, the Department had a three-year contract with ECS from FY 2005-06 through FY 2008-09, with three one-year extensions through FY 2011-12.

Recommendations:

Amend the proposed resolution to specify the not to exceed amount of \$76,016,410.
Approve the proposed resolution as amended.

Homeless Shelter Services Contract - St. Vincent De Paul Society

File 12-0603. The resolution would approve the renewal of the existing contract between the City and County of San Francisco and St. Vincent De Paul Society, which was effective from July 1,

St. Vincent will continue to provide emergency shelter services including sleeping facilities, meals and support services for up to 340 homeless adults per day at the Multi Service Center South Adult Shelter (525 Fifth Street), a City-owned building. Approve the proposed resolution as amended.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$873,058 in FY 2012-13. Of the \$873,058 in recommended reductions, \$823,058 are ongoing savings and \$50,000 are one-time savings. These reductions would still allow an increase of \$5,189,480 or 0.7% in the Department's FY 2012-13 budget.

The Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances totaling \$95,358, of which \$37,032 is General Fund.

Together, these recommendations will result in \$500,213 savings to the City's General Fund in FY 2012-13.

In addition, the Budget and Legislative Analyst includes a policy recommendation totaling a savings of \$140,421.

FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$872,094 in FY 2013-14. Of the \$872,094 in recommended reductions, \$831,177 are ongoing savings and \$40,917 are one-time savings. These reductions would still allow an increase of \$2,795,552 or 0.4% in the Department's FY 2013-14 budget.

These recommendations will result in \$473,450 savings to the City's General Fund in FY 2013-14.

In addition, the Budget and Legislative Analyst includes a policy recommendation totaling a savings of \$154,602.

We recommend substitution of a 0.92 FTE 1824 Principal Administrative Analyst, which would allow a hire date of August 1, 2012 rather than July 1, 2012. The Principal Administrative Analyst is the appropriate position for this new program, because the program position does not require management responsibilities. Approval of the proposed position, as noted below, is a policy matter for the Board of Supervisors because this is a new program which would result in new General Fund costs.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$6,056,353 largely due to:

- Planning requirements for the construction of the 17th and Folsom Park as part of the Eastern Neighborhoods Program, funded by the Eastern Neighborhoods impact fee;
- Completing the Environmental Impact Report (EIR) for the City's Transit Effectiveness Project and development of environmental review procedures for the Transportation Sustainability Program, in coordination with the Municipal Transportation Agency, San Francisco County Transportation Authority, and Office of Economic and Workforce Development;
- Continued implementation of the integrated Permit & Project Tracking System (jointly with the Department of Building Inspection), which will standardize permit processing;
- Planning and environmental review for the new Warriors basketball team stadium to be located at Piers 30 & 32; and
- Increased work order costs from the City Attorney's office due increased litigation related to Environmental Impact Reports (EIR) and other planning issues.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$2,436,683 largely due to:

- An anticipated reduction in capital project expenses following completion of the planning work for the 17th and Folsom Park in the Eastern Neighborhoods Program; and
- A reduction in contract expenses due to completion of the Transportation Sustainability Program EIR.

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 152.29 FTEs, which are 0.25 FTEs less than the 152.54 FTEs in the original FY 2012-13 budget. This represents a .16% decrease in FTEs from the original FY 2012-13 budget. In FY 2013-14, the Department is substituting one manager position in the Planning Commission staff and is annualizing new positions added in FY2012-13.

INTERIM EXCEPTIONS

The Department has requested approval of 2 positions as an interim exception. The Budget and Legislative Analyst recommends disapproval of these 2 positions as an interim exception. These positions are one limited tenure planner and one limited tenure environmental planner related to the Warriors basketball team proposed stadium project for Piers 30 & 32.

RECOMMENDATIONS

YEAR ONE: FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$201,461 in FY 2012-13. Of the \$201,461 in recommended reductions, \$99,461 are ongoing savings and \$102,000 are one-time savings. These reductions would still allow an increase of \$13,336,654 or 41.0% in the Department's FY 2012-13 budget.

The Budget and Legislative Analyst's policy recommendation totals \$1,000,000 in FY 2012-13. If the Board of Supervisors approves the policy recommendation, the recommended reductions to the proposed budget total \$1,201,461 in FY 2012-13. These reductions would still allow an increase of \$12,336,654 of 37.9% in the Departments FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended General Fund encumbrances, which would allow the return of \$122 to the General Fund.

Together, these recommendations will result in \$1,194,652 savings to the City's General Fund in FY 2012-13.

YEAR TWO: FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$105,874 in FY 2013-14, all of which are ongoing savings.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$13,538,115 largely due to:

- Ongoing implementation of the Mayor's 17-Point Jobs Plan, which will include involving local nonprofits in providing technical skills training and job placement services to San Francisco residents.
- One-time funding for the City's Cruise Ship Terminal project, in preparation for the America's Cup. The Department's proposed FY 2012-13 budget also includes ongoing funding for positions and consultants related to planning for the 34th America's Cup.
- Annualization of the Mayor's small business loan program, which was created in FY 2011-12.
- Introduction of the Mayor's Improve Blighted Areas initiative, which will focus on Central Market and 6th Street areas.
- Increased funding for the City's Film Rebate Program, which provides rebates to companies producing feature films in San Francisco.
- New funding to absorb a job readiness initiative previously assigned to the San Francisco Redevelopment Authority.
- New efforts to bring the Golden State Warriors basketball team to San Francisco and additional coordination between the City and nightlife purveyors.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$7,881,075 largely due to:

- A reduction in capital project funding, following the anticipated completion of Phase I of the Cruise Ship Terminal project, which will be utilized as part of the 34th America's Cup.
- A reduction in Workforce Development multi-year Federal Grant Funds.
- These reductions are offset, in part, by the annualization of new positions.

Department has historically underspent this budget line item, and the Mayor has proposed a \$1,179,187 increase in FY 2012-13. According to the Department, vacancies have contributed to the Department's inability to exhaust its Community Based Organization Services allocation. The Small Business Revolving Loan Fund received a \$1,000,000 supplemental appropriation, as approved by the Board of Supervisors on March 27, 2012 (File 12-0049). Of the \$1,000,000 supplemental appropriation, \$500,000 was placed on Budget and Finance Committee reserve, pending an update on the program. As of June 13, 2012, none of the \$1,000,000 supplemental appropriation had been expended. As a continuing project, these funds can be carried over into subsequent years. Because these funds have not been expended, the Department provided a budget that increases the program budget from \$2,000,000 per year to \$2,500,000 per year. A reduction of \$1,000,000 in the Department's FY 2012-13 budget would still allow \$2,000,000 of funding for the Small Business Revolving Loan Fund in FY 2012-13 (\$1,000,000 modified budget appropriation plus \$1,000,000 continuing funds). Furthermore, the Budget and Legislative Analyst recommends placing the FY 2012-13 and FY 2013-14 appropriations on Budget and Finance Committee reserve, pending the anticipated update on the program. Reducing the department's FY 2012-13 budget and placing the FY 2012-13 and 2013-14 funds on reserve are policy matters for the Board of Supervisors.

RECOMMENDATIONS

YEAR ONE: FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$1,130,126 in FY 2012-13. Of the \$1,130,126 in recommended reductions, \$851,316 are one-time savings and \$278,810 are ongoing savings. These reductions would still allow an increase of \$1,174,373 or 2.5% in the Department's FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended encumbrances, for an additional one-time savings of \$12,725.

Together, these recommendations will result in \$1,142,851 savings in FY 2012-13.

The recommended salary savings (from Attrition Savings and related Mandatory Fringe Benefits) total \$851,316 in FY 2012-13. None of these savings are in the City's General Fund. The Budget and Legislative Analyst recommends that the Board of Supervisors place these savings on Budget and Finance Committee reserve, to be released if the Department's actual staffing needs exceed projections.

YEAR TWO: FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$488,810 in FY 2013-14. All of the \$488,810 in recommended savings are ongoing. These reductions would still allow an increase of \$1,494,090 or 3.0% in the Department's FY 2013-14 budget.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$2,304,499 largely due to:

- Continued recovery of construction activities following the unprecedented collapse in FY 2007-08, resulting in substantial new permit and plan checking requests. While the volume of permits has rebounded to a small extent, the number of large valuation issued permits (and more complex) projects has substantially increased. DBI is projecting growth in their permit workload of 5.0%.
- Personnel cost increases with the addition of 27 new operating and project-based positions. The Department's budget for FY 2012-13 also increases temporary and overtime, especially for the Plan Review and Building Inspection divisions, to allow for adequate staffing as it works to fill vacancies in positions added in FY 2011-12.
- The Department continues major projects to update the integration of technology in work functions with the ongoing effort to scan and digitize historical building records and newly submitted plans.
- The Department is restarting its vehicle replacement program on a 10-year cycle.
- The Department faces increasing work order expenses in FY 2012-13 related to legal costs, fuel, and vehicle maintenance fees.
- In order to keep inspectors current on changing codes, the Department is budgeting for a more robust program of training and development.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$1,982,900 largely due to the continued recovery in the building industry, which leads DBI to project continued growth in their permit workload of 4.0%. The increase in the FY 2013-14 budget is due to the annualization of FTEs that were added in FY 2012-13, increased benefit costs and salary increases for permanent employees per the negotiated agreements with the Unions. The Department also has decreased

temporary salaries from their FY 2012-13 levels, reflecting gradual resolution of the hiring backlog and filling of vacancies.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent operating positions (FTE) budgeted for FY 2012-13 are 264.09 FTEs, which are 21.33 FTEs more than the 242.76 FTEs in the original FY 2011-12 budget. This represents an 8.8% increase in FTEs from the original FY 2011-12 budget.

DBI will add 27 total positions (including project-based) in FY 2012-13 to accommodate the increase in workload from a construction industry that continues to recover, including:

- Four building inspectors, two plumbing inspectors and two electrical inspectors to alleviate field inspection workload from new projects and assist in code enforcement.
- Six clerks and one supervisor to continue records conversion and digitization which will result in less turnaround time for records requests.
- Six engineers and one clerk for plan review, and one engineer and one building inspector to assist with technical code related over-the-counter and phone inquiries which allow customers to understand the requirements for permit approval
- One new personnel position to assist with hiring and two positions for technical information technology network management.

These positions amount to a net addition of 21.33 operating FTE after accounting for other adjustments for project-based positions. The Department is not deleting any positions in FY 2012-13.

DBI's budget for FY 2013-14 annualizes all 27 positions added in FY2012-13 and adds 6 new positions, including:

- One new building inspector, one new electrical inspector and one new plumbing inspector for field inspections, and one new inspector for building code enforcement.

Two new engineers for technical code related over-the-counter and phone inquiries which allow customers to understand the requirements for permit approval. These positions amount to a net addition of 7.58 FTE after accounting for other adjustments for project-based positions.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$50,207,106 in FY 2012-13 are \$2,304,499 or 4.8% more than FY 2011-12 revenues of \$47,902,607. The Department receives no general fund support.

Specific changes in the Department's FY 2012-13 revenues include:

- An increase in revenue from fees related to the recovery of construction activity in the city. In current FY 2011-12, revenue from Charges for Services is well-above budget; the Department forecasts an increase to the account that funds work in future years that was paid for in FY 2011-12 and an increase to fund balance; and
- Increases in revenue from apartment license fees, 1 and 2 family apartment rental unit fees hotel license fees and hotel conversion fees.

FY 2013-14

The Department's revenues of \$52,190,006 in FY 2013-14 are \$1,982,900 or 3.9% more than FY 2012-13 revenues of \$50,207,106. The Department receives no general fund support.

The Department's revenues for FY 2013-14 reflect the trends in FY2012-13. This includes strong increases in revenue from fees for plan checking, building permits, and plumbing permits. However, the Department notes that their revenue projection methodology takes a reasonable approach, including the current rapid increase in building activity but recognizing that some of these increases are part of a backlog built up during the recession.

The Department's proposed FY 2012-13 budget has increased by \$1,180,117 largely due to:

- The Department's investment in COIT-approved technology projects which will be funded from County Record Modernization special fund balances accumulated from prior years. These projects include (a) the development of a paperless process for bulk recording and all recorded documents at the Department window, (b) implementation of new imaging technology and redaction of Social Security numbers on historical documents, and (c) the development of an upgraded system software and hardware for the Clerk-Recorder Imaging Information System with a bridge to the Department reporting system currently in place.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$837,343 largely due to:

- The completion of the Department's one-year investment in technology projects described above.

INTERIM EXCEPTIONS

The Department has requested approval of 5 positions as interim exceptions. The Budget and Legislative Analyst recommends approval of 4 positions as interim exceptions and disapproval of 1 position.

- 4 positions are existing limited-tenure positions within the Department which were set to expire in FY 2012-13. The Department has proposed these 4 existing positions, which are currently filled, as new permanent positions in FY 2012-13. Therefore, the interim requests for these 4 positions should be approved.
- One position is also a currently existing limited-tenure position within the Department which was set to expire in FY 2012-13. However, due to the fact that the position is currently vacant and no potential candidate has been interviewed or selected to date, the interim exception request for this position should not be allowed and the FTE for the vacant position should be reduced to allow for an August 1, 2012 hiring date instead of a July 1, 2012 hiring date.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$5,484,611 in FY 2012-13, are \$2,414,611 or 78.7% more than FY 2011-12 revenues of \$3,070,000. General Fund support of \$16,401,813 in FY 2012-13 is \$1,234,494 or 7.0% less than FY 2011-12 General Fund support of \$17,636,307.

- County Record Modernization special fund balances accumulated from prior years are included in the FY 2012-13 budget to fund the Department's one-year investment in COIT-approved technology projects described above.

FY 2013-14

The Department's revenues of \$3,929,000 in FY 2013-14, are \$1,555,611 or 28.4% less than FY 2012-13 revenues of \$5,484,611. General Fund support of \$17,120,081 in FY 2013-14 is \$718,268 or 4.4% more than FY 2012-13 General Fund support of \$16,401,813.

Specific changes in the Department's FY 2013-14 revenues include:

- The County Record Modernization special fund balances accumulated from prior years, which are reflected in the FY 2012-13 budget, will have been expended by FY 2013-14 and are partially made up by General Fund monies in FY 2013-14.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$698,220 in FY 2012-13. Of the \$698,220 in recommended reductions, \$108,865 are ongoing savings and \$589,355 are one-time savings. These reductions would still allow an increase of \$481,897 or 2.3% in the Department's FY 2012-13 budget.

RECOMMENDATIONS

YEAR ONE: FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$238,637 in FY 2012-13, which are one-time savings. These reductions would still allow an increase of \$896,617 or 3.1% in the Department's FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended General Fund encumbrances, which would allow the return of \$25,124 to the General Fund.

Together, these recommendations will result in \$263,762 savings to the City's General Fund in FY 2012-13.

YEAR TWO: FY 2013-14

The Budget and Legislative Analyst does not have recommended reductions to the FY 2013-14 budget.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$1.1 million, largely due to increases in salary and fringe benefit costs.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$2.7 million largely due to the reduction of \$1.45 million in the work order between the Treasurer/Tax Collector's Office and the Superior Court. Under the work order reduction, the Superior Court will no longer pay the Treasurer/Tax Collector's Office a commission for delinquent traffic fine revenues collected by the Treasurer/Tax Collector's Office for the Superior Court, but rather, the Superior Court will reimburse the Treasurer/Tax Collector for actual collection costs, resulting in a reduction in reimbursements. Also, the Superior Court has reduced the number of delinquent traffic fines referred to the Treasurer/Tax Collector's Office for collection.

The proposed FY 2013-14 budget also reduces General Fund support by \$1.55 million. Overall, the Treasurer/Tax Collector's Office has reduced staff through position deletions and increases in attrition savings as new technology is implemented and routine processes are streamlined.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 203.82 FTEs, which are 4.22 FTEs less than the 208.04 FTEs in the original FY 2011-12 budget. This represents a 2.0% decrease in FTEs from the original FY 2011-12 budget.

The Treasurer/Tax Collector's Office is proposing (1) one new Junior Management Assistant Position, funded jointly by grant funds and work order recoveries, and (2) one new Accountant III and one new Principal Administrative Analyst in the Investment division. The Treasurer/Tax Collector's Office is also deleting one position in the Legal Assistance division and three positions in the Business Tax division in FY 2012-13, offset by other adjustments.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 182.31 FTEs, which are 21.51 FTEs less than the 203.82 FTEs in the original FY 2012-13 budget. This represents a 10.6% decrease in FTEs from the original FY 2012-13 budget.

The Treasurer/Tax Collector's Office is deleting positions in the Delinquent Revenue division, largely due to reductions in the work order between the Treasurer/Tax Collector's Office and the Superior Court, and increasing attrition savings, offset by other adjustments.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$15,215,791 in FY 2012-13, are \$437,674 or 3.0% more than FY 2011-12 revenues of \$14,778,117. General Fund support of \$14,465,887 in FY 2012-13 is \$697,580 or 5.1% more than FY 2011-12 General Fund support of \$13,768,307.

Changes in the Department's FY 2012-13 revenues include increased reimbursements from City departments and other agencies for handling, depositing, and investing funds for the City; and increases in revenues as a result of the Treasurer/Tax Collector's Office efforts to enforce payment of Business Tax and Unsecure Personal Property Tax accounts; offset by the reduction in the work order with the Superior Court.

FY 2013-14

The Department's revenues of \$14,104,646 in FY 2013-14, are \$1,111,145 or 7.3% less than FY 2012-13 revenues of \$15,215,791. General Fund support of \$12,917,631 in FY 2013-14 is \$1,548,256 or 10.7% less than FY 2012-13 General Fund support of \$14,465,887.

The Treasurer/Tax Collector's Office FY 2013-14 revenue reductions are due to the ongoing reduction in the Treasurer/Tax Collector's Office work order with the Superior Court.

OTHER ISSUES

The Treasurer/Tax Collector's Office has implemented new technology to streamline tax filing and collection and other procedures. This new technology includes:

1. The Treasury Workstation to manage approximately 400 bank accounts and automate bank account management;
2. Online tax statements and payments for hotel, payroll and business registration taxes;
3. The new cash management system, allowing automated posting of payment receipts to the City's general ledger system (FAMIS) and more accurate reporting of payment receipts; and
4. Standardized Citywide permit renewal invoices that consolidates Fire, Police, Entertainment, and Health permit renewals into one invoice, which was implemented in February 2012.

Budget Savings Incentive Reserve

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14**

DEPARTMENT: TTX – TREASURER/TAX COLLECTOR

The Mayor has allocated \$1,000,000 in Budget Savings Incentive Reserve funds in FY 2012-13 to pay for the Business Tax System Replacement Project. This project will implement a new off-the-shelf system to facilitate taxpayers use of the Business Tax System and improve collection of delinquent Business Tax accounts. Phase one of the Business Tax System Replacement Project has a budget of \$2,400,000, with expected implementation in FY 2011-12 through FY 2013-14. The Treasurer-Tax Collector's Office has encumbered \$1,400,000 in FY 2011-12 for a contract with XTECH for system consulting and software licenses for the Business Tax System. The additional \$1,000,000 in Budget Savings Incentive Reserve funds will complete funding for phase one of the Business Tax System Replacement Project.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$238,637 in FY 2012-13, which are one-time savings. These reductions would still allow an increase of \$896,617 or 3.1% in the Department's FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended General Fund encumbrances, which would allow the return of \$25,124 to the General Fund.

The Department's proposed FY 2012-13 budget has increased by \$729,106 largely due to salary and fringe benefit increases, and the Department's new Disaster Recovery project.

This project is being developed in collaboration with the Department of Technology. COIT has approved \$500,000 for this project.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$1,224,898 largely due to salary and fringe benefit costs.

- Funding for the Accounting Operations and Systems division will increase to support a project to replace the City's financial accounting system (FAMIS).
- Payroll and Personnel Services funding will increase, primarily due to increased salary and fringe benefit costs related to ongoing implementation needs of the eMerge initiative.

FILE 11-0274 ACCESS LINE TAX

The San Francisco voters approved Proposition O in November 2008, establishing the Access Line Tax for telephone communication services. Currently, the monthly tax rate is set at \$2.86 per access line, \$21.48 per trunk line, and \$386.63 per high capacity line. Business and Tax Code Section 782 allows the Controller to adjust the rate annually by the Consumer Price Index (CPI), which according to the Controller is 2.93% as of December 31, 2011. Based on the CPI adjustment, the Controller recommends increasing the FY 2012-13 Access Line Tax to \$2.94 per access line, \$22.11 per trunk line, and \$397.96 per high capacity line.

As shown in the table below, the Controller estimates that the proposed increase in the Access Line Tax will result in increased revenues to the City of \$1,300,000 in FY 2012-13 and FY 2013-14.

DEPARTMENT: CAT – CITY ATTORNEY

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 304.16 FTEs, which is the same as the 304.16 FTEs in the proposed FY 2012-13 budget.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$61,305,736 in FY 2012-13, are \$1,545,047 or 2.6% more than FY 2011-12 revenues of \$59,760,689. General Fund support of \$6,536,584 in FY 2012-13 is \$1,307,407 or 25% more than FY 2011-12 General Fund support of \$5,229,177.

Specific changes in the Department's FY 2012-13 revenues include:

- Recoveries from City departments that are provided City Attorney services are the largest source of funds for the City Attorney, which are expected to increase \$2,308,469, or 4.0% from the original FY 2011-2012 budget of \$57,160,689 to the proposed budget of \$59,469,158.
- The largest increases in expected recoveries are from (a) Administrative Service, for \$984,145 to account for non-housing responsibilities transferred from the Redevelopment Agency, (b) Mayor's Office for \$400,000 for affordable housing responsibilities transferred from the Redevelopment Agency and (c) Recreation and Park Department for \$400,000 for ongoing litigation matters. Also due to a large increase in the number of lawsuits which the Department of City Planning is facing, and expects in the near term, the City Attorney has increased its expected recoveries from the Department of City Planning by \$500,000.
- A decrease of \$1,025,000 in settlement revenue and \$1,575,000 in consumer protection fines is anticipated for FY 2012-2013, which is proposed to be offset by \$1,836,578 of new consumer protection fines, or a net decrease of \$763,422 in revenues.
- General Fund support is proposed to increase by \$1,307,407 or 25% in FY 2012-13 due to above noted decrease of \$1,025,000 settlement revenue, which was previously used in lieu of General Fund support in FY 2011-12.

FY 2013-14

The Department's revenues of \$61,083,153 in FY 2013-14, are \$222,583 or 0.4% less than FY 2012-13 revenues of \$61,305,736. General Fund support of \$9,843,456 in FY 2013-14 is \$3,306,872 or 51% more than FY 2012-13 General Fund support of \$6,536,584.

Specific changes in the Department's FY 2013-14 revenues include:

- Revenues from recoveries are expected to decrease by \$222,583 or 0.4%, from FY 2012-2013 budget of \$59,469,158 to the proposed FY 2013-2014 budget of \$59,246,575.
- General Fund support is proposed to increase by \$3,306,872 or 51% more than FY 2012-13 General Fund support of \$6,536,584 because the City Attorney's Office is projecting that General Fund departments such as Police, Fire, Public Works, the Mayor's Office

and the Board of Supervisors require significantly more City Attorney services in FY 2013-14.

OTHER ISSUES

- The existing FY 2011-12 Affirmative Litigation Program provides 12 FTE staff and \$2,735,000 for the City Attorney to investigate and file public interest cases. Recent Affirmative Litigation cases include unfair business practices against Tower Car Wash, National Arbitration Forum and Money Mart.
- The City Attorney's Office is proposing to pilot a new dedicated Consumer Protection Unit, which would work closely with the existing Affirmative Litigation Program and collaborate with various City departments, including but not limited to the Office of Labor Standards Enforcement (OLSE), Department of Public Health (DPH) and the Police Department, to investigate and enforce consumer protection laws such as unfair business practices. The proposed FY 2012-13 budget includes the addition of 1 new Attorney and 1 new Legislative Assistant (Paralegal) for this new Program. The Program will be funded from penalties received from prior cases that pursuant to State law are restricted to use by the City Attorney to enforce Consumer Protection Laws. As a result of the City Attorney's growing dependence on General Fund support, the creation of this new Program within the City Attorney's Office requiring additional staff and funding is a policy consideration for the Board of Supervisors.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$185,213 in FY 2012-13. Of the \$185,213 in recommended reductions \$107,800 are ongoing reductions and \$77,413 are one time savings. These reductions would still allow an increase of \$2,667,241 or 4.1% in the Department's FY 2012-13 budget.

The Budget and Legislative Analyst also recommends additional one-time General Fund revenues of \$35,523 that are anticipated to be received by the City Attorney's Office and can be credited to the City's General Fund.

Together, these recommendations would result in a total savings of \$220,736.

The Budget and Legislative Analyst also includes a Policy Recommendation that would result in a total savings of \$269,873.

FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$107,800 in FY 2013-14. All of the \$107,800 are ongoing savings. These reductions would still allow an increase of \$2,976,489 or 4.4% in the Department's FY 2013-14 budget.

The Budget and Legislative Analyst also includes a Policy Recommendation totaling a savings of \$351,065

The Department’s proposed FY 2012-13 budget has increased by \$157,505,709 largely due to:

- Fleet Management is focusing on minimizing the costs and environmental impacts of operating City vehicles by continuing to reduce the City’s fleet size based on right-sizing analyses.
- The Earthquake Safety Implementation Program (ESIP), a 30-year program which resulted from the Community Action Plan for Seismic Safety (CAPSS), began in FY 2011-12 to implement CAPSS recommendations to minimize the impacts of earthquakes through information and education, and through voluntary and mandatory strengthening of San

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 725.67 FTEs, which are 3.07 FTEs more than the 722.60 FTEs in the original FY 2012-13 budget. This represents 0.42% increase in FTEs from the original FY 2012-13 budget. Position increases in FY 2013-14 are due to annualization of new positions in FY 2012-13 and other adjustments.

INTERIM EXCEPTIONS

The Department has requested approval of 10 positions as an interim exception. The Budget and Legislative Analyst recommends approval of 10 positions as an interim exception.

- 8 custodian positions for the opening of the new PUC building at 550 Golden Gate Avenue in July 2012.
- 2 new positions, one of which transferred from the former Redevelopment Agency and one of which the Department filled on a temporary requisition in FY 2011-12.

FEE LEGISLATION

The proposed ordinance would revise increase fees charged to City administered or City funded construction projects from fixed fees based on the valuation of the project to fixed fees plus hourly rates for plan review and site inspection for the Office on Disability for compliance with Federal disability access laws. Current revenues only generate approximately 50% of the actual costs. Projected revenues for FY 2012-13 are based on the proposed fee ordinance as follows:

File No.	Fee Description	FY 2011-12 Original Revenue	Change in FY 2012-13	Annualized Revenue Thereafter	% Cost Recovery
12-0606	Compliance with Disability Access Laws	\$113,000	\$230,000	\$230,000	100%

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$365,324,234 in FY 2012-13 are \$160,379,637 or 73.8% more than FY 2011-12 revenues of \$204,944,597. General Fund support of \$43,680,693 in FY 2012-13 is \$2,873,928 or 6.2% less than FY 2011-12 General Fund support of \$46,554,621.

As a result of the transfer of the former Redevelopment Agency to the City as the successor agency, tax increment revenues that would have accrued to the Redevelopment Agency to support existing obligations of the Redevelopment Agency prior to its dissolution are now included in the City Administrator's budget.

Other major changes to the Department's FY 2012-13 revenues include:

- Expected increases in revenues from the Moscone Convention Center upon completion of improvements in June 2012; and
- Transfer of fund balances from the Convention Facilities Fund, Real Estate Special Revenue Fund, and Neighborhood Beautification Fund to fund Moscone Convention Center, Earthquake Safety Implementation Program, and other projects.

COMMENTS:

FY 2012-13

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$409,080 in FY 2012-13, of which \$209,923 are one-time and \$199,157 are ongoing. These reductions would still allow an increase of \$157,096,629 or 62.5% in the Department's FY 2012-13 budget.

In addition, the Budget and Legislative Analyst recommends closing out prior year unexpended General Fund encumbrances, which would allow the return of \$31,138 to the General Fund.

Together, these recommendations result in \$440,218 savings to the General Fund.

The Budget and Legislative Analyst includes a Policy Recommendation that would result in a total savings of \$85,321.

The Budget and Legislative Analyst also includes a Reserve Recommendation of \$251,082.

FAC - City Administrator - Administration

The Department is requesting one new Community Development Specialist position to support the Mid-Market and 3rd Street projects previously funded by the San Francisco Redevelopment Agency. The Department has not sufficiently defined the role of this position or how the potential responsibilities of the position cannot be undertaken by existing staff. Furthermore this role is duplicated by a new position proposed in the Office of Economic and Workforce Development budget. We consider approval of the proposed position to be a policy matter.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by is \$1,731,443 largely due to:

- Increased salary and mandatory fringe benefit expenditures, including new positions in FY 2012-13, annualization of positions that were new in FY 2011-12, and mandatory salary increases.
- A one-time increase in Committee on Information Technology (COIT) projects, including data center consolidation and ongoing work converting City workers' email system from Lotus Notes to Microsoft Outlook.
- Enhancements to the City's Disaster Recovery and Mobile Services projects and equipment upgrades for SFGovTV and other TIS efforts.
- These increases are partially offset by reductions in telephone costs due to reduced usage.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$2,844,073 largely due to:

- Reduced funding for data center consolidation and email conversion.
- These reductions are offset, somewhat, by increased salary expenditures for the annualization of positions that were new in FY 2012-13, and increases in salaries and mandatory fringe benefits.

Department has requested 1.0 FTE new Media Production Technician, which would allow the Department to increase two existing Media Production Technicians from 0.5 FTE each to 1.0 FTE each. The Department has not requested an interim exception. A one-time reduction of 0.10 FTE will allow the Department to increase the hours for these two existing positions from full-time to part-time on or after August 1, 2012.

FY 2012-13

The Department's proposed FY 2012-13 budget has increased by \$17,578,114 largely due to:

- Capital projects, including bond-funded improvements to fire stations and systems, street-scape improvements, street resurfacing, and curb ramps. The passage of the street resurfacing bond in November 2011 will allow DPW to increase street repairs for 3 years while the City pursues a permanent source of funding for street repairs.
- Rising personnel costs, including increased salary costs in administration and temporary and overtime pay for workers in the Bureau of Street and Sewer Repair.
- Investment in workforce programs for street cleaning and urban forestry, including the Jobs Now and Community Corridors Apprenticeship programs, which partner with local agencies to provide employment for low-income San Francisco residents.

FY 2013-14

The Department's proposed FY 2013-14 budget has decreased by \$5,465,172 largely due to:

- Decreased spending on major capital projects. This decrease in funding for new projects is accompanied by increased spending on debt service costs associated with recent capital projects.
- Decreased funding for the Community Corridors Apprenticeship program.

FY 2012-13

The Department's proposed FY 2012-13 budget has decreased by \$4,152,715 largely due to:

- Provision of additional public financing disbursements for Mayoral candidates in the November, 2011 election totaling approximately \$2,420,000 in FY 2011-12. Reduction of \$4,192,024 because in FY 2011-12 the Election Campaign Fund received \$6,091,332 from (a) required one-time repayment of \$4,209,095 from the General Fund due to prior year underfunding of the Election Campaign Fund, in addition to (b) \$1,882,237 annual FY 2011-12 deposit based on \$2.75 contribution per San Francisco resident.
- In FY 2012-13, the Elections Campaign Fund is projected to receive \$1,899,308 based on \$2.75 contribution per San Francisco resident. In FY 2012-13, the Election Campaign Fund is estimated to provide disbursements of approximately \$1,343,380 for qualified candidates for the Board of Supervisors in the November, 2012 election.
- Increases for mandated salary and benefit increases and to televise Ethics Commission meetings, through workorder with SFGTV.

FY 2013-14

The Department's proposed FY 2013-14 budget has increased by \$110,557 largely due to:

- Mandated increases for salaries and related fringe benefits.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2012-13

The number of full-time equivalent positions (FTE) budgeted for FY 2012-13 are 17.20 FTEs, which are 0.12 FTEs less than the 17.32 FTEs in the original FY 2011-12 budget. This represents a 0.7% decrease in FTEs from the original FY 2011-12 budget.

- In FY 2012-13, three 1654 Accountant III positions (\$91,962 annual salary) and one 1823 Senior Administrative Analyst position (\$95,654 annual salary) will be Txed down to four 1822 Administrative Analyst positions (\$81,824 annual salary), for an annual savings of approximately \$59,000 in salary and fringe benefit costs in FY 2012-13.

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 17.20 FTEs, which is the same number of FTEs in the proposed FY 2012-13 budget.

DEPARTMENT REVENUES:

FY 2012-13

The Department's revenues of \$4,100,000 in FY 2012-13, are \$4,000,000 or 4,000% more than the FY 2011-12 revenues of \$100,000. General Fund support of \$96,629 in FY 2012-13 is \$8,152,715 or 98.8% less than the FY 2011-12 General Fund support of \$8,249,344.

- In accordance with City Election Campaign and Governmental Conduct Code Section 1.138(b), the City must appropriate \$2.75 per resident each fiscal year for the City's Election Campaign Fund, with these funds dedicated 85% for public financing of Mayoral and Board of Supervisors candidates and 15% for the Ethics Commission to administer this program. They FY 2012-13 appropriation of revenues is calculated based on an updated 2010 Census population of 812,538 x \$2.75 x 85% = \$1,899,308
- As noted above, in FY 2011-12, in addition to the \$1,882,237 deposit based on \$2.75 contribution per San Francisco resident, a one-time \$4,209,095 was repaid by the General Fund to the Election Campaign Fund, for a total of \$6,091,332. The Election Campaign Fund is projected to have a remaining balance of approximately \$7,290,000 at the end of FY 2011-12.
- In FY 2012-13, \$4,000,000 of this Election Campaign Fund balance is proposed to be transferred to the City's General Fund, which is shown as a funding source for the Ethics Commission, such that a projected total of approximately \$4,240,000 would remain in the Election Campaign Fund in FY 2012-13.
- All other Ethics Commission revenues, including Lobbyist and Campaign Consultant Registration Fees, Campaign Disclosure and Other Fines are projected to stay at the same level for FY 2011-12 through FY 2013-14.

FY 2013-14

The Department's revenues of \$100,000 in FY 2013-14, are \$4,000,000 or 97.6% less than FY 2012-13 revenues of \$4,100,000. General Fund support of \$4,207,186 in FY 2013-14 is \$4,110,557 or 4,254% more than the FY 2012-13 General Fund support of \$96,629.

Specific changes in the Department's FY 2013-14 revenues include:

- The transfer of \$4,000,000 from the Election Campaign Fund to the General Fund that is proposed in FY 2012-13 as a funding source for the Ethics Commission would not occur in FY 2013-14, such that the Ethics Commission will return to its former General Fund support.

RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2012-13 AND FY 2013-14

DEPARTMENT: ETH – ETHICS COMMISSION

OTHER ISSUES

- In May, 2012, the Board of Supervisors approved various amendments to the Campaign Finance Reform Ordinance, including (a) increasing the number and amount of contributions to qualify for matching City funding, (b) changing filing deadlines and timing for distribution of funds to candidates, (c) increasing the total amount that candidates may receive, and (d) reducing the total Election Campaign Fund limit from \$13.5 million to \$7.0 million.
- On June 19, 2012, the Ethics Commission will begin evidentiary hearings on the City's official misconduct charges pending against Sheriff Ross Mirkarimi. The FY 2012-13 budget does not include any additional funding to support these hearings, although the FY 2011-12 budget will have approximately \$19,000 of surplus non personnel funds. As of the writing of this report, the Ethics Commission staff cannot estimate when the Ethics Commission will conclude these hearings and make a recommendation to the Board of Supervisors.
- In addition, the Department plans to propose legislation to the Board of Supervisors within the next two fiscal years to require electronic campaign finance and consultant filings in order to eliminate the current inefficient paper filings, and the staff's time to scan these paper filings onto the Ethics Commission's website.

It seems like SF Mayor, Ed Lee, is not cooperating enough with Blacks and Latino communities. Slashing funding from **La Voz Latina** sends a wrong message. Trying to silence voice of great Latinas and destroying critical services for Latino families in our community is counterproductive! We should support, encourage, and respect **women empowerment and families**—not to silence them. SF is supposed to be a city modeled like the United Nations.

In the City and County of San Francisco: The name "United Nations", coined by United States President Franklin D. Roosevelt was first used in the Declaration by United Nations of January 1, 1942 (<http://www.un.org/en/aboutun/history/>). San Francisco is known in the world to be a city of diversity of people and ideas. This is what I love about the city. Unlike the U.N., historically, San Francisco is famously consistent to get it right. We do not need to mess that reputation up!

Former SF Mayor and current CA State Lt. Governor, Gavin Newsom's racist plan for SF will fail, ultimately. He started it by using these folks below to accomplish his goal:

- a) Ed Lee' appointment
- b) George Gascón' appointment
- c) Wrong racist and discriminatory agenda that they are trying to put in place against Blacks and Latinos in San Francisco got to stop!

Let me make it clear that we support private businesses and corporations coming in to SF. But, these companies should respect, honor, and support our cores values and community interests. Recently, Ed Lee is acting very weird! I don't know what's wrong with him!

I urge you to **restore funding for La Voz Latina**. They are great people doing amazing job for families in the Tenderloin under the leadership of Cristal.

SF' annual budget is \$6.8 billion US dollars. **We have a lot of money for everybody.**

Restore funding for **La Voz Latina**, please!

Thank you very much!

Regarding LHH's 2012-13 and 2013-14 Program Change Request, Title "Eliminate Nighttime Telephone Operator Coverage":

Pursuant to Article II, Sec D of our MOU, with regard to the proposal named above, which impacts Local 1021 members' wages, hours, and working conditions, Local 1021 requests, "...in writing, all existing information concerning such a proposed service change", which the MOU requires management to provide "expeditiously".

Please include the Policy and Procedure provisions related to code blue calls and drills, code red calls and drills, documentation of training for those calls for 1708s and all classes in the nursing office.

Also, please provide the schedule of actual shifts worked in/for the nursing office for the months of February, March, and April of 2012. (Your Initiative Number B2 document, Revised 1/28/12, states the nursing office is staffed 24/7.)

Please provide documentation of any and all training the nursing office staff have received in overhead paging and all other duties performed by the 1708 Senior Telephone Operators.

Thank you,

Dennis McLaughlin
Field Representative, SEIU Local 1021
San Francisco

On February 6, 2012 the proposed budget for FY 2012-2013 was presented to the Health Commission. In this budget was Item B2 which is proposing to eliminate the Nighttime Telephone operator coverage at Laguna Honda from 11p-7a.m. I just want you to know that this is only a proposal from Administration at this point and is not a sure thing. As I find out more information about this proposal and if it is going to be adopted, I will keep you informed. Your Union is also aware of this proposal and I will work closely with your Representative to provide updates as I receive additional information. (2-10-12 Memo)

Most Honorable Supervisors and Budget Committee member(s).

I'd like to respectfully submit this information in the hopes the above proposal be reconsidered. The information on the activity of this coverage was very inaccurate, showing only a 'minimal' of incoming phone calls and wasn't a true representation of the duties or services provided to employees, patients, entity agencies or the City/Community as a whole.

Primarily, this decision could impact and be a major safety and/or quality of life issue for our patients. Within the 'Telecom office' are the Code Blue (medical emergency) and Code Red (Fire) Alarm response activations. As well as intermediary communication systems to the on campus sheriffs department personnel. Calls answered in our office are currently guaranteed to either be handled properly or expediently transferred to the appropriate location, if this coverage is terminated it is my personal belief public/patient service will suffer and be compromised.

Sincerely,

Jean Carroll

Re: Nursing office's refusal to answer for PBX/Telecom

Olivia Bura [darcybarcy@gmail.com]

Sent: Thursday, June 07, 2012 4:40 PM

To: Dennis McLaughlin

Good Afternoon Dennis,

This is Olivia Bura from the Telecom/Pbx office at Laguna Honda Hospital and would like to inform you of a conversation that transpired between Kathy Maxwell, Nursing Supervisor, and me at 3:03 pm.

Firstly, I worked today all alone non-stop with no breaks and no lunch. With this said, at 3:01pm, I called nursing office to let them know that I would be forwarding our lines to them. Jessica in the nursing office placed me on hold and transferred me to the nursing supervisor on duty, Kathy Maxwell. I told her that my shift was over and expressed that I did not have my 2 fifteen minute breaks nor lunch so needed to leave since my shift was over. She adamantly said that she sent an e-mail to Diana Kenyon and Mike Llewellyn stating that it was dangerous for the PBX to forward lines to them since they are not equipped to handle code blues or any codes whatsoever nor does she believe that X2999 is installed in their office. Kathy Maxwell asked me what our back up plan was in cases such as these where an operator was left stranded to work with no breaks and lunches etc.,? I informed her that we were instructed by our Manager, Diana Kenyon and the rest of administration to forward our calls to nursing. She fiercely disagreed and said she would send another e-mail to Diana Kenyon and Mike Llewellyn and the rest of the executives letting them know that they cannot take calls for PBX since they are not "equipped to handle dangerous situations such as code blues and other codes." So this summarizes the conversation I had with Kathy Maxwell in Nursing office and felt I needed to report this to you.

Thankfully and sincerely yours,
olivia bura

La Raza Centro Legal
\$40,000 Loss in MOH Funding
(\$90,000 cut to \$50,000)

La Raza's Services: We are the only agency in the San Francisco Bay Area to provide legal services in many areas of the law—immigration law, workers' rights and senior law, including housing law—to the low-income, monolingual Spanish speaking, immigrant and Latino community. We provide legal counseling, processing of cases as well as representation in court. We have gained a reputation in the community for providing high quality linguistically and culturally competent legal services. Our attorneys and staff are often from the low-income and immigrant community. We are located in the Centro del Pueblo building and work with many collaborations. Over 1000 individuals seek our services each year.

History with MOH: La Raza has provided legal services for 39 years since it was established and has received MOH funding for over 15 years. We have received \$90,000 in MOH funding for approximately the past three years and prior we received \$100,000 and \$110,000.

Addressing MOH Concerns: In meeting with Brian Cheu, Director of MOH, we were able to address the concerns and *Brian Cheu indicates his support in "add-backs" to MOH funding for La Raza.* Below are the concerns and our response:

- ◆ **Separation of our Day Labor Program:** Brian Cheu's first concern was that the separation of our Day Labor Program to Dolores Street Community Services would affect our budget. We explained how the funding we receive for the program is used only for the program expenses (salaries, benefits, rent, supplies and other). We end with an approximate \$90,000 deficit (with and without the program) if our MOH funding is cut. We are working with DSCS now and the goal is for the separation to take place by July 1, 2012.
- ◆ **Ongoing Reduction of our Deficit:** Another concern Brian Cheu had was that of our 2011-2012 fiscal year deficit which occurred because of a loss in foundation funding to our Day Labor Program and Women's Collective (\$83,000 Cal Wellness and \$64,000 Handleman). Staffing cuts were needed. In addition, due to additional fundraising and great community support, we doubled our individual fundraising in the 2011-2012 fiscal year. Further, with the support of a Taproot grant we were able to market and recruit highly qualified Board members. Recently, we added four new Board members who all have great passion for our work and many connections with large law firms and the corporate sector to assist us in further increasing our fundraising. Moreover, we continue to work with the San Francisco Foundation through the Community Leadership Program to increase our fundraising capacity. With these efforts, we were able to reduce our deficit by 75% in the 2011-2012 fiscal year and we look forward to continue positively this year.
- ◆ **Continue to Exceed Contract Goals:** Brian Cheu's last concern was that during our 2011-2012 fiscal year, we lost one member of our Immigration Law Program staff due to a hiring freeze needed to address our deficit. However, we continue to have sufficient staffing to represent individuals in court and meet and exceed our contract goals. Our internal goal is to increase our immigration law staffing this year so that we can begin to follow other agencies in obtaining sliding scale donations from moderate income clients to assist in sustaining our work. In addition, through UC Berkeley School of Law's Fellowship Program, a law graduate will be placed with our Immigration Law Program.

Conclusion: We realize there are many serious priorities this year. For us this \$40,000 loss is dire as we recover from a very difficult year. Although we are progressing, it will be very difficult for us to sustain our current work at the same level with this great cut to funding. If there is anyway to allow a reinstatement funding, this would greatly assist us as we progress to becoming stronger financially.

成人日護大削 殘病長者悲苦

長期病患苦於難以獲得護理的成人日間護理照顧計劃，最近被緊縮，在三藩市就有七歲多一直被照顧的參加者被取消資格，為老人提供有關服務的安老自助處及成人日間護理中心，直指評估標準毫無根據，質疑當局是為了省錢而罔顧耆英健康，有曾中國醫藥雜誌代步但仍被取消資格的耆英限泛淚光，表示憂心忡忡，應不安。

加州州府去年實施削減成人日間護理，之後引發訴訟，去年州府與耆英人士達成庭外和解，決定明年初一個名叫社區服務成人服務(Community Based Adult Services)的計劃，來取代原本的成人日間護理照顧計劃，根據計劃的運作和所達成的協議，雖然加州州府會繼續提供約8500萬元的撥款，但從今年9月1日起，成人日間護理的運作方式會改變，新儀式將提高收取參加者的標準，則限制符合資格的人數。當時加州府官員人員表示，這會影響大約50%的現有參加者。

許多被否決者都患多種疾病
橋石成人日間護理中心高級主任黃慈忠昨日表示，一開始他預計約75-80%的日間護理中心的病人能合乎新加級的計劃，但是，自從州府派來的護士進行評估以來，結果讓他大失所望。他表示，三藩市所屬的成人日間護理中心，目前約有159個案接受評估，而當局拒絕了120多個，即有近75%的人都不符合資格，加入新的計劃，即是說他憤怒的是，批評報告中可以看出，護士對評估的評估就做得非常馬虎，錯誤百出。

圖：橋石成人日間護理中心高級主任黃慈忠(左)與耆英人士(右)在週日52歲的黃老(左)和77歲的陳太太(右)的東莞黃老(右)拒絕他的簽證。

且常常出現的錯誤，例如，指出，若病人沒有在服藥，移動協助及監督，那麼，就應可以符合資格，但是有些病人即符合這些條件，仍然遭到拒絕。而且，病人被拒絕的理理由總是千篇一律：「沒有足夠顯示病人須有實質的護士協助。」而且，有許多被否決進入新計劃的病人都是有多種疾病，程度需要成人日間護理中心的服務。在橋石成人日間護理中心轄下的金門，有六成至七成的參加者都是華人，其中很多便面臨失去護理服務的噩耗，成人日間護理中心為參加者提供治療、復健、運動、將病人每支護理。黃慈忠表示，如果這些參加者不能獲得進入新的醫療照顧計劃，將導致他們入住養老院，醫院及急症室的机会更大，而且亦會增加參加者家人的負擔，造成得不償失的局面。

橋石中心黃慈忠：壓迫弱勢社群
三藩市目前共有9家成人日間護理中心，橋石成人日間護理中心轄下有四家：分別是金門、Mabini、Presentation及Mission Creek。另外，還有安老自助處成人日間護理中心、Bay View、成人日間護理、Circle of Friends成人日間護理、Golden State成人日間護理、及Li Chuan成人日間護理中心。

而且，黃慈忠表示，早以為是違反法庭裁決而提出訴訟，但是想不到政府還是會使用已經有1800個被否決加入計劃的耆英的人名，向法院提出不公平投訴，現在政府不就要花錢轉轉伸伸這些投訴，這些金錢都可以是成人日間護理服務經費的捐款，這些錢對耆英的意義。黃慈忠表示，三藩市政府曾在被拒絕的參加者上訴期間，為他們整支費用，但這項在不是長遠辦法，因為捐款總會耗盡，他希望，在護士能對這種情況作出關注，制止州政府壓迫弱勢社群的舉動。

老人家傷心又憂心
本報記者黃怡三週刊報導
72歲的葉燕亦曾左邊中風，需要換輪椅代步，她患有紅血，骨節痛，心平不寧、貧血，每星期來中心三次，她限在燈光下說：「自己單身，沒有家庭，如果不能來，來這會感到一個個在變遷，來這會覺得接受新的計劃，譬如日夜夜夜心中，每夜輾轉不能入睡。

安老自助處成人日間護理中心的主任黃守琪表示，該中心的護理照顧病人的現況類似，就是那些士所預算的關係，而拒絕一些應該符合資格的病人。她說：「對於政府來說，這可能只是一些數字，但是這些對於結果對於每個老人來說，這是非常真實的。」她表示已有數名長者得知不被批准後，患上憂鬱症或精神強化及轉變。

另外，77歲的陳太太雙目失明，患風濕關節、白內障、骨質疏鬆症、虛弱、風濕骨痛，每星期丈夫來中心四次，她說：「我要眼復健都看不到。」

Sing Tao Daily News (6/22/2012)

1. The nurses from the SF local field office interviewed 151 participants lately in SF. There are about 125 participants (75%) found ineligible. However, the nurses from the state did not follow the eligibility criteria. They twisted the eligibility criteria. The participants should be eligible for Community Based Adult Services. Because they twisted the criteria for the eligibility, many participants are not eligible for the new services.
2. When they turned down their eligibility last interview in January, 2012, they used one reason "no substantial nursing intervention". However, according to the agreement, it does not need to have substantial nursing intervention.
3. During the recent fair hearing, the frail senior stayed in the court room for a long time. The state hired lawyers and a penal of nurses to defend why the participants are not eligible. They can use the money for the frail seniors to go to Adult Day Health Center.
4. There are about 1,800 ineligible participants in California
5. The news reporter called the California Department of Health Care Service to ask them about this matter. But they haven't returned the news reporter's call yet.
6. The news reporter interviewed 3 frail seniors at SteppingStone-Golden Gate Day Health. They are very depressed, because they are not eligible to come to the center. They said that if they are not able to come to Golden Gate Day Health, they may end up with hospitalization, Emergency Room and Skilled Nursing Home.

Re: Friends of the Library -- New Disclosures of Privatization

Dear Supervisor:

A basic factor of any accountability is timeliness. To be meaningful, openness and disclosure must be available when the information can have an effect.

A private nonprofit corporation known as The Friends of the Library (the actual name of the group is the Friends & Foundation of the San Francisco Public Library) like other nonprofit organizations, is required to file financial statements with the California State Attorney General. The disclosure for the period ending June 30, 2011, is finally available. Under California Government Code §§12586 and 12587, it must be filed within 4 months and 15 days of the close of the reporting period, in this case it was due on November 15, 2011. It was actually filed with Attorney General's Office on March 22, 2012, and not available to the public until June 12, 2012, exhibit A, attached.

While it would have been more satisfactory to have the data at the end of the reporting period, the virtue is that all but two branches have been completed in the Branch Library Improvement Program. That program, known as BLIP, began in 2000, and was intended to be completed in January of 2010, so there has been an additional two and one-half years of fund-raising. With 11 years of reports, it is time to draw some conclusions about this "public-private partnership," and whether it shows fraud or just broken promises. I have reviewed that information and created a table which is attached as exhibit B. The information is readily available for those who wish to verify the figures.

One factors that we have not considered in the past is the relationship of income to expenditures. We have always demonstrated the meagerness of the Friend's benefit to the public library by comparing it to the Friend's income. In fact, a comparison to its expenditures is the more apt comparison. In three of the past eleven years, the Friends took in more than they spent, and for eight years, the Friends expended more than their income. If we add up those figures for income and expenditures, we now know that the Friends of the Library had income totaling \$40,038,542. During that same period, the Friends of the Library expended \$48,179,251. In 2011 alone the expenditures exceeded income by \$2,131,640, (Income: \$4,311,050, Expenses: \$6,442,690).

If we look at assets, at the height of its wealth in 2000, Friends had assets of \$20.3 Million. By the end of 2011, its assets were \$10.3 Million. This would be good news if they were spending that money on the Library.

No such luck. Not only is the non-profit required to make disclosures to the Attorney General, but the Library Department is required to make disclosures of, not just donations, but private money to assist any city department or function under Admin Code Sec. 67.29-6, which states: *"No official or employee or agent of the city shall accept, allow to be collected, or direct or influence the spending of, any money, or any goods or services worth more than one hundred dollars in aggregate, for the purpose of carrying out or assisting any City function unless the amount and source of all such funds is disclosed as a public record and made available on the website for the department to which the funds are directed."* This means that all funds whether spent directly or indirectly to assist the library is reportable. The most recent report is attached as exhibit C, and the eleven years of disclosures total \$4,909,771.

It is reasonable to assume that the Library Department and the Friends noticed how bad this looks because 35% of the support to the library has taken place in the last two years. The only other year above average was the election year of 2006-7 reflecting support of the Proposition E campaign.

This means that of the \$48.1 million expended by the Friends, only 10.2% (\$4,909,771) was "for the purpose of carrying out or assisting" the public library. By comparison, the Friends' executive level employees earned \$6,642,803 in the same period.

The Board of Supervisors allows the Friends of the Library to present themselves as the benefactors of the City, but the Board provides no oversight whatsoever. If the supervisors were responsible, this "public-private partnership" would be investigated for defrauding their donors, never mind the fact that the public library is a civic institution. The real damage is to our faith in public institutions and democracy

Very truly yours,

James Chaffee

It seems like SF Mayor, Ed Lee, is not cooperating enough with Blacks and Latino communities. Slashing funding from **La Voz Latina** sends a wrong message. Trying to silence voice of great Latinas and destroying critical services for Latino families in our community is counterproductive! We should support, encourage, and respect **women empowerment and families**—not to silence them. SF is supposed to be a city modeled like the United Nations.

In the City and County of San Francisco: The name "United Nations", coined by United States President Franklin D. Roosevelt was first used in the Declaration by United Nations of January 1, 1942 (<http://www.un.org/en/aboutun/history/>). San Francisco is known in the world to be a city of diversity of people and ideas. This is what I love about the city. Unlike the U.N., historically, San Francisco is famously consistent to get it right. We do not need to mess that reputation up!

Former SF Mayor and current CA State Lt. Governor, Gavin Newsom's racist plan for SF will fail, ultimately. He started it by using these folks below to accomplish his goal:

- a) Ed Lee's appointment
- b) George Gascón's appointment
- c) Wrong racist and discriminatory agenda that they are trying to put in place against Blacks and Latinos in San Francisco got to stop!

Let me make it clear that we support private businesses and corporations coming in to SF. But, these companies should respect, honor, and support our cores values and community interests. Recently, Ed Lee is acting very weird! I don't know what's wrong with him!

I urge you to **restore funding for La Voz Latina**. They are great people doing amazing job for families in the Tenderloin under the leadership of Cristal.

SF' annual budget is \$6.8 billion US dollars. **We have a lot of money for everybody.**

Restore funding for **La Voz Latina**, please!

Thank you very much!

S.F. Human Services Network: Community Funding Priorities in the FY2012-13 City Budget

Cost of doing business increase: HSN's highest priority is the CODB increase. We are extremely appreciative that the Mayor provided a 1% increase to protect services, but want the Board to increase it to a full 3%, which is consistent with the FY2012-13 Consumer Price Index of 2.93%. The cumulative CPI increase since the last nonprofit CODB in FY2007-08 is 11.3%. Nonprofits have absorbed those cost increases at the price of service reductions, layoffs and flat wages. Over the years, this has eroded our sector's capacity to the point where it threatens the viability of many programs and even entire organizations. **We are asking the Board to prioritize \$9 million for the additional 2% increase for all nonprofit general fund contracts.**

We are also asking the Board to reject the concept that the CODB increase should incorporate a 3% COLA mandate. While every nonprofit wants to reward their staff, each organization's priority needs vary. Each one needs flexibility to determine the best use of the increased funding. As we've noted, many programs are on the verge of becoming unsustainable after five years of flat funding. Some nonprofits already provided a raise this year, and need the funds to cover years of double-digit inflation in their healthcare rates. Some won't be able to give the full amount because they need to match it with other funding to give equivalent raises to staff that don't work on the city contract. We therefore believe this proposal is impractical, and could even exacerbate financial problems for some nonprofits.

The improving economy also provides the opportunity to begin conversations about crucial services that were cut in the recession, and how to rebuild them to address unmet needs in the community. We are aware of a number of **other community proposals** that we hope the Board will prioritize during the remainder of this year's budget process:

Shelter and Resource Center proposal: A coalition of emergency homeless service providers has submitted a memorandum to the City requesting a supplemental General Fund allocation of about \$5 million to help ensure a safe and dignified system of care for our homeless population. This investment includes \$3 million for shelters and resource centers to cover the gap between funding reductions and increased Standards of Care costs, including minimum staffing levels, adequate training, safe facilities, and basic necessities. It also includes \$2 million to continue rapid re-housing and homelessness prevention funds that were part of the federal stimulus package.

Job Readiness Initiative (JRI): JRI provides funding to CBOs for workforce development services that address barriers to employment, which will allow target populations - typically clients either receiving public benefits or involved in the criminal justice system - to compete for thousands of capital jobs currently in the pipeline. This program was formerly funded by Redevelopment. The Mayor's budget includes \$1.8 million to maintain this program. Providers are requesting an additional \$645,000 to restore the program to full funding (a total of \$2.45 million over two years).

Ryan-White Part D Funding Cut to Youth-Specific HIV/AIDS Services: Ryan-White Part D funds family-centered primary medical care and support services for women, children and youth with HIV/AIDS. The U.S. recently released a new Part D competitive RFP that limits each community to only one service provider. That provider must serve all populations, eliminating youth-specific grants. The RFP also caps the grant award. These changes mean the loss of \$500,000 in HIV services funding for San Francisco youth. (The contractor affected by this loss of funding is Larkin Street Youth Services.) This funding cut was not included in the Mayor's backfill of Ryan-White Part A funding for HIV services and prevention.

Thank you for your currently-proposed 2012-13 SF Budget modification,
to fund additional Rec/Park gardening and Park Patrol positions.

Our 36+ acre Buena Vista Park currently is barely surviving on 1.5
assigned gardeners. Without supervising staff's creative management,
we'd be in even worse shape than we are, and need additional staff
resources just to prevent costly deterioration and unsafe conditions.

Additional Park Patrol staff is needed, not only to address
recently-publicized graffiti, but to improve safety in Parks such as
Buena Vista, where substance abuse, illegal camping and other
offenses must be controlled, to avoid danger to perpetrators and
their peers themselves, as well as to all Park users and neighbors,
as proven by several serious incidents just in recent months.

Thank you for advocating this proposal, and for all of your wise and
thoughtful leadership.

Subject: Funding For Emergency Homeless Programs

Dear Supervisor,

Attached is our proposal on behalf the Shelter and Resource Center Services Association, a coalition of San Francisco's emergency homeless service providers. As you know, the attached proposal requests a General Fund allocation of \$5,031,520 to help ensure a safe and dignified system of care for San Francisco's homeless population. We are hoping this proposal gets attention in the add-back process you are

in the middle of deliberating. SRCSA Homeless Funding Proposal.pdf

The attached proposal outlines the challenges our agencies face due to funding and service cuts, the increased acuity of our homeless clients, and meeting the City's Standards of Care. A supplemental General Fund allocation will cover the gap that has grown due to reduced funding and increased Standards of Care costs, including minimum staffing levels, adequate staff training, safe facilities, and basic necessities like food and hygiene supplies as well as continuing the funding of HPRP (Homeless Prevention and Rapid Re-Housing from the stimulus package). We are not requesting a COLA or CODB increase, but only the minimum funding we need to provide essential emergency services to this high-risk and vulnerable population. However, we also want to acknowledge the need for a CODB increase, and we appreciate your efforts to address this need on a citywide level.

We look forward to meeting with you to find a solution to the current crisis in our homeless emergency services system of care.

RE: City Budget for Staffing Visitacion Valley/Schlage Lock Project

Supervisor Malia Cohen,

I urge you to allocate 2012/2013 City Budget for at least one FTE (full time employee) from the Planning Department and one FTE from the Office of Economic and Workforce Development (OEWD) dedicated to the revitalization of Visitacion Valley and the Schlage Lock Project.

This year's City budget allocations are of particular importance to Visitacion Valley, because of the elimination of the Redevelopment Agency and loss of staff dedicated to the Schlage Lock. Without proper City staffing, we cannot go forward with the Schlage Lock development, which is critical to the revitalization of Visitacion Valley. Not only housing, retail and open space issues are involved, but transportation funding, which will affect the entire region, is also closely linked to development at Schlage Lock. Thus we need at least one FTE from the Planning Department and one FTE from the OEWD dedicated to the Schlage Lock Project. Funding for these positions must be allocated for Visitacion Valley in the City's budget.

Sincerely,

RE: City Budget for Staffing Visitacion Valley/Schlage Lock Project

Supervisor Malia Cohen,

I urge you to allocate 2012/2013 City Budget for at least one FTE (full time employee) from the Planning Department and one FTE from the Office of Economic and Workforce Development (OEWD) dedicated to the revitalization of Visitacion Valley and the Schlage Lock Project.

This year's City budget allocations are of particular importance to Visitacion Valley, because of the elimination of the Redevelopment Agency and loss of staff dedicated to the Schlage Lock. Without proper City staffing, we cannot go forward with the Schlage Lock development, which is critical to the revitalization of Visitacion Valley. Not only housing, retail and open space issues are involved, but transportation funding, which will affect the entire region, is also closely linked to development at Schlage Lock. Thus we need at least one FTE from the Planning Department and one FTE from the OEWD dedicated to the Schlage Lock Project. Funding for these positions must be allocated for Visitacion Valley in the City's budget.

Sincerely,

Fran Martin

Supervisor Malia Cohen,

I urge you to allocate 2012/2013 City Budget for at least one FTE (full time employee) from the Planning Department and one FTE from the Office of Economic and Workforce Development (OEWD) dedicated to the revitalization of Visitacion Valley and the Schlage Lock Project.

This year's City budget allocations are of particular importance to Visitacion Valley, because of the elimination of the Redevelopment Agency and loss of staff dedicated to the Schlage Lock. Without proper City staffing, we cannot go forward with the Schlage Lock development, which is critical to the revitalization of Visitacion Valley. Not only housing, retail and open space issues are involved, but transportation funding, which will affect the entire region, is also closely linked to development at Schlage Lock. Thus we need at least one FTE from the Planning Department and one FTE from the OEWD dedicated to the Schlage Lock Project. Funding for these positions must be allocated for Visitacion Valley in the City's budget.

Subject: Funding For Emergency Homeless Programs

Dear Supervisor,

Attached is our proposal on behalf the Shelter and Resource Center Services Association, a coalition of San Francisco's emergency homeless service providers. As you know, the attached proposal requests a General Fund allocation of \$5,031,520 to help ensure a safe and dignified system of care for San Francisco's homeless population. We are hoping this proposal gets attention in the add-back process you are

in the middle of deliberating. SRCSA Homeless Funding Proposal.pdf

The attached proposal outlines the challenges our agencies face due to funding and service cuts, the increased acuity of our homeless clients, and meeting the City's Standards of Care. A supplemental General Fund allocation will cover the gap that has grown due to reduced funding and increased Standards of Care costs, including minimum staffing levels, adequate staff training, safe facilities, and basic necessities like food and hygiene supplies as well as continuing the funding of HPRP (Homeless Prevention and Rapid Re-Housing from the stimulus package). We are not requesting a COLA or CODB increase, but only the minimum funding we need to provide essential emergency services to this high-risk and vulnerable population. However, we also want to acknowledge the need for a CODB increase, and we appreciate your efforts to address this need on a citywide level.

We look forward to meeting with you to find a solution to the current crisis in our homeless emergency services system of care.

Homeless Funding Proposal

Presented to the Mayor by the Shelter and Resource Center Services Association
San Francisco, May 2012

Role of Emergency Homeless Services in San Francisco

Emergency homeless services in San Francisco provide a critical safety net, saving both lives and valuable health care resources. Human beings are not meant to live on the streets, where they are at risk for poor health because of exposure to infection, the elements, and to violence. The lack of control over nutrition, personal hygiene, and sleep demeans and debilitates on its own, and the psychological toll is as dire as the physical. Living outside complicates efforts to treat illnesses and injuries, and the outcomes are disastrous: homeless people suffer preventable illnesses at three to six times the rates experienced by others, have higher death rates, and have dramatically lower life expectancy by an average of 30 years.¹

Homeless people suffer preventable illnesses at three to six times the rates experienced by others.

Emergency homeless services decrease Psychiatric Emergency Services (PES) admittance at San Francisco General Hospital by engaging homeless individuals in community-based crisis intervention and psychiatric services. Each psychiatric crisis at PES costs \$3,325, as opposed to de-escalation at a resource center, which costs \$603 per person for a full year. Furthermore, the provision of such basic necessities as water and hygiene services decreases ER admittance and hospital treatments of preventable infections.²

In San Francisco, homeless people are vulnerable. According to the city's last count, 53% of homeless people were experiencing homelessness for the first time, more than half (55%) reported a disabling condition, and 17% were veterans. The impact of homelessness on children is particularly magnified. Homeless children have a higher rate of serious and chronic health issues, developmental delays, mental health problems, academic failures, behavioral problems, hunger, and poor nutrition. Moreover, unaccompanied minors and transitional age youth (ages 18 – 24)—who are overrepresented in San Francisco's homeless community—are at an extreme risk of long-term disconnection and entering into the ranks of the city's chronically homeless adult population.

Homelessness in San Francisco is a visible issue that impacts the entire community and carries an enormous price tag in health care costs. People living on the street are caught in a vicious

cycle wherein their housing status prevents them from securing living wage employment, which in turn keeps them from stable housing. The visibility, entrenchment, and challenge of homelessness in San Francisco means that it plays a central role in public discourse. According to a recent public opinion poll conducted by the Chamber of Commerce, the top issue San Franciscans cited was homelessness.

Current Crisis in San Francisco's Publicly Funded Emergency Homeless System

San Francisco's emergency homeless system is in trouble. Severe under-funding and a number of co-factors have created a citywide crisis where safety and dignity inside shelters and resource centers are at risk.

- ***Increased need, fewer beds and drop-in centers***

Safety net providers have experienced a steady increase in requests for shelter and support services over time. Meanwhile, the acuity of the mental and physical health issues among shelter and resource center clients has increased. Shelters and resource centers see higher levels of disability, including mental illness, anxiety, physical health needs, and an increasingly aged population. Meanwhile, since 2004, San Francisco has lost one-third of its shelter bed capacity, while one-half of drop-in centers serving homeless people have closed their doors.

- ***Losses in federal, state, and private funds***

Shelters in San Francisco lost \$539,501 last year alone, from a combination of sources including federal, state, local, and private funding; homeless safety net providers as a whole project another \$800,000 in cuts in the year ahead. Drop-In Centers this year will lose \$122,000 in California MHSA support. Meanwhile, many private foundations have moved away from funding emergency services. In 2009, San Francisco lost \$65,000 in Emergency Housing Assistance Program (EHAP) funding from the State of California by governor veto, and San Francisco shelters lost another \$321,785 in FEMA funds, while facing a 12% cut in federal Emergency Solutions Grant funding next year. Furthermore, federal funding from the American Recovery and Reinvestment Act (ARRA) for Homelessness Prevention and Rapid Re-Housing (HPRP) will end in June 2012. The HPRP program provided \$8.75M over 32 months, preventing homelessness among 2,301 households who were at imminent risk. To date, 106 households have been rapidly re-housed through this program, which will end this fiscal year. Even as the economy recovers, San Francisco's safety net service providers continue to feel deeply the impacts of public and private funding cuts.

San Francisco's emergency homeless system projects more than \$800,000 in lost funds next fiscal year.

- ***Flat City funding and increased shelter and resource center costs***

Except for a small Standards of Care adjustment given in 2009, there has not been any increase in funding from the City for these services since 2006; in some cases, the City's per bed reimbursement has actually decreased for shelter providers. At the same time, shelters and resource centers have experienced significant increases in the cost of doing business. Health care premiums, for instance, increased an average of 10% for shelter and resource center

providers during the past year, and at greater levels in prior years. One provider experienced a 76% increase in Kaiser premium costs between FY2006 and FY2012. Workers Compensation expenses have more than doubled in the same period. (Please note: we are only pointing out the impact, but we are not requesting a CODB/COLA as part of this proposal).

As shelters and resource centers have worked to meet the challenges of increased occupancy as well as Standards of Care demands, we have also seen food and janitorial supply costs go up dramatically. One provider spent \$182,000 on food product in FY2007 compared to the anticipated expenditure of \$383,000 in the current fiscal year. During the same period, that provider's janitorial and hygiene supply costs went from \$48,000 to \$150,000.

In the face of rising costs and flat or decreased City funding, emergency homeless providers have been forced to cut personnel, leaving fewer line staff and managers to work with increased numbers of clients with higher levels of acuity and need. Notably, behavioral health professionals were among positions substantially reduced by the City's cuts, severely limiting the support available to front line staff.

Impact of Funding Crisis on Emergency Homeless Service Providers

The impact of the funding crisis has affected every area of shelter and resource center operations and their ability to meet the basic needs of clients. San Francisco's emergency homeless service system is stretched to its limit. The safety net cannot absorb further cuts, but instead needs additional funding to meet minimum staffing levels and the Standards of Care.

- ***Increased safety problems***

The lack of adequate staffing leads to safety issues in San Francisco's emergency homeless services. Since 2010, there has been a marked increase in violence inside city shelters and resource centers that correlates with decreased staffing, increased acuity, and decreased services. Based on data from denial of services due to violence/threats of violence, the numbers have increased every six months over the last three time periods by a total of 27%.³ Staffing ratios are now so low that staff are often unable to de-escalate crisis situations in time to avoid violence. Some providers can offer only one staff member per 50 or more clients.

- ***Inability to follow Standards of Care***

San Francisco shelters and resource centers support the City's Standards of Care, which legislate basic hygiene, health, and human rights regulations for City-funded homeless services. As City funding has been cut, however, shelters and resource centers are hard-pressed to maintain the Standards of Care. Despite the commitment to these standards, shelters and resource centers lack the funding to keep up fully with the demand for such basic items as toilet paper, clean sheets, and adequate food for clients. Moreover, as staff deal with higher needs

³ Denial of service raw data for threats of violence and violence include 147 incidents occurring between July and December of 2010, 181 incidents between January and June of 2011, and 201 incidents between July and December of 2011.

clients, shelters and resource centers have few resources to train staff on clients' behavioral and physical needs.

- ***Facility problems***

Shelters and resource centers struggle with the impact of deferred maintenance. Due to heavy use by a high-needs population, shelters and resource centers require proactive work to maintain facilities. Common issues among San Francisco's shelters and resource centers include elevator breakages, unhealthy or unsafe conditions, plumbing problems, HVAC issues, decrepit flooring, and more. Deferred maintenance leads to higher costs down the line. This reality is exacerbated by the loss of Redevelopment funds, CDBG, and other capital funding options upon which shelters and resource centers once relied. While we applaud recent efforts by the Human Services Agency to address this issue, deferred maintenance and capital expenses continue to pose a significant challenge to San Francisco's emergency homeless service providers.

- ***Staff turnover***

Over 14,000 individuals enter our emergency homeless system each year. The high volume of clientele with increasingly complex problems is compounded by low staff wages and understaffing. It is unsurprising that our agencies suffer from high staff turnover. Turnover is disruptive to clients, while presenting substantial institutional challenges. Staff turnover is time-consuming and costly for providers struggling with reduced resources for relief staff and training.⁴

- ***Loss of services citywide and inside emergency homeless services***

Citywide budget cuts impact San Francisco's entire social services network. As noted, cuts to the shelter and resource centers system have reduced the availability of primary health care, mental health, and substance abuse services inside and outside shelters and resource centers. Meanwhile, partner agencies upon which shelters and resource centers would otherwise rely for these services are absorbing the same cuts. The shelter and resource system feels the pressure of meeting greater client needs as citywide resources diminish.

The Proposed Solution

San Francisco's shelters and resource centers request of the Mayor and the Board of Supervisors a supplemental General Fund allocation to help meet the City's Standards of Care, cover increased costs, and ensure minimum staffing levels. **We request a total investment of \$5,031,520 to ensure a safe and dignified system of care** (\$911,149 for the city's resource centers, and \$4,120,371 for shelters to offset the city's loss of HPRP funds and other co-factors). This investment will ensure that San Francisco can provide a safety net for families and individuals to prevent homelessness for those at imminent risk, provide safe and dignified shelter and resource centers for those experiencing homelessness, and support stabilization in permanent housing as quickly as possible.

Thank you for your currently-proposed 2012-13 SF Budget modification,
to fund additional Rec/Park gardening and Park Patrol positions.

Our 36+ acre Buena Vista Park currently is barely surviving on 1.5
assigned gardeners. Without supervising staff's creative management,
we'd be in even worse shape than we are, and need additional staff
resources just to prevent costly deterioration and unsafe conditions.

Additional Park Patrol staff is needed, not only to address
recently-publicized graffiti, but to improve safety in Parks such as
Buena Vista, where substance abuse, illegal camping and other
offenses must be controlled, to avoid danger to perpetrators and
their peers themselves, as well as to all Park users and neighbors,
as proven by several serious incidents just in recent months.

Thank you for advocating this proposal, and for all of your wise and
thoughtful leadership.

La Raza Centro Legal
\$40,000 Loss in MOH Funding
(\$90,000 cut to \$50,000)

La Raza's Services: We are the only agency in the San Francisco Bay Area to provide legal services in many areas of the law—immigration law, workers' rights and senior law, including housing law—to the low-income, monolingual Spanish speaking, immigrant and Latino community. We provide legal counseling, processing of cases as well as representation in court. We have gained a reputation in the community for providing high quality linguistically and culturally competent legal services. Our attorneys and staff are often from the low-income and immigrant community. We are located in the Centro del Pueblo building and work with many collaborations. Over 1000 individuals seek our services each year.

History with MOH: La Raza has provided legal services for 39 years since it was established and has received MOH funding for over 15 years. We have received \$90,000 in MOH funding for approximately the past three years and prior we received \$100,000 and \$110,000.

Addressing MOH Concerns: In meeting with Brian Cheu, Director of MOH, we were able to address the concerns and *Brian Cheu indicates his support in "add-backs" to MOH funding for La Raza.* Below are the concerns and our response:

- ◆ **Separation of our Day Labor Program:** Brian Cheu's first concern was that the separation of our Day Labor Program to Dolores Street Community Services would affect our budget. We explained how the funding we receive for the program is used only for the program expenses (salaries, benefits, rent, supplies and other). We end with an approximate \$90,000 deficit (with and without the program) if our MOH funding is cut. We are working with DSCS now and the goal is for the separation to take place by July 1, 2012.
- ◆ **Ongoing Reduction of our Deficit:** Another concern Brian Cheu had was that of our 2011-2012 fiscal year deficit which occurred because of a loss in foundation funding to our Day Labor Program and Women's Collective (\$83,000 Cal Wellness and \$64,000 Handleman). Staffing cuts were needed. In addition, due to additional fundraising and great community support, we doubled our individual fundraising in the 2011-2012 fiscal year. Further, with the support of a Taproot grant we were able to market and recruit highly qualified Board members. Recently, we added four new Board members who all have great passion for our work and many connections with large law firms and the corporate sector to assist us in further increasing our fundraising. Moreover, we continue to work with the San Francisco Foundation through the Community Leadership Program to increase our fundraising capacity. With these efforts, we were able to reduce our deficit by 75% in the 2011-2012 fiscal year and we look forward to continue positively this year.
- ◆ **Continue to Exceed Contract Goals:** Brian Cheu's last concern was that during our 2011-2012 fiscal year, we lost one member of our Immigration Law Program staff due to a hiring freeze needed to address our deficit. However, we continue to have sufficient staffing to represent individuals in court and meet and exceed our contract goals. Our internal goal is to increase our immigration law staffing this year so that we can begin to follow other agencies in obtaining sliding scale donations from moderate income clients to assist in sustaining our work. In addition, through UC Berkeley School of Law's Fellowship Program, a law graduate will be placed with our Immigration Law Program.

Conclusion: We realize there are many serious priorities this year. For us this \$40,000 loss is dire as we recover from a very difficult year. Although we are progressing, it will be very difficult for us to sustain our current work at the same level with this great cut to funding. If there is anyway to allow a reinstatement funding, this would greatly assist us as we progress to becoming stronger financially.

Dear Supervisors

I am writing to you as a long time resident of this city who is extremely concerned about the crisis facing the San Francisco Law Library. I urge you, as a member of the Budget Committee, to make sure that adequate funding is appropriated to make sure that a comprehensive public law library continues to be available to serve all of the citizens of San Francisco. We are very lucky to have this institution, and I want my voice to be added to those who demand that Board ensures the continuation and vitality of the San Francisco Law Library by funding and providing adequate space for all the Law Library resources and collection.

Re: Call for Immediate Action for the San Francisco Law Library

Dear Mayor Lee, Honorable Supervisors, and Ms. Kelly:

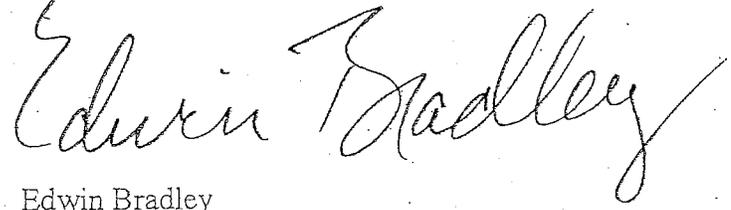

It is very important to me and to other people that I know that the San Francisco Law Library remain open to the public during the refurbishment of its present location. It is an essential community resource.

The Law Library provides essential print and electronic resources and services to law firms, large and small and to the public. By increasing access to legal information, the Law Library is uniquely able to bring this community at least two irreplaceable benefits. First, no other institution in San Francisco aids legal representation and advocacy in the way the Law Library does. Individual attorneys like me depend on the Law Library for resources that I do not have, cannot obtain elsewhere, or are only available electronically and with great expense.

I rely on the Law Library for legal databases, for my practices. I rely on the expertise of Library reference librarians concerning unfamiliar legal topics and resources. Law Library services and resources not only help me answer legal questions and save my clients money. It is also true that no other institutions in San Francisco advances greater access to justice in the way that the Law Library does.

Please make every effort to keep the San Francisco Law Library open.

Sincerely yours,

Edwin Bradley

Subject: City of San Francisco's 2012-14 Budget

June 7, 2012

Dear Board President and the San Francisco Board of Supervisors,

I understand that again this year the Budget & Finance Committee is facing huge necessary "proposed" budget cuts. When the Committee presents their Fiscal Year (FY) 2012-14 budget proposal to the full Board of Supervisors for consideration, I trust you will NOT consider cutting any amount from the proposed San Francisco Fire Department's (SFFD) - Neighborhood Emergency Response Team (NERT) budget allocation. As you already know, NERT is a City funded program that trains citizens/civilians to respond during any and all emergency situations.

NERT is quite possibly the best allocation of taxpayer dollars via the city coffers! Therefore, cutting anything from the already lean SFFD - NERT proposed budget isn't cost-effective. Any change would likely end the NERT program as we know it, making everyone less safe in a disaster. NERT's lend a trained hand to help others because they received basic, advanced as well as, re-training via San Francisco's first responders. NERT's are more than 16,000 strong and have been trained to "act in the face of danger". You never know when that moment we'll occur and NERT boots on SF district/neighborhood ground will be mobilized to save lives and assist with city-wide communications via Ham Radio Operators.

As both a member and supporter of NERT, I urge you not to consider any SFFD budget changes that will directly or indirectly affect SFFD or NERT budgets.

As illustrated above, San Francisco needs civilians/citizens who are prepared to take care of themselves and assist others after a disaster. NERT is the only program in our city that offers free, hands-on disaster preparedness training. Most importantly, it's taught by professional first responders from the SFFD. Our SFFD instructors are outstanding teachers who live by what they teach us. It is their knowledge and training that helps keep us safe as volunteer disaster responders.

Thank you for your time.

Subject: 8 Washington concessions

Dear BOS,

I would like to comment on the upcoming vote for 8 Washington, and concessions asked by Jane Kim. While I am not so concerned about the parking spaces (actually, if any were available to the public it could be beneficial for visitors to the Ferry Bldg and other destinations near it, including the future Exploratorium and Teatro Zinzanni, as well as AT&T Park (and future Warriors arena?). I am highly interested in the proposed concession to provide funds for streetscape improvements within 1-mile of the development. I think this is a no-brainer.

I should say, I am in support of 8 Washington. It is one block from the troubled Broadway Corridor which is lined with nightclubs, strip clubs, run-down SROs and VERY new low-income housing, to be joined by more. This project brings much needed diversity and money to the area, and it will be a boon for the North Beach business community along this major tourist thoroughfare. Let's not forget how important our tourist thoroughfares are, with all the money they bring in for the City.

The troubled Broadway Corridor, from The Embarcadero to Columbus, falls within this 1-mile radius, as does the Grant Ave business corridor and Washington Square Park (just at 1 mile). In addition, the Kearny and Vallejo Steps are within this radius. All of these locations is in desperate need of better lighting and streetscape improvements. In fact, the Kearny Steps were slated for greenery and better lighting a decade ago, but the project was scrapped due to lack of funding, can we finally fulfill this project? Please? You can see these steps from downtown, they are an eye-sore and are unsafe after dark. Could funds be diverted to add signage and lighting to Broadway, the dark Vallejo Steps and Washington Square Park to improve safety? I can't remember the last time we saw any streetscape improvements on Grant Ave. In fact, while many streetscape/beautification and safety improvements have been accomplished or proposed across the City, North Beach has largely been ignored and has received little, if any funding. In fact, this highly visible and trafficked area is not part of the Clean Streets Program, how can this be? Is this really the impression we want tourists to take home?

I would hope the many needs of North Beach would be addressed by these concessions, as opposed to funds being diverted to the more geographically obvious areas of FiDi and Embarcadero. We really could use some help and these funds would be of great assistance to our community.

Thank you for your time and efforts.

Best regards,

Stephanie Greenburg (Central CPAB)

Subject: Fwd: 8 Washington concessions

Dear BOS,

8 Washington should pay to help improve the troubled Broadway Corridor, from The Embarcadero to Columbus, falls within this 1-mile radius, as does the Grant Ave business corridor and Washington Square Park (just at 1 mile).

In addition, the Kearny and Vallejo Steps are within this radius. All of these locations is in desperate need of better lighting and streetscape improvements. In fact, the Kearny Steps were slated for greenery and better lighting a decade ago, but the project was scrapped due to lack of funding, can we finally fulfill this project? Please? You can see these steps from downtown, they are an eye-sore and are unsafe after dark. Could funds be diverted to add signage and lighting to Broadway, the dark Vallejo Steps and Washington Square Park to improve safety? I can't remember the last time we saw any streetscape improvements on Grant Ave. In fact while many streetscape/beautification and safety improvements have been accomplished or proposed across the City, North Beach has largely been ignored and has received little, if any funding.

Or, ask central station to do their job!

Hope you are having a good day and thank you again.

Sincerely,

Roger Weinman

Huckleberry House Requests Immediate Support

For the first time, after 45 years of operation, Huckleberry House, the nation's first runaway and homeless youth shelter, may be forced to shut down on weekends due to a multi-year period of unsustainable budget cuts.

Request: An on-going annual allocation from the City restoring funding to \$600,000 (the average received in FY05-FY09) prior to drastic cuts by the Juvenile Probation Department. This would be an increase of \$275,000 from the City's current grant of \$325,000 from DCYF..

History and Financial Support

Huckleberry House was the first recipient of funds awarded under the 1974 Federal Runaway and Homeless Youth Act serving as a national model that was replicated across the country.

For a twenty year period from 1988-2008, the shelter was funded at amounts between \$521,000 to \$628,000 from Juvenile Probation and DCYF.

The funding crisis occurred in FY09 when a joint JPD/DCYF allocation of \$606,000 was zeroed out mid-year due to cuts to the JPD budget. Huckleberry House was saved from closure by an emergency grant from DCYF and DPH. Despite repeated requests for restored funding, it remained at \$325,000 from DCYF for Fiscal Years 10/11/12/13. At this time, Huckleberry House can no longer afford to operate safely as a 7 day/24 hour shelter.

Actual Costs

- For the past three years the shelter has operated at a reduced staffing level and its yearly operating budget is \$725,000. Full staffing with a second manager and double coverage at night would cost \$850,000.
- Huckleberry Youth Programs was able to replace \$90,000 of lost funding with an increased award (at the maximum level) from the federal government.
- The agency during this difficult time has reduced costs by cutting staff, reducing salaries and instituting furloughs. It has also reduced its reserves to help cover the shortfall. *These measures are no longer viable for the provision of such a critical service.*

Youth Served

- 5 year average of youth served approximately 170-200 sheltered and an additional 100 providing with crisis intervention.
- Huckleberry House operates a 24 hour crisis line that is a resource for youth, parents, teachers, and providers with an average of 740 calls per year.

Critical Role as Partner with City Departments

- HSA/Children's Protective Services (CPS) – Approximately 41% of youth sheltered have a Suspected Child Abuse Report filed with CPS, this is in addition to youth who are current 300's or CPS referred. 55% of youth sheltered are CPS involved.
- Police refer 48% of youth. When combined with referrals from CARC and the other juvenile justice officials, the total is 55% of referrals.
- Department of Public Health – An on-site therapist provides critical services to both youth and parents in crisis. Aftercare services help to improve family functioning.

Why the Job Readiness Initiative Must be a part of the City's Workforce and Economic Development Plan

What is the Job Readiness Initiative (JRI) and why is JRI funding important?

JRI stems from a history of community advocacy to improve the lives of low-income communities. The disparity in San Francisco's quality of life indicators, among racial minorities, represents one of the most extreme dichotomies in the nation. These indicators include health, incarceration, education, and financial measures. The majority of these racial minorities are concentrated in "underserved" neighborhoods, including District 10-Bayview Hunters Point and District 6 - the Tenderloin-SOMA communities.

JRI provides funding to community based, nonprofit organization to provide workforce development services to include outreach and recruitment, career counseling, assessment, intensive case management, barrier removal services, and "bridge" job readiness training. The JRI providers rely on these contracts to address barriers to employment that other contracts will not fund, ie. helping clients purchase tools, pay tickets, seal their records, pay union dues, gain licenses and/ or other employment certificates.

There are lots of capital jobs in the pipeline but the target population has major barriers to employment to successfully compete for these jobs.

Ironically, thousands of new jobs in capital projects are becoming available, over the next 20 years, in these communities. Each of these projects includes a project labor agreement that prioritizes hiring local, low-income residents from the surrounding communities. While this appears to be a recipe for transformation and prosperity within these communities, both City government and local residents have recognized that huge barriers exist that prevent local residents from securing even a small percentage of the myriad of employment opportunities in their own neighborhoods. In recognition of this disconnect, San Francisco's Redevelopment agency conducted interviews with individuals and representatives from community based organizations to determine the root causes preventing some of the most impoverished and disenfranchised residents from accessing jobs in their own neighborhoods. They found that while communities and individuals all express a need and a desire for greater employment opportunities, they often lack the social supports to secure and maintain employment. This phenomena was identified as "Barriers to Employment."

The social cost of NOT funding JRI

The JRI target populations are consumers of the most expensive public benefits and services. JRI clients typically are involved in the criminal justice system or the recipient of public benefits. However, when these clients secure viable employment, recidivism decreases, contact with the criminal justice decreases, and utilization of public benefits decreases.

What are we asking for?

We are extremely appreciative of the Mayor's support for the JRI program. In the Executive Summary of the Mayor's budget he says, "... OEWD will work closely with community-based organizations formerly supported by the SFRA Jobs Readiness Initiative, providing them transitional grant funds and developing a new program in the second half of FY 2012-13." We have learned that his budget includes \$1.8 million over 2 years. However, full funding for 2 years is \$2.45 million. Therefore, we are respectfully requesting an additional **\$645,000** to provide full funding over the next 2 year budget cycle.

Re: Affordable Care Act: Impact Analysis Pending United States Supreme Court Decision
Date: June 20, 2012

This memorandum summarizes key aspects of the Affordable Care Act (ACA) and its potential impact.

In the absence of state and/or federal health reform, the City and County of San Francisco (CCSF) implemented local health coverage initiatives that provide services to approximately 72,000 individuals:

- Health Insurance Products for 13,700 people via Healthy Kids and Healthy Workers
- Health Access Programs for 58,000 people via Healthy San Francisco and SF PATH

ACA will, among of things, increase the number people with insurance. This is beneficial because it:

- decreases the number of uninsured San Francisco residents and
- results in some health care costs now funded by City shifting to the federal/State.

From a public policy and program perspective, implementation of ACA will result in a need to reassess CCSF's local health care coverage options. To date, CCSF policy has been that its local health care coverage programs serve as a safety net, not as a substitute for state/federally funded health insurance.

The constitutionality of the ACA has been challenged. As of this date, the United States Supreme Court's decision had not been issued. The potential Court rulings and local impacts could be:

#	Potential Ruling	Potential Impact
1.	<u>No Implementation:</u> Individual mandate and Medicaid expansion unconstitutional	No shift in eligible population to federal health options; local programs continue with regular review and program modifications as necessary
2.	<u>Partial Implementation:</u> Individual mandate unconstitutional and Medicaid expansion constitutional	Estimated 29,000 – 30,000 (40% -42%) individuals in the local health care coverage initiatives eligible for federal/State funded public health insurance through Medi-Cal
3.	<u>Full Implementation:</u> Individual mandate and Medicaid expansion constitutional	Est'd 47,000 (65%) individuals in the local health care coverage initiatives eligible for federal health options (Medi-Cal or California Health Benefits Exchange)

It is important to note that irrespective of the scenarios, the Healthy Kids and Healthy San Francisco programs will continue to be in existence since ACA does not extend health insurance to all uninsured residents in the U.S. Specifically, it does not cover undocumented persons who are currently eligible for Healthy Kids and Healthy San Francisco enrollment.

The following pages provide more detailed information and context.

Summary of San Francisco Local Health Reform Efforts

- In the absence of comprehensive state and/or federal health reform, the City and County of San Francisco (CCSF) implemented local health care initiatives that provide services to approximately 72,000 individuals.
- CCSF created these local coverage options because certain populations did not have access to a comprehensive health care coverage program. The local coverage options include both health insurance products and health access programs:

Type of Coverage	Program Name	Eligible Population	Number Enrolled
Health Insurance	Healthy Kids	Children 0 – 18 years of age (including undocumented) who are ineligible for public-insurance at or below 300% Federal Poverty Level	2,500
	Healthy Workers	In Home Supportive Services workers	11,200
Health Access (not insurance)	Healthy San Francisco	Uninsured adults (including undocumented) with incomes at or below 500% Federal Poverty Level	47,000
	SF PATH (federally funded)	Uninsured adult citizens or lawful residents with incomes at or below 25% Federal Poverty Level	11,000

It's important to note that if eligible for publicly-funded state/federal health insurance, individuals are enrolled in those programs before being determined eligible for the local coverage option, with the exception of Healthy Workers.

- In addition to the local health care coverage programs, CCSF adopted landmark local legislation requiring:
 1. all CCSF contractors to provide health insurance to workers or pay a fee (Health Care Accountability Ordinance) and
 2. certain San Francisco employers to make health care expenditures on behalf of eligible workers (Health Care Security Ordinance).

High Level Affordable Care Act Overview

- Beginning in 2014, ACA expands Medicaid (federal/state funded health insurance program for low-income persons) and creates new health insurance exchanges that will significantly increase the number of citizens and legal immigrants with health insurance.
- ACA creates an individual mandate and penalty for individual non-compliance.
- ACA does not provide health coverage for undocumented persons.

- ACA does not require employers to provide health insurance, but establishes a penalty for certain employers who do not provide health insurance to eligible employees.
- ACA makes critical reforms in the health insurance market such as guarantee issue.

Local Policy and Program Approach

- From a public policy and program perspective, implementation of ACA will result in a reassessment of the CCSF's local health care coverage options.
- To date, the CCSF policy directive has been that its local health care coverage programs serve as a safety net, not as a substitute for state/federal health insurance.
- To the fullest extent possible, if a resident enrolled in one of CCSF's local coverage programs becomes eligible for Medi-Cal (California's Medicaid) or the California Health Benefits Exchange beginning 2014, then they should be disenrolled from the local program and transitioned into the new federal options.
 - This is consistent with current practice and with policy recommendations of the April 2011 San Francisco Health Reform Task Force Report to Mayor Edwin Lee (recommendations number 9 and 10).
- This is beneficial for the following reasons:
 - For those in the health access programs they will obtain health insurance which is preferable.
 - Some health care coverage costs now funded by CCSF will be funded by the federal/state government reducing the General Fund obligation.

Supreme Court Challenge to ACA

- In November 2011, the United States Supreme Court (Court) agreed to consider the constitutionality of ACA. Specifically, the four challenges were to:
 1. timeliness of the lawsuit (i.e., appropriateness of ruling on the constitutionality of ACA before it has been enacted and before either an individual or business has paid a penalty)
 2. the individual mandate (i.e., requirement that certain residents have health insurance)
 3. the Medicaid expansion (i.e., increases access to publicly-funded health insurance by expanding eligibility for Medicaid benefits)
 4. severability (i.e., if one part of ACA is struck down, are the remaining parts operable since the ACA does not contain a severability clause)
- Oral arguments were held in March 2012 with a Court decision due by June 30, 2012.
- There is no information to suggest how the Court is leaning in its decision making or when the decision will be released. As a result, any predictions on the outcome are entirely speculative.

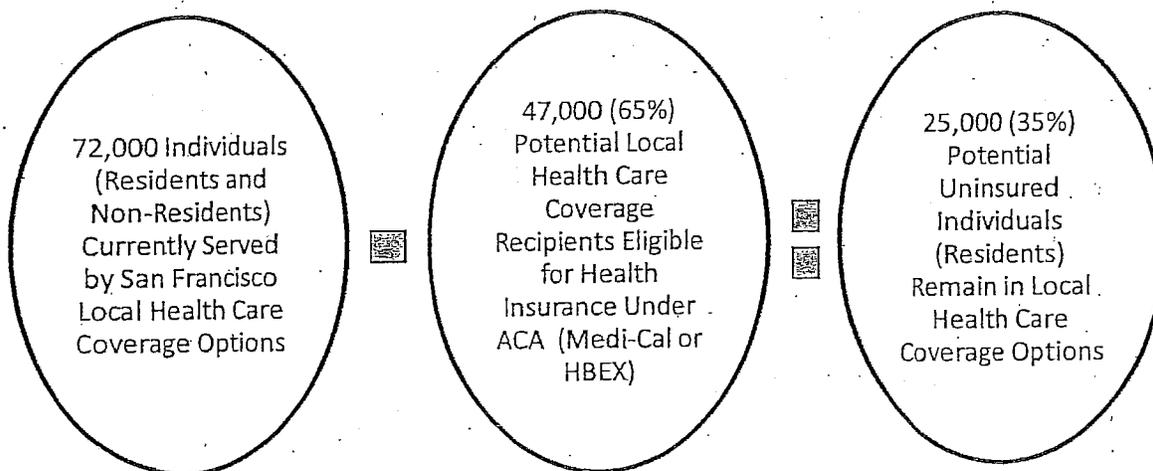

- However, for illustrative purposes only assuming that the Court: (1) rules that the lawsuit is timely and that it is therefore appropriate for the Court to render a decision and (2) that severability is applicable, then the Court ruling could be one of these scenarios:
 1. Both the individual mandate and Medicaid expansion are unconstitutional
 2. The individual mandate is unconstitutional and Medicaid expansion is constitutional
 3. Both the individual mandate and Medicaid expansion are constitutional
- It is unlikely that the one of the options would be that the individual mandate is constitutional and Medicaid expansion is unconstitutional; therefore, it is not listed above.

Impact of ACA on San Francisco's Local Health Reform Efforts

- The following chart indicates that depending upon the potential Court ruling, there are range of outcomes. The estimates are based on current program enrollment.

#	Potential Court Ruling	Healthy Kids	Healthy Workers	Healthy San Francisco	SF PATH
1.	<u>No Implementation:</u> Individual mandate and Medicaid expansion unconstitutional	No shift in eligible population to federal health options	No shift in eligible population to federal health options	No population shift – enrollment continues and likely grows	No change in program – scheduled to end 12/31/2012
2.	<u>Partial Implementation:</u> Individual mandate unconstitutional and Medicaid expansion constitutional	No shift in eligible population to federal health options	Est'd 500 -1,000 of population eligible for Medi-Cal	39% (19,700) of population eligible for Medi-Cal	85% (9,300) of population eligible for Medi-Cal
3.	<u>Full Implementation:</u> Individual mandate and Medicaid expansion constitutional	Est'd 30% (700) of population eligible for federal health options	100% (11,000) of population likely eligible for federal health options	51% (24,000) of population eligible for federal health options	100% (11,000) of population eligible for federal health options

- Under no ACA implementation, there would be no shift in enrollment from the local health care coverage programs to the federal options. This would result in a continuation of current programs with regular program modifications as appropriate to ensure that they are both cost-effective and cost-efficient.
- If the Court rules the individual mandate and Medicaid expansion both constitutional and ACA is fully implemented and funded at the federal level, then potentially 47,000 individuals in San Francisco's local health care coverage programs would be eligible for federal/state funded or subsidized health insurance. See following page. Of note, it is anticipated that 100% of the Healthy Workers enrollees would likely become eligible for the federal options – either Medi-Cal or the California Health Benefits Exchange.

- It is important to note that irrespective of the potential Court ruling (no, partial or full implementation of ACA), the Healthy Kids and Healthy San Francisco programs will continue to be in existence since ACA does not extend health insurance to all uninsured residents in the U.S.
- For Healthy San Francisco, if ACA is ruled unconstitutional, program enrollment will remain constant or grow; if ruled constitutional (partially or fully), enrollment will decrease.
- Any transition in enrollment from the CCSF health care coverage program would be over time based on the State of California's timeline, planning and implementation of the California Healthcare Eligibility, Enrollment & Retention System.
- As a result, it is too premature to provide financial impact estimates based on current expenditures (either total or General Fund). In addition, because the provider networks and benefits packages for the Medi-Cal expansion and California Health Benefits Exchange have not been outlined, no comparative information in this area can be provided.
- In terms any impact that the ACA might have on either the Health Care Accountability Ordinance or Health Care Security Ordinance (i.e., Employer Spending Requirement), the Department of Public Health's April 2010 analysis is still relevant:
 - Health Care Accountability Ordinance: ACA does not appear to pre-empt the Health Care Accountability Ordinance which essentially functions as a City and County contracting requirement and not an employer health insurance mandate.
 - Health Care Security Ordinance: An ACA review found no language which suggests the intent to interfere with the Employer Spending Requirement (ESR). To the extent any inconsistency may arise during ACA implementation, these can presumably be addressed with federal or local regulation between now and 2014. It should be noted that ACA only applies to employers with 50 or more employees. San Francisco employers with 20 – 49 employees are subject to ESR, but not ACA.

Fine Arts Museums of San Francisco

Two Museums:

- de Young Museum established in 1895 and located in Golden Gate Park, rebuilt and re-opened in October 2005
- California Palace of the Legion of Honor established in 1924 located in Lincoln Park.

The Fine Arts Museums relationship with the City and County of San Francisco:

- 95% of the art work is owned by the City of San Francisco;
- The land on which each museum is located belongs to the City;
- Museum buildings are the property of the City of San Francisco.

The Fine Arts Museums employ 544 fulltime and part-time employees.

In fiscal year 2012, the Museums anticipate nearly 1.6 million visitors of which approximately 1.2 million (or 72%) entered free of charge.

Fiscal Year 2012 Major Exhibitions:

- *Picasso from the Musée National Picasso, Paris.* 335,000 visitors came to the de Young of which 73% were from outside the City and County which provided a positive impact upon the City's economy.
- *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk.* Since its opening, this exhibition has drawn over 135,000 visitors.
- *Cult of Beauty: The Victorian Avant-Gard,* an exhibition of Victorian paintings and decorative arts organized in collaboration with the Victoria and Albert Museum in London.

Fiscal Year 2013 Major Exhibitions:

- *The William S. Paley Collection: A Taste for Modernism*
- *Rudolf Nureyev: A Life in Dance*
- *Girl with a Pearl Earring: Dutch Paintings from the Mauritshuis,* featuring 35 Dutch masterpieces. The centerpiece of the exhibition is Vermeer's iconic *Girl with a Pearl Earring*, often called the "Dutch Mona Lisa."
- *Royal Treasures from the Louvre: Louis XIV to Marie-Antoinette,* the Fine Arts Museums have entered into an accord with the Louvre.
- *Impressionists on the Water* to celebrate San Francisco's mounting of the America's Cup race.

The Fine Arts Museums continue to identify and have secured equally superb exhibitions through fiscal year 2014.

Educational Programs:

- Museums Education programs served approximately 250,000 persons including 58,000 K through 12 students.
- 26th annual Young at Art Festival with the SFUSD. Over 1,500 students displayed their visual art and 800 students performed at the de Young as part of the festival.
- The Museums hire over 70 SFUSD high school students each year to teach in our museum ambassador program.
- 8th season of Friday Nights and an average of 2000 attendees each Friday
- Educational programs provide bi-lingual docents, museum ambassadors as well as collaborative partnerships with our multi-cultural communities.

Accessibility Programs:

- Access Days for our visitors with disabilities. This past Monday 211 disabled visitors toured the Jean Paul Gaultier exhibition. More than 150 people took tours, including 25 hearing impaired attendees who were led by a deaf gallery lecturer using American Sign Language.
- Art Slam, the presentation of art by 240 artists with disabilities at our annual Open House and Disability Arts Festival. This event attracts 1,000 disabled visitors and guests.
- In fiscal year 2011-12 initiated a program of gallery sessions for visitors with early stage Alzheimer.
- Access Days and Open House have brought over 12,000 disabled visitors to the Museums in the past three years.

In looking forward over the next 3-5 years, the Fine Arts Museums face several key challenges and/or opportunities:

- One, maintaining and elevating the quality of our programs and exhibitions to sustain the great public interest we have generated.
- Two, the opportunity to maintain and make the much need repairs of both Museum facilities.
- And Third, to continue to expand the accessibility and availability of our artistic assets to the broadest segment of the general public.

In conclusion, we accept the Mayor's Proposed Budget for FY 2012-13 (\$16,246,470) and FY 2013-14 (\$16,963,081)

**San Francisco Sheriff's Department
FY 2012 – 2013 & FY 2013 – 2014 Budget**

BUDGETARY OVERVIEW

- The Sheriff's budget is driven by changes in the requirements of service delivery, prisoner classification, program delivery and affected by safe minimum staffing requirements and significant changes in prisoner population (ADP).
- The ADP was static in FY 2011-12, and the Department expects it to be near the same level over the next two fiscal years. The current population allowed the Department to absorb the Realignment population using mostly existing resources.

Ben Rosenfield

Deputy Controller

MEMORANDUM

TO: Supervisor Carmen Chu, Budget Committee Chair

FROM: Ben Rosenfield, Controller
Peg Stevenson

DATE: June 20, 2012

SUBJECT: Civilianization Options in the SFPD Budget

The San Francisco Charter Section 16.123 directs the Controller and Chief of Police to identify positions in the San Francisco Police Department (SFPD) that could be filled appropriately by civilian personnel.

Table A beginning on the next page identifies 65 potential positions for civilianization. All of the listed positions were recommended in at least one of the Board of Supervisors' prior annual budget reviews of civilianization, or were recommended by the 2008 Police Effectiveness Review study, or they were recommended by the current or former Chief of Police. This table represents both the SFPD's current preferred hiring strategy and civilianization recommendations from prior analyses.

As the table shows, the great majority of these positions have already been included in the Mayor's Budget proposal in one of the next two fiscal years. Those line items where there are positions that proposed for civilianization but not included in the Mayor's budget are highlighted in bold.

The positions in this table allow for the reassignment of uniformed officers to positions requiring public safety classifications and generally meet the requirements of Charter Section 16.123 wherein the City can reduce the Police staffing requirement of 1,971 officers. We note that some positions may be staffed by a "light duty" officer needing a temporary work assignment. The Controller's Office will work with the SFPD to identify light duty positions and report on this matter to the Budget Committee.

Table B and the accompanying chart summarizes the historical growth of civilian positions from FY2006-07 to FY2013-2014. As shown, budgeted positions increased each year except for a drop in FY2009-2010. Actual spending increased beginning in FY2007-08. Over the period from 2004 to now budgeted positions increased by approximately 89 FTEs and actual spending by approximately 82 FTEs.

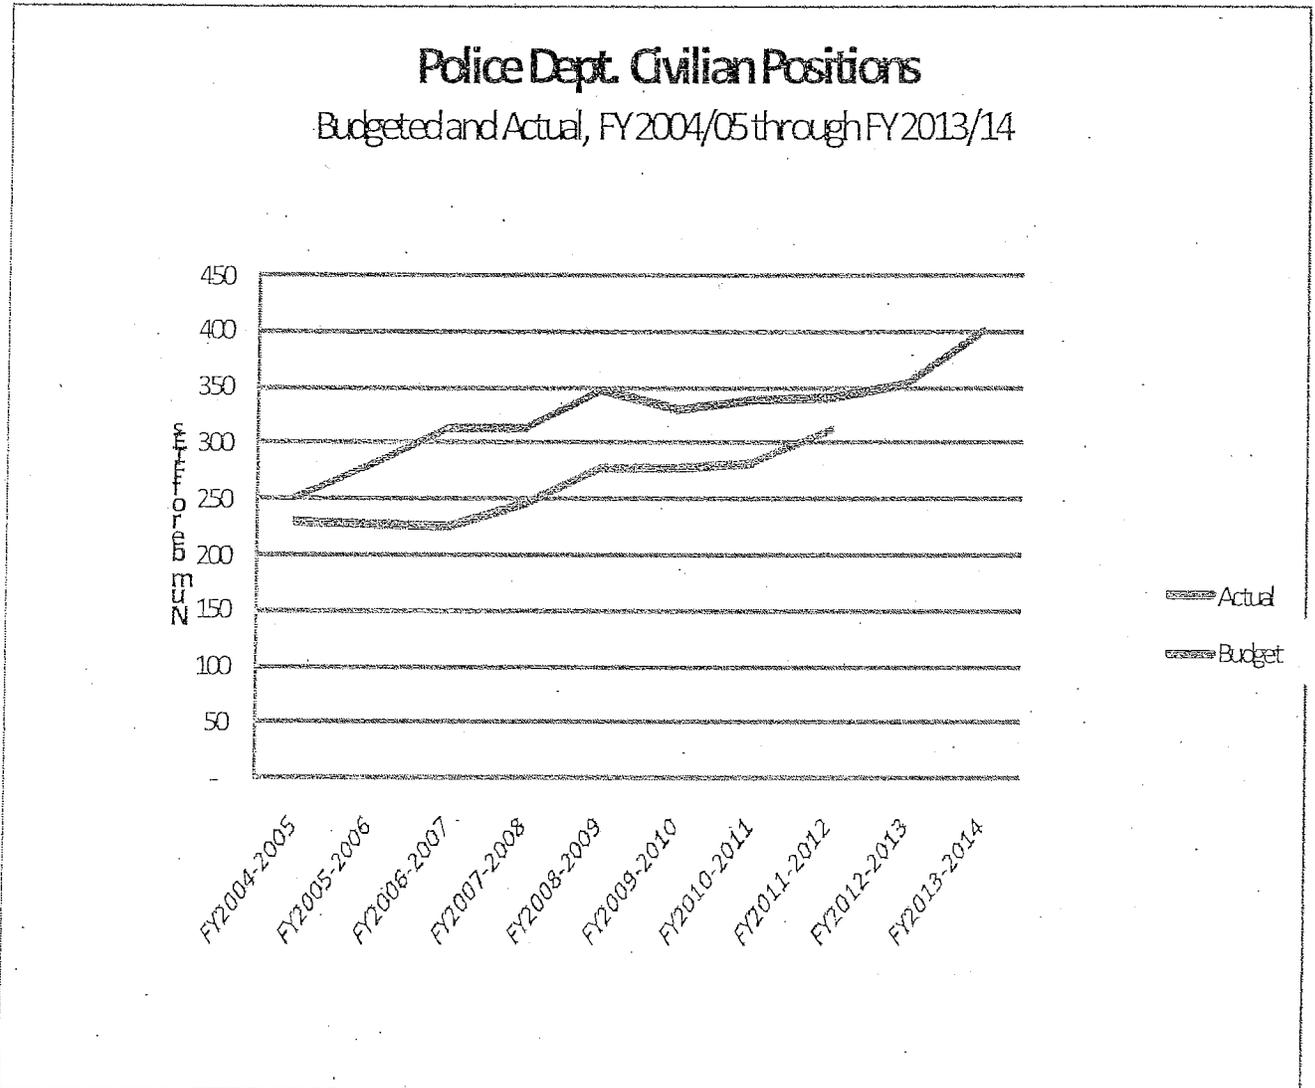

Table C details the historical growth of civilian positions budgeted and hired in the SFPD from FY2006-07 to FY2011-12 by program and job class.

Controller's Discussion of the Mayor's FY 2012-13 and 2013-14 Proposed Budget

June 13, 2012

Charter Section 9.102 requires that the Controller provide the Board of Supervisors with an opinion regarding the accuracy of economic assumptions underlying the revenue estimates in the Mayor's Proposed Budget and the reasonableness of such estimates. On May 31, 2012, Mayor Edwin Lee submitted his FY 2012-13 and FY 2013-14 Proposed Budget to the Board of Supervisors. An overview of the revenues is provided in Table 1.

Overall, the proposed two-year budget appears to be reasonable given the information currently available. The proposed budget reduces the City's recent reliance on one-time revenues and includes a gradual rebuilding of reserves, reducing prospective budgetary shortfalls, provided that the current economic recovery is sustained and potential future reductions in State revenues remain manageable.

Overview

As shown in Table 1, the Proposed Budget for FY 2012-13 of \$3.5 billion General Fund and \$7.3 billion All Funds represents a 7% increase from the FY 2011-12 original budget. The Proposed Budget for FY 2013-14 represents a further 3% increase in both General Fund and All Funds. Highlights include:

- **Local tax revenue estimates are reasonable given current economic assumptions but will continue to be monitored.** The proposed budget reflects the prevailing economic consensus in assuming a steady economic recovery through FY 2012-13 and FY 2013-14, with regular revenues increasing by \$220 million over the FY 2011-12 budget (representing \$92 million above the revised FY 2011-12 revenue outlook in the Controller's Nine Month Budget Status Report), and FY 2013-14 revenues increasing by a further \$109 million. However, San Francisco's economy is vulnerable to national and international economic developments that could cause changes to the currently favorable trends in job growth, property values and tourism. Any significant economic slowdown would require the Mayor's Office and Board to adjust the budget to reflect reduced revenues. The Controller's Office will monitor local tax receipts and the overall economic outlook carefully and provide revenue projection updates throughout the budget years.

DBI Vacant/Abandoned Buildings' Registration Ordinance Summary Overview- June 2012

- The Vacant/Abandoned buildings' registration ordinance took effect in October 2009, with DBI owner initial notification letters sent early in 2010. We are currently in the third year of implementing and enforcing this ordinance.
- In April 2012, 538 vacant buildings on the list after those that were either For Sale/For Lease/For Rent; the building was occupied/not vacant; owner had applied for permits to make the building code-compliant and return them to productive housing/other beneficial uses, etc.) were removed.
- Of the 538 buildings on the Vacant Building list, 183 paid the registration fee of \$765.
- The remaining 355 buildings, or 66% of the total, have not paid the registration fee
 - Many of the owners inherited the vacant property, and do not have the financial resources to abate code violations/bring the property into compliance.
 - About 50% of the vacant buildings are owned by banks and financial institutions due to foreclosures/other issues. Many banks do not comply with the Vacant Building Ordinance, and some cities are in litigation to force compliance (Los Angeles, for example, is suing Deutsche Bank on this matter).
- A total of 397 First and Second Notices of Violation have been issued for failure to comply in 2012.
- A total of 46 vacant buildings are on the Lien List that will be heard at the Board of Supervisors on July 31, 2012.
- A total of \$195,066 has been collected in 2012 by DBI in annual Registration fees and penalty fees.

- DBI participate annually in at least five regularly scheduled community or neighborhood events, including:
 - Chinese New Year Festival, in February, with DBI Booth usually on Grant or Jackson, both days of this annual two-day community event. Per DBI staff volunteers, more than 70 percent of their interaction with customers during the Festival is in Chinese during these two days.
 - St Patrick's Day, in March, with DBI booth in designated area of Civic Center. Per DBI staff volunteers, more than 25 percent of their interaction with customers during this outreach event is in Spanish.
 - Cinco de Mayo, in May, with DBI booth in designated area of Dolores Park. Per DBI staff volunteers, more than 70 percent of their interaction with customers during this event is in Spanish.
 - Sunset Community Festival, in September, with DBI booth in designated area. Per DBI staff volunteers, the majority of customer interactions at this event are in English.
 - Chinatown Resources Fair, in October, with DBI booth in designated area in Portsmouth Square Club House. Per DBI staff volunteers, more than 90 percent of interaction with customers during this event is in Chinese/Cantonese.
 - Excelsior Community Festival, in October, with DBI booth in designated area. Per DBI staff volunteers, the majority of customer interactions at this event are in English.
 - Bernal Heights Fiesta, in October, with DBI booth in designated area. Per DBI staff volunteers, more than 50 percent of their interaction with customers during this event is in Spanish.
 - Staff also invited episodically to participate in Town Halls or Special Neighborhood Task Forces with Supervisors in all 11 Supervisorial districts; and staff invited to brief neighborhood associations, such as the Planning Association of the Richmond (PAR), Coalition of SF Neighborhoods, Mission Merchants Association, etc., as well as Real Estate associations seeking briefings by DBI professional staff on the 3R Report process. The majority of these interactions with customers are in English.

- DBI's fleet is 99 vehicles and trucks - with 2 currently out of service and in need of replacement
- We currently have a backlog in vehicle maintenance and have 4 vehicles in the shop at all times, these vehicles are rotated as the maintenance is completed, which leaves 93 vehicles in active daily use.
- DBI has not purchased vehicles since 2007, and over half of the vehicles are older than the 2004 model year.

- There are currently 98 inspectors currently working full time with DBI. Once the vacancies are filled the Department will have 116 inspectors. If the 8 additional inspection positions requested in the FY 2012-14 budget are approved, there will be 124 budgeted inspectors, of which 13 are building inspectors assigned to plan check who do not need a daily assigned vehicle.
- 63 of the inspectors are currently assigned to Building, Electrical or Plumbing inspections where they are assigned to a district and have an average of 12 inspections per day and are in the field from 8:30 a.m. to 3 p.m.
- 29 of the inspectors are currently assigned to housing and code enforcement and conduct daily inspections in response to complaints or notices of violation. While they do not have a set schedule of inspections they are also in the field from 8:30 a.m. to 3:00 p.m.
- DBI tries to maintain 2 pool vehicles for any engineer or administrative staff to attend meetings or conduct a site inspection, but currently only has 1 vehicle available.
- The 4 vehicles mentioned above, that are currently being used to rotate vehicles through the maintenance requirements, will be assigned to inspectors and the Department is able to fill vacancies this fall and hopefully hire any newly approved positions.
- When DBI is fully staffed, we anticipate needing to share vehicles as there will be 115 field inspectors and only 99 vehicles.
- DBI is instituting a 10 year replacement cycle and intends to replace approximately 10 cars a year after the 1st year. We are requesting 11 in the first year to replace a vehicle that was hit in our parking lot and totaled.

Major changes in the FY 2012-14 Budget

Expenditure Category	FY 2012-13 Changes	FY 2013-14 Changes
Salaries	Addition of temporary help and overtime to deal with delays in the approval of positions and addition of new positions required to meet the increase in construction activity. (\$4,614,202)	Addition of positions which is offset by a decrease in temporary help as we are assuming positions will be filled. (\$3,02,999)
Training	Increase reflects (1) ongoing training for inspectors for CASP and other certifications, (2) supervisors training, and (3) code training – see Attachment 3 Training Requests for details. (\$67,388)	Maintains FY 2012-13 level with minor changes. (\$601)
Community Outreach	Increases outreach activities by \$25,000 for educating citizens on permit process, including having more tables at neighborhood festivals – see Attachment 4 for details. (\$25,000)	Maintains FY 2012-13 level. (\$0)
City Grant Program	Increase of \$148,972 reflects request from Single Room Occupancy (SRO) Collaboratives and Code Enforcement Outreach Program (CEOP) non-profit contractors that was received during the RFP process in November 2011. The RFPs equalized the units of service and respondents were asked to include the current cost of providing the service. (\$148,972)	Maintains FY 2012-13 level. (\$0)
Equipment	Increase for reinstatement of the vehicle replacement plan by the purchase of 11 clean energy vehicles (\$300,000)	Maintains FY 2012-13 level. Vehicles to be determined by mileage and condition during Fiscal Year 2012-13. (\$0)
Transfer to Digitization Project	We will charge 7 new clerks to the project using a combination of the existing balance and a new transfer - Project PBICOR. (\$859,447)	A small increase in the transfer in FY 2013-14. (\$24,227)

technical adjustment increasing the FY 2013-14 General Reserve deposit by \$0.1 million is intended by the Mayor's Office to revise the reserve amounts to meet the Policy requirements.

3. Budget Stabilization Reserve. Established in 2010 by Administrative Code Section 10.60(c), the Budget Stabilization reserve augments the Rainy Day Economic Stabilization Reserve. The two reserves are available to support the City's budget in years when revenues decline. The Budget Stabilization Reserve is funded by the deposit each year of 75% of Real Property Transfer Taxes above the prior five-year average (adjusted for rate changes) and ending unassigned fund balance above that appropriated as a source in the subsequent year's budget. The first deposit into the Reserve of \$27.2 million was made from FY 2010-11 surplus unassigned fund balance. The Mayor's Proposed Budget assumes that Real Property Transfer Tax receipts will be above the prior five year adjusted average in both FY 2012-13 and FY 2013-14, resulting in deposits to the Budget Stabilization Reserve of \$17.8 million and \$7.3 million respectively. The Controller's office will determine the actual amount to deposit in September of each year based on actual receipts during the prior fiscal year.

4. Salaries and Benefits Reserve. The Mayor's Proposed Budget provides \$13.1 million for FY 2012-13 and FY 2013-14 in the General Fund to cover costs related to adopted Memorandum of Understandings (MOUs) with labor organizations. This represents a decline of \$0.4 million from the \$13.5 million budgeted for FY 2011-12.

5. Litigation Reserve. The \$11.0 million litigation reserve proposed budget is intended to provide funding for potential judgments and claims that will need to be paid out by the City during the budget year, based on historical experience. The City also maintains a separate reserve funded from prior year appropriations for large cases pending against the City. The proposed level of funding is consistent with prior years funding and expenditures.

6. Reserve for Technical Adjustments. \$2.5 million is provided in the FY 2012-13 and FY 2013-14 proposed budgets as an allowance for technical adjustments during the budget review process. The Mayor's Office has stated that they will inform the Budget and Finance Committee prior to the final Committee vote on the budget as to the amount required for technical adjustments up to that point and any balance that may be available for other uses.

Appendix 4 General Fund Reserve Withdrawals and Deposits

As discussed in Appendix 1, the Mayor's Proposed Budget includes using \$16.4 million from reserves established in prior years during FY 2012-13 and \$16.5 million during FY 2013-14.

As shown in Table 4-1 below, the Mayor's Proposed Budget also includes \$76.6 million and \$75.4 million in deposits to General Fund reserves during FY 2012-13 and FY 2013-14. These appear to be prudent and reasonably reflect anticipated Memoranda of Understanding (MOUs), litigation costs, and general contingency reserves.

2. General Fund – General Reserve. Each year, the City sets aside funding to provide for revenue and expenditure uncertainties including funding for supplemental appropriations in the event that additional appropriation needs arise.

In April, 2010, the Board of Supervisors approved the Controller's proposed financial policies on reserves, codified in Administrative Code Section 10.60. The policy requires the Reserve to increase to 1% of budgeted general fund regular revenues in FY 2012-13 and 1.25% of budgeted general fund regular revenue in FY 2013-14. The budgeted General Reserve will continue to increase each year until it reaches 2% of budgeted General Fund regular revenues in FY 2016-17. Unused General Reserve is carried forward from the prior year into the new budget year.

The Mayor's Proposed budget anticipates \$3.218 billion in regular General Fund revenues in FY 2012-13 and \$3.325 billion in FY 2013-14, leading to General Reserve requirements (including carry forwards) of \$32.18 million in FY 2012-13 and \$41.57 million in FY 2013-14. Note that a

adding 48 new positions from new Officers completing the Academy by the end of the year brings this total to 1,758, or 213 positions below the baseline requirement.

The Mayor's FY 2013-14 Proposed Budget includes net funding authority for 2,090 full-time equivalent (FTE) officers outside the Airport (including 67 positions funded in the form of overtime). The Department's current statistics indicate that after taking into account officers on modified duty and medical and other leave, there will be 1,758 active full duty officers outside the Airport. Including retirements in FY 2013-14 and adding 120 new positions from new Officers completing the Academy by the end of the year, brings this total to 1,794, or 177 positions below the baseline requirement.

The Charter-mandated minimum staffing level may be reduced in cases where civilian hires result in the return of a full-duty officer to active police work, pursuant to Charter Section 16.123 (Proposition C). This voter-approved proposition provides that the Mayor and Board may convert a position from a sworn officer to a civilian through the budget process. A number of civilian positions have been added since the Charter Amendment. However, no formal certification has been approved by the Police Department. The Controller's Office is preparing an analysis of this issue for the Budget Committee's consideration in the coming weeks.

Neighborhood Firehouse Baseline. In November 2005, San Francisco voters passed the Neighborhood Firehouse Protection Act (Proposition F), which established new baseline service level requirements for San Francisco firehouse operations as detailed in Administrative Code Section 2A.97. The Act included minimum baseline requirements for 24-hour staffing of 42 firehouses, the Arson and Fire Investigation Unit, no fewer than 4 ambulances, and 4 Rescue Captains (medical supervisors). The Neighborhood Firehouse baseline requirements of \$235.5 million for Fiscal Year 2012-13 and \$241.5 million for Fiscal Year 2013-2014 have been met. Since this requirement is not contained in the Charter, the Board may approve an Annual Appropriation Ordinance that does not meet the requirement.

Treatment on Demand Baseline. In November 2008, voter-approved Proposition T created Section 19.23A of the Administrative Code, which required the Department of Public Health (DPH) to maintain an "adequate level of free and low cost medical substance abuse services and residential treatment slots" to meet the overall demand for these services. The measure requires the Department to report to the Board of Supervisors by February 1st of each year with an assessment of the demand for substance abuse treatment, and a plan to meet this demand. At the end of December 2011 (the most recently reported data), service providers reported that 97 slots were available and 167 clients were waiting, indicating that there were not sufficient treatment slots to meet overall demand, and this baseline requirement was not met. The budget does not include additional funding intended to meet this target. Since this requirement is not contained in the Charter, the Board may approve an Annual Appropriation Ordinance that does not meet the requirement.

and \$38.4 million in FY 2012-13 and FY 2013-14 respectively for both Library Preservation and Open Space.

Public Education Enrichment Funding. The Mayor's FY 2012-13 and FY 2013-14 Proposed Budget includes \$50.4 million and \$52.3 million respectively for the Public Education Enrichment Fund Annual Contribution plus an allowance for \$2.7 million and \$2.9 million respectively in in-kind contribution to the San Francisco Unified School District, for a total contribution of \$53.1 million in FY 2012-13 and \$55.2 million in FY 2013-14. This funding, which was approved by voters in March 2004 through Proposition H and included in Charter Section 16.123-2, requires the City to support education initiatives with \$60 million in FY 2009-10, and with annual contributions in FY 2010-11 through FY 2014-15 equal to the City's total contribution the prior year, adjusted for the change in aggregate discretionary revenue. In any year, if the joint report prepared by the Controller, the Mayor's Budget Director, and the Board of Supervisors' Budget Analyst projects a budgetary shortfall of \$100 million or more, the Mayor and the Board of Supervisors may reduce the City's contribution to the Public Education Enrichment Fund by up to 25%. The FY 2012-13 and FY 2013-14 Proposed Budget includes this reduction in each year. The cumulative deferrals since FY 2008-09 including the budgeted amounts for FY 2012-13 and 2013-14 total \$93 million. The City must pay back the combined deferrals by 2018 unless voters extend the measure or authorize a substantially similar measure.

City Services Auditor Baseline. Charter Section F1.113 establishes the Controller's Audit Fund and a baseline amount. This baseline was approved by voters in November 2003 and mandates that 0.2% of the budget be used to fund audits of City services. The Mayor's FY 2012-13 and FY 2013-14 Proposed Budgets appropriates \$12.1 and \$12.4 million respectively for the City Services Auditor Baseline.

Human Services Homeless Care Fund. Also known as Care not Cash, the Human Services Homeless Care Fund established in Administrative Code Section 10.100-7 was passed by voters in November 2002. The Administrative Code defines a formula for calculating the annual required contribution to the fund based on the number of homeless people expected to participate in County Adult Assistance Programs (CAAP) during each upcoming fiscal year as compared to a base year. The City is required to credit the fund with the difference between the average annual maximum cash grant for each program and the average annual special allowance or other residual cash payment provided by the City for each participant to whom the City expects to provide in-kind benefits in lieu of the full cash grant during the year. These funds are to be used on homeless outreach and service programs. In FY 2012-13 and FY 2013-14, new funding is budgeted at \$13.7 million, unchanged from the FY 2011-12 budget. Since this requirement is not contained in the Charter, the Board may approve an Annual Appropriation Ordinance that does not meet the requirement.

Police Staffing Baseline. San Francisco Charter Section 4.127 mandates a minimum staffing baseline of not less than 1,971 full-duty officers. It appears that this requirement is not met in the proposed budget.

The Mayor's FY 2012-13 Proposed Budget includes net funding authority for 2,109 full-time equivalent (FTE) officers outside the Airport (including 68 positions funded in the form of overtime). The Department's current statistics from mid-June 2012 indicate that after taking into account officers on modified duty and medical and other leave, the Department will have 1,816 active full duty officers outside the Airport. Including planned retirements in FY 2012-13 and

Municipal Transportation Baselines. Charter section 8A.105 established a Municipal Transportation Fund to provide a predictable, stable and adequate level of funding for the Municipal Transportation Agency (MTA). Consistent with the Charter, in FY 2000-01 a base amount of funding was established. Charter subsection (c) (1) requires the Controller's Office to adjust the base amount from year to year by the percent increase or decrease in aggregate City discretionary revenues. Beginning in FY 2002-03, this Charter section also established a level of funding (required baseline) for the Parking and Traffic Commission based upon FY 2001-02 appropriations.

The Mayor's Proposed Budget includes funding for the Municipal Railway (MUNI) baseline at the required levels.

Children's Baseline. Charter Section 16.108 establishes a fund for children's services. Consistent with the Charter, in FY 2000-01 a base amount of funding was established, which is adjusted by the percent increase or decrease in aggregate City discretionary revenues. The required baselines for FY 2012-13 and FY 2013-14 are \$115.3 million and \$119.7 million respectively. Mayor's Proposed Budget has includes Children's Baseline appropriations of \$128.9 million and \$129.8 million, representing surplus funding of \$13.6 million for FY 2012-13 and \$10.1 million for FY 2013-14.

Library Baseline. Charter Section 16.109 establishes a Library Preservation Fund to provide library services and to construct, maintain, and operate library facilities. Consistent with the Charter, in FY 2006-07 a base amount of funding was established, which is adjusted by the percent increase or decrease in aggregate City discretionary revenues. Based on revenue in the Mayor's Proposed Budget the required Library Baseline appropriation is \$53.0 million for FY 2012-13 and \$55.0 million for FY 2013-14.

Public Education Services Baseline. Charter Section 16.123-2 establishes a Public Education Enrichment Fund. Consistent with the Charter, in FY 2001-02 a base amount of funding was established, which is adjusted by the percent increase or decrease in aggregate City discretionary revenues. Proposition H, passed by voters in March 2003, required not only enhancement funding for public education but also baseline funding established pursuant to FY 2002-03 appropriation levels, which were to be adjusted in subsequent years according to changes in aggregate discretionary revenues. The Mayor's Proposed Budget for the Department of Children, Youth & Their Families includes \$6.7 million and \$6.9 million for FY 2012-13 and FY 2013-14 for the Public Education Services baseline. The source of the funding is split equally between the General Fund and the Children's Fund.

Municipal Symphony Baseline. Charter Section 16.106(1) mandates that the City provide an appropriation equivalent to 1/8 of \$0.01 of each \$100 in assessed valuation of property tax for the symphony orchestra. Based on the current property tax assessed valuation projections, the required funding for the Municipal Symphony Baseline should be \$2.0 million for FY 2012-13 and \$2.1 million for FY 2013-14.

Other Property Tax-Related Set-Asides. Charter Sections 16.108, 16.109, and 16.107 mandate three property tax-related set-asides, including amounts equivalent to 3.0% of property tax revenues for Children's Services, 2.5% for Library Preservation and 2.5% for Open Space. The Mayor's FY 2011-12 Proposed Budget includes required funding of \$44.7 million and \$46.0 million for Children's Services in FY 2012-13 and FY 2013-14 respectively, and \$37.3 million

Appendix 3. Baselines & Mandated Funding Requirements

The Charter includes requirements for baseline levels of funding or staffing for a number of City Services. Table A3-1 below summarizes such required baselines and minimum staffing levels. The amounts listed as "Proposed Budget" include technical adjustments to be submitted to the Board of Supervisors Budget and Finance Committee as an amendment to the May 31, 2012 Proposed Budget.

Appendix 2. Selected Nonrecurring Revenue Policy Compliance

When one-time or nonrecurring sources are used to support ongoing operations, this creates a budget gap for future years, requiring either that expenditures be reduced or replacement resources be identified. In December 2011, the Board approved a Nonrecurring Revenue Policy, codified in Administrative Code Section 10.61, that requires selected nonrecurring revenues to be used only for identified nonrecurring expenditures. The Controller is required to certify compliance with this policy. The selected revenues include:

- General fund prior year-end unassigned fund balance above the prior five-year average, and when replacement resources will be required in future years, be unavailable in future years to support future budgets;
- The General Fund share of revenues from prepayments provided under long-term leases, concessions, or contracts after accounting for any Charter-mandated revenue transfers, set-asides, or deposits to reserves;
- Otherwise unrestricted revenues from legal judgments and settlements; and,
- Otherwise unrestricted revenues from the sale of land or other fixed assets.

Controller's Certification

General Fund prior year-end unassigned fund balance budgeted at \$96.6 million for FY 2012-13 and \$93.2 million for FY 2013-14 falls substantially below the prior five year averages for each year of \$141.3 million and \$138.3 million (estimated), respectively.

The only nonrecurring revenues that appear to fall within the policy is the Department of Public Health's anticipated \$1.8 million sale of property located at 35-45 Onondaga Avenue. The Mayor's Office has identified nonrecurring expenditures in the Department of Public Health's budget that will be funded with the proceeds of this sale. Therefore, the Controller's Office is certifying compliance with the policy.

Other Nonrecurring Sources

Table 2-1 shows other General Fund and Hospital Fund nonrecurring revenues in operating funds that do not fall under the policy, \$112.6 million in FY 2012-13 and \$119.4 million in FY 2013-14. This is a substantial reduction from the \$181.0 million in such sources in the FY 2011-12 budget.

19. Intergovernmental-Federal. The \$5.8 million reduction in FY 2012-13 reflects the loss of one-time federal stimulus incentive funds in the prior year tied to the implementation of electronic medical records.

20. Hospital State – Health & Welfare Realignment. The \$0.8 million reduction in FY 2012-13 is due to reductions from state Vehicle License Fee collections offset by improved State Sales Tax collections. See State Health and Welfare Realignment discussion in the General Fund regular revenues section.

21. Hospital State-Other. This category includes insurance reimbursements, including Federal and State Medi-Cal reimbursements for hospital services. The \$3.2 million reduction in FY 2012-13 is a result of loss of State Health Care Initiative revenue, which is projected to increase by \$1.5 million in FY 2013-14.

22. Charges for Services. This category includes insurance reimbursements, including Federal and State Medi-Cal reimbursements for hospital services. The \$14.1 million increase from FY 2011-12 to FY 2013-14 includes the net effects of:

- \$9.1 million increase due to funding allocations under the State Section 1115 Medicaid Waiver, including revised funding from the Safety Net Care Pool and Delivery System Reform Incentive Pool
- A reduction of \$6.2 million in patient revenues at Laguna Honda Hospital resulting from a State action to reduce Medi-Cal reimbursement rates at skilled nursing facilities, partially offset by supplemental federal payments and other patient revenues.
- \$11.8 million net increase in other charges for services based current trends and rates.

23. Hospital Other Revenues. This includes federal reimbursement for a share of the City's debt service costs associated with the construction of Laguna Honda Hospital, authorized by State legislation known as SB1128. In FY 2011-12, the City received its first distribution of \$67.6 million in these revenues covering multiple prior years.

The table excludes the effect of automatic CPI adjustments and increased patient rates at the Department of Public Health. Legislation to automatically adjust City Planning's CEQA fees for inflation is not expected to result in increased revenue.

In addition to the above fees, the FY 2012-13 budget assumes Fire Department ambulance billing recoveries increase by \$7.7 million over FY 2011-12 actual revenues and increase \$5.9 million in FY 2013-14 above FY 2012-13 budget, due to AB 678 - Medi-Cal: Ground Emergency Medical Transport, passed by the State legislature in 2011.

San Francisco General Hospital and Laguna Honda Hospital Revenues and General Fund Support

San Francisco General Hospital and Laguna Honda Hospital operations are included in the Department of Public Health. These hospital operations are budgeted in Enterprise funds outside the General Fund, but receive substantial transfers in from the General Fund and are considered "General Fund Supported" enterprises. As a result, any surpluses or shortfalls in the hospitals are ultimately felt by the General Fund as reductions or increases in transfer in requirements.

As shown in Table 1-11, San Francisco General Hospital and Laguna Honda Hospital regular revenues are budgeted to decrease by \$61.1 million (8%) in FY 2012-13 from the FY 2011-12 revised budget, primarily because the FY 2011-12 revised budget included the accumulated federal reimbursement of \$67.6 million for a share of multiple years' worth of Laguna Honda Hospital construction debt service costs. Revenues are projected to increase by \$18.5 million (2.2%) in FY 2013-14. This increase includes the loss of some major revenue streams, offset by new ones, as discussed in the notes below.

15. State - Public Safety Realignment. Public Safety Realignment (AB 109, enacted in early 2011), transfers responsibility for supervising certain kinds of felony offenders and state prison parolees from state prisons and state parole agents to county jails and probation officers. Based on revised allocation formulas, Public Safety Realignment revenue is budgeted at \$17.3 million in FY 2012-13, an \$11.5 million increase over FY 2011-12 projected actual revenues. The allocation methodology used for 2012-13 projections is not permanent, as more time and programmatic experience is required before the State settles on a final allocation formula. In light of this uncertainty, the budget for FY 2013-14 remains at \$17.3 million, unchanged from the FY 2012-13 budgeted amount.

16. Allowance for State Revenue Loss. The budget contains a \$15 million FY 2012-13 allowance for future State funding cuts and realigned program responsibilities. This is equal to the amount included in the FY 2011-12 original budget. There is no allowance for additional State funding cuts in the FY 2013-14 proposed budget.

17. State – Other. Other State funding is projected to decrease in FY 2012-13 by \$2.6 million (1.0%) to \$269.2 million and decrease in FY 2013-14 by \$12.5 million (4.6%) to \$256.8. Decreases in both years are primarily a result of reductions to federal Short-Doyle Medi-Cal funds drawn down through the State of \$8.5 million and \$14.2 million in FY 2012-13 and FY 2013-14 respectively.

18. Charges for Services. The FY 2012-13 Proposed Budget assumes approval of a small number of fee increases, resulting in increased fee revenue of approximately \$900,000 compared to FY 2011-12, summarized in Table 1-10.

13. State - Public Safety Sales Tax. Public Safety (Proposition 172) sales tax revenue is budgeted at \$79.0 million in FY 2012-13, and \$81.7 in FY 2013-14. In FY 2012-13 revenue from this subvention is expected to increase \$9.9 million (14.3%) from the FY 2011-12 budget and \$4.1 million (5.4%) from Nine Month Report projections; FY 2013-14 revenue is projected to increase 3.5% (\$2.7 million) from the FY 2012-13 budget. These revenues are allocated to counties by the State separately from the local one percent sales tax discussed above, and are used to fund police and fire services. Disbursements are made to counties based on the County Ratio, which is the county's percent share of total statewide sales taxes in the most recent calendar year. The Proposed Budget for FY 2012-13 assumes a 1.4% increase in the County Ratio and a 3.5% increase in state sales taxes over projected FY 2011-12 actual revenues, reflecting San Francisco's relatively stronger recovery in taxable sales compared to the state. The FY 2013-14 budget assumes no change in the County Ratio and state sales taxes increasing 3.5%, consistent with projected continued economic recovery statewide and resultant increases in taxable spending.

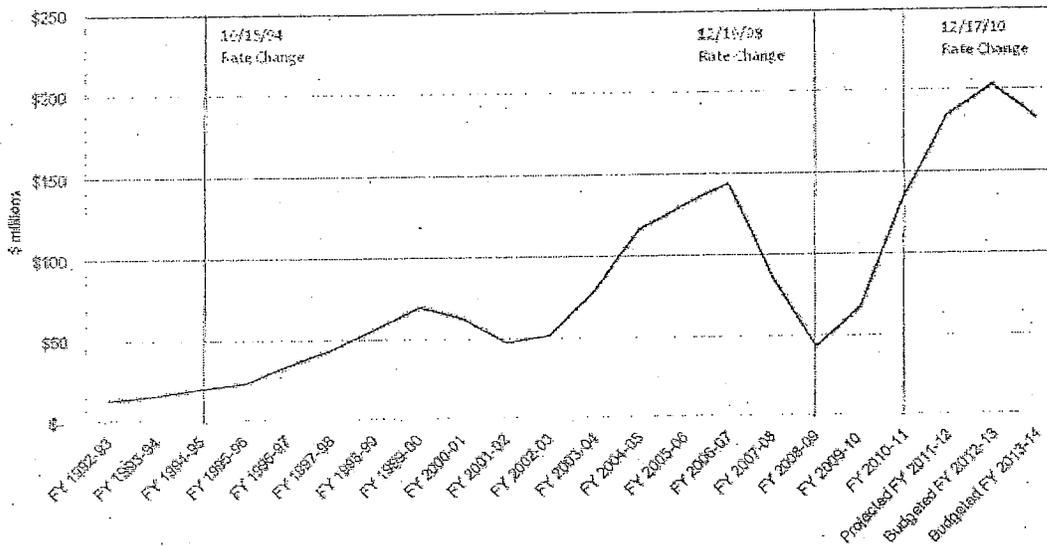

14. State – Health & Welfare Realignment. Realignment allocations from the State for Health and Welfare are comprised of three components: statewide sales tax, motor vehicle license fee (VLF) receipts, and CalWORKS Maintenance of Effort (MOE), budgeted as follows:

Health & Welfare Realignment – Sales Tax. In FY 2012-13 and FY 2013-14, General Fund realignment revenue from sales taxes are anticipated to increase 3.5% each year, consistent with statewide sales tax growth projections discussed above. This results in a \$10.3 million increase in Health and Welfare sales tax allocation from the FY 2011-12 budget, and a \$3.8 million increase (3.5%) over Nine Month Report projections; FY 2013-14 revenue from this source is projected to increase \$3.9 million from the FY 2012-13 budget, or 3.5%.

Health & Welfare Realignment – Vehicle License Fee (VLF). General Fund realignment revenues from VLF receipts in FY 2012-13 are expected to decrease \$3.1 million from FY 2011-12 budgeted levels, and increase \$0.6 million (1.5%) over Nine Month Report projections; FY 2013-14 revenue from this source is projected to increase \$0.4 million (1.0%) from the FY 2012-13 budget. Although new vehicle sales continue to increase from prior years (16.6% in the first three quarters of FY 2011-12 compared to the same period in FY 2010-11), new car sales generate only 20% of VLF revenue. The erosion in the amortized value of existing vehicles, which declined dramatically during the recession, temper revenue projections: the budget assumes modest growth in the value of vehicles upon which the VLF is assessed (1.5% in FY 2012-13 and 1.0% in FY 2013-14).

Health & Welfare Realignment – CalWORKs Maintenance of Effort (MOE). San Francisco's CalWORKs MOE allocations are tied to what the county would have received under the 1991 realignment formula for distribution of funding for mental health services. In FY 2012-13, realignment revenues from this subvention are projected to increase \$1.5 million from FY 2011-12 budgeted levels and \$0.8 million over Nine Month Report projections, based on projected growth in state sales taxes and VLF revenue. In FY 2013-14 revenue from this source is projected to increase \$0.8 million (2.8%) from the FY 2012-13 budget.

Table 1-9. Real Property Transfer Tax Revenues (\$ millions)

In April 2010, the Board of Supervisors and Mayor approved the Controller's proposed financial policies, submitted in accordance with the provisions of Proposition A, passed in November 2009. These policies included the creation of a Budget Stabilization Reserve to be funded with a portion of volatile revenues, beginning in FY 2011-12, including 75% of transfer tax revenue in excess of the prior five-year average, adjusted for any rate increases during the period. Transfer Tax revenue is projected to exceed the prior five-year average in both FY 2012-13 and FY 2013-14 by \$23.7 million and \$9.7 million respectively, triggering Budget Stabilization Reserve deposits of \$17.8 million in FY 2012-13 and \$7.3 million in FY 2013-14. See Appendix 4 for more detail on the Budget Stabilization Reserve.

10. Access Line Tax. Access Line Tax revenues are budgeted at \$43.0 million in FY 2012-13, an increase of \$1.9 million (4.6%) from the FY 2011-12 budget and an increase of \$1.3 million (3.0%) from the FY 2011-12 Nine Month Report projection. The budget reflects a proposed inflationary increase to the Access Line Tax rate of 2.9% as required under Business and Tax Regulations Code Section 784. Access Line Tax revenues are budgeted at \$44.3 million in FY 2013-14, a 3.0% (\$1.3 million) increase from FY 2012-13.

11. Interest & Investment Income. General Fund interest and investment income for FY 2012-13 is projected to increase by \$0.7 million (12.0%) to \$6.8 million from the FY 2011-12 budget and a decrease of \$1.1 million (13.5%) from the FY 2011-12 Nine Month Report projection. This assumes average net monthly interest rates will decrease by 25.5%, from 1.1% in FY 2011-12 to 0.8% in FY 2012-13, and that average cash levels of unallocated General Fund revenue will remain flat. In FY 2013-14, interest and investment income is expected to decrease 14.4% (\$1 million) compared with FY 2012-13 budget, and assumes interest rates decline 12.2% from FY 2012-13 to approximately 0.7% in FY 2013-14.

12. Intergovernmental – Federal. Federal support for the General Fund is projected to decrease by \$9.9 million (4.8%) to \$198.8 million in FY 2012-13 due primarily to the loss of federal aid for foster care and adoptions due to a projected decrease in expenditures. Federal support is projected to rebound in FY 2013-14 and increase \$11.4 million (5.4%) to \$210.3 million due

9. Real Property Transfer Tax. Real property transfer tax is budgeted at \$203.5 million in FY 2012-13, and \$183.1 in FY 2013-14. The FY 2012-13 budget represents an \$84.7 million (71%) increase over the FY 2011-12 budget of \$118.8 million, and an \$18.5 million (10%) increase compared to the FY 2011-12 9-Month Projection of \$185.0 million, primarily due to the anticipated continued strengthening of market fundamentals across all property sectors, resulting in increased demand from institutional investors, as well as owner-users. The FY 2013-14 budget is 10% lower (\$20.3 million) than the FY 2012-13 budget, reflecting projected strong market conditions, but reduced from the expected peak of sales activity in the coming year.

Table 1-8 summarizes recent history for this revenue by transaction size and illustrates the high levels of revenue generated in FY 2005-06 and FY 2006-07 from sales of high value (largely commercial) properties. The transfer taxes generated by these transactions fell by over 50% in FY 2008-09 due to severe downturn, rebounded in FY 2009-10, and are projected to surpass prior peak levels in FY 2011-12, due in part to tax rate increases in November 2008 and 2010, as well as an increase in transaction volume, particularly at the higher tax brackets from commercial investment activity.

Proposition N, passed by the voters in November 2010, increased the property transfer tax rate on transactions valued at \$5 million to \$10 million from 1.5% to 2.0%, and from 1.5% to 2.5% for transactions values at over \$10 million. In FY 2011-12, the total value of all transactions is anticipated to top \$13.1 billion, generating \$185 million in transfer taxes. The Proposed Budget assumes continued strong market demand with total sales volume increasing to \$14.4 billion in FY 2012-13, approximately 25% less than the transaction volume in the prior peak FY 2006-07, yet generating higher taxes due to the change in the tax rate. The Proposed Budget assumes revenues revert toward the long term trend line in FY 2013-14, as illustrated in Table 1-9.

7. Utility Users Tax. Utility user tax revenue is budgeted at \$91.9 million in FY 2012-13, \$3.7 million (3.9%) less than the FY 2011-12 Original Budget, but \$2.7 million (3%) over the FY 2011-12 9-Month Report projection. Telephone user taxes, water user tax revenues, and gas and electric user taxes are budgeted to grow by 3% over FY 2011-12 projected actual revenues, reflecting growth in private employment and CPI anticipated during FY 2012-13. In FY 2013-14, Utility user tax is budgeted at \$93.73 million, which is \$1.8 million, or 2%, over the FY 2012-13 budgeted amount.

8. Parking Tax. Parking tax is budgeted at \$76.5 million in FY 2012-13, an increase of \$4.6 million (6.3%) compared to the FY 2011-12 budget, and a \$2.2 million increase from the 9-Month Report FY 2011-12 projection. Parking tax revenues are correlated with business activity, employment, and rate increases. The recovery in business activity and employment have largely driven this increase. Additionally, much of the increases from the FY 2011-12 original budget to the FY 2011-12 9 Month projection are attributable to increased enforcement efforts beginning in December 2010, to collect parking tax from parking lot operators who do not hold Certificates of Authority. In FY 2013-14, parking tax is projected at \$78.8 million, a 3.0% increase (\$2.3 million) from FY 2012-13. Parking tax revenues are deposited into the General Fund, from which an amount equivalent to 80% is transferred to the MTA for public transit as mandated by Charter Section 16.110.

showing steady growth over last year's peak of 80.1% for the same time-period. Strong demand from all segments of the market (tourist, convention, and business) combined with no additions to inventory, have exerted upward pressure on room rates, with ADR increasing to \$197 in the first three quarters of FY 2011-12, a 14% increase over the same period last year and nearly 5% above the prior peak in FY 2007-08. Revenue per available room (RevPAR), the combined effect of occupancy and ADR, reached a record high of nearly \$160 in FY 2011-12 (year-to-date), a 9% increase from the previous peak in FY 2007-08. Double-digit increases in RevPAR during the first calendar quarter of 2012 are expected to slow through the second quarter ending June 30, 2012. The Proposed Budget assumes an annual increase in RevPAR of approximately 6.0% in both FY 2012-13 and FY 2013-14, due to anticipated continued strong demand. Table 1-6 provides a recent history of RevPAR levels.

General Fund hotel tax totals \$194.0 million in FY 2012-13, of which \$170.2 million is unallocated. This is a General Fund increase of \$28.1 million or 17.4% from the FY 2011-12 budget and 7.1% from the Nine Month Report projection. Similar growth is expected during FY 2013-14 with the General Fund hotel tax totals are projected to grow by \$22.1 million (11.4%) to \$216.1 million in FY 2013-14, of which \$192.3 million is unallocated.

The completion of Moscone Convention Center renovations and opening of all facility space available is expected by July 1, 2012, enabling growth from convention-related business. Additionally, these projections include \$8.4 million in additional one-time revenue in FY 2013-14 from the America's Cup yacht racing event and adjustments to defer revenue related to ongoing litigation.

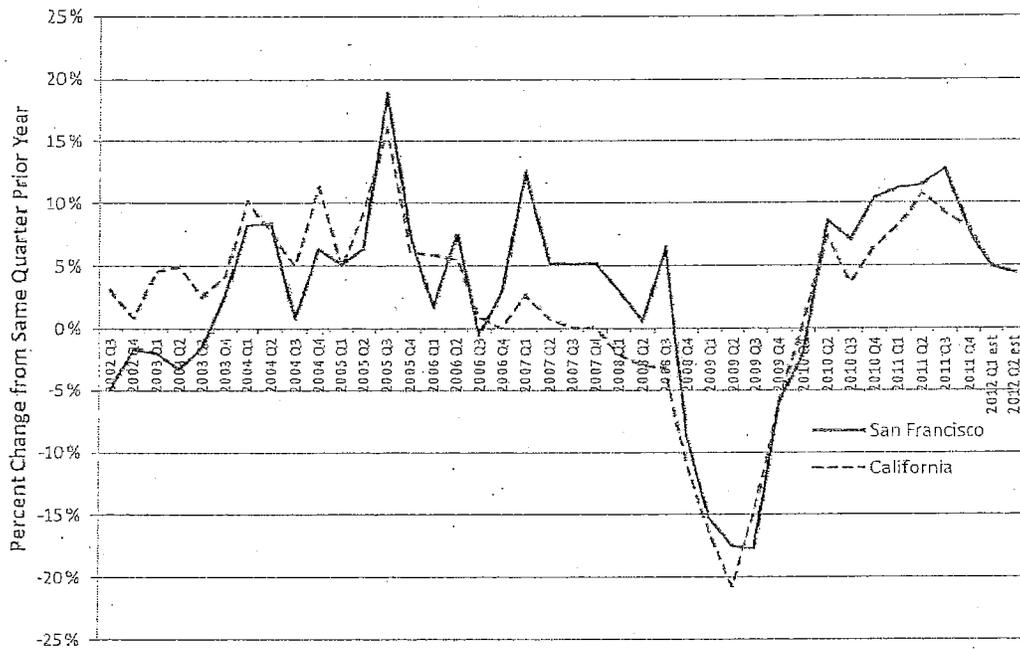

Table 1-7 illustrates how hotel room tax revenues would be allocated pursuant to the Municipal Code and how they are allocated in the FY 2012-13 and FY 2013-14 Proposed Budgets.

with no payroll) are exempt. As a result, only about ten percent of registered businesses in the City pay payroll tax, and within that group the City relies on a single sector—business and professional services—for more than 40% of revenue. This concentration means that tax receipts can change more quickly and at different rates than data on total employment and wages may indicate.

5. Sales Tax. Local sales tax in FY 2012-13 is projected to generate \$121.7 million in revenue in FY 2012-13, an increase of \$15.2 million (14.2%) from the FY 2011-12 original budget and \$7.4 million (6.5%) more than the FY 2011-12 9 Month Report projections. Continued growth is expected during FY 2013-14 as revenues are expected to reach \$130.0 million, 6.8% more than FY 2012-13. The FY 2013-14 projection includes \$2.2 million in additional one-time revenue from the America’s Cup yacht racing event.

Table 1-5 shows historical changes in quarterly sales tax receipts for both the City and State.

2002 Q3 through 2012 Q2 Projection**

The rate of recovery plateaued in FY 2010-11 and slowed while continuing to grow in an absolute sense during FY 2011-12. New multifamily construction and household formation will support continued revenue growth in the later projection years.

6. Hotel Room Tax. Total hotel tax revenue is projected to be \$253.5 million in FY 2012-13, a 15.2% increase from FY 2011-12 original budget a 7.7% increase from the Nine Month Report projection. Continued revenue growth is projected for in FY 2013-14 with total revenue projected at \$275.6 million, an increase of 8.7%.

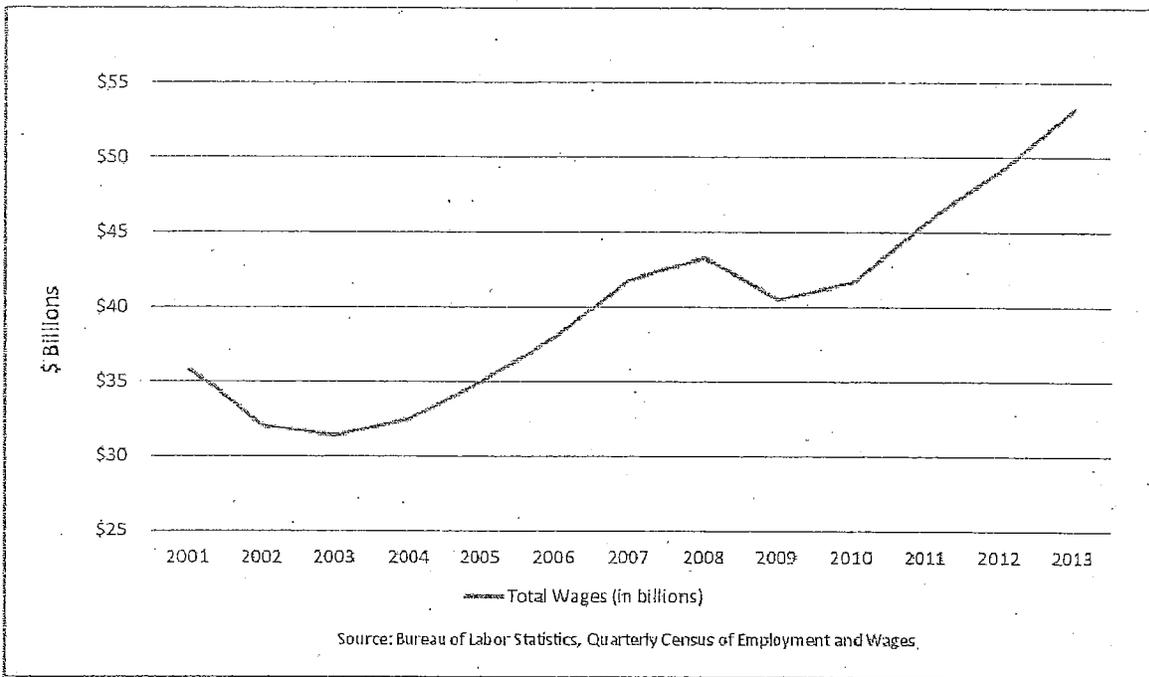

Hotel tax revenue growth is a function of changes in occupancy, average daily room rates (ADR) and room supply. Through March FY 2011-12, monthly occupancy rates averaged 80.7%,

corrected tax rate area assignments, and new construction anticipated in the Mission Bay North, Mission Bay South, and Transbay redevelopment project areas.

4. Business Taxes. Business taxes are budgeted at \$454.3 million in FY 2012-13 and 491.3 million in FY 2013-14, which are increases of \$64.4 million (16.5%) and \$37.0 million (8.1%) respectively. Business tax revenues include \$445.6 million and \$483.1 million in payroll taxes during FY 2012-13 and FY 2013-14, respectively, and \$8.7 million in business license registration fees during both years. The projection for FY 2013-14 payroll tax includes \$5.6 million in additional one time revenue resulting from the America's Cup yachting event.

As seen in Table 1-4, strong wage growth is expected in both 2012 and 2013, with projected increases of 5.2% in FY 2012-13 and 4.4% in FY 2013-14. Private employment, a key lagging indicator, which reached a trough in 2010, is expected to grow at a rate of approximately 2.3% in FY 2012-13 and 2.9% in FY 2013-14

Table 1-4. Total San Francisco County Wages, Calendar Years 2001 to 2013

San Francisco entered the recession late and its unemployment rate has been below that of the state and other large cities. This was partly because it experienced less of a residential construction-related boom in employment before the recession. In 2011, internet, publishing and computer systems design payrolls improved markedly in San Francisco, while finance and insurance industry payrolls have bottomed out but not yet recovered. Overall, employment growth appears to have finally reached levels indicating a sustainable jobs recovery.

Not all employers are subject to San Francisco's business tax: the California Constitution prohibits taxation of certain financial corporations, while nonprofits, government employers and small businesses (firms with less than \$250,000 in taxable payroll, including sole proprietorships

The reserve amount anticipated for Assessment Appeals Board (AAB) decisions for FY 2012-13 appeals is expected to decline, helping to increase the estimated General Fund revenues by \$11.4 million compared to the amount originally budgeted in FY 2011-12. The reserve carries forward balances from the prior year to allow for potential refunds based on appeals that continue to be pending from prior years.

FY 2013-14 Estimated Property Tax Revenues

The Controller's estimate for FY 2013-14 indicates secured Proposition 13 base property roll growth of 4.4% from the FY 2012-13 preliminary working roll estimates. This growth in the secured base property roll primarily reflects a 2.0% forecasted increase in the California Department of Industrial Relation's California Consumer Price Index (CCPI) and \$750 million in increased Proposition 13 base property values where there have been changes in ownership during calendar year 2012 or new construction completed and assessed by the Assessor-Recorder by December 31, 2012.

Proposition 8 reductions in taxable assessed values are estimated to decline to \$2.2 billion or about -1.5% in FY 2013-14, a level similar to FY 2011-12. This amount is challenging to estimate because unlike Proposition 13, which limits increases in secured base property roll values to a maximum of 2.0%, Proposition 8 temporary reductions may vary with no limitation other than the Proposition 13 base property roll value.

The estimated net increase in the secured taxable value would translate into approximately \$37.1 million in higher General Fund share revenues in FY 2013-14 compared to the proposed FY 2012-13 budget amount.

For the AAB reserve deposit in FY 2013-14, it is currently estimated that the amount will decrease by about 15% compared to the estimate for FY 2012-13. This would help to add \$5.3 million to General Fund revenues in FY 2013-14 compared to the estimated revenues for FY 2012-13.

Other factors affecting property tax revenues in FY 2012-13 and FY 2013-14 include:

- \$51.0 million General Fund share is budgeted for supplemental and escape property tax assessments that the Assessor expects to process in FY 2012-13. This is an increase of about \$10.5 million compared to the \$40.5 million originally budgeted for FY 2011-12. As the Assessor-Recorder works through most of the prior year outstanding reassessments due to new construction and changes in ownership, \$29.7 million General Fund share is budgeted for supplemental and escape property tax assessments in FY 2013-14.
- \$14.0 million budgeted for penalties and interest revenue from payments of delinquent property taxes in FY 2012-13 and FY 2013-14, representing a slight decline compared to the \$14.2 million budgeted for FY 2011-12.
- \$124.1 million budgeted in FY 2012-13 and \$134.8 million budgeted in FY 2013-14 in gross property tax increment from properties within redevelopment project areas formed prior to the dissolution of the San Francisco Redevelopment Agency (SFRA) on February 1, 2012 to be paid to other affected taxing entities as AB 1290-required pass-through payments or to the Successor Agency to the San Francisco Redevelopment Agency. In FY 2011-12, \$119.0 million was used for the same purposes. The increases represent updated assessments,

Rainy Day Reserve's Economic Stabilization Account is projected to be \$25.1 million. The Mayor's Proposed Budget assumes no use of the Reserve by the City in FY 2012-13 or FY 2013-14. The budget assumes that the maximum 25% allowance for the San Francisco Unified School District will be withdrawn in each budget year, representing \$6.3 million in FY 2012-13 and \$4.7 million in FY 2013-14, leaving a remaining balance in the Reserve of \$14.1 million.

b. Recreation & Park's Savings Reserve. The Recreation and Parks Saving Incentive Reserve, established by Charter Section 16.107(c), is funded by the retention of year-end net expenditure savings by the Recreation and Park Department and must be dedicated to one-time expenditures. The Mayor's Proposed Budget assumes the use of \$1.7 million from this reserve in FY 2012-13 and \$1.9 million in FY 2013-14.

c. Budget Savings Incentive Fund (BSIF). The Citywide Budget Savings Incentive Fund (BSIF) is authorized by Administrative Code Section 10.20. The Fund receives 25% of year-end departmental expenditure savings to support one-time expenditures. The Fiscal Year 2011-12 Nine Month Report anticipated that the year-end balance in the BSIF would be \$18.3 million. The proposed budget appropriates \$8.4 million of the reserve for projects in FY 2012-13 and a further \$9.9 million for FY 2013-14. Proposed uses of the Reserve are outlined in separate legislation submitted by the Mayor's Office.

3. Property Taxes. The FY 2012-13 General Fund share of property tax revenue is estimated at \$1,078.1 million, which is 4.8% (\$49.4 million) more than the FY 2011-12 budget and 3.9% (\$40.1 million) more than the FY 2011-12 Nine Month Report projection.

The FY 2013-14 General Fund share of property tax revenue is estimated at \$1,109.7 million, which is 2.9% (\$31.6 million) more than the proposed FY2012-13 budget.

FY 2012-13 Estimated Property Tax Revenues

Preliminary working roll estimates from the Assessor's Office indicate FY 2012-13 secured Proposition 13 base property roll value growth of 2.7% from the FY 2011-12 certificate value. This growth in the secured base property roll primarily reflects a 2.0% calculated inflation increase based upon the California Department of Industrial Relation's California Consumer Price Index (CCPI) and increases in Proposition 13 base property value assessments where there have been changes in ownership.

Offsetting the expected increase in the secured Proposition 13 base property roll value are the estimated temporary Proposition 8 reductions in secured taxable assessed values in FY 2012-13 for about 7% of the total number of San Francisco's taxable and non-segregated (timeshare) properties by the Assessor-Recorder. Those temporary reductions are estimated to reduce the secured taxable property value by about \$3.1 billion or -2% of the secured property roll in FY 2012-13 (compared to a reduction of about \$2.3 billion or -1.5% in FY 2011-12). Temporary Proposition 8 reductions have most commonly been applied to the recently constructed buildings and condominiums in the eastern South of Market District and Mission Bay areas where many dwellings were purchased between 2005 and 2009. The temporary reductions in secured taxable property value may adjust back up to the Proposition 13 base property roll value, stay the same, or decline in future years.

The estimated net increase in secured taxable property values should provide \$18.8 million more in General Fund share revenues in FY 2012-13 compared to the FY 2011-12 budget.

1. Prior Year Fund Balance. The proposed budget anticipates a \$189.8 million General Fund surplus to be available at the end of FY 2011-12, comprised of \$184.9 million from FY 2011-12 operating surplus (split equally between FY 2012-13 and FY 2013-14 budgets) and \$4.9 million from reductions in project-specific budgets, including \$4 million of surplus appropriation in the Public Campaign Finance Fund and \$0.9 million savings in the Controller's City Services Auditor project. The operating surplus projection is \$12.4 million more than the \$172.4 million ending fund balance projection in the Controller's FY 2011-12 Nine Month Budget Status Report. The updated projection reflects \$8 million that has been identified as available to release from litigation reserves after a reevaluation of outstanding liabilities and \$4.4 million in additional revenue surplus and expenditure savings identified since publication of the Nine Month Report.

2. Use of Reserves. As shown in Table 1-3, the Mayor's Proposed Budget includes using \$16.4 million from reserves established in prior years during FY 2012-13 and \$16.5 million during FY 2013-14.

budgeted regular revenues (\$32.2 million) in FY 2012-13 and 1.25% of budgeted regular revenues (\$41.6 million) in FY 2013-14. The General Reserve is available to be appropriated by the Board for any purpose to accommodate shortfalls or new requirements during the course of the budget year.

- **The budget contains a \$15 million FY 2012-13 allowance for future State funding cuts and realigned program responsibilities.** As of this writing, the California State budget has not been passed. The State's budget is premised upon voter approval of new income and sales tax measure on the November 2012 ballot, with significant trigger cuts to public education if the ballot measures fail. Should the measures fail, it is possible that the State Legislature could make alternative reductions to local government programs in order to reduce the impact to public education. There is no allowance for additional State funding cuts in the FY 2013-14 proposed budget. Future budget adjustments are likely to be necessary should the Mayor and Board wish to backfill potential State service reductions in FY 2013-14 or that exceed the \$15 million allowed for in the FY 2012-13 budget.
- **Budgetary baselines and set-asides are funded at voter-approved levels, with limited exceptions.** Appendix 3 provides details on voter-approved mandates that determine some minimum levels of revenues, expenditures or service levels for various programs. Items of interest include:
 - **Children's Baseline:** The Children's baseline is funded at \$128.9 million in FY 2012-13 and \$129.8 million in FY 2013-14, which is above required levels by \$13.6 million and \$10.1 million respectively.
 - **Police Staffing:** Police Baseline staffing requires 1,971 officers. Based on the Proposed FY 2012-13 and FY 2013-14 Budgets it appears that this staffing requirement has not been met.
 - **Treatment on Demand:** Section 19.23A of the Administrative Code, approved by voters in December 2008, requires the Department of Public Health to meet overall demand for free and low-cost medical substance abuse services and residential treatment slots. The Department's recent reports indicate that as of December 2011 the target is not being met. The budget does not include additional funding intended to meet this target.

Conclusions

The proposed two-year budget appears to be reasonable given the information currently available, and with cautionary notes regarding its reliance on continued revenue growth and uncertainty in the State budget. The budget also sets the City to have reduced shortfalls in future years, due to the reduced reliance on prior year fund balance and the anticipated rebuilding of economic stabilization reserves. The Controller's Office will continue to work closely with the Mayor and the Board of Supervisors to share information provide estimates that will be necessary to ensure that the City's budget remains balanced.

- **The proposed General Fund budget reduces reliance on prior year fund balance and other one-time sources:** As discussed in Appendix 2, use of fund balance and other one-time sources comprise just \$113 million and \$119 million of the proposed FY 2012-13 and FY 2013-14 General Fund operating budgets, respectively. This is a substantial reduction from the \$181 million of such sources used to support the FY 2011-12 General Fund budget. This reduced reliance upon one-time sources will make it easier for the City to balance future budgets.
- **The proposed budget implements new financial policies that rebuild reserves:** The City's Budget Stabilization reserve policy adopted in April 2010 provides that 75% of the amount of Real Property Transfer Tax above the prior five-year average be deposited into a Budget Stabilization Reserve, which complements the City's previously existing Rainy Day Reserve. These two reserves provide an economic cushion for the City during economic downturns when revenues decline. The proposed budget estimates that continued strength in the commercial real estate market will lead to \$25 million in deposits to the Budget Stabilization Reserve over the two-year budget period. The two-year budget also proposes \$11 million for the maximum allowable withdrawals from the Rainy Day Reserve to benefit the San Francisco Unified School District. Assuming no other deposits over this time horizon, this would result in a net increase to the City's economic stabilization reserves of \$14 million, raising their combined balance to \$66 million from the current level of \$52 million. In addition, the budget also complies with the Board's new General Reserve policy, also adopted in April 2010, which calls for increasing the General Fund Reserve to 1% of

Office of the Controller

Controller's Discussion of the Mayor's FY 2012-13 and 2013-14 Proposed Budget June 14, 2012

Charter Section 9.102 requires that the Controller provide the Board of Supervisors with an opinion regarding the accuracy of economic assumptions underlying the revenue estimates in the Mayor's Proposed Budget and the reasonableness of such estimates. On May 31, 2012, Mayor Edwin Lee submitted his FY 2012-13 and FY 2013-14 Proposed Budget to the Board of Supervisors. An overview of the revenues is provided in Table 1.

Overall, the proposed two-year budget appears to be reasonable given the information currently available. The proposed budget reduces the City's recent reliance on one-time revenues and includes a gradual rebuilding of reserves, reducing prospective budgetary shortfalls, provided that the current economic recovery is sustained and potential future reductions in State revenues remain manageable.

Overview

As shown in Table 1, the Proposed Budget for FY 2012-13 of \$3.5 billion General Fund and \$7.3 billion All Funds represents a 7% increase from the FY 2011-12 original budget. The Proposed Budget for FY 2013-14 represents a further 3% increase in both General Fund and All Funds. Highlights include:

- **Local tax revenue estimates are reasonable given current economic assumptions but will continue to be monitored.** The proposed budget reflects the prevailing economic consensus in assuming a steady economic recovery through FY 2012-13 and FY 2013-14, with regular revenues increasing by \$220 million over the FY 2011-12 budget (representing \$92 million above the revised FY 2011-12 revenue outlook in the Controller's Nine Month Budget Status Report), and FY 2013-14 revenues increasing by a further \$109 million. However, San Francisco's economy is vulnerable to national and international economic developments that could cause changes to the currently favorable trends in job growth, property values and tourism. Any significant economic slowdown would require the Mayor's Office and Board to adjust the budget to reflect reduced revenues. The Controller's Office will monitor local tax receipts and the overall economic outlook carefully and provide revenue projection updates throughout the budget years.

- ❖ Temp / limited staffing has increased with the larger workload
- ❖ *Staffing / workload outlook:* As AAB appeals return to “normal” levels, temp / limited staffing to be reduced, but workload is still enormous:
 - 8,100 currently open AAB appeals
 - 27,000 Prop 8 requests reviewed in FY2011-2012

ASR General Fund Budget

- ❖ *No new positions proposed in FY2011-2012*
- ❖ Total General Fund budget down 3.4% year-on-year
- ❖ *Expenditure outlook:*
 - Limited staffing and legal services expenditure should decline as AAB workload diminishes
 - City's property tax database system is outdated; a major, multi-million dollar investment in a new and more effective system is inevitable in the next 3-5 years

The UC Hastings/HRC Law Clinic

In 2011, HRC established the UC Hastings/HRC Law Clinic, a joint collaboration between HRC and UC Hastings Social-Change Lawyering and Community Group Advocacy Clinic which teaches law students how to intersect their passion for social justice with various themes, such as lawyers as problem-solvers, lawyers as intermediaries and client-centered lawyering. The first culmination of this collaborative was a public hearing held on April 12, 2012 on "The Human Rights Impact of the War on Drugs". Working with HRC staff throughout the school semester, law students conducted research, interviewed city law enforcement executives, and developed a marketing strategy on the impact the national War on Drugs has had in San Francisco. In addition, they met with and obtained recommendations from community leaders, criminal justice experts, persons with drug convictions and direct service providers.

Current Projects and Initiatives

Other Initiatives

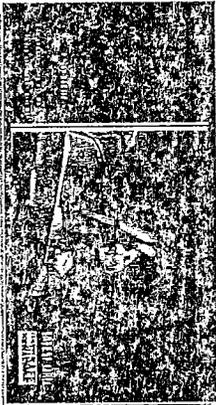

Sanctuary City Ordinance Enforcement and Drop the "I-Word" Campaign

Purpose: Enforce San Francisco's Sanctuary Ordinance, investigate all complaints of discrimination by city employees and educate the public about discrimination faced by undocumented immigrants.

Process: Work with all City agencies, community organizations and non profits to raise awareness about SCO and its enforcement. Document daily uses of "Illegal Immigrant" in local media and educate the public and the local media regarding the marginalizing and dehumanizing impact of use the term "illegal" instead of "undocumented" when referring to this segment of the population.

Profiling of Arab, African, Middle Eastern, Muslim and South Asians Communities at the Airport

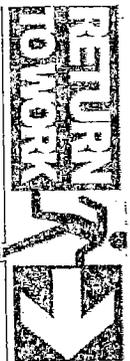

Purpose: Promote fair and equal treatment at San Francisco airport for travelers and lessen inappropriate questioning and searching based on race, religion or national origin, and other protected categories.

Process: Create accountability and provide know your rights information to travelers. Document instances of profiling of Arab, African, Middle Eastern, Muslim and South Asians and other communities traveling through SFP. Work with TSA and CBP to improve conditions for travelers and advise them of their rights. Provide training to TSA and CBP on cultural competency and best practices.

Reduce Barriers for Persons with Prior Arrest and Conviction Records

Purpose: Reduce barriers to employment and housing for persons with prior arrest and conviction records given that studies consistently show that despite relatively equal rates of drug use among racial/ethnic groups, people of color, particularly African Americans and Latinos, are disproportionately arrested, prosecuted, and sent to prison for drug crimes and, as such, are disproportionately and unfairly impacted by such barriers.

Process: Continue holding hearings amongst all stakeholders. Submit HRC's findings and policy recommendations to federal, state and local policy makers, including U.S. Equal Employment Office, and Department of Housing and Urban Development.

Youth Sensitivity and Cultural Competency Training Module

Purpose: Raise anti-bullying awareness through education and training pursuant to Chapter 12N of the San Francisco Administrative Code which requires all City departments to provide lesbian, gay, bisexual, transgender sensitivity training to all staff who have direct contact with youth, or whose work directly affects youth. San Francisco is the first city in the country currently involved in a project of this nature.

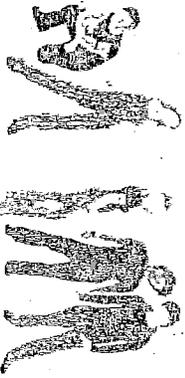

Process: Collaborate with the San Francisco Youth Commission, the Department of Public Health and Bayview Hunters Point Center for Arts Technology (BAYCAT) to create a web based module that will be conceptually similar to the "It's Gets Better" video series.

Current Projects and Initiatives

LGBT Initiatives

LGBTQ Youth Workgroup

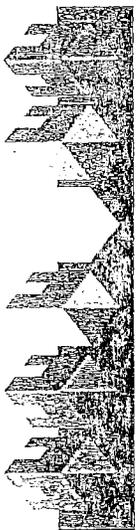

Empower LGBTQ youth and ensure that they are receiving quality services at school to better promote healthier lives. Create a system of accountability for all components of Resolution No. 912-8A3; identify any gaps in services to ensure LGBTQ youth are adequately served; and generate a report to document all findings.

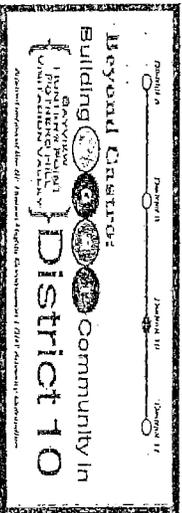

LGBT & Faith Communities

Create a dialogue between the LGBT community and faith communities to build mutual respect and create channels in which LGBT groups and faith groups can work together to identify common issues.

LGBT Housing Group

Identify and provide policy recommendations to address the issues faced by the homeless and marginally housed LGBT community, with a particular focus on people living with disability and HIV/AIDS. Provide specific policy recommendations to policy makers to increase safety, opportunity and access for this group.

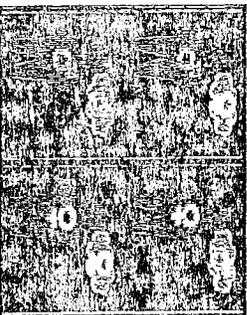

Beyond Castro

Highlight issues of race and ethnicity in the LGBT community and increase awareness and inclusivity for programs and services that meet specific and unique needs of the LGBT community in District 10, the Mission, and the Tenderloin.

Impact of Bisexual Invisibility

Increase awareness within the LGBT and heterosexual communities that dismissal, lack of recognition, and suppression of bisexual identity has serious consequences on bisexuals' health, economic well-being, and funding for bi organizations and programs.

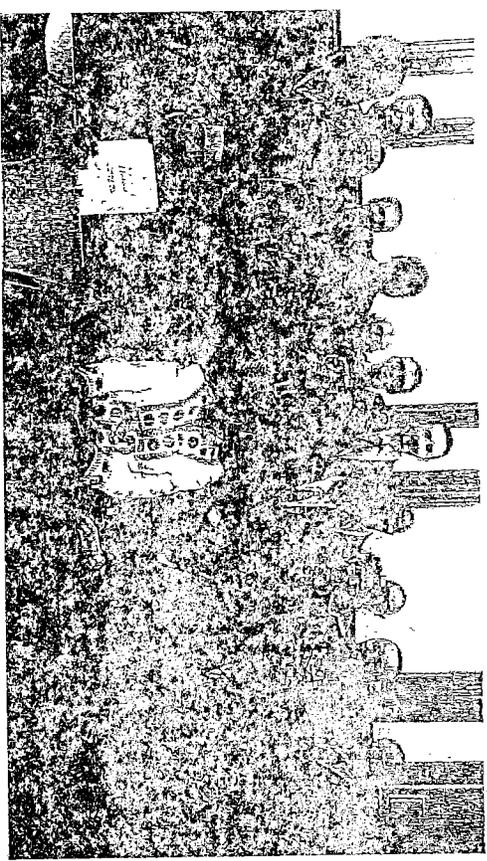

Current Projects and Initiatives

2012 African American Community Empowerment Initiative

The African American Leadership Council

In 2012, HRC's policy group under the direction of Executive Director Theresa Sparks formally launched the African American Leadership Council (AALC). AALC, composed entirely of the members of the community, will serve as a conduit between the African American Community and City government to create measures by which to address "Black Flight", ensure that the needs of this community are heard, and improve the quality of life for African Americans in San Francisco.

2012 African American Community Empowerment Initiative

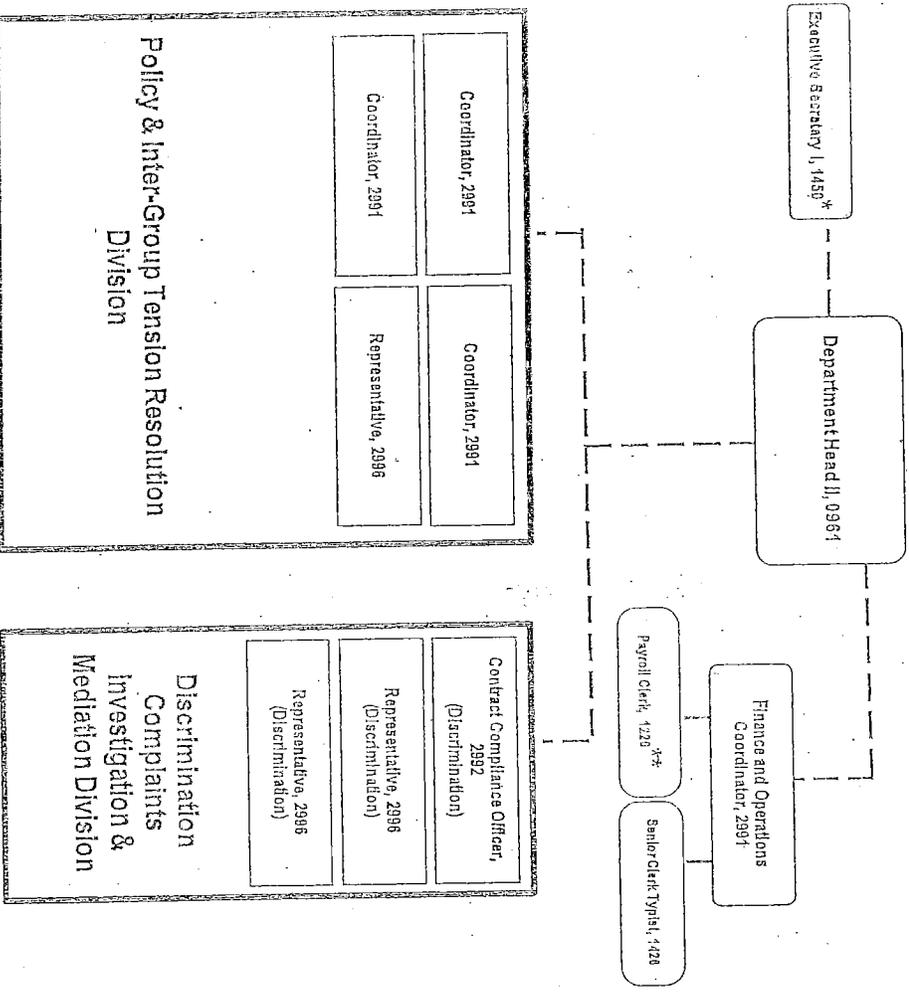

Purpose: Address, prevent and remediate the negative impact of the "out-migration" of the African American community in San Francisco by implementing the findings and recommendations of numerous reports, spanning more than two decades, which examine the parity of the African American community in San Francisco

Outcome: Ensure greater inclusiveness and representation of the African American community at the policy and decision-making level where the community is disproportionately impacted and foster the retention of African Americans to San Francisco, a city renowned for its diverse and multicultural landscape and its commitment to the inclusion of all its ethnic communities toward the City's overall economic viability, industry and commerce.

- Process:**
- Establish a city-wide cultural competency and sensitivity action plan to counter the popular sentiment that San Francisco does not embrace or support the African American community at the same level of other ethnic communities in the City.
 - Create a Minority Youth Economic, Civic and Vocational Internship/Mentorship Program to groom young African Americans to become leaders in their communities.
 - Develop a mechanism whereby City leaders and agencies have to inform the community of any potential action plans that advance the City's commitment to implement the recommendations found in the various equity and disparity reports.
 - Create opportunities for African American community stakeholders to experience the behind the scenes methodology by which public policy is created.
 - Direct greater resources to Community Benefits Organizations and non-profits that can assist in community development and economic growth.

Re: FY 12-14 Budget for Ethics Commission

1) Two-year budget outlook: The Commission's budget for FY 12-14 is relatively stable. The bulk of the Commission's expenditures come from salary and benefits – because the Commission substituted four higher paid positions to four lower paid positions in FY 11-12, it will experience \$59,077 salary savings in FY 13 and \$51,253 savings in FY 14. The Commission does not anticipate the creation of any new positions; however, it hopes to be able to fill an investigator position that has remained vacant to meet expected attrition savings goals.

The other major cost in the Commission's budget is the public financing program. Recent changes to the Campaign Finance Reform Ordinance increased the eligibility thresholds for supervisorial candidates and capped the maximum amount of public funds at \$152,500 for incumbents or \$155,000 for non-incumbents. The projected disbursement of public funds for the November 2012 election is \$1,343,380. (The next election will not occur until November 2014, and disbursements of public funds for that election may not begin until mid-June 2014, near the end of FY 13-14.)

2) Major department initiatives and their budget/operational impacts: In the next two fiscal years, the Commission will propose legislation to allow it to designate the electronic version of campaign finance filings as the official record, thereby eliminating the need for paper filings. The Commission may also approve regulations to move to an all electronic campaign consultant filing system. This too would eliminate the need for paper filings. Reducing paper filings would enable staff to work on other mandates other than scanning documents to put them on our website.

3) FTE changes: None.

4) Job creation and summer youth employment opportunities: The Commission lacks funding to provide such opportunities.

5) Department's efforts in Language Access: In December 2011, our annual survey determined that we serve 0% LESP. On inquiries regarding issues that are within our jurisdiction, our staff who speak Spanish, Cantonese, and Mandarin have been able to address them.

SAN FRANCISCO LAW LIBRARY FY 2013-2014
BUDGET HEARING
June 20, 2012

TWO YEAR BUDGET OUTLOOK

The Law Library is an autonomous agency pursuant to state law governed by an independent Board of Trustees. The Law Library is the Access to Justice resource for the people of the City and County of San Francisco and it provides essential services and resources unavailable elsewhere in San Francisco. It serves the public, the legal community, City and County departments, government agencies, businesses, attorneys, law firms, legal advocacy organizations and non-profits. Annually, the Law Library serves approximately 32,000 people, answers 30,000 questions, and provides more than 9,000 individual professional legal reference service sessions.

Pursuant to state law and the San Francisco Charter Section 8.103 mandate, the City and County of San Francisco funds Law Library rent and related expenses, salaries and benefits for three management positions, and \$443 a year for material and supplies. The City does not fund operating expenses including legal materials and electronic databases, staff salaries and benefits, taxes, supplies, equipment, computers and all other necessary expenses.

The Charter requires the City and County to provide Law Library quarters and furnishings sufficient to meet its needs. The Law Library was therefore housed in City Hall from 1914 until 1995 when it closed for a retrofit project. It was moved temporarily for the retrofit to reduced quarters in the Veterans Building, and was to return to City Hall when it reopened. It was not however, and the Law Library has remained in the insufficient Veterans Building space for more than 17 years, awaiting a move to an appropriate, permanent space pursuant to the Charter.

The Law Library must move out of the Veterans Building when it closes for renovations May 2013. No space has been identified as the new location for the Library. The Department of Real Estate has informed the Law Library that space in a building at 1455 Market Street is a potential location for the Library.

As has been the case for decades, the Law Library's basic budget programs and position counts are not expected to change during this two year budget period.

PENDING MAJOR ISSUE

In FY 2013 and FY 2014, funds will be required to relocate the Law Library. These one-time relocation costs must include move expenses, tenant improvements and necessary furnishings, including bookshelves and stacks. These expenses are an investment in the preservation of San Franciscans rights and their ability to conduct their legal affairs. They will not be ongoing annual budget expenses.

Lease costs are expected to increase as a result of the relocation of the Law Library.

JOB CREATION & OPPORTUNITIES

Law Library reference librarians are required to have a law degree or extensive law library experience. All of the Law Library's reference team members are attorneys or law school graduates. The Law Library has provided temporary, part time employment to law students, and law graduates studying for the Bar for decades, and continues to do so. Other library positions require extensive law library experience. The Law Library welcomes students and all members of the public, and provides resources geared to the non-lawyer, information about the practice of law and how to become a lawyer or member of the legal profession. We have facilitated individuals graduate school projects in law librarianship, and provided some volunteer opportunities.

Language Access

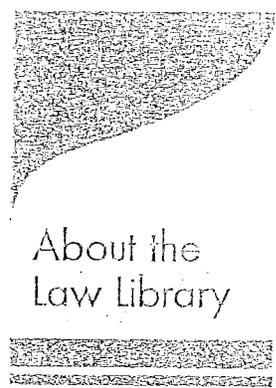

The law is an entire new language to most people in and of itself, and the duty of the Law Library is to assist everyone in their efforts to use and understand the legal processes and legal information. The language challenges for persons whose primary languages are other than English are exacerbated by the complexity of the Law. The Law Library provides legal resources that are available in languages other than English; but very few such resources are offered by legal publishers. Patrons with special language needs are served by the staff with those language skills, and when that is not possible, the Library staff contacts organizations, agencies and legal associations who do provide services in other languages. The Library also provides legal information services to limited English speaking patrons through online sources such as LawHelpCA.org and courtinfo.ca.gov.

Other Important Information about the Law Library

Enclosed is additional information about the unique services and benefits the Law Library provides San Franciscans, why the City needs a Law Library when so much is available on the internet, and an example of professional legal reference services that are provided daily by the Library and unavailable elsewhere.

Because the Library must be relocated, also enclosed is information about how the Library has reduced space needs to reduce costs, the library's space needs requirements, and how San Francisco's public law library space compares with other California metropolitan county law libraries including Alameda, San Diego, Orange County and Los Angeles.

The Law Library Board of Trustees on behalf of the Law Library, its patrons and staff, thank the Board of Supervisors, the Mayor and City officials for their continued support of the San Francisco Law Library, and look forward to working with you to develop a solution for the relocation of the Law Library that will meet the needs of the people of San Francisco and the City and County.

About the Law Library

What benefits and services does the Law Library provide?

- Serves people who are not eligible for pro bono or legal services programs, who have been unable to secure or afford counsel, and those who choose to represent themselves.
- A comprehensive collection of legal information resources including San Francisco, California and Federal law, regulations and cases, court and legal forms, self-help materials in print and electronic formats.
- Key legal resources unavailable to the public and attorneys that they do not have, cannot obtain elsewhere, are beyond their financial resources to acquire, and not available electronically.
- Maintains archival collections unavailable anywhere else, such as:
 - A very rare collection of San Francisco municipal codes going back to the original Charter used frequently by City departments, law firms and citizens; not all of which is available in the SF Public Library.
 - Administrative Registers for the California Code of Regulations back to 1945 when they were created; online sources only available from 2002.
 - Historical collection of SF and California Building Codes, which is not available online, even to the present.
- Free use of legal databases, including Westlaw & Lexis.
- In depth reference assistance and training in the use of legal databases.
- Helps the public in finding, using and understanding legal information.

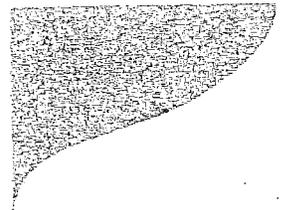

Why does the City need a Law Library when so much is available on the Internet?

- Digital media is an important resource that saves space, and the Law Library has significantly reduced its print needs by replacing print collections with digital collections.
- But digital resources do not replace the need for print legal materials; there are large gaps in Internet sources of essential legal information.
- Legal publishers do not provide free access to their databases; they are extremely expensive making them beyond the financial resources of most solo and small firm attorneys and the public.
- Electronic publishers have licensing restrictions and do not permit off-site access; patrons must use them in libraries.

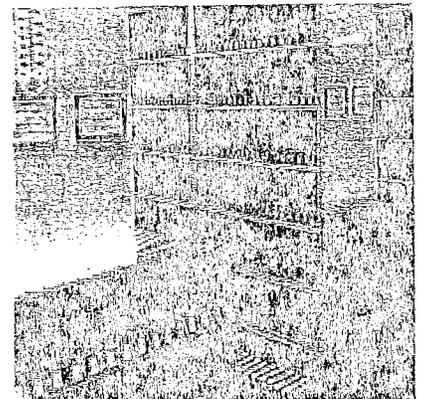

- There is a great need for print materials which are unavailable elsewhere.
- Many archival materials are essential to maintain but are not available electronically and will not be retrospectively digitized.
- Print collections remain necessary to ensure equal access to all – those who cannot afford computers or the cost of printing, or are unable to use complex databases.

Why is the Law Library an essential resource?

- As a national and international commercial and legal center, San Francisco requires and deserves a major, full service public law library.
- Its collection contains comprehensive legal resources in print as well as electronic and Internet formats to enable the people of San Francisco to conduct their legal affairs and preserve their rights.
- It archives, preserves and retains special collections and precedential materials, much of it unavailable anywhere else.
- It provides professional legal research assistance.
- Its resources are unavailable to the public anywhere else in San Francisco.

Professional Legal Reference Services Available Only at the Law Library

In order for patrons to resolve or understand their legal issues, law librarians:

- help them identify their legal issues
- determine the areas of the law that are pertinent
- identify the legal information, procedures, forms they need to address their issues
- inform them about any agencies, legal advocacy groups or other resources they may need to consult
- provide instruction in how to use and understand computer and print legal resources
- locate legal information materials from outside sources for patrons

An example of reference services provided during one week by one law librarian:

- new Tree Maintenance Transfer Plan issues and the appeal process
- how to oppose a ticket for parking on a grade
- assisted people struggling with their landlord, or individual landlords struggling with tenant issues who want to know what to do, how to resolve or address the problems effectively
- a request for powers of attorney when a mother or father is suddenly put in hospice care
- condominium owners trying to understand changes in their association rules
- partners seeking information on domestic partnerships and dissolutions
- child custody issues, often when one parent is planning to leave town
- helped journalists and others obtain difficult to find legislative and historical documents
- handled requests to track aspects of the SF Municipal Code to earlier origins
- assisted a small business owner who needed to defend an action from an unhappy client, that was ultimately dismissed
- helped an artist who sought information about how to assert her right to a share of the resale value of a painting sold by a gallery which resulted in her successfully obtaining payment for her work
- obtained documents for a law firm from the Dept of Labor Standards of Enforcement for State Wage and Hour orders which are not available in print or online, and often decades old
- identified resources and located references for a law firm on a specific issue new to their practice
- helped lawyers in a small firm and legal nonprofits to track regulations backwards in time
- guided solo practitioner in the use of legal databases for preparation of an appeal
- helped new lawyers or those transitioned out of their jobs determined to set up their own practices, to find information on how to start, set up, and maintain a practice
- provided assistance to an attorney taking on a pro bono appeal on constitutional issues on behalf of an indigent prisoner, who used the Law Library to draft the appeal briefs and to build skills and technique for oral argument

How Has the Library Reduced Space Needs to Save Costs?

- Thousands of books were deleted from the collection during the 1995 move from City Hall
- Aggressive routine weeding
- More than 100,000 items have been deleted from the library's collection in the past ten years
- Cancelled hundreds of print subscriptions including case reports, treatises and over 370 law reviews
- Replaced thousands of volumes with electronic databases
- Reduced annual linear shelf growth rates from 1,000 LSF (2010) to 588 LSF (2012) to 400 LSF (2018)
- An estimated 25-30% or more of the stored collection will have to be discarded as a result of damaging storage conditions (41,500 - 49,800 volumes)
- Reduced the estimated amount of space needs from 64,164 gsf to 45,473 gsf to the year 2023

- HSS has been historically understaffed and proposed no decreases or increases to FTEs

- In FY 2012-2013 the increase of \$136,126 (2.1%) represents increases to only *existing* salaries and benefits and *existing* departmental work orders
- In FY 2013-2014 the increase of \$169,600 (2.6%) represents increases to only *existing* salaries and benefits, and *existing* departmental work orders

Language Access

- With the passage of the Patient Protection and Affordable Care Act (PPACA) health plans are required to provide Summary of Benefits and Coverage(SBC)
- Will be effective for HSS with the plan year starting January 1, 2013

eMerge (PSoft 9.0)

- Significant impact on HSS Benefit Administration, including:
 - PSoft 9.0 will be unavailable two weekdays per month; HSS will not be able to support benefit changes, payments, reinstatements and other inquires and transactions that require access – HSS will be able to serve SFUSD, CCD, and retirees during these outages
 - Most processes will require additional steps, very few will result in fewer steps

eMerge (PSoft 9.0), continued

- Expect improved timeliness of Leaves of Absence (LOAs), terminations, and retirements, thus reducing retroactive adjustments
- Sets the stage for future deployment (2015) of an online open enrollment process

* Revised Budget includes Fire and Police Overtime Supplemental in FY2011-12

** The Police Department's revised budget includes \$0.93 million for a 3 year workorder with MTA, from a grant started in March 2012; as of 6/18/2012, there have been \$0.03 million in the expenditure. The full three year grant total was all budgeted in FY2011-12, but the majority will be spent in FY2012-13 and FY2013-14.

*** The Police Department's 10B budget is projected to be consistent.

**** The Fire Department's overtime budget increases in FY2012-13 and FY2013-14 are attributed to 1) MOU 3.5% increase in salary, approximately \$1.2 million; 2) Projecting \$2.5 million overtime needed for re-activating Engine 35 with no staffing increase. This will bring the estimated annual expense to \$36.0 million in FY2012-13. For the FY2013-14 Overtime budget, there will be a technical adjustment to reduce the overtime budget by \$3.3 million, as the additional academy class for the second year was announced in late May to make changes in the department's budget to properly reflect the department's overtime and regular salary costs. This will result in a proposed overtime budget of \$34.6 million for FY2013-14.

16) 385021 OCC	\$94,952	Subobject 00101 Reduce 8124 position	<p>Elimination of large caseloads for the 8124 investigators.</p> <p>The reduction of an additional 8124 investigator would perpetuate the OCC's inability to reduce its investigators' caseloads to 16 cases per investigator as recommended by the Controller's City Services Audit Division's 2007 recommendation after auditing the OCC. Between 2007 and 2011, OCC investigators' caseloads averaged 27 cases. The average number of investigators with full caseloads during that same period has been 13. With 18 investigators, the caseload would equal 18 cases. Both complainants and police officers have expressed dissatisfaction with the time it takes to investigate and close OCC cases. California Government Code section 3304 requires most investigations of allegations of police misconduct be completed within one year.</p>
17) 385021 OCC	\$11,179	Subobject 00501 Reduce Temporary Salaries	<p>Prompt backfill of unplanned vacancies due to long term medical leaves, family leaves and unexpected resignations and temporary hiring for complex investigations.</p> <p>A reduction in temporary salaries from \$21,179 to \$10,000 would hamper the OCC's ability to quickly backfill unplanned vacancies due to long term medical leaves, family leaves and unexpected resignations and its ability to hire specialized investigators for complex investigations. Without temporary salaries, the 8124 investigators' caseloads would increase to absorb the absent investigators' caseloads. This would lead to longer times to investigate and close an OCC case. The temporary salary subobject shows zero expenditures in 2011/2012 when in fact \$32,000 was expended on temporary salaries. The temporary salaries were paid out of Subobject 00101 but are fully accounted for.</p>

18)			Subobject 02700 Reduce Professional Services	<p>A reduction of professional services from \$25,000 to \$15,000 would preclude the OCC from moving forward with a planned IT improvement project that was recommended by the City's Controller in 2007. The OCC's professional services budget is used for specialized projects such as online complaint filing and auto-prompt calendaring which cannot be addressed by existing staff. Additionally overages in Character 21 are absorbed by subobject 02700. The OCC is using \$9,000 of its 2011/2012 professional services budget to implement online complaint filing. The OCC planned to use \$7,000 of its 2012/2013 budget to implement auto-prompt calendaring. The Controller's City Services Audit Division's 2007 audit contained recommendations that the OCC implement online complaint filing and auto-prompt calendaring. Additionally, State Bar dues are paid for the office's five lawyers as required by an MOU. Training costs and document production costs are also paid from this budget. With a \$10,000 reduction, the OCC would be unable to implement auto-prompt calendaring and would be over budget in dues and document production costs. Additional professional services are needed to 1) migrate the OCC's database to a more robust and better performing storage system and 2) upgrade user interface. Professional services for investigators include translation services, forensics, audio and video enhancement. Finally, the OCC's Training program would shrink with the loss of \$10,000 from its professional services budget.</p>

- Our internship program encompasses **high school students, undergraduates, law school students, and post graduate law school students.**
- The program has three sessions, Fall, Spring and Summer that engage approximately **60 to 70 youth ages 16 to 24** in tasks geared towards exposing them to careers associated with criminal justice system.

Department Capital Plan

- The San Francisco District Attorney's Office primary capital need is to have its physical plant replaced. The Department faces daily challenges due to the limitations of the physical plant. The physical plant limitations include:
 - Lack of space for confidential interviews of witnesses and victims;
 - Inability to provide safe and secure spaces for victims to wait as they seek services or await court proceedings;
 - Unable to adequately house existing staffing or any contemplated growth
 - Unable to provide appropriate work space for managers who currently have to share offices with non managerial staff;
 - Inadequate conference or training spaces for staff;
- The District Attorney is currently soliciting ideas on a public/private venture project to consolidate and replace the District Attorney's physical plant.

Continued Investment Trial Integrity

- With the recently developed Brady protocols and influx of recent hires, the Department has placed a higher premium on training than ever before.
- Implemented 7 full day "Boot camp" for all new hires prior to first court appearance;
- Developed a 10 week Trial Advocacy College for continuing education on trial skills for misdemeanor and preliminary hearing attorneys
- Result of all above training is appreciable: misdemeanor trial convictions improved from 40% during last 2 years to 67% YTD this calendar year.

Continued Investment Realignment

- Hired an **Alternative Sentencing Planner** position to provide support to prosecutors in identifying and assessing alternative sanction options to hold offenders accountable.
- Collaborating with Delancey Street Foundation to open a **transitional housing program for offenders**, supported through a grant from the US Department of Justice
- Worked with SF Superior Court, the Public Defender and the defense bar, to expand the use of the **Early Resolution Calendar**, which has doubled in capacity, enabling us to resolve cases and prison eligible cases quickly and early, saving resources and enhancing the opportunities for the use of alternatives where appropriate.
- Engaged in **extensive internal staff training** on the parameters of Realignment and best practices in recidivism reduction

Continued Investment Neighborhood Based Services

- In 2011 with existing staff we started offering services to victims in the community. We have community office hours at Cameron House in Chinatown, Mujeres Unidas in the Mission and the YMCA in the Bayview.
- Also with existing staff we have pulled together various community groups to develop stronger community partnerships. We now have advisory groups in the Latino, African American, LGBT, and Women's community. We are currently planning on expanding into the API community and other areas as well.

Continued Investment Neighborhood Court

- In 2011 the SF District Attorney's Office ~~launched a new~~ initiative to create a Neighborhood Prosecutor Program and expand the scope of Neighborhood Courts.
- This initiative quickly refers nonviolent criminal cases to these courts so community members can decide how to best address the problems that commonly plague that particular neighborhood.
- Using existing staffing, a total of 5 Neighborhood Prosecutors have been reassigned from HOJ to Police District Stations to quickly review and refer appropriate misdemeanor and infractions to the Neighborhood Courts and to work with the community and Police on public safety challenges.
