Section 2. Article 1 of the Planning Code is hereby amended by revising Section 102
to read as follows:

- 18 SEC. 102. DEFINITIONS.
- 19 * * * *

Internet Service Exchange. A Utility and Infrastructure Use defined as a location that contains any of the following uses (excluding <u>a</u> Wireless Telecommunication<u>s</u> Services Facility): switching equipment (whether wireline or wireless) that joins or connects occupants, customers, or subscribers to enable customers or subscribers to transmit data, voice or video signals to each other; one or more computer systems and related equipment used to build,

25

maintain, or process data, voice or video signals, and provide other data processing services;
or a group of network servers.

3 * * * *

Utility and Infrastructure. A Use Category that includes Community Recycling Center,
 Internet Service Exchange, Public Transportation Facility, Public Utilities Yard, Wireless
 Telecommunications Service<u>s</u> (WTS) Facility, and Utility Installation.

7 Utility Installation. A Utility and Infrastructure Use that includes, but is not necessarily
8 limited to, water, gas, electric, transportation, or communications utilities, or public service
9 facility, provided that operating requirements necessitate placement at this location. This use
10 does not include Wireless Telecommunication<u>s Services</u> Facilities, or Public Transportation
11 Facilities, as defined in this Section of the Code.

12 * * *

13 Wireless Telecommunications Services (WTS) Facility: A Utility and Infrastructure 14 Use defined as a facility that sends and/or receives wireless radio frequency (RF) signals, 15 AM/FM, microwave, or electromagnetic waves, to provide transmission of for the purpose of 16 providing voice, data, images or other information; including but not limited to digital (previously "cellular") mobile phone service, personal communication service and paging 17 18 services. WTS Facilities may be located either inside or outside of an enclosed building. Such facilities include, but are not limited to, directional (panel), omni-directional (whip) 19 20 and parabolic antennas, related electronic equipment, power sources, screening elements,

21 supporting equipment, towers and structures. The term does not include *mobile transmitting*

22 *devices used by wireless service subscribers, such as vehicle or hand held radios/telephones and their*

23 associated transmitting Antennas, nor does this definition include facilities deemed exempt under the

24 *by*-Federal Communications Commission's Over The Air Receiving Device (FCC OTARD)

25

2	in the federal Communications Act.
3	<u>A WTS Facility is subject to the Wireless Telecommunications Services Facility Siting</u>
4	Guidelines ("Guidelines") adopted by the Planning Commission, including but not limited to any
5	design criteria included in those Guidelines.
6	Wireless Telecommunications Services (WTS) Facility, Macro. A Macro WTS Facility is
7	generally characterized by significant spatial effects and more than two antennas. A WTS Facility is
8	considered a Macro WTS Facility unless determined by the Zoning Administrator to be a Micro WTS
9	<u>Facility.</u>
10	Wireless Telecommunications Services (WTS) Facility, Micro. The Zoning Administrator
11	shall determine whether a proposed WTS Facility is a Micro WTS Facility. A Micro WTS Facility is
12	generally characterized by
13	(a) limited spatial effects;
14	(b) a small number of antennas (typically up to two);
15	(c) an absence of substantial cumulative effects on neighborhood character or aesthetics,
16	when considered in conjunction with other WTS Facilities at the same project site; and
17	(d) a location that is not "disfavored" as specified in the Guidelines.
18	Wireless Telecommunications Services Facility, Temporary. A Wireless Telecommunications
19	Services Facility located on a parcel of land and consisting of a vehicle-mounted facility, a building-
20	mounted antenna, or a similar facility, and associated equipment, that is used to provide temporary
21	coverage for a large-scale event or an emergency, or to provide temporary replacement coverage due
22	to the removal of a permitted, permanent WTS facility necessitated by the demolition or major
23	alteration of a nearby property.
