1 [Resolution of Intention - Central Market Community Benefit District - Modify the Management
2 Plan and Engineer's Report]

3 **Resolution declaring the intention of the Board of Supervisors to modify the**
4 **management district plan and engineer's report for the property-based business**
5 **improvement district (community benefit district) known as the "Central Market**
6 **Community Benefit District" to remove the district-wide cap on annual assessment**
7 **revenues; ordering and setting a time and place for a public hearing thereon;**
8 **approving the form of the Notice of Public Hearing and Assessment Ballot Proceeding**
9 **and Assessment Ballot; and directing the Clerk of the Board of Supervisors to give**
10 **notice of the public hearing and balloting as required by law.**

11
12 WHEREAS, The Property and Business Improvement District Law of 1994, California
13 Streets and Highways Code, Sections 36600 *et seq.* (the "1994 Act"), authorizes cities to
14 establish property and business improvement districts ("community benefit districts") within
15 business districts to promote the economic revitalization and physical maintenance of such
16 business districts; and

17 WHEREAS, Section 36603 of the 1994 Act recognizes the authority of Charter cities to
18 adopt ordinances providing for different methods of levying assessments for similar or
19 additional purposes from those set forth in the 1994 Act; and

20 WHEREAS, Article 15 of the San Francisco Business and Tax Regulations Code
21 ("Article 15") augments certain procedural and substantive requirements relating to the
22 formation of community benefit districts and the assessments on real property or businesses
23 within such districts; and

24 WHEREAS, The 1994 Act and Article 15 authorize the City to levy and collect
25 assessments on real property within such districts for the purpose of providing improvements

1 and promoting activities and property-related services that specially benefit parcels of real
2 property located within such districts; and

3 WHEREAS, Article XIID of the California Constitution and Section 53753 of the
4 California Government Code impose certain procedural and substantive requirements relating
5 to assessments on real property; and

6 WHEREAS, Section 36622 of the 1994 Act and Article 15 require the preparation of a
7 management district plan that includes, without limitation, (1) a map showing all parcels
8 located in the district, (2) a description of the boundaries of the district, (3) the name of the
9 district, (4) the amount of the proposed assessment for each parcel, (5) the total annual
10 amount chargeable to the entire district, (6) the duration of the payments, (7) the property-
11 related services, (8) activities and improvements to be funded by the assessments for each
12 year and the maximum cost thereof, (9) the method and basis upon which the assessments
13 are calculated in sufficient detail to allow each property owner to calculate the amount of the
14 assessment to be levied against his or her property, (10) the time and manner of collecting the
15 assessments, (11) and a list of the properties to be assessed (including assessor parcel
16 numbers); and

17 WHEREAS, On September 12, 2006, the Board of Supervisors adopted Resolution
18 No. 519-06, declaring its intention to form a community benefit district to be known as the
19 Central Market Community Benefit District (the "District") and to levy multi-year assessments
20 on parcels to be included within the proposed District, and approving the Central Market
21 Community Benefit District Management District Plan (the "2006 Management Plan") as
22 required by Section 36622 of the 1994 Act and a detailed engineer's report supporting the
23 assessments within the proposed District (the "2006 Engineer's Report"), both of which are on
24 file with the Clerk of the Board of Supervisors in File No. 060860; and

25 WHEREAS, On October 31, 2006, after conducting a protest vote and finding that a

1 weighted majority of ballots from the affected property owners in the proposed District did not
2 oppose establishing the proposed District, and after making additional findings and taking
3 other legislative actions, the Board of Supervisors adopted Resolution No. 631-06,
4 establishing the District and levying multi-year special assessments on identified parcels
5 included within the District pursuant to the 2006 Management Plan and 2006 Engineer's
6 Report; and

7 WHEREAS, On June 4, 2013, the Board of Supervisors adopted Resolution
8 No. 167-13, declaring its intention to renew and expand the District and levy multi-year
9 assessments on parcels included within the proposed District for 15 years commencing with
10 FY2013-2014, and approving an updated management district plan as required by Section
11 36622 of the 1994 Act (the "2013 Management Plan") and an updated detailed engineer's
12 report supporting the assessments within the proposed District ("2013 Engineer's Report"),
13 both of which are on file with the Clerk of the Board of Supervisors in File No. 130470; and

14 WHEREAS, On July 23, 2013, after conducting a protest vote and after finding that a
15 weighted majority of ballots from the affected property owners in proposed renewed and
16 expanded District did not oppose establishing the proposed renewal and expansion, and after
17 making additional findings and taking other legislative actions, the Board of Supervisors
18 adopted Resolution No. 631-06, establishing the renewed and expanded District, and levying
19 multi-year special assessments on identified parcels included within the renewed and
20 expanded District pursuant to the 2013 Management District Plan and 2013 Engineer's
21 Report; and

22 WHEREAS, The 2013 Management District Plan, along with the 2013 Engineer's
23 Report, to ensure that parcels are assessed in proportion to the special benefits derived from
24 the various services and improvements in the District, provide that the City shall quantify the
25 special benefits derived by each parcel and calculate the annual assessment to be levied on

1 each parcel by taking into account objective parcel characteristics such as lot size, building
2 square footage, linear frontage, and land use; and

3 WHEREAS, The 2013 Management Plan and 2013 Engineer's Report refer to an
4 district-wide cap on total assessment revenues collected from all parcels across the entire
5 District ("District-Wide Cap"), stating that in any given year, the total assessments levied
6 across the entire District may not exceed the District-Wide Cap for that year, for the entire
7 fifteen year assessment term; and

8 WHEREAS, The amount of the District-Wide Cap was based on the projected needs of
9 the District at the time the District was renewed and expanded in 2013; and

10 WHEREAS, The 2013 Management Plan and 2013 Engineer's Report only permit the
11 District-Wide Cap to be increased by up to 3% annually based on changes to the Consumer
12 Price Index (the "Inflationary Increase"), and do not take into account the effect of future
13 development in the District; and

14 WHEREAS, The District is expected to experience significant further development
15 during the fifteen year assessment term, which will create increased demand for services and
16 improvements in the District; and

17 WHEREAS, Removal of the District-Wide Cap would enable the City to assess newly-
18 developed parcels in the District based on the application of the existing rates and formulae
19 without the limitation of the District-Wide Cap, and would enable the District's budget to
20 increase commensurate with the District's growth; and

21 WHEREAS, Allowing the District's budget to increase commensurate with the District's
22 growth would effectuate the purposes of the District; and

23 WHEREAS, The non-profit owners' association that administers the services and
24 improvements in the District has submitted a written request that the City modify the 2013
25 Management Plan and 2013 Engineer's Report to remove the District-Wide Cap, as reflected

1 in the revised Management Plan and Engineer's Report, both of which are on file with the
2 Clerk of the Board of Supervisors in File No. 160793 and are incorporated by reference as
3 though set forth fully herein; and

4 WHEREAS, The 1994 Act and Article 15 allow the City to propose modifications to the
5 2013 Management Plan and 2013 Engineer's Report, and the property owners in the District
6 to vote on the proposed modifications; now, therefore, be it

7 RESOLVED, That the Board of Supervisors declares as follows:

8 Section 1. Pursuant to Section 36636 of the 1994 Act and Article 15, the Board of
9 Supervisors declares its intention to modify the 2013 Management Plan and 2013 Engineer's
10 Report for the Central Market Community Benefit District to eliminate the District-Wide Cap,
11 as set forth in the revised Management Plan and Engineer's Report for the District, both of
12 which are hereby approved. The Clerk of the Board shall make the revised Management Plan
13 and Engineer's Report and other documents related to the proposed modification and
14 included in the record before the Board of Supervisors available to the public for review during
15 normal business hours, Monday through Friday 8:00 a.m. through 5:00 p.m., excluding legal
16 holidays.

17 Section 2. A public hearing on the proposed modifications shall be conducted before
18 the Board of Supervisors sitting as a Committee of the Whole on September 20, 2016, at 3:00
19 p.m., or as soon thereafter as the matter may be heard in the Board's Legislative Chamber,
20 Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At
21 this public hearing, the Board of Supervisors will hear public testimony regarding the proposed
22 modifications, including testimony from all interested persons for or against the proposed
23 modifications and any other related matters. The Board of Supervisors may waive any
24 irregularity in the form or content of any written protest, and at the public hearing may correct
25 minor defects in the proceedings. All protests submitted by affected property owners and

1 received prior to the conclusion of the public testimony portion of the public hearing shall be
2 tabulated to determine whether a majority protest exists.

3 Section 3. The Board of Supervisors hereby approves the form of the Notice of Public
4 Hearing and Assessment Ballot Proceeding, and Assessment Ballot, both of which are on file
5 with the Clerk of the Board of Supervisors in File No. 160793, and which are hereby declared
6 to be a part of this Resolution as if set forth fully herein.

7 Section 4. It is the intent of the Board of Supervisors to continue to provide the area
8 encompassed by the District with the same level of services provided to other similar areas of
9 the City; the proposed modifications will not affect the City's policy to continue to provide the
10 same level of service to the areas encompassed by the District as it provides to other similar
11 areas of the City during the term of the District.

12 Section 5. Environmental Findings. Following the approval of this Resolution, the
13 Planning Department shall determine whether the actions contemplated in this Resolution are
14 in compliance with the California Environmental Quality Act (California Public Resources
15 Code, Sections 21000 *et seq.*), and shall respond in writing to the Clerk of the Board of
16 Supervisors prior to the Board's public hearing on the proposed actions on
17 September 20, 2016, at 3:00 p.m.

18 Section 6. The Clerk of the Board is directed to give notice of the public hearing as
19 provided in California Streets and Highways Code Section 36623, California Government
20 Code, Section 53753, California Constitution Article XIID, Section 4, San Francisco Charter,
21 Section 16.112, and San Francisco Administrative Code, Section 67.7-1.

MEMORANDUM

To: Mayor Edwin Lee

From: Chris Corgas, OEWD Project Manager

SUBJECT: Modification of the Management District Plan and Engineer's Report for the Central Market Community Benefit District

Date: July 11, 2016

Dear Mayor Lee,

Enclosed for your review and legislative submittal are the materials related to the proposed modification of the Central Market Community Benefit District Management Plan and Engineer's Report, those materials include:

- Resolution of Intention to Modify the Management Plan and Engineer's Report for the Central Market Community Benefit District
- Modified Central Market CBD Management Plan
- Modified Central Market CBD Engineer's Report
- Ballot
- Ballot Affidavit
- Notice of Public Hearing and Assessment Ballot Proceeding

The modifications to remove the district-wide cap on annual assessment revenues are needed because proposed development projects in the Central Market CBD may increase the district's total assessment above what was originally stated. The modifications will take these development into consideration and bring the documents into compliance with California Government Code 53750(3), the Proposition 218 Omnibus Implementation Act. This code states higher assessment collections due to higher density, intensity or land use are acceptable since they are not attributable to an increased rate or revised assessment methodology.

If you should have any questions regarding the materials enclosed or the modification process please do not hesitate to contact me. I look forward to the introduction of the Resolution on Tuesday, June 2, 2015.

**Amended Management Plan for the Renewal and Expansion
Of Central Market CBD
June 1, 2016**

Executive Summary

If you live, work, run a business or own property in San Francisco’s Central Market neighborhood, you have benefitted from the Central Market Community Benefit District (CMCBD).

Background Information:

- Central Market CBD has been successful since its founding in 2006, and now is scheduled for renewal and expansion by June 30, 2013.
- Doing nothing means the CBD will NOT be renewed, so your petition and vote are essential!
- The CMCBD does not replace City services in the areas of safety, cleaning and maintenance; it supplements them. In some cases, the CBD helps to facilitate City services to be more responsive to the neighborhood’s needs.
- The CMCBD also provides important extra services, activities, and improvements from beautifying our streetscapes to marketing that attracts new visitors and shoppers.

The CMCBD Corporation is accountable to the stakeholders in the District. It is structured as a 501(c)(3) nonprofit organization.

- Similar to a condo association, but for the whole neighborhood, everyone who owns property within the CMCBD boundaries pays an assessment to support its services.
- The Central Market CBD Corporation’s Board of Directors is made up of stakeholders within our Community Benefit District.
- Central Market property owners make up the majority of the CMCBD board.

The full Management Plan explains the *proposed new strategy*, which is to continue providing enhanced services within the existing CMCBD and expand those services, both in geographic scope and service level. The renewed and expanded district will continue to be named the Central Market CBD, and its benefits will enhance the safety, cleanliness and economic vitality of the Central Market area.

Central Market CBD Overview Chart

DISTRICT BOUNDARIES:	<ul style="list-style-type: none">• 5th St. from Market St. to Mission St. (West side only)• 6th, from Market St. to Folsom St. (East and West sides)• 7th St. from Market St. to Stevenson St. (East and West Sides)• 8th St. from Market St. to Mission St. (East and West Sides)• Laskie St. from parcel 3701-60 and parcel 3701-66 to Mission St. (East and West Sides)• 9th St. from Market St. to Mission St. (East Side) and from Jessie to Mission (West Side)• 10th St. from Stevenson St. to Mission St (East Side) and from Jessie to Mission (West Side)• Market St. from 5th St. to 9th St. (South Side)• Market St., from Cyril Magnin St. to Mason St. (North Side)• Mason St. from Eddy to Market (East Side)• Eddy St. from parcel 0341-18 to Mason St. (South Side)• Market St. from Hyde St. to Larkin St. (North Side)• Grove St. from Hyde to Larkin (South Side)• Stevenson St. from parcel 3703-085 to Fifth St. (South Side), from parcel 3702-054 to Fifth St. (North Side)• Jessie St. From parcel 3703-086 (North Side) to Mint St.
-------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<ul style="list-style-type: none"> • Jessie St. from parcel 3703-080 (South Side) to Mint St. • Mint St. from Jessie St. to Mission St. (East and West Sides) • Mint Plaza from 5th St. to Mint St. (North and South Sides) • Mission St. from 5th St. to South Van Ness (North Side) excluding the Federal Properties (see a list of the federal properties excluded from the district on page 9 of the management plan in the area of 7th and Mission) and excluding parcel 3507-040 which is located to the West next to parcel 3507-042 within the adjacent Civic Center CBD boundaries. • Mission St. starting from parcel 3725-088 to Lafayette St. (South Side) • Minna St. starting from parcel 3725-075 to Sixth St. (South Side) • Natoma St. starting from parcel 3725-048 and parcels 3725-033 and 3725-035 to Sixth St. (North and South Sides) • Howard St. starting from parcel 3725-014 and parcel 3732-146 to Sixth St. (North and South Sides) • Tehama St. starting from parcel 3732-099 and parcel 3732-097 to Sixth St. (North and South Sides) • Clementina St. starting from parcel 3732-062 and parcel 3732-048 to Sixth St. (North and South Sides) <p>The SF Federal Building and the US Court of Appeals at 7th and Mission are excluded (Parcels: 3702 -015; 3702 -016; 3702 -029; 3702 -031; 3702 -032; 3702 -033; 3702 -034; 3702 -035; 3702 -036; 3702 -055; 3703 -040; 3703 -041; 3703 -084). See Map on Page 10</p>
SERVICES:	<ul style="list-style-type: none"> • Community Guides – monitoring street conditions, conducting social service outreach, pedestrian safety, and merchant outreach. • Cleaning and Maintenance – daily sweeping, garbage and graffiti removal. • Economic Development –retail attraction, retention and technical support. • Management – including handling of day-to-day operations, advocacy, grant writing, financials, and all administrative tasks.
ALLOCATION OF BUDGET TO EACH SERVICE TYPE:	<ul style="list-style-type: none"> • 28.7% for cleaning and maintenance • 35.2% for public safety • 24.6% for economic development, marketing/promotion, management • 11.5% contingency
METHOD OF COLLECTING ASSESSMENT AND ENFORCEMENT:	<p>Each property owner pays a share of the cost of the CMCBD, based on a formula. The payment is collected twice yearly, through the property tax bill. The CBD assessment, including the collection and enforcement of any delinquent assessments and imposition of interest and penalties per City and County of San Francisco Business and Tax Regulations Code Article 6, and related law as it may be amended from time to time, will be collected and enforced by the Treasurer and Tax Collector of the City. The Treasurer and</p>

	Tax Collector shall transfer the assessment payments to a non-profit corporation that is designated as the Owners' Non-Profit Association for the District.
TYPICAL ASSESSMENTS FOR DIFFERENT TYPES OF PROPERTIES:	The special benefit is allocated to parcels within the CBD via a benefit point system. Such benefit points are calculated based on objective "parcel criteria" such as land use, linear front footage, lot size and building square footage. The benefit points assigned to parcels in the district may change over time to reflect changes to the parcel criteria. Each parcel's assessment will be calculated by multiplying that parcel's total benefit points by a defined dollar amount.
CBD TOTAL SERVICE BUDGET, YEAR ONE	\$1,225,433.63 (Total); \$1,180,337.63 (Special Benefit: to be covered by assessments, paid by property owners). ¹
POTENTIAL ANNUAL INCREASE IN ASSESSMENT:	Assessments for years 2-15 may increase annually by the amount of the annual increase in the Bay Area Consumer Price Index, up to a maximum of 3% in any given year, with approval of the CMCDB Corporation Board of Directors. Assessments may also increase over time if changes to the parcels result in the parcels being assigned additional benefit points.
BASELINE CITY SERVICES:	The Board of Supervisors of the City and County of San Francisco is legally required to provide the same level of baseline services it provides elsewhere in similar neighborhoods.
PROCESS FOR DISTRICT RENEWAL AND EXPANSION:	Renewal and Expansion of the District require approval by property owners. The process has three steps: <ul style="list-style-type: none"> • A Petition, which property owners representing 30% or more of the weighted assessment the must sign • Approval by the Board of Supervisors of a "Resolution of Intent" • Mailing of ballots to all property owners and a public hearing, if the weighted majority of ballots submitted is in support (meaning there is no majority protest), then the Board of Supervisors may renew and expand the CBD
TERM:	Collection for the current Central Market CBD expires June 30, 2013 (services, activities, and improvements may continue to December 31, 2013 to expend remaining assessment funds). If the proposed District is renewed and expanded by the Board of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2013 – June 30, 2028). Expenditure of those collected assessments can continue for up to 6 months after the end of the assessment collection period (December 31, 2028), at which point the District would then be terminated, if not renewed.

¹ During the petition phase of the CMCBD renewal and expansion campaign a few property owners documented that proposed assessments for their parcels were classified in the assessment roll at a higher rate than warranted, based on use of the property. Accordingly, proposed assessments for those parcels and total proposed assessment numbers have now been adjusted downward, and the proposed budget for Year One of the renewed/expanded Central Market CBD has been adjusted accordingly.

ENTITY STRUCTURE:	The CBD is managed by an Owners Non-Profit Association that is a 501(c)(3) non-profit corporation (Central Market Community Benefit District Corporation).
LEGAL AUTHORITY:	CBDs are authorized by the Property and Business Improvement District Act of 1994 within the California Streets and Highway Code (Sections 36600 et seq.)(“1994 Act”) and augmented by the Business Improvement District Procedure Code, Article 15 of the San Francisco Business and Tax Regulations Code.
GOVERNANCE:	A new CMCBD Corporation Board of Directors will be elected, consisting of 11 seats in total. Of these, six represent property owners, two represent community-based organizations or residents in the district and three represent non-property owning merchants operating in the district. The existing Owners Non-profit Association will continue, but be restructured by amending its by-laws to include representatives from the expanded boundaries.
DISESTABLISHMENT:	<p>Each year that the CMCBD is in existence, there will be a 30-day period during which property owners will have the opportunity to request disestablishment of the CBD. This 30-day period begins each year on the anniversary of the date the District/CBD was renewed and expanded. Within that 30-day period, if a written petition is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors shall convene a hearing on whether to disestablish the district by.</p> <p>A majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on improper actions by the CBD Owner’s Non-Profit Association, such as misappropriation of funds, malfeasance, or violation of law.</p> <p>A supermajority (eight members) of the Board of Supervisors may initiate disestablishment proceedings for any reason. All outstanding indebtedness must be paid prior to disestablishment of the CBD.</p>

What is a Community Benefits District (CBD)?

A CBD is a geographic area determined by an agency to contain all parcels, which will receive a special benefit from proposed services, activities, and improvements. Article XIIIID of the State Constitution (1996 Proposition 218) allows property owners in a neighborhood to pool their resources in order to fund services, activities, and improvement that benefit the district and increase the district’s economic vitality. A CBD is similar to a condo Home Owners Association (HOA)—but for an entire neighborhood. Everyone who owns property inside the CBD boundaries pays an assessment to support its services, activities, and improvements.

Each CBD is governed by an Owners Non-profit Association, and is accountable to the stakeholders in the district. The Owners Non-profit Association is governed by an elected Board of Directors. Its Board of Directors is comprised of stakeholders within the CBD; property owners comprise the majority of the board.

A CBD provides a stable funding source and serves all property owners and their tenants in a given district. The services, activities, and improvements provided by a CBD are cost-effective because the stakeholders in the district ensure their sidewalks and public rights of way are clean and safe. Investment in the cleanliness and safety of the neighborhood improves the economic vitality of the district.

One state statute governing CBDs is the Property and Business Improvement District Law of 1994 within the California Streets and Highway Code (Sections 36600 et seq.) (“1994 Act”), augmented by the Business Improvement District Procedure, Article 15 of the San Francisco Business and Tax Regulations Code. The 1994 Act governs the process for establishing a CBD and stipulates what must be included in the CBD Management Plan. (See addendum item engineers report for additional information).

These laws include provisions that in San Francisco:

- Allow such districts to undertake services including safety, maintenance, marketing, capital improvements, economic development and special events.
- Allow revenue for services to be raised from assessments on property.
- Require petition support from property owners paying more than 30% of proposed property assessments to initiate district formation proceedings, and affirmative ballots representing more than 50% support of the ballots returned, and levy assessments.
- Provide for a maximum 15-year term for a district (30-year maximum for districts that utilize bond financing), with opportunity for renewal at the end of a term through a new petition and balloting and hearing process to renew a district.

Since the passage of the Property and Business Improvement District Law of 1994, new districts have been formed as well as older districts renewed in dozens of California communities. As a result of the clear successes of established districts, more districts are currently being formed or expanded in San Francisco as well as throughout California and the United States.

The creation of a CBD requires a special election of the property owners in the district and it requires approval by the Board of Supervisors and Mayor of San Francisco.

How does the CMCBD create value for property owners and other stakeholders?

There are a number of compelling reasons for reauthorizing and expanding the CMCBD; the most significant is its history of success. The current CMCBD has delivered what it promised – a cleaner and safer district. There are more people on the street shopping, visiting and recreating. Because of the existence of the CMCBD, other funding sources have been successfully tapped, including the Mayor’s Office of Economic and Workforce Development and Grants for the Arts.

The CMCBD provides an effective means to achieving positive results for district property owners, businesses and residents. Reauthorizing and expanding the CBD accomplishes the following:

Continued enhancement of the Central Market street experience:

As a private/public partnership the CMCBD enhances the experience of merchants, property owners, residents, employees and visitors by providing cleanliness and safety services above and beyond the services that the City of San Francisco is able to provide. These services make the area safer and more attractive and in turn make the area more desirable as a place to live and shop, and more attractive as a location for retailers and businesses. The net result is an enhancement of economic vitality of the district.

An opportunity to continue oversight and accountability:

A Board of Directors to the Owners Non-profit Association consisting of Central Market property and business owners oversees the management of the CBD. The Board develops the annual business improvement plan and budget, and it ensures that the district is directly accountable to those who pay for its services, activities and improvements. A newly constituted Board for the reauthorized district will represent the expanded district and be open to this broader constituency.

A proportional distribution of costs and benefits:

The CMCBD is based on the "benefit assessment district" concept, which provides for an assessment on property to be imposed within an assessed geographic district. Proceeds are directed back to the district to provide special benefit to the properties located within the district. Assessments are based upon a formula that proportionately distributes costs and benefits that are tailored to fit the specific properties located within the CBD.

What is the track record of the CMCBD and why are we seeking to expand it now?

Since its formation in 2006, the CMCBD has improved the quality of life, enhanced business and delivered a wealth of practical benefits to San Francisco's Central Market area. The neighborhood is cleaner and safer and attracts new investment in properties and businesses.

Since 2006 the CMCBD has:

1. Completed 56,034 cleaning and maintenance service requests
2. Reported 17,482 safety hazards and illegal activities
3. Provided 15,074 merchant and visitor assistance services
4. Removed 6,793 graffiti tags, stickers, illegal postings
5. Performed 2,136 street cleanups and removal of over flowing trash from public trash cans
6. Addressed 9,026 social service outreach and assistance incidents
7. Produced and/or sponsored 143 community marketing events to attract shoppers, diners, potential tenants and investors.

Impact Analysis of San Francisco's CBD's

In Spring 2012, the City of San Francisco's Office of Economic and Workforce Development undertook an evaluation of all the CBD's in the City of San Francisco. The objective of this effort was to better understand the impact CBDs have on their geographies, and to assess those results directly with quantifiable measures.

Principle findings from this study:

- CBDs outperformed citywide trends on the majority of studied indicators, including public realm cleanliness, public safety, and economic resiliency.
- CBD maintained streets were found to be cleaner than similar commercial streets located in the same Supervisorial District.
- CBD's experienced significant, consistent declines of minus 68% in criminal activity.
- CBDs were insulated from the effects of the 07/09 recessions. While citywide tax revenues declined by 20% in 07/09, within CBD districts sales tax increased +4.8%.

(Office of Economic and Workforce Development's (OEWD) Impact Analysis of San Francisco's Community Benefit Districts (CBDs), January, 2013.)

The CMCBD was established in 2006 to operate for seven years, it now needs to be renewed. Based on the survey results and feedback from meetings with property owners, merchants and residents, it has been determined that by expanding the boundaries of the CBD we can achieve economies of scale which will increase the number of cleaning staff and community guides on the street. While

expanding these services is important, implementing a comprehensive economic development program is essential for revitalizing the Central Markets commercial sector.

While stakeholders in the current CBD area have requested its renewal, expansion has been requested by more than a dozen property owners with parcels on nearby blocks outside the CBD's boundaries, who have asked if the CBD could be expanded to include their parcels. Citing the success of the six-year old CBD, these property owners have requested that similar services be implemented on their blocks. In the summer of 2012 the steering committee created and mailed surveys to 3,000 property owners within the existing CBD and within an area that extended out to Howard Street. Responses indicated significant interest in the CBD's expansion, and thus the proposed expanded boundaries were drawn.

What area is included in the existing CBD?

(Please see map on page 10)

The boundaries of the existing district are follows:

- 5th St. from Market St. to Mission St. (West Side only)
- 6th, from Market St. to Jessie St.; (East and West sides)
- 7th St. from Market St. to Stevenson St.; (East and West Sides)
- 8th St. on the east side of the street from Market to approximately 185 feet from the southeast corner of Market and 8th; - in which the lot line is drawn to a point equidistant with the balance of the depth of the parcels on that block between 7th Street and 8th Street (as if there was a continuation of Stevenson Street to 8th Street); also on the west side of 8th Street running southward from the southwest corner of 8th and Market Street, including the four parcels (3701-050, 3701-059, 3701-005, 3701-060) but *not including* parcel 3701-053 at the corner of 8th and Mission owned by PG&E
- 9th St. just including the parcel at the southeast corner of the Market and 9th Street intersection
- Market St. from 5th St. to 9th St. (South Side)
- Market St., from Cyril Magnin St. to Mason St. and then from Hyde St. to Larkin St.; (North Side)
- Mason St. from Eddy to Market (East Side)
- Eddy St. from parcel 0341-18 to Mason St. (South Side)
- Mission St. from 5th St. running west (North Side only) including the Old Mint and four parcels (3704-012, 3704-013, 3704-015, 3704-017) directly west of Mint St.
- Jessie St. from 5th St. to 6th St. (North Side only), and Jessie running West from 6th St. including 6 parcels (3703-006, 3703-007, 3703-010, 3703-011, 3703-012, 3703-086) to the west of 6th Street (North Side only)
- Mint St. from Jessie St. to Mission St. (East and West Sides)
- Mint Plaza from 5th St. to Mint St. (North and South Sides)

What area is included in the expanded CBD?

(Please see map on page 10)

The proposed boundaries of the expanded district are follows:

- 5th St. from Market St. to Mission St. (West side only)
- 6th, from Market St. to Folsom St. (East and West sides)
- 7th St. from Market St. to Stevenson St. (East and West Sides)
- 8th St. from Market St. to Mission St. (East and West Sides)

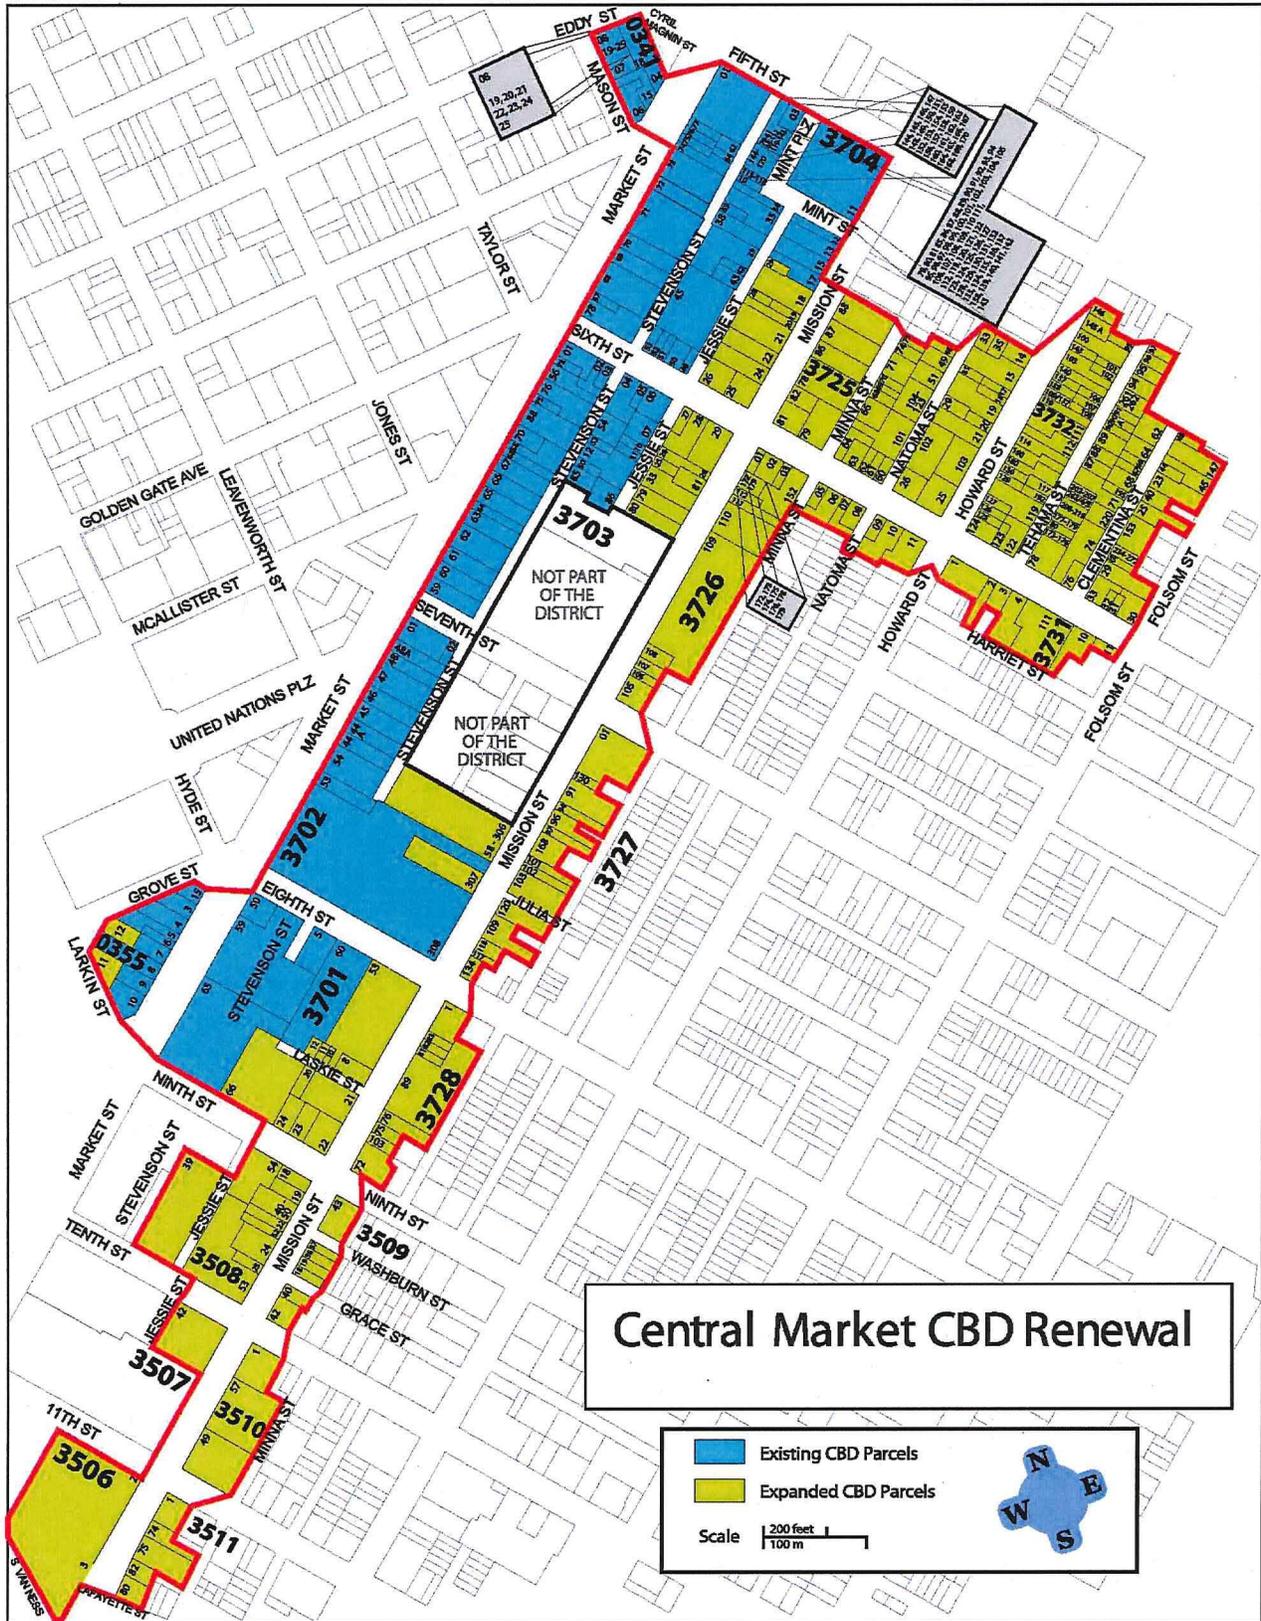

- Laskie St. from parcel 3701-60 and parcel 3701-66 to Mission St. (East and West Sides)
- 9th St. from Market St. to Mission St. (East Side) and from Jessie to Mission (West Side)
- 10th St. from Stevenson St. to Mission St (East Side) and from Jessie to Mission (West Side)
- Market St. from 5th St. to 9th St. (South Side)
- Market St., from Cyril Magnin St. to Mason St. (North Side)
- Mason St. from Eddy to Market (East Side)
- Eddy St. from parcel 0341-18 to Mason St. (South Side)
- Market St. from Hyde St. to Larkin St. (North Side)
- Grove St. from Hyde to Larkin (South Side)
- Stevenson St. from parcel 3703-085 to Fifth St. (South Side), from parcel 3702-054 to Fifth St. (North Side)
- Jessie St. From parcel 3703-086 (North Side) to Mint St.
- Jessie St. from parcel 3703-080 (South Side) to Mint St.
- Mint St. from Jessie St. to Mission St. (East and West Sides)
- Mint Plaza from 5th St. to Mint St. (North and South Sides)
- Mission St. from 5th St. to South Van Ness (North Side) excluding the Federal Properties (see a list of the federal properties excluded from the district on page 9 of the management plan in the area of 7th and Mission) and excluding parcel 3507-040 which is located to the West next to parcel 3507-042 within the adjacent Civic Center CBD boundaries.
- Mission St. starting from parcel 3725-088 to Lafayette St. (South Side)
- Minna St. starting from parcel 3725-075 to Sixth St. (South Side)
- Natoma St. starting from parcel 3725-048 and parcels 3725-033 and 3725-035 to Sixth St. (North and South Sides)
- Howard St. starting from parcel 3725-014 and parcel 3732-146 to Sixth St. (North and South Sides)
- Tehama St. starting from parcel 3732-099 and parcel 3732-097 to Sixth St. (North and South Sides)
- Clementina St. starting from parcel 3732-062 and parcel 3732-048 to Sixth St. (North and South Sides)

What areas are excluded from the expanded CBD?

(Please see map on page 10)

The Federal properties, namely the San Francisco Federal Building and the US Court of Appeals properties at 7th and Mission are not included in the District excluded (Parcels: 3702 -015; 3702 -016; 3702 -029; 3702 -031; 3702 -032; 3702 -033; 3702 -034; 3702 -035; 3702 -036; 3702 -055; 3703 -040; 3703 -041; 3703 -084).

- Federal law prohibits such involuntary assessments by local government
- The CBD will not provide its designated services, activities and improvements to the Federal property unless the property owner requests and separately funds provision of such services, activities and improvements to that Federal property
- The Federal property owner/property is therefore not eligible to participate in the weighted petitions or in the weighted balloting, and will not be subject to assessments in the renewed/expanded CBD
- Estimated total assessments and estimated budgets in this Management District Plan do not include the Federal property at issue

Central Market CBD Renewal

Existing CBD Parcels
 Expanded CBD Parcels

Scale 200 feet100 m

What Services will the CMCBD provide?

The Central Market CBD will continue to enhance the experience of shoppers, merchants, residents and visitors by providing the cleaning, maintenance and public safety services currently offered in the original CMCBD. The expanded CMCBD will provide the same types of services but to a *larger geographic area* and will provide an overall *enhanced level of services*. In addition the expanded plan calls for a *dedicated employee to increase economic growth* through business attraction, retention and technical support.

Key benefits provided by the CMCBD are enhanced safety, cleaning/maintenance, economic development, and management of the public realm. If the CMCBD is not approved for renewal and expansion, there will be no CBD for Central Market.

Services	Existing CMCBD	Expanded CMCBD	Difference
Safety (General)	2 Full time	6 Full Time Equivalent	+ 4 Full Time Equivalent
10B Officer Program	As Needed	As Needed	As Needed
Special Patrol	As Needed	As Needed	As Needed
Cleaning/Maintenance	2 full time	6 Full Time Equivalent	+ 4 Full Time Equivalent
Economic Development	None	1 Full Time	+ 1 Full Time
Management	1 Full Time : Executive Director (ED)	2 Full Time: Executive Director and a Staff Assistant	+ 1 Full time Staff Assistant

Safety

CMCBD Community Guides

The most vital service provided by the CMCBD is crime deterrence. The CMCBD's Community Guides program uses a three-pronged crime prevention approach focusing on public safety, social service outreach, and hospitality/customer service. Under this new management plan, six full-time equivalent Community Guides will patrol the neighborhood. Scheduling of the Community Guides is to be determined by the CMCBD Owners Non-profit Association.

Community Guides are specially trained to constructively engage with individuals in need on the street and connect them to local service providers. Guides have received initial training by social service providers, the San Francisco Police Department and MJM Management Group, in addition to receiving First Aid training. These trained Guides patrol streets in the district to address nuisance behaviors and public disruption while providing a sense of safety and well-being to residents, workers and visitors. CMCBD Community Guides:

- Act as "eyes and ears" for the community, safety agencies, and service providers
- Add a uniformed presence in Central Market to prevent undesirable behavior
- Assist pedestrians with directions and information
- Maintain open communications with police and safety agencies
- Help connect individuals in need of assistance to local service providers and refer those in need to social services

Each Community Guide has radio access to a central dispatch office that answers and logs all incoming calls and supports both the Community Guides and Clean Streets services. Calls are routed to the appropriate department and central dispatch follows up with the individual who placed the call. Property and business owners, residents and visitors can rely on Community Guides to handle

their questions and concerns. Community Guides works in partnership with public and non-profit social service providers, safety agencies, and neighborhood organizations.

10B Officer Program / San Francisco Patrol Special Police

The Management Plan calls for and budgets added public safety enforcement services within the district. These services are in addition to the Community Guides, whose role is deterrence not enforcement. There are two alternative methods of providing these safety enforcement services:

- **10B Officer Program:** A 10B officer is an actual uniformed San Francisco Police Department (SFPD) officer who would be funded through the CMCBD assessments. The 10B officer would address crime and quality of life issues within the neighborhood and within the purview of SFPD. A 10B officer would be hired by the CMCBD Owners Non-profit Association and dedicated to the district. In 2011, the CMCBD Owners Non-profit Association coordinated with neighboring community stakeholders to establish and fund a 10B Officer Pilot Program, which was incorporated and managed through the Central Market Community Guides Program. This was a very successful program and made real quality of life improvements in the district.
- **Patrol Special Police:** San Francisco Patrol Special Police is a neighborhood police force authorized in the City Charter, with officers appointed and regulated by the Police Commission after an initial security review by SFPD. Hourly rates for service are principally paid by private clients, with some cost to the City for general program administration concerning standards of professional performance, but not concerning day-to-day operations. Thus, the nature of this special police force is both quasi-private and quasi-public. The force has been in operation in the City of San Francisco for over 162 years. By current City Code, the force provides patrols on the streets of San Francisco as well as at fixed locations, and also provides a range of other safety services as requested by private clients. Patrol Special Police services emanate directly from private clients' needs pursuant to a negotiated contract, however services often benefit the clients' geographically-circumscribed neighborhoods or "beats" where officers serve. Officers concentrate on order maintenance, rapid response, and early intervention in quality-of-life matters.

The elected Board of Directors of the CMCBD Corporation will select the most appropriate alternative method of providing these safety enforcement services on an annual basis when developing the detailed district budget.

In addition to enhancing safety services through the Community Guides program and 10B Officers or Special Patrol, the Owners Non-profit Association also works closely with the San Francisco Police Department and advocates for sufficient police coverage in Central Market to improve safety.

The CMCBD Owners Non-profit Association partners with community-based organizations, including San Francisco SAFE and the Alliance for a Better District 6, to educate the Central Market community on crime prevention methods.

The CMCBD Owners Non-profit Association also hosts Public Safety Seminars that focus on crime prevention and safety education and help the Central Market community learn about current issues facing the neighborhood, directly from civic leaders. Issues such as pedestrian safety, dealing with nuisance crime, and safe shopping are discussed.

Cleaning/Maintenance:

The neighborhood served by the CMCBD Owners Non-profit Association receives enhanced cleaning and maintenance services within the public right-of-way and sidewalks, above and beyond the

baseline level of service provided by the City of San Francisco. The CMCBD Owners Non-profit Association will determine the new scheduling of six full-time equivalent workers on the street to provide:

- Sidewalk sweeping
- Monitoring public trash receptacle overflow and trash removal
- Weeding of tree basins, sidewalk cracks and landscape planters
- Reporting of bulky items for removal by the Department of Public Works
- Spot cleaning
- Graffiti abatement

In addition to ongoing maintenance described above, services include quarterly steam cleaning of the public right-of-way.

The Clean Team is connected to a central dispatch office by radio for all maintenance-related calls. The dispatch office logs and routes all calls to the appropriate department and follows up with callers.

Economic Development

The new Management Plan greatly expands the economic development services provided by the District. These services include business attraction, retention, and expansion, and technical assistance for business owners.

Specifically:

- Compile and maintain a complete inventory of retail spaces in the CMCBD, including ownership information, tenancy information, and specifications of vacant spaces (e.g., size, amenities, lease rate). Encourage retail landlords that have vacant office spaces to post those spaces to relevant websites.
- Based on the size and amenities of available retail spaces, develop and maintain a list of desired businesses.
- Work to identify and fill vacancies.
- Create and distribute documents to market vacant retail spaces, place "For Lease" signs at spaces, and generate internet property listings and information sheets.
- Distribute Central Market promotional materials to brokers and prospective tenants.
- Connect prospective businesses with available retail spaces. Tour prospective businesses through the neighborhood and arrange showings of vacant spaces. Vet prospective new tenants and help to develop a vibrant mix of distinctive and independent retail establishments.
- Provide leasing assistance to prospective businesses negotiating with property owners.
- Provide technical assistance, loan packaging services and referrals to existing businesses and prospective businesses seeking to launch or expand in the area.
- Facilitate new business establishments and business expansions by providing technical assistance and informing logistics related to the physical build-out of commercial spaces.
- Connect new and existing businesses with employment training and placement programs to help them identify staff.
- Conduct special outreach to merchants, property owners, and other stakeholders related to specific neighborhood issues.

Management:

In addition to safety, cleaning and economic development, the CMCBD Owners Non-profit Association's management orchestrates a varied range of other services, including:

Advocacy

The CMCBD Owners Non-profit Association serves as a collective voice for property owners within the district. It represents the needs of the district to various City departments and agencies so that the district receives good and timely service. For example, the Owners Non-profit Association helps to mitigate potential negative impacts of permitted events, street closings, protests etc. on businesses and properties.

Administration

As a non-profit organization with public/private interactions, a CBD requires day-to-day management including securing insurance, filing taxes, maintaining monthly budgets and developing, coordinating and overseeing fundraising and grant writing for beautification and marketing projects. The current executive director will continue to handle these responsibilities in the renewed, expanded CMCBD.

What will the services provided within the CBD Cost?

The total budget for the CBD is \$1,225,433.63 for year one (2013-14). This will be allocated as shown in the following chart:

Expenses	\$1.225 M	% Distribution
Cleaning and Maintenance		
**6 FTE workers: uniformed, supplied (for repairs, equipment, steam cleaning, etc.), managed	\$352,000.00	28.7%
Cleaning and Maintenance Total	\$352,000.00	28.7%
Public Safety		
**6 FTE - community guides: uniformed, supplied, managed	\$353,382.73	28.8%
10B Officer/Special Patrol	\$30,000.00	2.4%
24 Hour Dispatch	\$48,000.00	3.9%
Public Safety Total	\$431,382.73	35.2%
Management and Economic Development		
Economic Development	\$56,155.38	4.6%
Marketing/Promotion/District Identity	\$19,730.28	1.6%
Rent, Supplies, Legal/Financial Rpt, Board/Committee Support	\$40,000.00	3.3%
Staff: Executive Director (Salary, Benefits, Payroll/Employee Taxes, Incremental Salary Increase)	\$125,000.00	10.2%
Staff: Assistant/Support (Salary, Benefits, Payroll/Employee Taxes)	\$60,000.00	4.9%
Total Management and Economic Development Services	\$300,885.66	24.6%
Contingency	\$141,165.24	11.5%
Total Service Budget²	\$1,225,433.63	100%

The budget will be funded by a combination of property owner assessments and other income. Property owner assessments will be levied in proportion to the special benefits received by the property owners in the district and will comprise 96.32% of each year's budget.³ The remaining 3.68% will come from non-assessment sources. The allocation based on the year one budget is as follows:

Revenue	Amount	% of Expenses
Assessments (Special Benefit, to be covered by property owners)	\$1,180,337.63	96.32%
Other Income (General Benefit ⁴)	\$45,096.00	3.68%*
Total	\$1,225,433.63	100%

The general benefit percentage (3.68%) was calculated based on a combination of studies and research. David Binder conducted an intercept survey in the Union Square area from April 23-26, 2009 and found that less than 1% of those surveyed had no intention of engaging in any commercial activity. The results of the David Binder survey cannot solely be relied upon to best measure the level of general benefit provided by the District's improvements, services and activities; it could be a reasonable proxy for measuring general benefit for the Central Market District. However, additional analysis of the pedestrian activity related to the surrounding Central Market area population was conducted using the Summary of Travel Trends, 2009 National Household Travel Survey, prepared by the U.S. Department of Transportation Federal Highway Administration; and the San Francisco Socio-Economic Profiles American Community Survey 2005-2009, prepared by the San Francisco Planning Department, to ensure that the best possible proxy was used to approximate the general benefit. The amount of general benefit that is provided by the District improvements, services and activities cannot be funded via property owner assessments within the District. It is anticipated that these funds will be raised through fundraising events and grants. For a more detailed calculation of the general benefit, please see the Engineer's Report.

The special benefit component (96.32%) will be derived from assessments levied on property owners in the district. Beginning July 2014, the rates used to calculate these assessments are subject to an annual increase if approved by a vote of the CMCBD Owners Non-profit Association Board of Directors. The rates may increase by the amount of the change in the Consumer Price Index from the prior year for all urban consumers in San Francisco- Oakland-San Jose. or by 3%, whichever is less.

³ During the petition phase of the CMCBD renewal and expansion campaign a few property owners documented that proposed assessments for their parcels were classified in the assessment roll at a higher rate than warranted, based on use of the property. Accordingly, proposed assessments for those parcels and total proposed assessment numbers have now been adjusted downward, and the proposed budget for Year One of the renewed/expanded Central Market CBD has been adjusted accordingly.

⁴ As a result of the District services, activities and improvements, there will be a level of general benefit to pedestrians that do not live in or intend to conduct business within the District. There will be pedestrian traffic generated from property outside of the District that will utilize the improvements to pass through the District and access property located outside of the District boundaries. In addition to accessing property located outside of the District, there will also be a level of pedestrian activity that will seek out the District's clean and safe environment for recreational purposes. Therefore, this level of general benefit activity must be quantified. Utilizing travel trends compiled by the U.S. Department of Transportation Federal Highway Administration and population counts surrounding the District, it was determined that 3.68% of the surrounding population will receive a general benefit as a result of the services and activities provided by the District.

The following table shows the maximum annual assessment revenues assuming the Board of Directors approves a 3% increase in each year:

Year of Renewed/ Expanded District	Fiscal Year	Total Projected Annual Assessment Revenue Based on Current Development Status
1	2013/2014	\$1,180,337.63
2	2014/2015	\$1,215,747.76
3	2015/2016	\$1,252,220.19
4	2016/2017	\$1,289,786.80
5	2017/2018	\$1,328,480.40
6	2018/2019	\$1,368,334.81
7	2019/2020	\$1,409,384.86
8	2020/2021	\$1,451,666.40
9	2021/2022	\$1,495,216.40
10	2022/2023	\$1,540,072.89
11	2023/2024	\$1,586,275.07
12	2024/2025	\$1,633,863.33
13	2025/2026	\$1,682,879.23
14	2026/2027	\$1,733,365.60
15	2027/2028	\$1,785,366.57
Total		\$21,952,997.94

The above table is based on the district's current development status and does not account for possible increases to assessments due to changes to the parcel characteristics that are used to allocate special benefits (e.g., building square footage). The amount of each parcel's assessment will depend on the existing assessment rates as well as the specific characteristics of the parcel, as explained in further detail below and in the Engineer's Report. Each parcel will be assessed on a prorated basis from the date it receives a temporary and/or permanent certificate of occupancy. Thus, changes to a parcel may result in corresponding revisions to the assessments. Over time the total assessments levied in the district likely will increase as parcels are developed.

Budget Adjustments

Any assessment funds that remained when the original CMCBD expired on June 30, 2013 were used to continue to provide clean and safe services within the existing CBD boundaries only until such funds were used up (no later than December 31, 2013). Starting in 2013-2014, the budget for year one will be \$1,225,433.63. A similar budget will apply to subsequent years so long as the Board does not increase assessment rates or if the characteristics used to allocate special benefit (e.g., building square footage) do not change. If the Board votes to increase assessment rates, or if assessments increase due to further parcel development, then the budget will increase accordingly. Any annual budget surplus or deficit will be rolled into the following year's budget.

Time and Manner of Collecting and Enforcing Assessments

As provided by the Property and Business Improvement Law of 1994, the CBD's assessment shall appear as a separate line item on annual property tax bills prepared by the City and County of San Francisco. Payment of Property Taxes is due on November 1 and February 1, with the bill becoming delinquent at the close of business December 10 and April 10 respectively. The total bill may be paid with the first installment. If the renewed and expanded CBD is established, the first installment will be due December 2013.

The CBD assessment, including the collection and enforcement of any delinquent assessments and imposition of interest and penalties per City and County of San Francisco Business and Tax Regulations Code Article 6, and related laws, as it may be amended from time to time, will be collected and enforced by the Treasurer and Tax Collector of the City. The Treasurer and Tax Collector shall transfer the assessment payments to the Central Market CBD Corporation that is designated as the Owners' Non-Profit Association for the District.

The Owners' Non-Profit Association will manage and administer the CBD pursuant to a management contract with the City, as approved by the Board of Supervisors. The management contract will also include provisions identifying and defining procedures for collection and enforcement of the assessment, including, for example, recordkeeping requirements, audits, assessment of penalties and interest, claims, and refunds.

Continuation of City of San Francisco Services

CBD-provided services are supplemental to City-provided services. These City services are enhanced by a CBD's advocacy and dispatch services. The CBD gives a district the ability to be more responsive, flexible and comprehensive in meeting the service needs of its district.

By adopting this plan, the Board of Supervisors will confirm and guarantee a baseline level of services received from the City equivalent to that being provided in similar areas of the City throughout the term of the District.

**City and County of San Francisco Fiscal Year 2012-2013
Existing Cleaning and Maintenance Services (DPW)**

Services	Frequency
Mechanical Street Sweep	Market and Mission Streets receive daily sweeps. Secondary N/S streets receive weekly sweeps, and alleys and smaller streets receive sweeping bi-weekly.
Mechanical Street Sweep- Workfare Crew	Corridor Workers sweep all major corridors daily.
Graffiti Removal Services	DPW responds to a generated service request on all public property, or as needed based on DPW crew identification. DPW will provide supplies to CBD cleaning crews to remove graffiti from public property (light poles, trash cans). Citations are issued on private property by DPW. Call 311 to report graffiti issues. Private Properties must remove graffiti within 30 days of notice, and within 48 hours of receiving a citation.
Street Tree Maintenance	Most trees, except those noted on the City Tree Plan map, are maintained by fronting property owners. Call 311 to report missing trees whether maintained by City or Property Owner.

Public Litter Receptacles -Emptying	Recology Recycling and Waste Disposal services all City Trash receptacles daily with all major corridors receiving a second pass in the afternoon. Call 311 if litter receptacles are overflowing with trash, or broken.
Code Enforcement (environmental, safety cleanliness and litter laws)	Staffed 24/7 for issuing citations as required or by a generated Service Request
Sidewalk steam cleaning/power washing	Only major hotspots are cleaned as required or upon a service request to maintain cleanliness

San Francisco Police Department, Southern Station

Services	Frequency
Sector cars patrolling area in which CBD is located	Daily
Homeless outreach officers	6:00 am to 4:00 pm Daily
Market Street foot beat	Daily from 7:00 am to 11:00 pm
Plain clothes sergeant and plain clothes officers	Daily
Other (not provided by City and County)	Homeland Security Officers M-F, 8:30 to 5:30, 7th Street, Market to Mission

What is the process for renewing and expanding the CMCBD?

District formation or reauthorization requires submission of petitions in support from property owners representing at least 30% of the total proposed assessments. Administrative staff assisting the existing CMCBD will send out these petitions. If this threshold of 30% is reached, the Board of Supervisors (BOS) may adopt a Resolution of Intent to propose renewing and expanding the district and to levy the assessments for 15 years.

If the Resolution of Intent is approved by the BOS, the Department of Elections of the City and County of San Francisco will mail out assessment ballots to all owners of properties included in the proposed district. The BOS will hold a public hearing 45 days or more after adopting the Resolution of Intent. Following the close of the public hearing, the returned assessment ballots will be tabulated. The assessment ballots are weighted in accordance with the amount of the annual assessment on each parcel, in relation to all proposed assessments. In the event that the weighted assessment ballots cast in opposition exceed the weighted assessment ballots in support, there will be a “majority protest” and the Board of Supervisors will be precluded from establishing the District.

Formation: State Law & San Francisco’s Business and Tax Regulation Code “Article 15”

The 1994 Act as augmented by Article 15 serves as the legal guidance in establishing this CBD. As part of the formation proceedings, proponents prepare a Management District Plan in accordance with Section 36622 of the 1994 Act. The Management District Plan contains, but is not limited to, the following required elements:

- A map, in sufficient detail to locate each assessed property within the community or business improvement district;
- The name of the community or business improvement district;
- The description of the boundaries, including any zones of benefit;
- The improvements, services, and activities to be funded for each year of operation, along with the maximum cost;

- The total annual amount to be expended, in each year of operation, for improvements, services, activities, maintenance, and operations;
- The proposed source(s) of financing, including the basis and method of levying the assessments, and whether or not bonds will be issued;
- The time and manner of collecting the assessments;
- The specific number of years in which the assessments will be levied;
- The time for implementation and completion of the Management District Plan;
- The rules and regulations applicable to the community or business improvement district;
- A listing of the properties to be assessed along with the parcel number and the method by which expenses will be imposed upon benefitted real property in proportion to the benefit received. (Please see Engineer's Report for more information on this subject)

Expanding the CM CBD: Process

In preparation for the renewal of the CM CBD, the Board of Directors was approached by more than a dozen property owners with parcels on nearby blocks outside the CBD's boundaries in 2012, asking if the CBD could be expanded to include their parcels as well. Acknowledging the success of the six-year old CBD, these property owners requested similar services, activities and improvements be implemented on their blocks.

The CBD renewal Steering Committee agreed an economy of scale would be realized if the CBD had a larger area, and therefore a larger budget, as it currently only generates enough assessment revenue to have one employee. In the summer of 2012 the steering committee created surveys and sent them to 3,000 property owners within the exiting CBD as well as within an area that extended out to Howard Street. Responses indicated significant interest in the CBD's expansion, and thus the proposed expanded boundaries were drawn. Timeline for Renewing and Expanding the CM CBD:

Actions to Date

Steering Committee Meetings	
Date	Meeting
4/16/12	#1
5/22/12	#2
6/19/12	#3
7/24/12	#4
8/21/12	#5
9/18/12	#6
10/3/12	#7 (first evening meeting)
10/17/12	#8
11/13/12	#9 and board meeting
12/11/12	#10 and board meeting
1/15/13	#11 and board meeting
2/19/13	#12 and board meeting
3/12/13	#13 and board meeting
4/9/13	#14 and board meeting
Community-Wide Meetings (ALL property owners were mailed invitations)	

Date	Meeting Location
10/26/12	Open House at International Art Museum of America
10/25/12	Open House at International Art Museum of America
3/19/12	Informational Morning Mixer at Hotel Whitcomb
3/26/13	Informational Evening reception at Hotel Whitcomb

8/7/12	Good Hotel, HaiYa Hotels
9/4/12	Rausch Street HOA
9/13/12	SoMa Grand Annual HOA Meeting
10/2/12	“CBD 101” introduction @ SoMa Grand
10/9/12	638 Minna Street HOA

CMCBD Proposed Method of Assessment

The method of apportioning benefit to parcels within the District reflects the proportional special benefit assigned to each property from the District services, activities and improvements based upon the various property characteristics for each parcel as compared to other properties within the District. Given that the special benefits provided by the District services, activities, and improvements focus on cleanliness, maintenance, safety, and economic development, it was determined that property linear street frontage, lot square footage, building square footage, and land use are the most appropriate parcel factors. Each parcel’s linear street frontage, lot square footage, building square footage, and land use have been used as the primary assessment variables for the benefit point calculation and assignment of parcel factors. If parcel factors such as building square footage or land use change over time, the benefit point calculation may also change. Thus, changes to the characteristics of individual parcels may result in changes to the assessments for those parcels, and the total assessments levied in the district likely will increase as parcels are developed.

Cleaning and Public Safety Benefit Point Assignment

Benefit points are assigned based upon, not only the property’s location in relation to the District improvements, services and activities, but also the property’s existing land use designation and the varying level of traffic associated with those different land uses. Given the absence of specific pedestrian traffic studies and related data for the various property land uses within the District, average trip generations and pedestrian attractors were evaluated to assign benefit points. Pedestrian attractors represent those land uses that are more likely to generate and attract pedestrian activity. Thus, the increased likelihood of pedestrian activity generated by the property corresponds to a higher pedestrian attractor ranking. District cleaning and public safety activities will be provided uniformly throughout the District boundaries. Clean and safe areas create an aesthetically pleasing and safe environment for District properties, and those individuals utilizing District property, whether it is to shop, dine, live or visit.

The City desires to restore the Central Market area as the City's downtown arts district as well as attract retail, restaurants, services, and employers. Given the level of pedestrian traffic that will be generated from these non-residential uses, tourists, shoppers and workers, non-residential properties within the District are assigned 2.00 benefit points for the cleaning and public safety services provided by District operations.

In addition to non-residential property land uses, there are several other property land uses within the District. Those other property land uses have also been assigned benefit points for cleaning and public safety services, based upon the activity generated by those other property land uses in relationship to the non-residential property land uses, by comparing average trip generations and pedestrian attractor rankings created by these different land uses to the non-residential property land uses. The pedestrian activity and trip generations provided by non-residential properties within the District reflects a continual and constant activity pattern, instead of periodic events that generate an isolated increase in activity.

Non-profit and public property land uses also generate increased levels of activity. However, when comparing their levels of activity to non-residential property land uses, the levels of pedestrian activity are more isolated and inconsistent for public and non-profit property land uses. This activity pattern produced by public and non-profit property land uses results in a lower pedestrian attractor ranking. Further, average trip generations also reflect a lower level of demand for the public and non-profit land uses when compared to the non-residential property land uses. To account for this reduction in activity generated by parcels with public and non-profit property land use classifications, 0.75 benefit point for cleaning and public safety is assigned for these property land use classifications to reflect the lower impact that these property land uses provide as pedestrian attractors.

Residential, vacant and parking lot properties generate fewer trips when compared to non-residential properties, and thus receive a reduced level of benefit from the cleaning and public safety activities. The activity associated with residential property is related primarily to owners and guests. Therefore, residential properties serve as a low pedestrian attractor. In addition to residential property, both vacant and parking lot property generate minimal activity and these property land uses also serve as low pedestrian attractors. To account for the difference, residential, vacant and parking lot properties are assigned 0.75 benefit points.

Marketing and Economic Activity Benefit Points Assignment

The District is already an established mixed-use area with a solid marketing and economic activity presence. The District is an area that features a mixture of non-residential, non-profit, public, residential, and vacant property with development and redevelopment potential. Accounting for the existing marketing and economic activity throughout the District, as well as the potential for properties to develop, redevelop and invest in their economic presence, properties within the District are assigned benefit points for the marketing and economic activity benefits received from the District marketing and economic activities. Marketing and economic activities are designed to strengthen the non-residential landscape within the Central Market area.

The District marketing and economic development activities will allow non-residential properties to maximize their development and land use. Marketing and economic activities will be geared towards creating a more vibrant, and thriving commercial area, which will support increased activity for existing non-residential property and the development of vacant property.

To recognize the increase in marketing and economic activity, the non-residential properties located within the District are assigned 1.00 benefit point. The ongoing District marketing and economic activity efforts will encourage the highest and best use related to the development potential of the vacant properties, as well as increase the utilization of parking lot properties throughout the District in order for pedestrians to shop, dine and visit non-residential properties located throughout the District.

As a result of the marketing and economic benefit received, vacant and parking lot properties are assigned a marketing and economic activity benefit point of 0.50. The District will not provide marketing and economic activities for non-profit, public and residential property land uses. Therefore, non-profit, public and residential property land uses are not assigned benefit points for marketing and economic activities.

Special Benefit Point and Assessment Calculation:

Below is a series of tables which demonstrate what information is necessary to calculate the benefit points and assessment for a parcel.

Special Benefit Point Assignment by Land Use

The following table provides the special benefit points assigned to the various parcel land use categories within the District, as discussed above. Please see appendices Engineers Report for more information.

Parcel Land Use Classification	Benefit Point Assignment	
	Cleaning and Public Safety	Marketing and Economic Activity
Non-Residential/Non-Residential Condominium Property	2.00	1.00
Non-Profit/Public/Institution Property	0.75	0.00
Residential/Residential Condominium Property	0.75	0.00
Parking Lot/Vacant Property	0.75	0.50

The assessment categories have been defined for purpose of determining benefits received by each parcel in the district, and calculating the assessments due from each parcel:

Non-Residential Property (“Commercial and Commercial Residential Property”): Typically Non-Residential Property will consist of parcels owned by a profit-making entity (rather than by a government or non-profit entity) and used for commercial purposes such as retail, office, hotel, or residential income property. This assessment category applies to any property that does not meet criteria for a lower assessment rate in any of the categories below.

Non-Residential Condominium Property (“Retail Condominium Property”): Includes units that are owned as condominiums but are not used as residences, for example ground floor retail condos in a building that mostly contains residential condos.

- (a) Includes parking condominiums if the parking spaces in them are not assigned to individual residential condominiums in the same building. Parking spaces that are assigned to individual residential condominiums in the same building are not assessed.

Non-Profit Property:

- a) Includes parcels owned by non-profit entities approved under section 501(c) of the Internal Revenue Service code.
- b) Includes parcels that are occupied (80% or more of building square footage) by one or more non-profit corporations, as tenants.
- c) Includes parcels that are occupied (80% or more of building square footage) by activities that receive a welfare tax exemption or by an affordable housing development regulated by covenants or regulatory agreements with a public agency.

Public Property:

- (a) Includes parcels owned by a state, regional, or city government entity; for example, police stations, schools, and government-owned office buildings.
- (b) Includes parcels that are occupied (80% or more of building square footage) by one or more public entities, as tenants.

Residential Property:

- (a) Includes single family dwellings, duplexes and triplexes assigned separate Assessor's Parcel Numbers by the San Francisco Assessor's office
- (b) Does not include Residential Condominium Property

Residential Condominium Property:

- (a) Includes residential condominium units in buildings where there are four or more units and are assigned separate Assessor's Parcel Numbers by the San Francisco Assessor's office

Parking Lot/Vacant Property:

- a) Includes unimproved land
- b) Includes parcels paved for use as a parking lot. Such parcels may contain no structures other than a small shed to accommodate a parking lot attendant. Commercial parking garage structures are assessed as non-residential property.
- c) Includes parcels which have structures that are under construction or are vacant pending demolition or major renovation.

Each property in the district will be assigned to one of the above categories, and may be reassigned at any time if its usage or ownership changes. Property owners may petition to have their property reclassified to be assessed at a lower rate, and must provide evidence that the property qualifies for the rate sought.

Some parcels may have a mix of different uses or different ownership structures for which different rates may apply. Assessments are not pro-rated based on mixed use or mixed ownership structure; each parcel will be assigned to only one assessment category. For a parcel of mixed-use or mixed ownership to qualify for a lower rate structure, 80% or more of its building square footage must qualify for the rate sought.

Parcel Factors

The following table defines different parcel factors which are used in the parcel's total Benefit Point Calculation. By adjusting the assigned special benefit points set forth above by parcel factors, a more complete picture of the proportional special benefits received by each parcel within the District is presented. Therefore, linear, lot and building factors were calculated and assigned for each parcel in the District according to the formulas below (See Engineers Report for further detail):

Parcel Factors	
Linear Factor	Parcel's Assigned Linear Street Frontage
Lot Factor	Parcel's Assigned Lot Square Footage / Lot Size Divider*
Building Factor	Parcel's Assigned Building Square Footage / Building Size Divider**

*Lot Size Divider = 2,500

** Building Size Divider = 2,500

Assessment Rate per Special Benefit Point

The following table provides the rate per benefit point, which is later multiplied by the benefit point calculations to determine the total annual assessment for a parcel. These rates are determined by the Engineers Report to fund the services provided by the CBD.

Rate Per Benefit Point	
Cleaning and Public Safety	Marketing and Economic Activity
\$21.53	\$43.21

Residential Condominium Property

There are several residential parcels in the District that are designated as residential condominium properties. Residential condominiums are buildings within the District that include more than four residential units, where each residential unit is assigned an Assessor's Parcel Number by the San Francisco Assessor's office. It is assumed that residential properties do not receive any special benefit from marketing and economic activity, so they are assigned zero benefit points for that category (for other kinds of property there are two kinds of benefit points: points for "Cleaning and Safety" and points for "Marketing and Economic Development"). To recognize the limited benefit received by these residential condominiums and to assign benefit equitably to residential condos of similar building size, the Linear Factor, Lot Factor and Building Factor are adjusted to each residential condominium based on the four size categories shown in the following table.

Residential/Residential Condominium Building Size Category	Linear Factor	Lot Factor	Building Factor
< 500 square feet	1.00	1.00	1.00
≥ 500 square feet and < 1,000 square feet	1.50	1.50	1.50
≥ 1,000 square feet and < 1,500 square feet	2.00	2.00	2.00
≥ 1,500 square feet	2.50	2.50	2.50

In order to calculate the benefit points for a residential property, the general residential cleaning and safety benefit (0.75) listed in the Special Benefit Point Assignment by Land Use Table is multiplied by the Linear, Lot, and Building Factor assigned based on the square footage of the individual

condominium, and then added together. Once the adjusted Linear, Lot, and Building Factors are added together to find the total Benefit Points for the condominium, the total Benefit Points are multiplied by the Cleaning and Public Safety Rate per Benefit (\$21.53) to find the condominium's annual assessment rate.

The table below shows the steps taken to calculate the annual assessment for a residential property based on the square footage of the owner's condominium. A hypothetical example is included to show the steps taken to calculate a 1,200 square foot apartment that would receive 4.5 benefit points for cleaning and safety. Each benefit point has a value of \$21.53. Therefore that property would be assessed $4.5 \times \$21.53$ or \$96.89

Residential/Residential Property Annual Assessment Calculation		
(Sum of Adjusted Parcel Factors) x (Cleaning and Public Safety Rate per Benefit)		Ex. 1,200 sq. ft. condo.
Adjusted Linear Factor Benefit Points	(Residential Property Benefit Point Assignment) x (Residential Condominium Building Size Category Linear Factor)	$(0.75) \times (2.00) = 1.50$
Adjusted Lot Factor Benefit Points	(Residential Property Benefit Point Assignment) x (Residential Condominium Building Size Category Lot Factor)	$(0.75) \times (2.00) = 1.50$
Adjusted Building Factor Benefit Points	(Residential Property Benefit Point Assignment) x (Residential Condominium Building Size Category Building Factor)	$(0.75) \times (2.00) = 1.50$
Total Benefit Points =	Sum of Adjusted Parcel Factors	4.50
Annual Assessment=	(Sum of Adjusted Parcel Factors) x (Cleaning and Public Safety Rate per Benefit)	$(4.50) \times (\\$21.53) = \\96.89

To summarize, the following table shows the Annual Assessment by Building Size for Residential Condominiums.

Residential/Residential Condominium Annual Assessment by Building Size		
Building Size Category	Annual Special Benefit Points	Annual Assessment
< 500 square feet	2.25	\$48.44
≥ 500 square feet and < 1,000 square feet	3.375	\$72.66
≥ 1,000 square feet and < 1,500 square feet	4.50	\$96.89
≥ 1,500 square feet	5.625	\$121.11

Mixed-Use, Non-Residential Condominium Property

In addition to the residential condominium property, there are several buildings that contain a mixture of both non-residential and residential property land uses, where each unit in the building is assigned a unique Assessor's Parcel Number by the San Francisco Assessor's office. For those

buildings that contain a mixture of both non-residential and residential property land uses, the Linear Factor for non-residential condo property is assigned a Linear Factor of 7.50. The Lot Factor and Building Factor for non-residential condominium property is calculated in the same manner as other non-residential property in accordance with the tables presented above.

Special Benefit Point and Assessment Calculations (for one land use)

To calculate a parcel's total annual assessment (with only one land use on the parcel), a multi-step calculation must be completed. In order for a property owner to complete the calculation, they first must know their assigned linear street frontage, lot square footage, building square footage, and land use classification. The following charts demonstrate the benefit point and assessment calculation for cleaning and public safety, marketing and economic activity, and total annual assessment (sum of cleaning/public safety and marketing/economic activity assessments) through step-by-step calculations using values from the tables above (Benefit Point Assignment by Land Use, Parcel Factors, and Rate Per Benefit Point tables). An example parcel is calculated as well. This hypothetical, non-residential parcel has 50 feet of linear street frontage, a 15,000 ft.² lot, and a 5,000 ft.² building.

The cleaning and public safety benefit points are calculated by multiplying the total benefit points by land use with the sum of the parcel's linear, lot, and building factors. Next, the total benefit points are multiplied by the cleaning and public safety rate per benefit point to determine the annual cleaning and safety assessment amount.

Cleaning and Public Safety		
Parcel Cleaning and Public Safety Benefit Point Calculation: (Total Cleaning and Public Safety Benefit Points) x (Linear Factor + Lot Factor + Building Factor)		
Example		
	Linear Factor	50 feet
	Lot Factor	15,000 sq. ft. / 2,500 = 6
	Building Factor	5,000 sq. ft. / 2,500 = 2
Total Parcel Factors	Sum of Linear, Lot, and Building Factors	(50 + 6 + 2) = 58
Land Use Points	Based on Land Use Classification	2.00
Total Benefit Points =	(Land Use Points) x (Sum of Parcel Factors)	2.00 x 58 = 116
Parcel Cleaning and Public Safety Annual Benefit Assessment Calculation: (Rate Per Benefit Point) x (Total Cleaning and Public Safety Benefit Points)		
Example (Non-residential)	\$21.53 x 116 = \$2,497.48	

The marketing and economic activity benefit points are calculated by multiplying the total benefit points by land use with the sum of the parcel's lot and building factors. Next, the total benefit points are multiplied by the marketing and economic activity rate per benefit point to determine the annual marketing and economic activity assessment amount.

Marketing and Economic Activity		
Parcel Marketing and Economic Activity Benefit Point Calculation: (Total Marketing and Economic Activity Benefit Points) x (Lot Factor + Building Factor)		
Example		
	Lot Factor	15,000 sq. ft. / 2,500 = 6
	Building Factor	5,000 sq. ft. / 2,500 = 2
Total Parcel Factors	Sum of Lot and Building Factors	(6 + 2) = 8
Land Use Points	Based on Land Use Classification	1.00
Total Benefit Points =	(Land Use Points) x (Sum of Parcel Factors)	1.00 x 8 = 8
Parcel Marketing and Economic Activity Annual Benefit Assessment Calculation: (Rate Per Benefit Point) x (Total Cleaning and Public Safety Benefit Points)		
Example (Non-residential)	\$43.21 x 8 = \$345.68	

After calculating the cleaning and public safety and marketing and economic activity annual benefit assessments separately, they are added together to determine the total annual assessment amount.

Parcel's Total Annual Assessment	
(Cleaning and Public Safety Annual Benefit Assessment) + (Marketing and Economic Activity Annual Benefit Assessment)	
Example (Non-residential)	$\$2,497.48 + \$345.68 = \$2,843.16$

Collecting Assessments

As provided by the Property and Business Improvement District Law of 1994, the CBD's assessment shall appear as a separate line item on annual property tax bills prepared by the City and County of San Francisco. Payment of property taxes is due on November 1 and February 1, with the bill becoming delinquent at the close of business December 10 and April 10 respectively. The total bill may be paid with the first installment.

The CBD assessment, including the collection and enforcement of any delinquent assessments and imposition of interest and penalties per City and County of San Francisco Business and Tax regulations Code Article 6, and related laws, as it may be amended from time to time, will be collected and enforced by the Treasurer and Tax Collector of the City of San Francisco. The Treasurer and Tax Collector shall transfer the assessment payments to the Central Market CBD Corporation that is designated as the Owners' Non-profit Association for the District. The Owners' Non-profit Association will manage and administer the CBD pursuant to a management contract with the City, as approved by the Board of Supervisors. The management contract will also include provisions identifying and defining procedures for collection and enforcement of the assessment, including, for example, recordkeeping requirements, audits, assessment of penalties and interest, claims, and refunds.

What keeps the CBD accountable to property owners and other stakeholders?

The CBD Owners Non-profit Association structure has been established by law to ensure a high degree of accountability and transparency. The CBD Owners Non-profit Association is a 501(c)(3), a fully separate legal entity from the City of San Francisco. Its own Board of Directors, the majority of whom are property owners, controls it. The CBD Owners Non-profit Association faces strict requirements for annual reporting, for the proportion of money it can spend on various services, activities and improvements as outlined in this management plan, and management, and it is required to raise 3.68% (general benefit costs) of its funds from sources other than the funds provided by property owners (assessments based on special benefit).

The CMCBD, controlled by the Owners Non-profit Association, is managed by an Executive Director, hired by an 11-member Board of Directors (BOD) elected to two-year terms through an open public process. The new BOD will consist of six property owners, two community-based organizations representing the interests of residents in the district, and three non-property owning merchants from the district.

The Board meets every month and all meetings are open to the public. The Board's activities are governed by the organization's bylaws, its contract with the City of San Francisco, the Management District Plan, San Francisco's Business Improvement District Procedure Code, and California Property and Business Improvement District Law.

Term

Levy of assessments for the current Central Market CBD expires in June 30, 2013 (assessments can be spent until December 31, 2013). If the proposed District is renewed and expanded by the Board

of Supervisors following the ballot election and public hearing, assessments would be collected for the first 15 years (July 1, 2013 – June 30, 2028). Expenditure of those collected assessments can continue for up to 6 months after the end of the assessment collection period (through December 31, 2028), at which point if the District is not renewed the District would then be terminated.

Disestablishment

Each year that the CMCBD is in existence, there will be a 30-day period during which property owners will have the opportunity to request disestablishment of the CBD. This 30-day period begins each year on the anniversary of the date the District/CBD was renewed and expanded. Within that 30-day period, if a written petition is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors shall convene a hearing on whether to disestablish the district by.

A majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on improper actions by the CBD Owner’s Non-Profit Association, such as misappropriation of funds, malfeasance, or violation of law.

A supermajority (eight members) of the Board of Supervisors may initiate disestablishment proceedings for any reason. All outstanding indebtedness must be paid prior to disestablishment of the CBD.

Renewal and Expansion Schedule and Next Steps

The applicable law (the 1994 Act) specifies the process for renewing and expanding the CBD. The process requires going back to the property owners with a revised management plan, and revised assessment formula and seeking approval. The timetable is as follows:

CMCBD - Renewal and Expansion Schedule and Next Steps	
Task	Date
Mail Petitions to Property Owners	w/o 4/15
Resolution of Intent introduced by CBD to BOS: Submit petitions to Clerk of BOS when 30% weighted support is achieved. Requesting ballot process; submit final management plan/engineers report to Clerk of BOS at the same time petitions are submitted	5/14/13
Heard in Gov. Oversight Committee – Post management plan and engineers report on website	5/23/13
BOS Vote to approve resolution of intent	6/4/13
Dept. Of Elections Mails Ballots: Schedule public hearing for 6/18 (ballots require 45 days). Clerk of the Board [publishes two newspaper ads about public hearing	6/11/13 – 7/27/13
Public Hearing and Elections for CBD establishment (counting of ballots)	7/30/13
Record resolution to renew and expand CMCBD	8/15/13
Distribution of First Year’s New Assessments	1/14

1. ENGINEER'S LETTER

Pursuant to the Property and Business Improvement District Law of 1994 ("1994 Act"), as augmented by Article 15 to the Business and Tax Regulations Code of the City and County of San Francisco Municipal Code, it is proposed that the Central Market Community Benefit District ("District") be renewed and expanded. If renewed and expanded assessments would be collected for the first 15 years (July 1, 2013 – June 30, 2028). Expenditure of those collected assessments can continue for up to six months after the end of the assessment collection period (December 31, 2028), at which point the District would then be terminated, if not renewed.

This Engineer's Report presents the plans and specifications describing the improvements, services and activities, an estimate of the costs of the improvements, services and activities for the District for the 2013/14 Fiscal Year, a diagram showing the area and properties to be assessed, and an assessment of the estimated costs of the improvements, services and activities, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received.

The following assessment is authorized in order to pay the estimated costs of the District improvements, services and activities to be paid by the assessable real property within the boundaries of the District in proportion to the special benefit received. The following table summarizes the District assessment:

Description	Amount(1)
2013/14 Maximum District Costs:	
Cleaning and Public Safety Activity Costs	\$1,117,210.35
Marketing and Economic Activity Costs	108,223.28
Subtotal 2013/14 Maximum District Costs:	\$1,225,433.63
Less: District Contributions	(45,096.00)
Total 2013/14 Maximum District Costs	\$1,180,337.63
2013/14 Maximum District Assessment:	
Cleaning and Public Safety Activity Costs	\$1,076,096.97
Marketing and Economic Activity Costs	104,240.66
Total 2013/14 Maximum District Assessment	\$1,180,337.63
Total Cleaning and Public Safety Benefit Points	49,981.293
Total Marketing and Economic Activity Benefit Points	2,412.420
2013/14 Maximum Allowable Assessment per Cleaning and Public Safety Benefit Point	\$21.53
2013/14 Maximum Allowable Assessment per Marketing and Economic Activity Benefit Point	\$43.21

(1) During the petition phase of the District renewal and expansion campaign a few property owners documented that the proposed assessments for their parcels were classified at a higher rate than warranted, based on the use of the property. Accordingly, the proposed assessments for those parcels and the total proposed District assessment has been adjusted downward, and the proposed District budget for year one has been adjusted accordingly.

In making the assessments contained herein pursuant to the 1994 Act, augmented by Article 15 to the Business and Tax Regulations Code of the City and County of San Francisco Municipal Code, Article XIID of the Constitution of the State of California and the Proposition 218 Omnibus Implementation Act, commencing with Section 53750 of the Government Code (collectively referred to as the "Assessment Law"):

1. I identified all parcels which will have a special benefit conferred upon them from the installation, implementation and maintenance of the improvements, services and activities described in Section 3.2 to this Engineer's Report (the "Specially Benefited Parcels"). For particulars as to the identification of said parcels, reference is made to the Assessment Diagram, a copy of which is included in Section 8 of this Engineer's Report.
2. I have assessed the costs and expenses to install, implement and maintain the improvements, services and activities upon the Specially Benefited Parcels. In making such assessment:
 - a. The proportionate special benefit derived by each Specially Benefited Parcel from the installation, implementation and maintenance of the improvements, services and activities was determined in relationship to the entirety of the costs;
 - b. No assessment has been imposed on any Specially Benefited Parcel which exceeds the reasonable cost of the proportional special benefit conferred on such parcel from the installation, implementation and maintenance of improvements, services and activities; and
 - c. Any general benefits from the installation, implementation and maintenance of improvements, services and activities have been separated from the special benefits and only special benefits have been assessed.

I, the undersigned, respectfully submit the enclosed Engineer's Report and, to the best of my knowledge, information and belief, the Engineer's Report, Assessments, and the Assessment Diagram herein have been prepared and computed in accordance with the Assessment Law.

Assessment Engineer

2. INTRODUCTION

2.1. Background of District

In 2006, property owners established a community benefit district for a portion of the Central Market area for a seven year operational term. Based on the success of the original district, property owners, stakeholders, merchants and residents have shown support to renew the district as well as expand the boundaries to include additional area. The expanded boundaries will increase the number of cleaning staff and community guides and allow for the implementation of a comprehensive economic development program to revitalize the non-residential sector.

As part of the assessment district formation process, this Engineer's Report has been prepared to support the formation proceedings for the renewed and expanded Central Market Community Benefit District ("District").

2.2. Reason for the Assessment

Approval of the assessment covered by this Engineer's Report will generate the annual assessment revenue necessary to provide for cleaning, public safety, marketing, economic development, advocacy, beautification, and management activities more fully described in Section 3.2. The District improvements, services and activities include all necessary service, operations and administration required to keep the District improvements and area in an operational and satisfactory condition as well as provided for the ongoing services and activities. The continued operations of the District improvements, services and activities shall also include material, vehicle, equipment, capital improvements, and administrative costs associated with the annual administration and operation of the District.

2.3. Process for Establishing the Assessment

The City of San Francisco ("City") cannot form the District and establish assessments without complying with the procedures specified in California Constitution Article XIII D (part of Proposition 218). In November 1996, the voters in the State of California passed Proposition 218 which added Article XIII D to the California Constitution imposing, among other requirements, the necessity for the City to conduct an assessment ballot procedure to enable the owners of each property on which assessments are proposed to be imposed, the opportunity to express their support for, or opposition to, the proposed assessment. The basic steps of the assessment ballot procedure are outlined below.

The City must prepare a Notice of Public Hearing ("Notice"), which describes, along with other mandated information, the reason for the proposed assessments and provide a date, time and location of a public hearing to be held on the matter. The City must also prepare an assessment ballot, which clearly gives the property owner the ability to sign and execute their assessment ballot either in favor of, or in opposition to, the proposed assessment. The Notice and assessment ballot are mailed to each affected property owner within the District a minimum of 45 days prior to the public hearing date as shown in the Notice. The City may also hold community meetings with the property owners to discuss the issues facing the District and to answer property owner questions directly.

After the Notice and assessment ballot are mailed, property owners are given until the close of the public hearing, as stated in the Notice, to return their signed and executed assessment ballot. During the public hearing, property owners are given the opportunity to address the Board of Supervisors and ask questions or voice their concerns. After the public hearing, the returned assessment ballots received prior to the close

of the public hearing are tabulated, weighted by the proposed assessment amount on each property and the results are announced by the Board of Supervisors.

Article XIIID provides that if, as a result of the assessment ballot proceeding, a majority protest is found to exist, the Board of Supervisors shall not have the authority to enact the assessments as proposed. A majority protest exists if the assessments represented by weighted ballots submitted in opposition exceed those weighted ballots submitted in favor of the assessment. All returned ballots are tabulated and weighted according to the financial obligation of each particular parcel, in relation to the total proposed assessments. If there is no majority protest as described above, the Board of Supervisors may approve the District formation and levy the assessments.

3. PLANS AND SPECIFICATIONS

The District will provide for the ongoing cleaning, public safety, marketing, economic development, advocacy, beautification, and management activities all located within the boundaries of the District.

3.1. Description of the Boundaries of the District

The parcels subject to the District assessment are located within the City's Central Market area. The boundaries of the original district are follows:

- 5th Street from Market Street to Mission Street (West Side only)
- 6th Street from Market Street to Jessie Street; (East and West sides)
- 7th Street from Market Street to Stevenson Street; (East and West Sides)
- 8th Street on the east side of the street from Market Street to approximately 185 feet from the southeast corner of Market Street and 8th Street - in which the lot line is drawn to a point equidistant with the balance of the depth of the parcels on that block between 7th Street and 8th Street (as if there was a continuation of Stevenson Street to 8th Street); also on the west side of 8th Street running southward from the southwest corner of 8th and Market Street, including the four parcels (3701-050, 3701-059, 3701-005, 3701-060) but *not including* parcel 3701-053 at the corner of 8th Street and Mission Street owned by PG&E
- 9th Street just including the parcel at the southeast corner of the Market Street and 9th Street intersection
- Market Street from 5th Street to 9th Street (South Side)
- Market Street, from Cyril Magnin Street to Mason Street and then from Hyde Street to Larkin Street (North Side)
- Mason Street from Eddy Street to Market Street (East Side)
- Eddy Street from parcel 0341-18 to Mason Street (South Side)
- Mission Street from 5th Street running west (North Side only) including the Old Mint and four parcels (3704-012, 3704-013, 3704-015, 3704-017) directly west of Mint Street
- Jessie Street from 5th Street to 6th Street (North Side only), and Jessie running West from 6th Street including 6 parcels (3703-006, 3703-007, 3703-010, 3703-011, 3703-012, 3703-086) to the west of 6th Street (North Side only)
- Mint Street from Jessie Street to Mission Street (East and West Sides)
- Mint Plaza from 5th Street to Mint Street (North and South Sides)

The proposed boundaries of the expanded portion of the District are follows:

- 5th Street from Market Street to Mission Street (West side only)
- 6th Street from Market Street to Folsom Street (East and West sides)
- 7th Street from Market Street to Stevenson Street (East and West Sides)
- 8th Street from Market Street to Mission Street (East and West Sides)
- Laskie Street from parcel 3701-60 and parcel 3701-66 to Mission Street (East and West Sides)
- 9th Street from Market Street to Mission Street (East Side) and from Jessie Street to Mission Street (West Side)
- 10th Street from Stevenson Street to Mission Street (East Side) and from Jessie Street to Mission Street (West Side)
- Market Street from 5th Street to 9th Street (South Side)
- Market Street from Cyril Magnin Street to Mason Street (North Side)
- Mason Street from Eddy Street to Market Street (East Side)
- Eddy Street from parcel 0341-18 to Mason Street (South Side)
- Market Street from Hyde Street to Larkin Street (North Side)
- Grove Street from Hyde Street to Larkin Street (South Side)

- Stevenson Street from parcel 3703-085 to 5th Street (South Side), from parcel 3702-054 to 5th Street (North Side)
- Jessie Street From parcel 3703-086 (North Side) to Mint Street
- Jessie Street from parcel 3703-080 (South Side) to Mint Street
- Mint Street from Jessie Street to Mission Street (East and West Sides)
- Mint Plaza from 5th Street to Mint Street (North and South Sides)
- Mission Street from 5th Street to South Van Ness (North Side) excluding the Federal Properties (listed below) and excluding parcel 3507-040 which is located to the west next to parcel 3507-042 within the adjacent Civic Center CBD boundaries.
- Mission Street starting from parcel 3725-088 to Lafayette Street (South Side)
- Minna Street starting from parcel 3725-075 to 6th Street (South Side)
- Natoma Street starting from parcel 3725-048 and parcels 3725-033 and 3725-035 to 6th Street (North and South Sides)
- Howard Street starting from parcel 3725-014 and parcel 3732-146 to 6th Street (North and South Sides)
- Tehama Street starting from parcel 3732-099 and parcel 3732-097 to 6th Street (North and South Sides)
- Clementina Street starting from parcel 3732-062 and parcel 3732-048 to 6th Street (North and South Sides)

The District boundaries do not include the following parcels owned by the United States of America; 3702 -015, 3702 -016, 3702 -029, 3702 -031, 3702 -032, 3702 -033, 3702 -034, 3702 -035, 3702 -036, 3702 -055, 3703 -040, 3703 -041, and 3703 -084.

Section 8 of this Engineer’s Report provides an assessment diagram that more fully provides a description of the District’s boundaries and the parcels within those boundaries.

3.2. Description of the District Improvements, Services and Activities

The installation, implementation and maintenance of the District improvements, services and activities are provided throughout the District only, and are of direct and special benefit to the parcels within the District.

Cleaning and Public Safety Activities

The District will provide cleaning and maintenance services within the public right-of-way and sidewalks, above and beyond the baseline services already provided by the City. Cleaning and maintenance services will include:

- Sidewalk sweeping
- Monitoring public trash receptacle overflow and the removal of trash
- Weeding of tree basins, sidewalk cracks and landscape planters
- Reporting of bulky items for removal by the City’s Department of Public Works
- Spot cleaning
- Graffiti abatement
- Steam cleaning of the public right-of-way

The District will also implement public safety services to provide crime deterrence throughout the District. The District will utilize community guides to focus on public safety, social service outreach and hospitality/customer services. Community guides are specially trained to constructively engage with individuals on the street and connect them, as needed, to local service providers. Community guides receive initial training by several groups and organizations including social service providers and the City Police Department, as well as receiving first-aid training. The trained community guides will patrol the District, addressing nuisance behaviors and public disruption, and provide a sense of safety and well-being to property owners, merchants, residents, and visitors.

The District’s community guides will:

- Act as the “eyes and ears” for the District, safety agencies and service providers
- Add a uniformed presence to the District in an effort to prevent undesirable behavior
- Assist pedestrians with directions and information
- Maintain open communication with the City’s Police Department and safety agencies
- Help connect individuals in need of assistance to local service providers and refer those in need to social services

Each community guide has radio access to a central dispatch office that answers and logs all incoming calls and supports both the community guides and cleaning services. Calls are routed to the appropriate department and central dispatch follows up with the individual who placed the call. Property owners, merchants, residents, and visitors can rely on community guides to handle their questions and concerns.

The Owners Non-Profit Association will work closely with the City’s Police Department to advocate for sufficient police coverage provided throughout the District to address any other issues that have safety implications. This will also include additional 10B Officer Program and Patrol Special Police services hired by the District, as needed. The 10B Officer is an actual uniformed San Francisco Police Department officer funded through the District assessments. The 10B Officer will address crime and quality of life issues within the District. The Patrol Special Police is a neighborhood police force authorized in the City Charter, with officers appointed and regulated by the Police Commission after an initial security review. The Patrol Special Police provides patrols on the streets as well as at fixed locations, and also provides a range of other safety services as requested.

In addition, to working closely with the City’s Police Department, the District will host public safety seminars that focus on crime prevention and safety education to help the District community learn about current issues facing their District.

Marketing and Economic Activities

The economic development services provided by the District will include business attraction, retention, expansion, and technical assistance for property and business owners. Some the key activities provided by the economic development services include:

- Compile and maintain a complete inventory of retail spaces in the District, including ownership information, tenancy information, and specifications of vacant spaces (e.g., size, amenities, lease rate). The District will also encourage retail landlords that also have vacant office spaces to post those spaces to relevant websites.
- Based on the size and amenities of available District retail spaces, develop and maintain a list of desired businesses.
- Work with the District to identify priority vacancies and devote special attention to filling those vacancies.
- Create and distribute documents to market vacant District retail spaces, place “for lease” signs at spaces, and generate internet property listings and information sheets.
- Distribute promotional materials to brokers and prospective tenants.
- Connect prospective businesses with available retail spaces. Tour prospective businesses throughout the District and arrange showings of vacant spaces. Vet prospective new tenants and help to develop a vibrant mix of distinctive and independent retail establishments.
- Provide leasing assistance to prospective businesses negotiating with property owners.
- Provide technical assistance, loan packaging services, and referrals to exiting businesses and prospective businesses seeking to launch or expand in the District.
- Facilitate new business establishments and business expansion by providing technical assistance and informing logistics related to the physical build-out and commercial spaces.
- Connect new and existing businesses with employment training and placement programs to help them identify staff.
- Conduct special outreach to property owners, merchants and other stakeholders related to specific neighborhood issues.

To complement the District economic development services, the District will also engage in marketing activities that will promote the District as an attractive destination to businesses, tenants and visitors.

Administration

The District requires day-to-day management including securing insurance, filing taxes, maintaining monthly budgets, and developing, coordinating and overseeing the District projects; as well as fundraising, and grant writing for beautification and marketing projects. To ensure the completion of these administrative activities, an executive director will handle these responsibilities for the District.

The District will also serve as the collective voice for property owners within the District. The administrative team will represent the needs of the District to various City department and agencies so that the District receives good and timely service.

4. ESTIMATE OF COSTS

The estimated costs of installation, implementation and maintenance of the District improvements, services and activities as described in Section 3 are outlined below. Each year, as part of the District assessment levy calculation process, the costs and expenses are reviewed and the annual costs are projected for the following fiscal year.

4.1. Cost Estimate Budget

The Fiscal Year 2013/14 estimated cost budget, from July 1, 2013 through June 30, 2014 for the installation, implementation and maintenance of the District improvements, services and activities is as follows:

Description	Amount(1)
Direct Activity Costs	
Cleaning and Public Safety Activities	\$783,382.73
Marketing and Economic Activities	75,885.66
Administration	225,000.00
Contingency	141,165.24
Subtotal Direct Activity Costs	\$1,225,433.63
Allocation to District Activity Categories	
Cleaning and Public Safety Activities	\$1,117,210.35
Marketing and Economic Activities	108,223.28
Total 2013/14 Cost Estimate Budget	\$1,225,433.63

(1) During the petition phase of the District renewal and expansion campaign a few property owners documented that the proposed assessments for their parcels were classified at a higher rate than warranted, based on the use of the property. Accordingly, the proposed assessments for those parcels and the total proposed District assessment has been adjusted downward, and the proposed District budget for year one has been adjusted accordingly.

The foregoing cost estimate is based on the existing property uses in the District prior to Fiscal Year 2013/14. The amounts provided in the administration and contingency budget line items have been allocated proportionately to the Cleaning and Public Safety Activities and the Marketing and Economic Activities based upon the budgeted amounts for the Cleaning and Public Safety Activities and the Marketing and Economic Activities, as only those two District activity categories are allocated under the assessment methods discussed below.

The Fiscal Year 2013/14 estimated cost budget will be funded as follows:

Description of Revenue Source	2013/14 Revenue Amount
Assessment Revenue	\$1,180,337.63
Other Revenue(1)	45,096.00
Total 2013/14 Annual Revenue	\$1,225,433.63

(1) Comprised of additional funds generated from sources such as grants, donations, fees for service contracts, and in kind donations.

5. SPECIAL AND GENERAL BENEFIT

5.1. Introduction

Pursuant to Article XIID, all parcels that receive a special benefit conferred upon them as a result of the installation, implementation and maintenance of the improvements, services and activities shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the installation, implementation and maintenance of the improvements, services and activities.

Article XIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Proposition 218 requires that the City separate the general benefit from special benefit, so that only special benefit may be assessed to properties within the District. Furthermore, Article XIID also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The originally proposed expanded District boundaries potentially could have included the following parcels owned by the United States of America: 3702 -015, 3702 -016, 3702 -029, 3702 -031, 3702 -032, 3702 -033, 3702 -034, 3702 -035, 3702 -036, 3702 -055, 3703 -040, 3703 -041, and 3703 -084. However, the District received a letter from the United States General Service Agency, or GSA, which is now on file with the Board of Supervisors. In this letter, the GSA explained that federal properties are not subject to assessment by local governments, and it stated that the federal parcels noted above should not be included in the District. Accordingly, these parcels owned by the United States of America are excluded from the District's expanded boundaries (and were never included in the existing District's boundaries). The expanded District will not provide assessment-funded improvements, services and activities to these federal parcels, nor will assessment funds in the District budget be used to provide improvements, services and activities that will be of benefit to those federal parcels.

Further, because these parcels owned by the United States of America are excluded from the District, the District's budget for the expanded District does not include any amount for improvements, services and activities for these parcels. Accordingly, the parcels within the expanded District will pay assessments only for improvements, services and activities the District actually provides to those assessed parcels.

5.2. Identification of Benefit

The ongoing maintenance, servicing and operation of the District improvements, services, and activities will provide benefits to both those properties within the District boundaries and to the community as a whole. The benefit conferred to property within the District can be grouped into three primary benefit categories; aesthetic benefit, safety benefit and economic activity benefit. The three District benefit categories are further expanded upon in each section below.

Aesthetic Benefit

The aesthetic benefit relates to the increase in the overall aesthetics as a result of the ongoing maintenance, servicing and operation of the improvements, services and activities provided to the District. The sidewalk services, trash services, graffiti abatement, and beautification activities will enhance the overall image and desirability of the properties within the District. The following aesthetic benefits will be provided as a result of the District improvements, services and activities:

- Maintained sidewalks will enhance the community identity of the Central Market area, which will lead to a stronger and healthier neighborhood corridor. The overall appeal of the District is enhanced when improvements are in place and kept in a healthy and satisfactory condition. Conversely, appeal decreases when improvements are not well-maintained, unsafe, or destroyed by the elements or vandalism.

- Uniform and well-maintained improvements, services and activities will create cohesion throughout the District. This District cohesion will enhance the retail and residential experience as well as encourage maximum use of building and lot area. A uniform maintenance management program will allow for a consistent and reliable maintenance management program throughout the District boundaries.
- Upgraded sidewalk amenities and other improvements, services and activities will enhance the appearance, desirability and “livability” of the property directly fronting the improvements provided throughout the District.

As a result of continued maintenance of the improvements, services and activities, the overall “livability” of the District will increase. “Livability” encompasses several qualities and characteristics that are unique to a specific area. The Victoria Transport Policy Institute (VTPI, 2011) expands on the concept of “livability” and the various benefits associated with that designation. The Victoria Transport Policy Institute indicates that the “livability” of an area increases property desirability and business activity. “Livability” is largely affected by conditions in the public realm, places where people naturally interact with each other and their community, including streets, parks, transportation terminals and other public facilities. “Livability” also refers to the environmental and social quality of an area as perceived by employees, customers and visitors. This includes local environmental conditions, the quality of social interactions, opportunities for recreation and entertainment, aesthetics, and existence of unique cultural and environmental resources.

Safety Benefit

The maintained District improvements and the presence of the community guides, 10B Officers and Special Patrol Officers will provide an increased level of safety to the property, businesses residents, and visitors to the District.

The following safety benefits will be provided as a result of the District improvements, services and activities:

- The improvements, services and activities will provide for clear and safe access to and from District properties, as well as provide for safe pedestrian passage throughout the District.
- Well-maintained sidewalks, free of trash, provide a separation between vehicle and pedestrian as well as property and pedestrian, which provides a safety benefit for both property and pedestrian. The U.S. Department of Transportation Federal Highway Administration (FHWA, n.d.) notes that annually, around 4,500 pedestrians are killed in traffic crashes with motor vehicles in the United States. Pedestrians killed while “walking along the roadway” account for almost 8 percent of those deaths. Providing safe walkways separated from the travel lanes could help to prevent up to 88 percent of these “walking along roadway” crashes.
- Regular maintenance to the District improvements ensures that the improvements do not reach a state of deterioration or disrepair so as to be materially detrimental to properties adjacent to or in close proximity to the sidewalks.
- Safety for pedestrians involves not only a degree of protection from vehicular accidents, but also from criminal activity. Well monitored areas mitigate crime, especially vandalism, and enhance pedestrian safety.

In 2012, the City’s Office of Economic and Workforce Development prepared a report entitled “Impact Analysis of San Francisco’s Property & Business Improvement Districts (CBDs/BIDs)”. The intent of this analysis was to determine the level of impact these types of districts have on their communities. The analysis noted that after implementing public safety services as part of the district’s services, crime levels decreased within these districts 68% of the time (Ellicot & Pagan, 2012).

Economic Activity Benefit

The economic activity benefit relates to the increase in the District’s economic activity and future property development potential as a result of the District improvements, services and activities. The economic activity for property within the District can best be described as the ability for the property within the District to develop, redevelop and operate at the property’s highest and best use. Properties within the District will

receive the following economic activity benefits as a result of the District improvements, services and activities:

- The District will provide a comprehensive marketing and economic development activity plan that will seek to promote District properties as well as attract, retain and expand the retail and business climate throughout the District.
- The enhanced marketing and economic development improvements, services and activities, throughout the Central Market area will encourage new non-residential property development, as well as encourage existing property to renovate and/or expand to the highest and best use of the property. This marketing and economic activity effort will reduce vacancy rates and increase lease rates and utilization of property within the District.
- Well-maintained and safe District areas will encourage an increase in the overall pedestrian activity. The District area will become more pedestrian friendly, thus improving the retail environment by encouraging individuals to shop, dine, and stay within the District boundaries.

Well-maintained and safe sidewalks and public right-of-ways not only make adjacent properties appear more stable and prosperous, but can spur investment in the property. The National Complete Streets Coalition (NCSC, n.d.) notes that street design that is inclusive of all modes of transportation, where appropriate, not only improves conditions for existing businesses, but also is a proven method for revitalizing an area and attracting new development. Washington, DC's Barracks Row was experiencing a steady decline of commercial activity due to uninviting sidewalks, lack of streetlights, and speeding traffic. After many design improvements, which included new patterned sidewalks, more efficient public parking, and new traffic signals, Barrack's Row attracted 44 new businesses and 200 new jobs. Economic activity on this three-quarter mile strip (measured by sales, employees, and number of pedestrians) has more than tripled since the inception of the project.

5.3. Separation of General Benefit

Section 4 of Article XIID of the California Constitution provides that once a local agency which proposes to impose assessments on property has identified those parcels that will have special benefits conferred upon them and upon which an assessment will be imposed, the local agency must next "separate the general benefits from the special benefits conferred," and only the special benefits can be included in the amount of the assessments imposed.

General benefit is an overall and similar benefit to the public at large resulting from the installation, implementation and maintenance of District improvements, services and activities to be provided by the assessments levied. The installation, implementation and maintenance of assessment funded District improvements, services and activities provided by the District will be located within the District boundaries only. There will be no installation, implementation and maintenance of assessment funded District improvements, services and activities located outside of the District boundaries.

The ongoing installation, implementation and maintenance of District improvements, services and activities will provide aesthetic, safety and economic activity benefits to the property within the District. However, it is recognized that the ongoing installation, implementation and maintenance of District improvements, services and activities will also provide a level of benefit to some property and businesses within proximity to the District, as well as visitors and individuals passing through the District. Pedestrian traffic from property within and outside of the District as well as individuals passing through the District area will be able to utilize the safe and maintained sidewalks and to not only access property located within the District, but also property located within close proximity outside of the District. Therefore, the general benefit created as a result of the District improvements, services and activities has been considered.

5.4. Quantification of General Benefit

In order for property within the District to be assessed only for that portion of special benefit received from the District improvements, services and activities, the general benefit provided by the ongoing improvements, services and activities needs to be quantified. The amount of general benefit that is provided from the District improvements, services and activities cannot be funded via property owner assessments within the District.

As a result of the District improvements, services and activities, there will be a level of general benefit to pedestrians and others who do not live in or intend to conduct business within the District. There will be pedestrian traffic generated from property outside of the District that will utilize the maintained sidewalks in order to pass through the District and access property located outside of the District boundaries. In addition to accessing property located outside of the District, there will also be a level of pedestrian activity that will utilize the maintained sidewalks for leisure and fitness activities. Pedestrians will incorporate the maintained and safe sidewalks into their leisure and fitness routines, thus making the District sidewalks serve as a pass through portion of their overall route. The benefit provided to property and pedestrians, as a result of the maintained sidewalks serving as a pass through corridor, needs to be quantified.

The Greater Union Square BID and the proposed West Portal CBD Steering Committee conducted street intercept surveys to determine the level of general benefit received from the improvements, services, and activities provided by each of those districts. Specifically, David Binder Research conducted an intercept survey in the Union Square area from April 23-26, 2009 and found that less than 1% of those surveyed had no intention of engaging in any commercial activity. The survey was not limited to a specific group of people, and therefore, includes responses from tourists, workers, residents, and other individuals passing through the boundaries of the district. The results of the survey cannot be solely relied upon to best measure the level of general benefit provided by the District's improvements, services and activities; that survey could be a reasonable proxy for measuring general benefit for the Central Market District. However, an additional analysis of the pedestrian activity related to the surrounding Central Market area population was conducted to ensure that the best possible proxy was used to approximate the general benefit.

People walk for a variety of reasons, whether the reason is to commute to work, run errands, shop, leisure activities, fitness, or some other purpose. To enhance the overall walking experience, pedestrians will seek out and utilize sidewalk facilities that provide a safe place to walk as well as an environment that provides a certain amount of visual interest. The Summary of Travel Trends, 2009 National Household Travel Survey ("NHTS") prepared by the U.S. Department of Transportation Federal Highway Administration (FHWA, 2011) analyzed the number of person trips by various modes of transportations such as private vehicle, transit, walking, or some other means of transportation. According to the Pacific Division data extracted from the 2009 NHTS database, of the annual 181,703 (in millions) total person trips, 21,252 (in millions), or 11.70%, of those person trips were made by using walking as the primary mode of transportation (FHWA, 2011).

San Francisco is comprised of many neighborhoods located throughout the City. To better understand the demographic makeup of these various neighborhoods, the San Francisco Planning Department prepared the San Francisco Socio-Economic Profiles American Community Survey 2005-2009 ("San Francisco Profile") (San Francisco Planning Department, 2011). This District lies within the boundaries of the neighborhood area identified as South of Market. However, to capture a better understanding of the pedestrian traffic that may utilize the District sidewalk to access adjacent neighborhoods, the surrounding neighborhoods of Downtown/Civic Center, Financial, Mission, and Mission Bay were also considered in the analysis. Applying the NHTS Pacific Division study of 11.70% of person trips, where the primary mode of transportation was walking, to each of the neighborhood population sets, approximately 16,821 people within proximity of the District utilize walking as their primary mode of transportation. The table below provides the number of persons per neighborhood that utilize walking as the primary mode of transportation:

Neighborhood	Population	Population w/Walking as Primary Mode of Transportation(1)
Downtown/Civic Center	44,240	5,176
Financial	1,780	208
Mission	57,300	6,704
Mission Bay	9,080	1,062
South of Market	31,370	3,670
Totals:	143,770	16,821

(1) Population multiplied by 11.70%.

To further identify the non-District population within proximity of the District, the population within the District needs to be quantified and excluded from the total population figure of 16,821 identified above. The District boundaries are contained within the South of Market neighborhood, and according to the South of Market neighborhood profile (SF Planning Department, 2011), the average household size for that neighborhood is 1.80 persons. Based on this average household size and the number of residential units within the District, approximately 2,940 people reside within the District boundaries. Applying the 2009 NHTS walking trip percentage of 11.70% to the District population, approximately 344 people within the District boundaries use walking as their primary mode of transportation. Therefore, the adjusted total surrounding neighborhood area population, located outside of the District boundaries, that uses walking as the primary mode of transportation is 16,477 people.

Neighborhood	Population	Population w/Walking as Primary Mode of Transportation(1)
Downtown/Civic Center	44,240	5,176
Financial	1,780	208
Mission	57,300	6,704
Mission Bay	9,080	1,062
South of Market	31,370	3,670
Sub-totals:	143,770	16,821
Less District Boundary Population	(2,940)	(344)
Non-District Totals:	140,830	16,477

(1) Population multiplied by 11.70%.

However, in order to obtain a better picture of the overall level of general benefit provided by the District improvements, services and activities, the pedestrian traffic that utilizes walking as the primary mode of transportation that will seek out and use sidewalks within the District's boundaries to access property outside of the District's boundaries must be considered. The 2009 NHTS further details the purposes of the 21,252 (in millions) reported walking trips. Of the total number of walking trips reported, approximately 32% of the trips represent social and recreational activities as well as other activities that are not provided within the boundaries of the District such as federal, religious, school and daycare activities. Applying this percentage of non-District related pedestrian activity to the non-District surrounding population of 16,477 that utilizes walking as the primary mode of transportation, 5,296 people use the District improvements to engage in general benefit activity.

Description	Population
Non-District population utilizing walking as the primary mode of transportation	16,477
% of 2009 NHTS walking trips representing activities outside of the District	32%
Population engaging in general benefit activities	5,296

The number of persons engaging in general benefit activities represents 3.68% of the total neighborhood population, of 143,770 previously identified above, and is therefore considered to be District general benefit.

District General Benefit	3.68%
---------------------------------	--------------

The general benefit provided by the District improvements, services and activities is 3.68% (which is notably higher and more conservative than the Union Square BID survey mentioned above). Accordingly, 96.32% of the benefits from the District improvements, services and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

5.5. Apportioning of Special Benefit

As outlined above, each of the parcels within the District is deemed to receive special benefit from the District improvements, services and activities. Each parcel that has a special benefit conferred upon it as a result of the ongoing District improvements, services and activities is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the District costs.

Benefit Points Assignment

Cleaning and Public Safety Benefit Point Assignment

Benefit points are assigned based upon not only the property's location to the District improvements, services and activities, but also the property's existing land use designation and the varying level of traffic associated with those different land uses. Given the absence of specific pedestrian traffic studies and related data for the various property land uses within the District, average trip generations and pedestrian attractors were evaluated to assign benefit points. Pedestrian attractors represent those land uses that are more likely to generate and attract pedestrian activity. Thus, the increased likelihood of pedestrian activity generated by the property corresponds to a higher pedestrian attractor ranking. District cleaning and public safety activities will be provided uniformly throughout the District boundaries. Clean and safe areas create an aesthetically pleasing and safe environment for District properties, and those individuals utilizing District property, whether it is to shop, dine, live or visit. The City desires to restore the Central Market area as the City's downtown arts district as well as attract retail, restaurants, services, employers, and tenants for apartment rentals. Given the level of pedestrian traffic that will be generated from tourists, shoppers, workers, and rental tenants, non-residential properties within the District are assigned 2.00 benefit points for the cleaning and public safety services provided by District operations. In addition to non-residential property land uses, there are several other property land uses within the District. Those other property land uses have also been assigned benefit points for cleaning and public safety services, based upon the activity generated by those other property land uses in relationship to the non-residential property land uses, by comparing average trip generations and pedestrian attractor rankings created by these different land uses to the non-residential property land uses. The pedestrian activity and trip generations provided by non-residential properties within the District reflects a continual and constant activity pattern, instead of periodic events that generate an isolated increase in activity. Non-profit, public, residential, vacant, and parking lot property land uses also generate increased levels of activity. However, when comparing their levels of activity to non-residential property land uses, the levels of pedestrian activity are more isolated and inconsistent for these property land uses. This activity pattern produced by non-profit, public residential, vacant, and parking lot property land uses results in a lower pedestrian attractor ranking. Further, average

trip generations also reflect a lower level of demand for the non-profit, public, residential, vacant, and parking lot land uses when compared to the non-residential property land uses. To account for this reduction in activity generated by parcels with non-profit, public, residential, vacant, and parking lot property land use classifications, 0.75 benefit points for cleaning and public safety are assigned for these property land use classifications to reflect the lower impact that these property land uses provide as pedestrian attractors.

The following table summarizes the cleaning and public safety benefit point assignments for the various property land use classifications within the District:

Parcel Land Use Classification	Cleaning and Public Safety Benefit Point Assignment
Non-Residential/Non-Residential Condominium Property	2.00
Non-Profit/Public/Institution Property	0.75
Residential/Residential Condominium Property	0.75
Parking Lot/Vacant Property	0.75

Marketing and Economic Activity Benefit Points Assignment

The District is already an established mixed-use use area with a solid marketing and economic activity presence. The District is an area that features a mixture of non-residential, non-profit, public, residential, and vacant property with development and redevelopment potential. Accounting for the existing marketing and economic activity throughout the District, as well as the potential for properties to develop, redevelop and invest in their economic presence, properties within the District are assigned benefit points for the marketing and economic activity benefits received from the District marketing and economic activities. Marketing and economic activities are designed to strengthen the non-residential landscape within the Central Market area. The District marketing and economic development activities will allow non-residential properties to maximize their development and land use. Marketing and economic activities will be geared towards creating a more vibrant, and thriving commercial area, which will support increased activity for existing non-residential property and the development of all vacant property. To recognize the increase in marketing and economic activity, the non-residential properties located within the District are assigned 1.00 benefit point. The ongoing District marketing and economic activity efforts will encourage the highest and best use related to the development potential of the vacant properties, as well as increase the utilization of parking lot properties throughout the District in order for pedestrians to shop, dine, visit, and rent non-residential properties located throughout the District. As a result of the marketing and economic benefit received, vacant and parking lot properties are assigned a marketing and economic activity benefit point of 0.50. The District will not provide marketing and economic activities for non-profit, public and residential property land uses. Therefore, non-profit, public and residential property land uses are not assigned benefit points for marketing and economic activities. The following table provides the marketing and economic activity benefit points assigned to the various parcel land use categories within the District.

Parcel Land Use Classification	Marketing and Economic Activity Benefit Point Assignment
Non-Residential/Non-Residential Condominium Property	1.00
Non-Profit/Public/Institution Property	0.00
Residential/Residential Condominium Property	0.00
Parking Lot/Vacant Property	0.50

Parcel Factors

The method of apportioning benefit to parcels within the District reflects the proportional special benefit assigned to each property from the District improvements, services and activities based upon the various property characteristics for each parcel as compared to other properties within the District. As part of the special benefit analysis various property characteristics were analyzed including parcel size, street frontage, building size, land use, etc. Given that the special benefits provided by the District improvements, services and activities focus on aesthetic benefit, safety benefit and marketing and economic activity benefit, it was determined that linear street frontage, lot square footage, building square footage, and land use are the most appropriate parcel factors. Each parcel's linear street frontage, lot square footage, building square footage, and land use have been used as the primary assessment variables for the calculation and assignment of parcel factors. Over time, as these factors and variables change, the benefit points assigned to a parcel and the resulting assessment may also change. Thus, assessments are likely to increase as parcels are further developed.

Land Use

Properties in the District are assigned a land use categories, as further outline below, and may be reassigned if the property's land use changes.

Non-Residential Property (*"Commercial and Commercial Residential Property"*): Non-Residential Property consists of parcels owned by a profit-making entity (rather than by a government or non-profit entity) and used for commercial purposes such as retail, office, hotel, or residential income property.

Non-Residential Condominium Property (*"Retail Condominium Property"*): Non-Residential Condominium Property includes units that are owned as condominiums but are not used as residences, for example ground floor retail condominiums in a building that mostly contains residential condominiums.

- Includes parking condominiums if the parking spaces in them are not assigned to individual residential condominiums in the same building. Parking spaces that are assigned to individual residential condominiums in the same building are not assessed.

Non-Profit Property: Non-Profit Property consists of parcels owned or used as follows:

- Includes parcels owned by non-profit entities approved under section 501(c) of the Internal Revenue Service code.
- Includes parcels that are occupied (80% or more of building square footage) by one or more non-profit corporations, as tenants.
- Includes parcels that are occupied (80% or more of building square footage) by activities that receive a welfare tax exemption or by an affordable housing development regulated by covenants or regulatory agreements with a public agency.

Public Property: Public Property consists of parcels owned or used as follows:

- Includes parcels owned by a state, regional, or city government entity; for example, police stations, schools, and government-owned office buildings.

- Includes parcels that are occupied (80% or more of building square footage) by one or more public entities, as tenants.

Residential Condominium Property: Residential Condominium Property consists of parcels used for the following purposes:

- Includes residential condominium units in buildings where there are four or more units and each condominium unit is assigned a separate Assessor's Parcel Numbers by the San Francisco Assessor's office

Residential Property: Residential Property consists of parcels used for the following purposes:

- Includes single family dwellings, duplexes and triplexes assigned separate Assessor's Parcel Numbers by the San Francisco Assessor's office and does not include property assigned to the Residential Condominium Property land use

Parking Lot/Vacant Property: Parking Lot/Vacant Property consists of parcel used for the following purposes:

- Includes unimproved land and parcels which have structures that are under construction or are vacant pending demolition or major renovation.
- Includes parcels paved for use as a parking lot. Such parcels may contain no structures other than a small shed to accommodate a parking lot attendant. Commercial parking garage structures are assessed as Non-Residential Property.

By adjusting the assigned special benefit points assigned for each property land use category by parcel factors, a more complete picture of the proportional special benefits received by each parcel within the District is presented. Therefore, linear, lot and building factors were calculated and assigned for each parcel in the District according to the formulas below:

Linear Factor

Given the linear nature of the cleaning and public safety improvements, services and activities, each parcel within the District is assigned a linear factor that is equal to the parcel's linear street frontage that receives ongoing District cleaning and public safety improvements, services and activities.

Linear Factor	=	Parcel's Assigned Linear Street Frontage
---------------	---	---------------------------------------------

There are several parcels throughout the District that share the same area footprint, with each of these parcels being assigned a separate Assessor's Parcel Number by the San Francisco Assessor's office. For those areas that include multiple Assessor's Parcels, each Assessor's Parcel's assigned linear street frontage shall be calculated by allocating the total linear street frontage for the area equally to each Assessor's Parcel located on the footprint of that area.

Lot Factor

Pursuant to Section 121(e)(2) of the City's Planning Code, each lot shall have an area of at least 2,500 square feet for all zoning use districts other than RH-1(D). Utilizing the prescribed minimum lot square footage as set forth in the City's Planning Code, a lot factor is calculated for each parcel based upon the assigned lot square footage for the parcel divided by 2,500:

Lot Factor	=	Parcel's Assigned Lot Square Footage	/	2,500
------------	---	-----------------------------------------	---	-------

Again, There are several lots located throughout the District that have multiple parcels located on the footprint of the lot, with each parcel assigned a separate Assessor's Parcel Number by the San Francisco

Assessor's office. For those lots that include multiple Assessor's Parcels, each Assessor's Parcel's assigned lot square footage shall be calculated by allocating the total lot square footage for the lot equally to each Assessor's Parcel located on the footprint of the lot.

Building Factor Calculation

In order to maximize the development potential of lots, building structures are typically planned and built to maximize the overall footprint of the lot. Again, utilizing the minimum lot area set forth in the City's Planning Code, with each lot shall having an area of at least 2,500 square feet for all zoning use districts other than RH-1(D), a building factor is calculated for each parcel based upon the assigned building square footage for the parcel divided by 2,500:

Building Factor	=	Parcel's Assigned Building Square Footage	/	2,500
-----------------	---	-------------------------------------------	---	-------

Residential Condominium Property

There are several residential parcels in the District that are designated as Residential Condominium Properties. Residential condominiums are units in buildings within the District that include more than four residential units, where each residential unit is assigned a separate Assessor's Parcel Number by the San Francisco Assessor's office. Residential condominiums may also be a part of a mixed-use property that also includes Non-Residential Condominium Property. To recognize the limited benefit received by these residential condominiums and the level of pedestrian activity generated by these residential units, as compared to other property land uses within the District, and to assign benefit equitably to residential condominiums of similar unit size, the Linear Factor, Lot Factor and Building Factor are assigned to each residential condominium according to the following table:

Residential Condominium Unit Size Category	Linear Factor	Lot Factor	Unit Factor
Less than 500 square feet	1.00	1.00	1.00
Greater than or equal to 500 square feet and less than 1,000 square feet	1.50	1.50	1.50
Greater than or equal to 1,000 square feet and less than 1,500 square feet	2.00	2.00	2.00
Greater than or equal to 1,500 square feet	2.50	2.50	2.50

Non-Residential Condominium Property

There are several buildings that contain a mixture of both non-residential and residential condominium property land uses, where each unit in the building is assigned a unique Assessor's Parcel Number by the San Francisco Assessor's office. For those buildings that contain a mixture of both non-residential and residential property land uses, the Linear Factor for Non-Residential Condominium Property is assigned a Linear Factor of 7.50. This Linear Factor reflects the Non-Residential Condominium Properties increased pedestrian activity and enhanced proportional benefit received from the District improvements, services and activities as a result of ground floor retail exposure, and as compared to other property land use classifications within the District. The Lot Factor and Building Factor for Non-Residential Condominium Property is calculated in the same manner as other non-residential property in accordance with the tables presented above. The parcel factors for the residential units are assigned in accordance with the Residential Condominium Property table above.

Total Special Benefit Points Calculation

The formula below shows the total special benefit points calculation for each parcel within the District:

Parcel's Total Special Benefit Points	=	Parcel's Total Cleaning and Public Safety Points	+	Parcel's Total Marketing and Economic Activity Points
---------------------------------------	---	--------------------------------------------------	---	-------------------------------------------------------

Parcel's Total Cleaning and Public Safety Benefit Points

The District improvements, services and activities will enhance property street frontage and create an increased level of interest and "curb appeal" that will add to the overall experience provided throughout the District area. District improvements, services and activities will be provided throughout the District, with the services being consistent and uniform. Additionally, the reliability of the District improvements, services and activities will aid in the positive image and safety of each parcel's front exposure by improving the property's appearance and overall pedestrian experience. To appropriately quantify and assign the cleaning and public safety benefit received by each parcel within the District, the cleaning and public safety benefit points are further adjusted according to the formula below:

Parcel's Total Cleaning and Public Safety Benefit Points	=	Cleaning and Public Safety Benefit Point Assignment	x	(Linear Factor + Lot Factor + Building Factor)
----------------------------------------------------------	---	-----------------------------------------------------	---	------------------------------------------------

Parcel's Total Marketing and Economic Activity Benefit Points

The District marketing and economic activities will support and encourage increased non-residential activity throughout the District. A consistent marketing and economic activity plan will serve as a positive influence that will encourage the development, redevelopment and investments of non-residential parcels to their highest and best use. However, a limiting characteristic that constrains a parcel from developing to the highest and best use is not the frontage of the parcel, but the size of the parcel itself. The area of a parcel limits the amount of development and redevelopment that may potentially occur on the footprint of the parcel. Larger parcels provide for a greater area to develop and redevelop than do smaller parcels, which corresponds to larger parcels receiving proportionally greater marketing and economic activity benefit when compared to smaller parcels within the District. In addition to the footprint of the parcel, the size of the development on the parcel must also be considered. Therefore, the marketing and economic activity benefit for non-residential parcels in the District is in direct proportion to size of the parcel and the size of the development on the parcel. To appropriately quantify and assign the marketing and economic activity benefit received by each parcel within the District, the economic activity benefit point is further adjusted according to the formula below:

Parcel's Total Marketing and Economic Activity Points	=	Marketing and Economic Activity Benefit Point Assignment	x	(Lot Factor + Building Factor)
-------------------------------------------------------	---	----------------------------------------------------------	---	--------------------------------

Data Considerations and Parcel Changes

The use of the latest Assessor's Secured Roll information has been and shall be used in the future as the basis in determining each parcel's land use, linear street frontage, lot square footage and building square footage, unless better data was or is available to the City. In addition, if any parcel within the District is determined by the Assessment Roll to be an invalid parcel number, the land use, linear street frontage, lot square footage, and building square footage of the subsequent valid parcels shall serve as the basis in assigning special benefit points.

Total Special Benefit Points

The total special benefit points for the District as of Fiscal Year 2013/14 are 52,393.713. Of the total special benefit points assigned, 49,981.293 represent Cleaning and Public Safety benefit points and 2,412.420 represent Marketing and Economic Activity benefit points. Section 7 of this Engineer's Report provides a detailed special benefit points breakdown for each parcel in the District.

6. METHOD OF ASSESSMENT

6.1. Assessment Budget

In order to assess the parcels within the District for the special benefits received from the ongoing District improvements, services and activities, the general and special benefits must be separated. As previously quantified in Section 5.4 of this Engineer's Report, the general benefit received from the District improvements, services and activities is 3.68%. Accordingly, 96.32% of the benefits from the District improvements, services and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

Description	Amount(1)
District Improvements, Services and Activities Cost Estimate	\$1,225,433.63
Less: General Benefit Contribution	(45,096.00)
2013/14 Total Portion of District Improvements, Services and Activities Cost Estimate Assessable for Special Benefit	\$1,180,337.63
District Improvements, Services and Activities Allocated to Cleaning and Public Safety	\$1,076,096.97
District Improvements, Services and Activities Allocated to Marketing and Economic Activity	104,240.66
Total Cost Estimate to be levied in 2013/14	\$1,180,337.63

- (1) During the petition phase of the District renewal and expansion campaign a few property owners documented that the proposed assessments for their parcels were classified at a higher rate than warranted, based on the use of the property. Accordingly, the proposed assessments for those parcels and the total proposed District assessment has been adjusted downward, and the proposed District budget for year one has been adjusted accordingly.

The general benefit contribution has been allocated proportionately to Cleaning and Public Safety Activities and the Marketing and Economic Activities based upon the budgeted amounts for the Cleaning and Public Safety Activities and the Marketing and Economic Activities, as only those two District activity categories are allocated under the assessment methods previously discussed.

Assessment Rate per Special Benefit Point

The assessment rate per special benefit point was calculated by dividing the total cost estimate to be levied in 2013/14 by the total special benefit points assigned for each District activity category in 2013/14. The following formulas provide the assessment rate per special benefit point calculation:

$$\frac{\text{Total Cost Estimate Allocated to Cleaning and Public Safety to be levied in 2013/14}}{\text{Total Cleaning and Public Safety Benefit Points}} = \text{Cleaning and Public Safety Assessment Rate per Cleaning and Public Safety Benefit Point}$$

$$\$1,076,096.97 / 49,981.293 = \$21.53$$

$$\frac{\text{Total Cost Estimate Allocated to Marketing and Economic Activity to be levied in 2013/14}}{\text{Total Marketing and Economic Activity Benefit Points}} = \text{Marketing and Economic Activity Assessment Rate per Marketing and Economic Activity Benefit Point}$$

$$\$104,240.66 / 2,412.420 = \$43.21$$

The amount of each parcel's assessment will depend on the application of the above assessment rates to the total special benefit points assigned to each parcel. Each parcel will be assessed on a prorated basis from the date it receives a temporary and/or permanent certificate of occupancy. Thus, changes to the characteristics used to allocate special benefits (e.g., building square footage) may result in corresponding revisions to assessments. Over time, the total assessments levied in the District likely will increase as parcels are developed.

The individual assessments are shown on the assessment roll in Section 9 of this Engineer's Report.

6.2. Method of Assessment Spread

The method of assessment is based upon a formula that assigns the special benefit to each parcel, with special benefit points being adjusted by linear, lot and building factors. The formulas below provide a summary of the annual assessment calculation for each parcel in the District.

(A) Parcel's Total Special Benefit Points	=	(B) Parcel's Total Cleaning and Public Safety Benefit Points	+	(C) Parcel's Total Marketing and Economic Activity Benefit Points
----------------------------------------------------	---	--------------------------------------------------------------------	---	----------------------------------------------------------------------------

(B) Parcel's Total Cleaning and Public Safety Benefit Points	=	Cleaning and Public Safety Benefit Point Assignment	x	((E) + (F) + (G)) (Linear Factor + Lot Factor + Building Factor)
(C) Parcel's Total Marketing and Economic Activity Benefit Points	=	Marketing and Economic Activity Benefit Point Assignment	x	((F) + (G)) (Lot Factor + Building Factor)

(E) Linear Factor(1)	=	Parcel's Assigned Linear Frontage		
(F) Lot Factor(1)	=	Parcel's Assigned Lot Square Footage	/	2,500
(G) Building Factor(1)	=	Parcel's Assigned Building Square Footage	/	2,500

(1) Refer to Section 5.5 for the parcel factor assignment of Residential and Non-Residential Condominium Property.

Parcel's 2013/14 Maximum Allowable Assessment(1)	=	\$21.53 x (B) \$21.53 x Parcel's Total Cleaning and Public Safety Benefit Points	+	\$43.21 x (C) \$43.21 x Parcel's Total Marketing and Economic Activity Benefit Points
--------------------------------------------------------	---	-----------------------------------------------------------------------------------------------	---	----------------------------------------------------------------------------------------------------

(1) Subject to a cost of living inflator, beginning Fiscal Year 2014/15.

6.3. Cost of Living Inflator

Each fiscal year beginning Fiscal Year 2014/15, the maximum allowable assessment amount may be increased by the lesser of 3.0% or the annual percentage change of the Consumer Price Index for all Urban

Consumers, for the San Francisco-Oakland-San Jose area (Series Id: CUURA422SA0, CUUSA422SA0 Not Seasonally Adjusted) ("CPI"). If for any reason the percentage change is negative the maximum allowable assessment would not be decreased by reason of such negative percentage change and would remain at the amount as computed on the previous fiscal year regardless of any CPI adjustment. The annual assessment cannot exceed the actual costs to operate the District in any given year.

7. SPECIAL BENEFIT POINT ASSIGNMENT

The detailed breakdown of the special benefit points assignment for each parcel in the District is shown on the following pages.

**Central Market Community Benefit District
Special Benefit Points Assignment**

Assessor's Parcel Number	Parcel Land Use Classification	Linear Street Frontage	Cleaning and Public Safety Linear Benefit Points	Lot Square Footage	Cleaning and Public Safety Lot Benefit Points	Marketing and Economic Activity Lot Benefit Points	Building Square Footage	Cleaning and Public Safety Building Benefit Points	Marketing and Economic Activity Building Benefit Points	Total Cleaning and Public Safety Points	Total Marketing and Economic Activity Points	Total Special Benefit Points
0341-004	Non-Residential	110.43	220.854	3,166	2.533	1.266	3,170	2.536	1.268	225.923	2.534	228.457

8. ASSESSMENT DIAGRAM

An Assessment Diagram for the District is shown on the following pages. The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor, at the time this report was prepared, and are incorporated by reference herein and made part of this Engineer's Report.

Assessment Diagram for the assessment district known as the Central Market Community Benefit District

A Property and Business Improvement District
Established in the City and County of San Francisco, State of California,
Under Part 7 of the California Streets and Highways Code
("Property and Business Improvement District Law of 1994," §§36600 et seq.)
and Article 15 of the San Francisco Business and Tax Regulations Code

(1) An assessment was levied by the Board of Supervisors for the City and County of San Francisco, State of California, on the lots, pieces, and parcels of land shown on this Assessment Diagram. The levy of assessment was approved by the Board of Supervisors on _____, 20____, and signed by the Mayor on _____, 20____, Resolution No. _____. The Assessment Diagram was filed in the Office of the Clerk of the Board of Supervisors for the City and County of San Francisco, on _____, 20____.

Said Resolution No. _____, together with the statutorily required Management District Plan and certified Engineer's Report for this District as also approved by the Board of Supervisors, are on file with the Board of Supervisors and are submitted with the Assessment Diagram to the Office of the Assessor-Recorder for the City and County of San Francisco for recording. Reference is made to the Management District Plan, certified Engineer's Report and Assessment Diagram, for the amount of each assessment levied against each parcel of land shown on this Assessment Diagram.

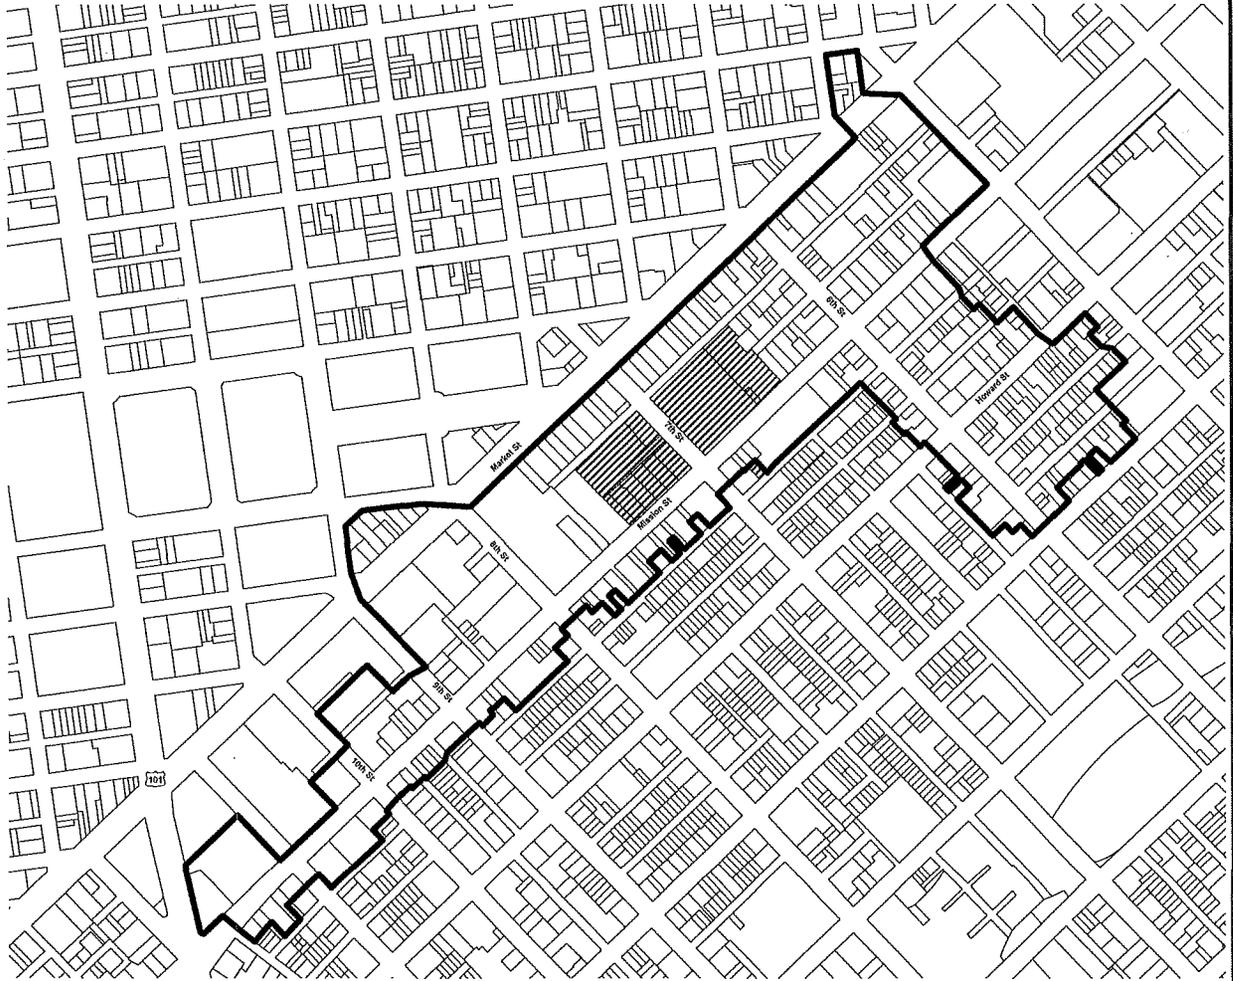

Upon recordation by the County Assessor-Recorder, a conformed copy of the Assessment Diagram will be filed with the Clerk of the Board of Supervisors for the City and County of San Francisco, and a Notice of Assessment will be issued pursuant to California Streets and Highways Code §§3114 and 35927.

Angela Cabillo, Clerk of the Board of Supervisors, City and County of San Francisco

(2) The Assessment Diagram and Resolution No. _____ together with the Management District Plan and Engineer's Report for this assessment district, that were submitted for recording by the Clerk of the Board of Supervisors (see Paragraph No. 1, above), were recorded by the Assessor-Recorder for the City and County of San Francisco, State of California on _____, 20____. The Assessment Diagram was filed in Book _____ of Maps of Assessment and Community Facilities Districts at Page(s) _____ in the Office of the Assessor-Recorder, City and County of San Francisco, State of California, at the hour of ____ o'clock ____m., on this same date.

Carman Chu, Assessor-Recorder, City and County of San Francisco

NOTES:
1. FOR PARTICULARS OF THE LINES AND DIMENSIONS OF ASSESSORS PARCELS, REFERENCE IS MADE TO THE MAPS OF THE ASSESSOR OF THE CITY AND COUNTY OF SAN FRANCISCO

9. ASSESSMENT ROLL

The assessment roll is a listing of the assessment apportioned to each lot or parcel, as shown on the last equalized roll of the Assessor. The following table summarizes the assessments for the District:

Property Land Use Type	Parcel Count	Total Special Benefit Points	2013/14 Cleaning and Public Safety Assessment	2013/14 Marketing and Economic Activity Assessment	2013/14 Maximum Annual Assessment
Non-Residential/ Non-Residential Condominium Property	212	40,023.413	\$812,584.55	\$98,581.26	\$911,165.81
Non-Profit/Public/Institution Property	48	5,011.222	107,891.58	0.00	107,891.58
Residential/Residential Condominium Property	495	2,159.514	46,494.13	0.00	46,494.13
Parking Lot/Vacant Property	51	5,199.564	109,126.71	5,659.40	114,786.11
Totals:	806	52,393.713	\$1,076,096.97	\$104,240.66	\$1,180,337.63

Note: During the petition phase of the District renewal and expansion campaign a few property owners documented that the proposed assessments for their parcels were classified at a higher rate than warranted, based on the use of the property. Accordingly, the proposed assessments for those parcels and the total proposed District assessment has been adjusted downward, and the proposed District budget for year one has been adjusted accordingly.

The assessment roll for year one of the District is listed on the following pages.

**Central Market Community Benefit District
Assessment Roll**

Assessor's Parcel Number	Site Address	Total Special Benefit Points	2013/14 Cleaning and Public Safety Assessment	2013/14	2013/14

Ballot on the proposed removal of the district-wide cap on assessment revenues in the property-based business improvement district known as the “Central Market Community Benefit District”

«Barcode»

Assessor’s Parcel Number: _____ Address of Parcel: _____

Property Owner’s Name: _____

Property Owner’s Address: _____

Current Assessment for this Parcel: _____ of Total: \$ _____. The City calculates each parcel’s assessment using a formula based on the following parcel characteristics: linear street frontage, lot square footage, building square footage, and land use. The total assessment revenues across the entire district in any given year may not exceed an overall cap. The overall cap may increase annually by up to 3% due to inflation. In 2013, a majority of the property owners voted in favor of the assessment formula, the district-wide cap, and the inflationary increase.

Proposed Change To Eliminate the District-Wide Cap on Annual Assessments Beginning In Fiscal Year 2016-2017:
The proposed change would eliminate the district-wide cap. The existing formula and the inflationary increase would remain the same. Eliminating the district-wide cap would allow the City to collect higher assessments from parcels whose parcel characteristics have changed over time. Thus, if development on a parcel caused an increase in building square footage or a change in land use or other specified parcel characteristics, the parcel’s assessment under the existing formula could increase by more than the 3% annual inflationary adjustment.

Instructions for Completing and Delivering this Ballot

*To express your view on the proposed change to eliminate the district-wide cap on revenues, check above the line before the word “YES” or “NO” below, then sign and date the ballot.

_____ Yes, I approve the proposed removal of the district-wide cap on assessment revenues, and I understand that the parcel identified in this ballot could be subject to an increased assessment as described above.

_____ No, I do not approve the removal of the district-wide cap on revenues, and I do not approve of the potential increase to the assessment on the parcel identified in this ballot.

I hereby declare by penalty of perjury that I am a record owner or authorized agent for the record owner of the parcel listed above.

Signature of Owner of Record, or Authorized Agent Date

Print Name of Owner or Authorized Agent: If Agent of Owner, State Authorization

***After completing your ballot, please mail to:**
Director
Department of Elections
P.O. Box _____
San Francisco, CA 94142-2189

To hand deliver, please use the following address:
Director
Department of Elections
City Hall
1 Dr. Carlton B. Goodlett Place, Room 48
San Francisco, CA 94102

*Ballots may be sent or delivered to the Director at any time, but MUST be received in the mail not later than 12 P.M. (noontime) on the day of the public hearing or in person before the conclusion of the public testimony portion of the public hearing on the proposed change. That hearing is set for 3:00 p.m. on September 20, 2016. Ballots received after that time will only be counted if the Board elects to continue public comment until a later date.

No. «Parcel_Count»

AFFIDAVIT of Identification (Property Owner)

I, _____, the undersigned, declare that I am authorized to cast a ballot for the following parcel identified as:

_____, as either (1) the sole owner or agent, or (2) co-owner or agent to payment of the assessment which will be levied for the proposed expanded and renewed Property and Business Improvement District to be known as the "Central Market Community Benefit District."

I declare under penalty of perjury under the laws of the State of California that this declaration made this ____ the day of _____, 20__, in the City and County of San Francisco, is true and correct.

FROM: John Arntz, Director
 Department of Elections
 City and County of San Francisco

SUBJECT: Notice of Public Hearing and Assessment Ballot Proceeding to Consider Modifying the Management District Plan and Engineer's Report to Remove the District-Wide Cap on Annual Assessment Revenues Levied on Properties Located in the Business Improvement District Known as the "Central Market Community Benefit District"

The purpose of this notice is to provide you with information about a public hearing and assessment ballot proceeding being conducted by the Board of Supervisors, and its effect on real property that you own. This notice is being sent to you in accordance with Resolution No. _____, passed by the Board of Supervisors (a copy of which is enclosed), California Government Code Section 53753, and California Constitution Article XIIIID Section 4(c).

Please be advised of the following:

- The Board of Supervisors will hold a public hearing on the proposed modifications to the Management District Plan and Engineer's Report at 3:00 p.m. on September 20, 2016, or as soon thereafter as the matter may be heard, in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At this hearing, the Board will hear testimony regarding the proposed modifications. The proposed modifications would remove the district-wide cap on annual assessment revenues in the property-based business improvement district known as the Central Market Community Benefit District (the "District").
- The City levies assessments on parcels in the District in proportion to the special benefits that the parcels derive from the various services and improvements in the District. The City calculates the value of the special benefits and annual assessment on a parcel-by-parcel basis, taking into account objective parcel characteristics such as lot size, building square footage, linear frontage and land use. Further details regarding the formulae for calculating assessments appear in the Management District Plan and Engineer's Report.
- The Management Plan and Engineer's Report for the District describe a "District-Wide Cap" on assessments, stating that in any given year, the total assessments levied across the entire District may not exceed the District-Wide Cap for that year, for the entire fifteen year assessment term. The amount of the District-Wide Cap was based on the projected needs of

the District as of 2013, does not take into account the effect of future development in the District, and may only be increased by up to 3% annually based on changes to the Consumer Price Index (the “Inflationary Increase”).

- The District is expected to experience significant further development during the fifteen year assessment term, which will create increased demand for services and improvements in the District.
- The proposed modifications to the Management District Plan and Engineer’s Report would remove the District-Wide Cap on annual assessments beginning in fiscal year 2016-2017. The existing formulae and the Inflationary Increase would remain the same. Eliminating the District-Wide Cap would allow the City to collect higher assessments from parcels in the District whose parcel characteristics have changed over time, and would enable the District's budget to increase commensurate with the District's growth. Thus, if development on a parcel caused an increase in building square footage or a change in the land use or otherwise changed the objective parcel characteristics used to calculate the parcel’s assessment under the existing formula, the assessment could increase by more than the 3% annual Inflationary Increase.
- In accordance with Section 67.7-1 of the San Francisco Administrative Code, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the Board of Supervisors. Written comments should be addressed to Angela Calvillo, Clerk of the Board, San Francisco Board of Supervisors, Room 244, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102.

The total assessment revenues for fiscal year 2016-17 are capped at \$1,289,786.80. The following table shows the maximum annual assessment revenues over the fifteen-year term of the District, assuming a 3% Inflationary Increase is approved each year, and assuming that the District-Wide Cap remains in place. If the District-Wide Cap were removed and if the District experienced further development, then these amounts could increase in future years.

Year of Renewed/ Expanded District	Fiscal Year	Total Projected Annual Assessment Revenue Based on Current Development Status
1	2013/2014	\$1,180,337.63
2	2014/2015	\$1,215,747.76
3	2015/2016	\$1,252,220.19
4	2016/2017	\$1,289,786.80
5	2017/2018	\$1,328,480.40
6	2018/2019	\$1,368,334.81
7	2019/2020	\$1,409,384.86
8	2020/2021	\$1,451,666.40
9	2021/2022	\$1,495,216.40
10	2022/2023	\$1,540,072.89
11	2023/2024	\$1,586,275.07
12	2024/2025	\$1,633,863.33
13	2025/2026	\$1,682,879.23
14	2026/2027	\$1,733,365.60
15	2027/2028	\$1,785,366.57
Total Maximum Assessment Revenue		\$21,952,997.94

Individual parcel assessments are calculated pursuant to the formulae described in the Management Plan and Engineer’s Report, as follows:

PARCEL LAND USE CLASSIFICATION	BENEFIT POINT ASSIGNMENT	
	Cleaning & Public Safety	Marketing & Economic Activity
Non-Residential/Non-Residential Condominium Property	2.00	1.00
Non-Profit/Public/Institution Property	0.75	0.00
Residential/Residential Condominium Property	0.75	0.00
Parking Lot/Vacant Property	0.75	0.50

PARCEL FACTORS

Linear Factor	Parcel's Assigned Linear Street Frontage
Lot Factor	Parcel's Assigned Lot Square Footage / Lot Size Divider*
Building Factor	Parcel's Assigned Building Square Footage / Building Size Divider**

*Lot Size Divider = 2,500 **Building Size Divider = 2,500

CLEANING & PUBLIC SAFETY	MARKETING & ECONOMIC ACTIVITY
\$21.53	\$43.21

CLEANING AND PUBLIC SAFETY EXAMPLE

PARCEL CLEANING AND PUBLIC SAFETY BENEFIT POINT CALCULATION:
 (Total Cleaning and Public Safety Benefit Points) X (Linear Factor + Lot Factor + Building Factor)

	Linear Factor (in feet)	50
	Lot Factor	15,000 sq. ft. / 2,500 = 6
	Building Factor	5,000 sq. ft. / 2,500 = 2
Total Parcel Factors	= Linear + Lot + Building Factors	50 + 6 + 2 = 58
Land Use Points	= Based on Land Use Classification	2.00
Total Benefit Points	= Land Use Points x Sum of Parcel Factors	2.00 x 58 = 116

PPARCEL CLEANING AND PUBLIC SAFETY ANNUAL BENEFIT ASSESSMENT CALCULATION:
 (Rate Per Benefit Point) x (Total Cleaning and Public Safety Benefit Points)

Example (Non-residential) \$21.53 x 116 = **\$2,497.48**

MARKETING AND ECONOMIC ACTIVITY

PARCEL MARKETING AND ECONOMIC ACTIVITY BENEFIT POINT CALCULATION:
(Total Marketing and Economic Activity Benefit Points) x (Lot Factor + Building Factor)

	Lot Factor	15,000 sq. ft. / 2,500 = 6
	Building Factor	5,000 sq. ft. / 2,500 = 2
Total Parcel Factors	= Lot + Building Factors	6 + 2 = 8
Land Use Points	= Based on Land Use Classification	1.00
Total Benefit Points	= Land Use Points x Sum of Parcel Factors	1.00 x 8 = 8

PARCEL MARKETING AND ECONOMIC ACTIVITY ANNUAL BENEFIT ASSESSMENT CALCULATION:
(Rate Per Benefit Point) x (Total Cleaning and Public Safety Benefit Points)

Example (Non-residential) **\$43.21 x 8 = \$345.68**

PARCEL'S TOTAL ANNUAL ASSESSMENT

(Cleaning and Public Safety Annual Benefit Assessment) + (Marketing and Economic Activity Annual Benefit Assessment)

Example (Non-residential) **\$2,497.48 + \$345.68 = \$2,843.16**

ASSESSMENT BALLOT PROCEDURES

Enclosed with this notice, you will find a ballot on the proposed modifications to Management District Plan and Engineer’s Report for the Central Market Community Benefit District. Please follow the directions on the ballot to express your view on the proposed modifications. The following is a summary of the procedures governing the return and tabulation of ballots. More detailed information concerning the ballot procedures is set forth in the enclosed “Procedures for the Completion, Return and Tabulation of Ballots,” which is also available on the City’s website at www.sfelections.org.

1. You may mail or deliver your ballot to the Director of Elections at the Post Office Box location shown on the ballot, or submit the ballot in person at the Department of Elections, located at City Hall Room 48.
2. Ballots may be sent or delivered to the Director of Elections at any time, but **MUST** be received by the Director of Elections not later than the conclusion of the public input portion of the public hearing on September 20, 2016, in the Board’s Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102, scheduled to commence at 3 p.m. or as soon thereafter as the matter may be heard. Depending on the nature and extent of public testimony, the public input portion of the hearing may not be concluded on that date, but may instead be continued to a later date. At

any time prior to the conclusion of the public input portion of the hearing, you may withdraw your ballot and submit a new or changed ballot in place of the ballot previously submitted. If the public input portion of the hearing is continued to a later date, the deadline for submission of ballots will likewise be extended until the close of public input on that date.

3. The Director of Elections will pick up mailed ballots at 12 o'clock noon from the designated Department of Elections Post Office box on the date scheduled for the public hearing. To ensure that mailed ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing, mailed ballots must be received by the Director of Elections by 12 o'clock noon on September 20, 2016. Mailed ballots received after 12 o'clock noon on the date scheduled for the public hearing will only be counted if the public input portion of the hearing is continued to a later date and the ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing.
4. Only ballots with original signatures - not photocopies of signatures - will be accepted.
5. The Director of Elections will not accept or tabulate a ballot:
 - which is a photocopy without an original signature;
 - which is unsigned;
 - which lacks an identifiable "yes" or "no" vote; or
 - which appears to have been tampered with based upon its appearance or method of delivery.
6. The assessment ballot shall be treated as a disclosable public record during and after the tabulation of the assessment ballots.
7. At the conclusion of the public input portion of the public hearing, the Director of Elections will tabulate the ballots, including those received during the public input portion of the public hearing. If the number of ballots received at the hearing is such that it is not feasible to accurately tabulate the ballots that day, the Board of Supervisors may continue the meeting to a later date for the purpose of obtaining the final tabulation.
8. The Board of Supervisors will not approve the modifications to the Management District Plan and Engineer's Report if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. Ballots shall be weighted according to the proposed financial obligation of the affected property.

Should you have any questions, please call or write to: Mr. Cuong Quach, Department of Elections, Room 48, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. Telephone: (415) 554-4342.

AARON PESKIN

DATE:	July 15, 2016	2016 JUL 15 AM 11:21 RECEIVED SUPERVISOR AARON PESKIN
TO:	Angela Calvillo Clerk of the Board of Supervisors	
FROM:	Supervisor Aaron Peskin Chairperson <i>AP</i>	
RE:	Government Audit and Oversight Committee COMMITTEE REPORTS	

Pursuant to Board Rule 4.20, as Chair of the Government Audit and Oversight Committee, I have deemed the following matters are of an urgent nature and request they be considered by the full Board on July 26, 2016, as Committee Reports:

160422 Fire, Housing, Building Codes - Fire Safety Requirements for Existing Buildings

Ordinance amending the Fire Code and the Housing Code to require building owners provide tenants with an annual written notice of smoke alarm requirements and require building owners file a statement of compliance with annual fire alarm testing and inspection requirements every two years; amending the Fire Code and Building Code to require building owners to upgrade existing fire alarm systems by July 1, 2021, or upon completion of \$50,000 or more of construction work, whichever occurs earlier; amending the Building Code to require owners of Apartment Houses damaged by fire to submit an Action Plan to the City within 30 days of the fire and requiring owners of buildings in Group R occupancies with six or more units to install fire blocks in open accessible attic when performing \$50,000 or more of construction work; affirming the Planning Department's determination under the California Environmental Quality Act; making findings under the California Health and Safety Code; and directing the Clerk of the Board of Supervisors to forward this ordinance to the California Building Standards Commission upon final passage as required by State law.

160514 Accept and Expend Grant - State Transportation Development Act, Article 3 - Pedestrian and Bicycle Projects - \$995,524

Resolution authorizing the acceptance and expenditure of a State Transportation Development Act, Article 3, Pedestrian and Bicycle Project grant, in the amount of \$995,524 including \$497,762 for Public Works and \$497,762 for the San Francisco Municipal Transportation Agency, for a three-year period of July 1, 2016, through June 30, 2019.

160661 Settlement of Lawsuit - Wayne Kappelman - \$176,275

Ordinance authorizing settlement of the lawsuit filed by Wayne Kappelman against the City and County of San Francisco for \$176,275; the lawsuit was filed on September 2, 2014, in United States District Court, Northern District of California, Case No. 14-CV-04434 MEJ; entitled Wayne Kappelman v. City and County of San Francisco; the lawsuit involves an employment dispute.

160703 Settlement of Lawsuit - Muaadh Alawadhi and Suad Mahyoub - \$156,250

Ordinance authorizing settlement of the lawsuit filed by Muaadh Alawadhi and Suad Mahyoub against the City and County of San Francisco for \$156,250; the lawsuit was filed on January 7, 2015, in San Francisco Superior Court, Case No. CGC-15-543559; entitled Muaadh Alawadhi, et al. v. City and County of San Francisco, et al.; the lawsuit involves alleged medical negligence; other material terms of the settlement are co-defendant Regents of the University of California to pay \$156,250.

160704 Settlement of Lawsuit - Ricardo Palikiko-Garcia, Stanley Harris, and Keith Dwayne Richardson - \$90,000

Ordinance authorizing settlement of the lawsuit filed by Ricardo Palikiko-Garcia, Stanley Harris, and Keith Dwayne Richardson against the City and County of San Francisco for \$90,000; the lawsuit was filed on March 16, 2016, in United States District Court for the Northern District of California, Case No. C16-1305 JCS; entitled Ricardo Palikiko-Garcia, et al. v. City and County of San Francisco, et al.; the lawsuit involves allegations of excessive force, cruel and unusual punishment, and egregious government conduct.

160705 Settlement of Lawsuit - Blue Cross of California and Anthem Blue Cross Life and Health Insurance Company - City to Receive \$6,250,000 and Future Payments

Ordinance authorizing settlement of the lawsuit filed by the City Attorney, acting on behalf of the People of the State of California, against Blue Cross of California dba Anthem Blue Cross, Anthem Blue Cross Life and Health Insurance Company (collectively, "Blue Cross") and Health Net of California for the payment by Blue Cross of \$6,250,000 in restitution and civil penalties for under-reimbursing Zuckerberg San Francisco General Hospital and Trauma Center ("ZSFG") for emergency medical care provided to Blue Cross's insureds prior to July 1, 2015, and for the payment of additional amounts for such emergency medical care provided between July 1, 2015, and June 30, 2019; the lawsuit was filed on May 24, 2011, in San Francisco Superior Court, Case No. 11-511181; entitled People of the State of California v. Blue Cross of California, et al.; other material terms of said Settlement are that Blue Cross and the City will enter into a prompt payment agreement under which Blue Cross agrees to pay and ZSFG agrees to accept certain specified rates for treatment provided by ZSFG to Blue Cross's insureds for emergency medical services rendered from July 1, 2015, through at least June 30, 2019.

160706 Settlement of Lawsuit - State Farm General Insurance Company - \$90,000

Ordinance authorizing settlement of the lawsuit filed by State Farm General Insurance Company against the City and County of San Francisco for \$90,000; the lawsuit was filed on February 13, 2014, in San Francisco Superior Court, Case No. CGC-14-537478; entitled State Farm General Insurance Company v. City and

County of San Francisco; the lawsuit involves alleged property damage arising From flooding.

160707 Settlement of Lawsuit - Paul Walker - \$80,000

Ordinance authorizing settlement of the lawsuit filed by Paul Walker against the City and County of San Francisco for \$80,000; the lawsuit was filed on November 10, 2015, in United States District Court, Northern District, Case No. CV-15-5129-JCS; entitled Paul Walker v. City and County of San Francisco; the lawsuit involves alleged Americans with Disabilities Act violations.

160708 Settlement of Lawsuit - Mery Perez - \$87,500

Ordinance authorizing settlement of the lawsuit filed by Mery Perez against the City and County of San Francisco for \$87,500; the lawsuit was filed on February 9, 2015, in San Francisco Superior Court, Case No. CGC-15-544024; entitled Mery Perez v. City and County of San Francisco; the lawsuit involves a medical malpractice claim; other material terms of the settlement are that co-defendant Dr. Derrick Lung is to pay \$87,500.

160709 Settlement of Lawsuit - People of the State of California \$250,000

Ordinance authorizing settlement of the lawsuit filed by the People of the State of California against the City and County of San Francisco for \$250,000; the lawsuit will be filed in Alameda County Superior Court; and be entitled People of the State of California v. San Francisco Public Utilities Commission and the City and County of San Francisco; the lawsuit involves alleged violations of California pollution prevention and hazardous materials laws at Public Utilities Commission facilities near Sunol in Alameda.

160738 Settlement of Lawsuit - Gary Frank and Debbie Frank - \$245,000

Ordinance authorizing settlement of the lawsuit filed by Gary Frank and Debbie Frank against the City and County of San Francisco for \$245,000; the lawsuit was filed on September 16, 2014, in San Francisco Superior Court, Case No. CGC-14-541671; entitled Gary Frank and Debbie Frank v. City and County of San Francisco, et al.; the lawsuit involves alleged property damage arising from flooding.

160770 Settlement of Lawsuit - Sadeq Naji - \$30,000

Ordinance authorizing settlement of the lawsuit filed by Sadeq Naji against the City and County of San Francisco for \$30,000; the lawsuit was filed on February 3, 2015, in San Francisco Superior Court, Case No. CGC 15-543936; entitled Sadeq Naji v. City and County of San Francisco; San Francisco Public Library; the lawsuit involves an employment dispute.

160793 Resolution of Intention - Central Market Community Benefit District - Modify the Management Plan and Engineer's Report

Resolution declaring the intention of the Board of Supervisors to modify the management district plan and engineer's report for the property-based business improvement district (community benefit district) known as the "Central Market Community Benefit District" to remove the district-wide cap on annual assessment revenues; ordering and setting a time and place for a public hearing

thereon; approving the form of the Notice of Public Hearing and Assessment Ballot Proceeding and Assessment Ballot; and directing the Clerk of the Board of Supervisors to give notice of the public hearing and balloting as required by law.

These matters will be heard in the Government Audit and Oversight Committee on July 21, 2016, at 9:30 a.m.

OFFICE OF THE MAYOR
SAN FRANCISCO

EDWIN M. LEE

TO: Angela Calvillo, Clerk of the Board of Supervisors
FROM: *EW* Mayor Edwin M. Lee *NE*
RE: Resolution of Intention to Modify the Management Plan and Engineer's
Report for the Central Market Community Benefit District
DATE: July 12, 2016

Attached for introduction to the Board of Supervisors is a resolution declaring the intention of the Board of Supervisors to modify the management district plan and engineer's report for the property-based business improvement district (community benefit district) known as the "Central Market Community Benefit District" to remove the district-wide cap on annual assessment revenues; ordering and setting a time and place for a public hearing thereon; approving the form of the Notice of Public Hearing and Assessment Ballot Proceeding and Assessment Ballot; and directing the Clerk of the Board of Supervisors to give notice of the public hearing and balloting as required by law.

I respectfully request that this item be calendared in Government Audit & Oversight Committee on July 21, 2016 and that it be sent forward as a committee report to the full Board on July 26, 2016.

Should you have any questions, please contact Nicole Elliott (415) 554-7940.
