I have been living and working in the Excelsior for more than five years, and continue to see my self living and serving the community in this neighborhood for the years to come. I am also a part of the Filipino Community Center, and have organized in grassroots organizations such as Migrante San Francisco, Active Leadership to Advance the Youth (ALAY), and was a former student organizer at the League of Filipino Students in San Francisco State University. These organizations gave breath to the meaning of "home" for me, and many other Filipino immigrants like me that live in this neighborhood, often alone, longing for something that resembles our homeland. I also live in a queer household, co-parenting my god daughter, a Longfellow Elementary student, and we all choose to nurture our chosen family in this beautiful neighborhood. My god daughter goes to school with our neighbor who are also working-class, immigrant, and single-parent families just like our household, and it is exactly these kinds of families that deepen my commitment to tirelessly struggle for this community.

**Business and/or professional experience:**

- Galing Bata After School Program, Middle School Team Leader, 2009-2013
- Filipino Community Center, Staff, 2012-2016

**Civic Activities:**

- Member of Migrante SF/Excelsior
- Partner of Active Leadership to Advance the Youth (ALAY)
- Former organizer at League of Filipino Students, SFSU

I am the son of low-income immigrants, the first to attend a four-year university, and lifelong activist. Currently, my work with Communities United for Health and Justice, a multi-ethnic and intergenerational alliance in District 11, focuses on issues of equity and promotes local solutions supported by leadership development in disenfranchised communities. To date, the alliance has secured, among other things, the future development of 100 percent affordable housing on the Balboa Park Upper Yard.

**Business and/or professional experience:**

Since 2008, PODER has organized in alliance with a multi-ethnic and intergenerational alliance, Communities United for Health and Justice, which has engaged deeply and broadly with low-income communities of color. The alliance has produced various reports lifting up hyper local data, solutions and recommendations. In the Spring of 2006, I designed and led community mapping efforts in which local residents utilized their local expertise to identify an opportunity site for equitable development. This project articulates a comprehensive development strategy and spatializes opportunities for development, building on years of prior grassroots research. My work requires that I engage in ongoing outreach with disenfranchised communities and support ongoing opportunities for strategizing and organizing, which are locally led.

**Civic Activities:**

I have experience ranging from serving on the San Francisco Equity Advisory Committee, electoral education, electoral campaigning, community bike builds, stewarding community farms and gardens and facilitating community arts events.

Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

Since I've been employed with Ocean Avenue Association, I have witnessed how direct democracy and community participatory governance functions and realized that every day citizens actually have a role in making public policy. Being born and raised in San Francisco, I've interacted with people of different races and social backgrounds on a daily basis. The communities of the Ingleside, Excelsior, Bayview and the Mission were home to me. During this time I've built a number of networks of relationships that bridge the traditional divide of race, class, and socioeconomic status. I have learned when groups of participants with different races and backgrounds listen to one another, new insights and ideas are gained. This group of people soon start to learn from one another and begin to work together. Their participation in the group helps to cement strong relationships among one another and these relationships in turn make the process more effective. In today's environment, it takes a great amount of diverse resources to solve complex problems. Civic service to me means having a sense of personal ownership of one's role as a citizen/community member in making our society work better and for the greater good. I believe through civic engagement, as a citizen, I am a source of solutions, not just a beneficiary.

**Business and/or professional experience:**

Ocean Avenue Association, 1728 Ocean Avenue PMB 154, San Francisco, CA, 2014 - Present  
 Small Business Program Manager

- I provide technical business assistance to small businesses along the Ocean Avenue Corridor in the areas of small business loans, ADA compliance, and business plan creation.

- I work in conjunction with the San Francisco Office of Economic Workplace Development and the San Francisco Planning Department to assist businesses located along the Ocean Avenue corridor.

Abellana Construction, 1000 Continentals Way, Belmont, CA 2010 - 2014  
 Business Development.

- I formulated and implemented sales initiatives and marketing strategies.
- I also analyzed feedback from clients and initiated service improvements.

US Bank, 1601 Mission St 1st Floor, San Francisco, CA 2007 - 2010  
 Universal Banker

- I proactively met with customers to identify needs and goals.
- I provided customers with issue resolution, research, and inquiries.

**Civic Activities:**

I assist small business owners by analyzing their business operations, uncover any missed opportunities overlooked by the small business and matching them to the correct city agency or city sponsored program in order to increase their competitiveness, but also increase economic activity along the Ocean Avenue Corridor.

I have helped teach and mentor at risk high school students from Mission high School and Balboa High School to provide guidance and support in their personal and academic growth.

On many occasions, I speak on behalf of Mission Preparatory School when it comes time for renewing and expanding their charter before the San Francisco Unified School District Committee hearings.

Collaborating with community leaders regarding the maintenance and upgrading of children play structures for Temporary Tot Tending in South San Francisco, with the help of former colleagues in the construction trade.

**Subject:** Applicant for consideration @ the Thursday Dec 8th 2016 - Rules Committee Item #1 -  
161305 (Appointments Balboa Park Station CAC)

Supervisors Katy Tang, Eric Mar, and Malia Cohen

I am contacting you as I was out of the area this last week for a personal family get together (funeral) and was not able to get back in time to meet up prior to this week Thursday's Rules Committee Meeting Item #1 - 161305 on the Appointments to the Balboa Park Station CAC. I will attempt to attend the follow-up meeting on the 12th of December, but wanted to outreach to you all to introduce myself again, and if requested meet up prior to Dec 12th to meet with any of you and/or your aides.

I have been twice placed for 2 year terms on the BPSCAC Seat 8 (\*Families and Children prior seat) as a father and frequent commuter in the district 7-10-11 areas adjacent and around the Balboa Park Station. My efforts have focused on transit connectivity, traffic safety, and improved outreach to the community groups and projects around the station area for the benefit of the public and commuters, especially the children, seniors, and disabled who utilize the station areas.

My background as an Architect, and bay area native help with the knowledge of the existing systems, and problems of transportation stations and the financial and physical barriers that make transportation planning and the surrounding station areas critical design problems requiring both creative solutions, and connective outreach. My view is not district centric, but whole in looking at the station from all sides, D11, D7, D10 and how system improvement and neighborhood changes can help other adjacent and boarder districts that have the brunt of development pressures, or need to start in the conversation of integration as a system.

I am also a long time board member of SF Tomorrow and worked with Howard Wong (Architect) and other planners on transportation issues citywide from the DTX, to the 19th Ave Transit Study, Central Subway, and BVHP transportation planning, and have worked with the Sierra Club's Transportation Committee and the Save Muni group on important issues related to transit and improvements citywide on other lines and systems. I have also worked on the outreach to community organizations, such as SPEAK, CSFN, WOTPCC, and the Grey Panthers, and business organizations including national and local organizations on projects and concerns of the cities infrastructure. I believe strongly that the Balboa Park Station is a critical infrastructure link between the SE and SW sectors of SF, and needs to have renewed focus as developments and housing projects are in initial design stages, and the adjacent major institutions such as CCSF and SFSU, along with commercial, schools, and housing corridors are transforming rapidly needing to look seriously at the stations design and future changes. My input has also related directly to my work at the San Francisco Housing Authority Housing Development + Modernization Department on both the Sunnydale and Potrero HOPE SF projects, where I have worked hard to improve the developments in the collaborative work of city agencies, and community groups on and the transportation connection by looking at the Geneva Harney line extension and T-Line system and how it can serve both communities with a more linked system to the BPS station, improving capacity and frequency to get people to regional and future planned transportation connections directly in the design and solutions proposed for the transit hubs at Caltrains/HSR at Geneva Harney across the city to the BPS station and east-side Candlestick and BVHP to the west-side improvements for the M/K/L/J/T lines connections that can be re-vamped to look at system changes for the future and improved focus and design for the Balboa Park Station and

nearby SFSU/Parkmerced/Stonestown, Balboa Reservoir, Upper Yard, Geneva Car-Barn, Sunnydale and Mission/Alemanly Developments, and CCSF upcoming design changes out to the Candlestick, Brisbane and BVHP areas.

My work on the prior BPSCAC has pushed the attendees presenting to renew focus on children's safety and improved pedestrian, bike and connectivity to other systems of transit. We have succeeded in submitting our concerns, and BPSCAC input on numerous local issues related to the stations future design and connections. The D7 community funds were secured to improve pedestrian crosswalks at major transit and school intersections as one of my submitted ideas for improved safety and walkability in the area surrounding the station.

I look forward to continuing working on the important issues of housing, commercial improvement and connectivity between ocean ave and the mission corridor along with business, and economic opportunities to improve the BPS station and surrounding areas for the communities it serves. Our focus as a CAC can help drive the changes and discussion of what the Balboa Park Station and Balboa Reservoir, CCSF, and Upper Yards development can become as catalysts for growth and change in the future and how density and housing directly relate to transit planning and station improvements. Environmental issues and transit/housing are directly intertwined and this station is the cusp of the solutions that can come from a more integrated development approach to density and transformative urban planning that does not just focus on the individual sites but the whole of the urban planning endeavor..

I seek your support and approval for either of the seats noted (7,8,9) and believe I can help in any of these roles. If diversity is an issue (and we have discussed this as a CAC at meetings prior) I will gladly step down to allow more diversity on our panel, but currently will submit my application again for this committee due to my personal and professional interest in the districts development and change for the future.

Thank you for your consideration and support and I have cc'd your aides in case an appt. prior is requested.

Sincerely

Aaron Goodman (D11)
