

## LEGISLATIVE DIGEST

[Police, Administrative Codes - Entertainment-Related Permits]

**Ordinance amending the Police Code to clarify permit requirements and procedures, as well as to expand suspension, citation, and enforcement provisions regarding Entertainment Commission permits, including Place of Entertainment Permits, Limited Live Performance Permits, Temporary Place of Entertainment Permits, Temporary Limited Live Performance Permits, Extended-Hours Premises Permits, and Temporary Extended-Hours Premises Permits, and noise limits and standards; amending the Administrative Code to clarify fee setting and reporting procedures; and making environmental findings.**

### Existing Law

Under the Municipal Code, the Entertainment Commission is responsible for administering and enforcing the Police Code provisions regarding entertainment related permits. The Police Code, in turn, sets forth various entertainment permit definitions, requirements, and enforcement provisions as well as provisions concerning noise limits and standards. Under existing law, the Director of the Entertainment Commission has the authority to issue administrative citations for the violation of any permit condition and any violation of certain security plan conditions.

### Amendments to Current Law

The proposed Ordinance clarifies various definitions, permit requirements, and enforcement provisions. Specifically, the proposed ordinance clarifies that that a “Live Performance” includes “recorded music presented by a live disc jockey on the premises” and that the term “Security Guard” includes a Private Patrol Operator as defined under California Law. The proposed ordinance also expands the Limited Live Performance Permit category to include outdoor plazas, courtyards, or similar outdoor spaces.

The proposed Ordinance clarifies that in order to operate a Place of Entertainment between 2:00 a.m. and 6:00am, the permit holder must have both a Place of Entertainment Permit as well as an Extended-Hours Premises Permit. The proposed Ordinance also allows the Entertainment Commission to issue temporary permits to new owners whose permit applications are pending and who satisfy certain permit conditions.

In addition, the proposed Ordinance gives the Entertainment Commission and its Executive Director additional regulatory and enforcement powers by making clear that certain criminal, civil, and administrative penalties apply to the violation of any provision of Article 15.1, 15.2 or the excessive noise provisions of Article 29 and Police Code 49. The proposed Ordinance also allows the Director to suspend a permit for up to 15 days under certain conditions. The Ordinance amends Administrative Code Section 90.9 to clarify entertainment permit fee setting and reporting procedures. The Ordinance also deletes outdated Police Code language and corrects internal cross-references.
