Pier 1, The Embarcadero

San Francisco, CA 94111

Re: Transfer of Funds to the Port of San Francisco for the Mission Bay Ferry Landing

Dear Ms. Wallace,

The University of California, San Francisco (UCSF) is pleased to contribute \$4,000,000 to the Port of San Francisco (Port) for the construction of the Mission Bay Ferry Landing. We understand that the Port has secured the balance of project funding from other sources to cover the balance of the project costs.

This contribution is not intended to fulfill any requirement for development approvals. UCSF is voluntarily providing this contribution as part of our commitment to community investment in San Francisco's Dogpatch and Mission Bay neighborhoods. The University and the City recognize their interdependent relationship and share responsibility for providing a comprehensive, multimodal transportation network that supports campus operations and growth. UCSF's contribution to the Ferry Landing would support transportation improvements that directly benefit UCSF's employees, learners, and patients, as well as serve our neighbors in Mission Bay and Dogpatch.

The proposed Mission Bay Ferry would introduce a new water-access mode that does not currently exist, improving connectivity for UCSF's Mission Bay campus while also serving the broader City and improving regional mobility. The new ferry service also aligns with both UCSF and the City's sustainability

goals by encouraging shifts away from single-occupancy vehicle travel, reducing congestion, and supporting lower-emissions transportation.

We understand that the Board of Supervisors must pass an Accept and Expend Resolution to formally accept UCSF's contribution. By sending this letter, UCSF agrees to abide by the requirements of Section 67.29-6 of the City and County of San Francisco Administrative Code, regarding sources of outside funding. We also understand that the Port intends to award a contract for construction in 2026. If the contract is not awarded and construction does not begin within a year of this letter, we respectfully request that the Port return these funds to UCSF.

For additional information about UCSF's contribution to the Mission Bay Ferry Landing, please contact UCSF Senior Director of Local and State Government Relations, Amiee Alden at: [amiee.alden@ucsf.edu](mailto:amiee.alden@ucsf.edu).

Thank you.

Sincerely,

Signed by:
