Transportation Code Division I Article 6 Updates

Presentation to Land Use and Transportation
June 1, 2026
Chava Kronenberg, SFMTA

Division I Article 6

Defines procedures and rules for temporary street closures for people activities: block parties, markets, races, corporate events, and more

- Establishes the role and responsibilities of the Interdepartmental Staff Committee on Traffic and Transportation (ISCOTT)
- Sets rules and regulations for different types of street closures and associated approvals

Background

Duplicate of File 260294,
modifications for streamlined
ISCOTT permit issuance

Staff requested duplicate file
in order to address broader
issues related to Article 6

GOAL: Clean up Article 6 with structural-only changes to facilitate future updates and improvements to temporary street closure policy in alignment with Permit SF and other initiatives

Existing Issues

- Incoherent structure built over decades of various changes and additions
- Outdated references
- Antiquated code
- Generally illegible

The code structure has become a barrier for effective changes related to temporary street closures.

Legislative Changes

Overall restructuring to make the code functionally readable

Removing antiquated and unused code sections

Minor clarifications for readability; updating titles and references; fixing typos
