Hi Greg -

The UGM / XGM amounts are intended to cover the travel your staff incurred to get to Epic for those conferences and are based on the travel expenses you submitted.

Apologies for the delayed response. The emails showed up as encrypted and unopenable.

Hi Jacob,

Sorry to bother you again, our Controller's department was asking, are the gift funds only to be used to attend conferences, or can we at DPH determine the usage of the funds?

Sincerely,

Greg

Correct, we do not require any reporting of how the funds are used.

The names simply refer to the fact that they're being given under our Safety Net giving program. The 2025 Gift is simply cash to help you care for your needy patients better. The UGM or XGM designation reflect the fact that this our help for you to attend those conferences — with some people having registration fees and travel expenses reimbursed and any additional travelers having 50% of their registration fees refunded.

Hello all,

I apologize, our Controllers department wanted to confirm that the Safety Net and FQHC gifts do not need to be tracked, and do not require reporting to Epic. They also want to ask about the significance and usage of the various names of the gifts such as “2025 UGM Safety Net Gift” for \$12,710.44 and “2025 Safety Net Gift” for \$115,000. Can you advise?

Sincerely,

Greg

Greg,
I do not believe that this is for FQHCs. @Tim Thompson, could you review?

Greg,

We were able to track this down after a bit of sleuthing.

[@Tim Thompson](#) can be the person to review the unrestricted gift, I'm the right person for the FQHCs. Just let us know when you've finalized the forms!

Best,
Greg

Good afternoon, Jeff,

Thank you for sharing the spreadsheet with me. I've reviewed it and attached the updated file. I've added a column indicating the project number for each amount.

However, we identified two issues:

1. Under "General Gifting" we couldn't locate the \$25,000 and \$29,000 allocated to the Epic Gift. These amounts are not linked to a project. Greg will be creating a new project number for the most recent \$37,000 check#362529.
2. In your spreadsheet under the "BHS Project and Community Resource Directory", the check for 37,500 (\$19,000 + \$18,500) has been deposited under "Safety Net" project#10035431. A new project wasn't

created for these funds. Should this be corrected, or is it acceptable to leave it under the “Safety Net” Project?

Please find the attached spreadsheet. In the “FSP Reconciliation” tab, you’ll see the amounts and the projects they correspond to.

Looking forward for your feedback.

Lourdes.

Attached is where my knowledge of the \$25l and \$29k checks comes.

Deb is the Epic vendor account rep. I can reach out to her and the Epic accounting (zblair@epic.com) to see if they can locate more details about those two for us.

Hi Jeff,

Before proceeding with creating a new project and chartfield, I wanted to ask if you have a check number, or any other details related to the \$25,000 or \$29,000 checks.

I’m also continuing to review and search for all the checks we’ve received for Epic and their status. Please let me know if you have insights or clues that could help.
