Dear supervisors,

As a city resident, journalist, and activist for the past 30 years, I am deeply grateful to supervisors Aaron Peskin, Dean Preston, and Hillary Ronen for your many years of vital and dedicated and wise public service to our city and communities. Our city is so far better off for your terrific work—San Francisco is more affordable, accessible, diverse, sustainable, and equitable because of your years of work. Your commitment and service to our city will not be forgotten, and so many of us are so grateful for all of your hard work for us. Despite all the political attacks and naysaying, despite the reactionary "doom loop" narratives, we know you have created a better city for us all, prioritizing affordable housing, renters' rights and protections, economic equity, corporate accountability, and so much more.

Thank you for your service,
Christopher Cook
