PLANNING CODE AMENDMENT

The proposed Ordinance would amend the Planning Code by revising the Zoning Map to rezone Noe Valley Town Square, 3861–24th Street, Assessor's Block No. 6509, Lot No. 040 (Subject Property), from its current designation as 24th Street–Noe Valley Neighborhood Commercial District (NCD) and 40-X to Public (P) and Open Space (OS).

The Way It Is Now:

The Property located at 3861 – 24th Street, Assessor's Block No. 6509, Lot No. 040 is currently zoned 24th Street–Noe Valley Neighborhood Commercial District (NCD) and 40-X Height and Bulk District. It is being used as a parking lot and weekly farmer's market.

The Way It Would Be:

The Property located at 3861 – 24th Street, Assessor's Block No. 6509, Lot No. 040 would be zoned Public (P) and Open Space (OS) Height and Bulk District. The proposed use is public open space and a weekly farmer's market.

BACKGROUND

In the summer of 2010 the Noe Valley Ministry, owners of the Subject Property at the time, announced their intent to sell the lot. In response, the Residents for Noe Valley Town Square, a 501(c)(3), under fiscal sponsorship of the San Francisco Parks Alliance, formed to advocate for public acquisition of the Property and subsequent conversion from parking lot to public open space. Residents for Noe Valley Town Square worked closely with the Park and Rec Open Space Advisory Committee (PROSAC) to have the Property acquired by the Recreation and Parks Department (RPD). By January 2013 the Property was added to the RPD acquisition roster and the community had raised \$470,000 towards the acquisition.

In June 2013 the Board of Supervisor passed a Resolution No. 171-13 authorizing the acquisition of the Property for park purposes. The Noe Valley Town Square Project (Project) was awarded a Land and Water Conservation Fund Grant from the State of California Department of Parks and Recreation (Board Resolution No. 212-15) in June 2015, a California Natural Resources Agency Grant (Board Resolution No.

512-15) in December 2015 and a San Francisco Parks Alliance Grant (Board Resolution No. 524-15) in December 2015.

ISSUES AND CONSIDERATIONS

Funding Source and Timeline

The Land and Water Conservation Fund Grant stipulates that the parcel may only be used for public outdoor recreation and the San Francisco Parks Alliance Grant requires that park construction be completed by October 2016. In order to ensure that appropriate timelines and funding obligations are met, the Recreation and Parks Department is pursuing permitting under the current zoning while simultaneously pursuing rezoning; therefore, RPD has filed building permits to begin construction on the Project and change the use from Parking Lot to Other Institution, Large – Assembly. A Variance from Planning Code Section 134 is also required under the current zoning designation and is currently under review by the Planning Department.

Open Space Needs

The Recreation and Open Space Element (ROSE) of the General Plan shows the Property within the general vicinity of a “High Needs Area” and specifically within an area that does not meet the quarter mile to a playground walkability standard. These high needs areas are defined as places with low access to open space, a conglomeration of high density, high percentage of children, youth and seniors and low income households (General Plan Policy 2.1). General Plan Policy 2.1 prioritizes the acquisition of open spaces in high needs areas. The ROSE further identifies a need to engage communities in the stewardship of their recreation programs and open spaces (Objective 5). Communities should be engaged in the design, programming and improvement of their local open spaces (Policy 5.1) and the development of community-initiated or supported open spaces should be supported (Policy 5.3). The proposed Ordinance is the result of long time community efforts to convert a parking lot into public open space. While the acquisition of the Property is complete, the proposed Ordinance fulfills the express purpose of the acquisition of the parcel for park purposes and fulfills funding obligations to ensure that the Property is a public open space in perpetuity.

REQUIRED COMMISSION ACTION

The proposed Ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission recommend *approval* of the proposed Ordinance and adopt the attached Draft Resolution to that effect.

BASIS FOR RECOMMENDATION

The Department supports rezoning 3861-24th Street to Public and Open Space because it will allow for the creation of new public open space in accordance with the acquisition purpose, funding obligations and General Plan. The property was acquired for park purposes and the proposed rezoning will ensure that the lot is used for park purposes, as the Public and Open Space designations apply to land that is owned by a governmental agency and in some form of public use, including open space. Open Space Districts are intended to indicate a principal or exclusive purpose of open space, with future development of any character strictly limited. The property is also in the general vicinity of a high needs area and specifically

in an area below the walkability standard for a playground. The park project is community driven and represents broad community input from funding and acquisition to design and programming.

ENVIRONMENTAL REVIEW

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

PUBLIC COMMENT

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.
