19 Section 1. Environmental Finding.

20 The Planning Department has determined that the actions contemplated in this
21 ordinance comply with the California Environmental Quality Act (California Public Resources
22 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
23 Supervisors in File No. ____ and is incorporated herein by reference. The Board affirms this
24 determination.

25

Section 2. General Findings.

1 (a) The California Environmental Quality Act (California Public Resources Code
2 Sections 21000 et seq., “CEQA”) and the guidelines for its implementation (California Code of
3 Regulations Title 14, Chapter 3, Sections 15000 et seq., “Guidelines”) mandate that public
4 agencies consider the environmental impacts of their projects and adopt feasible mitigation
5 measures and/or alternatives to address any significant impacts.

6 (b) CEQA mandates that public agencies with the primary responsibility for carrying
7 out or approving a project which may have significant impacts on the environment, known as
8 lead agencies, adopt procedures to implement CEQA. Such procedures must be consistent
9 with CEQA.

10 (c) The Board of Supervisors adopted procedures for the local implementation of
11 CEQA in Chapter 31 of the Administrative Code. The Board delegated authority to the
12 Planning Department, and specifically the Environmental Review Officer, to undertake CEQA
13 review for the City, as one lead agency.

14 (d) Chapter 31 has been amended from time to time to reflect changes in CEQA
15 statutory and case law.

16 (e) In 2023, the Legislature passed Assembly Bill 1633 (A.B. 1633). AB 1633
17 amended the Housing Accountability Act (Government Code Section 65589.5) to include in
18 the definition of “disapproval” a jurisdiction’s failure to complete CEQA review within certain
19 time frames, under specified circumstances.

20 (f) In 2023, the Board of Supervisors adopted the 2022 Housing Element, which
21 includes Action 8.5.6. The action requires the City to identify, within its local CEQA
22 procedures, any requirements that go beyond the CEQA statute and state guidelines, and to
23 amend Chapter 31 to modify or eliminate the identified requirements while continuing to
24 satisfy CEQA.

25 (g) In 2023, the California Department of Housing and Community Development

1 issued its San Francisco Housing Policy and Practice Review, which identifies concerns with
2 San Francisco’s CEQA practice and sets out required actions. Required Action 2.2 compels
3 the City to eliminate additional requirements for supplemental studies not required by CEQA,
4 such as shadow studies.

5 (h) In 2025, the Legislature passed Senate Bill 131 (S.B. 131), which notes that while
6 CEQA “provides communities across California with important safeguards against projects like
7 fossil fuel plants and warehouses that have caused real environmental harm to residents of
8 the state,” at the same time “too often it has resulted in delays to essential projects that are
9 key to solving the state’s housing crisis and to strategic development that is necessary to
10 maintain California’s position as the fourth largest economy in the world.” The law admonishes
11 that CEQA should not be used to delay a project for reasons unrelated to environmental
12 protection.

13 (i) On _____, the Planning Commission adopted Resolution No. _____, finding that
14 shadow is not a physical environmental effect under CEQA because its impacts are
15 subjective, variable, dependent on personal preference and the weather, and can have both
16 positive and negative health implications. It is the intent of the Boad of Supervisors to amend
17 Chapter 31 to remove shadow as a topic to be considered in local CEQA review. Proposition
18 K, the Sunlight Ordinance, as implemented through Planning Code Section 295, will continue
19 to protect sunlight on Recreation and Parks Department properties by ensuring that new
20 construction does not adversely affect public open spaces.

21 (j) It is the intent of the Boad of Supervisors to amend Chapter 31 to reflect the
22 timelines imposed by A.B. 1633 and simplify local compliance with CEQA in accordance with
23 state mandates and guidance, while maintaining opportunities for robust public participation
24 and upholding the City’s commitment to a safe and healthy environment.

25 Section 3. Chapter 31 of the Administrative Code is hereby amended by revising

1 sections 31.02, 31.03, 31.04, 31.05, 31.07, 31.08, 31.09, 31.10, 31.11, 31.12, 31.13, 31.14,
2 31.15, and 31.16; deleting section 31.19; and renumbering sections (new number underlined)
3 31.20 (31.19), 31.21 (31.20), 31.22 (31.21), 31.23 (31.22), and 31.24 (31.23), to read as

17
18 **SEC. 31.03. SCOPE OF REQUIREMENTS.**

17 in hard copy form, or an organization or individual requests notice in hard copy form, a City
18 official may provide any mailed notice required by this Chapter using electronic mail
19 transmission whenever an organization or individual provides an email address to the City
20 official; provided that any notices required by this Chapter shall be provided by mail in hard
21 copy form to any organizations or individuals who have requested such notice in writing prior
22 to the effective date of this provision unless such organizations or individuals affirmatively
23 request electronic notification as provided below. The Planning Department may request that such
24 organizations or individuals confirm, from time to time, their desire to remain on the list to receive
25 mailed notices in hard copy form, and may update the list accordingly, including removing recipients

1 that have not confirmed their desire to remain on the list.

2 (2) **Electronic Notifications.** The Environmental Review Officer shall

7 ~~receive electronic mail regarding all CEQA notifications or all CEQA notifications for: (i) a specific~~

10 ~~Register of Historic Places; (iv) exemption determinations; (v) negative declarations; and (vi)~~
11 ~~environmental impact reports. The Environmental Review Officer shall implement the electronic~~
12 ~~notification system within three months of the operative date of the ordinance enacting this provision of~~
13 ~~Chapter 31. In the event the system is not operable within such period, the Planning Department shall~~
14 ~~provide monthly status reports to the Board of Supervisors on the progress the Planning Department~~
15 ~~has made in implementing the electronic notification system.~~

16 (h) **Definitions.**

17 “Administrative Regulation” means a rule or regulation of general application adopted by the
18 Planning Commission to implement or interpret CEQA or this Chapter 31. The term does not include
19 necessary forms, checklists, or processing guidelines prepared or issued by the Environmental Review
20 Officer to administer CEQA.

21 “Approval Action” means:

22 (1) For a private project seeking an entitlement from the City and determined to
23 be exempt from CEQA:

24 (A) The first approval of the project in reliance on the exemption by the
25 ~~City~~ Planning Commission following a noticed public hearing, including, without limitation, a

1 discretionary review hearing as provided for in Planning Code Section 311 ~~or Section 312~~, or, if
2 no such hearing is required, either:

3 (B) The first approval of the project in reliance on the exemption by
4 another City commission, board or official following a noticed public hearing granting an
5 Entitlement of Use for the Whole of the Project; or

6 (C) The issuance of: ~~(i) the~~ a Building Permit; (ii) a Planning Department
7 Approval Letter; or (iii) another Entitlement of Use for the Whole of the Project in reliance on
8 the exemption without a noticed public hearing.

11 City decision-making body at a noticed public hearing; or

12 (B) If approved without a noticed public hearing, the decision by a City

23 permits issued pursuant to the Port Building Standards Codes.

24 “Date of the Approval Action” means the date the City takes the action on the project
25 that is defined as the “Approval Action,” regardless of whether the Approval Action is subject

1 to an administrative appeal.

2 “Entitlement of Use for the Whole of the Project” means an entitlement that authorizes
3 the project applicant to carry out the project as described in the CEQA ~~decision~~ determination
4 for the project. Incidental permits needed to complete a project, such as a tree removal permit

20 ~~supplemental shall hold public hearings ~~on draft environmental impact reports, in addition to, and not~~~~
21 ~~in lieu of, the hearing held by the Planning Commission as set forth in section 31.14 of this Chapter,~~
22 ~~and shall report to, and make all such testimony available to, the Planning Commission at a public~~

1 the Environmental Review Officer's powers, as may be necessary to assure compliance with this
2 Chapter 31 by persons, and officials, boards, commissions, departments or agencies outside
3 the Planning Department, and shall periodically review the effectiveness and workability of the
4 provisions of this Chapter 31 and recommend any refinements or changes that he or she may
5 deem appropriate for improvement of such provisions.

6 * * * *

8 Officer's responsibilities to an employee of the Office of Environmental Review. All references
9 herein to the Environmental Review Officer shall be deemed to include the Environmental
10 Review Officer's delegate.

11 (l) The Environmental Review Officer shall process applications for environmental
12 review in accordance with the requirements for equal treatment of permit applicants, unless
13 there is a written finding of a public policy basis for not doing so, as set forth in Campaign and
14 Governmental Conduct Code Section 3.400 and the written guidelines adopted by the
15 Planning Department as required by Section 3.400. ~~For purposes of Section 3.400, this Section of~~
16 ~~Chapter 31 and any corresponding written guidelines of the Planning Department, the Board finds that~~
17 ~~expediting environmental review out of order, on a priority basis for the purpose of expediting permit~~
18 ~~processing shall qualify as a public policy basis for projects consisting of: (1) publicly funded~~
19 ~~affordable housing projects that provide new affordable housing in 100 percent of the on-site dwelling~~
20 ~~units (where such units are rented or sold at the economic levels defined in Planning Code Section~~
21 ~~415); and (2) bicycle and pedestrian projects that are designed primarily to address public safety~~
22 ~~issues. When an application for environmental review for any project within one of the categories listed~~
23 ~~above is submitted to the Planning Department, the Environmental Review Officer shall, throughout all~~
24 ~~stages of the environmental review process, give precedence to all submittals associated with such~~
25 ~~project over other projects. The Planning Department also shall provide a written preliminary~~

1 ~~assessment of the eligibility of such projects for an exemption within 60 days of submittal of a complete~~
2 ~~Preliminary Project Assessment or equivalent application to the Planning Department. As part of the~~
3 ~~assessment, the Planning Department shall identify as feasible, based on the content of the submittal,~~
4 ~~the issues that may affect the type and schedule of the environmental review and the process for~~
5 ~~analysis of such issues.~~

11 ~~a program-level environmental document or reviewing a new proposed approval for an already~~
12 ~~approved project, including mitigation measures adopted by the Planning Commission or the Board of~~
13 ~~Supervisors, without requiring a new approval from those bodies. The Environmental Review Officer~~
14 ~~may do so if the updated measures would be equally effective as the adopted measures, the change~~
15 ~~would not create new significant impacts or substantially increase the severity of already identified~~
16 ~~significant impacts, and the decision is supported by substantial evidence.~~

18 **ARTICLE II: PROJECTS COVERED**

19 * * * *

20
21 **SEC. 31.07. LISTING OF NON-PHYSICAL AND MINISTERIAL PROJECTS.**

22 (a) The Environmental Review Officer shall maintain a listing of types of nonphysical
23 and ministerial projects excluded from CEQA. Such listing shall be modified over time as the
24 status of types of projects may change under applicable laws, ordinances, rules and
25 regulations. The listing shall not be considered ~~totally inclusive~~ exhaustive, and may at times

1 require refinement or interpretation on a case-by-case basis. ~~When the Environmental Review~~
2 ~~Officer proposes to modify such listing, notice shall be provided on the Planning Commission agenda~~
3 ~~prior to such modification. Any person who may consider any modification to be incorrect may appeal~~
4 ~~such modification to the Planning Commission within twenty (20) days of the date of the Planning~~
5 ~~Commission agenda on which notice of such modification was posted. The Planning Commission may~~
6 ~~affirm, modify or disapprove such modification, and the decision of the Planning Commission shall be~~
7 ~~final.~~

8 (b) Such listing of excluded projects and modifications thereto shall be kept posted
9 ~~on the Planning Department's website. in the offices of the Planning Department, and copies thereof~~
10 ~~shall be sent to the Board of Supervisors and all other affected boards, commissions and departments~~
11 ~~of the City.~~

13 **SEC. 31.08. EXEMPTIONS.**

14 (a) CEQA provides that certain projects are exempt from CEQA because: the project
15 is exempt by statute ("statutory exemption"); the project is in a class of projects that generally
16 do not have a significant effect on the environment ("categorical exemption"); CEQA
17 streamlining procedures allow reliance on a prior environmental document prepared on a
18 zoning or planning level decision, for example, as provided in community plan areas and for
19 specified urban infill projects (~~"community plan exemption"~~ "General Plan Evaluation"), except as
20 might be necessary to examine whether there are project-specific significant effects, which
21 are peculiar to the project or its site; or the activity is covered under the general rule that
22 CEQA applies only to projects that have the potential for causing a significant effect on the
23 environment, thus, where it can be seen with certainty that there is no possibility that the
24 activity in question may have a significant effect on the environment, the activity is not subject
25 to CEQA (~~"general rule exclusion"~~ "common sense exemption"). Unless otherwise specifically

1 stated, reference in this Chapter 31 to “exemptions” or “exempt from CEQA” or an “exemption
2 determination” shall collectively refer to statutory exemptions, categorical exemptions, General
3 Plan Evaluations, or common sense exemptions ~~community plan exemptions and general rule~~
4 ~~exclusions.~~

5 (b) For categorical exemptions:

6 (1) Each public agency must list the specific activities that fall within each such
7 class, subject to the qualification that these lists must be consistent with both the letter and
8 the intent of the classes set forth in CEQA.

9 (2) The Environmental Review Officer shall maintain the required list of the
10 types of projects which are categorically exempt, and shall post it ~~in the offices of the Planning~~
11 ~~Department and~~ on the Planning Department website and shall provide it to all City
12 departments. Such list shall be kept up to date in accordance with any changes in CEQA and
13 any changes in the status types of local projects that are categorically exempt. ~~The initial list and~~
14 ~~any additions, deletions and modifications thereto shall be adopted as administrative regulations by~~
15 ~~resolution of the Planning Commission after public hearing, according to the procedure set forth in~~
16 ~~Section 31.04(e) of this Chapter.~~

17 (3) ~~CEQA allows public agencies to request that the Secretary of the Resources Agency~~
18 ~~make additions, deletions and modifications to the classes of projects listed as categorically exempt in~~
19 ~~CEQA. The Planning Commission shall make any such requests, after a public hearing thereon held~~
20 ~~according to the procedure specified in Section 31.04(e) of this Chapter for adoption of administrative~~
21 ~~regulations.~~

22 (c) The Environmental Review Officer may create necessary forms, checklists and
23 processing guidelines to aid the Planning Department and other departments in determining
24 whether a project may be exempt in accordance with the letter and the intent expressed in
25 CEQA and with the administrative regulations adopted by the Planning Commission.

1 (d) The Environmental Review Officer shall advise other departments of the
2 requirements of CEQA for determining whether a project is exempt from environmental
3 review. The Environmental Review Officer may delegate the determination whether a project
4 is exempt from CEQA to other departments, provided that other departments shall consult
5 with the Environmental Review Officer regarding the application of exemptions. Further, at the
6 time of each exemption determination, such other departments shall inform the Environmental
7 Review Officer and provide to the Environmental Review Officer a copy of the exemption
8 determination ~~containing the information specified in Section 31.08(e) of this Chapter 31.~~ The
9 Environmental Review Officer shall be responsible for all determinations so delegated to other
10 departments. When the Planning Department or other City department determines that a
11 project is exempt from CEQA, the issuance of the exemption determination shall be
12 considered an exemption determination by the Planning Department. The Environmental
13 Review Officer shall post on its website the same information about exemption determinations
14 issued by other departments as it provides for exemption determinations issued by the
15 Planning Department.

16 (e) When the Environmental Review Officer, or any other department to which the
17 Environmental Review Officer has delegated responsibility pursuant to Section 31.08(d)
18 above, has determined that a project is exempt from CEQA, ~~the following provisions they shall~~
19 post the exemption on the Planning Department's website. apply:

20 ~~(1) Posting Exemptions Determinations.~~

21 ~~(A) For all exemptions determinations, the Environmental Review Officer shall~~
22 ~~post on the Planning Department website the following information about each exemption~~
23 ~~determination: (1) a project description in sufficient detail to convey the location, size, nature and~~
24 ~~other pertinent aspects of the scope of the proposed project as necessary to explain the applicability of~~
25 ~~the exemption; (2) the type or class of exemption determination applicable to the project; (3) other~~

1 ~~information, if any, supporting the exemption determination; (4) the Approval Action for the project, as~~
2 ~~defined in Section 31.04(h); and (5) the date of the exemption determination.~~

3 ~~(B) For projects that involve the issuance of multiple discretionary permits or~~
4 ~~other project approvals, in addition to the requirements of Section 31.08(e)(1)(A), the Environmental~~
5 ~~Review Officer shall describe and evaluate the whole of the project that will result from all~~
6 ~~discretionary approvals and identify any additional discretionary approvals required other than the~~
7 ~~Approval Action that are known to the Environmental Review Officer at the time of the issuance of the~~
8 ~~exemption determination, and post this information on the Planning Department website.~~

9 ~~(2) The Environmental Review Officer may issue a Certificate of Exemption from~~
10 ~~Environmental Review by preparing a written exemption determination containing the information in~~
11 ~~Section 31.08(e)(1), and by posting a copy in the offices of the Planning Department and on the~~
12 ~~Planning Department website, and by mailing copies to the applicant, the board(s), commission(s) or~~
13 ~~department(s) that will carry out or approve the project, and to any organizations and individuals who~~
14 ~~previously have requested such notice in writing.~~

15 ~~(32) The Environmental Review Officer shall prepare a Certificate of Exemption from~~
16 ~~Environmental Review or comparable written exemption determination and provide notice to the public~~
17 ~~as provided for in Section 31.08(e)(2) for all projects involving: (A) any historical resources, defined as~~
18 ~~any buildings and sites listed individually or located within districts (i) listed in Planning Code Articles~~
19 ~~10 or 11, on an historic resource survey that has been adopted or officially recognized by the City, on~~
20 ~~the California Register or determined eligible for listing on the California Register by the State~~
21 ~~Historical Resources Commission, including, without limitation, any location listed on or determined~~
22 ~~eligible for the National Register of Historic Places, or (ii) a resource that the Environmental Review~~
23 ~~Officer determines, based on substantial evidence, to be a historical resource under Public Resources~~
24 ~~Code Section 5024.1; (B) any Class 31 categorical exemption; (C) any demolition as defined in~~
25 ~~Planning Code Section 317 or in Planning Code Section 1005(f) of an existing structure; (D) any Class~~

1 ~~32 categorical exemption; or (E) any community plan exemption.~~

2 (f) **Informing the Public of the Approval Action for a Project as Part of Public**
3 **Hearing Notice.**

4 (1) When the Planning Department or other City department provides notice of
5 a public hearing on the Approval Action for a project that it has determined to be exempt from
6 CEQA, the notice shall:

7 (A) Inform the public of the exemption determination and how the public
8 may obtain a copy of the exemption-determination;

9 (B) Inform the public of its appeal rights to the Board of Supervisors with
10 respect to the CEQA exemption determination following the Approval Action and within the
11 time frame specified in Section 31.16 of this Chapter; and

12 (C) Inform the public that under CEQA, in a later court challenge a
13 litigant may be limited to raising only those issues previously raised at a hearing on the project
14 or in written correspondence delivered to the Board of Supervisors, Planning Commission,
15 Planning Department or other City board, commission or department at, or prior to, such
16 hearing, or as part of the appeal hearing process, if any, on the CEQA decision.

17 (2) Additionally, when the Planning Department provides a notice under
18 Planning Code Section 311 ~~or Section 312~~ of the opportunity to request a discretionary review
19 hearing before the Planning Commission on a Building Permit application, the notice shall:

20 (A) Contain the information required by this Section 31.08(f) in addition
21 to any notice requirements in the Planning Code;

22 (B) Inform the notification group that if a discretionary review hearing is
23 requested before the Planning Commission, the Approval Action for the project under this
24 Chapter 31 will occur upon the Planning Commission's approval of the Building Permit
25 application, if such approval is granted; and

1 (C) Inform the notification group that if a discretionary review hearing is
2 not requested, the Approval Action for the project will occur upon the issuance of a Building
3 Permit by the Department of Building Inspection, if such permit is granted. The notice also
4 shall advise the notification group of how to request information about the issuance of the
5 Building Permit.

6 (g) A City board, commission, department, or official that grants the Approval Action
7 for a project of the type defined in Section 31.16(e)(2)(B) of this Chapter, which Approval
8 Action is taken without a noticed public hearing as provided for in Section 31.08(f) of this
9 Chapter, shall thereafter arrange for the Planning Department to post on the Planning
10 Department's website a written decision or written notice of the Approval Action for the project
11 that informs the public of the first date of posting on the website and advises the public that
12 the exemption determination may be appealed to the Board of Supervisors as provided in
13 Section 31.16(e)(2)(B) of this Chapter within 30 days after the first date of posting of the
14 notice.

15 ~~(h) **Filing Notice of Exemption.** After the City has decided to carry out or approve the project
16 and the project is considered finally approved as provided for in Section 31.16(b)(11), in accordance
17 with CEQA procedures, the Environmental Review Officer may file a notice of exemption with the
18 county clerk in the county or counties in which the project is to be located. The Planning Department
19 shall also post a copy of the notice of exemption in the offices of the Planning Department and on the
20 Planning Department website, and mail a copy of the notice of exemption to any organizations and
21 individuals who previously have requested such notice in writing.~~

22 ~~(i) **Modification of Exempt Project.**~~

23 ~~(1) Where a change occurs to a project that the Environmental Review Officer has
24 determined to be exempt, prior to any subsequent approval actions, the Environmental Review Officer
25 shall determine whether the change is a substantial modification that requires reevaluation as provided~~

1 ~~for in Section 31.19(b) of this Chapter 31. A substantial modification of an exempt project requiring~~
2 ~~reevaluation under Section 31.19(b) shall mean either:~~

3 ~~(A) A change in the project as described in the original application upon which~~
4 ~~the Environmental Review Officer based the exemption determination, or in the exemption~~
5 ~~determination posted on the Planning Department website at the time of issuance, which would~~
6 ~~constitute an expansion or intensification of the project as defined in the Planning Code. An expansion~~
7 ~~or intensification of the project as defined in the Planning Code includes, but is not limited to: (A) a~~
8 ~~change that would expand the building envelope or change the use that would require public notice~~
9 ~~under Planning Code Sections 311 or 312, or (B) a change in the project that would constitute a~~
10 ~~demolition under Planning Code Sections 317 or 1005(f).~~

11 ~~(B) New information or evidence of substantial importance presented to the~~
12 ~~Environmental Review Officer that was not known and could not have been known with the exercise of~~
13 ~~reasonable diligence at the time the Environmental Review Officer issued the exemption determination~~
14 ~~that shows the project no longer qualifies for the exemption.~~

15 ~~(2) When the Environmental Review Officer determines that a change in a project is a~~
16 ~~substantial modification, the Environmental Review Officer shall make a new CEQA decision as~~
17 ~~provided for under Section 31.19(b) of this Chapter 31. The Planning Department will require payment~~
18 ~~of fees as defined in the Department's fee schedule for the applicable type of environmental review.~~
19 ~~When the Planning Commission or Planning Department renders a new CEQA decision for a project~~
20 ~~after the Approval Action, as provided for in Section 31.19(b), and the City takes a new Approval~~
21 ~~Action for the project in reliance on the new CEQA decision, the new CEQA decision may be appealed~~
22 ~~in accordance with the provisions of Section 31.16 of this Chapter, as to those issues associated with~~
23 ~~the project changes since the original exemption determination.~~

24 ~~(3) When the Environmental Review Officer determines that a change in an exempt~~
25 ~~project is not a substantial modification, the Environmental Review Officer shall post a notice of the~~

1 *determination in the offices of the Planning Department and on the Planning Department website and*
2 *mail such notice to the applicant, board(s), commission(s) or department(s) that will carry out or*
3 *approve the project, and to any organizations and individuals who previously have requested such*
4 *notice in writing.*

5 ***(j) Appeal of a Determination That Change in Exempt Project Is Not a Substantial***
6 ***Modification.***

7 *(1) Within 10 days of the posting of the notice of a determination that a change in an*
8 *exempt project is not a substantial modification as defined in 31.08(i), an appeal may be filed with the*
9 *Environmental Review Officer, who is provided for in Section 31.05, including subsection (k),*
10 *requesting that the Environmental Review Officer reverse the determination and render a new CEQA*
11 *decision for the project. Such an appeal is not an appeal of a CEQA decision under the California*
12 *Environmental Quality Act and shall not delay or suspend any permit approval or other discretionary*
13 *approval authorizing the change in the project, or suspend any construction activity.*

14 *(2) If such an appeal is filed when a regularly scheduled meeting of the Planning*
15 *Commission will be held within 20 days of the filing of the appeal, the Environmental Review Officer*
16 *shall hold a noticed public hearing on the day of a Planning Commission meeting held within such 20-*
17 *day period, unless the period between the filing of the appeal and the Planning Commission meeting is*
18 *insufficient to notice the public hearing. If no Planning Commission meeting is held within the 20-day*
19 *period, or the period between the filing of appeal and the Planning Commission meeting within 20 days*
20 *of the appeal is insufficient to notice the public hearing, the hearing shall take place on the day of one*
21 *of the next two regularly scheduled Planning Commission meetings after such 20-day period.*

22 *(3) At the public hearing, the Environmental Review Officer shall reconsider the prior*
23 *determination in light of all information provided by all parties present, including any project sponsor,*
24 *as well as written information submitted at or before the public hearing.*

25 *(4) If after such reconsideration, the Environmental Review Officer determines that the*

1 ~~original determination was in error, the Environmental Review Officer shall render a new CEQA~~
2 ~~decision for the project in accordance with the requirements of CEQA and this Chapter 31. Any prior~~
3 ~~permit approval or other discretionary approval authorizing the change in the project shall be~~
4 ~~suspended by the decision maker who approved the project until the Environmental Review Officer~~
5 ~~issues a new CEQA decision. If the Environmental Review Officer determines that the project as~~
6 ~~modified is exempt from CEQA and makes a new exemption determination in accordance with this~~
7 ~~Chapter 31, any suspended approval shall be reinstated and valid as of the date of the original~~
8 ~~approval. However, if the Environmental Review Officer identifies a suspended approval as the~~
9 ~~Approval Action for the modified project, the date of the Approval Action for the modified project, for~~
10 ~~purposes of this Chapter 31 only, shall be the date the approval is reinstated. If the Environmental~~
11 ~~Review Officer determines that the modified project is not exempt, and an initial study is required, any~~
12 ~~prior approval for the modified project shall be void.~~

13 ~~(5) If after such reconsideration, the Environmental Review Officer determines that the~~
14 ~~original decision was not in error, the original determination of the Environmental Review Officer~~
15 ~~shall be final and no further appeal to any body of the City and County of San Francisco of the~~
16 ~~determination that the change in the project is not a substantial modification shall be granted,~~
17 ~~including without limitation, the Board of Appeals.~~

18 ~~(6) The Environmental Review Officer shall issue a written decision on the appeal~~
19 ~~within 14 days of the public hearing, and an oral report of the decision shall be provided to the~~
20 ~~Planning Commission at the next possible meeting after such decision.~~

21 ~~(7) To the extent feasible, and subject to the budgetary and fiscal provisions of the~~
22 ~~Charter, such hearing shall be video-recorded and broadcast by the official television channel of the~~
23 ~~City and County of San Francisco. At a minimum, such hearing shall be video-recorded and made~~
24 ~~available on the website of the City and County of San Francisco.~~

25 ~~(8) The Planning Department may adopt additional procedures for such appeals.~~

ARTICLE III: EVALUATIONS

SEC. 31.09. DETERMINATION OF NEED FOR EVALUATION.

Upon receiving ~~an environmental evaluation~~ a project application ~~for a project~~; upon referral of a project by the board, commission or department that is to carry out or approve the project; or through such other process for rendering an exemption determination as the Environmental Review Officer shall authorize, the Environmental Review Officer shall determine whether such project is exempt from environmental review. For projects that are exempt from CEQA, the Environmental Review Officer shall determine whether such project is exempt within 30 days of receiving a complete project application. For all projects that are not exempt from CEQA, prior to the City’s decision as to whether to carry out or approve the project, the Environmental Review Officer shall conduct an initial study to establish whether a negative declaration or an environmental impact report is required. In the event it is clear at the outset that an environmental impact report is required, the Environmental Review Officer may make an immediate determination and dispense with the initial study.

SEC. 31.10. INITIAL EVALUATION OF PROJECTS.

(a) Each ~~environmental evaluation~~ project application or referral shall include a project description using as its base the environmental information form set forth as Appendix H of the CEQA Guidelines, which form shall be supplemented to require additional data and information applicable to a project’s effects, ~~including consistency with the environmental issues included in the Eight Priority Policies set forth in Section 101.1 of the Planning Code and incorporated into the General Plan; shadow impacts, including the analysis set forth in Planning Code Section 295; and such other data and information specific to the urban environment of San Francisco or to the~~

1 ~~specific project.~~ Each *environmental evaluation project* application or referral shall be certified as
2 true and correct by the applicant or referring board, commission, or department. Each initial
3 study shall include an identification of the environmental effects of a project using as its base
4 the environmental checklist form set forth in Appendix G of the CEQA Guidelines and
5 addressing each of the questions from the checklist form that are relevant to a project's
6 environmental effects; provided that the checklist form ~~shall~~may be supplemented to address
7 additional environmental effects; ~~including consistency with the environmental issues included in the~~
8 ~~Eight Priority Policies set forth in Section 101.1 of the Planning Code and incorporated into the~~
9 ~~General Plan, shadow impacts, including the analysis set forth in Planning Code Section 295, and such~~
10 ~~other environmental effects~~ specific to the urban environment of San Francisco or to the specific
11 project.

9 ~~of all exterior boundaries of such area, and by mail to all organizations and individuals who have~~
10 ~~previously requested such notice in writing, sufficiently prior to adoption of the negative declaration to~~
11 ~~allow the public and agencies a review period of not less than 20 days, or 30 days if a 30-day~~
12 ~~circulation period is required by CEQA. In the case of City-sponsored projects that involve rezonings,~~
13 ~~Area Plans or General Plan amendments and are either citywide in scope or the total area of land that~~
14 ~~is part of the project, excluding the area of public streets and alleys, is 20 acres or more, the~~

21 ~~newspaper of largest circulation from among the newspapers of general circulation in those areas.~~

22 (d) The notice of intent shall specify the period during which comments are to be

6 ~~information as required by CEQA.~~

7 ~~(e) Within 20 days, or 30 days if required by CEQA, following the publication of the notice of~~
8 ~~intent, any person may appeal the proposed negative declaration to the Planning Commission,~~
9 ~~specifying the grounds for such appeal, or submit comments on the proposed negative declaration.~~

10 ~~(f) The Planning Commission shall schedule a public hearing on any such appeal within not~~
11 ~~less than 14 nor more than 30 days after the close of the appeal period. Notice of such hearing shall be~~

18 ~~declaration if it finds that the project could not have a significant effect on the environment, may refer~~
19 ~~the proposed negative declaration back to the Planning Department for specified revisions, or shall~~
20 ~~overrule the proposed negative declaration and order preparation of an environmental impact report if~~
21 ~~it finds substantial evidence to support a fair argument that the project may have a significant effect on~~
22 ~~the environment.~~

23 (e) Members of the public, and responsible and trustee agencies shall have 20 days, or 30 days
24 if required by CEQA, to review and submit comments on the proposed negative declaration. The
25 Environmental Review Officer may revise the proposed negative declaration to incorporate information

1 submitted in the comments, provided, however, that the revisions do not constitute a substantial
2 revision, as defined in CEQA Guideline section 15073.5. The Environmental Review Officer shall keep
3 a complete administrative record of proceedings in each case in which a negative declaration is
4 prepared.

5 (hf) ~~If the proposed negative declaration is not appealed as provided herein, or if it is affirmed~~
6 ~~on appeal, the negative declaration shall be considered final, subject to any necessary modifications.~~
7 ~~Thereafter, the~~The first City decision-making body to act on approval of the project shall review
8 and consider the information contained in the ~~final~~ negative declaration, together with any

18 (ig) At the time the City adopts a mitigated negative declaration, the decision-making
19 body shall also adopt a program for reporting on or monitoring the mitigation measures for the
20 project that it has either required or made a condition of approval to mitigate or avoid
21 significant environmental effects.

22 (jh) After the City has decided to carry out or approve the project and the project is

24 procedures, and upon the payment of required fees by the project sponsor, the Environmental
25 Review Officer shall file a notice of determination with the county clerk in the county or

1 counties in which the project is to be located. If required by CEQA, the notice of determination
2 shall also be filed with the California Office of ~~Planning and Research~~ Land Use and Climate
3 Innovation. When the Environmental Review Officer files a notice of determination with the
4 county clerk or the California Office of ~~Planning and Research~~ Land Use and Climate Innovation or

24 * * * *

25 (b) The applicant or the board, commission or department that is to carry out or

1 approve the project shall submit to the Environmental Review Officer such data and
2 information as may be necessary to prepare the draft EIR. If such data and information are
3 not submitted, the Environmental Review Officer may suspend work on the draft EIR. ~~The data~~

2 negative declaration by the first decision-making body; and (3) determination by the Planning
3 Department or any other authorized City department that a project is exempt from CEQA;
4 provided, however, that when the Board is the first decision-making body for the project, no
5 administrative appeals are permitted under this Chapter.

18 support of the appeal to the Environmental Review Officer at the time appellant submits the
19 letter of appeal to the Clerk of the Board. The submission to the Environmental Review Officer
20 may be made by electronic means. An appeal shall be accepted by the Clerk with notice given
21 to the appellants that the acceptance is conditioned upon the Planning Department

2 the filing of the appeal the Clerk shall mail notice to the appellants of the acceptance or

10 than, ~~the full membership~~ the next hearing at which a quorum of the Board is present; ~~and provided~~
11 ~~further, if the Board of Supervisors does not conduct at least three regular Board meetings during such~~
12 ~~30 day period, the Board of Supervisors shall decide such appeal within 40 days of the time set for the~~
13 ~~hearing thereon or at the next regularly scheduled Board meeting should such deadline fall within a~~
14 ~~Board recess; and provided further that the latest date to which said decision may be so postponed~~
15 ~~under this Section shall be not more than 90 days from the expiration of the time frames set forth in~~
16 ~~Sections 31.16(c), (d), or (e), as applicable, for filing an appeal.~~

17 (8) The Board may affirm or reverse any CEQA decision by a vote of a majority
18 of all members of the Board. A tie vote shall be deemed to be disapproval of the CEQA
19 decision. The Board shall act by motion. The Board shall adopt findings in support of its
20 decision, which may include adoption or incorporation of findings made by the Planning
21 Commission, Environmental Review Officer, or other City department authorized to act on the
22 CEQA decision below. If the Board reverses the CEQA decision, the Board shall adopt
23 specific findings setting forth the reasons for its decision within two weeks of the reversal, or if the

2 (12) If a project applicant has provided timely and complete written notice of project
3 disapproval under subsections (h)(6)(D) and (h)(6)(E) of California Government Code section 65589.5,
4 also known as the Housing Accountability Act (as those sections may be amended from time to time),
5 the City shall issue a lawful determination, as defined in subsection (h)(7) of that section, within 90

8 (c) **Appeal of Environmental Impact Reports.** In addition to those requirements set
9 forth in Section 31.16(b) above, the following requirements shall apply only to appeals of
10 EIRs.

11 (1) Any person or entity that has submitted comments to ~~the Planning~~
12 ~~Commission or~~ the Environmental Review Officer on a draft EIR, ~~either in writing~~ during the
13 public review period, ~~or orally or in writing at a public hearing on the EIR,~~ may appeal the
14 Planning Commission's certification of the final EIR.

18 (d) **Appeal of Negative Declarations.** In addition to those requirements set forth in
19 Section 31.16(b) above, the following requirements shall apply only to appeals of negative
20 declarations.

21 (1) Any person or entity that has ~~filed an appeal of~~ submitted comments on the

25 of the final negative declaration.

1 (2) The appellant of a negative declaration shall submit a letter of appeal to the
2 Clerk of the Board ~~after the Planning Commission approves the final negative declaration and~~ within
3 ~~30~~ 15 days after the Date of the Approval Action for the project taken in reliance on the
4 negative declaration.

5 (3) The grounds for appeal of a negative declaration shall be limited to
6 whether, in light of the whole record before the Board, the negative declaration conforms to
7 the requirements of CEQA and there is no substantial evidence to support a fair argument that
8 the project may have a significant effect on the environment, and in the case of a mitigated
9 negative declaration, the adequacy and feasibility of the mitigation measures.

10 (4) The Board shall affirm the ~~Planning Commission approval of the~~ negative
11 declaration if it finds that the negative declaration conforms to the requirements of CEQA and
12 that the record does not include substantial evidence to support a fair argument that the
13 project may have a significant effect on the environment.

14 (5) The Board shall reverse the ~~Planning Commission approval of the~~ adoption of
15 the negative declaration if it finds that the negative declaration does not conform to the
16 requirements of CEQA or there is substantial evidence to support a fair argument that the
17 project may have a significant effect on the environment that has not been avoided or
18 mitigated to a less than significant level by mitigation measures or project modifications
19 agreed to by the project sponsor or incorporated into the project. If the Board reverses the
20 adoption of the decision of the Planning Commission negative declaration, it shall remand the
21 negative declaration to the Planning Department for further action consistent with the Board's
22 findings.

23 (A) In the event the Board remands the negative declaration to the
24 Planning Department for revision, the Environmental Review Officer shall finalize the revised
25 negative declaration and send notice to the public, as set forth in Section 31.11 of this

1 Chapter, of the availability of the revised negative declaration. ~~No appeal to the Planning~~
2 ~~Commission of the revised negative declaration shall be required. In the event~~ If an organization or
3 individual wishes to appeal the revised negative declaration, such appeal shall be made
4 directly to the Board of Supervisors within ~~30~~ 15 days of publication of the revised negative
5 declaration and shall comply with the procedures set forth in this Section 31.16. The Board's
6 subsequent review, if any, shall be limited to the portions of the negative declaration that the
7 Planning Department has revised.

8 (B) In the event the Board determines that a project may have a
9 significant effect on the environment that cannot be avoided or mitigated to a less than
10 significant level and, therefore, an EIR is required, the Planning Department shall prepare an
11 EIR in accordance with CEQA and this Chapter 31. Any subsequent appeal to the Board shall
12 comply with the procedures set forth in this Section 31.16.

13 (e) **Appeal of Exemption Determinations.** In addition to those requirements set forth
14 in Section 31.16(b) above, the following requirements shall apply to appeals of exemption_s
15 determinations.

16 (1) Any person or entity may appeal the exemption determination by the
17 Planning Department or other authorized City department to the Board.

19 to the Clerk of the Board within the following time frames as applicable:

20 (A) For a private project seeking a permit, license or other entitlement
21 for use for which the City otherwise provides an appeal process for the entitlement, the appeal
22 of an exemption determination shall be filed after the Planning Department issues the

24 regardless of whether the Approval Action is subject to a ~~shorter~~ different appeal period.
25 Departments that issue permits or entitlements supported by exemption determinations shall

1 take steps as they determine appropriate to advise applicants seeking permits, licenses, or
2 other entitlements for use of the ~~30~~15-day appeal period for the exemption determination.

3 (B) For all projects not covered by Section (A):

4 (i) If the Approval Action is taken following a noticed public
5 hearing as provided for in Section 31.08(f) of this Chapter, the appeal of an exemption
6 determination shall be filed after the Planning Department issues the exemption determination
7 and within ~~30~~ 15 days after the Date of the Approval Action.

8 (ii) If the Approval Action is taken without a noticed public hearing
9 as provided for in Section 31.08(f) of this Chapter, the appeal of an exemption determination
10 shall be filed after the Planning Department issues the exemption determination and within ~~30~~
11 15 days after the first date the Planning Department posts on the Planning Department's
12 website a notice as provided in Section 31.08(g) of this Chapter.

13 (C) As to an exemption determination for a project for which no City
14 entity posted the exemption determination on the City's website or otherwise provided public
