14 Section 1. Findings

15 (a) The San Francisco Unified School District (SFUSD) is committed to ensuring
16 that every public school student in San Francisco graduates high school ready for college and
17 career in this 21st century economy.

18 (b) SFUSD is the highest achieving urban school district in California, yet has the
19 largest achievement gap between different ethnic groups of students in SF public schools.

20 (c) Success in this economy and society requires students to have a mastery of a
21 rich, diverse and rigorous curriculum and a healthy development of both mind and body.

22 (d) The health and long-term vitality of our city is critically dependent on an
23 educated citizenry and workforce.

24 (e) A strong and robust school system is an essential component to San Francisco
25 that contributes to its economic and cultural vitality and the overall quality of life for
all citizens.

1 (f) Graduation from SFUSD high schools and readiness for college or the workforce
2 requires multiple milestones including completion of high school coursework and successfully
3 passing the CA High School Exit Exam (CAHSEE).

4 (g) Beginning with SFUSD's graduating class of 2014, all SFUSD students will be
5 required to complete the A-G course sequence in order to receive a high school diploma.

6 (h) A significant number of SFUSD students, beginning with the class of 2014, are
7 challenged to successfully complete the A-G course sequence and meet the exit exam
8 requirements.

9 (i) SFUSD has the expertise and structures to employ multiple interventions and
10 different strategies designed to address the diverse needs of its students that can include the
11 using Early Warning Indicators, providing CAHSEE support structures and increasing
12 SFUSD's portfolio of credit earning options.

13 (j) The state of California has dramatically reduced funding to education and this
14 has been reflected in the multi-year cuts to SFUSD's budget.

15 (k) The severe cuts experienced by the district over multiple years have affected
16 SFUSD's ability to implement these effective strategies designed to address the needs of SF
17 public school students.

18 (l) The leadership and citizens of San Francisco have a long and proud tradition of
19 supporting SFUSD's public schools through such measures as the Rainy Day Fund and the
20 Public Education Enrichment Fund.
