3 following:

- 4 1. The public interest and necessity require the proposed Project;
- 5 2. The proposed Project is planned and located in the manner that will be most  
6 compatible with the greatest public good and the least private injury;
- 7 3. The License sought to be acquired provides the right to temporarily use portions of  
8 the Subject Property, and is necessary for the Project;
- 9 4. The offer required by California Government Code Section 7267.2 has been made  
10 to the Subject Property owner of record; and, be it

11 FURTHER RESOLVED, That to the extent that any use allowed under the License  
12 sought to be acquired is presently appropriated to a public use, the purpose for which the  
13 acquisition and use of the License is sought, namely, for construction of the Project, is a more  
14 necessary public use under Section 1240.610 of the California Code of Civil Procedure; and,  
15 be it

16 FURTHER RESOLVED, That to the extent that any portion of the Subject Property is

19 Section 1240.510 of the California Code of Civil Procedure; and, be it

20 FURTHER RESOLVED, That the City Attorney is hereby authorized and directed to  
21 take all necessary steps to commence and prosecute proceedings in eminent domain,  
22 including settlement or compromise of any such proceedings consistent with the City's  
23 Charter and all applicable law, against the Subject Property owner of record and the owner or  
24 owners of any and all interests therein or claims thereto for the condemnation thereof for the

4 conformity with existing or amended law; and, be it

5 FURTHER RESOLVED, That this Board has reviewed and considered the Final  
6 Supplemental EIS/EIR and record as a whole, finds that the action taken herein is within the  
7 scope of the Project and activities evaluated in the Final Supplemental EIS/EIR, and that the  
8 Final Supplemental EIS/EIR is adequate for its use by the decision-making body for the action  
9 taken herein; and, be it

10 FURTHER RESOLVED, That this Board finds that there have been no substantial  
11 changes proposed for the Project, and no substantial changes in Project circumstances, that  
12 would require major revisions to the Final Supplemental EIS/EIR due to the involvement of  
13 new significant environmental effects or a substantial increase in the severity of previously  
14 identified significant impacts; and there is no new information of substantial importance that  
15 was not known and could not have been known at the time the Final Supplemental EIS/EIR  
16 was certified, that shows either significant environmental effects not discussed in the Final  
17 Supplemental EIS/EIR, a substantial increase in the severity of previously examined  
18 significant effects, or that unadopted mitigation measures or alternatives previously found not  
19 to be feasible, would be feasible and capable of substantially reducing one or more of the  
20 significant effects of the Project; and, be it

21 FURTHER RESOLVED, That this Board hereby adopts as its own and incorporates by  
22 reference, as though fully set forth herein, the findings of the Planning Department that the
