22 Section 1. Environmental Findings.

23 The Planning Department has determined that the actions contemplated in this
24 ordinance comply with the California Environmental Quality Act (California Public Resources
25 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

1 Supervisors in File No. ____ and is incorporated herein by reference. The Board affirms this
2 determination.

3 Section 2. General Findings.

4 (a) San Francisco is facing a crisis of homelessness. In addition to staying in shelters
5 and living on the streets, some people experiencing homelessness live in a variety of vehicles,
6 including recreational vehicles ("RVs"), vans, and passenger cars throughout the city. A
7 vehicle is not a safe place for anyone to live, and a concentration of inhabited vehicles can
8 create a risk of health hazards in the community in which the vehicles are parked.

9 (b) According to data collected by the Department of Homelessness and Supportive
10 Housing ("HSH") in October 2018, there were 432 inhabited vehicles on the streets of San
11 Francisco, including 313 RVs and 119 passenger cars. Data from the Municipal
12 Transportation Agency suggest there may be as many as 1,200 vehicularly housed persons in
13 San Francisco. The population of vehicularly housed persons is diverse and vulnerable, and
14 includes: children, young people, immigrants, the disabled, seniors, the employed, and the
15 unemployed. Many of these people are not receiving consistent services and have limited
16 pathways and access to residential (non-vehicular) housing.

17 (c) Many people who are vehicularly housed receive parking citations because they
18 are unable to move their vehicle to a lawful location. The costs of parking citations and towing
19 can exacerbate their already tenuous situation.

20
21 Section 3. Article XIII of Chapter 10 of the Administrative Code is hereby amended by
22 adding Section 10.100-265, to read as follows:

23
24 **SEC. 10.100-265. RELOCATION ASSISTANCE FUND FOR THE VEHICULARLY**
25 **HOUSED.**

1 (a) Establishment of Fund. The Relocation Assistance Fund for the Vehicularly Housed (the
2 “Fund”) is established as a category six fund to receive any monies appropriated or donated for the
3 purpose of assisting eligible persons, as defined in subsection (b)(1), who are at risk of having their
4 vehicle towed or impounded, as set forth in this Section 10.100-265. Donations to the Fund are
5 deemed approved for acceptance and expenditure without further approval by the Board of
6 Supervisors.

7 (b) Use of Fund. The Fund shall be used exclusively by the Director of the Human Services
8 Agency or any successor agency, or the Director’s designee (collectively “HSA Director”), to provide
9 assistance to vehicularly housed persons who meet the eligibility criteria set forth in subsection (b)(1)
10 (“Eligible Vehicularly Housed Persons”) to move to residential housing.

11 (1) For purposes of this Section 10.100-265, Eligible Vehicularly Housed Persons are
12 persons, or households thereof, who:

13 (A) Earn no more than 80% of the Area Median Income;

14 (B) Are residing in a vehicle that is operable;

15 (C) Have resided in their vehicle for at least 30 consecutive days; and

16 (D) Have been assessed by the Department of Homelessness and Supportive
17 Housing’s Coordinated Entry System and prioritized for housing based on their barriers to housing,
18 length of homelessness, and levels of vulnerability, as set forth in Section 20.16-2 of the Administrative
19 Code.

20 (2) In providing assistance to Eligible Vehicularly Housed Persons, the HSA Director
21 shall give priority to such persons who are senior citizens, chronically ill, veterans, are in households
22 with children under the age of 18, or who have a disability.

23 (3) The HSA Director shall authorize disbursements to Eligible Vehicularly Housed
24 Persons on a case-by-case basis in accordance with HSA policy as adopted pursuant to subsection (c),
25 and as informed by subsections (b)(1)(D) and (b)(2). In administering Section 10.100-265, the HSA

1 Director shall collaborate with the Municipal Transportation Agency, the Police Department, the
2 Department of Homelessness and Supportive Housing, and other City officials and entities as the HSA
3 Director deems appropriate. The HSA Director may revise these case-by-case decisions as necessary
4 or appropriate to take into account evolving circumstances.

5 (4) For an Eligible Vehicularly Housed Person, the HSA Director may provide a rental
6 assistance payment of up to 100% of the current established fair market rent for the area, as
7 determined by the Department of Housing and Urban Development pursuant to Section 1437f of Title
8 42 of the United States Code, as may be amended from time to time, plus an amount that the HSA
9 Director determines is sufficient for utility service deposits. The HSA Director may make rental
10 assistance payments from the Fund on a per-residential unit for up to six months. The HSA Director
11 shall authorize disbursements to an Eligible Tenant for an initial duration not to exceed six months. At
12 the conclusion of the initial duration for authorized disbursements, whether it is six months or less, the
13 circumstances of the Eligible Vehicularly Housed Person shall be reassessed, and continued assistance
14 may be authorized, subject to the durational limits set forth in this subsection (b)(4).

15 (c) **Administration of Fund.** Within 60 days of the effective date of the ordinance in Board
16 File No. 190141, creating the Fund, the HSA Director shall adopt a policy for implementation of this
17 Section 10.100-265, which the HSA Director may modify from time to time as the HSA Director deems
18 necessary or appropriate.

19 (d) **Annual Report.** The HSA Director shall submit an annual written report to the Mayor, the
20 Board of Supervisors, and the Controller within the first two weeks of July, showing for the prior fiscal
21 year donations received, the nature and amount of such donations, and the disposition thereof, together
22 with a description of the individual payments made from the Fund.

1 Section 4. The Administrative Code is hereby amended by adding Chapter 119,
2 consisting of Article I (Sections 119.1, 119.2, 119.3, 119.4, and 119.5) and Article II (Sections

LEGISLATIVE DIGEST

[Administrative Code - Programs and Fund for Vehicularly Housed Persons]

Ordinance amending the Administrative Code to establish the Relocation Assistance Fund for the Vehicularly Housed and to allow eligible vehicularly housed persons to receive financial assistance from the Fund for up to six months; require the Department of Homelessness and Supportive Housing (“HSH”) to establish a Safe Overnight Parking Program to provide eligible vehicularly housed persons a place to park and sleep in their vehicles overnight, case management, and other services; require HSH to collaborate with Municipal Transportation Agency to develop an On-Street Parking Citation and Tow- and-Storage-Fee Abatement Program to provide eligible vehicularly housed persons with waivers or reduced parking fines and fees; and affirming the Planning Department’s determination under the California Environmental Quality Act.

Existing Law

Currently, the City and County of San Francisco does not provide members of the public who live in their vehicles with financial assistance to transition to non-vehicular housing, nor does it provide these persons with off-street parking where they can park and sleep in their vehicles overnight without violating parking laws. With respect to parking citations, the Municipal Transportation Agency currently offers programs whereby members of the public who have outstanding parking citations may perform community service in-lieu of payment, or enter into a payment plan. In addition, the Municipal Transportation Agency offers waivers of certain towing and storage fees to eligible low-income individuals.

Amendments to Current Law

This ordinance would establish a Relocation Assistance Fund to assist eligible members of the public who live in their vehicles with transitioning to traditional, non-vehicular housing. An Overnight Safe Parking Program would be established to provide an off-street location where program participants may park and sleep in their vehicles overnight. At this location, additional City services and referrals would also be provided to assist these individuals with transitioning to traditional, non-vehicular housing.

In addition, the Department of Homelessness and Supportive Housing would be required to collaborate with the Municipal Transportation Agency to develop an On-Street Parking Citation and Tow- and Storage-Fee Abatement Program to provide identified individuals with waivers of, or reductions in, parking citation fines and vehicle towing and storage fees. Implementation of this program is subject to the Municipal Transportation Agency’s exclusive authority under the Charter and other applicable laws.

Background Information

San Francisco is facing a crisis of homelessness. In addition to staying in shelters and living on the streets, some people experiencing homelessness live in a variety of vehicles, including recreational vehicles (“RVs”), vans, and passenger cars throughout the city. According to data collected by the Department of Homelessness and Supportive Housing (“HSH”) in October 2018, there were 432 inhabited vehicles on the streets of San Francisco, including 313 RVs and 119 passenger cars. Data from the Municipal Transportation Agency suggest there may be as many as 1,200 vehicularly housed persons in San Francisco.
