EXECUTIVE SUMMARY

Legislative Objectives

- The proposed resolutions and ordinance would authorize actions and documents associated with (1) issuance of \$487,500,000 of the 2020 Health and Recovery General Obligation Bonds; (2) sale of \$425,000,000 in 2020 Health and Recovery General Obligation Bonds; (3) sale of \$90,000,000 in 2020 Earthquake Safety and Emergency Response General Obligation Bonds; (4) sale of \$122,785,000 in 2014 Transportation and Road Improvement General Obligation Bonds; and, (5) the appropriation of the corresponding bond proceeds.

Key Points

- This is the first issuance of 2020 Health and Recovery bonds and proceeds will go toward \$169.3 million for improvements to City parks and recreation facilities; \$146.7 million for investments in housing with \$29.1 million to purchase a Navigation Center serving transition age youth, \$116.6 million to purchase up to 250 units of permanent supportive housing, and \$1 million for project management and housing acquisition due diligence; \$59.9 million for mental health facilities; and, \$41.4 million for street improvements.
- This is the second issuance of 2020 Earthquake Safety and Emergency Repairs Bonds and proceeds will go toward \$15 million for improvements to the emergency firefighting water system and \$71.5 million to Fire Station improvements and to a new Fire Training facility.
- This is the final of four issuances of the 2014 Transportation and Road Improvement bonds and proceeds will go toward \$38.6 million toward transit improvement.

Fiscal Impact

- If approved, the total projected average annual debt service would be \$39,170,000, and the total debt service is estimated at \$979,180,000.
- If the Board approves the issuance of three bonds, outstanding debt as a percentage of total assessed value would increase by approximately 0.21 percent to 1.15 percent of total assessed value, which is under the 3 percent debt limit established in the City Charter.
- If the Board approves the issuance of all three bonds, the total increase in the property tax would be \$0.1299 per \$1,000 of assessed value.

Recommendations

- Request the Department of Homelessness and Supportive Housing to work with the Office of Public Finance to revise the Bond Accountability Report for the 2020 Health and Recovery Bond to correctly state that \$1 million allocated to Program Delivery is to be used for multi-year costs for project management costs and housing acquisition due diligence costs.
- Approve the proposed resolutions and appropriations ordinance.

MANDATE STATEMENT

City Charter Section 9.106 states that the Board of Supervisors is authorized to provide for the issuance of general obligation bonds in accordance with the Constitution of the State of California. General obligation bonds may be issued and sold in accordance with state law or any local procedure adopted by ordinance. There shall be a limit on outstanding general obligation bond indebtedness of three percent of the assessed value of all taxable real and personal property, located within the City and County.

City Charter Section 9.105 states that amendments to the Annual Appropriation Ordinance are subject to Board of Supervisors approval by ordinance after the Controller certifies the availability of funds.

BACKGROUND

Transportation and Road Improvement Bonds, 2014

San Francisco voters approved \$500 million in Transportation and Road Improvement General Obligation Bonds in November 2014 (2014 Municipal Transportation Agency (MTA) Proposition A) to implement infrastructure and transportation improvements related to the longer-term plan developed by the Mayor's Transportation Task Force in 2013.

The Board of Supervisors previously approved the sale of bonds in amounts not to exceed \$67.5 million in June 2015 (File 15-0459), \$177 million in February 2018 (File 17-1253), and \$140 million in September 2020 (File 20-0582). To date, of the total bond authorization, \$377.2 million has been issued (Series 2015B: \$67 million, Series 2018B: \$174.4 million, and 2020B: \$135.8 million), leaving \$122.8 million remaining in voter approved bond authority. The first three issuances of this bond funded capital investments to upgrade the transit system, improve and enhance accessibility and pedestrian safety, complete street and traffic signal improvements, and upgrade Muni facilities.

Health and Recovery Bonds, 2020

San Francisco voters approved \$487.5 million in Health and Recovery General Obligation Bonds in November 2020 (2020 Health and Recovery Proposition A) to fund investments in supportive housing facilities, shelters, and facilities that provide services to people experiencing mental health and substance use disorders, and/or homelessness; improve accessibility and quality of parks, open spaces, and recreational facilities in the City; and, improve the accessibility, safety and conditions of the City's streets. Proceeds from these bonds are intended to help stimulate the local economy and aid in recovery following the economic downturn as a result of the COVID-19 public health emergency. The proposed issuance under consideration in this report will be the first issuance of these bonds.

Earthquake Safety and Emergency Response, 2020

San Francisco voters approved \$628.5 million in Earthquake Safety and Emergency Response General Obligation Bonds (2020 Earthquake Safety and Emergency Response Proposition B) to fund capital projects that include renovating and seismic upgrading the City's emergency firefighting water system; rehabilitating fire stations and replacing the firefighter training center; seismic improvements to district police stations; upgrading or replacing City-owned disaster response facilities; and expansion of the City's 9-1-1 Emergency Call Center.

The Board of Supervisors approved the first sale of up to \$85 million in bonds (File 20-1295) in January 2021. In March 2021 a total par amount of \$80.7 million in bonds were issued (Series 2021A), leaving \$547.8 million remaining voter-approved bond authority.

DETAILS OF PROPOSED LEGISLATION**Resolutions Approving Issuance and Sale of General Obligation Bonds**

File 21-0387: The proposed resolution would authorize the issuance and sale of not-to-exceed \$487,500,000 aggregate principal amount of the 2020 Health and Recovery General Obligation Bonds. The proposed resolution also (1) provides for the levy of a tax to pay the principal and interest; (2) provides for the appointment of depositories and other agents for the bonds; (3) provides for the establishment of accounts related to the bonds; (4) adopts findings under the California Environmental Quality Act (CEQA); (5) finds the proposed projects in conformity with the priority policies of the Planning Code, Section 101.1, and with the General Plan consistency requirement of Charter, Section 4.105 and Administrative Code, Section 2A.53; (6) ratifies certain actions previously taken; and, (7) grants general authority to City officials to take necessary actions in connection with issuance and sale of these bonds.

File 21-0388: The proposed resolution would authorize the first sale of a not to exceed aggregate principal amount of \$425,000,000 of 2020 Health and Recovery General Obligation Bonds, Series 2021D. If the Board of Supervisors approves the sale of \$425,000,000, the sale of the balance of \$62,500,000 the remaining bond authority would be subject to future Board of Supervisors approval.

File 21-0389: The proposed resolution would authorize the second sale of a not to exceed aggregate principal amount of \$90,000,000 in 2020 Earthquake Safety and Emergency Response General Obligation Bonds, Series 2021E. If the Board of Supervisors approves the sale, the balance of \$457,785,000 would be subject to future Board of Supervisors approval.

File 21-0390: The proposed resolution would authorize a not to exceed aggregate principal amount of \$122,785,000 in 2014 Transportation and Road Improvement General Obligation Bonds, Series 2021C. This will be the fourth and final sale of the 2014 Transportation and Road Improvement Bonds.

Files 21-0388, 21-0389, and 21-0390 also:

- Prescribe the form and terms of the bonds;

- Provide for the appointment of depositories and other agents for the bonds;
- Provide for the establishment of accounts related to the bonds;
- Authorize the sale of the bonds by competitive or negotiated sale;
- Approve the forms of Official Notice of Sale and Intention to Sell Bonds;
- Direct the publication of the Notice of Intention to Sell Bonds;
- Approve the form of the Bond Purchase Contract;
- Approve the form of the Preliminary Official Statement and the form and execution of the Official Statement relating to the sale of the bonds;
- Approve the form of the Continuing Disclosure Certificate;
- Authorize and approves modifications to documents;
- Ratify certain actions previously taken; and
- Grant authority to City officials to take necessary actions for the authorization, issuance, sale, and delivery of the bonds.

Together the issuance of and sale of Series 2021C (2014 Transportation and Road Improvement General Obligation Bonds), Series 2021D (2020 Health and Recovery General Obligation Bonds), and Series 2021E (2020 Earthquake Safety and Emergency Response General Obligation Bonds) are referred to as the Series 2021CDE Bonds.

Ordinance Approving Bond Appropriations

File 21-0422: The proposed ordinance appropriates the following bond proceeds and places these funds on Controller's Reserve pending receipt of bond funds.

- \$122,785,000 in proceeds from the 2021C Transportation and Road Improvement General Obligation Bond to the MTA for transit and street improvements.
- \$425,000,000 of proceeds from the Series 2021D Health and Recovery General Obligation Bonds to the Recreation and Park Department, Department of Homelessness and Supportive Housing, Department of Public Health, and Department of Public Works for improvement to parks, recreation and open spaces; investments in permanent supportive and transitional housing, mental and behavioral health facilities; and street resurfacing and right-of-way projects.
- \$90,000,000 from Series 2021E Earthquake Safety and Emergency Response General Obligation Bonds to the Department of Public Works and Public Utilities Commission for improvements to the Fire Department facilities and emergency firefighting water systems.

Taxable and Tax-Exempt Bonds

The Series 2021CDE Bonds are structured as tax-exempt bonds; however, a portion of the total bond issuance may be sold as taxable depending on bond counsel tax determination and marketing conditions.

Competitive or Negotiated Sale

The Office of Public Finance intends to pursue a competitive sale of the 2021CDE Bonds. However, a negotiated sale may be pursued if the bond structure or market conditions make a negotiated sale preferable.

Proposed Uses of Bond Funds

Table 1 below summarizes the appropriation of the Series 2021CDE Bond proceeds.

Table 1: Sources and Uses of Bond Proceeds

	Series 2021C Transportation & Road Improvement	Series 2021D Health and Recovery (H&R)	Series 2021E Earthquake Safety & Emergency Response

Source: Appropriation Ordinance (File 21-0422) under Board of Supervisors consideration

^a Program delivery is for multi-year costs for project delivery including project management costs and housing acquisition due diligence costs (such as physical needs assessment, inspections, environmental assessments, etc.)

^b Costs of issuance include bond counsel, municipal advisory, ratings, oversight and other transaction costs.

^c Underwriters discount is the difference in the price paid to the issuer and the prices at which the bonds are initially offered to investors.

Transportation and Road Improvement Bond Projects

This final bond issuance of \$122.8 million will allocate \$38.6 million toward transit improvement projects and \$83.5 million toward safer streets projects. The \$38.6 million in transit projects will fund Muni Forward Rapid Network improvements, including \$11.3 million in L-Taraval improvements and \$27.3 million in Better Market Street improvements. The \$83.5 million for safer streets projects will fund \$27 million in accessibility improvements, \$2.6 million in pedestrian safety improvements, \$37.2 million in Complete Streets improvements, and \$15.9 million in traffic signal improvements; the balance of funding is allocated to issuance costs and contingencies.

At the April 19, 2021 Capital Planning Committee meeting, the Committee reviewed and recommended the Board of Supervisors approve the resolution and related appropriation authorizing the sale of the 2014 Transportation and Road Improvement General Obligation Bonds Series 2021C, in accordance with Section 3.21 of the Administrative Code.

Health and Recovery Bond Projects

Through the Series 2021D bond issuance, the Recreation and Parks Department will receive \$169.3 million for improvements to City parks and recreation facilities; the Department of Homelessness and Supportive Housing will receive \$146.7 million for investments in housing with \$29.1 million to purchase 888 Post Street for a 75 bed Navigation Center serving transition age youth, \$116.6 million to purchase up to 250 units of permanent supportive housing, and \$1 million for project management and acquisition due diligence; the Department of Public Health will receive \$59.9 million for mental health facilities, including \$48.5 million to fund 145-175 beds, both new placements and stabilizing existing bed capacity, and \$11.4 million to renovate and expand the Psychiatric Emergency Services Facility at SFGH; and, the Department of Public Works will receive \$41.4 million for street improvements.

The 2020 Health and Recovery Bond Accountability report states that \$1 million of the bond will be allocated to costs related to Department of Homelessness and Supportive Housing's Coordinated Entry program, although, as noted above, \$1 million in bond proceeds allocated to

Program Delivery will be used for project management and housing acquisition due diligence costs. We recommend the Board of Supervisors request that the Department of Homelessness and Supportive Housing work with the Office of Public Finance to update the 2020 Health and Recovery Bond Accountability Report to correctly state the intended uses of these bond proceeds.

At the April 26, 2021 Capital Planning Committee meeting, the Committee reviewed and recommended the Board of Supervisors approve the resolution authorizing the issuance of the 2020 Health and Recovery General Obligation Bonds as well as the resolution authorizing and directing the sale of the Series 2021D bonds in accordance with Section 3.21 of the Administrative Code.

Earthquake Safety and Emergency Response Projects

The Series 2021E proceeds will provide the SF Public Utilities Commission with \$15 million for improvements to the emergency firefighting water system and the Department of Public Works with \$71.5 million for repairs to Fire Department facilities. The Fire Department projects includes \$67 million for a new Fire Department training facility, including costs for land acquisition, programming, site due diligence, environmental review and agency approvals, design, and pre-construction efforts.¹ The line-item also includes \$4.5 million for Fire Station 7 Replacement project planning, programming, site due diligence, environmental review.

At the April 26, 2021 Capital Planning Committee meeting, the Committee reviewed and recommended the Board of Supervisors approve the resolution and related appropriation authorizing the sale of the 2020 Earthquake Safety and Emergency Response General Obligation Bonds Series 2021E, in accordance with Section 3.21 of the Administrative Code.

FISCAL IMPACT

Annual Debt Service

The Office of Public Finance reports that the combined par value of the Series 2021CDE bonds is approximately \$631,440,000. The proposed resolutions authorize the Director of Public Finance to determine the sale date, interest rates, principal amount, and maturity dates of the bonds, subject to the following conditions: (1) the true interest cost shall not exceed 12 percent; and (2) the Series 2021CDE bonds shall have a final maturity date no later than 30 years after the date of issuance.

Based on an estimated market interest rate of 3.75 percent for the Series 2021CDE general obligation bonds, the Office of Public Finance estimates that this would result in an average annual debt service cost of approximately \$39,170,000. Over the anticipated 25-year life of the bonds, the total debt service is estimated at \$979,180,000. Of the total debt service,

¹ The Mayor's Office introduced legislation on May 4, 2021 to approve a Purchase Option Agreement for 1236 Carroll Avenue for use as a Fire Training Facility (File 21-0509).

approximately \$347,740,000 is in interest payments and the remainder is the par value of the 2021 CDE Bonds (\$641,440,000).

Debt Limit

Section 9.106 of the City Charter limits the amount of GO bonds the City can have outstanding at any given time to 3 percent of the total assessed value of property in San Francisco. The City calculates its debt limit on the basis of total assessed valuation net of non-reimbursable and homeowner exemptions. On this basis, the City's general obligation debt limit for FY 2020-21 is approximately \$9.04 billion, based on a net assessed valuation of approximately \$301.4 billion.

According to the Controller's Office of Public Finance, as of April 1, 2021, the City had outstanding debt of approximately \$2.84 billion in aggregate principal amount of general obligation bonds, which equals approximately 0.94 percent of the net assessed valuation for FY 2020-21. If the Board of Supervisors approves the issuance of three bonds, the debt ratio would increase by approximately 0.21 percent to 1.15 percent, which is under the 3 percent debt limit. If all of the City's voter-authorized and unissued general obligation bonds were issued, the total debt burden would be 1.59 percent of the net assessed value of property in the City.

Property Tax Rates

Repayment of general obligation bonds is recovered through an increase in the annual Property Tax rate. According to the Controller's Office of Public Finance, if the Board of Supervisors approves the issuance of all three bonds, the total increase in the Property Tax rate is estimated to average \$0.1299 per \$1,000 of assessed value over the anticipated 25-year term of the bonds. The owner of a residence with an assessed value of \$600,000, assuming a homeowner's exemption of \$7,000, would pay average additional property taxes to the City of approximately \$77.06 per year if the anticipated amount of \$631,440,000 of bonds are sold.

Capital Plan

The Capital Planning Committee approved a financial constraint regarding the City's planned use of general obligation bonds such that debt service on approved and issued general obligation bonds would not increase property owners' long-term property tax rates above FY 2005-06 levels. The FY 2005-06 property tax rate for the GO bond fund was \$0.1201 per \$100 of assessed value. According to the Controller's Office of Public Finance, if the Board of Supervisors approves the issuance of the Series 2021CDE general obligation bonds, the property tax rate for FY 2020-21 would be maintained at or below the FY 2005-06 rate and within the Capital Planning Committee's approved financial constraint.

RECOMMENDATIONS

1. Request the Department of Homelessness and Supportive Housing to work with the Office of Public Finance to revise the Bond Accountability Report for the 2020 Health and Recovery Bond to correctly state that \$1 million allocated to Program Delivery is to be used for multi-year costs for project management costs and housing acquisition due diligence costs.
2. Approve the proposed resolutions (Files 21-0387, 21-0388, 21-0389, and 21-0390) and the proposed appropriations ordinance (File 21-0422).

Fiscal Impact of Proposed GO Bond Series 2021CDE

- Estimated Financing Costs*

Projected par: \$631,440,000

Estimated interest rate: 3.75%

Estimated total interest cost: \$347,740,000

Estimated Annual Property Tax Impact: \$12.99 per \$100,000 (\$77.06 for \$600K home)

- Debt Capacity

Certified Net Assessed Valuation (Net AV) for FY20-21: \$301,409,160,689

3% GO Debt Capacity: \$9,042,274,821

GO Debt Outstanding as of 5/1: \$2,838,046,740 (0.94% of Net AV)

GO Debt Outstanding including proposed 2021CDE Bonds: \$3,469,486,740 (1.15% of Net AV)

- Capital Planning Constraint

Issuance of 2021CDE bonds is consistent with FY2006 property tax rate cap policy

** Interest rate and cost estimates provided by Fieldman, Rolapp & Associates, Inc., an MSRB-registered municipal advisory firm*

2014 Transportation and Road Improvement

The Mayor's Transportation Task Force from 2013, Transportation 2030, recommended that the SFMTA be included in the City's General Obligation Program.

The 2014 Transportation and Road Improvement General Obligation Bond passed in November 2014 with 71.9% of the vote.

Amount Issued to date:

\$377.2 m

Final Issuance:

\$122.8 m

Issuance Date:

Spring 2021

*Cost of issuance is \$5 million over the program

2014 Transportation and Road Improvement

The 2014 Transportation and Road Improvement General Obligation Bond has delivered safer, faster, and more reliable transit. It has also invested in improving the walking and bicycling environment.

Health & Recovery Bond - Homelessness and Supportive Housing

Bond proceeds will be used to stabilize, acquire, construct, expand, and/or improve Permanent Supportive Housing units and shelters. The estimated budget for this bond component is \$147 million and based on current estimates those funds would support capital costs approximately 250 Permanent Supportive Housing beds and 75 shelter beds.

Homelessness and Supportive Housing*	
888 Post – Transition Age Youth Navigation Center	\$29.1 million
Housing Acquisition	\$116.6 million
Program Delivery	\$1 million
Controller Audits	\$0.3 million
Total: Homelessness and Supportive Housing	\$147.0 million

* Project fund allocations shown include bond issuance and oversight costs.

Health & Recovery Bond - Homelessness and Supportive Housing

Preliminary program updates:

888 Post – Transition Age Youth Navigation Center: Subject to the availability of funds, the Department intends to exercise its option to purchase 888 Post by the end of July 2021, with a target acquisition date of August 31, 2021. This timeline includes passing an authorizing resolution through the Board of Supervisors plus a 30-day closing period.

Housing Acquisition: While many factors could impact this schedule, the Department projects using all funding for housing acquisition by a target date of December 2023. This initial date assumes all bond funds are available with sufficient lead time.

Health & Recovery Bond - Public Health

With the issuance of Health & Recovery Bond funds DPH is proposing to invest in important facility acquisitions, renovations, and expansion across the continuum of care – from renovating and expanding Psychiatric Emergency Services (PES) at ZSFG to better serve clients in crisis to acquiring buildings to provide placements for much needed treatment and long-term care support.

DPH Allocation*	
Behavioral Health Acquisitions & Rehabilitation	\$43.5 million
Psychiatric Emergency Services (PES) Renovation & Expansion at ZSFG	\$11.4 million
Planning, Program and Project Management	\$5 million
Controller Audits	\$0.1 million
Total: Public Health	\$60.0 million

* Project fund allocations shown include bond issuance and oversight costs.

Health & Recovery Bond - Public Health

Behavioral Health Acquisitions & Rehabilitation DPH will utilize bond funds to acquire and rehabilitate buildings to provide priority bed placements for critical behavioral health services, such as board and care and other residential care, locked acute and sub-acute treatment facilities, psychiatric skilled nursing facilities, residential treatment facilities, or residential stepdown facilities. Buildings may also serve as locations for access and delivery of necessary outpatient or patient access and engagement services.

Psychiatric Emergency Services (PES) Renovation & Expansion at ZSFG Since the current Psychiatry Emergency Service (PES) facility opened in 1987, PES patient volume has increased by approximately 50%. The PES environment is now woefully inadequate to provide patients an appropriately respectful amount of personal space, and to allow PES staff to use best practices to maintain a safe treatment setting for patients and staff.

Preliminary Program Schedules			
Program	Planning/ Programming	Bid/Award	Acquisition/ Rehabilitation
Behavioral Health Acquisitions & Rehabilitation	In progress – 12/2021		01/2022 – 01/2023
Psychiatric Emergency Services (PES) Renovation & Expansion at ZSFG	100% CD's September 2021	October 2022	December 2022 – January 2024

Health & Recovery Bond - Public Works

The Department of Public Works (DPW) will invest \$31.5 million for street resurfacing; \$5 million for the design, construction, and maintenance of ADA-compliant accessible curb ramps; and \$5 million for the repair and maintenance of street structures.

Right-of-Way Repair*	
Street Resurfacing	\$31.4 million
Curb Ramps	\$5.0 million
Street Structures and Plazas	\$5.0 million
Controller Audits	\$0.1 million
Total: Right-of-Way Repair	\$41.5 million

* Project fund allocations shown include bond issuance and oversight costs.

Earthquake Safety and Emergency Response 2020 Bond Program (ESER 2020)

REQUEST FOR APPROVAL OF:

- Resolution authorizing and approving the sale of Not to Exceed \$90,000,000 in General Obligation Bonds (second bond sale) for the Earthquake Safety & Emergency Response Bond Program 2020.
- Ordinance appropriating \$90,000,000 of the series 2021E Earthquake Safety & Emergency Response General Obligation bond proceeds; and placing these funds on Controller's reserve pending sale of the bonds.

BOND AUTHORIZATION TOTAL : *\$628,500,000*

PROPOSED ISSUANCE: *\$90,000,000*

PROPOSED DATE OF ISSUANCE: *JULY 2021*

Earthquake Safety and Emergency Response 2020 Bond Program (ESER 2020)

Bond Component	Description & Key Deliverables	Project Selection Process	2nd Bond Sale Planned Efforts
Emergency Firefighting Water System	Renovate, expand, and seismically upgrade the City's Emergency Firefighting Water System	Projects selected by SFPUC Management Oversight Committee are Potable Emergency Firefighting Water System (PEFWS), Fireboat Manifolds, and system studies.	Planning, design, and construction of assigned projects
Neighborhood Fire Stations and Support Facilities	Strengthen, improve, and rehabilitate Neighborhood Fire Stations and Support Facilities , including the replacement of the firefighter training facility currently located on Treasure Island and the Fire Station 7 Replacement project	Fire Department projects are selected from among the list of stations and other facilities that are identified as in most need from operational and state of condition assessments. The replacement Fire Training Facility is driven by the fact that it must vacate its current location on Treasure Island by 2026. Other projects to be named will align with exigent operational and state of condition needs.	Fire Training Facility ("FTF") site acquisition; FTF and Fire Station 7 Replacement Project programming, site due diligence, environmental review and agency approvals, design, and CM/GC procurement and pre-construction efforts
District Police Stations and Support Facilities	Make seismic, safety and operations improvements to district police stations and City-owned District Police Stations and Support Facilities	Police Department projects are selected from among the list of stations and other facilities that are identified as in most need from operational and state of condition assessments. The projects selected pose a life-safety hazard as they are at-risk of partial or substantial collapse from the effect of a major earthquake.	N/A
Disaster Response Facilities	Upgrade or replace critical City-owned Disaster Response Facilities to assure the City can deploy aid, provide shelter, and coordinate emergency response activities	Kezar Pavilion was selected as a facility with high seismic vulnerabilities and opportunities to serve multiple disaster-response functions. The project benefits a vulnerable asset while augmenting the City's emergency preparedness capabilities and expanding program opportunities for general public use.	N/A
911 Call Center	Expand the 9-1-1 Response Facilities to provide more dispatchers, new technologies and increased efficiencies	The City's Emergency Operations Center requires a major upgrade and expansion of its 9-1-1 Call Center to best align with the service needs of a growing San Francisco begins to respond to its functional mission.	N/A
