Subject: SUPPORT item 37 resolution reaffirming Sanctuary
Date: Tuesday, January 28, 2025 5:38:47 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

My name is Jennifer "JDub" Waggoner and I am speaking today on behalf of the League of Women Voters of San Francisco in SUPPORT of item #37 the resolution reaffirming Sanctuary.

Thank you to all for unanimously supporting this resolution.

San Francisco made a lot of cuts in the last budget cycle to close a significant deficit. Limiting entanglement with federal immigration enforcement conserves San Francisco's precious resources so that we fund what our City needs most. As a Sanctuary City, San Francisco doesn't spend money and staff time assisting federal immigration officials. That is a direct cost we avoid, freeing up money to use on San Francisco's priorities.

But the indirect costs of collaborating with federal immigration enforcement are just as important to consider.

Collaboration with ICE is associated with housing instability, chronic student absenteeism, low birth weight, negative child well-being, and decreased use of preventive and prenatal care for immigrant communities and their children. Collaboration with federal immigration enforcement makes us less trusting of institutions, like schools, hospitals, & first responders. San Francisco is healthier and more trusting thanks to Sanctuary. How much would the negative impacts of collaborating with ICE increase costs for San Francisco?

One final highlight: San Franciscans want to feel safe. Sanctuary makes us all safer. According to new research released in November 2024 by Eric Baumer of Pennsylvania State University and Min Xie of the University of Maryland, partnerships with ICE only increased risk for violent victimization, especially among Latinos. These same researchers found that Sanctuary policies did not correlate with higher levels of crime. Why would we collaborate with federal immigration enforcement to make San Franciscans less safe?

In closing: Sanctuary is a cost saving, data-driven policy that enhances public safety and community well-being for all.

Sent from my phone.

No need to cc multiple emails for me: they all go to one in-box.

Dear San Francisco Board of Supervisors,

I'm a third generation San Franciscan writing in support of Supervisor Fielder's resolution affirming San Francisco's sanctuary policy (Agenda Item #37). The City's Sanctuary Ordinance keeps families together and ensures our local tax dollars are used to promote safety for all San Franciscans. I urge you to take action and ensure that families are not separated via mass deportation.

Please uphold our Sanctuary policy and our city's values of dignity, inclusivity, and equality.

Warm regards,
Sierra

Dear San Francisco Board of Supervisors,

I write this brief note today as a first generation San Franciscan and as a longtime member of Amnesty International USA local group 30, San Francisco. Amnesty International campaigns for a world where human rights can be enjoyed by everyone, no matter what situation they are in. Amnesty has championed the human rights of refugees, asylum seekers and migrants for decades.

Refugees and immigrants are a vital part of San Francisco's heart, soul and identity, inseparable from our families, communities, workplaces, and neighborhoods. San Francisco's historic Sanctuary Ordinance is one of the first in the country and led the way for over 350 jurisdictions to adopt Sanctuary laws. California's statewide Sanctuary law, SB 54, was enacted under Trump's first-term and all nine Bay Area counties have moved toward adopting policies to protect our families and community members from ICE.

Today, when hateful, anti-immigrant rhetoric is on the rise across the country, and around the world, I staunchly oppose any efforts to scapegoat our friends, colleagues, family, and neighbors. San Francisco should NOT use our local resources to deport people and to undermine community trust. Keeping families together and standing up for human rights FOR ALL must be a top priority for San Francisco, and beyond.

We must continue to stand up for human rights for ALL. Now more than ever.

I strongly support the resolution for San Francisco to remain a sanctuary City.

I am a San Francisco resident, and a parishioner at St Teresa of Avila Catholic Church at 1490 19th Street in San Francisco. Our church became a sanctuary Church in the mid-1980s, and advocated for the city's decision to become a sanctuary city in 1989. Our then pastor, Father Peter Sammon, visited Guatemala with Mayor Art Agnos in 1990. Becoming a sanctuary church and city is an important part of San Francisco history. Sanctuary is also our legacy.

Our status as a sanctuary city is one of the things that distinguishes San Francisco from other big cities around the country, just like the Golden Gate Bridge. We are sanctuary city, we are a diverse city, we are a clean energy city, we are an equal marriage rights city. We are San Francisco.

Immigrants and their families contribute to the vibrancy of our community and of our economy. All four of my grandparents were immigrants with little education. Our families have thrived in San Francisco. All of us will suffer if undocumented immigrants are deported.

Today, the fear of deportation, whether valid or not, is taking its toll on school children. Threats of deportation have become a form of schoolyard bullying. No child should have to live in fear of losing their parents or their homes.

Please be the city where families can stay together.

Sincerely yours

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the Board of Supervisors,

I wanted to provide the following public comment on agenda item #37 for today's meeting.

As a San Francisco resident and life-long resident of the Bay Area, I am writing to express my unwavering support for Supervisor Fielder's resolution affirming our city's status as a sanctuary city. In this political moment where the Trump administration is sowing so much fear and division in our country, San Francisco has a responsibility to remain firm in our status as a sanctuary city. Immigrants are a vital part of our community and this has been true of our city's identity throughout our city's history. Our tax dollars should be spent to promote safety for all San Franciscans so that everyone feels safe at school, work, or even receiving care at the hospital, without fear of detention or deportation by ICE. Our law enforcement has no place assisting with these inhumane acts by ICE. Today, when hateful, anti-immigrant rhetoric is on the rise across the country, we staunchly oppose any efforts to scapegoat our friends, family, and neighbors who are immigrants. Our community is counting on our local elected officials to prioritize every member of our community regardless of their immigration status, and to focus on making our city safer for everyone rather than colluding with the federal government. Thank you to Supervisor Fielder for reaffirming our city's values of inclusivity, equality, and dignity through her resolution.

Best,
Paige Rossi

Finally, the recipient should check this email and any attachments for the presence of viruses. GLIDE accepts no liability for any damage caused by any virus transmitted by this email.

Dear Members of the Board of Supervisors,

My name is Shiba Bandeeba. I am a Policy Associate at GLIDE in our Center for Social Justice and a member of FreeSF. I wanted to commend this board for their leadership and solidarity in unanimously supporting the Sanctuary City Resolution introduced by Supervisor Jackie Fielder.

Today, I write in solidarity with our undocumented and mixed status community members to urge this board to fully support this resolution and pass it through with positive recommendations.

Under the current presidential administration, our communities of color will be impacted by major decisions around the reframing of our immigration policies and use of fear mongering tactics to destabilize the everyday lives of San Francisco residents.

San Francisco has been a leader and model to other states, cities and localities in creating strong Sanctuary City Ordinances since 1989. Our city is a refuge for all who are seeking immigration protections; we must continue to offer the right to due process within the criminal legal system, as well as secure and strengthen local legal support to protect targeted communities.

We know that aggressive criminal justice initiatives like threats to detain and deport members of our families do not keep our communities safe nor well informed about their constitutional rights. Our city's Sanctuary Ordinance protects local rights of residents and families, ensuring that our local tax dollars are used to promote public safety measures for all San Franciscans. Family separation through mass deportation efforts are traumatic and costly and do not contribute to the safety and economic vitality of our city.

As community members, we call on this board to stand in the values of San Francisco by standing in solidarity with immigrant communities and advocates, upholding our Sanctuary City policies, and ensuring that the rights of our residents are protected.

Thank you.

From: [Calder Lorenz](#)
To: [Board of Supervisors \(BOS\)](#)
Subject: Public Comment: Item 37: Support for Supervisor Fielder's Resolution Affirming Sanctuary
Date: Tuesday, January 28, 2025 11:05:25 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

My name is Calder Lorenz, I live and work in the Mission District, and I am the Director of Community Engagement for The Gubbio Project. I am writing to voice our strong support for Supervisor Fielder's resolution affirming sanctuary in our City.

The Gubbio Project's mission is to be in community with and to provide a sacred space and sanctuary for unhoused people in need of safe, compassionate respite during the day. Our program is housed at St. John's in the Mission and currently provides critical services to 100 individuals daily through a highly unique and successful model that combines social justice, peer support, and harm reduction. The Gubbio Project calls for a more just, compassionate and non-punitive approach by public agencies and policymakers. Rooted in Franciscan values of justice, interconnectedness, and compassion, The Gubbio Project supports immigrant rights as an expression of our commitment to welcoming the stranger, honoring the interconnectedness of all creation, and advocating for the vulnerable.

Supervisor Fielder's Sanctuary Ordinance upholds our values of inclusivity, equality, and dignity

- Refugees and immigrants, comprising one in every three San Francisco residents, are a vital part of our city's heart and identity.
- San Francisco's historic Sanctuary Ordinance, adopted in 1989 and one of the first in the country, is critical to upholding our values of equality and inclusion, and to building strong, safe communities.
- Immigrants are a vital and inseparable part of our city, our families, communities, workplaces, and neighborhoods.
- We believe in equality and opportunity for all. San Francisco should not use our local resources to deport immigrants and undermine community trust.

Sanctuary laws strengthen community safety

- Our Sanctuary ordinance promotes community safety. This long-standing law helps victims and witnesses, including survivors of domestic violence, come forward to get the help they need without fear of deportation.
- [Study](#) after [study](#) has confirmed the public safety benefits of Sanctuary policies. Cities and counties with Sanctuary policies have less crime and are more economically prosperous.
- Our Sanctuary Ordinance keeps families together and ensures our local tax dollars are used to promote safety for all San Franciscans, not to separate families through mass deportation.
- - Sanctuary ensures that all San Francisco residents can participate in our

communities. Everyone deserves to feel safe bringing their children to school and accessing care and support - such as going to the hospital - without fear of discrimination based on the color of their skin or being subjected to ICE detention and deportation.

- Sanctuary policies ensure that local law enforcement does not assist ICE with deportations and have kept thousands and thousands of families together.
- San Francisco was one of the first Sanctuary cities in the country and has led the way for over 350 other jurisdictions to adopt Sanctuary laws.
- - California has a statewide Sanctuary law, SB 54, enacted under Trump's first-term.
 - Counties throughout the Bay Area also have been adopting local policies to not assist with deportations. All nine Bay Area counties, as well as counties with large immigration populations like Los Angeles, have moved toward adopting policies that create a bright line separation from ICE.

Ending the District Attorney's collusion with federal agencies

- Throughout the past year, the San Francisco District Attorney's collusion with federal agencies has set up a two-tiered system of justice that discriminates against and deprives immigrants of due process, fast-tracks people into deportation, and subjects victims of labor trafficking to life-threatening conditions.
- The DA must end this practice because it funnels our communities into Trump's deportation machine, and violates the consensus we have on sanctuary today.
- When Trump has already stoked so much fear in our communities, the collusion between the DA and federal agencies makes it harder for people to show up to their local court hearings for fear of immigration enforcement.
- - This practice has led to [traumatic arrests, including that of several young mothers](#), at the San Francisco courthouse. It singles out and scapegoats the immigrant community for the tragic fentanyl overdose crisis, and violates our consensus on San Francisco's historic Sanctuary law, which is crucial to building strong, safe communities.
- Today, when hateful, anti-immigrant rhetoric is on the rise across the country, we staunchly oppose any efforts to scapegoat our friends, family, and neighbors who are immigrants.

We know that now is the time to support our community through a collective coming together so that we can stand with the most vulnerable in our society and community, leading with love and courage.

In Community, C

Date: Monday, January 27, 2025 9:16:00 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I am writing to urge you in the strongest possible terms to approve Supervisor Fielder's [resolution](#) affirming San Francisco's long standing Sanctuary City ordinance. I am a fifty year resident of San Francisco and also a leading member of the California Coalition for Women Prisoners (CCWP) which includes incarcerated and formerly incarcerated members, many of whom are immigrants. I am proud that San Francisco was one of the first cities in the country to adopt a sanctuary ordinance in 1989 which reflects our historic values of equality and inclusion which are fundamental for building strong and safe communities.

As an organization that works to defend and support women and transgender people who have been caught up in the criminal legal system, I want to particularly focus on the harmful, violating role that D.A. Jenkins is playing regarding justice for immigrants which is antithetical to sanctuary values. The District Attorney's collusion with federal agencies has set up a two-tiered system of justice that discriminates against and deprives immigrants of due process, fast-tracks people into deportation, and subjects victims of labor trafficking to life-threatening conditions.

The DA must end this practice because it funnels our communities into Trump's deportation machine, and violates San Francisco's consensus on sanctuary!

When Trump has already stoked so much fear in our communities, the collusion between the DA and federal agencies makes it harder for people to show up to their local court hearings for fear of immigration enforcement.

This practice has led to [traumatic arrests, including that of several young mothers](#), at the San Francisco courthouse. It singles out and scapegoats the immigrant community for the tragic fentanyl overdose crisis, and violates our consensus on San Francisco's historic Sanctuary law, which is crucial to building strong, safe communities.

I am unable to attend Tuesday's Board of Supervisor meeting but I sincerely hope that you will listen to my heartfelt comments as well as all those you will hear at the meeting and approve Supervisor Fielder's resolution!

Sincerely,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello,

I go to school in San Francisco, have family in San Francisco, and we all live and work throughout the Bay Area. I'm comforted by Supervisor Fielder's resolution re-affirming the city's sanctuary policy but I am still frightened and angry about the reasons we have to do this. I urge every city and town in California to follow suit -- to become a sanctuary city, if they're not one already, and to commit to protecting our family, friends, and neighbors. We need to make sure that our resources are not being used to inhumanely displace people.

I'm especially concerned about people who are undocumented and have been incarcerated. These people face double vulnerability. I'm also concerned about children in our public school system. One of my family members is a public school teacher and the teachers are running drills and refreshing themselves on what to do if ICE is on school grounds. It's a shame that they have to do that, but we must stay vigilant. I urge the city to pass this resolution and for our local politicians to continue to voice that we want California to be a SANCTUARY STATE FOR ALL. Movement and migration are human rights. Movement and migration are beautiful.

Thank you,
Grace
