Dear Lt. Ryan,

I hope this email finds you well.

The San Francisco Police Community Foundation is dedicated to support the San Francisco Police Department. With that intent, the Foundation will help the Police Department procure state-of-the-art equipment and technology to support and expand the capabilities of the Real Time Investigations Center. In support of this cause, a donation will be made from the Foundation exceeding 9.3 million dollars.

Thanks again for all that you do for our community and keep up the amazing work!

Warm regards,

Derick Brown  
Board President  
SF Police Community Foundation
