17 Section 1. Findings.

18 (a) Urban Areas Security Initiative ("UASI") Program. The United States Department of
19 Homeland Security ("DHS") has a Homeland Security Grant Program, which includes the
20 UASI Program. The UASI Program addresses the unique planning, equipment, training, and
21 exercise needs of high-threat, high-density Urban Areas, and assists those areas in building
22 an enhanced and sustainable capacity to prevent, protect against, respond to, and recover
23 from threats and acts of terrorism. DHS distributes UASI Program grant funds to recipient
24 jurisdictions in California through the California Governor's Office of Homeland
25 Security ("OHS"), which administers the UASI Program within the State.

1 (b) SUASI Region. Beginning in fiscal year 2006-2007, DHS combined the three
2 separate Urban Areas of the City and County of San Francisco, the City of Oakland, and the
3 City of San Jose into a single, combined Bay Area Urban Area ("Super UASI" or "SUASI
4 region") for the purposes of application for and allocation and distribution of UASI grant funds.
5 The SUASI region includes the ten contiguous Bay Area counties and other Bay Area
6 governmental jurisdictions within those counties.

7 DHS continued the SUASI region structure for the fiscal year 2007-2008 UASI
8 Program, and again for the 2008-2009 UASI Program.

9 (c) Urban Area Working Group ("UAWG") Requirement. For the UASI Program, DHS
10 requires each Urban Area receiving funds to establish an UAWG to act as an executive
11 steering committee and to provide overall governance of the UASI Program across the
12 regional area encompassed within the defined Urban Area, to coordinate development and
13 implementation of all UASI Program initiatives within the applicable region, and to ensure that
14 all programmatic requirements associated with participation in the UASI Program are fulfilled.

15 (d) SUASI Region Approval Authority. In connection with the fiscal year 2006-2007
16 UASI Program, the City and County of San Francisco, the City of Oakland, the City of San
17 Jose, Alameda County, and Santa Clara County jointly committed to cooperate for the
18 purposes of applying for, allocating and distributing UASI grant funds. Those jurisdictions
19 entered a Memorandum of Understanding dated July 1, 2006 ("2006 MOU") setting forth their
20 agreements regarding the SUASI region mission, governance structure, responsibilities,
21 reporting structure and financial arrangements, and establishing structures, processes and
22 mechanisms to use in applying for, allocating and distributing UASI Program grant funding for
23 the SUASI region. The 2006 MOU created a SUASI Region Approval Authority, comprised of
24 representatives from City and County of San Francisco, the City of Oakland, the City of San
25

1 Jose, Alameda County, and Santa Clara County, and also created an Advisory Group and a
2 Management Team, with working groups, to support and assist the Approval Authority. DHS
3 and OHS approved the Approval Authority and related layers of governance structure created
4 in the 2006 MOU as the UAWG for the SUASI region.

5 In connection with the fiscal year 2007-2008 UASI Program, the City and County of
6 San Francisco, the City of Oakland, the City of San Jose, Alameda County, and Santa Clara
7 County renewed their commitment to cooperate for the purposes of applying for, allocating
8 and distributing UASI grant funds. Those parties developed an updated Memorandum of
9 Understanding dated July 1, 2007 ("2007 MOU") regarding the SUASI region mission,
10 governance structure, responsibilities, reporting structure and financial arrangements, and
11 establishing structures, processes and mechanisms to use in applying for, allocating and
12 distributing UASI Program grant funding for the SUASI region. The 2007 MOU continued the
13 Approval Authority and Management Team structure through the term of that MOU
14 (December 31, 2010). DHS and OHS approved the governance structure in the 2007 MOU
15 as the UAWG for the SUASI region for fiscal year 2007-2008 and again approved that
16 governance structure for fiscal year 2008-2009.

17 (e) Methodology for allocating funds; San Francisco as primary grantee and fiscal
18 agent for SUASI region. DHS requires each UAWG to develop a methodology for allocating
19 UASI grant funds. The 2006 MOU established procedures for the Approval Authority to
20 allocate UASI funds throughout the SUASI region, designated the City and County of San
21 Francisco as the primary grantee of UASI funds for the SUASI region, and designated San
22 Francisco as the fiscal agent for the Approval Authority. Under the 2007 MOU, the Approval
23 Authority continued as the decisionmaker regarding allocation and distribution of UASI grant
24 funds within the SUASI region; and San Francisco continued as the primary grantee of UASI
25

1 funds for the SUASI region and the fiscal agent for the Approval Authority. Consistent with
2 the 2007 MOU, San Francisco will disburse fiscal year 2008-2009 UASI funds to jurisdictions
3 in the SUASI region pursuant to the Approval Authority's direction.

4 (f) DHS grant guidelines require jurisdictions to submit information by project letter and
5 amount to their legislative bodies for review and approval. The following fiscal year 2008-
6 2009 UASI projects and their dollar amounts are: Project A, Interoperable Communications -
7 \$7,291,595; Project B, Regional Exercises - \$1,144,310; Project C, Regional Training -
8 \$2,344,310; Project D, Community Resiliency - \$424,310; Project E, Information Sharing &
9 Collaboration/Critical Infrastructure - \$3,074,310; Project F, Mass Care - \$1,274,310; Project
10 G, Catastrophic Incident Planning & Regional Collaboration - \$7,209,310; Project H, CBRNE
11 Detection & Response - \$1,264,305; Project I, Medical & Public Health Preparedness -
12 \$1,124,310; Project J, Emergency Management Mutual Aid & Catastrophic Event Planning -
13 \$774,310; Project K, Joint Interoperable Communication with Sacramento UASI - \$624,310;
14 and Project L, Multi-UASI Integrated Records Management System - \$3,174,310. The term of
15 the fiscal year 2008-2009 UASI grant is from October 23, 2008 through May 31, 2011.

16 (g) The City and County of San Francisco has participated in federal and state
17 homeland security grant programs since their inception, and deems participation in those
18 programs as vital to the continued well-being of its citizens.

19 (h) The City and County of San Francisco intends to use a portion of the UASI grant to
20 continue funding for certain positions and to create certain new positions within the City and
21 County. A spreadsheet reflecting the Department, Program, Index Code, Classifications, Job
22 Titles, and Compensation Schedules for the new positions is on file with the Clerk of the
23 Board of Supervisors in File No. 081499, which is hereby declared to be a part of
24 this ordinance as if set forth fully herein.
25

1 Section 2. Authorization to Accept and Expend Grant Funds. The Board of
2 Supervisors hereby authorizes the Department of Emergency Management to retroactively
3 accept and expend, on behalf of San Francisco, as the primary grantee of UASI funds for the
4 SUASI region and as the fiscal agent for the Approval Authority, \$29,724,000 in fiscal year
5 2008-2009 UASI grant funds from the United States Department of Homeland Security,
6 through the California Governor's Office of Homeland Security, for the period October 23,
7 2008 through May 31, 2011. The grant does not include any provisions for indirect costs, and
8 indirect costs are hereby waived.

9 The Executive Director of the Department of Emergency Management, or designee, is
10 further authorized to furnish whatever additional information or assurances the United States
11 Department of Homeland Security or the California Governor's Office of Homeland Security
12 may request in connection with this grant, to execute any and all agreements or other
13 documents, and to take any other steps necessary to accept, distribute and expend the grant
14 funds.
