

**Department of Health & Human Services  
Centers for Disease Control and Prevention (CDC)  
Integrated HIV Surveillance and Prevention Programs for Health Departments  
(CDC)**

REQUIRED INFORMATION, PER SF ADMINISTRATIVE CODE SEC. 10.170(B)

**Funding Source's Grant Criteria**

The San Francisco Department of Public Health is currently a recipient of the HIV Prevention Project grant PS12-1201 in the amount of \$5,692,956 and an HIV Surveillance Grant PS13-1302 in the amount of \$1,291,776 from the Centers for Disease Control and Prevention (CDC), Department of Health & Human Services. The grant is awarded to the City and County of San Francisco.

Applications for PS18-1802 may be submitted by State, local, and/or territorial health departments currently funded under funding opportunity announcements PS12-1201: Comprehensive Human Immunodeficiency Virus (HIV) Prevention Programs for Health Departments and PS13-1302: National HIV Surveillance System (NHSS), or their Bona Fide Agents. Awards will be allocated using a funding algorithm that is based on 2014 prevalence data (the relative share of the unadjusted number of people living with HIV through 2014 attributable to each eligible jurisdiction).

**Department's Most Recent Grant Application Materials**

Year 2018 application announcement for the CDC Integrated HIV Surveillance and Prevention Programs for Health Departments grant had been issued to the Department on June 28, 2017 and due on September 13, 2017. Please see Attachment A for the latest application materials dated September 12, 2017 for calendar year 2018.

**Anticipated Funding Categories That The Department Will Establish In The Subsequent Request For Proposals (RFPs) Process**

The funds are awarded to the Department on an annual basis to cover an integrated HIV Surveillance and Prevention Program for San Francisco residents. The funds are utilized to support epidemiological activities required to support this system of HIV prevention as well as direct services provided by the Department, or those subcontracted to qualified contractors selected through RFP.

Required Strategies and Activities of PS18-1802 are 1) systematically collect, analyze, interpret and disseminate HIV data to characterize trends in HIV infection, detect active HIV transmission, implement public health intervention and evaluate public health response; 2) identify persons with HIV infection and uninfected person at risk for HIV infection; 3) develop, maintain and implement plan to respond to HIV transmission clusters and outbreaks; 4) provide comprehensive HIV-related prevention services for persons living with diagnosed HIV infection; 5) provide comprehensive HIV-related prevention services for HIV-negative persons at risk for HIV infection; 6) conduct perinatal HIV prevention and surveillance activities; 7) conduct community-level HIV prevention activities; 8) develop partnerships to conduct integrated HIV prevention and

care planning; 9) implement structural strategies to support and facilitate HIV surveillance and prevention; 10) conduct data-driven planning, monitoring, and evaluation to continuously improve HIV surveillance, prevention and care activities and 11) build capacity for conduction effective HIV program activities, epidemiologic science and geocoding.

**Comments From Any Relevant Citizen Advisory Body**

The HIV Community Planning Council (HCPC) works with the health department to write the Prevention Plan, upon which the application for funding is based and all RFPs are based. A list of the HPPC members is included in Attachment B.
