6. Methodology:

The San Francisco AIDS Foundation (SFAF) Rental Subsidy Programs will operate between the hours of 9 a.m. to 5 p.m. Monday through Friday at 1035 Market Street, San Francisco.

STANDARD RENTAL SUBSIDY (STD-RSP)

Outreach, Recruitment, and Promotion

As subsidy slots become available, SFAF staff calls the City's HIV Housing Referral List (HHRL) to get names as the single referral mechanism.

Admission, Enrollment, and Intake Criteria and Process

Subsidy Eligibility Criteria

- a. Resident of San Francisco
- b. Gross Annual Family Income no greater than 30% of median income as defined by HUD. HUD's figures for 2014 are:

Family Unit	Income Cap	Family Unit	Income Cap
1 Person Family	\$23,250	5 Person Family	\$35,900
2 Person Family	\$26 ,60 0	6 Person Family	\$38,550
3 Person Family	\$29,900	7 Person Family	\$41,200
4 Person Family	\$33,200	8 Person Family	\$43,850

- c. Individuals must be able to or be assisted to secure their own lease, and to be in the process of learning how to live independently or be capable of living independently in the unit once a lease agreement is signed.
- d. Disabling HIV or AIDS diagnosis.

Once referred to the program, the Non-Medical Case Manager (NMCM) will meet with the client to verify that eligibility criteria for the subsidy still apply to the client's current circumstances.

SFAF provides the HHRL staff with updates on all individual referrals. The Housing and Benefits Director returns the referral disposition form monthly so that the HHRL database is updated. Individuals who are not placed in a subsidy slot are put back on the list in their original Brief Enrollment position for referral to other housing programs with openings. Changes to the client's HHRL data are documented via a pre-placement change form by the NMCM, and submitted to the HHRL program to ensure that client's record is updated.

A second assessment will be made by the NMCM of the client's ability to live independently or client is in the process to learn how to live independently. If in question, the NMCM will refer the client to a medical or mental health provider for a formal assessment. If the assessment indicates that the client is unable to live independently, the NMCM links him/her to appropriate advocacy and notify the Housing Wait List of the client's particular housing needs.

Clients found not to be currently eligible for the program (for instance, those who no longer meet the program eligibility criteria) are referred back to the HHRL for a referral to the next available appropriate housing program. If the client's eligibility changes at a later date, s/he is re-referred to SFAF for consideration when there is another opening in the Rental Subsidy Program.

Acceptance into the Program

Upon completion of the eligibility review, the NMCM goes over the STD-RSP policies and procedures booklet with the client. This document describes both the program's and clients' general requirements and expectations. Then, NMCM completes the intake and updates electronic information in ARIES and SFAF internal database.

Upon initial acceptance into the program, the prospective subsidy recipient is also given information regarding the unit size and rent cap for which s/he has been approved and a packet of information to assist in the housing search. This packet includes a letter of introduction explaining the subsidy program that clients may present to prospective landlords.

Individual Housing Search

The NMCM is available to clients to assist in their housing search by providing them materials, coaching and training, how to complete a rental application, how to conduct a housing interview, how to present the subsidy program to landlords, how to protect their confidentiality rights and inform them about their right and responsibilities as a tenant with fixed income and a disability. NMCM provides clients with continuing support, suggestions, organizational and informational tips, and landlord/housing advocacy to assist with the housing search. NMCM works in coordination with clients and any other City's service providers assisting them in their housing search.

Client Confidentiality

SFAF maintains a Doing Business As fictitious business name known as the San Francisco Housing Coalition (SFHC). All rental subsidy payments are sent on the Coalition's Letterhead. The SFHC has its own phone number, business cards, letterhead stationery webpage and checks, thus ensuring that client confidentiality regarding HIV status is maintained by the program.

Prospective Unit and House Inspections

When clients locate a housing unit, the NMCM inspects the unit, following the Housing Quality Standards (HQS) procedure to ensure the unit meets minimum requirements criteria for health and safety.

Appendix A-1 CMS 7035 Every NMCM is a certified house inspector, who is able to conduct an inspection on demand for new clients, moves or when clients needs documented evidence to present to landlords/property manager for building maintenance or tenant/landlords related disputes.

SFAF HQS are adapted from the HUD guidelines, which defines the minimum requirements that ensure the unit is habitable, safe and sanitary. The prospective client notifies the NMCM the need to inspect a unit by showing a completed, but not necessarily signed lease, rental agreement or a letter of intent to rent the unit. At all points in the inspection process described below, clients are either be directly involved with coordinating the inspection with the landlord, or are in communication with the NMCM as the process proceeds.

A NMCM conducts the HQS within a week of the request. The unit is assessed in the following areas during each inspection: kitchen equipment, bathroom fixtures, building exterior, heating and plumbing conditions, general health and safety conditions, electrical fixtures, outlets, windows, locks, doors, conditions of the walls, floors and ceilings.

The NMCM informs the client and landlord of all inspection results. A copy of the *Unit Condition and Inventory Survey*, which documents the inspection is placed in the individual client's chart.

If the unit fails the initial inspection, the NMCM coordinates a second HQS when the failed items have been reported as corrected by the landlord. If problems with the apartment still exist after the second inspection, the NMCM arranges for a third inspection to ensure that all initially documented problems have been corrected. If the apartment does not pass the third inspection, clients are asked to seek another unit.

Once the unit passes the HQS, the NMCM notifies the client. An appointment is set up to complete the program's final paperwork, determine his/her rental share and agree upon a timeline for the first rental subsidy payment to be sent to the landlord.

Rental Share Calculation

The SFAF subsidy amount is the difference between the total rent for the unit and the client's rental share. The client's rental share is based on 30% of client's total adjusted monthly family income.

The NMCM is responsible for reviewing, and if necessary, making a recalculation of all program participants' rental share on at least an annual basis based on the client's income at that time. The program agreement advises subsidy recipients that SFAF expects notification if their monthly income or rent increases or decreases by \$40 at any other time and if there are changes in landlord/property managers or household configuration.

Return to Work Efforts

Appendix A-1 CMS 7035

Amendment: 02/01/2015

The program supports and encourages clients' efforts to return to work and staff is trained to council clients regarding work related issues. The program has policies and procedure to support rental subsidy clients that have been receiving disability benefits and are interested In working, A three-step policy is designed to allow client to try to explore if work is possible before it affects their participation in the rental subsidy program. It is also based on the idea that client will keep their NMCM informed of their work situation on a regular basis.

Subsidy Activation

Upon completion of the rent share calculation, the NMCM submits the paperwork to the Housing and Benefits Director (HBD) for revision and final approval. The Director then forwards subsidy packet to the SFAF Finance and Administrative Department with Instructions to begin sending monthly subsidy payments to a specific landlord/property manager. Concurrently, the NMCM mails a letter to the landlord and client displaying the amounts that are covered by the San Francisco Housing Coalition (SFHC) and the client's rental share.

SFAF mails the subsidy payment in enough time for the landlord to receive it by the 1st of each month (unless the initial rent/payment is due on another date). Program participants are expected to pay their rental share directly to the landlord on the due date, as stated in the lease.

NMCM assesses the need to pay last month's rent and/or security deposit as a lease condition. If a security deposit is available through SFAF, the NMCM requires client and the landlord to sign a Security Deposit Agreement stipulating return of the deposit to San Francisco Housing Coalition (SFAF) when the client vacates the unit or to show documentation if part or the entire security deposit was used to repair the unit.

When the first payment is sent, the client is responsible for finalizing and signing the lease with the landlord/property manager, as well as the security deposit agreement, if applicable. A copy of each document is kept in the client's file.

Rent Caps

They are based on Housing Urban Development (HUD) Proposed Fair Market Rents. The program will adjust these figures to match any SF-HA increases/decreases should an adjustment take place during the contract period to ensure that clients have the best possible chance for utilizing their subsidy award.

Amendment: 02/01/2015

Contractor: San Francisco AIDS Foundation Program: Housing Rental Subsidies Exhibit A-1 Contract Term: July 1, 2011 – June 30, 2016 Funding Source: General Fund

Assessment and Service Plan

After the subsidy has been activated in behalf of the client, the NMCM assists the subsidy participants to complete a comprehensive psychosocial, prevention and financial benefits assessment. Following the San Francisco DPH "Making the Connection: Standards of Care for Client-Center Services" and Center for Disease Control "Comprehensive Risk Counseling and Services", NMCM assesses eleven psychosocial, environmental, prevention and financial benefits categories. With the results, the NMCM assists clients to develop a short or/and long term service/care plan. Objectives on each category are recorded in ARIES' progress note section. NMCM provides information and referral to overcome any barriers to complete each objective, monitors and documents the progress and outcomes of each objective. NMCM focuses on housing and financial benefits needs and works closely with other City's service providers to prevent duplication of service and coordinate needed interventions.

SFAF Internal Referrals

Clients are also assessed for SFAF internal services. Client are invited to access other SFAF services and resources (not funded by this contract), such as prevention community building programs (Black Brothers Esteem, Latino Support Group and Speed Project); mental health and/or substance use services with Stonewali; participate in the needle exchange program, and access health community resources through Magnet. Depending on capacity, rental subsidy participants receive priority to access to resources within all SFAF programs and services.

Referral to Case Management and Other Services

At any time in the program's service delivery process, the rental subsidy client may be referred to a city-funded money management, legal assistance, mental health and/or primary care services. Such a referral could be made by client request and/or by virtue of the NMCM's assessment and determination of need.

Specific situations that automatically triggers a referral by the NMCM include, but are not exclusive to:

- Questions on Landlord and Tenant Rights and Responsibilities
- Budget Skills
- Declining health
- Behavioral challenges

SFAF recognizes that access to primary medical care and treatment adherence is critical to health outcomes and the well being of the program's participants. Therefore, the NMCM makes every effort to link clients with medical services.

SFAF also views client advocacy as an essential service link and a tool central to the maintenance of a stable living situation. Program staff works closely with case management

providers to ensure that timely access to case management support and/or peer advocacy is available to rental subsidy individuals, when appropriate.

Due to psychosocial and environmental challenges a segment of the Rental Subsidy participants demonstrate ongoing or sporadic high risk behaviors; NMCM will take an active role with this targeted sub-population to assess clients' behaviors and provide HIV/AIDS prevention support in the form of individual and/or group interventions to reduce the risk of infecting others and reduce the subsidy participant's exposure to other infections.

In an effort to ensure clients maintain their housing, clients are required to enter money management if they show challenges in meeting financial responsibilities. This stipulation is described in the program agreement signed by the client at the time of the entry into the program. A letter of cooperation with Lutheran Social Services Money Management Program is maintained.

SHALLOW RENTAL SUBSIDIES

Outreach, Recruitment, and Promotion

The contract funding provides Shallow Rental Subsidies to Centers of Excellence (CoE), St. Mary's Medial Center and aging out young adults from Larkin Street Youth Services (through SFAF's DREAAM Program) during each contract year. Each referent is allocated slots based on referral history and size of client population served. When all slots have been filled, referents have access to slots created when one of their corresponding clients exits the program. If a CoE is unable to fill subsidy slots within 30 days of a vacancy, the San Francisco AIDS Foundation will use a rotation process to find a referral, asking the next referent agency for a referral, until the slot is filled.

Admission, Enroliment, and Intake Criteria and Process

Subsidy Eligibility Criteria

- a. Resident of San Francisco
- , b. Gross Annual Family Income no greater than 30% of median income as defined by HUD 2014 figures are:

Amendment: 02/01/2015

d. Currently or chronically homeless or imminently homeless (imminently homeless is defined as paying 50% or more of monthly income toward rent)

Client Access

Upon determination that a client meets the eligibility criteria, the CoE Case Manager will submit the referral packet to SFAF-NMCM. The packet will include:

- Completed Shallow Rent Subsidy Referral
- Unit Inspection Request form (if needed),
- A completed lease or rental agreement or letter of intent,
- Signed Authorizations to Request/Release Confidential Information Forms,
- Proof of Income,
- Referent ensures that client record is updated in ARIES

The NMCM schedules an appointment with client or a case conference with referent case manager and client (if needed) to review client's eligibility. The NMCM also reviews the S-RSP policy and procedures to ensure that client understands the program requirements and expectations. If client already lives in a stable unit, the NMCM schedules an HQS appointment.

If client is looking for a unit, the NMCM follows these steps described above:

- Acceptance into the Program
- Individual Housing Search
- Client Confidentiality
- Prospective Unit and House Inspection

Rental Share Calculation

Income and rent caps are the same as the STD-RSP. Maximum subsidy award is based on a sliding scale displayed below. The maximum subsidy is displayed in the "Maximum Award Amount" column. Participants pay a minimum of 30% of income towards rent. Their rental share also includes any remaining total rent due after 30% of income plus the maximum award amount.

Maximum Award Amount	1 person income	Couple income	Family of 3	Family of 4
\$545	\$1 - \$650	\$1 - \$900	\$1-\$1000	\$1-\$1075

Service Delivery Model

Clients' Continuing Participation

NMCM constantly communicates with CoE case manager, who is responsible to report any changes in clients' housing situation, income and access to CoE services.

Signed Formal Agreement

The cooperative relationship between the CoE and SFAF is documented in a formal agreement signed by both agencies. The Memorandum of Understanding forms the basis for this agreement.

The agreement outlines each agencies responsibility and includes the information outlined below. Each agency is responsible for compliance with the terms of the signed agreement. If either agency expresses concern that the partner agency is not in complete compliance, HBD calls the referent agency contact person to address the concerns. If this is does not address the concerns, Director contacts referent agency director to address the issues and the final step is for Director from both agencies to meet and address the concerns, develop and implement a solution.

Responsibilities of the Centers of Excellence

The Centers of Excellence (CoE) agency agrees to:

- 1. Use the established referral process to access shallow rent subsidies for its clients, including completing the referral form and the housing inspection referral information.
- 2. Adhere to client eligibility criteria for shallow rent subsidies when screening and referring clients for shallow rent subsidies. Eligibility criteria for the program includes: Client must be HIV-positive, a Resident of San Francisco, have income of 30% of median income or less, and be currently, chronically or imminently homeless (imminently homeless is defined as paying 60% or more of monthly income toward rent).
- 3. Assist the client in locating housing and obtaining a lease or rental agreement.
- 4. When referring a client to the program, collect appropriate subsidy paperwork, including lease, current verification of client income (and partner's income as necessary), and release of information to landlord, and forward this information to SFAF.
- 5. Verify clients' continued participation in the shallow rent subsidy program each month, and notify SFAF of any changes in clients' circumstances (e.g. changes in income, household configuration, rental situation).
- 6. Obtain updated client income and rent verification annually and provide these documents to SFAF for the subsidy re-certification process.
- 7. Meet with SFAF twice a year for program coordination.
- 8. At the end of the contract period, complete the SFAF tracking form reporting on previously referred clients' housing status.
- 9. Enter and update client information in ARIES prior to making a shallow subsidy referral.

Responsibilities of the San Francisco AIDS Foundation

The San Francisco AIDS Foundation (SFAF) agrees to:

- 1. Track and report to the CoE Contact Person(s) and the Department of Public Health (DPH) the number of nights of shallow rent subsidy assistance each client received during a contract year. A record of all shallow rent subsidies administered by SFAF will be tracked through the ARIES and internal SFAF electronic system each month.
- 2. Meet with all clients referred for shallow subsidies to complete the intake process. This process entails confirming eligibility, computing the subsidy amount, signing the Program Agreement between the client and SFAF, and notifying the client, the landlord and the CoE when the subsidy will begin.
- 3. Conduct housing inspections on all units referred by the CoE for possible shallow rent subsidies.
- 4. Contact the CoE each month to verify clients' continued participation in the shallow subsidy program prior to making shallow rent subsidy payments to participating landlords.
- 5. Provide a Non-Medical Case Manager for all clients to serve as a contact person for subsidy-related services as needed. The SFAF Non-Medical Case Manager will also provide brief updates to the CoE case manager, and work in coordination with them as necessary.
- 6. Re-certify clients' eligibility for the program on an annual basis, with the assistance of the CoE case managers.
- 7. Track and monitor the number of subsidies being administered and the current expenditure levels.
- 8. Meet with the CoE twice a year to provide budget and service provision updates, and to ensure program coordination.
- 9. SFAF maintains the right to provide shallow subsidy services to clients according to the program policies and procedures stipulated in the Shallow Subsidy Program Agreement and the funding contract signed with the Department of Public Health.

PARTIAL RENTAL SUBSIDIES

HIV Housing Referral List (HHRL)

Potential P-RSP clients are referred through the HHRL. SFAF utilizes the HHRL as its method for identifying, screening and referring clients to the P-RSP. When a subsidy slot becomes available, SFAF's H&B Director calls the HHRL coordinator to get a number of referrals. A NMCM meets with client and reviews all information indicated on the comprehensive intake. This information assists staff to determine client's eligibility and ability to live independently. If substance use and/or mental health issues are evident at the time of Intake and appear to be significant in scope, the client is referred to undergo a clinical assessment.

If the client is found to be ineligible for the program, for instance, cannot live independently, or is not imminently homeless as defined below, s/he is referred back to HHRL for more

Appendix A-1 CMS 7035 appropriate housing. If the client is appropriate for the P-RSP, s/he is asked to submit additional documentation and a HQS is conducted of the client's unit.

Upon acceptance into the program, the client is tagged as *Temporarily Placed* in the HHRL's database, thus allowing him/her to maintain his/her original Brief Enrollment position, and insuring referral to other full rental subsidy programs or residential housing programs when space becomes available.

Previous year's experience indicates that P-RSP screening prepares clients to transfer to the STD-RSP when an opening occurs, as requested documents are checked and verified and clients' housing units have already been inspected to ensure they meet housing quality standards.

Eligibility Criteria

Program eligibility criteria will include the following:

- 1. Client must be a resident of San Francisco.
- Client must verify "very low" income status as defined by HUD. The client's annual income may not exceed 50% of median income (\$38,750.00). Acceptable forms of verification may include financial statement from the public benefits source or paycheck documentation if the client is working.
- 3. Client's current monthly rent equals or exceeds 50% of his/her monthly income (this eliminates the rental caps used currently for participants in the full subsidy program). If in a roommate situation or a couple/family, the client's portion of rent must be more than 60% of his/her income.
- 4. Client must be able to live independently or with in-home assistance.
- 5. Client must have had stable housing in the apartment being considered for a partial subsidy for at least three months.
- 6. Client must present a signed copy of the current lease agreement indicating monthly rent, terms of the lease and number of residents. If the client's name is not on the lease, the program requires a letter from the named tenant indicating that the client is subletting from the primary lease holder and from the landlord indicating that client is a current tenant and has been for at least three months.
- 7. Client must provide a letter of diagnosis for disabling HIV/AIDS.
- 8. Client's rental unit must meet HQS regulations specified by HUD.

Financial Management

SFAF regularly convenes a subsidy financial management meeting, attended by Vice-President of Program and Services, the Director of Government Contracts, the Contract and Budget Manager and Housing and Benefits Director to monitor the performance of the SFAF Rental Subsidy Program. The group reviews prior month financial data, monitor contract compliance, monthly landlord payment data, and allow timely program management of the subsidy program. SFAF utilizes a Housing Subsidy Monitoring Report to monitor financial data. The report allows the program to monitor average, actual and projected subsidy program costs by funding source. The report compares actual spending to funding source budgets to avoid any cost overruns or potential under-spending of funds. The report allows the program to forecast and address future capacity of the subsidy program, and enable the program staff to determine how and when to fill vacancies by set-aside population based on available funding.

Cultural Competency

SFAF ensures that the rental subsidy programs provide culturally competent services through its ongoing staff development activities. SFAF ensures that program staff is trained to recognize, understand and respect the different cultural backgrounds of Subsidy Program participants. Spanish-speaking SFAF staff works with monolingual Spanish-speaking clients to ensure their needs are understood and met. All program promotional materials are available in English and Spanish.

Participating staff is encouraged to take an active role in program development activities and to provide feedback to managing staff through routine individual supervision meetings, and unit/program meetings to ensure a responsive and respectful program design and service delivery.

Program Staffing

The position title, job responsibilities, and minimum qualifications of each contract funded staff position involved in the delivery of program services are explained below.

The Housing and Benefits Director (HBD) will be responsible for the overall oversight of the three subsidy programs and services. The HBD is responsible for on-going monitoring of program staff progress and the contract budget to ensure overall contract compliance, including tracking staff and program progress related to contract deliverables. The Director also oversees staff training and development. Additional duties include development and monitoring of long range planning.

The Director of Government Contracts is responsible for coordinating all program evaluation activities, including the design, testing, implementation and analysis of all evaluation data collection in conjunction with the HBD and other program staff. This position is also responsible for completion of all evaluation and reporting requirements to DPH.

The Contract and Budget Manager is responsible for managing the fiscal aspects of the housing subsidies program, including monitoring clients' subsidy eligibility and award calculations, developing spreadsheet and database systems to monitor client and landlord information and subsidy payments, processing monthly landlord payment requests, and generating periodic financial monitoring and forecasting reports. Supervises portions of the Payment Coordinator functions and serves as the primary liaison for HBD on fiscal matters.

Appendix A-1 CMS 7035 The NMCM provides direct services to persons with HIV/AIDS in acquiring services needed to assist subsidy clients in maintaining stable housing, including the administration of a housing subsidy. NMCM also ensures clients obtain all needed support services, including information and referrals, and is responsible for verifying initial housing inspections and for providing housing advocacy services. Additionally, they perform all individual rental share calculations for the STD- S- and P-RSP clients, and assure that the inspections of all rental subsidy units have been completed.

NMCM is responsible for developing housing resources for the STD-RSP potential participants, as well as attempting to identify more appropriate housing options for clients no longer eligible for the program. They provide ongoing assistance and advocacy to individuals who are locating units, including assisting with lease preparation, making payment arrangements and negotiating with landlords as needed. Each NMCM screens clients for eligibility, collect and verify admission criteria documentation, review individual income data and make the client share and subsidy portion determinations on an annual basis.

For S- and P-RSP participants, the NMCM is responsible for all HQS and performs all individual subsidy and rental share calculations for each client. The NMCM also verifies admission criteria documentation, review individual income data, facilitate monthly subsidy payments, and make the shallow rental subsidy and client rental share determinations on an annual basis.

ARIES

Direct service CARE-funded agencies are required to collect and submit, through the ARIES client registration system, unduplicated client and service data on all CARE-eligible clients receiving a CARE-funded service. Agencies comply with ARIES policies and procedures for collecting and maintaining timely, complete and accurate unduplicated client and service information in the ARIES database.

Service data for the preceding month, including Units of Service, is entered into ARIES by the fifteenth (15th) working day of each month. The deliverables in ARIES are consistent with the information that is submitted to Housing and Urban Health on the "Month Statements of Deliverables and Invoice" form with 90 days following the month of service (to allow for corrections).

Registration data is entered into ARIES within 48 hours or two working days after data is collected so that ARIES clients is able to access services at other agencies without repeating the registration process.

This contract does not have CARE funding but utilizes the ARIES system for client data collection.

Incentive Distribution

Incentives, which include Grocery Safeway Cards, MUNI tokens, Household Goods Vouchers, Fast Food Vouchers and Taxi Scrip are made available to all rental subsidy clients, upon availability. Each kind of voucher listed below is utilized by NMCM as incentives in their ongoing efforts to support the clients' needs and efforts towards housing situation stabilization and self advocacy.

Grocery Vouchers: Depending on clients' specific needs and circumstances, NMCM provides a \$50 Safeway Gift Card.

MUNI Tokens: NMCM utilizes bus tokens to assist clients in their on-going client stabilization efforts. For example, bus tokens could be given to a client who is looking for housing, needs to keep a medical, substance abuse treatment or social support services appointments.

Household Goods Vouchers: Every new client has access to \$200 worth of Goodwill Vouchers upon admission and depending on client needs to get household goods to stabilize clients' housing condition. Thereafter, RSP clients can access up to \$50 worth of Goodwill Vouchers on a yearly basis if client confronts financial hardship. Special emergencies and circumstance are evaluated on behalf of client; NMCM consults with other services providers and HBD to dispense additional vouchers.

Fast Food Vouchers: Depending on need and client-specific circumstances, most clients receive a \$5 or \$10 Fast Food voucher at a time.

Taxi Scrip: Taxi Scrips are utilized to assist clients with an urgent need. Such urgent (but nonemergency) situations could include the client who needs assistance in keeping a medical appointment and/or who, because they are in a fragile ambulatory condition need special assistance with transportation (e.g., moving from one hotel to another hotel). Clients that are medically indicated (but ambulatory and not medically unstable enough to call 911) would be issued taxi scrip and encouraged and supported in immediately seeking support (such as medical assistance).

All vouchers are stored in a locked file cabinet located in the agency's Finance Department and select a small amount to place in a locked file cabinet in the locked chart room in the program and service area for easy access. NMCM distributes the vouchers according to the department's voucher policy and procedure. Every distributed voucher is recorded in a SFAF-voucher receipt and entered in ARIES as unit of service. The original copy of the voucher receipt is placed in client chart and the copy is placed in the locked file cabinet. HBD keeps an inventory at all times.

7. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the HUH document entitled <u>HUH Performance Objectives FY14-15</u>.

Appendix A-1 CMS 7035 8. Continuous Quality improvement:

The following is a summary of steps taken by SFAF to ensure that all services follow professional and program standards.

<u>Quality improvement Plan</u>: SFAF HBD is responsible for the development, implementation and review of the department's quality improvement plan. In general, staff oversight and performance monitoring is facilitated through bimonthly supervision and weekly departmental administrative and clinical meetings. Policies regarding staff conduct are clearly delineated in the agency's Personnel and Policy Manual, a copy of which is distributed to all new employees. Training and in-service are facilitated and scheduled as needed (*Review of Staff Training Plan*).

infection Control/TB Control Universal Precautions: All program staff is required to receive annual PPD (TB) screenings or every two year present the result of chest-x rays and an infection control/universal precautions training is provide to information staff regarding the potential spread of infectious llinesses to persons with compromised immune systems.

<u>Review of Staff Training Plan</u>: SFAF requires program staff to attend in-services and training on topics relevant to the program's work with targeted client populations. In-service and training are designed to improve linkage with other service providers, facilitate access to services and improve quality of program services.

<u>Medical Protocol</u>: All emergencies are handled by the Manager Officer of the Day (MOD), a rotating group of managerial staff, whose function is to handle all types of emergencies including disruptive behaviors, violence or medical or substance abuse crises. In a medical emergency, the MOD first calls for medical assistance, and then personally assists the individual when possible.

Monthly statement of **deliverables** and invoice, narrative reports, annual administrative reports, monitoring report protocols, and any other reports or forms is submitted in a timely manner to the Department of Public Health, Housing and Urban Health Division.

<u>Chart Review:</u> The HBD conducts a review of 15% of randomly selected subsidy participants' confidential charts and corresponding electronic record (ARIES and SFAF internal database) through regular bi-weekly chart review from all NMCM caseloads. A Quality Assurance and Quality Improvement (QA/QI) Chart Review Form is used to facilitate the process and assure that all Federal, State, Local and agency's requirements are met for each reviewed chart. If a discrepancy is identified, Director addresses discrepancies with corresponding NMCM during individual supervision, develops and Implements a correction plan to meet all requirements within a month from the meeting. The QA/QI individual Chart Review Forms is kept together with a Chart Review Log in a binder in the chart room in a locked cabinet for internal and external reviews.
