

Dear Members of the Board of Supervisors,

On behalf of the Code Enforcement Outreach Program (CEOP) and SRO Collaboratives—including the Mission, Chinatown, Central City, and SRO Families United Collaboratives—we are writing to express our strong support for the reappointment of **Alysabeth Alexander-Tut** to the Building Inspection Commission for **Seat #5**.

Our programs work directly with residents of SRO hotels through a comprehensive, community-centered, peer-to-peer model focused on habitability, housing stability, and tenant empowerment. Additionally, the CEOP plays a critical role in supporting both tenants and owners while fostering effective collaboration with the Department of Building Inspection. Through peer-to-peer tenant outreach, we help tenants and property owners navigate code enforcement issues and bring buildings into compliance.

Commissioner Alexander-Tut brings invaluable experience and insight to the Commission, grounded in her many years of working alongside tenants facing code violations. She deeply understands that how code enforcement is applied—and with what intent—can have serious impacts on tenants and low-income communities. Her commitment to equitable, community-based code enforcement ensures that enforcement protects renters, preserves affordable housing, and prevents displacement.

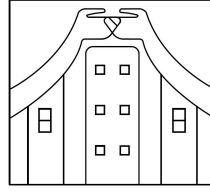

Commissioner Alexander-Tut's thoughtful, collaborative leadership style and her strong relationships with both community stakeholders and city departments allow her to skillfully navigate complex issues while always centering the needs of vulnerable residents. She has consistently demonstrated integrity, compassion, and a deep commitment to providing equitable service to all San Franciscans.

These values and qualities matter most to our members and the communities we serve. We urge you to support her reappointment to the Building Inspection Commission. We are confident that she will continue to serve with the same dedication and excellence she has shown throughout her tenure.

Thank you for your time and consideration.
