10.15. Nonprofit Contractor Requirements.

10.15.1. Good Standing. If Contractor is a nonprofit organization, Contractor represents that it is in good standing with the California Attorney General's Registry of Charitable Trusts and will remain in good standing during the term of this Agreement. Contractor shall immediately notify City of any change in its eligibility to perform under the Agreement. Upon City's request, Contractor shall provide documentation demonstrating its compliance with applicable legal requirements. If Contractor will use any subcontractors to perform the Agreement, Contractor is responsible for ensuring they are also in compliance with the California Attorney General's Registry of Charitable Trusts for the duration of the Agreement. Any failure by Contractor or its subcontractors to remain in good standing with applicable requirements shall be a material breach of this Agreement.

10.15.2. Public Access to Nonprofit Records and Meetings. If Contractor is a nonprofit organization; provides Services that do not include services or benefits to City employees (and/or to their family members, dependents, or their other designated beneficiaries); and receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds, Contractor must comply with the City's Public Access to Nonprofit Records and Meetings requirements, as set forth in Chapter 12L of the San Francisco Administrative Code, including the remedies provided therein.

Contractor shall commit sufficient resources for timely completion within the project schedule

3.4 **Article 13 Data and Security.** *Article 13 of the Agreement is replaced in its entirety to read as follows:*

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 Protection of Private Information. If this Agreement requires City to disclose "Private Information" to Contractor within the meaning of San Francisco Administrative Code Chapter 12M, Contractor and subcontractor shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Contractor is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 City Data; Confidential Information. In the performance of Services, Contractor may have access to, or collect on City's behalf, City Data, which may include proprietary or Confidential Information that if disclosed to third parties may damage City. If City discloses proprietary or Confidential Information to Contractor, or Contractor collects such information on City's behalf, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved.

13.3 Reserved.

13.4 Management of City Data.

13.4.1 Use of City Data. Contractor agrees to hold City Data received from, or created or collected on behalf of, City, in strictest confidence. Contractor shall not use or disclose City Data except as permitted or required by the Agreement or as otherwise authorized in writing by City. Any work by Contractor or its authorized subcontractors using, or sharing or storage of, City Data outside the United States is prohibited, absent prior written authorization by City. Access to City Data must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. City Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Contractor. Contractor is provided a limited non-exclusive license to use City Data solely for performing its obligations under the

Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to City Data, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Contractor, subcontractors or other third-parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of City Data. Upon request of City or termination or expiration of this Agreement, Contractor shall promptly, but in no event later than thirty (30) calendar days, return all City Data given to, or collected or created by Contractor on City's behalf, which includes all original media. Once Contractor has received written confirmation from City that City Data has been successfully transferred to City, Contractor shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Contractor has used in performance of this Agreement, including its subcontractor's environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Contractor in whatever medium. Contractor shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by "clearing," "purging" or "physical destruction," in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5 Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to City Data and any derivative works of City Data is the exclusive property of City.

13.6 Loss or Unauthorized Access to City's Data; Security Breach Notification. Contractor shall comply with all applicable laws that require the notification to individuals in the event of unauthorized release of PII, PHI, or other event requiring notification. Contractor shall notify City of any actual or potential exposure or misappropriation of City Data (any "Leak") within twenty-four (24) hours of the discovery of such, but within twelve (12) hours if the Data Leak involved PII or PHI. Contractor, at its own expense, will reasonably cooperate with City and law enforcement authorities to investigate any such Leak and to notify injured or potentially injured parties. The remedies and obligations set forth in this subsection are in addition to any other City may have. City shall conduct all media communications related to such Leak.

Article 4 Effective Date

Each of the modifications set forth in Articles 2 and 3 shall be effective on and after the date of this Amendment.

Article 5 Legal Effect

Except as expressly modified by this Amendment, all of the terms and conditions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, Contractor and City have executed this Amendment as of the date first referenced above.

Appendix A-1: May 2025 Revision, Task 4

A. Terms and Conditions.

1. The Contractor shall provide its SIP Commitments (detailed in its SIP Submittal) during the term of the Agreement, including any term extensions. The representations, warranties, and other terms contained in the Contractor's SIP Submittal will be the basis for a Social Impact Partnership Plan, but are for the sole benefit of the parties hereto and shall not be construed as conferring any rights on any other persons or entities.

2. Providing SIP Commitments is a deliverable, zero-dollar task. Contractor may not allocate or include any hours or dollars in Contractor's costs for the services under this Agreement in order to perform or deliver the voluntarily proposed SIP Commitments. The Contractor shall fund the SIP Commitments independently and such funding shall neither be tied to, nor dependent upon, SFPUC funds or sources of funding, receivable from SFPUC, including retention associated with this Agreement. This requirement of independent funding includes direct financial contributions and any funding related to the performance or delivery of the SIP Commitments. The provision of SIP Commitments does not entitle the Contractor to additional work beyond the services specified within the Agreement.

3. The Contractor shall commence performance of the SIP Commitments promptly after issuance of the first Notice to Proceed (NTP) for this Agreement. SIP Commitments performed as part of previous contracts or prior to the Contractor being awarded the Agreement cannot count towards the selected Contractor's SIP Commitments for this Agreement. If the Contractor has established programs or plans that are consistent with the Social Impact Partnership program areas described in this RFP, Contractor may continue those programs as part of its SIP Commitments and will be given credit for activities that are performed following the issuance of the first NTP by the SFPUC.

4. The Contractor's progress on delivering SIP Commitments must keep pace with Contractor's progress of Work on the Project. If the SIP Program Team determines that Contractor's delivery of SIP Commitments is 10% or more behind its percentage of completion of Project Work, the SFPUC may withhold from subsequent payments owed to Contractor for its Work on the Project an amount equal to the value of the portion of SIP Commitments that Contractor should have delivered in order for its delivery of SIP Commitments to keep pace with Proposer's Project Work.

5. During the term of the contract, if the Contractor's delivery of SIP Commitments is 10% or more behind its percentage of completion of Project Work, City may deem Contractor in material breach of contract. The City's remedies for Contractor's breach may include, at City's sole discretion, but need not be limited to (A) revoke non-compliant Contractor's eligibility for Social Impact Commitment Bonus on future Covered Contracts; (B) assess liquidated damages; (C) withhold progress payments; (D) withhold release of retention; and/or (E) suspend or terminate the Covered Contract.

6. If the Contractor fails to complete its SIP Commitments, the SFPUC may withhold the value of the uncompleted SIP Commitments and deduct said amount from the sum the SFPUC owes to Contractor for performance of its Work, which amount SFPUC may reasonably determine in its

sole discretion. If the SFPUC imposes actual or liquidated damages as a remedy against a Contractor for non-compliance, the Controller shall withhold the damages assessed until such time as either the Contractor has conceded to or acquiesced in the assessment or, in the event of an appeal, there is a determination no longer subject to judicial review. The Controller shall then deposit the amount withheld into a special account which shall be created for the sole purpose of receiving such funds. The funds deposited into this account shall be distributed by the Controller in accordance with the original Social Impact Commitments and by the process set forth in the SFPUC Social Impact Partnership Rules and Regulations.

7. If the Contractor fails to perform any of its SIP Commitments, the Contractor shall be liable for liquidated damages on this Agreement in an amount equal to 110% of the total value of unmet SIP Commitments as determined by the SFPUC in its sole discretion.

8. In the event that fulfillment of Social Impact Commitments becomes impossible or impracticable, the Contractor may request a modification to its Social Impact Commitments by documenting the impossibility or impracticability of proceeding with its existing Social Impact Commitments and proposing one or more alternatives subject to review and approval by the SFPUC as provided in the Covered Contract.

9. If the SFPUC modifies or amends the contract with a resulting increase of the total value of the contract, Contractor shall propose an increase to its Social Impact Commitment. Such increase shall be (a) proportional to the increase in contract value under the amendment(s) or modification(s) and (b) consistent with Administrative Code section 21F.4, and not increase the costs for delivery of the Social Impact Commitments to the SFPUC.

10. The Contractor shall save, keep, hold harmless, and fully indemnify the City and any of its officers or employees from all damages, costs, or expenses in law or equity, or claims for same, that may at any time arise from performance of Social Impact Commitments. The Contractor shall bear sole responsibility and liability, if any, for any breach of the Social Impact Partnership Program provisions of its Covered Contract or S.F Administrative Code Chapter 21F.

B. Project Team.

Nancy Barnes shall serve as the Executive in Charge to manage the Contractor's SIP Commitments and provide fiduciary oversight. The Executive in Charge shall ensure that the SIP Commitments listed in the Social Impact Partnership Commitments Summary Table below are delivered to the communities that they are intended to benefit in a transparent and accountable manner. The Executive in Charge shall work with the Social Impact Partnership Coordinator, Lisa Beutler, to organize, plan, track, measure, and report on Contractor's SIP Commitments.

C. Social Impact Partnership Commitments.

Contractor shall provide \$43,333.33 in direct financial contributions, \$49,400 in volunteer hours. Contractor commits to a minimum total contribution of \$92,733.33 over the term of this Agreement as stated in Contractor's SIP Proposal and the Social Impact Partnership Commitments Table below.

Social Impact Partnership Commitments Table

SIP Commitment Table After Modification					
SIP Program Area	Direct Financial Contributions	Volunteer Hours	Volunteer Hour (Fixed rate \$150)	Value of Volunteer Hours	Total Contribution

D. Accountability and Deliverables.

Contractor shall provide a description of the accountability methods to ensure that the proposed SIP activities will be delivered in a transparent and accountable manner. The contractor shall provide reports and supporting documentation consistent with the reporting requirements detailed below to establish fulfillment of the SIP commitments.

Contractor must provide the following deliverables during performance of the Agreement:

1. Social Impact Partnership Commitments and Reporting.

a. Contractor shall deliver the proposed SIP Commitments specified in the SIP Submittal and the SIP Plan. Any proposed changes to the SIP Commitments as set forth herein shall be submitted in writing for review by the Social Impact Partnership Team.

b. The Contractor must submit SIP Commitment progress reports at least quarterly during the term of the Agreement (including any revisions to the work plan and associated timelines as necessary to ensure the Contractor completes the measurable commitments during the term of the contract) to the SFPUC SIP Program team. The progress reports must identify activities and detail the quantifiable outcomes, key metrics, and the total number of volunteer hours and/or financial commitments performed during that period. As part of the quarterly progress reports, the Contractor must also submit documentation to substantiate that the SIP Commitments and any funds or volunteer hours associated therewith were delivered (a non-exhaustive, illustrative list of examples of substantiating documentation includes: timesheets, receipts, cancelled checks, sign-in sheets from events and trainings, formal agreement documents, agendas and presentations from meetings, and statements of activities). The Contractor must submit progress reports by the last business day of the month following the close of the previous three-month period.

c. The Contractor shall submit the reports noted above and any other documentation requested by the SIP Program staff so the SIP Program staff can report on the Contractor's progress to the SFPUC Commission, the public and all potentially interested stakeholders in a transparent,

accessible and accountable manner. These reports and documentation shall be adequate to enable the SIP Program team, the SFPUC Commission, and all interested stakeholders to evaluate and measure the efficacy of the Contractor's SIP Commitments. The Contractor shall upon request publicly report all of the requested information to the SFPUC Commission, the public and any interested stakeholders or decision-makers regarding the results of the Contractor's SIP Commitments.

d. The Contractor shall also submit a stand-alone annual newsletter to the SFPUC Social Impact Partnership Program Team documenting the highlights of the SIP Commitments and outcomes for the year.

E. Statements of Understanding.
