Re: Liquor License "PCN" Request
Transfer Type 21, *Pending License*: #628181
4216 18th St., San Francisco, CA 94114

To the Clerk of the Board,

The purpose of this letter is to respectfully request to be placed on the Board's calendar for Public Convenience and Necessity approval with regard to our Type 21 ABC license. We are trying to open an approachable but high-quality bottle shop to meet the tastes, budgets and curiosity of the Castro neighborhood's unique patrons.

Our business proves to be necessary in San Francisco, as there is a passion for natural wine, which is our focus, along with craft spirits and specialty beer. There needs to be outlets for the small batch, artisanal producers of liquor, beers and wine, along with education and events promoting them. We will carry everything needed to enjoy and share these products at home and with friends and family, including glassware, bar sets, and books.

Our desired hours of operation are 12:00pm - 8:00pm. We will vigilantly monitor the surrounding area to ensure the safety of our business and customers at all times and maintain a lawful business. Our experience in this area has allowed us to cultivate very good relationships with community leaders and members.

We seek the SF Board of Supervisor's affirmative ruling that our application serves the public convenience and necessity of our City.

Please contact us along with our representative, Jemma Jorel Lester, for scheduling our hearing date. She can be reached at 510-788-5881 ext 2 or via email at jemma@abclicensecompany.com. Thank you for your kind consideration of this request.

Sincerely,

Beth Hughes, Owner, Bottle Bacchanal

ADOPTING FINDINGS TO ESTABLISH A CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 202.2, 303, AND 715, TO ALLOW A LIQUOR STORE USE (D.B.A "BOTTLE BACCHANAL", SPECIALIZING IN NATURAL WINES AND ARTISANAL BEVERAGES) MEASURING 779 SQUARE FEET, ON THE GROUND FLOOR OF AN EXISTING THREE-STORY MIXED-USE BUILDING AT 4126 18TH STREET (ASSESSOR'S BLOCK 2647, LOT 015) WITHIN THE CASTRO STREET NEIGHBORHOOD COMMERCIAL ZONING DISTRICT AND A 40-X HEIGHT AND BULK DISTRICT, AND ADOPTING FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

PREAMBLE

On May 19, 2021 Beth Hugh's of Bottle Bacchanal, LLC (hereinafter "Project Sponsor") filed Application No. 2021-005099CUA (hereinafter "Application") with the Planning Department (hereinafter "Department") for a Conditional Use Authorization to allow a Liquor Store Use within an existing three-story mixed-use building (hereinafter "Project") at 4126 18th Street, Assessor's Block 2647 and Lot 015 (hereinafter "Project Site").

The Project is exempt from the California Environmental Quality Act ("CEQA") under Class 3 categorical exemptions.

On September 9, 2021, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Authorization (CUA) Application No. 2021-005099CUA.

The Planning Department Commission Secretary is the Custodian of Records; the File for Record No. 2021-005099CUA is located at 49 South Van Ness Avenue, Suite 1400, San Francisco, California.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby authorizes the Conditional Use Authorization as requested in Application No. 2021-005099CUA, subject to the conditions contained in "EXHIBIT A" of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- 1. The above recitals are accurate and constitute findings of this Commission.**
- 2. Project Description.** The proposal is for a new Liquor Store Use (D.B.A. "Bottle Bacchanal", specializing in natural wines and artisanal beverages) on the ground floor (approximately 779 square feet) of an existing tenant space. An existing 310 square feet accessory office use at the second floor is proposed to remain, for a total of 1,089 square feet commercial tenant space. The operators are also seeking a Type-86 ABC license to allow limited on-site tastings of certain wines and spirits in the store.
- 3. Site Description and Present Use.** The Project is located on one lot that is approximately 1,875 square feet. The property has an approximately 25-foot frontage along 18th Street and contains a three-story mix-use building with a commercial unit of approximately 1,089 square feet. The building was previously occupied by Specs in the City, a health services use and is currently vacant. The 1,089 square feet tenant space comprises of 779 square feet retail space at the first floor and a 310 square feet office use at the second floor.
- 4. Surrounding Properties and Neighborhood.** The Project Site is located within the Castro Street NCD. The immediate context is mixed in character with residential and commercial uses. The immediate neighborhood context includes one to three story commercial and mixed-use buildings along 18th and Castro Streets. Residential apartments and condo buildings that are two to three stories tall on other blocks. Market Street is three blocks away; it is a Transit Preferential Street from the General Plan. Castro Street is a shopping, entertainment, and dining destination for residents within the immediate area as well as those throughout the City. Other zoning districts in the vicinity of the Project Site include: RH-1 (Residential House, Single Family), RH-2 (Residential House, Two Family), RH-3 (Residential House, Three Family), and NC-1 (Neighborhood Commercial, Cluster)
- 5. Public Outreach and Comments.** The project sponsor canvassed local Castro Street businesses on August 13, 14, 21, 22. A petition was circulated and signed by 10 local businesses. The project sponsor presented at Castro Merchants Association on May 4 and Sept 2. The project sponsor will be presenting at the Eureka Valley Neighborhood Association on Sept. 14. Additionally, the Project sponsor correspondence directly with Okan Sengun, LGBT Asylum Project, Phil Kim, LYRIC Center for LGBTQ+ Youth, Castro Cultural Association, and Tom Temprano, Legislative Aide, office of supervisor Rafael Mandelman.

The Department has received correspondence from one person from the LGBT Asylum Project regarding the proposed project. This correspondence has expressed support to the project. Specifically, the correspondence expressed the support for a local entrepreneur to provide desirable goods and services to the neighborhood within an existing vacant space.

6. Planning Code Compliance. The Commission finds that the Project is consistent with the relevant provisions of the Planning Code in the following manner:

- A. Use.** The establishment of a Liquor Store Retail use in the Castro Street NCD Zoning District requires a Conditional Use Authorization pursuant to Planning Code Section 715.

The Project Sponsor is requesting a Conditional Use Authorization to establish a Liquor Store retail use in the Castro Street NCD.

- B. Use Size.** Within the Castro Street NCD, the Planning Code principally permits Retail Sales and Service Uses (including Liquor Store Retail use) at up to 1,999 sq ft per lot and conditionally permits them from 4,000 square feet and above.

The Project is a change of use to an existing 1,089 square feet tenant space, which is less than the 1,999 square feet principally permitted use size.

- C. Sidewalk Maintenance:** Planning Code Section 202.2(a)(6)(A) states that the Liquor Store Employees of the establishment shall walk a 100-foot radius from the premises sometime between 30 minutes after closing time and 8:00 a.m. the following morning, and shall pick up and dispose of any discarded beverage containers and other trash left by patrons.

The subject commercial space shall be maintained in compliance with this Section. The proposed use is subject to the standard conditions of approval for liquor stores and outlined in Exhibit A.

- D. Hours of Operation.** The Castro Street NCD principally permits Non-Residential uses to operate from 6 am to 2 am.

The Project Sponsor proposes that the business be open from 12pm to 8pm every day. Therefore, the Project has compliant hours of operation.

- E. Street Frontage in Mixed Use Districts.** Section 145.1 of the Planning Code requires that within Mixed Use Districts space for active uses shall be provided within the first 25 feet of building depth on the ground floor and 15 feet on floors above from any facade facing a street at least 30 feet in width. In addition, the floors of street-fronting interior spaces housing non-residential active uses and lobbies shall be as close as possible to the level of the adjacent sidewalk at the principal entrance to these spaces. Frontages with active uses that must be fenestrated with transparent windows and doorways for no less than 60 percent of the street frontage at the ground level and allow visibility to the inside of the building. The use of dark or mirrored glass shall not count towards the required transparent area. Any decorative railings or grillwork, other than wire mesh, which is placed in front of or behind ground floor windows, shall be at least 75 percent open to perpendicular view. Rolling or sliding security gates shall consist of open grillwork rather than solid material, so as to provide visual interest to pedestrians when the gates are closed, and to permit light to pass through mostly unobstructed.

Gates, when both open and folded or rolled as well as the gate mechanism, shall be recessed within, or laid flush with, the building facade. Planning Code Section 202.2(a)(6)(C) In addition, all advertising and signage shall be placed and maintained in a manner that ensures that law enforcement personnel have a clear and unobstructed view of the interior of the premises, including the area in which the cash registers are maintained, from the exterior public sidewalk or entrance to the premises.

The subject commercial space complies with this requirement and shall be maintained in compliance with this Section. No significant modification to the front façade is proposed, and the interior changes do not impact compliance with this Section. The subject commercial space has approximately 14 feet 9 inches of frontage along 18th Street and the majority of the frontage devoted to the entry. The glazing is not to be obscured and all signage will be required to comply with Article 6 and 202.2(a)(6)(C) of the Planning Code. The proposed use is subject to the standard conditions of approval for liquor stores and outlined in Exhibit A.

- F. **On Site Wine Tastings:** Planning Code Interpretation, Subject: Wine and Beer Tasting, Liquor Stores, Bars, Effective Date: 8/05 (Revised 1/14), This Section states that within NC Districts, establishments that serve liquor with ABC License Types 42, 47, 49, 61, or 78 are considered "bar" uses. An interpretation rendered in November 1986 had asserted that "a wine tasting room as part of the retail sales of wine is treated as a bar in the Neighborhood Commercial Districts." It was noted that an exception to this interpretation involves cases in which intermittent and/or occasional wine and/or beer tasting is offered. This minor and related activity is analogous to the dispensation of sample-sized portions of food items by many grocers. Much as those grocers are not considered to be restaurant uses, liquor stores which provide incidental wine tastings are not considered to be bar uses, rather such tasting would comprise a permitted accessory use. Any such tasting would (1) occur entirely during regular operating hours only, (2) take place no more than twice each week for no more than four hours each occurrence and on a further occasional appointment-only basis, (3) not occur on a premises on which any type of permit from the Entertainment Commission is held, (4) not occur in an area physically separated from the main liquor store retail area by full-height partitions or partitions that otherwise prevent clear visual access to and from the main retail area and (5) be limited to one ounce servings and three servings per individual customer per day. Should the establishment not adhere to each of these five conditions it would be considered a "bar." It was also noted that conditions 4 and 5, above, reflect ABC and Police Department policies at the time of this interpretation, and may be modified should those regulations change.

The subject commercial use plans to offer on-site tastings of some of their products with a Type-86 ABC license. The subject use will adhere to the above interpretation requirements to maintain an accessory wine tasting use to the primary Liquor Store use. The proposed use is subject to the standard conditions of approval for liquor stores and outlined in Exhibit A.

7. **Conditional Use Findings.** Planning Code Section 303 establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use authorization. On balance, the project complies with said criteria in that:

- A. The proposed new uses and building, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable, and compatible with, the neighborhood or the community.

The size of the proposed use is in keeping with other storefronts on the block face. The proposed liquor store will not impact traffic or parking in the District. The proposed use will complement the mix of goods and services currently available in the district and contribute to the economic vitality of the Castro neighborhood by providing an upscale liquor retailer.

- B. The proposed project will not be detrimental to the health, safety, convenience, or general welfare of persons residing or working in the vicinity. There are no features of the project that could be detrimental to the health, safety, or convenience of those residing or working the area, in that:

- (1) Nature of proposed site, including its size and shape, and the proposed size, shape, and arrangement of structures;

The height and visible bulk of the existing building will remain the same. The Project will not alter the existing appearance or character of the project vicinity.

- (2) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

The Planning Code does not require parking or loading for any uses, and the site is very well served by transit services.

- (3) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust, and odor;

The proposed use is subject to the standard conditions of approval for liquor stores and outlined in Exhibit A. The Project is not expected to produce noxious or offensive emissions related to noise, glare, and dust.

- (4) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

The Project would not alter the site's landscaping, open spaces, parking and loading areas, service areas, or lighting. All new signage will be made to comply with the requirements of Article 6 of the Planning Code.

- C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project complies with all relevant requirements and standards of the Planning Code and is consistent with objectives and policies of the General Plan as detailed below.

- D. That use or feature as proposed will provide development that is in conformity with the stated purpose of the applicable Use District.

The Project Site is in the Castro Street NCD, where Liquor Store Retail Uses are allowed on the first floor of buildings with a Conditional Use Authorization. The Applicant is pursuing a CUA in compliance with Section 715. The proposed project is consistent with the stated purpose of the Castro Street Neighborhood Commercial District in that the intended use is located at the ground

floor and will provide a compatible convenience service for the immediately surrounding neighborhoods during daytime and early evening hours.

- 8. Additional Conditional Use Findings for Liquor Store Uses** Planning Code Section 303 (z) outlines additional findings for the Commission when reviewing proposals for new Liquor Stores. The Commission shall consider “With regard to the Conditional Use application for a Liquor Store use, the Planning Commission shall consider, in addition to the criteria set forth in subsection (c) above:(1) the existing concentration of Liquor Store uses within 300 feet of the proposed location; and (2) the availability of General Grocery or Specialty Grocery stores in the area selling alcoholic beverages as well as a range of foods.”

The subject parcel is not located within a 300-foot radius of a parcel containing an existing Liquor Store use. Alcoholic beverages may be purchased within the several General Grocery or Specialty Grocery stores along 18th and Castro Streets, specifically, Rossi’s Deli, Mollie Stones Market, and Walgreens. The Bottle Bacchanal will be in keeping with the scale and character of the District, will support retail activity in the area, and will help meet neighborhood demand for natural wines and artisanal beverages.

- 9. General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:

NEIGHBORHOOD COMMERCE

Objectives and Policies

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

Policy 1.1

Policy 6.2

Promote economically vital neighborhood commercial districts which foster small business enterprises and entrepreneurship, and which are responsive to economic and technological innovation in the market place and society

The proposal is for a new Liquor Store Use (D.B.A. "Bottle Bacchanal", specializing in natural wines and artisanal beverages) on the ground floor (approximately 779 square feet) of an existing tenant space. An existing 310 square foot accessory office use at the second floor is proposed to remain, for a total of 1,089 square feet commercial tenant space. The subject commercial use plans to offer on-site tastings of some of their products with a Type-86 ABC license. The Project is not a Formula Retail use.

The proposed use will provide desirable goods and services to the neighborhood and will provide resident employment opportunities to those in the community. The Project Site is located within a Neighborhood Commercial District and is thus consistent with activities in the commercial land use plan. The proposal would enhance the district by providing an upscale liquor store in an area that is not over concentrated by similar uses. The business would be locally owned, and the proposed alterations are within the existing building footprint.

The Project would activate an existing, vacant storefront with a new Liquor Store use, providing goods that are desirable for the neighborhood and attracting new customers to the vicinity. Castro Street is a central shopping, dining, and entertainment corridor, offering goods and services at a variety of price-points. Bottle Bacchanal will support the activation of the Castro Street commercial corridor from coronavirus-induced temporary and permanent business closures and will be conveniently located so as to be accessible to tens-of-thousands residents. Overall, there exists a diversity and balance of goods and services within the general vicinity and the proposed Project would help maintain that balance.

10. Planning Code Section 101.1(b) establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project complies with said policies in that:

- A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

The proposal would enhance the district by providing an upscale liquor store in an area that is not over concentrated by similar uses. The business would be locally owned and the proposed alterations are within the existing building footprint.

- B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

No housing is impacted by the Project. The building exterior is maintained, preserving neighborhood character. Residential units in the surrounding neighborhood would not be adversely affected by the project. The proposed establishment's operations are not expected to have any negative impacts on the neighborhood or its character

- C. That the City's supply of affordable housing be preserved and enhanced,

The Project has no effect on housing and does not convert housing to a non-residential use.

- D. That commuter traffic does not impede MUNI transit service or overburden our streets or neighborhood parking.

The Project site is extremely well-served by transit. It is presumable that the employees would commute by transit thereby minimizing possible effects on neighborhood street parking.

- E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The existing 310 square feet office use at the second floor is proposed to remain and will be used by the Project Sponsor for operations associated with the Liquor Store use and will not be open or accessible to the public. There is no commercial office development associated with the Project and there would be no displacement of any existing industrial or service businesses in the area.

- F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Any construction associated with Project will be designed and will be constructed to conform to the structural and seismic safety requirements of the Building Code.

- G. That landmarks and historic buildings be preserved.

This Project would not impact the Historic Resource status of this property.

- H. That our parks and open space and their access to sunlight and vistas be protected from development.

The Project will have no adverse effect on existing parks and open spaces.

- 11.** The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.
- 12.** The Commission hereby finds that approval of the Conditional Use Authorization would promote the health, safety, and welfare of the City.
