

Member, Board of Supervisors
District 7

City and County of San Francisco

NORMAN YEE

June 8, 2016

Dear colleagues,

I have known Lee since 2012 from his leadership as former President and current Vice President on the Greater West Portal Neighborhood Association (GWPNA). As a parent, educator, driver and bicyclist, Lee understands multiple perspectives and needs of our community. The MTA Board is an important body that has the power to affect how all of us move and travel throughout our City; Lee will represent a critical and independent community voice on this body.

Lee is a dedicated, enthusiastic and effective community leader who brings stakeholders together. He possesses good judgment, focuses on the facts and facilitates community input. His background in education, finance, economics and technology will serve him well in analyzing and evaluating transportation policies. He will be a strong and thoughtful addition to the MTA Board. I echo many of the neighborhood association and community members' support for Lee Hsu's nomination to the MTA Board and hope the Rules Committee will approve his nomination as well.

Sincerely,

A handwritten signature in blue ink that reads "Norman Yee".

Norman Yee
