Steps and actions include but are not limited to requirements that: (i) the Contractor will cooperate fully with the Labor Standards Enforcement Officer and other City employees and agents authorized to assist in the administration and enforcement of the Prevailing Wage requirements and other labor standards imposed on Public Works Contractor by the

Charter and Administrative Code Chapter 6; (ii) the Contractor agrees that the Labor Standards Enforcement Officer and designees of the Labor Standards Enforcement Officer, in the performance of their duties, shall have the right to engage in random inspections of job sites and to have access to the employees of the Contractor, employee time sheets, inspection logs, payroll records and employee paychecks; (iii) the Contractor shall maintain a sign-in and sign-out sheet showing which employees are present on the job site; (iv) the Contractor shall prominently post at each job-site a sign informing employees that the project is subject to the City's Prevailing Wage requirements and that these requirements are enforced by the Labor Standards Enforcement Officer; and (v) that the Labor Standards Enforcement Officer may audit such records of the Contractor as the Labor Standards Enforcement Officer reasonably deems necessary to determine compliance with the Prevailing Wage and other labor standards imposed by the Charter and this Chapter on Public Works Contractors. 3.7.2 Contractor shall include in all of its subcontracts the obligation for subcontractors to comply with the requirements of the State Apprenticeship Program.

3.7.3 Should Contractor fail to comply with the apprenticeship requirements of California Labor Code Section 1777.5, Contractor shall be subject to the penalties prescribed in California Labor Code Section 1777.7. 3.7.4 Contractor, if not signatory to a recognized apprenticeship training program under California Labor Code, Chapter 4, shall provide to the City with all progress payment requests, starting with the second such request, satisfactory evidence that it has contributed to the appropriate apprenticeship fund(s). Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 Personnel

Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.2.2 Contractor Vaccination Policy.

(a) Contractor acknowledges that it has read the requirements of Airport Operations Bulletin (AOB) 21-11, "Update to Vaccination Requirement for On-Site Personnel" which can be found here: <https://sfoconnect.com/airport-operations-bulletins>.

(b) In accordance with AOB 21-11, or any superseding AOB on the same subject, Contractor agrees that:

(i) Where applicable, Contractor shall ensure it complies with the requirements of the AOB and insure all on-site personnel are either fully vaccinated for COVID-19 or obtain from Contractor an exemption based on medical or religious grounds; and

(ii) If Contractor grants an employee an exemption, the Contractor must establish a protocol for COVID-19 testing and reporting, and comply with all other requirements of the AOB.

4.3 Subcontracting.

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" and Article 13 "Data and Security" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City's execution of this Agreement constitutes its approval of the following subcontractors:

Optibus Ltd.

4.4 Independent Contractor; Payment of Employment Taxes and Other Expenses.

4.4.1 Independent Contractor. For the purposes of this Section 4.4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be

deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the Services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, Federal Insurance Contributions Act, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing Services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this Section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing consistent with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five business days of Contractor's receipt of such notice, and consistent with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status under this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 Assignment. The Services to be performed by Contractor are personal in character. Neither this Agreement, nor any duties or obligations under this Agreement, may be directly or indirectly assigned, novated, hypothecated, transferred, or delegated by Contractor, or, where the Contractor is a joint venture, a joint venture partner, (collectively referred to as an "Assignment") unless first approved by City by written instrument executed and approved in the same manner as this Agreement consistent with the Administrative Code. The City's approval of any such Assignment is subject to the Contractor demonstrating to City's reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Contractor's obligations under this Agreement and any

other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

4.7 **Liquidated Damages.** By entering into this Agreement, Contractor agrees that in the event the Services are delayed beyond the scheduled milestones and timelines as provided in Appendix A, City will suffer actual damages that will be impractical or extremely difficult to determine. Contractor agrees that the sum of One Hundred and Sixty Seven Dollars (\$167.00) per driver hour not operated (whether this is due to labor, maintenance or other non-performance) beyond scheduled milestones and timelines is not a penalty, but is a reasonable estimate of the loss that City will incur based on the delay, established in light of the circumstances existing at the time this Agreement was awarded. City may deduct a sum representing the liquidated damages from any money due to Contractor under this Agreement or any other contract between City and Contractor. Such deductions shall not be considered a penalty, but rather agreed upon monetary damages sustained by City because of Contractor's failure to furnish deliverables to City within the time fixed or such extensions of time permitted in writing by City.

(b) The Commercial Automobile Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(c) Not applicable.

5.1.5 Other Insurance Requirements.

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(e) Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (a) injury to or death of a person, including employees of City or Contractor; (b) loss of or damage to property; (c) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (d) strict liability imposed by any law or regulation; or (e) losses arising from Contractor's execution of subcontracts not consistent with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (a) – (e) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or

others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered under this Agreement. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless

the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by California Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., California Revenue and Taxation Code Section 64, as amended from time to time). Contractor agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Under San Francisco Business and Tax Regulations Code Section 6.10-2, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term of this Agreement, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within thirty (30) days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the supplier, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or

expenses excluded under the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default ("Event of Default") under this Agreement:

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure,

with interest thereon from the date of incurrence at the maximum rate then permitted by law. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions of this Agreement by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions.

City may require that Contractor prepare and install signage related to the service and which meets Airport standards. City may require that Contractor provide, manage and maintain website, mobile website, and/or mobile application related to this service and/or the sale of fare media for this service.
- c. All buses are equipped with manual or mechanical ADA ramps. Contractor shall keep all ramps in good working order and Contractor staff shall be properly trained on their use and proper procedures for assisting disabled passengers.
- d. Contractor shall provide, obtain all necessary licenses for, and manage vehicle-related technology including but not limited to automatic vehicle location, automatic passenger counters, camera systems, fare collection systems, other safety systems, visual and audio announcement systems, headsign systems and systems for exporting real-time bus location information to customers or third-party platforms as specified by the Commission. This is not an exhaustive list. Contractor shall provide, or cause to be provided, expert level training for all of these systems for at least one primary user and one backup user.
- e. Contractor shall provide, obtain all necessary licenses for, and manage technology platforms necessary to support the SFO Shuttle Bus Service operations including customer complaint systems, real-time location information technology, yard/fleet management technology, GTFS feeds (static and real-time), battery electric charging systems and parts recordkeeping systems. Contractor shall provide, or cause to be provided, expert level training for all these systems for at least one primary user and one backup user.
- f. Contractor shall collect data about operations, including passenger loading and schedule adherence, either manually or using software. In the event that manual data collection is chosen, the Contractor shall conduct data entry to make this data usable by the Commission. In the event that automatic data collection is used, Contractor shall provide, obtain all necessary licenses, and manage such counters and associated software.

- 1) Contractor shall keep a log of any missed trips. Contractor shall report this data to the Commission in a format prepared by the Contractor and approved by the Commission. A missed trip is defined as a trip not operated at all, or which is operated more than eight (8) minutes behind schedule. If technology on board buses allows automatic tracking of on-time performance, the Commission may require that on-time performance metrics also be reported. For these purposes, a trip is “on time” if it departs each scheduled stop no more than one (1) minute early and no more than three (3) minutes late.
- 2) Contractor shall use its best efforts not to miss any trips. Contractor is expected to have a monthly average on-time percentage of 70% to 100%. Patterns of missed trips or a monthly average on-time performance rate below 70% is potential grounds for termination of the contract based on non-performance, subject to the contractual notice and cure periods as further stated in Article 8, “Termination and Default”.

All aspects of the transition plan are subject to review and approval by the Commission.

7. Services Provided by Attorneys.

The City Attorney must review in advance and approve in writing any request for services to be provided by a law firm or attorney. The City will not pay any invoices for services provided by law firms or attorneys, including as subcontractors of Contractor, unless the provider receives advance written approval from the City Attorney.

In performing the Services provided for in this Agreement, Contractor's liaison with the Commission will be the person identified in Agreement at Section 11.1, Notices to the Parties. Such individual shall be the Contractor's primary point of contact for all purposes under this Agreement.

Appendix B Calculation of Charges

A. Compensation Structure

Compensation under the Agreement shall consist of three categories: (1) Labor Costs; (2) Other Reimbursable Costs; and (3) a Management Fee. The City shall pay the Labor Costs and Other Reimbursable Costs on a reimbursable basis with no markup. Labor Costs include only those hourly wages and benefits that are specified in Section A.1 Labor Costs below. The City will pay only those Other Reimbursable Costs that are specified in Section A.2 Other Reimbursable Costs below. The Management Fee is the only source of compensation to Contractor for all other costs associated with this Agreement, including non-reimbursed labor costs, indirect costs, management oversight, profit, and overhead, including the non-reimbursable costs listed in Section A.3 Non-Reimbursable Costs below. The City shall have no obligation under this Agreement to pay any cost or expense not specified or otherwise included in Sections A.1, A.2 and A.4 of this Solicitation.

1. Labor Costs

The Airport shall reimburse Contractor for certain labor costs, as follows:

- a. Labor costs for which Contractor will be reimbursed by the Airport at the start of the Agreement term include wages and benefits (as further described below) for support and oversight staff, including five (5) supervisors, two (2) bus cleaners, five (5) mechanics including foreman, zero (0) spotters and zero (0) customer service representatives. The number of reimbursed staff may change in future at the Airport's sole discretion.
- b. The Airport will reimburse Contractor for driver hours needed to operate both scheduled and unplanned service.
- c. The Airport will reimburse actual, documented costs of fringe benefits for all non-management employees, including medical, dental and vision insurance, sick and vacation hours, and any long-term disability, retirement, or life insurance benefits as stated in Table 1. For non-management employees covered by an active and fully ratified collective bargaining agreement (CBA) at the start of the Agreement, the initial fringe benefit categories and levels shall be in accordance with the CBA. For non-management employees that are not covered by an active and fully ratified CBA at the start of the Agreement, Table 2 below sets forth the maximum costs and levels of fringe benefits. During the Agreement term, the Airport will also reimburse any increase to the cost of fringe benefits, as long as the nature of those benefits (categories, coverages, amount of paid time off, etc.) does not substantially change; provided, however, that changes in benefits that are mandated by law will also be reimbursed. For purposes of this provision, the term "benefits" is defined to include all forms of time off, including paid vacation.
- d. The Airport will reimburse driver training time.

- e. The Airport will reimburse wages and wage increases for non-management employees as follows:
 - 1) The initial reimbursable wage rates for non-management employees are set forth in the tables above. The parties confirm that the initial wage rates are not less than the highest general prevailing rate of wages, including fringe benefits or the matching equivalents thereof, paid in private employment for similar work in the area in which this Agreement is being performed, as determined by the San Francisco Civil Service Commission under the San Francisco Prevailing Wage Ordinance (as further described in Section 3.6 “Payment of Prevailing Wages” of this Agreement), if any such determination is applicable to the position, whether in operation of a transit bus service as specified in Administrative Code Section 21.C.1 or otherwise.
 - 2) For the period from January 1, 2023, to June 30, 2023, the maximum reimbursable wage rates described in the prior Section A.1.e.1 will be increased by 4.46%.

- 3) For wages for positions subject to the San Francisco Prevailing Wage Ordinance, the City will reimburse wage increases equal to the percentage increase of the relevant prevailing wage pursuant to the Prevailing Wage Ordinance, using the procedure described in Section A.1.e.5 below. The relevant Prevailing Wage is for “Motorbus Services”, “Single Decker (52+passengers)” category, available at <https://sfgov.org/olse/sites/default/files/Motorbus%20Table%20Final%20FY21-22%20Web.pdf>.
- 4) For wages that are not subject to the Prevailing Wage Ordinance, the City will reimburse wage increases equal to the consumer price index (CPI) percentage increase as calculated by the San Francisco Office of Labor Standards Enforcement (OLSE) for purposes of the Minimum Compensation Ordinance (see <https://sfgov.org/olse/minimum-compensation-ordinance-mco>), using the procedure described in section A.1.e.5) below. At present, OLSE is using the Bureau of Labor Statistics’ “Annual” CPI figure from the CPI-All Urban Consumers series (Series ID: CUURS49BSA0, CUUSS49BSA0 Series Title: All items in San Francisco-Oakland-Hayward, CA, all urban consumers, not seasonally adjusted), for the San Francisco-Oakland-Hayward, California, area, but this methodology is subject to change in OLSE’s sole discretion.
- 5) The maximum reimbursable wage rates will be increased on July 1 of each year during the duration of the contract.
 - a) On July 1, 2023:
 - i) for wages for positions subject to the Prevailing Wage Ordinance, the percentage increase in the maximum reimbursable wage rates will be the percentage increase in the Motorbus Services Single Decker (52+passengers) rate since July 1, 2022; and
 - ii) for wages that are not subject to the Prevailing Wage Ordinance, the percentage increase in the maximum reimbursable wage rates will be the percentage increase in the CPI as calculated by the OLSE for the Minimum Compensation Ordinance since the effective date of the Contract.
 - iii) for both types of wages, the percentage increase will be applied to the initial reimbursable wage rates described in section A.1.e.1) above. The maximum reimbursable wage rates described in section A.1.e.2) above will not be applied after June 30, 2023 and will not be considered in connection with the calculation of the maximum reimbursable wage rates that begin on July 1, 2023.
 - b) On July 1 of subsequent years:
 - i) for wages for positions subject to the Prevailing Wage Ordinance, the percentage increase in the maximum reimbursable wage rate will be the percentage increase in the Motorbus Services Single Decker (52+passengers) rate since July 1 of the previous year; and
 - ii) for wages that are not subject to the Prevailing Wage Ordinance, the percentage increase in the maximum reimbursable wage rate will be the percentage increase in the CPI as calculated by the OLSE for the Minimum Compensation Ordinance since July 1 of the previous year.
 - iii) for both types of wages, the percentage increase will be applied to the maximum reimbursable wage rate established on July 1 of the prior year.
 - c) For both types of wages, the increased maximum reimbursable wage rate will be memorialized by an administrative modification that will identify the new rate, but which will not have to be executed before the effective date of the increase.

- d) If, on June 1 of any year during contract performance, there has been no increase in the Motorbus Services Single Decker (52+ passengers) rate since either the effective date of the Contract or the most recent increase in the maximum reimbursable wage rate as calculated under the Contract, the parties will enter into good faith negotiations to reach an agreement for a modification to the Contract to implement appropriate maximum reimbursable wage rate increases based on wage inflation during the relevant period. Failure to reach agreement on an increase to the maximum reimbursable wage rates will not be a justification for stopping work on the contract.

2. Other Reimbursable Costs

The Airport will reimburse the Contractor for the following costs, subject to Contractor's providing satisfactory documentation of such costs. All reimbursable costs must be supported with receipts and used solely for the performance of the Agreement. 3. Hayward – Castro Valley Line (Daily Service)

Service between Hayward, Castro Valley and all four airport terminals. Operates every 30 minutes most of the service day, with reduced unidirectional overnight service. Service may be limited to employees only or may be available for air passengers. Fares will be charged but will be sold online and the digital pass visually inspected by the operator. This line is not currently operating but is envisioned to be operating as a pilot at the inception of the contract. As with all routes, a final schedule is to be developed by the contractor using runcutting software. It should be validated and approved by the contract manager. It will be regularly re-evaluated and adjusted as directed by the contract manager.

Appendix D Description of Premises

The contractor will be provided with access to the following indoor and outdoor premises. The airport reserves the right to substitute part or all of any of these sites with substantially equivalent sites if necessary.

A. Site: 790 McDonnell Road

1. **Property:** This property is bounded by western edge of N. McDonnell Road, the south side of San Bruno Avenue and the Caltrans Right-of-Way for US-101. The property is not exclusively for the use of the contractor, but also contains a Compressed Natural Gas (CNG) refueling station which is available for the contractors use in refueling but is separately managed by a different entity. Access to this fueling station is via drive aisles shared with the Contractor.
2. **Structures:** The contractor has exclusive use of a double-wide trailer configured as offices, storage and break room. The contractor has exclusive use of a maintenance building containing some equipment storage and office space, as well as covered space sufficiently large to perform maintenance on two buses simultaneously. Additionally, the contractor has access to shipping containers in the adjacent yard which are used for parts storage.
3. **Outdoor Space:** The property has outdoor parking space for twenty-six (26) 40-foot transit buses and up to 20 employee parking spaces. This space is not gated.

Site: Lot D Parking Lot

1. Property: The property is a small section of a much larger employee parking lot located east of N. McDonnell Road and just west of the north/west end of Runway 28L. The sub-section of the lot devoted to contractor’s use can be reached by taking the first two possible left turns after entering the lot at the main entry plaza, located at the eastern terminus of San Bruno Avenue.
2. Outdoor Space: The section devoted for use by the contractor is not gated but is configured to discourage use by other parking lot patrons. It can accommodate up to sixteen (16) 40-foot buses.

Site: Plot 700 Electric Bus Chargers

1. Property: The property is located at the southwest corner of North Access Road and North Field Road. The property is a section of an SFO property also used for Ground Transportation Unit offices and inspection facilities, the radio shop, and an SFO-vehicle-only diesel and gas fueling station with adjoining wash bays.
2. Outdoor space: The contractor will have exclusive access to sixteen (16) tandem bus parking stalls, configured 4 in a row with central islands between the first and second aisles and between the third and fourth aisles. These central islands contain six (6) electric bus charging units which can serve one bus at a time but which can extend to two separate bus parking stalls each, meaning a total of twelve (12) bus parking stalls have direct access to a charger. Adjacent to the tandem stalls is a large set of transformers to support the chargers. This equipment is the maintenance responsibility of the contractor, and is not intended for use by any other party without additional notice being provided by SFO.
