<b>TOTAL</b>	<b>\$535M</b>	

# ESER 2026 – Emergency Firefighting Water System

- Planned 2026 bond allocation: **\$130 million**
- Next phase of EFWS: Expand capacity to include a separate component that uses drinking water
- This extension of the system can supply water for both fighting fires and for drinking
- Expanded system would extend high-pressure water pipelines, hydrants and key connection points into the City's western neighborhoods

New pipe for Potable Emergency Firefighting Water Systems pipeline at 19th Ave and Sloat Blvd.

# ESER 2026 – Neighborhood Fire Stations & Support Facilities

- Planned 2026 bond allocation: **\$100 million**
- Renovate/replace fire stations with the highest-priority needs to provide improved life-safety and seismic performance, meet essential facility standards and create a healthy work environment for firefighters and EMTs
- Vulnerable stations in need of improvements include:
  - Fire Station No. 2, 1340 Powell St.
  - Fire Station No. 7, 2300 Folsom St.
  - Fire Station No. 8, 36 Bluxome St.
  - Fire Station No. 40, 2155 18th Ave.

In a 2017 Public Works seismic survey, Fire Station 2 was listed as a high safety hazard with an SHR rating of 4, placing it in the highest risk category.

# ESER 2026 – District Police Stations & Support Facilities

- Planned 2026 bond allocation: **\$72 million**
- Some police stations are more than a century old and at risk of failure during a major earthquake
- Additionally, some Police Department stations and support facilities are outdated, inadequate and don't meet today's policing needs
- Stations and facilities in need of improvements include:
  - Taraval Police Station
  - SFPD Property Control Division

Built in 1915, the Taraval Police Station's historic building has a high probability of collapsing after a major earthquake and would not be operational, potentially increasing response times and delaying service.

# ESER 2026 – Critical Public Safety Building Repairs

- Planned 2026 bond allocation: **\$33 million**
- State-of-good-repair projects would include building improvements, such as the repair or replacement of roofs and plumbing and electrical systems
- The City will prioritize the improvement projects that are the most necessary, beneficial and cost-effective

# ESER 2026 – Muni Bus Storage & Maintenance Facility at Potrero Yard

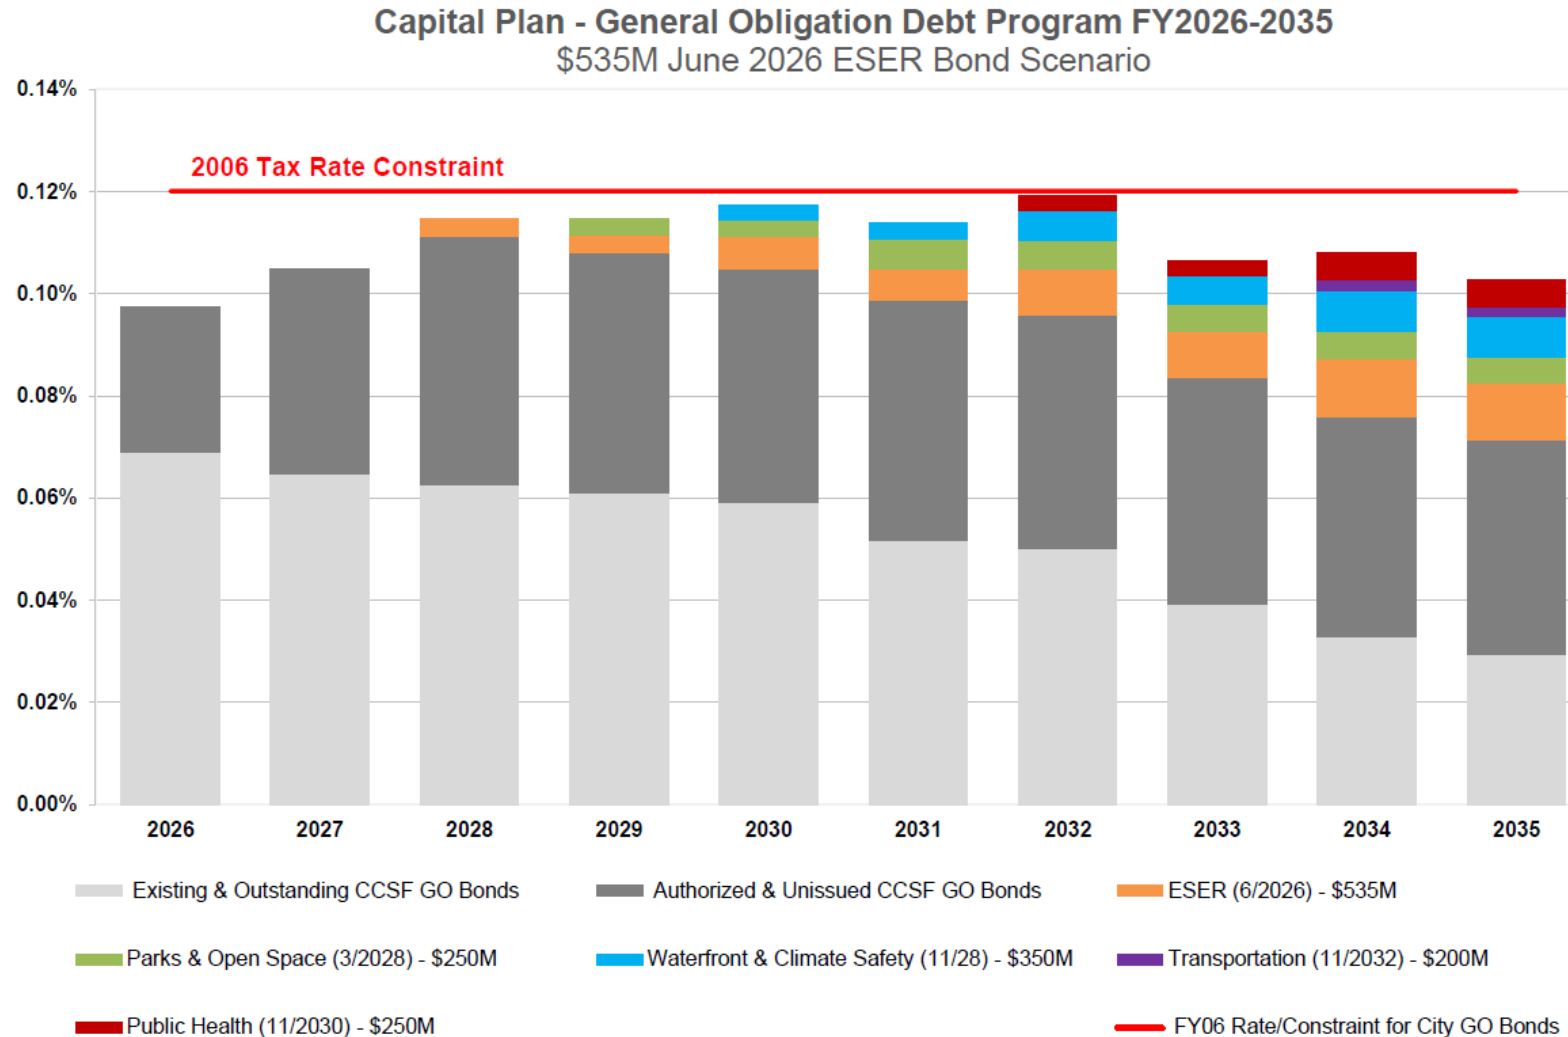

- Planned 2026 bond allocation: **\$200 million**
- Maintenance facilities like Potrero Yard, which was built in 1915 and is Muni's second oldest bus yard, are essential to repairing and keeping buses running during an emergency event
- A partial or total collapse of the bus yard (SHR-4), risks employee lives and the destruction of the fleet
- In the event of a large-scale disaster, Muni's fleet must be prepared to provide transit services to help evacuate residents, commuters and tourists
- Buses may be needed for disaster response, including transporting disaster service workers, emergency responders and emergency supplies to key deployment locations across the City

The Potrero Yard is more than a century old and long past its lifespan.

# FY 2026-2035 Capital Plan

## G.O. Bond Program

*Adopted Capital Plan AV assumptions from Nov 2024*  
Assumes AAB reserves in FY26, and growth of 0.52% in FY27, 2.63% in FY28, 3.18% in FY29, 3.28% in FY30, and 3% per year thereafter

Revised 11-7-25

# Thank you!
