14 Section 26.26, to read as follows:

15 **SEC. 26.26. FEE.**

16 The owner of the Deemed Approved Off-Sale Alcohol Use shall ~~each~~ be required to pay  
17 an annual fee of \$264.00 to cover the cost of administering the Deemed Approved Off-Sale  
18 Alcohol Use Education and Outreach Program and the cost of the City Attorney. This annual  
19 fee shall be billed by and paid to the Office of the Treasurer &and Tax Collector, which shall  
20 deposit the monies collected in the Deemed Approved Off-Sale Alcohol Continuing Project  
21 Account, as set forth in Section 26.27. In the event that the owner of the Deemed Approved  
22 Off-Sale Alcohol Use fails to pay the fee during a given fiscal year, the Office of the Treasurer  
23 &and Tax Collector shall notify the Department of Public Health, which may request that the  
24 City Attorney pursue collection of the penalties.

25 Beginning with fiscal year 2006-2007, the annual fee may be adjusted each year,  
without further action by the Board of Supervisors, to reflect changes in the relevant

1 Consumer Price Index, as determined by the Controller. No later than April 15th of each year,  
2 the Department of Public Health shall submit the annual fee to the Controller, who shall apply  
3 the price index adjustment to produce a new annual fee for the following year. No later than  
4 May 15th of each year, the Controller shall file a report with the Board of Supervisors reporting  
5 the new annual fee and certifying that: (a) the annual fee produces sufficient revenue to  
6 support the proposed costs of providing the services in the upcoming fiscal year for which the  
7 annual fee is being charged and (b) the annual fee will not produce revenue that exceeds the  
8 proposed costs of providing the services in the upcoming fiscal year for which the annual fee  
9 is charged. Notwithstanding the procedures set forth in this Section, the Board of Supervisors,  
10 in its discretion, may modify the annual fee by ordinance at any time. The license fee shall be

17 annual fee payment shall be pro-rated based of the number of days left in the fiscal year. The  
18 license fee shall be paid annually on or before March 31, in accordance with the provisions of Section  
19 76.1 of the Business and Tax Regulations Code.

20 Upon the request of the owner of a Deemed Approved Off-Sale Alcohol Use, the  
21 Department of Public Health may waive payment of the annual fee provided that the owner  
22 can show to the satisfaction of the Department of Public Health all of the following:

4 subject of a City Department-referred complaint or any administrative penalties or conditions  
5 imposed by a Hearing Officer, the Board of Appeals, or the Board of Supervisors under the  
6 provisions of this Chapter.

7 If the owner of the Deemed Approved Off-Sale Alcohol Use can show all of the above,  
8 the Department of Public Health shall waive the fee indefinitely, provided, however, that if the  
9 Deemed Approved Off-Sale Alcohol Use changes ownership or becomes the subject of a City

## LEGISLATIVE DIGEST

[Administrative, Business and Tax, Fire, Health, and Police Codes – Business License Fees]

**Ordinance amending various sections of the San Francisco Business and Tax Regulations Code, Administrative Code, Fire Code, Health Code, and Police Code to**  
**1) establish March 31 as the date for the annual renewal of certain business licenses;**  
**2) apply a schedule of penalties for failure to timely renew certain business licenses;**  
**and 3) require Departments to post current business license fees on their website.**

### Existing Law

Under current law, annual license fees are due and payable either on the first day of January, April, July or October. In addition, licenses are provided by location. As a result, a licensee may receive several bills during the year, for various activities involved in conducting a single business. If the licensee owns more than one business or facility, he/she will receive numerous bills at each location at various times during the year.

A "permit" is the one-time authorization to perform an act or conduct a business activity. A "license" is an annual renewal of the permit. Currently, the Office of the Treasurer and Tax Collector bills and collects fees for some, but not all, license renewals based on information from regulatory departments. The departments that issue the permits collect other license fees.

### Amendments to Current Law

This ordinance establishes March 31 as the due date for all license fees collected by the Office of the Treasurer and Tax Collector. The license fees subject to this ordinance are found in the Business and Tax Regulations Code, Administrative Code, Fire Code, Health Code, and Police Code. This ordinance does not create new fees.

The proposed changes will facilitate the administration of annual license renewals by establishing one mailing address based on licensee, rather than location, and establishing one billing period per year, so that one payment may be submitted for multiple licenses and/or multiple locations operated by a single licensee. The ordinance also clarifies the manner that penalties apply to delinquent accounts, without changing the amount of the penalties. It notifies licensees that the license fee may be adjusted for cost increases and requires departments to post the current amount of the fees that they administer on their websites. In addition, the ordinance updates outdated licensing provisions.

### Background Information

The City regulates local business practices that impact the general welfare by issuing permits and requiring annual license renewals. Annual license fees allow the City to recover the cost of the inspections and verifications conducted by the various permitting departments.

The Business and Tax Regulations Code includes Article 1: Permit Procedures and Article 2: License Fees. However, regulations for permits and licenses are found in the Administrative Code, Fire Code, Health Code, and Police Code. The Office of the Treasurer and Tax Collector is responsible for billing and collecting most of the license fees authorized in the City's codes.

Currently, a single licensee with multiple locations and permitted uses receives several bills; one for each location and use. For example, a gas station with only one facility may receive bills for fuel tanks, gas distribution, candy and snack sales and tobacco product sales. Each of these licenses expires and renewal fees are due on a different month of the year.

The proposed amendment will enable the Office of the Treasurer and Tax Collector to issue a consolidated bill to each licensee. A consolidated license bill will facilitate administrative verification that licensees have complied with all City ordinances and that their licenses are current. The proposed amendments and accompanying administrative changes will result in easier compliance for licensees and enhanced enforcement for the City. Better management of delinquent accounts should increase fee collections.

**Re: File No. 111101 [Administrative, Business and Tax Regulations, Fire, Health, and Police Codes - Business License Fees]**

Small Business Commission Recommendation: **Approval**

Dear Ms. Calvillo:

On November 14, 2011, the Small Business Commission (SBC) voted 5-0 to recommend approval of Board of Supervisors File No. 111101.

The Office of Small Business (OSB) and SBC were early stakeholders during the process of developing this plan and the Commission received multiple briefings over the past twelve months by the Office of the Tax and Treasurer (TTX.) The TTX developed this plan in a thoughtful manner and utilized the input of the OSB and SBC, as well as input from the small and broader businesses community. Multiple presentations were also made to merchant organizations and other groups by the TTX.

The Commission finds that several components of the ordinance will benefit small businesses. This includes consolidating multiple bills with multiple due dates into a single bill with a single bill date. Additionally, businesses with multiple locations will see further streamlining as all of their locations are included on a single bill.

In addition to the legislation, the TTX has taken additional steps to ensure that this policy is successful. This includes the above mentioned outreach efforts, internal "cleanup" of records, mailings to businesses confirming the types and number of permits, and planned mailings informing businesses of the upcoming changes. Furthermore, by prorating the upcoming year's bills and allowing for pre-payments of the single consolidated bill, the TTX is lessening the cash flow impact that licensees face in having the bill due on a single date.

The Commission thanks Tajel Shah and Greg Kato of the TTX for their informative presentations at several of our Committee and full Commission meetings. The Commission also thanks
