From: Officer Alberto Duarte

Date: March 10, 2014

Subject: P.C.N. Investigation Regarding: Alcyone, LLC
DBA: Natoma Cabana
90 Natoma Street
San Francisco, CA 94105
(415) 316-5800

Dennis Leary and Eric Passeti, on behalf Alcyone, LLC, have applied for a Type 48 (On-Sale General Public Premises) transfer for the premises located at 90 Natoma Street, in the South of Market District of San Francisco. Alcyone's plan is for the creation of an environment where the gathering will encompass the tech worker, the construction worker and the traveling business person. They hope to create this environment by creating an establishment that does not cater to the casual sports fan or corporate events as their primary source of business.

Dennis Leary and his partners come with a vast of experience in managing bars and cafés.

It should be noted that during the application process, notification date for the 500' mailer was on March 3, 2014. The Notice to the Public was posted on February 25, 2014.

For the purposes of this hearing, the California Department of Alcoholic Beverage Control (ABC) seeks a determination from the Board of Supervisors as to the approval or denial of this license.

Re: Alcyone, LLC dba Natoma Cabana
California ABC Liquor License Application
90 Natoma St

Public Convenience and Necessity Determination Request

ABC Type 48 License – Public Premises

New Business Application – Transfer from 10-16 California St

Dear Ms Cavillo:

My organization, Alcyone, LLC, has applied for a type 48 license for my premises located at 90 Natoma St, in the South of Market/Transbay district of San Francisco. This type of license authorizes the sale of alcoholic spirits for consumption on premises. The name of my operation is called "Natoma Cabana", hereafter referred to as "Cabana".

"Cabana" will be a professionally operated coffee house and bar located on the edge of the soon-to-be-developed Transbay Transit Center in downtown San Francisco. The cross-streets are Natoma and Second. The venue is located in what may soon become the financial, residential, and transportation hub of San Francisco. Business hours shall be from 2pm-2Am, 7 days per week. My plan is to make the Cabana a fun, affordable, yet professionally run alternative to the established businesses along Second St. I also believe that it will serve the unmet needs of the surrounding business community.

Like the other businesses that I have established (Canteen, House of Shields, Café Terminus), the Cabana will be unique to the neighborhood, and will be an authentic social gathering place for a diverse group of workers of all income levels. I do not wish to disparage the efforts of the current crop of drinking establishments in the immediate vicinity, but I will say that they cater to either Giants fans, or corporate finance types, with not much in between.

In contrast, I want to build a place that is accessible to all - from construction workers to tech entrepreneurs to local residents. And in doing so, I hope to re-create, or at least somehow preserve, a unique South-of-Market atmosphere, with personable service and an intimate, natural interior. According to my research, 90 Natoma st was originally a blacksmith's shop, and the brick warehouse structure - which I will not modify - recalls an earlier era, when items were made by hand, and on a small scale. My partner and I wish to preserve the spirit and the method of that era, in a way that will benefit the community. It is my hope that the Cabana will thus provide organic contrast to the glass and steel towers which, by 2017, will surround it on all sides.

The alcohol program at the Cabana will be run with the highest degree of professionalism. My partner, Eric Passetti, will personally oversee the bar, just as I will direct the coffee program in the morning. I believe that we are distinctive as bar operators, as neither of us drink alcohol, and we actively discourage the onsite consumption of alcohol by our employees. We have never had any strikes or action taken against us by the ABC or any law enforcement operation. I cannot stress strongly enough that we have absolutely no interest in running any kind of party bar or nightclub. We treat alcohol with respect and our customers will follow suit.

Over the past few years I have come to believe that modestly financed, homegrown operations are becoming more and more rare in San Francisco, as rising commercial rents and economic displacement have made it difficult for all but the most well-funded operators to set up shop. Sadly, many working class and less privileged office workers around Transbay Center have seen their treasured watering holes get forced out of business (Louie's), or get torn down altogether (Beale St Bar and Grill). I hope that the Cabana will help redress this unfortunate (if inevitable) consequence of the current economic boom, by maintaining moderate prices and a welcoming atmosphere. The Cabana will also directly benefit the Second St corridor, serving as a venue for employees to hold informal post-work gatherings, business meetings, or even as an alternate workplace for budget conscious, tech savvy entrepreneurs who do not have access to office space. Not only will the premises provide a benefit to the neighborhood, the increased foot traffic to and from the venue at post-commute hours would make the block more dynamic, and the neighborhood safer.

As a brief biographical note, my partner and I have 36 years of combined restaurant and bar experience. We are entirely self-financed, and we have never used any investor money. The negotiations to secure a lease at 90 Natoma have taken approximately 3 years. My current operations (The Sentinel, The House of Shields) have attracted considerable national and local acclaim.

The approval by the board of Supervisors of this original type 48 ABC license will not have any detrimental effect upon the surrounding neighborhood or the city of San Francisco. There are fewer than 200 residents within 500 feet of the business, and no churches or grade schools. The clientele of this operation will not pose any public safety problems - as a general rule, our customer base will be a bit older and a bit more responsible than what you might find in another district. And it goes without saying that the new project will create local job opportunities for the community.

In Summary, Natoma Cabana will be a powerful asset to the neighborhood and will serve the public convenience and necessity of the people and County of San Francisco. It will serve as a community meeting spot, provide a respite from the workday, and will contribute to San Francisco's growing reputation as the premier artisanal cocktail destination in the country.

For the reasons outlined above, applicant Alcyone, LLC dba Natoma Cabana respectfully requests that this letter be forwarded to the City Operations and Neighborhood services Committee of the Board and that the Committee and the full Board of Supervisors make a determination under the California Business and Professions Code 23958.4 that the public need or convenience would be served by the issuance of an original Type 48 liquor license to Alcyone LLC, dba Natoma Cabana at 90 Natoma St, San Francisco.

Thank You for your consideration,

Sincerely,

Dennis Leary

Sounds amazing Eric. I am so pleased to communicate with you. I would like to invite you and Denis to come to talk about your plans if you want at the neighborhood meeting. The Yerba Buena Alliance is doing a neighborhood meeting on the first Thursday of the month as a way to engage and inform the Yerba Buena's business, cultural and residential leaders. Our next meeting at the California Historical Society is May 1. We have a pretty tight agenda that day so I am wondering if you would like to come to the next one Thursday, June 5th at the Palace Hotel.

Perhaps you can come to the May 1st meeting and see what its all about.

The Alliance has been looking to contact all the stakeholders of Yerba Buena to also discuss the transfer of 3 city blocks of land to the Department of Real Estate and I want either yof you to know the work we are doing at the Alliance and feel welcome to get more involved in this process if you wish.

We can support your vision and let me know how the Alliance can help with your application for the bar.

Thank you Eric!

We look forward to not only servicing the future transbay terminal, but also the existing neighborhood, as we know the project is years away.

Furthermore, I am member of the California Historical Society as well as the SF MoMa. Having said this I not only pledge to run a respectable bar, like House of Shields or our Tender Loin Bar, Trocadero; but also I assure you the space and design will be respectful of the history --and represent the future of the neighborhood.

Should you have any questions about the project or would like to meet in person, I would be happy to make myself available.

YOUTH COMMISSION
MEMORANDUM

TO: Derek Evans, Clerk, Neighborhood Services and Safety Committee
FROM: Youth Commission
DATE: Monday, October 7, 2013
RE: Referral response to BOS File No. 130946 Hearing on the impacts that sugar sweetened beverages have on San Franciscan's health and the health care sector.

At our regular meeting of October 7th, 2013, the Youth Commission voted unanimously to support the following motion:

To support BOS File No. 130946, a hearing on the impacts that sugar sweetened beverages has on the San Franciscan's health and the health care sector.

The Youth Commission would like to additionally share the following comment and recommendation regarding this legislation:

Commissioners are supportive of the City exploring the idea of undertaking efforts to limit sweetened beverage consumption, and are concerned about the affordability and accessibility of healthier options. They would like to urge the BOS to include research and provisions for addressing discrepancies in access to affordable healthy alternatives to sweetened beverages in low income neighborhoods in any future legislation on this topic.

Commissioners are supportive of incentives for small businesses that transition to provide healthier beverage options, and believe this could assist in mitigating the effects potential legislation limiting the sale of sugary beverages on small businesses.

Commissioners would like to suggest that the Budget and Legislative Analyst's office conduct a study on consumer's consumption of sugar-sweetened beverages and look at possible means of intervention in consumer habits.

Commissioners would like to suggest that the Board consider and investigate targeted marketing of sugar-sweetened beverages toward specific populations, and the resulting impacts on children's health.

Please inform us of forward movement on this item and details about the hearing, should it be scheduled.

If you have any questions about these recommendations or anything related to the Youth Commission, please don't hesitate to contact our office at (415) 554-6446.
