Children's Council Statement of Work for First 5 SF3C/R&R Funding

Desired Outcome:

- More San Francisco families, especially in under-served communities, will have access to high-quality preschool for their children.

Objectives:

- To increase the capacity of SF3C and Resource and Referral teams to effectively respond to the additional service demand created by Preschool Plus.
- To provide dedicated staff time in Children's Council's SF3C, R&R, and Subsidy programs, to engage parents around the benefits of preschool and quality early education.

Activities and Deliverables:

Improve available information and efficiency with which it is shared with local families in support of their search for viable care options and preschool enrollment decisions.

- Professional development for SF3C, R&R, and Subsidy staff (provided by internal, First 5, and other professionals):
 - Participate in quarterly, cross-agency Preschool Access Workgroup to increase the scope of staff knowledge about enrollment financing in general (all subsidies, scholarships, eligibility, availability, etc.); and facilitate more efficient referrals of families for assistance between agencies.
 - in better fielding parent questions around funding for preschool enrollment in general;
 - engaging parents in conversations about the benefits of regular preschool attendance.
- Provide a wide range of information on preschool enrollment financing in general; the benefits of preschool, and the features of quality care to the child care referral section of the Children's Council web site.
- Support First 5 in developing and creating family-friendly materials for PFA.

Improving the efficiency and efficacy of PreschoolPlus program enrollment

- Schedule 3x annual PreschoolPlus admin meetings between F5SF and SF3C staff to:
 - Identify and address PreschoolPlus "pull" and certification procedural issues; clarify policies; create efficiencies to increase access to preschool by low-income families
 - Form written agreements about communication between parents, providers, and agencies to effect consistency and clarity of distributed PreschoolPlus information.
 - Review enrollment data and consider program effectiveness
- Add one Cantonese-Speaking Need & Eligibility Specialist to meet family demands for services and training needs of PreschoolPlus childcare providers.
- Allocate increased IT time to data demands created by PFA and Preschool Plus.
- Incorporate messaging around the importance of quality early education and information on PreschoolPlus into trainings provided to FRCs around the SF3C data base and parent registration process.
- Conduct site visits to a minimum of five PFA sites throughout the program year, with focus on PreschoolPlus providers to establish collaborative relationships.
