4. **Restrictions on Use.** Permittee agrees that, by way of example only and without limitation, the following uses of the Permit Area by Permittee, or any other person claiming by or through Permittee, are inconsistent with the limited purpose of this Permit and are strictly prohibited as provided below:

(a) **Improvements.** Except as otherwise expressly provided herein, Permittee shall not construct or place any temporary or permanent structures or improvements in, on, under or about the Permit Area, nor shall Permittee make any alterations or additions to any of existing structures or improvements on the Permit Area, unless Permittee first obtains PUC's prior written consent, which PUC may give or withhold in its sole and absolute discretion. Permittee shall immediately notify City when Permittee learns of, or has reason to believe that, a release of Hazardous Material has occurred in, on, under or about the Permit Area. Permittee shall further comply with all laws, statutes, ordinances, rules, regulations, policies, orders, edicts and the like (collectively, "Laws") requiring notice of such releases or threatened releases to governmental agencies, and shall take all action necessary or desirable to mitigate the release or minimize the spread of contamination. In the

event that Permittee or its Agents or Invitees cause a release of Hazardous Material, Permittee shall, without cost to City and in accordance with all Laws and using the highest and best technology available, promptly return the Permit Area to the condition immediately prior to the release. In connection therewith, Permittee shall afford City a full opportunity to negotiate and participate in any discussion with governmental agencies and environmental consultants regarding any settlement agreement, cleanup or abatement agreement, consent decree or other compromise proceeding involving Hazardous Material, and any other abatement or clean-up plan, strategy and procedure. For purposes hereof, "**Hazardous Material**" means material that, because of its quantity, concentration or physical or chemical characteristics, is at any time now or hereafter deemed by any federal, state or local governmental authority to pose a present or potential hazard to public health, welfare or the environment. Hazardous Material includes, without limitation, the following: any material or substance defined as a "hazardous substance, pollutant or contaminant" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Sections 9601 et seq., or pursuant to Section 25316 of the California Health & Safety Code or any other federal, state, or local Law; a "hazardous waste" listed pursuant to Section 25140 of the California Health & Safety Code; any asbestos and asbestos containing materials whether or not such materials are part of the Permit Area or are naturally occurring substances in the Permit Area; and any petroleum, including, without limitation, crude oil or any fraction thereof, natural gas or natural gas liquids, provided, the foregoing shall not prohibit Permittee from traversing to, from and across the Permit Area in standard motor vehicles that do not exceed the weight limitations set forth below. The term "**release**" or "**threatened release**" when used with respect to Hazardous Material shall include any actual or imminent spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing in, on, under or about the Permit Area.

(e) **Nuisances**. Permittee shall not conduct any activities in, on, under or about the Permit Area that constitute waste, nuisance or unreasonable annoyance (including, without limitation, emission of objectionable odors, noises or lights) to City, to the owners or occupants of neighboring property, or to the public, or that constitute waste or nuisance per se.

(f) **Damage**. Permittee shall not do anything in, on, under or about the Permit Area that could cause damage or interference to any pipelines or other property located in, on, under or about the Permit Area.

(g) **Use of Adjoining Land**. Permittee acknowledges that the privilege given under this Permit shall be limited strictly to the Permit Area. Permittee shall not traverse over or otherwise use any adjoining lands of City.

(h) **Ponding; Water Courses**. Permittee shall not cause any ponding on the Permit Area or any flooding on adjacent land. Permittee shall not engage in any activity that causes any change, disturbance, fill, alteration or impairment to the bed, bank or channel of any natural water course, wetland, or other body of water on, in, under or about the Permit Area, nor shall Permittee engage in any activity that could pollute or degrade any surface or subsurface waters or result in the diminution or drainage of such waters.

(i) **Heavy Equipment and Vehicles.** To prevent damage to City's underground pipelines, Permittee's use of vehicles and equipment within twenty feet (20') of each side of the centerline of City's pipelines (measured on the surface) shall be subject to the following restrictions:

(i) The depth of soil cover over the tops of City's pipelines must be at least three feet (3') for steel cylinder pipe and four feet (4') for reinforced pre-stressed concrete cylinder pipe to accommodate the loading as defined below in Item (ii). If any equipment with axle loading exceeds the loads stated in Item (ii) below or if the depth of soil cover is less than stated above, Permittee shall submit to PUC for review and approval, in PUC's sole discretion, engineering calculations prepared by a licensed Professional Engineer showing that City's pipelines will not be adversely affected by Permittee's proposed activities. In the event that City's pipelines may be adversely affected, Permittee shall submit remedial measures for City's approval to ensure that no adverse effect will occur.

(ii) The effects of vehicle and equipment loads to the pipe must not exceed the effects of the "AASHO Standard H-10 Loading." H-10 loading is defined as loading caused by a two-axle truck with a gross weight of ten tons (20,000 lbs.), axles fourteen feet (14') apart, and rear axle carrying 8-tons (16,000 lbs.). Permittee shall be responsible to provide PUC adequate evidence that its equipment and vehicles meet the foregoing requirements.

(iii) Permittee shall not use vibrating compaction equipment without PUC's prior written approval, which approval may be withheld in PUC's sole discretion.

(iv) If the depth of the soil cover over the pipeline (determined by potholing or other proof procedure) is less than the minimum stated in (i) above, unless an alternate method is approved by PUC in writing, all excavation and grading over the pipeline shall be performed manually. For any machinery equipment excavation and grading over and within twenty feet (20') on each side of the centerline of the pipeline (measured on the surface), Permittee shall submit a written proposal together with all supporting calculations and data to PUC for review and approval. In any case, the two feet (2') of soil around the pipeline shall be removed manually or by other methods approved by PUC with due care as provided in Section 3(c).

5. **Permit Fee(s).**

(a) Permittee shall pay to City a one-time non-refundable permit fee in the amount of Two Thousand Five Hundred Dollars (\$2,500.00) to cover City's processing, inspection and other administrative costs. Such fee is payable at such time as Permittee signs and delivers this Permit to City. Payment shall be made by good check payable to the City and County of San Francisco and delivered to City in care of the Director of the Bureau of Commercial Land Management of the San Francisco Public Utilities Commission at the address for notices to City specified in Section 29 hereof or such other place as City may designate in writing. Without limiting its right to revoke this Permit or any of its other rights hereunder, City may at any time, upon not less than 30 days' written notice to Permittee, charge a use fee for the privilege given hereunder if City establishes a general policy

for charging fees for the use permitted hereunder, and City may increase such fee from time to time in accordance with such policy.

6. **Term of Permit.** The privilege conferred to Permittee pursuant to this Permit shall commence on the date on which this Permit is executed and delivered by City following PUC authorization and approval and the receipt of all fees and security required to be provided hereunder (the "Commencement Date"), and shall immediately expire upon oral or written notice from City revoking this Permit. City may at its sole option freely revoke this Permit at any time without cause or liability, and without any obligation to pay any consideration to Permittee.

7. **Security for Performance.** INTENTIONALLY OMITTED.

8. **Insurance.**

(a) Permittee shall procure and keep in effect at all times during the term of this Permit, at Permittee's expense, and cause its contractors and subcontractors to maintain at all times during any construction activities on the Permit Area insurance as follows: (i) General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for Contractual Liability, Personal Injury, Independent Contractors, Explosion, Collapse and Underground (XCU), Broadform Property Damage, Sudden and Accidental Pollution, Products Liability and Completed Operations; (ii) Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for owned, non-owned and hired automobiles, as applicable, and Sudden and Accidental pollution; and (iii) Workers' Compensation Insurance with Employer's Liability Coverage with limits of not less than \$1,000,000 each accident. In lieu of the foregoing insurance, Permittee can elect to self-insure by providing City adequate evidence of its self-insurance program. If Permittee elects to self-insure, Permittee shall give PUC written notice of any significant change in or the depletion of its self-insurance fund.

(b) All liability policies required hereunder shall provide for the following: (i) name as additional insureds the City and County of San Francisco, its Public Utilities Commission and its officers, agents and employees; (ii) specify that such policies are primary insurance to any other insurance available to the additional insureds, with respect to any claims arising out of this Permit and that insurance applies separately to each insured against whom claim is made or suit is brought, and (iii) include a waiver of subrogation endorsement or provision wherein the insurer acknowledges acceptance of Permittee's waiver of claims against City. Such policies shall also provide for severability of interests and that an act or omission of one of the named insureds which would void or otherwise reduce coverage shall not reduce or void the coverage as to any insured, and shall afford coverage for all claims based on acts, omissions, injury or damage which occurred or arose (or the onset of which occurred or arose) in whole or in part during the policy period. Sudden and accidental pollution coverage in the liability policies required hereunder shall be limited to losses resulting from Permittee's activities (and Permittee's Agents and Invitees) under this Permit (excluding nonnegligent aggravation of existing conditions with respect to Hazardous Materials).

(c) All policies shall be endorsed to provide thirty (30) days prior written notice of cancellation, non-renewal or reduction in coverage to City.

(d) Prior to the commencement date of this Permit, Permittee shall deliver to City certificates of insurance in form and with insurers satisfactory to City, evidencing the coverages required hereunder, together with complete copies of the policies at City's request. In the event Permittee shall fail to procure such insurance, or to deliver such policies or certificates, City may procure, at its option, the same for the account of Permittee, and the cost thereof shall be paid to City within five (5) days after delivery to Permittee of bills therefor.

(e) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general aggregate limit shall double the occurrence or claims limits specified above.

(f) Should any of the required insurance be provided under a claims made form, Permittee shall maintain such coverage continuously throughout the term of this Permit and, without lapse, for a period of three (3) years beyond the Permit expiration, to the effect that, should any occurrences during the Permit term give rise to claims made after expiration of the Permit, such claims shall be covered by such claims-made policies.

(g) Upon City's request, Permittee and City shall periodically review the limits and types of insurance carried pursuant to this Section. If the general commercial practice in the City and County of San Francisco is to carry liability insurance in an amount or coverage materially greater than the amount or coverage then being carried by Permittee for risks comparable to those associated with the Permit Area, then City in its sole discretion may require Permittee to increase the amounts or coverage carried by Permittee hereunder to conform to such general commercial practice.

(h) Permittee's compliance with the provisions of this Section shall in no way relieve or decrease Permittee's indemnification obligations under this Permit or any of Permittee's other obligations hereunder. Notwithstanding anything to the contrary in this Permit, this Permit shall terminate immediately, without notice to Permittee, upon the lapse of any required insurance coverage. Permittee shall be responsible, at its expense, for separately insuring Permittee's personal property.

9. **Compliance with Laws.** Permittee shall, at its expense, conduct and cause to be conducted all activities on the Permit Area allowed hereunder in a safe and reasonable manner and in compliance with all Laws of any governmental or other regulatory entity (including, without limitation, the Americans with Disabilities Act) and all covenants, restrictions and provisions of record, whether presently in effect or subsequently adopted and whether or not in the contemplation of the parties. Permittee shall, at its sole expense, procure and maintain in force at all times during its use of the Permit Area any and all business and other licenses or approvals necessary to conduct the activities allowed hereunder. Permittee understands and agrees that City is entering into this Permit in its

capacity as a property owner with a proprietary interest in the Permit Area and not as a regulatory agency with police powers. Permittee further understands and agrees that no approval by City for purposes of this Permit shall be deemed to constitute approval of any federal, state, City or other local regulatory authority with jurisdiction, and nothing herein shall limit Permittee's obligation to obtain all such regulatory approvals at Permittee's sole cost or limit in any way City's exercise of its police powers.

10. Covenant to Maintain Permit Area. In connection with its use hereunder, Permittee shall at all times, at its sole cost, maintain the Permit Area in a good, clean, safe, secure, sanitary and sightly condition, so far as the Permit Area may be affected by Permittee's activities hereunder.

11. Monuments. INTENTIONALLY OMITTED.

12. Removal or Alteration of Facilities. Without limiting City's rights hereunder, Permittee shall promptly, at City's written request, alter or remove at its sole expense any and all facilities, improvements, plantings or other property installed or placed in, on, under or about the Permit Area by Permittee, as may be necessary to avoid any actual or potential interference with any of City's pipelines, power lines, facilities or other structures now or later constructed, or with the maintenance thereof or with any other operations or land uses by City. In the request, City shall have the right to specify reasonable time limits for completion of the work. If after such written notice Permittee fails to complete the requested work within the prescribed time limits, City shall have the right to perform the requested work and charge Permittee all costs and expenses incurred by City in performing the work. Such amount shall be due and payable upon City's demand. In the event of an emergency City may, at its sole option and without notice, alter, remove or protect at Permittee's sole expense, any and all facilities, improvements, plantings or other property installed or placed in, on, under or about the Permit Area by Permittee. The owner of such utility facilities shall, upon written or oral notice by City that an emergency exists, take immediate action at its sole expense to protect, remove or relocate such facilities as required by City to meet the emergency.

13. Signs. Permittee shall not place, erect or maintain any sign, advertisement, banner or similar object in, on, or about the Permit Area without PUC's prior written consent, which PUC may withhold in its sole discretion; provided, however, Permittee may place in the Permit Area a temporary sign of less than thirty (30) days' duration that is necessary for Permittee's construction use and which does not extend below the ground surface without PUC's prior written consent.

14. Surrender. Upon the expiration of this Permit or within ten (10) days after any sooner revocation or other termination of this Permit, Permittee shall surrender the Permit Area in the same condition as received, and broom clean, free from hazards and clear of all debris. At such time, Permittee shall remove all of its property from the Permit Area and any signs and, upon City's request, other structures or improvements] permitted hereunder, and shall repair, at its cost, any damage to the Permit Area caused by such removal. Permittee's obligations under this Section shall survive any termination of this Permit.

15. Repair of Damage. If any portion of the Permit Area or any property of City located on or about the Permit Area is damaged or threatened by any of the activities conducted by Permittee or anyone acting by or through Permittee hereunder, Permittee shall immediately, at its sole cost, notify City by facsimile of such damage or threat. City may, but shall not be obligated, to remedy such damage or threat at Permittee's sole cost, or City may elect to witness Permittee's repair work. In the event City elects not to remedy such damage or threat, Permittee shall repair any and all such damage and restore the Permit Area or property to its previous condition subject to City's inspection, review and approval. City has no responsibility or liability of any kind with respect to any utilities that may be on, in or under the Permit Area. Permittee has the sole responsibility to locate such utilities and other existing facilities and protect them from damage. Permittee shall be solely responsible for arranging and paying directly for any utilities or services necessary for its activities hereunder; provided, Permittee shall obtain City's prior written approval to the provision of such services or utilities in, on, under, or through the Permit Area.

16. City's Right to Cure Defaults by Permittee. If Permittee fails to perform any of its obligations under this Permit to restore the Permit Area, remove or alter facilities or repair damage, or if Permittee defaults in the performance of any of its other obligations under this Permit, then City may, at its sole option, remedy such failure for Permittee's account and at Permittee's expense by providing Permittee with three (3) days' prior written or oral notice of City's intention to cure such default (except that no such prior notice shall be required in the event of an emergency as determined by City). Such action by City shall not be construed as a waiver of any rights or remedies of City under this Permit, and nothing herein shall imply any duty of City to do any act that Permittee is obligated to perform. Permittee shall pay to City upon demand, all costs, damages, expenses or liabilities incurred by City, including, without limitation, reasonable attorneys', experts' and consultants' fees, in remedying or attempting to remedy such default. Permittee's obligations under this Section shall survive the termination of this Permit.

17. No Costs to City. Permittee shall bear all costs or expenses of any kind or nature in connection with its use of the Permit Area, and shall keep the Permit Area free and clear of any liens or claims of lien arising out of or in any way connected with its use of the Permit Area.

18. Indemnity. Permittee shall indemnify, defend, reimburse and hold harmless City, its officers, agents, employees and contractors, and each of them, from and against any and all demands, claims, legal or administrative proceedings, losses, costs, penalties, fines, liens, judgments, damages and liabilities of any kind ("**Claims**"), arising in any manner out of (a) any injury to or death of any person or damage to or destruction of any property occurring in, on or about the Permit Area, or any part thereof, whether the person or property of Permittee, its officers, directors, members, employees, agents, consultants, contractors or subcontractors (collectively, "**Agents**"), its invitees, guests or business visitors (collectively, "**Invitees**"), or third persons, relating to any use or activity under this Permit, (b) any failure by Permittee to faithfully observe or perform any of the terms, covenants or conditions of this Permit, (c) the use of the Permit Area or any activities conducted thereon by Permittee, its Agents or Invitees, (d) any release or discharge, or threatened release or discharge, of any Hazardous Material caused or allowed by Permittee, its Agents or Invitees, on, in, under or about

the Permit Area, any improvements or into the environment, or (e) any failure by Permittee to faithfully observe or perform any terms, covenants or conditions of the Recorded Documents to the extent that such terms, covenants or conditions relate to or are triggered by the work to be performed or the facilities to be installed pursuant to this Permit; except solely to the extent of Claims resulting directly from the gross negligence or willful misconduct of City or City's authorized representatives. In addition to Permittee's obligation to indemnify City, Permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend the City from any claim that actually or potentially falls within this indemnity provision even if such allegation is or may be groundless, fraudulent or false, which obligation arises at the time such claim is tendered to Permittee by City and continues at all times thereafter. The foregoing indemnity shall include, without limitation, reasonable attorneys', experts' and consultants' fees and costs, investigation and remediation costs and all other reasonable costs and expenses incurred by the indemnified parties, including, without limitation, damages for decrease in the value of the Permit Area and claims for damages or decreases in the value of adjoining property. Permittee's obligations under this Section shall survive the expiration or other termination of this Permit.

19. Waiver of Claims.

(a) Neither City nor any of its commissions, departments, boards, officers, agents or employees shall be liable for any damage to the property of Permittee, its officers, agents, employees, contractors or subcontractors, or their employees, or for any bodily injury or death to such persons, resulting or arising from the condition of the Permit Area or its use by Permittee.

(b) Permittee acknowledges that this Permit is freely revocable by City and in view of such fact, Permittee expressly assumes the risk of making any expenditures in connection with this Permit, even if such expenditures are substantial. Without limiting any indemnification obligations of Permittee or other waivers contained in this Permit and as a material part of the consideration for this Permit, Permittee fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against, and covenants not to sue, City, its departments, commissions, officers, directors and employees, and all persons acting by, through or under each of them, under any present or future laws, statutes, or regulations, including, but not limited to, any claim for inverse condemnation or the payment of just compensation under law or equity, in the event that City exercises its right to revoke or terminate this Permit.

(c) Permittee acknowledges that it will not be a displaced person at the time this Permit is terminated or revoked or expires by its own terms, and Permittee fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against, and covenants not to sue, City, its departments, commissions, officers, directors and employees, and all persons acting by, through or under each of them, under any present or future laws, statutes, or regulations, including, without limitation, any and all claims for relocation benefits or assistance from City under federal and state relocation assistance laws.

(e) As part of Permittee's agreement to accept the Permit Area in its "As Is" condition as provided below, and without limiting such agreement, Permittee on behalf of itself and its successors and assigns, waives its right to recover from, and forever releases and discharges, City and its Agents, and their respective heirs, successors, administrators, personal representatives and assigns, from any and all Claims, whether direct or indirect, known or unknown, foreseen and unforeseen, that may arise on account of or in any way be connected with the physical or environmental condition of the Permit Area and any related improvements or any law or regulation applicable thereto or the suitability of the Permit Area for Permittee's intended use.

(f) In connection with the foregoing releases, Permittee acknowledges that it is familiar with Section 1542 of the California Civil Code, which reads:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

Permittee acknowledges that the releases contained herein includes all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims. Permittee realizes and acknowledges that it has agreed upon this Permit in light of this realization and, being fully aware of this situation, it nevertheless intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect. The releases contained herein shall survive any termination of this Permit.

The giving of this Permit by City does not constitute authorization or approval by City of any activity conducted by Permittee on, in, around or relating to the Permit Area.

24. **MacBride Principles - Northern Ireland.** The City and County of San Francisco urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1, et seq. 28. Taxes, Assessments, Licenses, Permit Fees and Liens.

(a) Permittee recognizes and understands that this Permit may create a possessory interest subject to property taxation and that Permittee may be subject to the payment of property taxes levied on such interest. Permittee further recognizes and understands that any transfer or assignment permitted under this Permit and any exercise of any option to renew or extend this Permit may constitute a change in ownership for purposes of property taxation and therefore may result in a revaluation of any possessory interest created hereunder.

(b) Permittee agrees to pay taxes of any kind, including, but not limited to, possessory interest taxes, that may be lawfully assessed on the interest hereby created and to pay all other taxes, excises, licenses, permit charges and assessments based on Permittee's usage of the Permit Area that may be imposed upon Permittee by law, all of which shall be paid when the same become due and payable and before delinquency.
