15 **SEC 1. Findings**

16 The Board of Supervisors for the City and County of San Francisco adopted the
17 Sustainability Plan for the City and County of San Francisco which states that "[a]chieving and
18 maintaining good air quality is crucial to the public health and economic vitality of San
19 Francisco".

20 In 2002, the San Francisco Board of Supervisors passed an ordinance committing the
21 City and County of San Francisco to make significant greenhouse gas reductions, far
22 exceeding the targets in the Kyoto Protocol.

23 In 2004 SF Environment and the San Francisco Public Utilities Commission released a
24 "Climate Action Plan for San Francisco" identifying transportation, energy efficiency,
25

1 renewable energy, and solid waste measures that could achieve reductions sufficient to meet
2 this target.

3 Automobile emissions contribute to poor air quality and are a source of green house
4 gases.

5 The project will help the City meet its reducing the number of individuals driving
6 automobiles which will help the City achieve and maintain good air quality, as well as reduce
7 greenhouse gases.

8
9 **SEC 2. Authorization to Accept and Expend Funds.**

10 The Board of Supervisors hereby authorizes the Department of the Environment to
11 accept and expend on behalf of the City and County of San Francisco up to \$210,000 in funds
12 from the Metropolitan Transportation Commission over the next three fiscal years to provide
13 Transportation Demand Management services to employers.

14 The grant requires the Department of the Environment to match 11.47% of the project
15 costs or nine thousand sixty-nine dollars \$9,069 per fiscal year over the next three years.

16 The grant further requires the Department of the Environment to provide staff support
17 and any additional funding necessary to complete the project.

18 The Department of the Environment is further authorized to furnish whatever additional
19 information or assurances the funding agency may request in connection with this grant, and
20 to execute any and all agreements necessary to carry out the purpose of the grant.

21 The term of the Metropolitan Transportation Commission grant is from July 2008
22 through June 2011.
