To Whom It May Concern:

RE: Kim Garcia-Meza

It is with pleasure, delight and an enormous amount of joy that I write this Letter of Recommendation for Kim Garcia-Meza to be appointed for the San Francisco Office of Early Childhood Education (SF-OECE) first Citizen Advisory Committee (CAC).

Inspirational, great parent, dedicated, community advocate, fairness for ALL especially our most vulnerable citizens who live in public housing and are low income, every school a great school in the SFUSD, housing for ALL, jobs for ALL, immigration rights, access to College and higher education for ALL or just some of the descriptive words and phrases to describe Kim Garcia-Meza. She is a tireless advocate for anyone who resides in San Francisco and need that extra hand to get their lives back on track. Over the past five (5) years, I marveled at the dedication and energy of Kim Garcia-Meza as she attends Board of Education and Community Meetings, works with DCYF and moreover runs her licensed Day Care Center which provides a safe, caring environment with a challenging curriculum to ensure that her students are "ready for our public (private) schools when they enter Kindergarten." Parents of Kim's students are so pleased with her curriculum and know that their child will graduate from her Family Day Care Center ready to enter school academically, socially and emotionally.

Kim, her husband Peter and their children are wonderful advocates for our organization. They give generously each year to support our scholarship fund; providing funds so that our students many of whom are the first in their families to attend college. Without their generous financial support; many of our scholarship recipients over the years would not have access to the great equalizer "education." Many of these students come from single parent households, live in Bayview Hunters Point or public housing facilities throughout the City. In addition, the Garcia-Meza Family are excellent supporters of some of our other programs: including, our Dr. King Essay & Poster Contest, the Oratorical Contest and our Annual African American Honor Roll where on the last Wednesday, in February, we "honor" more than twelve hundred students of African American descent enrolled in the SFUSD in grades 3-12, who have earned a 3.0 Grade Point Average (GPA) or higher. Kim and her Family understand that it is important for students to see Community Advocates and became actively involved in the lives of our public school students; and to support teachers and principals.

Zero to five are such critical years in the life of our students. It is urgent that the pregnant Mom get the medical services that she needs in order to have a healthy baby. Kim Garcia-Meza has spent her entire life and being selected as a member of OECE will allow Kim to continue her lifelong advocacy to improve early care and education, improve the workforce that serves this clientele and build up the system's capacity. Again, "access for ALL." I have no hesitations, unequivocally and with great "joy" our organization recommends **Kim Garcia-Meza** to be appointed for the SF OECE. She will be that force on the Board to ensure that ALL San Franciscans regardless of race, income or socio economic status will have access and equitable treatment at each of our Early Education Licensed Facilities throughout the City and County of San Francisco.

Please let me know, if you have questions, or if I can provide any additional information.

Sincerely,

Virginia P. Marshall

Vice President & Chairperson

To Whom It May Concern:

It is my pleasure to recommend Kim Garcia-Meza for the Citizen Advisory Committee of the SF OECE.

As Director of Las Mañanitas, a wonderful Spanish-immersion program for preschoolers, Kim has created an incredibly rich learning environment for her students. I met Kim in 2013 as I was launching Little Artistas, an art and language studio for children ages 1-11 in Glen Park, and she became a great mentor as I navigated the first year of small business ownership. With Kim's help, Little Artistas has grown to serve over 500 hundred local families through our classes, camps and events

Little Artistas and Las Mañanitas began a partnership during the Fall of 2014, when Kim hired us to teach a one hour Spanish-immersion art class once per week in their beautiful yard. These classes have been a joy to teach- Kim's nurturing and playful approach to education creates a wonderful environment for families, teachers and students. It is a privilege to be a part of the Las Mañanitas family and to learn from Kim. Over the past year and a half, she's contributed to my understanding of how to create happy and safe environments where children can flourish.

Kim would be an incredible asset to the Citizen Advisory Committee

Please feel free to contact me with additional questions.

Warmly,

Anna Calonje

One of the things I like best about San Francisco is its diversity. In every story of every person that is different there is a common cord that we all share. This is especially true for those in groups that have been and continue to be discriminated against. I know what that feels like. I can identify with immigrants who are viewed with suspicion, people with disabilities that must navigate in a world that doesn't always work for them, those for whom English isn't their most comfortable language, people of color that are never quite American enough and LGBTQ children, parents and teachers enduring the challenges of staying true to themselves.

Business and/or professional experience:

I have been a Family Child Care Educator for 25 years, most if it in district 4. I am currently the President of the Family Child Care Association of San Francisco, and a San Francisco Child Care Providers Association board member and have been an affiliate member of CPAC. I am a member of the Family Child Care Quality Network of San Francisco, the California Family Child Care Association, the National Association for the Education of Young Children and the California Teachers Association. I have been teaching at SF State for 10 years in the Department of Elementary Education and at City College of San Francisco in the Department of Child Development since 2015. I am a published author and earned my doctorate in Educational Leadership from SF State in 2015.

Civic Activities:

My home has been a polling place for 17 years. My role as a lecturer at SF State and CCSF has allowed me the opportunity to motivate college students to become informed participants in city, state and federal political conversations. Understanding the issues and who is supporting those issues is a critical first step towards civic engagement and a necessary function of an informed democracy. Throughout my life I have witnessed the hope and the fear that government policies can inspire and the citizens should know that as long as this is a democracy, they should never feel themselves to be victims of government.

September Jarrett

Director

Office of Early Care and Education

1650 Mission Street, Suite 312

San Francisco, CA 94103

Dear Ms. Jarrett,

Having enjoyed a long, successful career progression in the early care and education field, I am seeking to contribute my strong leadership, planning, and partnership development skills in the position of Citizen's Advisory Committee member for the Office of Early Care and Education. As a San Francisco Bay Area native, a mother of two girls under the age of six, an alumna of San Francisco State University, an early education professional, and a recent San Francisco resident for eighteen years, I understand the complexities that face San Francisco's children, families, and early care and education providers. I would be honored to contribute my expertise in these areas to the important work of the Citizen's Advisory Committee.

Briefly, some of the assets I bring to this position:

- **Commitment to focusing programs on achieving equitable outcomes that matter:** Throughout my career in the early care and education field, I have focused on building the ability of the organizations that I am involved with to be culturally competent - focused on creating equal and excellent outcomes for young children across differences of race, class, culture, gender, and language. I have worked closely with higher education institutions, philanthropic organizations, community advocates, educators, government officials, and providers to identify and create more culturally responsive educational services for San Francisco's children and families.
- **Extensive knowledge and expertise in education and issues facing children, youth and their families:** I have dedicated my professional career to ensuring that young children living in under-resourced communities develop the skills necessary to succeed in school and life, setting them on a path for life-long success. Through my educational and work experiences, I have witnessed firsthand the power of increasing access to rich, high quality services for young children and families. I would be honored to further that work on behalf of the Citizen's Advisory Committee.
- **Strong relationship building skills:** I am experienced in cultivating deep relationships with boards, staff, funders, external partners, and program participants. As Program Director at the Mimi and Peter Haas Fund, I work internally and externally to build, maintain, and leverage effective relationships that contribute to the long-term sustainability of high-quality early education programs across San Francisco. I cultivate and manage relationships with early care and education providers, board members, school administrators, policy makers, funders, and stakeholders.

I am excited to further discuss my qualifications with you, and learn how my skills can support the remarkable work of The Citizen's Advisory Committee. Thank you for your consideration. I look forward to speaking with you soon.

Warmest regards, •

Jennifer Curran

Dear Board of Supervisors,

Kaile Thomas was a student in my Spring 2015 *Children, Youth and Public Policy* (CAD 625) course at San Francisco State University. CAD 625 is a course that provides an overview of how public policies for children and youth are developed, adopted and implemented, with a goal of using research to design and support effective policy solutions. Kaile's work was more than exemplary. In a class of 50 students, her performance in the class far exceeded that of any other student. Her research for both course papers was on preschool programs and policies. Her awareness of the issues involved was exemplified in her thoughtful discussion of stakeholders and the importance of programming and planning.

Coursework in the class also required considerable group work. Membership in these groups changed from class to class and from task to task. However, a stable attribute was the fact that joining Kaile's group was the aim of many students. She always understood the task at hand, was not overbearing, had done the homework/research, and worked collaboratively.

I have taught courses at UC Berkeley and San Francisco State University in education and child development over the past twelve years. Kaile stands out for her ability to grasp the important aspects of the topic at hand. Her maturity stands out in the classroom, both through her demeanor and her contributions to the discussions.

Kaile's experiences in the field over the past eleven years have provided her with insight into the importance of early childhood experiences and the myriad complicated factors that influence the provision of quality early childhood education. I have brought her back as a guest lecturer in my class where she has provided insight into the field of early education. I believe that she would be a considerable asset to the Citizen's Advisory Committee.

I would be happy to answer any questions or provide further information. You may contact me by phone at 415-307-0325 or by e-mail at lplatas@sfsu.edu

Sincerely,
