Dear Chair Chan and Supervisors Dorsey and Engardio,

I urge you to support the Embarcadero Plaza & Sue Bierman Park Renovation Project. This public-private partnership will revitalize the area, attract businesses, and enhance the experience for residents and visitors alike.

I have lived in this neighborhood (in The Gateway) for over 10 years and worked in various downtown office buildings within a five-minute walk for at least five of those years. I know firsthand how much joy well-designed outdoor spaces bring—offering a place to gather, recharge, and connect with the city. A thriving park will make a lasting difference for those of us who live and work here.

With strong private funding commitments reducing the city's financial burden, this is a rare opportunity to invest in San Francisco's future. Please vote in favor of this transformative project.

Sincerely,

- Shailvi
