

LEGISLATIVE DIGEST

[Amending Ordinance No. 1061 - Sidewalk Width Change - Along Pierce Street Between O'Farrell and Ellis Streets]

Ordinance amending Ordinance No. 1061 entitled "Regulating the Width of Sidewalks," to change the official sidewalk width of certain locations along the westerly side of Pierce Street between O'Farrell and Ellis Streets, in front of the Maxine Hall Health Center at 1301 Pierce Street; adopting the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

Existing Law

Board of Supervisors Ordinance No. 1061 established the official sidewalk widths throughout San Francisco. Ordinance No. 1061 is uncodified, but it can be located in the Clerk of the Board of Supervisors Book of General Ordinances, in effect May 11, 1910, which is on file with the Clerk of the Board of Supervisors.

Amendments to Current Law

This legislation would amend Ordinance No. 1061 to change the official sidewalk width fronting Assessor's Block 0728, along the westerly side of Pierce Street between O'Farrell and Ellis Streets, in front of the Maxine Hall Health Center at 1301 Pierce Street (Assessor's Block 0728, Lot No. 005A and Lot No. 006). The legislation would modify the official sidewalk width to reflect installation of a "bulb-in" at the location of the sidewalk modification. The proposed sidewalk changes are intended to promote pedestrian safety and comfort and to enhance anticipated pedestrian traffic circulation.
