SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

250221 [Formal Policy Discussions - March 11, 2025]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall discuss eligible topics submitted from the Supervisors. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed two minutes per question or answer.

The following topic was noticed on the agenda representing District 9:

1. Displacement effects into the Mission and the comprehensive strategy to address the drug crisis.

Mayor Daniel Lurie addressed the Board of Supervisors regarding an upcoming trip of senior City officials he has delegated to lobby Washington D.C. for federal funding and partnerships around San Francisco's core initiatives and essential services. Mayor Lurie then discussed the above referenced topic submitted by the District 9 Supervisor.

Supervisor Fielder began the discussion by asking the following question: Regarding public drug use and our addiction crisis, how is your administration defining the success of these enforcement actions and do you think they have been successful? Mayor Lurie responded that he measures success by how the residents and business owners feel, such as whether residents feel they can safely walk clean streets or small business owners are confident they can run their businesses day and night. The Mayor then spoke on the various operations currently underway to help those with addiction issues get treatment and into housing.

Supervisor Fielder then followed up with the following question: Would your administration commit to equally prioritizing the other pillars in the successful Four Pillars Model to provide a unified strategy and a lasting solution to our City's fentanyl crisis? Mayor Lurie responded at the heart of his administration's strategy is the goal to get people into treatment and the care they need, including his direction to the new Department of Public Health Director to add more shelter beds and hire more essential health workers to provide services to those on the pathway to recovery. Mayor Lurie indicated he is working to build a safer community by taking a sustainable approach.

Mayor Lurie did not ask any follow-up questions related to this topic.

Following public comment this matter was filed. No further action was taken.
