

# Participation and Investments in the OMI Neighborhood

2018-2022

San Francisco Department of  
**Early Childhood**

# Department of Early Childhood

- Historical data are provided for Early Care and Education (ECE) access and enrollment (subsidies) and the Family Resource Center (FRC) initiative.
- Data are limited due to administrative and programmatic changes and only go as far back as 2018.
- ECE funding is very difficult to generalize and track at the neighborhood level as funding for each individual child depends on a range of factors.

# ECE Enrollment in OMI

	2018	2019	2020	2021	2022
DEC-funded enrollments for children residing in 94112	1,423	1,442	1,191	NA*	601*
DEC-funded enrollments for children residing in 94132	208	247	181	NA*	138*
DEC-funded enrollments for ECE sites located in OMI	217	238	210	207	256
DEC-funded enrollments citywide	7,712	7,836	5,900	6,726	6,485

*\*In 2021 and 2022, DEC transitioned to a new data system that introduced data quality challenges, including missing data on children's home addresses. Though the pandemic induced ECE enrollment declines on the order of 25-30% citywide, zip code counts likely indicate data quality issues more than true declines of this magnitude.*
