16 Be it ordained by the People of the City and County of San Francisco:

17 Section 1. Environmental and Land Use Findings.

18 (a) The Planning Department has determined that the actions contemplated in this
19 ordinance comply with the California Environmental Quality Act (California Public Resources
20 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
21 Supervisors in File No. 170516 and is incorporated herein by reference. The Board affirms
22 this determination.

23 (b) On July 20, 2017, the Planning Commission, in Resolution No. 19964, adopted
24 findings that the actions contemplated in this ordinance are consistent, on balance, with the
25 City's General Plan and eight priority policies of Planning Code Section 101.1. The Board

1 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
2 Board of Supervisors in File No. 170516, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code Section 302, the Board of Supervisors finds that the
4 proposed Planning Code amendments will serve the public necessity, convenience, and
5 welfare for the reasons set forth in Planning Commission Resolution No. 19964, and the
6 Board incorporates such reasons herein by reference.

7
8 Section 2. General Findings.

9 (a) Supervisorial District 11 is adequately served by the existing number of medical
10 cannabis dispensaries (MCDs) in the District. There are three permitted MCDs currently
11 located in District 11. Two additional MCDs are located just outside the boundaries of District
12 11 in San Francisco. Two more MCDs are currently proposing to locate in District 11. District
13 11 residents recently mobilized to oppose two other proposed MCDs in District 11.

14 (b) Locations available for new MCDs in San Francisco are limited. District 11
15 includes several areas in which MCDs are permitted, resulting in a clustering of MCDs along
16 the Mission Street corridor. This clustering creates disproportionate detrimental land use
17 impacts on District 11 and its residents. Specifically, District 11 residents have complained of
18 youth cannabis usage, undesirable odors, loitering, and traffic congestion caused by existing
19 MCDs.

20 (c) District 11 is bordered by San Mateo County on the south. San Mateo County has
21 banned all MCDs from operating within its boundaries. Therefore, MCD operators may seek
22 to locate in District 11 in order to serve San Mateo County residents, as well as residents of
23 San Francisco. As a result, District 11 and its residents bear the land use impacts of MCDs
24 that serve both San Francisco and San Mateo County residents.

(d) Due to the dearth of land available in District 11 and the demand for other types of commercial establishments in District 11, limiting the use of vacant commercial property for MCDs would benefit local residents, by allowing the land to be used for other purposes. In particular, District 11 residents have requested more neighborhood-serving, family-friendly businesses, such as childcare establishments and a viable, clean, and safe grocery store in the district.

(e) District 11's business corridors are among the the worst-performing in the city. Attracting a wide range of businesses that are neighborhood-serving and family-friendly would improve the performance and usefulness of these business corridors for the local community.

Section 3. The Planning Code is hereby amended by revising Sections 711, 712, 713, 731, 734, 737, and 745, to read as follows:

LEGISLATIVE DIGEST

[Planning Code - Medical Cannabis Dispensaries in Supervisorial District 11]

Ordinance amending the Planning Code to limit the number of medical cannabis dispensaries in Supervisorial District 11 to three at any given time; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making a finding of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

Existing Law

Currently, there is no limit on the number of Medical Cannabis Dispensaries (MCDs) in Supervisorial District 11, or elsewhere in the City.

Amendments to Current Law

The proposed ordinance would allow no more than three MCDs to be permitted in Supervisorial District 11 at any given time, by amending Sections 711, 712, 713, 731, 734, 737, and 745 of the Planning Code. Those sections of the Planning Code regulate the establishment of MCDs in District 11.

Re: **Transmittal of Planning Department Case Number 2017-006196PCA:

Board File No. 170516
Planning Commission Recommendation: Approval with Modification**

Dear Ms. Calvillo and Supervisor Safai,

On July 20, 2017, the Planning Commission conducted duly noticed public hearings at regularly scheduled meetings to consider the proposed Ordinance, introduced by Supervisor Safai that would amend Planning Code Section to limit the number of medical cannabis dispensaries in Supervisorial District 11 to three at any given time. At the hearing the Planning Commission recommended approval with modification.

The Commission's proposed modifications were as follows:

- Propose a Citywide interim moratorium on the approval of MCD applications until the City adopts new MCD regulations informed by the forthcoming Adult Use Cannabis controls.

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

Supervisor, please advise the City Attorney at your earliest convenience if you wish to incorporate the changes recommended by the Commission.

Please find attached documents relating to the actions of the Commission. If you have any questions or require further information please do not hesitate to contact me.

Sincerely,

Aaron D. Starr
Manager of Legislative Affairs

RECOMMENDING THAT THE BOARD OF SUPERVISORS ADOPT A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE TO LIMIT THE NUMBER OF MEDICAL CANNABIS DISPENSARIES IN SUPERVISORIAL DISTRICT 11 TO THREE AT ANY GIVEN TIME; AFFIRMING THE PLANNING DEPARTMENT'S DETERMINATION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT; MAKING FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN, AND THE EIGHT PRIORITY POLICIEIS OF PLANNING CODE, SECTION 101.1; AND MAKING FINDINGS OF PUBLIC NECESSITY, CONVENIENCE, AND WELFARE PURSUANT TO PLANNING CODE, SECTION 302.

WHEREAS, on May 2, 2017 Supervisor Safai introduced a proposed Ordinance under Board of Supervisors (hereinafter "Board") File Number 170516, which would amend the Planning Code to limit the number of medical cannabis dispensaries in Supervisorial District 11 to three at any given time;

WHEREAS, The Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance on July 20, 2017; and,

WHEREAS, the proposed Ordinance has been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c) and 15378; and

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, all pertinent documents may be found in the files of the Department, as the custodian of records, at 1650 Mission Street, Suite 400, San Francisco; and

WHEREAS, the Planning Commission has reviewed the proposed Ordinance; and

MOVED, that the Planning Commission hereby recommends that the Board of Supervisors approve with modifications the proposed ordinance.

Those modifications include:

1. Propose a Citywide interim moratorium on the approval of MCD applications until the City adopts new MCD regulations informed by the forthcoming Adult Use Cannabis controls.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The Commission finds that the existing MCD regulatory framework needs reconsideration. The existing framework is now over 10 years old and the adult use and possession of cannabis is legal.
2. The Commission also recognizes that the City is in the process of developing a regulatory framework for Adult Use Cannabis. The end product will be a package of legislative proposals for introduction by the Board of Supervisors in early September 2017.
3. In this context, the Commission finds that an interim moratorium on the approval of MCD applications until the City adopts new MCD regulations informed by forthcoming Adult Use Cannabis controls is preferable to a piecemeal approach singling out a specific geography.
4. **General Plan Compliance.** The proposed Ordinance and the Commission's recommended modifications are consistent with the following Objectives and Policies of the General Plan:

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

Policy 1.1

Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

The proposed Ordinance will help provide time for the City to determine what types of cannabis related uses provide substantial net benefits to the City and its Neighborhood Commercial Districts.

OBJECTIVE 2

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

Policy 2.3

Maintain a favorable social and cultural climate in the city in order to enhance its attractiveness as a firm location.

The proposed Ordinance will help provide time for the City to determine the types of cannabis related uses most appropriate of particular locations, thereby maintaining a favorable social and cultural climate that enhances its attractiveness as a firm location.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

Policy 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

The proposed Ordinance will help provide time for the City to determine the types of cannabis related uses most appropriate of particular locations, helping to recognize and encourage the diversity among its neighborhood commercial districts.

5. **Planning Code Section 101 Findings.** The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

The proposed Ordinance would have a beneficial effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail as the Ordinance proposes to modify controls on MCDs.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing and will have a beneficial effect on neighborhood character as the Ordinance proposes to modify regulations on MCDs.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing as the Ordinance proposes to modify regulations on MCDs.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking as the Ordinance proposes to modify regulations on MCDs.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired as the Ordinance proposes to modify regulations on MCDs.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake as the Ordinance proposes to modify regulations on MCDs.

7. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings as the Ordinance proposes to modify regulations on MCDs.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and their access to sunlight and vistas as the Ordinance proposes to modify regulations on MCDs.

6. **Planning Code Section 302 Findings.** The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

Re: **Proposed Interim Moratorium on Medical Cannabis Dispensaries**
Strongly Oppose

Dear Chair Farrell, Vice-Chair Peskin and Supervisor Tang:

I regret that I am unable to join you today but wanted to make certain that you were aware of my strong opposition to Planning's recommendation to "[p]ropose a citywide interim moratorium on the approval of Medical Cannabis Dispensary [MCD] applications until the City adopts new MCD regulations informed by the forthcoming Adult Use Cannabis controls."

Supervisor Safai previously discussed his proposed ordinance with me, and I expressed my support for his proposal. His concerns about the overconcentration of MCDs on Ocean Avenue are legitimate. I have also supported conditional use authorization for MCDs in certain zoning districts in the Sunset. Therefore, I was surprised that a local ordinance submitted by a district supervisor would yield a Planning recommendation that would limit access to medical cannabis patients citywide.

I am concerned as a Supervisor and also as a San Franciscan who benefits from medical cannabis and who possesses a state-issued card. My priority on cannabis policy is to protect patients first as we work collaboratively to plan the future of cannabis in an equitable way here in San Francisco and throughout California.

The staff report states that "interim moratoriums are intended to protect the public safety, health and welfare." This recommendation does the complete opposite. As you know, MCDs are only able to serve individuals with medical conditions that necessitate the use of cannabis. A medical cannabis recommendation or card are needed to access these dispensaries, and individuals who benefit are among the most vulnerable San Franciscans. In passing Proposition 215, the California Compassionate Use Act, our state made clear that medical cannabis should be protected.

There are very real operational and zoning concerns about the adult use of cannabis. However, medical cannabis patients should not be denied access because City government has struggled to figure out the complex policy issues. The Office of Cannabis I've proposed will help coordinate City departments and make recommendations to the Board and I believe it is best to consider operational and zoning issues together. The Office of Cannabis will be required to come back to the Board on or before November 1st.

During our recent discussion of the Office of Cannabis, the Board restated its support for equity and diversity of cannabis operations. In addition to medical cannabis patients, this moratorium could also hurt small collectives with less capital who serve to diversify the medical cannabis community. Such small collectives have paid all Planning fees, conducted community outreach and often paid rent to a potential landlord. Creating tremendous uncertainty for these applicants could result in their inability to even reach a Planning Commission hearing many months from now.

As we consider how to implement Proposition 64's mandate of the adult use of cannabis, I respectfully urge the Committee to reject the proposal to create a citywide moratorium on medical cannabis dispensaries. I look forward to working with you on cannabis policy in the weeks and months ahead.

Sincerely,

JEFF SHEEHY

RE: BOS File No. 170516 [Planning Code - Medical Cannabis Dispensaries in Supervisorial District 11]

Small Business Commission Recommendation to the Board of Supervisors: **Do not approve**

Dear Ms. Calvillo,

On July 10, 2017, the Small Business Commission voted unanimously (6-0, 1 absent) to recommend that the Board of Supervisors not approve BOS File No. 170516.

The proposed legislation would limit the number of medical cannabis dispensaries (MCDs) in District 11 to three at any given time. Three MCDs are currently in operation in District 11; therefore, this legislation would prevent any new MCDs from opening unless one of the three businesses closes.

The Small Business Commission expressed concern in the following areas:

1. The commercial sale of medicinal and adult use cannabis will be regulated in the State of California beginning on January 1, 2018. State rules and regulations are to be released soon. The City & County of San Francisco is presently working to draft local laws. Pursuant to Executive Directive 16-05, City departments shall provide draft ordinances to the Mayor and Board of Supervisors by September 1, 2017. The Commission noted that it would be prudent to first review the forthcoming ordinances.
2. The sponsor's office and speakers articulated a number of grievances and noted that they are not against the cannabis industry itself; their grievances pertain to the irresponsible operators. They discussed one MCD operator in the district who makes positive contributions to the community and whose practices are considered exemplary. The Commission noted that the legislation would unfairly single out the legal medical cannabis industry and impede other exemplary MCDs from opening in District 11.
3. By limiting the total number of MCDs to three, the proposed legislation would actually be counterproductive to its stated objectives. Rather than addressing grievances with the two offending operators in District 11 or seeking punitive measures, the proposed limit would instead protect and promote them by creating an oligopoly: three businesses would dominate the cannabis market in the district.
4. The proposed legislation would further skew the distribution of MCDs in the City. District 11 presently has a relatively small number of MCDs. Other districts, such as Districts 3 and 6 have at least 10 MCDs in operation and additional applications under review (see table on next page). A cap of three in District 11 would push new businesses to other districts; patients whose needs are not served by the three existing businesses would need to travel to other districts, potentially creating other issues (such as increased congestion).

Commissioners reviewed election data while preparing to consider the proposed legislation. Past election data demonstrates that the majority of voters support cannabis in District 11. Proposition 215, which opened the door for MCDs, passed in 1996 with the support of 68% of voters in Excelsior and Ingleside. In 2016, 59% of voters in District 11 supported the passage of Proposition 64 to legalize the commercial sale of adult use (non-medical) cannabis. One would expect equal or stronger support for medical cannabis than for adult use cannabis.

The Commission encourages Supervisor Safai to explore solutions that would more appropriately address the concerns raised by constituents without restricting economic activity or consumers' ability to access a dispensary. One solution might be to urge the Department of Public Health to require the problematic operators to rectify the situation as a condition of maintaining the permit. The Entertainment Commission had issues with problematic businesses in the past and utilized enforcement tools to improve behavior. Another possible solution would be to heighten engagement with law enforcement and parking control officers.

As the City & County of San Francisco prepares for the legal commercial sale of cannabis in 2018, it can leverage its experience with MCDs to craft a stronger regulatory system. The Commission supports the City in taking action against businesses that are disruptive to neighbors and that negatively impact the economic vitality of the neighborhood commercial corridors. There are currently 28 applications under consideration (see table below). San Francisco may wish to consider immediate development and application of good neighbor standards as a condition for operating. Having a more robust good neighbor policy in place would be helpful in the transition to a new regulatory system in 2018.

Number of MCDs in San Francisco by District

District	MCDs in Operation	MCD Applications in Review	Total
1	1	0	1
2	0	1	1
3	10	1	11
4	0	5	5
5	2	0	2
6	13	13	26
7	1	1	2
8	2	0	2
9	5	3	8
10	1	3	4
11	3	1	4
TOTAL	38	28	66

The Small Business Commission respectfully requests that you do not approve this legislation.

Thank you for considering the Small Business Commission's comments. Please feel free to contact me should you have any questions.

Opposition to Proposed MCD Moratorium

Dear San Francisco Board of Supervisors and Planning Commission

I am writing to you on behalf of the San Francisco Council of District Merchants Associations opposing the moratorium on the approval of new medical cannabis dispensaries, which is pending before the Board of Supervisors.

We understand and realize the need for regulations of this fledgling industry which will not only create jobs but also will contribute financially to the economy of the city. This industry will attract visitors to the city and by so doing many areas where small business is being negatively economically impacted, because of online sales, there will be traffic and customers who will patronize small businesses.

A moratorium of even 45 days will potentially harm those applicants for MCD's who have committed to leases and have penning applications.

Colorado is an excellent example of a successful and profitable cannabis industry and I am confident that with recommendations from the Cannabis Legalization Task Force San Francisco will become the leader of good government.

Please support our neighborhoods and small businesses and please reject this ill conceived moratorium.

Sincerely,
