Pursuant to Charter, Section 4.101(a)(1), please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

My record as a San Francisco Planning Commissioner for the past 4 years speaks for itself in terms of my ability to represent communities of concern and the neighborhoods. I have been open, accessible and have deeply considered to all groups and neighborhoods especially those in the Mission, South of Market and the Tenderloin. I have been a strong advocate for development without displacement on several advocating and securing the ability of senior, youth and immigrants to remain in their homes where projects that would have displaced them came before us. I am a member of the LGBT Community and am proud to be the only member of the Planning Commission to represent the LGBT community for the past 6 years. I have received letters advocating my reappointment from across the city from neighborhoods to Unite Here Local 2. I am proud of my record and look forward to continuing to strongly advocate for all San Franciscans in my role as Planning Commission should I get reappointed to another term.

Business and/or professional experience:

San Francisco Planning Commissioner (2014-present)

Vice President, Credit, Collections and Customer Service, Salesforce.com
Oct 2005 – Dec 2014

Senior Director of Credit and Collections Service 2008-2010

Director of Credit 2006-2008

Accountable for a global credit, collections and customer service function for this high growth company with revenue of \$ 4.5 billion and an accounts receivable portfolio of \$700 million

Lead an organization of 115 people in 5 countries with an annual budget of \$20.5 million

Designed a new organizational model which minimized touch points between functions in the quote to cash process and improve operational efficiency.

Accountable for a customer renewal portfolio of \$170 million. Raised customer renewal rates which resulted in an additional \$20 million in recouped revenue.

Led the CFO organization in choosing an alternative sourcing model to compliment our direct sourcing model

Director of Credit,
Agilent Technologies
Mar 1999 – Jul 2005

Accountable for the credit function including credit risk management and high-risk collections for a global company with trade credit receivable portfolio of \$1 billion and high-risk portfolio of \$50 million across five businesses in 60 countries.

Managed department of 40 in 16 countries, including risk analysis personnel, and administer \$4.5 million annual budget.

Reduced bad debt from 0.2% to 0.1% of revenue, and increased the current portion of high risk portfolio from 50% to 70%.

Lowered operational costs 35% and decreased headcount by 27% while improving efficiency.

Civic Activities:

Board Member and Treasurer, San Francisco Architectural Heritage 2002-2009
Part of the Core Leadership Team of San Francisco's largest historic preservation advocacy organization. While Treasurer I worked with the board and staff to help SF Heritage transform itself both programmatically (reaching out to all communities and looking as well as considering cultural preservation) and financially to position it for the future. Today, SF Heritage through its new leadership and board is looked upon as the city's premiere preservation organization representing all communities and cultures and not just actual architectural preservation.

President, Duboce Triangle Neighborhood Association 2005-2012
President Emeritus Board Member 2013-2014

Led this active neighborhood association founded in 1976 through the Market and Octavia rezoning which has been the most significant zoning changes since 1976. Worked with the San Francisco Planning Staff and Commission and many other community groups as well as with members of some of the 3000 households in Duboce Triangle to develop sensible, balanced zoning changes for the Market and Octavia Plan area for the next which has resulted in a complete transformation of the Upper Market, Hayes Valley, Van Ness & Market Area as well as portions of SOMA and the Inner Mission/Mission Dolores. Worked through several controversial specific projects including 55 Laguna Street and several Formula Retail proposals and worked with Supervisor Scott Weiner and Planning Director John Raham and Planning staff and Commissioners to develop Formula Retail Concentration policy for the Upper Market. Worked with all developers to build better projects which integrated well with the neighborhood in terms of design, community benefits as well as affordable housing. Also co-hosted the first San Francisco Mayoral Debate on 8/8/12 for the last San Francisco mayoral election at the historic Castro Theater.

Board Member, Eureka Valley Neighborhood Association 2010-2012

Member, Market Octavia Community Advisory Committee (CAC) 2008-2014
Appointed by the Board of Supervisors twice for the neighborhood association representative to this important advisory committee which both monitors Plan progress against its goals as well as recommends where the millions of dollars of community benefit fees are spent. The CAC works with Planning staff and other city agencies such as DPW, MTA and Mayor's Office on developing thoughtful positions of concern to the MO Plan area as well as the best allocation of community benefit fees in this rapidly developing Plan Area.

2017 Gender Analysis of Commissions and Boards: Executive Summary

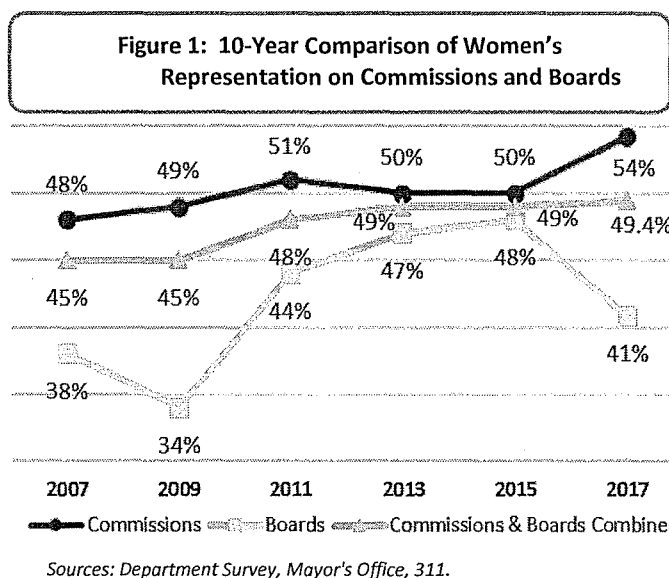

Overview

A 2008 City Charter Amendment passed by the voters of San Francisco enacted a city policy that membership of Commissions and Boards reflect the diversity of the population. As part of this measure, the Department on the Status of Women is required to conduct a biennial gender analysis of Commissions and Boards. Data was collected from 57 policy bodies with a total of 540 members primarily appointed by the Mayor and Board of Supervisors.

Gender Analysis Findings

Gender

- Women’s representation on Commissions and Boards in 2017 is 49%, equal to the female population in San Francisco.
- Since 2007 there has been an overall increase of women on Commissions with women comprising 54% of Commissioners in 2017.
- Women’s representation on Boards has declined to 41% this year following a period of steady increases over the past 3 reports.

Race and Ethnicity

- While 60% of San Franciscans are people of color, 53% of appointees are racial and ethnic minorities.
- Minority representation on Commissions decreased from 60% in 2015 to 57% in 2017.
- Despite a steady increase of people of color on Boards since 2009, minority representation on Boards, at 47%, remains below parity with the population.
- Asian, Latinx/Hispanic, and multiracial individuals are underrepresented on Commissions and Boards.
- There is a higher representation of White and Black/African American members on policy bodies than in the San Francisco population.

Race and Ethnicity by Gender

- In San Francisco, 31% of the population are women of color. Although representation of women of color on Commissions reaches parity with the population, only 19% of Board members are women of color.
- Men of color comprise 26% of both Commissioners and Board members compared to 29% of the San Francisco population.
- The representation of White men on policy bodies is 28%, exceeding the 22% of the San Francisco population, while White women are at parity with the population at 19%.
- Underrepresentation of Asian and Latinx/Hispanic individuals is seen among both men and women.
 - One-tenth of Commissioners and Board members are Asian men and 12% are Asian women compared to 16% and 18% of the population, respectively.
 - Latinos are 6% of Commissioners and Board members and Latinas are 4% of Commissioners and Board members compared to 8% and 7% of San Franciscans, respectively.

Additional Demographics

- Among Commissioners and Board members, 17% identify as lesbian, gay, bisexual, or transgender (LGBT).
- Individuals with a disability comprise 11% of appointees on policy bodies, just below the 12% of the adult population with a disability in San Francisco.
- Representation of veterans on Commissions and Boards is 13%, exceeding the 4% of San Franciscans that have served in the military.

Budget

- Women and women of color, in particular, are underrepresented on the policy bodies with the largest budgets while exceeding or nearing parity on policy bodies with the smallest budgets.
- Minority representation on policy bodies with both the largest and smallest budgets is at least 60%, equal to the population.

Gender Analysis of San Francisco Commissions and Boards

December 2017

Acknowledgements

This report is dedicated in memory of the late Mayor Edwin M. Lee, who made an inclusive San Francisco a priority, including through the appointment of numerous women to public policy bodies throughout the City.

The San Francisco Department on the Status of Women would like to thank the various commission secretaries and department staff who graciously assisted in collecting and providing information about their respective commissions and boards. We also want to thank Francis Tsang, Deputy Chief of Staff for the Office of Mayor Edwin M. Lee, as well as the 311 Information Directory Department ("311") for providing much of the data necessary for the completion of this report.

The data collection and analysis for this report was conducted by Public Policy Fellow Nami Yokogi with support from Workplace Policy and Legislative Director Elizabeth Newman, Associate Director Carol Sacco, and Director Emily Murase, PhD, at the San Francisco Department on the Status of Women.

This document was presented to and adopted by the San Francisco Commission on the Status of Women in December 2017.

I. Introduction

The central question of this report is whether appointments to public policy bodies of the City and County of San Francisco are reflective of the population at large.

In 1998, San Francisco became the first city in the world to pass a local ordinance reflecting the principles of the United Nations Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW), also known as the "Women's Human Rights Treaty."¹ The Ordinance requires City government to take proactive steps to ensure gender equality and specifies "gender analysis" as a preventive tool to identify and address discrimination.² Since 1998, the Department on the Status of Women (Department) has used this tool to analyze operations of 11 City departments.

In 2007, the Department used gender analysis to analyze the number of women appointed to City Commissions, Boards, and Task Forces.³ Based on these findings, a City Charter Amendment was developed by the Board of Supervisors for the June 2008 election. The Amendment, which voters approved overwhelmingly, made it City policy that:

1. Membership of Commissions and Boards reflect the diversity of the San Francisco population;
2. Appointing officials be urged to support the nomination, appointment, and confirmation of these candidates; and
3. The San Francisco Department on the Status of Women is required to conduct a gender analysis of Commissions and Boards to be published every 2 years.⁴

This 2017 gender analysis assesses the representation of women; racial and ethnic minorities; lesbian, gay, bisexual, and transgender (LGBT) individuals; people with disabilities; and veterans on San Francisco Commissions and Boards appointed by the Mayor and the Board of Supervisors.⁵

¹ While 188 of the 193 member states of the United Nations, including all other industrialized countries, have ratified the Women's Human Rights Treaty, the U.S. has not. President Jimmy Carter signed the treaty in 1980, but it has been languishing in the Senate ever since, due to jurisdictional concerns and other issues. For further information, see the United Nations website, available at www.ohchr.org/english/bodies/cedaw/index.htm.

² The gender analysis guidelines are available at the San Francisco Department on the Status of Women website, under Women's Human Rights, at www.sfgov.org/dosw.

³ *The 2007 Gender Analysis of Commissions, Boards, and Task Forces* is available online at the Department website, under Women's Human Rights, at www.sfgov.org/dosw.

⁵ Appointees in some policy bodies are elected or appointed by other entities.

II. Methodology and Limitations

This report focuses on City and County of San Francisco Commissions and Boards whose jurisdiction is limited to the City, that have a majority of members appointed by the Mayor and Board of Supervisors, and that are permanent policy bodies.⁶ Generally, *Commission* appointments are made by the Mayor and *Board* appointments are made by members of the Board of Supervisors. For some policy bodies, however, the appointments are divided between the Mayor, the Board of Supervisors, and other agencies. *Commissions* tend to be permanent policy bodies that are part of the City Charter and oversee a department or agency. *Boards* are typically policy bodies created legislatively to address specific issues.

The gender analysis in this report reflects data from the Commissions and Boards that provided information to the Department through survey, the Mayor's Office, and the Information Directory Department (311), which collects and disseminates information about City appointments to policy bodies. Based on the list of Commissions and Boards that are reported by 311, data was compiled from 57 policy bodies with a total of 540 appointees. A Commissioner or Board member's gender identity, race/ethnicity, sexual orientation, disability status, and veteran status were among data elements collected on a voluntary basis. In many cases, identities are vastly underreported due to concerns about social stigma and discrimination. Thus, data on lesbian, gay, bisexual, transgender (LGBT) identity, disability, and veteran status of appointees were limited, incomplete, and/or unavailable for many appointees, but included to the extent possible. As the fundamental objective of this report is to surface patterns of underrepresentation, every attempt has been made to reflect accurate and complete information in this report.

For the purposes of comparison in this report, data from the *U.S. Census 2011-2015 American Community Survey 5-Year Estimates* is used to reflect the current San Francisco population. Charts 1 and 2 in the Appendix show these population estimates by race/ethnicity and gender.

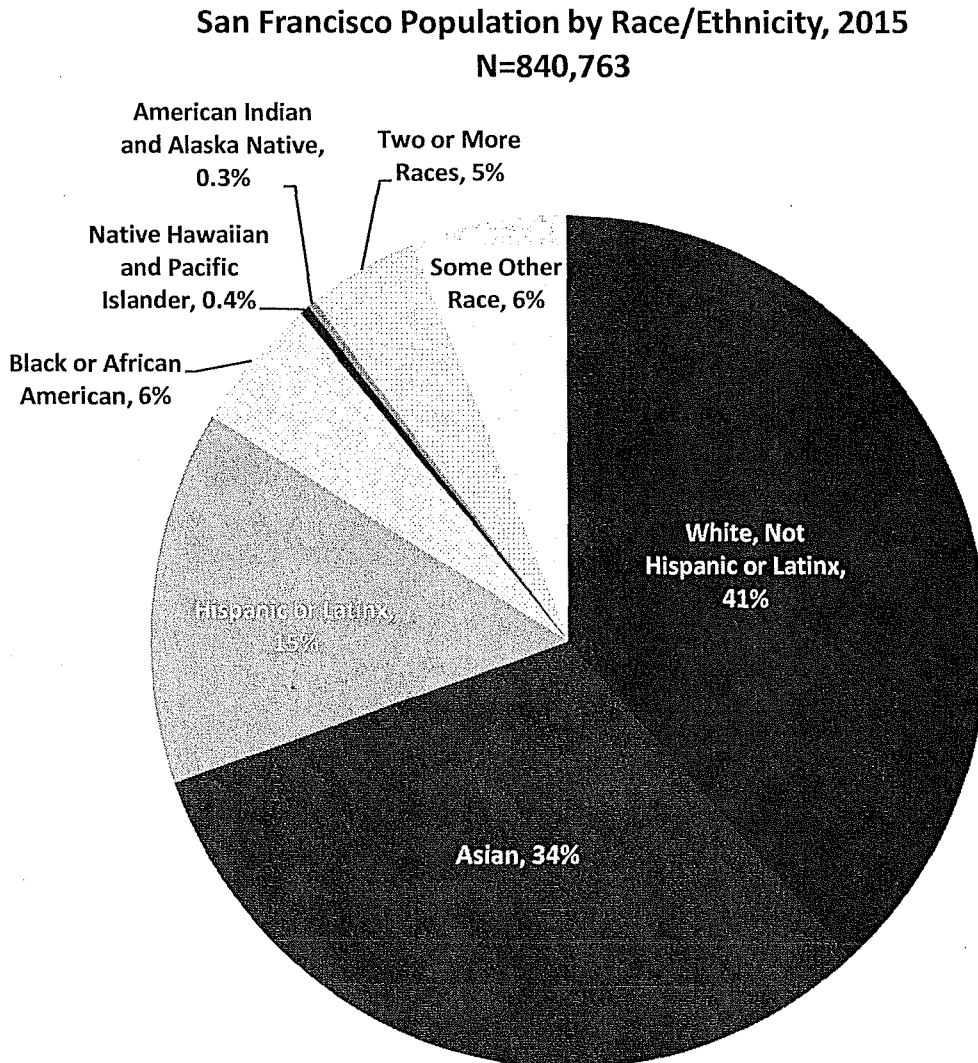

⁶ It is important to note that San Francisco is the only jurisdiction in the State of California that is both a city and a county. Therefore, while in other jurisdictions, the Human Services Commission is typically a county commission that governs services across multiple cities and is composed of members appointed by those cities, the San Francisco case is much simpler. All members of Commissioner and Boards are appointed either by the San Francisco Mayor or the San Francisco County Board of Supervisors which functions as a city council.

III. San Francisco Population Demographics

An estimated 49% of the population in San Francisco are women and approximately 60% of residents identify as a race or ethnicity other than White. Four in ten San Franciscans are White, one-third are Asian, 15% are Hispanic or Latinx, and 6% are Black or African American.

The racial and ethnic breakdown of San Francisco's population is shown in the chart below. Note that the percentages do not add up to 100% since individuals may be counted more than once.

Figure 1: San Francisco Population by Race/Ethnicity

Source: 2011-2015 American Community Survey 5-Year Estimates.

A more nuanced view of San Francisco’s population can be seen in the chart below, which shows race and ethnicity by gender. Most racial and ethnic groups have a similar representation of men and women in San Francisco, though there are about 15% more White men than women (22% vs. 19%) and 12% more Asian women than men (18% vs. 16%). Overall, 29% of San Franciscans are men of color and 31% are women of color.

Figure 2: San Francisco Population by Race/Ethnicity and Gender

Source: 2011-2015 American Community Survey 5-Year Estimates.

The U.S. Census and *American Community Survey* do not count the number of individuals who identify as lesbian, gay, bisexual, or transgender (LGBT). However, there are several reputable data sources that estimate San Francisco has one of the highest concentrations of LGBT individuals in the nation. A 2015 Gallup poll found that among employed adults in the San Francisco Metropolitan Area, which includes San Francisco, Alameda, Contra Costa, Marin, and San Mateo counties, 6.2% identify as LGBT, the largest percentage of any populous area in the U.S. The 2010 U.S. Census reported 34,000 same-sex couples in the Bay Area, with an estimated 7,600 male same-sex couples and 2,700 female same-sex couples in the City of San Francisco, approximately 7% of all households. In addition, the Williams Institute at the University of California Los Angeles estimates that 4.6% of Californians identify as LGBT, which is similar across gender (4.6% of males vs. 4.5% of females). The Williams Institute also reported that roughly 92,000 adults ages 18-70 in California, or 0.35% of the population, are transgender. These sources suggest between 5-7% of the San Francisco adult population, or approximately 36,000-50,000 San Franciscans, identify as LGBT.

Women are slightly more likely than men to have one or more disabilities. For women 18 years and older, 12.1% have at least one disability, compared to 11.5% of adult men. Overall, about 12% of adults in San Francisco live with a disability.

Figure 3: San Francisco Adults with a Disability by Gender

Source: 2011-2015 American Community Survey 5-Year Estimates.

In terms of veterans, according to the U.S. Census, 3.6% of the adult population in San Francisco has served in the military. There is a drastic difference by gender. More than 12 times as many men are veterans, at nearly 7% of adult males, than women, with less than 1%.

Figure 4: Veterans in San Francisco by Gender

Source: 2011-2015 American Community Survey 5-Year Estimates.

IV. Gender Analysis Findings

On the whole, appointees to Commissions and Boards reflect many aspects of the diversity of San Francisco. Among Commissioners and Board members, nearly half are women, more than 50% are people of color, 17% are LGBT, 11% have a disability, and 13% are veterans. However, Board appointees are less diverse than Commission appointees. Below is a summary of key indicators, comparing them between Commissions and Boards. Refer to Appendix II for a complete table of demographics by Commissions and Boards.

Figure 5: Summary Data Comparing Representation on Commissions and Boards, 2017

	Commissions	Boards
Number of Policy Bodies Included	40	17
Filled Seats	350/373 (6% vacant)	190/213 (11% vacant)
Female Appointees	54%	41%
Racial/Ethnic Minority	57%	47%
LGBT	17.5%	17%
With Disability	10%	14%
Veterans	15%	10%

The next sections will present detailed data, compared to previous years, along the key variables of gender, ethnicity, race/ethnicity by gender, sexual orientation, disability, veterans, and policy bodies by budget size.

A. Gender

Overall, the percentage of female appointees to City Commissions and Boards is 49%, equal to the female percentage of the San Francisco population. A 10-year comparison of the gender diversity on Commissions and Boards shows that the percentage of female Commissioners has increased over the 10 years since the first gender analysis of Commissions and Boards in 2007. At 54%, the representation of women on Commissions currently exceeds the percentage of women in San Francisco (49%). The percentage of female Board appointees declined 15% from the last gender analysis in 2015. Women make up 41% of Board appointees in 2017, whereas women were 48% of Board members in 2015. A greater number of Boards were included this year than in 2015, which may contribute to the stark difference from the previous report. This dip represents a departure from the previous trend of increasing women’s representation on Boards.

Figure 6: 10-Year Comparison of Women’s Representation on Commissions and Boards

Sources: Department Survey, Mayor’s Office, 311.

The next two charts illustrate the Commissions and Boards with the highest and lowest percentage of female appointees in 2017. Data from the two previous gender analyses for these Commissions and Boards is also included for comparison purposes. Of 54 policy bodies with data on gender, roughly one-third (20 Commissions and Boards) have more than 50% representation of women. The greatest women’s representation is found on the Commission on the Status of Women and the Children and Families Commission (First 5) at 100%. The Long Term Care Coordinating Council and the Mayor’s Disability Council also have some of the highest percentages of women, at 78% and 75%, respectively. However, the latter two policy bodies are not included in the chart due to lack of prior data.

Figure 7: Commissions and Boards with Most Women

**Commissions and Boards with Highest Percentage of Women,
2017 Compared to 2015, 2013**

Sources: Department Survey, Mayor’s Office, 311.

There are 14 Commissions and Boards that have 30% or less women. The lowest percentage is found on the Oversight Board of the Office of Community Investment & Infrastructure where currently none of the five appointees are women. The Urban Forestry Council and the Workforce Investment Board also have some of the lowest percentages of women members at 20% and 26%, respectively, but are not included in the chart below due to lack of prior data.

Figure 8: Commissions and Boards with Least Women

**Commissions and Boards with Lowest Percentage of Women,
2017 Compared to 2015, 2013**

Sources: Department Survey, Mayor's Office, 311.

B. Ethnicity

Data on racial and ethnic background were available for 286 Commissioners and 183 Board members. More than half of these appointees identify as people of color. However, representation of people of color on Commissions and Boards falls short of parity with the approximately 60% minority population in San Francisco. In total, 53% of appointees identify as racial and ethnic minorities. The percentage of minority Commissioners decreased from 2015, while the percentage of minority Board members has been steadily increasing since 2009. Yet, communities of color are represented in greater numbers on Commissions, at 57%, than Boards, at 47%, of appointees. Below is the 8-year comparison of minority representation on Commissions and Boards. Data on race and ethnicity were not collected in 2007.

Figure 9: 8-Year Comparison of Minority Representation on Commissions and Boards

Sources: Department Survey, Mayor’s Office, 311.

The racial and ethnic breakdown of Commissioners and Board members as compared to the San Francisco population is presented in the next two charts. There is a greater number of White and Black/African American Commissioners in comparison to the general population, in contrast to individuals identifying as Asian, Latinx/Hispanic, multiracial, and other races who are underrepresented on Commissions. One-quarter of Commissioners are Asian compared to more than one-third of the population. Similarly, 11% of Commissioners are Latinx compared to 15% of the population.

Figure 10: Race/Ethnicity of Commissioners Compared to San Francisco Population

Race/Ethnicity of Commissioners Compared to San Francisco Population, 2017

Sources: Department Survey, Mayor's Office, 311.

A similar pattern emerges for Board appointees. In general, racial and ethnic minorities are underrepresented on Boards, except for the Black/African American population with 16% of Board appointees compared to 6% of the population. White appointees far exceed the White population with more than half of appointees identifying as White compared to about 40% of the population. Meanwhile, there are considerably fewer Board members who identify as Asian, Latinx/Hispanic, multiracial, and other races than in the population. Particularly striking is the underrepresentation of Asians, where 17% of Board members identified as Asian compared to 34% of the population. Additionally, 9% of Board appointees are Latinx compared to 15% of the population.

Figure 11: Race/Ethnicity of Board Members Compared to San Francisco Population

Sources: Department Survey, Mayor's Office, 311.

Of the 37 Commissions with information on ethnicity, more than two-thirds (26 Commissions) have at least 50% of appointees identifying as persons of color and more than half (19 Commissions) reach or exceed parity with the nearly 60% minority population. The Commissions with the highest percentage of minority appointees are shown in the chart below. The Commission on Community Investment and Infrastructure and the Southeast Community Facility Commission both are comprised entirely of people of color. Meanwhile, 86% of Commissioners are minorities on the Juvenile Probation Commission, Immigrant Rights Commission, and Health Commission.

Figure 12: Commissions with Most Minority Appointees

Sources: Department Survey, Mayor's Office, 311.

Seven Commissions have fewer than 30% minority appointees, with the lowest percentage of minority appointees being found on the Building Inspection Commission at 14% and the Historic Preservation Commission at 17%. The Commissions with the lowest percentage of minority appointees are shown in the chart below.

Figure 13: Commissions with Least Minority Appointees

Sources: Department Survey, Mayor's Office, 311.

For the 16 Boards with information on race and ethnicity, nine have at least 50% minority appointees. The Local Homeless Coordinating Board has the greatest percentage of members of color with 86%. The Mental Health Board and the Public Utilities Rate Fairness Board also have a large representation of people of color at 69% and 67%, respectively. Meanwhile, seven Boards have a majority of White members, with the lowest representation of people of color on the Oversight Board at 20% minority members, the War Memorial Board of Trustees at 18% minority members, and the Urban Forestry Council with no members of color.

C. Race/Ethnicity by Gender

Minorities comprise 57% of Commission appointees and 47% of Board appointees. The total percentage of minority appointees on Commissions and Boards in 2017 is 53% compared to about 60% of the population. There are slightly more women of color on Commissions and Boards at 27% than men of color at 26%. Women of color appointees to Commissions reach parity with the population at 31%, while women of color are 19% of Board members, far from parity with the population. Men of color are 26% of appointees to both Commissions and Boards, below the 29% men of color in the San Francisco population.

The next chart illustrates appointees' race and ethnicity by gender. The gender distribution in most racial and ethnic groups on policy bodies is similar to the representation of men and women in minority groups in San Francisco except for the White population. White men represent 22% of San Francisco population, yet 28% of Commission and Board appointees are White men. Meanwhile, White women are at parity with the population at 19%. Women and men of color are underrepresented across all racial and ethnic groups, except for Black/African American appointees. Asian women are 12% of appointees, but 18% of the population. Asian men are 10% of appointees compared to 16% of the population. Latina women are 4% of Commissioners and Board members, yet 7% of the population, while 6% of appointees are Latino men compared to 8% of San Franciscans.

D. Sexual Orientation

While it is challenging to find accurate counts of the number of lesbian, gay, bisexual, and transgender (LGBT) individuals, a combination of sources, noted in the demographics section, suggests between 4.6% and 7% of the San Francisco population is LGBT. Data on sexual orientation and gender identity was available for 240 Commission appointees and 132 Board appointees. Overall, about 17% of appointees to Commissions and Boards are LGBT. There is a large LGBT representation across both Commissioners and Board members. Three Commissioners identified as transgender.

E. Disability

An estimated 12% of San Franciscans have a disability. Data on disability was available for 214 Commission appointees and 93 Board appointees. The percentage of Commission and Board appointees with a disability is 11.4% and almost reaches parity with the 11.8% of the adult population in San Francisco that has a disability. There is a much greater representation of people with a disability on Boards at 14% than on Commissions at 10%.

Sources: Department Survey, Mayor's Office, 311.

F. Veterans

Veterans are 3.6% of the adult population in San Francisco. Data on military service was available for 176 Commission appointees and 81 Board appointees. Overall, veterans are well represented on Commissions and Boards with 13% of appointees having served in the military. However, there is a large difference in the representation of veterans on Commissions at 15% compared to Boards at 10%. This is likely due to the 17 members of Veterans Affairs Commission of which all members must be veterans.

G. Policy Bodies by Budget Size

In addition to data on the appointment of women and minorities to Commissions and Boards, this report examines whether the demographic make-up of policy bodies with the largest budget (which is often proportional to the amount of influence in the City) are representative of the community. On the following page, Figure 19 shows the representation of women, people of color, and women of color on the policy bodies with the largest and smallest budgets.

Though the overall representation of female appointees (49%) is equal to the City's population, Commissions and Boards with the highest female representation have fairly low influence as measured by budget size. Although women's representation on the ten policy bodies with the largest budgets increased from 30% in 2015 to 35% this year, it is still far below parity with the population. The percentage of women on the ten bodies with the smallest budgets grew from 45% in 2015 to 58% in 2017.

With respect to minority representation, the bodies with both the largest and smallest budgets exceed parity with the population. On the ten Commissions and Boards with the largest budgets, 60% of appointees identify as a racial or ethnic minority; meanwhile 66% of appointees identify as a racial or ethnic minority on the ten Commissions and Boards with the smallest budgets. Minority representation on the ten largest budgeted policy bodies was slightly greater in 2015 at 62%, while there was a 21% increase of minority representation on the ten smallest budgeted policy bodies from 52% in 2015.

Percentage of women of color on the policy bodies with the smallest budgets is 30% and almost reaches parity with the population in San Francisco. However, women of color are considerably underrepresented on the ten policy bodies with the largest budgets at 18% compared to 31% of the population.

The following two tables present the demographics of the Commissions and Boards overseeing some of the City’s largest and smallest budgets.

Of the ten Commissions and Boards that oversee the largest budgets, women make up 35% and women of color are 18% of the appointees. The Commission on Community Investment and Infrastructure is the most diverse with people of color in all appointed seats and women comprising half of the members. The Municipal Transportation Agency (MTA) Board of Directors and Parking Authority Commission has the next largest representation of women with 43%. Four of the ten bodies have less than 30% female appointees. Women of color are near parity on the Police Commission at 29% compared to 31% of the population. Meanwhile, the Public Utilities Commission and Human Services Commission have no women of color.

Overall, the representation of minorities on policy bodies with the largest budgets is equal to that of the minority population in San Francisco at 60% and four of the ten largest budgeted bodies have greater minority representation. Following the Commission on Community Investment and Infrastructure with 100% minority appointees, the Health Commission at 86% minority appointees, the Aging and Adult Services Commission at 80% minority appointees, and the Police Commission with 71% minority appointees have the next highest minority representation. In contrast, the Airport Commission has the lowest minority representation at 20%.

Commissions and Boards with the smallest budgets exceed parity with the population for women's and minority representation with 58% women and 66% minority appointees and are near parity with 30% women of color appointees compared to 31% of the population. The Long Term Care Coordinating Council has the greatest representation of women at 78%, followed by the Youth Commission at 64%, and the City Hall Preservation Advisory Commission at 60%. Five of the ten smallest budgeted bodies have less than 50% women appointees. The Southeast Community Facility Commission, the Youth Commission, the Housing Authority Commission, and the Public Utilities Rate Fairness Board have more than 30% women of color members.

Of the eight smallest budgeted policy bodies with data on race and ethnicity, more than half have greater representation of racial and ethnic minority and women of color than the population. The Southeast Community Facility Commission has 100% members of color, followed by the Housing Authority Commission at 83%, the Sentencing Commission at 73%, and the Public Utilities Rate Fairness Board at 67% minority appointees. Only the Historic Preservation Commission with 17% minority members, the City Hall Preservation Advisory Commission at 20% minority members, and the Reentry Council with 57% minority members fall below parity with the population.

V. Conclusion

Per the 2008 Charter Amendment, the Mayor and Board of Supervisors are encouraged to make appointments to Commissions, Boards, and other policy bodies that reflect the diverse population of San Francisco. While state law prohibits public appointments based solely on gender, race and ethnicity, sexual orientation, or disability status, an awareness of these factors is important when appointing individuals to serve on policy bodies, particularly where they may have been historically underrepresented.

Since the first gender analysis of appointees to San Francisco policy bodies in 2007, there has been a steady increase of female appointees. There has also been a greater representation of women on Commissions as compared to Boards. This continued in 2017 with 54% female Commissioners. However, it is concerning that the percentage of female Board members has dropped from 48% in 2015 to 41% in 2017.

People of color represent 60% of the San Francisco population, yet only represent 53% of appointees to San Francisco Commissions and Boards. There is a greater representation of people of color on Commissions than Boards. However, Commissions have fewer appointees identified as ethnic minorities this year, 57%, than the 60% in 2015, while the representation of people of color on Boards increased from 44% in 2015 to 47% in 2017. There is still a disparity between race and ethnicity on public policy bodies and in the population. Especially Asians and Latinx/Hispanic individuals are underrepresented across Commissions and Boards while there is a higher representation of White and Black/African American appointees than in the general population. Women of color are 31% of the population and comprise 31% of Commissioners compared to 19% of Board members. Meanwhile, men of color are 29% of the population and 26% of Commissioners and Board members.

This year there is more data available on sexual orientation, veteran status, and disability than previous gender analyses. The 2017 gender analysis found that there is a relatively high representation of LGBT individuals on the policy bodies for which there was data at 17%. Veterans are also highly represented at 13%, and the representation of people with a disability in policy bodies almost reaches parity with the population with 11.4% compared to 11.8%.

Finally, the policy bodies with larger budgets have a smaller representation of women at 35% while Commissions and Boards with smallest budgets are 58% female appointees. While minority representation exceeds the population on the policy bodies with both the smallest and largest budgets, women of color are considerably underrepresented on the largest budgeted policy bodies at 18% compared to 31% of the population.

This report is intended to inform appointing authorities, including the Mayor and the Board of Supervisors, as they carefully select their designees on key policy bodies of the City & County of San Francisco. In the spirit of the charter amendment that mandated this report, diversity and inclusion should be the hallmark of these important appointments.
