19 Section 1. Environmental and Land Use Findings.

20 (a) The Planning Department has determined that the actions contemplated in this
21 ordinance comply with the California Environmental Quality Act (California Public Resources
22 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
23 Supervisors in File No. 240932 and is incorporated herein by reference. The Board affirms
24 this determination.

25 (b) On December 5, 2024, the Planning Commission, in Resolution No. 21656,
adopted findings that the actions contemplated in this ordinance are consistent, on balance,
with the City’s General Plan and eight priority policies of Planning Code Section 101.1. The

1 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
2 the Board of Supervisors in File No. 240932, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code Section 302, the Board finds that this Planning Code
4 amendment will serve the public necessity, convenience, and welfare for the reasons set forth
5 in Planning Commission Resolution No. 21656, and the Board incorporates such reasons
6 herein by reference. A copy of said resolution is on file with the Clerk of the Board of
7 Supervisors in File No. 240932.

8
9 Section 2. General Findings.

10 (a) Over the years, a number of craft breweries, wineries, and distilleries have
11 operated within the Bayview neighborhood. These businesses are part of a broader tradition
12 of local manufacturing. They are also an important part of the local food and beverage
13 ecosystem, producing products for sale on their premises, as well as in restaurants, bars,
14 retail markets, and other establishments.

15 (b) The Third Street Alcohol Restricted Use District currently prohibits the
16 establishment of new beer and wine bars.

17 (c) Bars serving beer and wine can add to the variety of nightlife offerings in a
18 neighborhood commercial district, filling vacant storefronts and providing additional vibrancy
19 to benefit a corridor.

20 (d) Enabling manufacturers within the neighborhood to launch new beer and wine bars
21 will create new opportunities for small businesses along Third Street, and could attract
22 additional alcohol manufacturers.

23
24 Section 3. Article 2 of the Planning Code is hereby amended by revising Section
25 249.62, to read as follows:

1 **SEC. 249.62. THIRD STREET ALCOHOL RESTRICTED USE DISTRICT.**

2 * * * *

3 (a) In order to preserve the residential character and the neighborhood-serving

LEGISLATIVE DIGEST
(Substituted, October 1, 2024)

[Planning Code - Third Street Alcohol Restricted Use District]

Ordinance amending the Planning Code to create an exception for certain distilleries, wineries, and breweries to establish on-sale liquor establishments in the Bayview Neighborhood Commercial District, subject to a conditional use authorization; affirming the Planning Department’s determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302

Existing Law

The Third Street Alcohol Restricted Use District generally prohibits the new Liquor Establishments. There are limited exceptions for temporary uses, Liquor Establishments that applied prior to the effective date of the general prohibition (May 19, 2003), sales of wine and brandy pursuant to a Department of Alcohol Beverage Control (“ABC”) License Type 2, or Type 23.

Amendments to Current Law

This ordinance would allow ABC License Type 42 establishments to open in the Third Street Alcohol Restricted Use District, subject to a conditional use authorization. It would also make clarifying amendments to the Zoning Tables of the Bayview Neighborhood Commercial District. Although the ordinance would amend the zoning table to make the control for Bars “NP”, Bars are currently already subject to the controls in the Third Street Alcohol Restricted Use District, which generally prohibits on-sale Liquor Establishments, like Bars.

RECOMMENDATION: Adopt of Recommendation for Approval with Modifications

Planning Code Amendment

The proposed Ordinance would amend the Third Street Alcohol Restricted Use District (RUD) to conditionally permit certain Bars within the Bayview Neighborhood Commercial District (NCD). Such Bars may only have a Type 42 Alcoholic Beverage Control (ABC) License (beer and wine only).

The Way It Is Now:

With some exceptions, no new on-sale or off-sale Liquor Establishments are permitted within the Third Street Alcohol RUD.

The Way It Would Be:

The exceptions for Liquor Establishments within the Third Street Alcohol RUD would be expanded to allow Bars with on-sale Type 42 ABC Licenses within Bayview NCD. Such Bars would require a Conditional Use Authorization (CUA). This amendment would also be reflected in the Bayview Zoning Control Table.

Background

The need for the proposed ordinance came about when the owner of Gratta Wines sought to open a new wine bar in the neighborhood; however, because the RUD prohibits bars, even if they are only selling wine and beer, they were unable to obtain the necessary permits. The proposed Ordinance would expand the exceptions to allow a Bar with Type 42 ABC license (wine and beer) within the Bayview NCD. Not only would this ordinance benefit Gratta Wines, but it would also allow other bars with a Type 42 ABC license to open within the RUD.

Issues and Considerations

Third Street Alcohol RUD

In 2003, the Board of Supervisors established the Third Street Alcohol RUD to address the overconcentration of liquor stores and the lack of essential neighborhood services in the Third Street Corridor. The RUD generally prohibits new on-sale and off-sale liquor establishments, with limited exceptions. For instance, establishments that applied to the ABC before the RUD's effective date or existing liquor establishments relocating within the district could proceed through the CUA process.

The RUD is located along Third Street between Islais Creek and Highway 101 (see Figure 1) and overlaps various zoning districts, including the Bayview NCD, NCT-3, PDR-1-G, PDR-1-B, PDR-2, M-1, and NC-3. It was intended to preserve the residential character and neighborhood-serving commercial uses of the area.

In 2014, the Board expanded the RUD's exceptions to permit establishments with Type 2¹ or Type 23² ABC licenses. The proposed ordinance seeks to further expand these exceptions, prompting questions about the RUD's continued relevance and whether it should be updated or amended to better align with current conditions.

² [Ordinance No. 248-14.](#)

Figure 1: Map of Third Street Alcohol Restricted Use District

Named Neighborhood Commercial Districts

Named neighborhood commercial districts allow neighborhood-specific changes based on the community's goals and priorities.

Named neighborhood commercial districts allow for more tailored controls and help to protect or enhance unique characteristics associated with a neighborhood. Changes that are made to a named neighborhood commercial district only apply to that district, whereas changes made to NC-1, NC-2, and NC-3 Districts apply citywide. For example, if a named NCD wants to control the number of eating and drinking establishments because of overconcentration, then the controls for that named NCD can be changed to prohibit or require a

CUA for Restaurants. Conversely, if a neighborhood wants to encourage a type of use, the controls for that named NCD can be changed so that use is principally permitted.

Bayview NCD

The Bayview NCD was established in 2020 under [Ordinance No. 07-20](#). It is located along Third Street between Yosemite and Jerrold Avenues (see Figure 2). Establishing a named neighborhood commercial district enables the Board to implement customized zoning controls along Third Street, addressing imbalances in land use types. This was not an option when the Third Street Alcohol RUD was established because this area was still zoned NC-3; however, today the creation of the named NCD allows the Board to amend the Bayview NCD to include all of the Third Street Alcohol RUD controls.

Figure 2: Map of Bayview Neighborhood Commercial District

General Plan Compliance

The proposed Ordinance supports the Commerce and Industry Element's goals of maintaining and supporting the economic growth of San Francisco. Expanding the exceptions within the Third Street Alcohol RUD supports Policy 2.1 to make it easier to attract new commercial activity to the city. Amending the Bayview NCD to conditionally permit certain Bars supports Policy 6.1: encouraging neighborhood-serving goods and services. Incorporating the recommended modification to conditionally permit all Bars and Nighttime Entertainment in the Bayview NCD further supports this Policy.

The proposed Ordinance would also align with the Housing Element's streamlining efforts if the recommended modifications were incorporated. Policy 26 discusses streamlining and simplifying permit processes, which can apply beyond housing applications. This can be done by exempting named NCDs from the Third Street Alcohol RUD and amending controls directly in the Bayview NCD. Further, this Policy calls out more equitable access to the application process. Conditionally permitting all Bars in Bayview NCD, rather than just those with Type 42 ABC licenses, helps achieve this.

Racial and Social Equity Analysis

The proposed Planning Code amendments aim to promote racial and social equity by simplifying the process for opening small businesses in San Francisco. This could help activate currently vacant storefronts along the Third Street corridor, providing more foot traffic and a more robust commercial corridor for the community. While these amendments are a step in the right direction, their minimal scope limits their potential impact. Expanding the allowance for Bars to include all types, beyond those with a Type 42 ABC license, could have a more significant and inclusive effect. Similarly, broadening the ordinance to accommodate a wider range of businesses could create greater opportunities for diverse business owners in the area.

However, the amendments also raise valid concerns about their potential impact on the neighborhood. Allowing more establishments selling alcohol in the district could exacerbate the very issues that prompted the establishment of the Third Street Alcohol RUD in the first place. That said the ordinance requires a CUA for certain Bars in the Bayview NCD, ensuring each new proposed business location can be vetted for appropriateness and concentration. Currently, anytime a new business wants to locate within the district, or an existing business wants to expand their offerings a code amendment is required. For example, this proposed ordinance. Allowing these uses with a CUA acknowledges that fact that the neighborhood has changed and allows more opportunity for new businesses to join the neighborhood.

Implementation

The Department has determined that this ordinance will not impact our implementation process; however, it may increase the number of CUAs we process and the commission hears.

Recommendation

The Department recommends that the Commission ***adopt a recommendation for approval with modifications*** of the proposed Ordinance and adopt the attached Draft Resolution to that effect. The Department's proposed recommendations are as follows:

1. Amend the Third Street Alcohol RUD to not apply to Named Neighborhood Commercial Districts.
2. Amend the ordinance to conditionally permit all Bars and Nighttime Entertainment within the Bayview NCD.

Basis for Recommendation

The Department supports the overall goals of this Ordinance because it supports economic growth within the Bayview NCD. The proposed Ordinance adds some flexibility, but the impacts would be very minor if this is limited to Bars with Type 42 ABC licenses. The proposed Ordinance also includes general clean-up items to make the Planning Code clearer. The Department believes that the following recommendations could both support the local business owner and better respond to the neighborhood's needs today:

Recommendation 1: Amend the Third Street Alcohol RUD to not apply to Named Neighborhood Commercial Districts.

The Third Street Alcohol RUD was established more than 20 years ago. The Department understands that the RUD is working as intended in that it prohibits new Liquor Establishments across the varying districts, which include PDR or M zoning districts. However, some aspects of the RUD are outdated now that there is a named NCD for the Bayview. The Department's proposal is to amend the RUD so that it does not apply to named NCDs. Adding an exception to the RUD would also avoid having to do a zoning map amendment should any future named NCDs be created within the RUD boundaries. With this recommendation, the RUD would still prohibit new Liquor Establishments in the other zoning districts within the RUD. These districts are generally more permissive when it comes to Liquor Establishments, so it is important to keep the RUD restrictions within those zoning districts. Currently, the only named NCD within the Third Street Alcohol RUD is the Bayview NCD.

Recommendation 2: Amend the ordinance to conditionally permit all Bars and Nighttime Entertainment within the Bayview NCD.

The proposed Ordinance targets beer and wine bars, particularly a wine bar proposed by Gratta Wines. While the proposed Ordinance does not call out a specific tenant or block/lot, it was crafted in such a way to primarily benefit one specific type of business. The Department's recommendation is to conditionally permit all Bars within the Bayview NCD, rather than just those with Type 42 ABC licenses. The NCD would also need to be amended to conditionally permit or prohibit Nighttime Entertainment (a business that serves alcohol by definition) as they are permitted as of right in the Bayview NCD. Removing the RUD would remove the current de facto prohibition on these uses. This recommendation acknowledges the social and equity issues raised in this report by requiring a public hearing and vetting for any new alcohol serving use. This ensures that the Planning Commission and members of the public can vet any proposed Bars or Nighttime Entertainment establishment.

Required Commission Action

The proposed Ordinance is before the Commission so that it may adopt a recommendation of approval, disapproval, or approval with modifications.

Environmental Review

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c)(2) and 15378 because they do not result in a physical change in the environment.

Public Comment

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

Policy 2.1

Seek to retain existing commercial and industrial activity and to attract new such activity to the city.

Policy 2.3

Maintain a favorable social and cultural climate in the city in order to enhance its attractiveness as a firm location.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

Policy 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

HOUSING ELEMENT

Policy 26

Streamline and simplify permit processes to provide more equitable access to the application process, improve certainty of outcomes, and ensure meeting State- and local-required timelines, especially for 100% affordable housing and shelter projects.

The proposed Ordinance supports the Commerce and Industry Element's goals of maintaining and supporting the economic growth of San Francisco. Expanding the exceptions within the Third Street Alcohol RUD supports Policy 2.1 to make it easier to attract new commercial activity to the city. Amending the Bayview NCD to conditionally permit certain Bars supports Policy 6.1: encouraging neighborhood-serving goods and services. Incorporating the recommended modification to conditionally permit all Bars and Nighttime Entertainment in the Bayview NCD further supports this Policy.

The proposed Ordinance would also align with the Housing Element's streamlining efforts if the recommended modifications were incorporated. Policy 26 discusses streamlining and simplifying permit processes, which can apply beyond housing applications. This can be done by exempting named NCDs from the Third Street Alcohol RUD and amending controls directly in the Bayview NCD. Further, this Policy calls out more equitable access to the application process. Conditionally permitting all Bars in Bayview NCD, rather than just those with Type 42 ABC licenses, helps achieve this.

Planning Code Section 101 Findings

The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;
2. *The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.*
3. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing or neighborhood character.

4. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.

5. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

6. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired.

7. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

8. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings.

9. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and

their access to sunlight and vistas.

Planning Code Section 302 Findings.

The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

NOW THEREFORE BE IT RESOLVED that the Commission hereby ADOPTS A RECOMMENDATION FOR APPROVAL WITH MODIFICATIONS the proposed Ordinance as described in this Resolution.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on December 5, 2024

24 determination.

9
10 Section 2. General Findings.

11 (a) Over the years, a number of craft breweries, wineries, and distilleries have
12 operated within the Bayview neighborhood. These businesses are part of a broader tradition
13 of local manufacturing. They are also an important part of the local food and beverage
14 ecosystem, producing products for sale on their premises, as well as in restaurants, bars,
15 retail markets, and other establishments.

16 (b) The Third Street Alcohol Restricted Use District currently prohibits the
17 establishment of new beer and wine bars.

18 (c) Bars serving beer and wine can add to the variety of nightlife offerings in a
19 neighborhood commercial district, filling vacant storefronts and providing additional vibrancy
20 to benefit a corridor.

21 (d) Enabling manufacturers within the neighborhood to launch new beer and wine bars
22 will create new opportunities for small businesses along Third Street, and could attract
23 additional alcohol manufacturers.

2 249.62, to read as follows:
