Item 7 File 26-0028	Department: Sheriff's Department (Sheriff)
EXECUTIVE SUMMARY	
Legislative Objectives	
<ul style="list-style-type: none"> The proposed resolution would approve a contract between the Sheriff's Office and ConnectionsCA, LLC (Connections) to operate the Rapid Enforcement Support Evaluation and Triage (RESET) Center, for an initial term of two years and two months, from February 2026 through March 2028, with an option to extend for one year through March 2029, for an amount not to exceed \$14,537,426. The proposed resolution states it is a Core Initiative contract. Per Administrative Code 21B, the Board of Supervisors has 45 days to reject the contract. The 45-day period ends on February 25, 2026. 	
Key Points	
<ul style="list-style-type: none"> To address the population of arrestees who are under the influence of alcohol or drugs, the Sheriff's Office plans to open the RESET Center as an alternative to jail. The Sheriff's Office and Department of Public Health (DPH) conducted an informal solicitation and awarded a contract to Connections under the authority granted in Administrative Code Section 21B. Under the proposed contract, Connections would operate a facility where intoxicated individuals who are arrested can safely sober up and receive connections to services for up to 24 hours. The contract includes five service and outcome objectives which would allow Connections to receive incentive payments if they are met. 	
Fiscal Impact	
<ul style="list-style-type: none"> The proposed contract would have a total amount not to exceed \$14,537,426 over the initial term of two years and two months, which would only be paid if all objectives are met each quarter. If the one-year option to extend is exercised, the monthly cost would increase by the greater of three percent or the Consumer Price Index (CPI). The Sheriff will also incur costs of approximately \$4.9 million to provide site security during the contract term. In FY 2025-26, the contract is funded by a General Fund work order from DPH to the Sheriff's Office. The Sheriff's Office is requesting funding for the contract in subsequent years, however at least \$3.1 million in contract costs are not budgeted in FY 2026-27. The contractor is not yet able to bill insurance and/or Medi-Cal, but may be able to do so in six to nine months, which could reduce City costs by approximately \$1 million per year. Because funding for next year is not budgeted, we consider approval to be a policy matter. 	
Policy Consideration	
<ul style="list-style-type: none"> The RESET Center, as a component of the City's Breaking the Cycle Initiative, aims to remove people who are using drugs or alcohol on the street and connect them with treatment. The proposed program will allow for additional arrests for public intoxication and connections to services as it reduces the law enforcement drop off time. 	
Recommendation	
<ul style="list-style-type: none"> Approval of the proposed resolution is a policy matter for the Board of Supervisors. 	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

The Sheriff's Office offers various alternatives to jail, such as pretrial diversion and electronic monitoring. To address the population of arrestees who are under the influence of alcohol or drugs, the Sheriff's Office plans to open a Rapid Enforcement Support Evaluation and Triage (RESET) Center as an alternative to jail. The RESET Center would be operated in partnership with the Department of Public Health (DPH), San Francisco Police Department (SFPD), District Attorney's Office, and San Francisco Fire Department (SFFD).

Under the authority granted by Administrative Code Chapter 21B, a competitive solicitation was not required to award a contract to operate the RESET Center.¹ The Sheriff's Office and DPH conducted an informal solicitation, reaching out to five providers with experience providing similar services: (1) Connections Health Solutions, (2) Crestwood Behavioral Health, (3) Cri-Help, (4) Janus, and (5) Cedar House. The City received responses from Connections, Crestwood, and Cri-Help, but only Connections ultimately decided to proceed with the evaluation process. Based on Connections' experience, clinical model, and positive references, the Sheriff's Office and DPH awarded a contract to Connections.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve a contract between the Sheriff's Office and ConnectionsCA, LLC (Connections) to operate the RESET Center, for an initial term of two years and two months, from February 2026 through March 2028, with an option to extend through March 2029, for an amount not to exceed \$14,537,426. The proposed resolution would also authorize the Sheriff's Office to make further immaterial amendments to the contract and affirm the Planning Department's determination under the California Environmental Quality Act (CEQA).

The proposed resolution states it is a Core Initiative contract. Per Administrative Code 21B, the Board of Supervisors has 45 days to reject the contract. The 45-day period ends on February 25, 2026.

Services Provided

Under the proposed contract, Connections would operate a facility where intoxicated individuals who are arrested can safely sober up and receive connections to services. This provides an alternative to jail and hospital watch, which requires a police officer to remain present until the

¹ Administrative Code Chapter 21B authorizes certain City departments to award certain contracts for homelessness, mental health, substance abuse, and public safety contracts without competitive bidding.

suspect is released. The goals of the program are to allow officers and deputies to drop people off quickly and return to service, enhance public safety by providing a quick intervention for public intoxication, promote health and stability with on-site medical providers, and encourage participants to connect to services during their stay. According to Patrick Leung, Sheriff's Office Chief Financial Officer, the program is considered voluntary, although people who leave early and remain intoxicated and disorderly could be arrested again. The maximum stay at the center is 24 hours. The RESET Center is complementary too, but distinct from existing DPH programs, including DPH Alcohol Sobering (which is primarily emergency medical service referrals for alcohol-only intoxication) and SoMa RISE (which is safe indoor space for intoxicated people struggling with substance use). Unlike those programs, the RESET Center would be Sheriff-led and accept individuals under arrest.

Individuals taken to the RESET Center must not have active warrants, exhibit aggressive or combative behavior, have any emergency medical needs, have psychiatric needs that require a 5150 involuntary hold, or possess illegal narcotics or weapons. Services provided include intake, screening, assessment, discharge, records management, stakeholder engagement, and establishing a Good Neighbor Policy. The center would be open 24 hours a day, seven days a week. Connections would have six staff on site on each shift, with three shifts a day, and the contract would fund a total of approximately 28.3 full-time equivalent (FTE) employees (including administrative positions). In addition, the Sheriff's Office would have two deputies on site at all times to provide security. The facility would have capacity for 25 clients.

According to Chief Financial Officer Leung, the program is intended to be a pilot that may be continued beyond the proposed contract term if it is successful. The RESET Center site, 444 6th Street, is intended to be the future Superior Court location. Depending on the status of the Hall of Justice relocation project, the RESET Center may have to be moved to a different location if the program is extended beyond the proposed contract term.

Service and Outcome Objectives

The contract includes a ramp up period from approximately April 2026 (when the center opens) through September 2026 when the Sheriff's Office will pay Connections its full monthly contract amount. Beginning in October 2026, the baseline monthly payment would be reduced to 92.5 percent of the monthly contract amount, but Connections would be able to earn up to 105 percent of the base amount if service and outcome objectives are met. There are two service objectives and three outcome objectives, with three tiers for each objective, as shown in Exhibit 1 below.

Exhibit 1: Service and Outcome Objectives

Service Objectives	Tier 1	Tier 2	Tier 3
Average Officer Drop-Off Time	≤ 15 minutes	≤ 12 minutes	≤ 8 minutes
Operational Staffing Requirement	≥ 85% capacity	≥ 90% capacity	≥ 95% capacity
Outcome Objectives	Tier 1	Tier 2	Tier 3
Retention & Release	≥ 85% remain until deemed sober for release	≥ 90% remain until deemed sober for release	≥ 95% remain until deemed sober for release
Voluntary Stay Conversion ²	≥ 15% of those who remain convert to voluntary stay	≥ 20% of those who remain convert to voluntary stay	≥ 25% of those who remain convert to voluntary stay
Service Linkage at Discharge	≥ 20% of those who voluntarily stay linked to services	≥ 25% of those who voluntarily stay linked to services	≥ 30% of those who voluntarily stay linked to services

Source: Proposed contract

For each of the two service objectives, Connections would receive a monthly payment increase of .0625 percent for meeting Tier 1, 1.875 percent for meeting Tier 2, and 3.125 percent for meeting Tier 3. For each of the three outcome objectives, the monthly incentives are 0.417 percent for Tier 1, 1.25 percent for Tier 2, and 2.083 percent for Tier 3. Objective measures would be aggregated and paid for on a quarterly basis. The maximum total incentive is 12.5 percent if Connections meets Tier 3 performance for all five objectives each quarter.

FISCAL IMPACT

The proposed contract would have a total amount not to exceed \$14,537,426 over the initial term of two years and two months. The not-to-exceed amount would only be paid if all objectives were met at the Tier 3 level each quarter. The contract budget is shown in Exhibit 2 below.

² A Voluntary Stay Conversion refers to a person who is deemed eligible for release, but chooses to stay for additional rest, engagement, or services for a total stay of less than 24 hours.

Source: Proposed contract

Incentive pay would begin in October 2026, so Connections would be paid at 100 percent of its total cost for Period 1 and the first three months of Period 2. If the one-year option to extend is exercised, the monthly cost would increase by the greater of three percent or the Consumer Price Index (CPI) increase for San Francisco.

In FY 2025-26, the contract would be funded by a General Fund workorder from DPH to the Sheriff's Office. DPH's FY 2025-26 budget included \$1.5 million of General Fund to support the RESET Center for six months, which annualizes to \$3.1 million in FY 2026-27 in DPH's budget. Total program costs in FY 2025-26 are projected to be \$3.1 million including rehab costs (approximately \$500,000). According to DPH staff, the balance of \$1.6 million in funding in FY 2025-26 will be provided by repurposing funds intended for an assisted living facility at 624 Laguna Street, which has been delayed.

³ Operating costs include utilities, repairs and maintenance, janitorial, facility license and business fees, occupancy costs, information technology, food, medication, supplies, linens and laundry, waste removal, interpreting services, licensing fees, clinical costs, travel, training, taxes, and startup costs (in Period 1).

⁴ Indirect costs include salaries and benefits for administrative and overhead positions. The indirect cost rate of 20% is greater than the typical indirect cost rate of 15% of DPH contracts. According to Sheriff's Office staff, the indirect cost rate is higher than DPH contracts to account for uncertainties in operating costs because this is the first time Connections will be operating in California, which has a higher cost of doing places compared to other states.

The Sheriff's Office is requesting funding for the contract in its upcoming FY 2026-27 - FY 2027-28 two-year budget, which could be offset by reducing the \$3.1 million DPH has budgeted for this program in FY 2026-27. However, the remaining \$3.4 million in expenses for FY 2026-27 and the \$5 million for FY 2027-28 is not budgeted and will be a new cost for the General Fund. For this reason, we consider approval to be a policy matter for the Board of Supervisors.

The contract requires Connections to establish procedures to allow for Medi-Cal billing and estimates that it will take 6-9 months to be able to bill insurance and/or Medi-Cal. Any insurance or Medi-Cal revenues would offset City costs and could be approximately \$1 million per year.

Cost Comparisons

At the Tier 2 rate (100 percent of total cost), the RESET Center has an annual cost of approximately \$254,000 per bed/chair. This is more than SoMa Rise sobering center (\$196,000 per bed/chair), which is less medically intensive and does not receive law enforcement drop-offs, but less than the mental health stabilization facility at 822 Geary Street (\$454,000 per bed/chair), which is more medically intensive and also receives law enforcement drop-offs. Connections' cost proposal (\$238,000 per bed/chair) was comparable to another proposal for this service (\$224,000 per bed/chair) but approximately 52 percent higher than a third proposal for this service (\$167,000 per bed/chair). As noted above, those two proposers ultimately did not proceed with the contract award process.

Sheriff's Staffing Cost

As noted above, the contract requires two Sheriff's deputies on site 24/7. At this time, the Sheriff's Office has not determined whether this assignment would be staffed with overtime or by reassigning staff on regular time. According to Chief Financial Officer Leung, the total annual cost to staff two deputies 24/7 would be approximately \$2 million with overtime or \$2.25 million with regular time (overtime is slightly lower because fringe benefits are more than half of the regular time cost). Over the initial two-year and two-month contract term, the total Sheriff's Office staffing cost at the RESET Center would be approximately \$4.3 to \$4.9 million.

POLICY CONSIDERATION

The RESET Center is a component of the City's Breaking the Cycle Initiative and aims to remove people who are using drugs or alcohol on the street and connect them with treatment. This strategy may result in increases in arrests for being under the influence of drugs or alcohol in public and for use of controlled substances.

According to data on Police Department incident reports. There were 716 citations or arrests for these types of incidents in 2023, increasing to 1,187 in 2025. The number of citations or arrests increased by 66 percent over the two-year period, driven by an increase in arrests or citations for being under the influence of controlled substances in 2025.

The Sheriff's Office estimates that jail bookings typically require 60-90 minutes of Deputy Sheriff and Police Officer time. This has limited the City's response to public intoxication due to the intensity of law enforcement resources necessary to complete these bookings. The proposed program will allow for additional arrests for public intoxication and connections to services as it reduces the law enforcement drop off time.

RECOMMENDATION

Approval of the proposed resolution is a policy matter for the Board of Supervisors.

3.3.3 Withhold Payments. Contractor shall commit sufficient resources for timely completion within the project schedule.

4.3 Subcontracting. Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this Section. Should City determine that Contractor is not performing in accordance with the requirements of this Section, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and

offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past Services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City.

The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants, experts, and related costs, and City's costs of investigating any claims against City.

5.2.2 In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such Claim is tendered to Contractor by City and continues at all times thereafter.

5.2.3 Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Assessor the information required by San Francisco Administrative Code Section 23.39, as amended from time to time, and any successor provision. Either Party shall exercise this option by giving the other Party written notice of termination (“Notice of Termination”). The Notice of Termination shall specify the date on which termination of the Agreement shall become effective (“Termination Date”).

8.1.2 Upon receipt of the Notice of Termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to affect the termination of this Agreement on the Termination Date and to minimize the liability of Contractor and City to third parties as a result of the termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling and returning material or equipment delivered to City or otherwise disposed of as directed by City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of such materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the Termination Date, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default. Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. 8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be

8.2.4 Any notice of default must be sent in accordance with Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

Scope of Services

1. Project Overview

1.1.

The City and County of San Francisco is taking steps to address the rampant Fentanyl and substance abuse crisis that balances care, treatment, and public safety. There is a need to address the individuals whose public substance use presents ongoing safety challenges for themselves and the community. This includes providing a law enforcement presence and engagement in operations to disrupt illegal open-air drug use. San Francisco must intervene when activities harm the individual and community. Breaking the harmful cycles affecting individuals and the community requires compassion and accountability.

To meet this need, Department is developing the RESET Center (Rapid Enforcement Support Evaluation and Triage) in partnership with the Department of Public Health (SFDPH), Police Department, District Attorney's Office, and Fire Department, and contracting with Contractor to operate the facility which will be unified and operate in support of one another. This RESET Center is intended to support SFSO and the SFDPH in pursuing a three-pronged approach to public safety and public drug use: one that is swift, certain, and proportionate. In operating the RESET Center and through cross-system collaboration with law enforcement and Contractor. The RESET Center will offer a voluntary facility that is an alternative to jail for individuals under the influence of alcohol? intoxication, controlled substance or drugs. This approach is intended to balance public safety and public health approaches that support assertive crisis response, enhance neighborhood safety, and foster a more resilient, recovery-oriented community.

The Department will provide law enforcement services as necessary and transport or facilitate transport to jail, Psychiatric Emergency Services (PES), or appropriate medical facility while adhering to all applicable laws.

Contractor will staff the center to provide a supportive and safe environment for sobering, peer engagement, basic needs support, and care coordination.

- 1.1.1.1. **Increase Efficiency and Public Safety** by allowing officers and deputies to drop off individuals at the center and quickly return to their duties.
- 1.1.1.2. **Protect Public Safety and Reduce Crime in the community** by intervening quickly when harmful activity occurs.
- 1.1.1.3. **Promote Health and Stability** with on-site medical health teams and providers.
- 1.1.1.4. **Encourage Engagement** by allowing providers to connect people to treatment during their stay.

1.1.2. The RESET Center is not a jail or temporary holding facility. Upon arrival, the law enforcement agency will follow its agency's policies and procedures, including cite and release policies or author an arrest report if appropriate.

2. Admission Requirements

- 2.1. Individuals who are transported to the RESET Center must meet the following criteria:
 - 2.1.1. Individuals must be 18 years of age or older.

 - 2.1.4. Individuals charged with or exhibiting aggressive or combative behavior shall not be admitted to the RESET Center and should be booked into the county jail.
 - 2.1.5. Individuals must not have any obvious emergency medical needs that require immediate attention or medical needs that are beyond the care the RESET Center can legally provide.
 - 2.1.6. Individuals must not have psychiatric needs that would constitute a 5150 W&I.
 - 2.1.7. Individuals with possession of illegal narcotics or weapons shall not be admitted to the RESET Center and should be booked into the county jail.
 - 2.1.8. Service animals are allowed at the site. Contractor and the Department will evaluate whether non-aggressive pets are allowed to enter the site.

3. Invoicing.

Services will be paid as a flat monthly fee as outlined below. Payment will begin one month prior to the opening of the center to account for pre-opening start-up costs.

Contractor's total base monthly payments ("Monthly Contract Amount") shall be determined as follows:

- March 2026 – June 2026: \$657,018 per month for a total of \$2,628,072 during the four-month period. If the center opening is delayed past 4/1/26, then the payments may be adjusted to ensure \$490,770 of start-up costs are paid during this period and that the remaining amount for ongoing operations is pro-rated to begin one month prior to center opening.
- July 2026 – June 2027: \$528,339 per month for a total of \$6,340,072 during the twelve-month period
- July 2027 – March 2028: \$555,797 per month for a total of \$5,002,170 during the nine-month period
- Any renewal or option period pricing would include a price escalator from the prior period equal to the greater of 3% or the prior year CPI increase for San Francisco.

Contractor projects a 6-9-month timeline to obtain the appropriate license or necessary contracts and enrollment to bill MCOs and/or MediCal, provided such enrollment is permitted with this anticipated structure. Due to this timeline and the intent to not delay opening, initial funding of the RESET Center may rely fully on funding from the City prior to Contractor obtaining the ability to bill for services. If cash is received by Contractor from payors, that cash will be reported in the quarterly process outlined below and such funds will be reduced from the Contractor's quarterly payout. If payor enrollment is successful, Contractor will align with Appendix B-1.

4. Performance-Based Payment Structure

4.1. Ramp-Up / Initial Operations (3/1/2026 – 9/30/2026)

- 4.1.1. Contractor is paid 100% of the contracted monthly amount during ramp-up and phased bed activation.
- 4.1.2. Payments may be prorated based on phased bed activation, if applicable
- 4.1.3. Performance-based metrics are monitored but not tied to payment during this phase.
- 4.1.4. Payment during the first three months of Period 2 (e.g., 7/1/26 – 9/30/26) will be tied to Tier 2 performance (i.e., 100% of the Monthly Contract Amount), regardless of Contractor performance.

4.2. Ongoing Operations (Beginning 10/1/2026)

- 4.2.1. Performance & Payment Schedule (Beginning 10/1/2026) Contractor shall receive 92.5% of the Monthly Contract Amount automatically as the baseline amount. This will be paid within the first five days of the month in which services are provided.

4.2.2. Up to 12.5% may be earned as outlined in the chart below. The measurements will be evaluated on an aggregate basis across the quarter being evaluated. The metrics and their respective tiers are outlined below:

4.2.2.1. Law Enforcement Efficiency (up to 6.25% of Contract Value)

Performance Tier	Average Officer Drop-Off Time	Operational Staffing Requirement
Tier 1	≤ 15 minutes	$\geq 85\%$ of full agreed-upon chair, 24/7 capacity (e.g., 85% of 25 chairs = 21 chairs available)
Tier 2	≤ 12 minutes	$\geq 90\%$ of full agreed-upon chair, 24/7 capacity (e.g., 90% of 25 chairs = 23 chairs available)
Tier 3	≤ 8 minutes	$\geq 95\%$ of full agreed-upon chair, 24/7 capacity (e.g., 95% of 25 chairs = 24 chairs available)

4.2.2.2. Participant Engagement & Linkage Outcomes (up to 6.25% of Contract Value)

Performance Tier	Retention and Release	Voluntary Stay Conversion	Service Linkage at Discharge
Tier 1	$\geq 85\%$ remain until deemed sober for release	$\geq 15\%$ convert to voluntary stay	$\geq 20\%$ linked to services
Tier 2	$\geq 90\%$ remain until deemed sober for release	$\geq 20\%$ convert to voluntary stay	$\geq 25\%$ linked to services
Tier 3	$\geq 95\%$ remain until deemed sober for release	$\geq 25\%$ convert to voluntary stay	$\geq 30\%$ linked to services

Note: For evaluating performance of “Retention and Release”, we will remove factors that are outside of Contractor’s control (including but not limited to: violence, medical needs, under 5150) from the denominator to most accurately measure Contractor performance and impact.

- For example, if there are 120 individuals and 20 are sent to an alternative location due to ineligibility criteria, the performance will be calculated using a denominator of 100 individuals.

The parties agree that the metrics above will be the baseline upon contract execution. However, following the initial 6-month of the contract term, both parties will jointly re-evaluate to ensure these are the right metrics and measurements. Any changes to the metrics will be documented and agreed to in writing by both parties per Section 11.5 – Modification of this Agreement.

4.2.2.3. Summary of Possible Earned Amount per Quarter

The quarterly true-up will be calculated as follows:

- If the Contractor achieves results below the result listed in Tier 1, then 0% of the Monthly incentive for that quarter will be paid out for that metric
- If the Contractor achieves results equal to or better than Tier 1 but below Tier 2, then they will be paid out at the Tier 1 rate times the Monthly Contract amount for that quarter
- If the Contractor achieves results equal to or better than Tier 2 but below Tier 3, then they will be paid out at the Tier 2 rate times the Monthly Contract amount for that quarter
- If the Contractor achieves results equal to or above the Tier 3 level, then they will be paid out at the Tier 3 rate times the Monthly Contract amount for that quarter
- Each metric below will be evaluated independently and will use aggregate data across the full quarter being evaluated. Based on the achievement of each metric, a percentage will be determined for each row in the chart based on the achievement levels. The sum of all five rows will result in the payout percentage.
- The payout percentage will be multiplied by the Monthly Contract Amount and will be the amount paid out to Contractor for that quarter.

Metric	Tier 1	Tier 2	Tier 3
Drop off time	0.625%	1.875%	3.125%
Staffing Requirement	0.625%	1.875%	3.125%
Retention and Release	0.417%	1.250%	2.083%
Voluntary Conversion	0.417%	1.250%	2.083%
Link to Services	0.417%	1.250%	2.083%
Maximum Earned	2.5%	7.5%	12.5%

5. Quarterly Performance Reconciliation

5.1. Beginning October 1, 2026, performance-based payments shall be reconciled on a quarterly basis. The Contractor shall receive ninety-two and a half percent (92.5%) of the Monthly Contract Amount as base payment. The remaining seven and a half percent (7.5%) plus five percent (5%) performance incentives shall be held as performance-at-risk and earned based on the Contractor's achievement per performance metrics detailed in Appendix B – Calculation of Charges, Section 4.2.3.1 – Law Enforcement Efficiency and Section 4.2.3.2 – Participant Engagement & Linkage.

At the close of each quarter, the Sheriff's Office will conduct a Quarterly Performance Review to evaluate Contractor performance using the submitted monthly service reports and

quarterly performance data. Performance will be assessed against the two performance domains as outlined above:

- 5.1.1. Law Enforcement Efficiency (up to 6.25% of contract value)
- 5.1.2. Participant Engagement & Linkage Outcomes (up to 6.25% of contract value)

5.2. Reconciliation Process

5.2.1. Data Submission

- 5.2.1.1. Contractor shall submit all required monthly data within fifteen (15) business days after the end of each month.
- 5.2.1.2. A consolidated quarterly performance report shall be submitted within fifteen (15) business days after the end of each quarter, in place of the monthly report.

5.2.2. Review and Verification

- 5.2.2.1. The Sheriff's Office will jointly review and validate Contractor's performance metrics, data accuracy, and supporting documentation.
- 5.2.2.2. The Sheriff's Office may request clarification or additional documentation as needed to verify performance.

5.2.3. Quarterly Determination

- 5.2.3.1. The Sheriff's Office will determine whether the Contractor has met the performance thresholds required to earn up to 15% payment per .
- 5.2.3.2. Each domain is evaluated independently. The Contractor may earn up to 15% of the performance-at-risk portion in any quarter.

5.2.4. Payment of Earned Performance Amounts

- 5.2.4.1. Amounts earned will be paid as a lump-sum reconciliation payment in the month following the performance determination.
- 5.2.4.2. Any portion of the performance-at-risk amount not earned in a given quarter will be forfeited and will not roll over into future quarters.

5.2.5. Corrective Action (If Applicable)

- 5.2.5.1. If performance falls below minimum expectations, the Sheriff's Office may issue a Performance Improvement Notice outlining required corrective actions and timelines.
- 5.2.5.2. Failure to meaningfully improve performance may result in additional monitoring, withholding of future performance payments, or other remedies available under the contract.

Any disclosure of, or decision not to disclose, the PHI requested by an individual or a personal representative and compliance with the requirements applicable to an individual's right to obtain access to PHI shall be the sole responsibility of CE.

h. Amendment of PHI. Upon request and instruction from CE, BA will amend PHI or a record about an individual in a Designated Record Set that is maintained by, or otherwise within the possession of, BA as directed by CE in accordance with procedures established by 45 CFR §164.526. Any request by CE to amend such information will be completed by BA within fifteen (15) business days of CE's request. If an individual request an amendment of PHI directly from BA or its agents or subcontractors, BA must forward any such request to CE within ten (10) business days. Any amendment of, or decision not to amend, the PHI or record as requested by an individual and compliance with the requirements applicable to an individual's right to request an amendment of PHI will be the sole responsibility of CE.

i. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining CE's or BA's compliance with HIPAA and this BAA.

j. Minimum Necessary. BA, its agents and subcontractors shall request, use, access, and disclose only the minimum amount of PHI necessary to accomplish the intended purpose of such use, access, or disclosure, or request. (see 42 U.S.C. Section 17935(b) and 45 CFR §164.514(d)].

k. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information provided by CE to BA or created, received, maintained or transmitted by BA or BA's agents or subcontractors under the Agreement, including any and all forms thereof.

l. Notification of Suspected or Actual Breach. BA shall notify CE within five (5) calendar days of any breach of PHI; any use or disclosure of PHI not permitted by the Agreement or this BAA; any Security Incident (except as otherwise provided below) related to PHI, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured PHI has been, or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. BA shall take prompt corrective action to cure any deficiencies and any action pertaining to unauthorized uses or disclosures required by applicable federal and state laws. [42 U.S.C. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]

i. Unsuccessful Security Incident Attempts: The Parties acknowledge and agree that this Section constitutes notification by BA to CE of the ongoing existence and occurrence of attempted Security Incidents that do not result in and/or that BA does not anticipate will result in unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system (including, for example, pings on BA's firewall, port scans, attempts to log onto a system or enter a database with an invalid password or username, denial-of-service attacks that do not result in the system being taken off-line, or malware such as worms or viruses). Unless requested by CE, no further notification of unsuccessful Security Incident attempts is required.

ii. Successful Security Incident Attempts: BA must notify the City within five (5) calendar days of any Security Incident attempt that results in, or that BA anticipates may result in, unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system (such as continuous and/or persistent Security Incident attempts or a suspicious pattern of Security Incident attempts).

iii. **Written Request for Security Incident Report:** Upon CE's request, BA must provide CE a written Security Incident Report that: (a) identifies the categories of Security Incident attempts; (b) indicates whether BA believes its current defensive security measures are adequate to address Security Incidents, given the scope and nature of such attempts; and (c) if the security measures are not adequate, the measures BA will implement to address security inadequacies.

m. Breach Pattern or Practice by Business Associate's Subcontractors and Agents.

Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Agreement or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

n. Audits, Inspection and Enforcement. Within ten (10) calendar days of a request by CE, BA will provide CE with a copy of its most recent independent HIPAA compliance report (AT-C 315), HITRUST certification or other similar mutually agreed upon independent standards-based third-party audit report. CE agrees not to re-disclose BA's audit report. If BA does not have such a report, BA will allow CE or its agents or subcontractors to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this BAA for the purpose of determining whether BA has complied with this BAA or maintains adequate security safeguards. BA shall notify CE within five (5) business days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights or other state or federal data privacy or security-enforcement government entity.

3. Termination.

a. Material Breach. A breach by BA, or BA's agent or subcontractor, of any obligations under this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the Agreement to the contrary notwithstanding. (45 CFR §164.504(e)(2)(iii).)

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which BA has been joined.

c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all PHI that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such PHI. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible (45 C.F.R. §164.504(e)(2)(ii)(J)). If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI. Per the Secretary's guidance, the City will accept destruction of electronic PHI in accordance with the standards enumerated in the NIST SP 800-88, Guidelines for Media Sanitization. The City will accept destruction of PHI contained in paper records by shredding, burning, pulping, or pulverizing the records so that the PHI is rendered unreadable, indecipherable, and otherwise cannot be reconstructed.

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure of PHI in accordance with the HIPAA Regulations and the HITECH Act including, 42 U.S.C. §17934(c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) calendar days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Litigation or Administrative Proceedings.

BA shall notify CE within forty-eight (48) hours of any litigation or administrative proceedings commenced against BA or its agents or subcontractors. In addition, BA shall make itself, and any subcontractors, employees and agents assisting BA in the performance of its obligations under the Agreement or this BAA, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the HIPAA regulations, or other state or federal laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

6. No Third-Party Beneficiaries.

Nothing express or implied in the Agreement or this BAA is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

7. Interpretation.

The provisions of this BAA shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this BAA. This BAA and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the HIPAA regulations, and other state and federal laws related to security and privacy of health information. The parties agree that any ambiguity in the terms of this BAA shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the HIPAA regulations, and other state and federal laws related to security and privacy of health information.

Appendix H **Real Estate Access to City Property**

I. Property Owned in Fee by the City

Contractor acknowledges that the property located at 444 6th Street, San Francisco, CA (the “**Property**”) is owned in fee by the City.

II. Reserved.

III. Contractor’s Revocable Access to the Property for Provision of Services During Term of Agreement

- a. Contractor and its permitted subcontractors will be entering the Property during the term of the Agreement solely to provide services to the City, as described in **Appendix A** of the Agreement (the “**Services**”). Contractor acknowledges that upon expiration or termination of the Agreement, Contractor’s right of entry to the Property will automatically terminate.
- b. Contractor’s right of entry as described above is personal to Contractor and cannot be extended or transferred to another party by Contractor. Contractor shall only have the right to place personal property, equipment, or other materials at the Property only to the extent needed for the Services.
- c. Nothing in this Appendix constitutes a grant of any right to use or occupy the Property or any ownership, leasehold, easement, or other property interest or estate whatsoever in the Property, or any portion of it. Contractor’s right of entry is effective only to the extent of City’s rights in the Property.
- d. Contractor acknowledges that City retains the right for City and its agents to enter and use the Property at all times, provided such entry and use shall not unreasonably interfere with Contractor’s performance of the Services.

IV. Contractor Contributions

Contractor shall be responsible for cost of the operating expenses for the Property as set forth on the budget attached to the Agreement as Appendix G.

V. Condition of Property

- a. *As Is Condition.* Contractor is entering the Property in its "AS IS" condition, without representation or warranty of any kind by City, its officers, agents or employees, and subject to all applicable laws, rules and ordinances governing the use of the Property, and to any and all covenants, conditions, restrictions, easements, encumbrances, claims of title and other title matters affecting the Property, whether foreseen or unforeseen, and whether such matters are of record or would be disclosed by an accurate inspection or survey. Contractor, at its own expense, shall obtain such permission or other approvals from any third-parties with existing rights as may be necessary for Contractor to provide the Services at the Property.

Contractor understands and expressly accepts and assumes the risk that any facts concerning the Claims (as defined in the Agreement) released in the Agreement might be found later to be other than or different from the facts now believed to be true and

agrees that the releases in the Agreement shall remain effective. Therefore, with respect to the Claims released in the Agreement, Contractor waives any rights or benefits provided by Section 1542 of the Civil Code, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Contractor acknowledges that this Section was negotiated with City, that the consideration for it is fair and adequate, that Contractor understands the consequences of the release, and that Contractor had a fair opportunity to negotiate, accept, reject, modify, or alter it. The provisions of this Section will survive the expiration or termination of the Agreement.

Contractor Initials: _____

- b. *No Liens.* Contractor shall keep the Property free and clear of any liens or claims of lien arising out of or in any way connected with its entry or the Services.
- c. *Hazardous Material.* Contractor shall not cause, nor shall Contractor allow, any Hazardous Material (as defined below) to be brought upon, kept, used, stored, generated or disposed of in, on or about the Property, or transported to or from the Property. Contractor shall immediately notify City when Contractor learns of, or has reason to believe that, a release of Hazardous Material has occurred in, on or about the Property. Contractor shall further comply with all laws requiring notice of such releases or threatened releases to governmental agencies, and shall take all action necessary to mitigate the release or minimize the spread of contamination. In the event that Contractor or its permitted subcontractor cause a release of Hazardous Material, Contractor shall, without cost to City and in accordance with all laws and regulations, return the Property to the condition immediately prior to the release, unless City elects to perform any necessary abatement at Contractor's cost. In connection therewith, Contractor shall afford City a full opportunity to participate in any discussion with governmental agencies regarding any settlement agreement, cleanup or abatement agreement, consent decree or other compromise proceeding involving Hazardous Material. For purposes hereof, "**Hazardous Material**" means material that, because of its quantity, concentration or physical or chemical characteristics, is at any time now or hereafter deemed by any federal, state or local governmental authority to pose a present or potential hazard to public health, welfare or the environment. Hazardous Material includes, without limitation, any material or substance defined as a "hazardous substance, pollutant or contaminant" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Sections 9601 et seq., or pursuant to Section 25316 of the California Health & Safety Code; a "hazardous waste" listed pursuant to Section

25140 of the California Health & Safety Code; any asbestos and asbestos containing materials whether or not such materials are part of the Property or are naturally occurring substances in the Property, and any petroleum, including, without limitation, crude oil or any fraction thereof, natural gas or natural gas liquids. The term "release" or "threatened release" when used with respect to Hazardous Material shall include any actual or imminent spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing in, on, under or about the Property.

- d. Upon the expiration or termination of the Agreement, Contractor must immediately vacate the Property in the same condition as it was on the commencement of the Agreement term, broom clean, free from hazards, and clear of all debris. At such time, Contractor shall, and shall cause any of its permitted subcontractors to, remove all personal property, equipment or other materials from the Property, and shall repair, at its cost, any damage to the Property caused by such removal. Contractor's obligations under this Section shall survive the expiration or termination of this Agreement.

VI. Permits and Approvals

If the scope of Services provided by Contractor under the Agreement require any permits, licenses, and/or approvals of any regulatory agencies ("Approvals"), Contractor will obtain all applicable approvals prior to commencing the applicable activity. Promptly after receipt of the Approvals, Contractor will deliver copies of them to City. Contractor acknowledges that no approval by City under this Agreement will be deemed to constitute the approval of any federal, state, or local regulatory authority with jurisdiction required for the applicable Services, and nothing in this Agreement will limit Contractor's obligation to obtain all applicable Approvals.

Patrick- Thanks for the call just now.

To summarize, SHF intends to open a Deflection Center at this property, for which a TI permit was issued and final'ed (202112214851) back in 2022 for a safe injection site. In relevant part, that permit affirmed the use of the property as a Public Use. Depending on the specific intentions for your work and occupancy, it's possible – perhaps even likely – that your proposal won't require review by Planning owing that it would comprise a continuation of that Public Use. That would mean that no application for environmental review is required per Admin Code 79A.5.

Other scenarios are also possible, again, given the specific nature of the work in question.

Also flagging the Deflection Center that is being proposed by DPH at 1660 Mission Street to ensure that we're all operating with the same information.

As you move forward with a package of physical improvements, I wanted to again stress the utility and importance of having a DPW Project Manager (or other building professional) at your side.

I'm including my colleague [@Foster, Nicholas \(CPC\)](#) so that he can take the lead as your project moves forward, delegating as may be appropriate. Also including [@Salgado, Rebecca \(CPC\)](#) for awareness.

Best.

Hi Dan,

The Sheriff's Office is intending to contract with a service provider to operate a new deflection center at 444 6th Street. The Deflection Center will be a non-licensed sobering facility for individuals experiencing drug or alcohol intoxication; a person who is arrested that meet certain criteria will be brought to the Deflection Center is an alternative to incarceration. 444 6th Street is the currently City-owned property and my understanding is it will eventually be used by the State for a new Hall of Justice.

Admin Code 79A.5 states that each City officer, department, board or commission shall post on its official website and maintain an updated list of all Proposed Projects. At a minimum, the list shall contain a description and the property address of each Proposed Project. The officer, department, board or commission shall add a Proposed Project to the list at the earliest time when the following events may occur:

- either the private sponsor of the Proposed Project or the City officer, department, board or commission that is considering funding directly or administering the Proposed Project submits an application for environmental review for the Proposed Project to the Planning Department

Could you point me to the right person to get more background on what information should be provided and where the application form is?

Thank you,

Patrick Leung

Recommendation: Finding the project, on balance, is **in conformity** with the General Plan

Project Description

The Real Estate Division is proposing to acquire the land and building located at 444 6th Street (the “Property”). The Property consists of approximately 5,156 sq. ft. in a single-story masonry building on approximately 5,156 sf. ft. of land.

The Property’s current land use is industrial – warehouse/wholesale distribution; is within the Service/Arts/Light Industrial (SALI) zoning district. The property is vacant; its previous occupant was the SF Deputy Sheriff Association.

The property is now being acquired for a yet to be determined project and the property will not be modified in any way without obtaining further Planning Department approvals. These approvals may include a new General Plan Referral and additional environmental review.

Environmental Review

Real estate transaction only. Not defined as a project under CEQA Guidelines Sections 15378 and 15060(c)(2) because it would not result in a direct or indirect physical change in the environment.

General Plan Compliance and Basis for Recommendation

As described below, the proposed aviation easement to CCSF is consistent with the Eight Priority Policies of Planning Code Section 101.1 and is, on balance, in conformity with the Objectives and Policies of the General Plan.

Note: General Plan Objectives are shown in **BOLD UPPER CASE** font; Policies are in **Bold** font; staff comments are in *italic* font.

WESTERN SOUTH OF MARKET COMMUNITY PLAN

OBJECTIVE 9.1

PROVIDE ESSENTIAL COMMUNITY SERVICES AND FACILITIES.

The acquisition of 444 6th Street would utilize the subject property for a yet to be determined project and the property will not be modified in any way without obtaining any required Planning Department approvals.

Planning Code Section 101 Findings

Planning Code Section 101.1 establishes Eight Priority Policies and requires review of discretionary approvals and permits for consistency with said policies. The Project is found to be consistent with the Eight Priority Policies as set forth in Planning Code Section 101.1 for the following reasons:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

The Project would have no adverse effect on neighborhood serving retail uses or opportunities for employment in or ownership of such businesses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the

cultural and economic diversity of our neighborhoods;

The Project would not have an adverse effect on the City's housing stock or on neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

The Project would not have an adverse effect on the City's affordable housing.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The Project would not have an adverse effect on MUNI transit service or overburden streets or neighborhood parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The Project would not have an adverse effect on City's industrial or service sectors, nor the future opportunities for resident employment and ownership.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The Project would have no adverse effect on the City's preparedness against injury and loss of life in an earthquake.

7. That the landmarks and historic buildings be preserved;

This Project would have no adverse effect on landmarks or historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The Project would have no adverse effect on parks and open space or their access to sunlight and vistas.

Recommendation: Finding the project, on balance, is in conformity with the General Plan

Subject: Sheriff's Office Utilization of Admin. Code 21B for RESET Contract
Attachments: Chapter 21B Letter Update to Mayor's Office.pdf

Dear Ms. Bonde,

The Sheriff's Office is providing an updated notification letter on the utilization of Chapter 21B to enter into a Contract No. 1000037299 with ConnectionsCA, LLC. to provide a safe alternative to incarceration for individuals who are publicly intoxicated or under the influence of drugs to recover at a City-own building located at 444 6th Street, San Francisco, CA 94103 and to be referred to additional City services. The contract with ConnectionsCA, LLC. is necessary to meet the Core Initiatives of projects addressing drug overdoses and substance use disorders as part of the Sheriff's Office's overall overdose prevention and crime reduction strategies. The contract offers an alternative to jail and hospitalization by filling a gap in interventions for people who are arrested for intoxication or being under the influence of a controlled substance or drug and engaged in disordered behavior.

Re: Utilization of Administrative Code Chapter 21B for RESET Contract

Dear Ms. Bonde,

San Francisco Administrative Code Chapter 21B, adopted on February 11, 2025, suspended and delegated certain approvals for contracts to accelerate the City's response to homelessness, drug overdoses and substance use disorders, mental health needs, integrated health needs, and public safety hiring.

Mayor Lurie released "Breaking the Cycle" in March 2025, an executive directive to break cycles of homelessness and addiction by enabling more effective coordination across departments and outlining both immediate actions and longer-term reforms. The goals of the directive are:

- 1) a system that helps people achieve lasting stability,
- 2) cleaner and safer sidewalks, and
- 3) more responsible governance and accountable services

The Sheriff's Office has a rich history of offering alternatives to jail, such as Pretrial Diversion and Electronic Monitoring, that are often paired with mental health and substance abuse treatment to keep offenders productive, reduce jail populations, and allow people to stay employed and with family while meeting the requirements of the Court.

The Sheriff's Office is providing the below written notification to utilize Chapter 21B to enter into a Contract No. 1000037299 with ConnectionsCA, LLC. to operate the Rapid Enforcement Support Evaluation and Triage (RESET) Center, a safe alternative to incarceration for individuals who are publicly intoxicated or under the influence of drugs to recover at a City-own building located at 444 6th Street, San Francisco, CA 94103 and to be referred to additional City services.

The contract with ConnectionsCA, LLC. is necessary to meet the core initiatives of projects addressing drug overdoses and substance use disorders as part of the Sheriff's Office's overall overdose prevention and crime reduction strategies. The contract offers an alternative to jail and hospitalization by filling a gap in interventions for people who are arrested for intoxication or being under the influence of a controlled substance or drug and engaged in disordered behavior. The Sheriff's Office in partnership with the Department of Public Health, Police Department, District Attorney's Office, and Fire Department will support the operations of the RESET Center

Please do not hesitate to contact Patrick Leung, Chief Financial Officer, at (415) 818-3689 if you have further questions.

Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Paul Miyamoto".

Dear Members of the Budget and Finance Committee:

How unfortunate that the city must add, in essence yet another 'body' to the city budget. How sad that such an addition runs so contrary to the efforts to streamline City bodies. Let us commit to strengthening community-driven solutions within an already in-place network.

Creating such an entity duplicates functions already in place. Public health crises must be addressed by the Department of Public Health -- rather than by an (already embattled) Sheriff's Department. Criminalization of a public health crisis stymies efforts to meaningfully address our public health challenges.

During a budget year where we're going to see austerity cuts to vital social services, we can't be spending \$14 million on needlessly bringing in an out-of-state entity to administer systems already in place within our city's own Department of Public Health.

We have treatment services that work, but are burdened by bureaucratic barriers and underfunding. Why would we spend such a huge price tag on something that only temporarily addresses street conditions?

This endeavor represents a most unattractive picture of "up-streamlining". Creating a 'drunk tank' only opens a revolving door.

Sincerely,

Evelyn Posamentier

COALITION ON HOMELESSNESS

February 3, 2026

Supervisor Connie Chan
Chair, Budget and Finance Committee
City Hall
1 Dr. Carlton Goodlett Place
San Francisco, CA 94102

Dear Chair Chan,

This letter is in regard to item number 7 on the February 4th, 2026 agenda for a professional services contract with Connections entitled RESET Center.

It is our understanding that with this program police officers would arrest and detain, but not charge public drug users unless they have a warrant. They will drop off individuals at the 25 seat RESET center, located a block away from the SF county jail. They will detain the individuals for at least 4 hours, and the Arizona-based non-profit partner "Connections" will provide referrals to services if there are openings. However, this effort is under the purview of the very troubled Sheriff's Office, with a very light partnership with the Department of Public Health.

This model brings with it many concerns. During a budget year with proposed austerity cuts to vital social services, this proposal costs \$14,537,426 for an initial 26-month period, paid for with public health funds. That equates to a monthly cost of \$560,000 monthly compared to a residential treatment bed cost of \$10,020 monthly. A scattered site rental subsidy with support services costs only \$3,000 per month.

Worse, this approach is tried and failed. For decades, we relied on a criminal justice approach to addressing substance use disorders. This effort is widely seen, and proven, to be a failure. Lives ruined, families broken, and funds wasted. As we disinvested in housing, forcing more people to suffer living outdoors, combined with pharmaceutical giants getting rich off opioid addictions, substance use disorder rates have skyrocketed. Criminalization

efforts have only [increased fatal overdoses](#). In a nationally representative cohort study of approximately 3.26 million adults observed from 2008 through 2019, individuals incarcerated at the time of the survey experienced a 39% higher risk of all-cause mortality and more than 3 times the risk of overdose mortality compared with nonincarcerated individuals. Meanwhile, the drunk tank model itself is not only a tired concept, but a dangerous one. Best practices indicate a need for medical support during detox, which drives up the price tag. In modern times, to spend \$14 million on a dressed up drunk tank is truly a shocking waste of resources – especially when so many other approaches are working well but lack capacity. Of the 25 seats available at the RESET Center, the City will spend \$260,000/year, per chair -- money that could be used to fund ongoing treatment and housing!

In addition, the DPH is planning on spending \$17 million to open a new behavioral health access center – making RESET services completely duplicative.

There is one main argument for this center; it will save police officer time because they won't have the paperwork burden of dropping people off at Psychiatric Emergency Services or the jail. We already have services where police can drop people off without paperwork and the police are not taking advantage of them. Four locations; SOMA Rise, Dore Alley Urgent Care, Hummingbird and the 822 Geary Stabilization Unit, and most have regular openings. Once the new BH access center opens, it will be a fifth place.

This model does not follow [evidence-based solutions](#), such as certain pharmacotherapies or cognitive-behavioral therapies. The center does not address gaps in our system, such as the shortage of trauma therapy or Spanish language treatments. There are many programs in San Francisco that are working well with stellar outcomes, but they just don't have the space, the slots, the beds, the units to serve everyone. In fact, a large proportion of our Behavioral Health system is investing in front end emergency responses that leave people out on the streets creating a revolving door of temporary stays and crisis response. What folks need is the stability to receive care – that is where our funds should be invested.

Let's invest in the ongoing treatment and housing that is not just saving lives but giving San Franciscans an opportunity to thrive!

Thank you for your consideration,

Sincerely,

Jennifer Friedenbach
Executive Director

Subject: File No. 260028 (RESET Center) & Compliance with Admin Code Ch. 124
Date: Wednesday, February 4, 2026 11:25:31 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Clerk Jalipa,

Please share this with the Budget & Finance committee and add to the legislative file, regarding [File No. 260028](#).

I am writing as a resident of District 6. I want to state clearly up front: I **personally support** the Mayor and Sheriff's right to innovate. Testing new models like the RESET Center to address our street crisis is what our city needs, and I respect the "latitude to experiment" that this administration is seeking. I especially appreciate that this is one of DPH's first contracts that will build in performance metrics.

However, innovation cannot come at the expense of the law -- specifically, the "One City Shelter Act" ([Admin Code Chapter 124](#)) which this Board passed to address the inequitable oversaturation of services in SoMa.

Based on a review of the legislative file and the Administrative Code, [File No. 260028](#) appears to be legally unfinished because it lacks the mandatory Waiver Resolution required by Section 124.2.

I respectfully ask the Board to CONTINUE this item to allow the City Attorney to remedy this, based on the following from our city code:

1. The "Sobering Center" definition is explicit. There has been public suggestion that because this facility is "carceral" or "short-stay," it is not a covered facility under the code. However:

- Section 124.1 defines "Covered Facility" as any "Behavioral Health Residential Care and Treatment Facility."
- The text explicitly states: "Behavioral Health Residential Care and Treatment Facilities include, but are not limited to... sobering centers."
- For this reason, by explicitly writing "sobering centers" into the inclusion list of Section 124.1, the legislation legally classifies this facility as a Covered Facility, regardless of how short the stay is or whether the Sheriff provides security.

2. No "Carceral" exception exists. Section 124.3 provides specific exceptions for certain facility types (e.g., State-licensed facilities under 22 C.C.R.).

- There is no text in Section 124.3 that exempts a facility based on it being operated by law enforcement.
- If the facility provides behavioral health services and sobering beds (as detailed in the ConnectionsCA contract), it is subject to the equitable distribution rules.

3. The "Operative Date" has passed. The prohibition on approving new facilities in oversaturated neighborhoods became Operative on January 1, 2026.

- While the Civil Service Commission approved staffing in December, the "Final Commitment to Fund" (the definition of "Approval" in Sec 124.1) is the vote taking place tomorrow, February 4, 2026.
- Because this Approval is occurring after the Operative Date, and because the funding is General Fund (not a pre-existing State Grant), the project is fully subject to Chapter 124.

District 6 is objectively oversaturated with citywide services (28% of city beds vs. 11% of the city's unhoused). The remedy provided by the law is not to ban the facility, but to pass a Waiver Resolution (Sec 124.2(d)). This waiver requires the Board to publicly vote that the facility is "in the public interest" despite the oversaturation.

This Ordinance was landmark legislation for our neighborhood, and it is important that we respect the legal process even for well-intentioned facilities.

The current Resolution ([File No. 260028](#)) contains findings for Chapter 21B and CEQA, but is silent on Chapter 124.

Again, please work with the City Attorney to resolve these deficiencies before this goes to a vote. We owe it to the neighborhood to follow the "Fair Share" process we promised them, and we owe it to the project to ensure it stands on solid legal ground.

Thank you,
Shaun, SOMA Neighborhood
