<ul style="list-style-type: none"> The proposed resolution authorizes the seventh modification to OCA’s contract with MSC Industrial Supply Company Inc. for the purchase of industrial supplies. The resolution increases the contract amount by \$900,000 for a total not to exceed amount of \$15,177,623. There is no change to the contract term, which is from May 1, 2017 through June 30, 2023.

<ul style="list-style-type: none"> In November 2021, the Board of Supervisors approved the sixth modification to the contract between the Office of Contract Administration (OCA) and MSC Industrial Supply Company Inc. (MSC) for the purchase of industrial supplies for City departments, increasing the contract amount by \$4,377,623 for a total contract amount not to exceed \$14,277,623 and extending the term by one year and two months for a total term of May 1, 2017 through June 30, 2023 (File 21-1003). The contract allows for all City departments to purchase industrial supplies and provides discounts that range from five percent to 45 percent from catalog prices, depending on the product. OCA states that expenditures increased during FY 2021-22 because of inflation resulting in overall higher pricing of products. Ordering departments will notify OCA if the vendor does not meet delivery requirements or other required contract specifications. OCA states that they have not received any complaints from departments to date on the contract, and therefore, deems the vendor to be meeting its contractual obligations. The departments that have the highest expenditures are the Public Utilities Commission (39.6 percent, or approximately \$4.8 million) and the Airport (30.2 percent, or approximately \$3.6 million). OCA states that items mostly purchased under this contract include hand tools, hoses, tubes, plumbing equipment and supplies, valves, fleet services industrial supplies, custodial industrial supplies, and mechanical maintenance supplies.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

In November 2021, the Board of Supervisors approved the sixth modification to the contract between the Office of Contract Administration (OCA) and MSC Industrial Supply Company Inc. (MSC) for the purchase of industrial supplies for City departments, increasing the contract amount by \$4,377,623 for a total contract amount not to exceed \$14,277,623 and extending the term by one year and two months for a total term of May 1, 2017, through June 30, 2023 (File 21-1003). The original contract and subsequent amendments did not require Board of Supervisors approval because the term did not exceed 10 years and the total not to exceed amount was less than \$10 million.

Selection Process

OCA issued a request for proposals (RFP) in March 2017 for industrial supplies for a three-year contract period, with the possibility of extension for up to four years. The RFP requested bids for 19 industrial supplies, such as heating, ventilation and air conditioning (HVAC) equipment and supplies, specialized industrial cleaning equipment and supplies, and personal protective equipment, among other industrial supplies. OCA determined that MSC Industrial Supply Company Inc. provided the lowest cost bid and was awarded a \$4,000,000 contract with a three-year term from May 1, 2017 to April 30, 2020.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution authorizes the Office of Contract Administration (OCA) to enter into a seventh contract modification with MSC Industrial Supply Company Inc. for the purchase of industrial supplies for City departments. The resolution increases the contract amount by \$900,000 for a total not to exceed amount of \$15,177,623. There is no change to the contract term, which is from May 1, 2017 through June 30, 2023.

Under the contract, specific products provided include HVAC equipment and supplies, air filters, specialized industrial cleaning supplies, motors, power transmission, accessories and supplies, hand tools, power tools and accessories, safety and security supplies, personal protective equipment, electrical equipment and supplies, hardware and fasteners, pumps and plumbing supplies, welding and soldering supplies, outdoor garden equipment and supplies, paint, lubricants, sealants, accessories and supplies, metal working and machine cutting tools, equipment and supplies, and absorbents. The contract allows for all City departments to purchase industrial supplies. The contract provides discounts that range from five percent to 45 percent from catalog prices, depending on the product. According to OCA, expenditures increased during FY 2021-22 because of inflation resulting in overall higher pricing of products.

Performance Monitoring

While the contract does not include specific performance measures, it includes several contract terms and conditions to hold the vendor accountable for product availability, delivery timeframes, environmental specifications, the condition of products, and the inspection of products, as listed below.

- **Delivery Timeframe.** The vendor must deliver stocked non-priority, in-stock standard contract items within one to five working days after the purchase order is received; and in priority cases, the ordering department may request delivery within 24-hours once the purchase order is received. If the vendor is unable to meet the 24-hour delivery timeframe, the vendor is required to inform the ordering department when the ordered product(s) will be available for delivery.
- **Condition of Products.** Contract items offered and furnished must be new and previously unused and the latest model offered by the manufacturer, unless otherwise specified.
- **Inspection of Products.** All contract items will be subject to inspection by OCA or any ordering department.
- **Substitute Items.** If a contract item is discontinued or temporarily unavailable, it is the vendor's responsibility to find an acceptable equal substitute in time for the required delivery and at the contracted price.
- **Environmental Specifications.** Products must meet environmental specifications detailed in Chapter 2 and Chapter 5 of the City's Environment Code, such as maximizing purchasing of recycled products and avoiding products that contain polyvinyl chloride (PVC, vinyl).

According to OCA, ordering departments will notify OCA if the vendor does not meet delivery requirements or other required contract specifications. OCA staff stated that they have not received any complaints from departments to date on the contract, and therefore, deem the vendor to be meeting its contractual obligations.

Actual Spending

OCA reports spending \$12,032,378 of the total current contract amount of \$14,277,623, as displayed in Exhibit 1 below.

Notes: FY 2016-17 spending includes less than two months of spending. FY 2022-23 shows spending and purchase orders open as of August 31, 2022.

The departments that have the highest expenditures are the Public Utilities Commission (39.6 percent, or approximately \$4.8 million) and the Airport (30.2 percent, or approximately \$3.6 million). According to OCA staff, items mostly purchased under this contract include hand tools, hoses, tubes, plumbing equipment and supplies, valves, fleet services industrial supplies, custodial industrial supplies, and mechanical maintenance supplies.

FISCAL IMPACT

The proposed seventh amendment increases the not to exceed amount of the contract with MSC Industrial Supply Company Inc. by \$900,000 to a total of \$15,177,623. Although the current contract term ends on June 30, 2023, OCA projects that the \$14,277,623 contract amount will be fully spent by April 15, 2023. The requested \$900,000 increase is therefore intended to provide contract spending authority from April 15, 2023, to June 30, 2023, or approximately 2.5 months at \$281,878¹ in projected spending per month. Consequently, including a 15 percent contingency, we project total new spending will be \$810,398. Per OCA's practice,² the total not to exceed amount of the increase is rounded to \$900,000. Actual and projected expenditures are shown in Exhibit 2 below.

¹ OCA's projected expenditures is based on actual spend of \$281,878 per month from 7/1/21 to 8/31/22

² According to OCA, contract not to exceed amounts are rounded to reduce the chance for errors in amendment documents and all related approvals, as well as in required data entry within multiple systems (PeopleSoft, ServiceNow, etc.), ensuring OCA does not accidentally exceed the approved amounts.

Exhibit 2: Projected Spending

Current Not To Exceed	\$14,277,623
Projected Exhaustion of Existing Spending Authority	4/15/23
End Date of Contract	6/30/23
Months of Spending that Need to be Funded	2.5
Actual Expenditures per Month (7/1/21 – 8/31/22)	281,878
Projected Spending	704,694
Contingency (15%)	105,704
Projected Spending	810,398
Increase in Not-to-Exceed (Rounded)	\$900,000
Proposed Not to Exceed	\$15,177,623

Source: OCA

According to OCA staff, individual departments utilize the contract by issuing purchase orders based on their needs at any given time. The funding for these payments is appropriated in departmental operating budgets. The contract's not-to-exceed amount serves as a maximum, not the total that the City is obligated to spend.

The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall in any way affect the right of the party to enforce such provisions thereafter.

48. Contractor's Default. If Contractor fails to fulfill its obligations under this contract proposal, whether or not said obligations are specified in this section, Purchasing reserves the right to: (a) terminate this contract at no cost to the City; (b) take action in accordance with Sections 17 and 19, or (c) exercise any other legal or equitable remedy.

49. Bankruptcy. In the event that either party shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of rights of creditors, then at the option of the other party this contract shall terminate and be of no further force and effect, and any property or rights of such other party, tangible or intangible, shall forthwith be returned to it.

50. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights which City may have under applicable law.

51. Reports by Contractor

Every quarter the Contractor shall submit a soft copy report of the total items ordered, by month, under this contract during the preceding three (3) month period. A final cumulative yearend report will be required by January 15 of each year, for the previous year. The reports are due between fifteen (15) and thirty (30) days after that quarter has ended. The report must be in a format acceptable to City system and staff (See Attachment B, the acceptable format), must list by department or location, the following: (1) All information requested in Attachment B (2) all items awarded under this contract; and (3) total quantity and dollar value of each item ordered, including items for which there were no orders. In the report the Contractor must highlight the total of all items ordered by City which are not part of this Contract. responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Contract shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Contract referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Contract.

55. Severability. Should the application of any provision of this Contract to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Contract shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

56. Emergency - Priority 1 Service. In case of an emergency that affects any part of the San Francisco Bay Area, Contractor will give the City and County of San Francisco Priority 1 service. Contractor will make every good faith effort in attempting to deliver products using all modes of transportation available. Contractor shall provide a 24-hour emergency telephone number of a company representative who is able to receive and process orders for immediate delivery or will call in the event of an emergency. In addition, the Contractor shall charge fair and competitive prices for items and services ordered during an emergency and not covered under the awarded contract.

57. Not used

58. Term Bid – Quantities. This is a term, indefinite quantities contract. Unless otherwise specified herein, deliveries will be required in quantities and at times as ordered during the period of the contract. Estimated quantities are approximate only. City, in its sole discretion, may purchase any greater or lesser quantity. Purchasing may make minor purchases of items requested in City's advertisement for bids or contractor's bid from other vendors when Purchasing determines, in its sole discretion, that the City has an immediate need for such items or that it is not practical to purchase against this contract.

59. First Source Hiring Program

A. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

B. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or

GENERAL CONDITIONS

property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

(1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs may be certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

(2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

(3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

(4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be non-duplicative, and facilitate a coordinated flow of information and referrals.

(5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer

GENERAL CONDITIONS

good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

- (6) Set the term of the requirements.
- (7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.
- (8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.
- (9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

C. Hiring Decisions. Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

D. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

E. Liquidated Damages. Contractor agrees:

- (1) To be liable to the City for liquidated damages as provided in this section;
- (2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;
- (3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantify; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.
- (4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and

A W A R D
Industrial Supplies

GENERAL CONDITIONS

that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

(5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

a. The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and

b. In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year; therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

(6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

F. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

60. Consideration of Criminal History in Hiring and Employment Decisions

A. Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12T "City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code (Chapter 12T), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. A partial listing of some of Contractor's obligations under Chapter 12T is set forth in this Section. Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section.

C. Contractor shall incorporate by reference in all subcontracts the provisions of Chapter 12T, and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

D. Contractor or Subcontractor shall not inquire about, require disclosure of, or if such information is received base an Adverse Action on an applicant's or potential applicant for employment, or employee's: (1) Arrest not leading to a Conviction, unless the Arrest is undergoing an active pending criminal investigation or trial that has not yet been resolved; (2) participation in or completion of a diversion or a deferral of judgment program; (3) a Conviction that has been judicially dismissed, expunged, voided, invalidated, or otherwise rendered inoperative; (4) a Conviction or any other adjudication in the juvenile justice system; (5) a Conviction that is more than seven years old, from the date of sentencing; or (6) information pertaining to an offense other than a felony or misdemeanor, such as an infraction.

E. Contractor or Subcontractor shall not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any conviction history, unresolved arrest, or any matter identified in subsection 60(d), above. Contractor or Subcontractor shall not require such disclosure or make such inquiry until either after the first live interview with the person, or after a conditional offer of employment.

F. Contractor or Subcontractor shall state in all solicitations or advertisements for employees that are reasonably likely to reach persons who are reasonably likely to seek employment to be performed under this Agreement, that the Contractor or Subcontractor will consider for employment qualified applicants with criminal histories in a manner consistent with the requirements of Chapter 12T.

G. Contractor and Subcontractors shall post the notice prepared by the Office of Labor Standards Enforcement (OLSE), available on OLSE's website, in a conspicuous place at every workplace, job site, or other location under the Contractor or Subcontractor's control at which work is being done or will be done in furtherance of the performance of this Agreement. The notice shall be posted in English, Spanish, Chinese, and any language spoken by at least 5% of the employees at the workplace, job site, or other location at which it is posted.

H. employee, applicant or other person as to whom a violation occurred or continued, termination or suspension in whole or in part of this Agreement.

61. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or a board on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126.

62. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this contract. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this contract, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

63. Preservative-Treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. immersion” shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

66. Sugar-Sweetened Beverage Prohibition. Contractor agrees that it will not sell, provide, or otherwise distribute Sugar-Sweetened Beverages, as defined by San Francisco Administrative Code Chapter 101, as part of its performance of this Agreement.

- A. The three (3) possible bid preferences will be evaluated by multiplying the percent of the preference by the bid discount offered and then adding that number to the percent discount offered. Example: A discount offer of 20%, when evaluated with a .0125% tax preference, would evaluate at $.20\% \times 1.0125$ for a total evaluation percent off of .2025%. The LBE preference of 10% would be $.20\% \times 1.10$ and would evaluate at .22%. The cash discount percent would be done the same way as the examples, using the discount offered up to the 2% allowed.
- B. Bidders are requested to also fill in the additional Category Pricing sheets, see format that is attached to this Addendum 2. Bidders are to list the top forty (40) to fifty (50) potential purchases within each Category Pricing sheet (a total of 19 categories). The City will review the product prices listed by the Bidders on the Category Pricing sheets, and may create a market basket of like products for evaluation proposes.

FROM: Sailaja Kurella, Director of Office of Contract Administration (OCA) and Purchaser SK
SUBJECT: **Resolution to approve amendment to Contract 1000001663—Industrial Supplies with MSC**

Enclosed is the resolution authorizing an amendment to Contract 1000001663 (OCA Term Contract 74103) with MSC Industrial Supply Company Inc. (MSC) increasing the contract amount by \$900,000 for a total not-to-exceed (NTE) amount of \$15,177,623.

OCA conducted a solicitation for a Citywide as-needed “term” contract for the purchase of industrial supplies term in 2017, and MSC was awarded the agreement, with an initial contract NTE amount of \$4 million and duration of three years, from May 1, 2017 to April 30, 2020. Due to heavy utilization by City departments, the contract was subsequently amended six times. The current contract is at \$14,277,623, ending on June 30, 2023.

The MSC contract offers a wide variety of industrial supplies at significant cost savings to City departments by providing catalogue discounts off the company’s extensive inventory. Discounts range from 15% to 45% off the offered manufacturers/brands and product types.

OCA conducted a usage analysis to determine the proposed NTE amount of \$15,177,623. The annual spend on this contract is approximately \$2.3 million, with expenditures increasing substantially during the COVID emergency. Expenditures have remained high during Fiscal Year ‘22 and Fiscal Year ‘23. Due to recent heavy usage, the contract is expected to be depleted within the next six months.

This contract is critical for satisfying City departments’ needs for essential industrial goods. Approval of this resolution will allow City departments to continue procuring these goods in a streamlined and cost-efficient manner.
