GLEN CANYON PARK
ADA SCOPING PLAN
Draft January 18, 2012

The following is a summary of the ADA accessibility improvements that will be implemented in phases by the Recreation and Parks Department (RPD) at Glen Canyon Park as part of future renovations the trail system, active recreation areas, the Recreation Center and Silver Tree Clubhouse.

The intent is to improve ADA accessibility at Glen Canyon Park and provide access to as many areas of the park as possible. ADA barriers will be removed from the Recreation Center, connections to active recreation will be provided and an accessible recreation trail route, as much as feasible, will increase access for people with varying levels of ability to the natural environment.

Implementation of Phase 1 of the Glen Canyon Park Improvement Plan and Trails Restoration are funded by the 2008 Clean and Safe Neighborhood Parks Bond. Funding for future phases of park improvements has yet to be secured but it is anticipated that a future bond will provide the necessary funds.

Community outreach for both the park improvements and trail restoration was conducted by RPD from 2010 thru 2011. The conceptual trails plan was approved by the Recreation and Park Commission in August 2011 and the overall park improvement plan was approved in September 2012. Construction for both Phase 1 park improvements and trail restoration and will begin in 2012.

Two accessible park entrances are proposed. One ADA parking space will be located at the end of Bosworth on the west side of the park to provide access to the trail head, and a white loading zone along Elk Street on the east side of the park to provide access to the Recreation Center and active recreational features at the southern end of the park including the ball fields, playground, tennis courts and picnic areas.

Trail improvements include trail stabilization, erosion control measures and habitat restoration. Opportunities for ADA accessibility are limited because many areas of Glen Canyon are too steep, have highly erosive soils and contain sensitive habitats that need protection, and are not suited for accessibility without damaging the natural resources. There are some opportunities to provide an accessible route with modifications to portions of existing trails that are fairly level and wide.

Alms Road is partially paved and will serve as an ADA accessible recreational trail until the future phase of the Glen Canyon Park improvement plan can be implemented. Future phases of improvements may include upgrades to the Silver Tree Clubhouse and provide an ADA accessible route to and from the Recreation Center and active recreation areas in the southern portion of the site.

The following is a brief summary of the proposed ADA improvements to be provided in each phase:
(See attached Scoping Plan for locations)

TRAILS:

(To begin construction in 2012)

- ADA accessible parking stall and ADA signage at the end of Bosworth at trail head
- Accessible recreational trail along the west side of the creek from Bosworth to Silver Tree Clubhouse and Alms Road connection
- Trail to meet US Access Board accessibility guidelines for trails
- Trail surface will be compacted native soil except in several areas where a rock drain lens will be installed to insure a firm and stable trail surface
- Grades will be modified as necessary to provide meet requirements for running slope and cross slope
- Trail will be modified to provide minimum clear width, edge protection, and removal of obstacles as necessary
- Small retaining walls will be provided to widen and stabilize pathway as necessary
- Fencing and rails will be provided in areas with steep drop offs
- Brush and tree limbs will be removed to provide adequate horizontal and vertical clearances
- Trail entry signage including map that diagrams accessibility and level of challenges of trail segments
- Trail surface leading to existing boardwalk will be modified to meet ADA standards

GLEN CANYON PARK IMPROVEMENT PLAN (PIP) – Phase 1:

(To begin construction in 2012)

- White Zone / ADA Drop-off at Elk Street meeting required grades and level loading aisle
- Paved ADA accessible route linking Recreation Center, playground, tennis courts, ball fields and picnic tables
- ADA accessible picnic tables and benches with companion seating will be provided
- Playground to provide transfer stations and to meet or exceed required number of ADA accessible play elements
- Restroom renovations to upgrade facilities to meet current ADA standards
- Gates and latches will meet ADA standards

GLEN CANYON PARK IMPROVEMENT PLAN (PIP) – Future Phase (TBD):

- ADA accessible route between the Recreation center and active recreation in the southern portion of the park to Silver Tree
- ADA accessible pathway would be a minimum of 5'-0" wide
- Potential paving materials might be stabilized decomposed granite, NaturePave (a resin based paving product), asphalt, concrete, or boardwalk in some areas.
- ADA accessible path from the drop-off area in front of Silver Tree to the building
- Upgrades to the Silver Tree building to meet current ADA standards

Re: Glen Canyon Creekside Loop Trail Improvements \$ 163,587

Dear Toni Moran:

The Office of Grants and Local Services (OGALS) has completed the application review process for the Habitat Conservation Fund (HCF) Program. We are pleased to inform you that the project identified above has been selected for funding. Congratulations! Following is important information and requirements for grantees.

As an HCF grant recipient, you or another representative from your agency must attend an HCF Grant Administration workshop to learn more about the HCF contract and grant administration process. Workshop attendance is mandatory prior to receiving a grant contract. More information about these workshops will be forthcoming. OGALS will initiate a contract and send it to you for your signature after mandatory workshop attendance has occurred.

Each HCF Program grantee which has been awarded funds to purchase property is required to obtain an appraisal of the real property before the initiation of negotiations. Prior to grant payment, grantees must provide an appraisal supporting the purchase price and a written concurrence from an independent third party appraiser. The appraiser conducting the appraisal review should have Certified General – AG rating.

Additionally, each HCF Program grantee awarded funds for acquisition, enhancement, restoration, or development projects must record a Deed Restriction on the project property (if owned by the grantee). The Deed Restriction ensures that the property is used for a purpose consistent with the grant scope for the length of the contract performance period. The Deed Restriction is required after the acquisition is complete (for acquisition projects) or prior to paying for enhancement, restoration, or development costs (for enhancement, restoration, or development projects).

In the meantime, if you have any questions about your project or the HCF Program, please contact your project officer, Albert Ventura, by phone at (916) 651-8579, or by email at avent@parks.ca.gov. Additional grant program information is available on OGALS website at <http://www.parks.ca.gov/grants> and by using the links to "Annual Programs" and "Habitat Conservation Fund Program."

7. If the GRANT SCOPE includes ACQUISITION of real property, the grantee agrees to comply at all times with all applicable STATE and local laws or ordinances affecting relocation and real property ACQUISITION.
8. Grantee agrees that lands acquired with grant monies shall not be acquired through the use of eminent domain.

C. Project Costs

1. Grantee agrees to abide by the GUIDES.
2. Grantee acknowledges that the STATE may make reasonable changes to its procedures as set forth in the GUIDES. If the STATE makes any changes to its procedures and guidelines, the STATE agrees to notify grantee within a reasonable time.

D. Project Administration

1. If the STATE advances grant monies for ACQUISITION projects, the STATE shall place the grant monies in an escrow account. If grant monies are advanced and not expended, the unused portion of the advanced funds shall be returned to the STATE within 60 days after the close of escrow.
2. If grant monies are advanced for an ENHANCEMENT, RESTORATION, DEVELOPMENT, or WILDLIFE AREA ACTIVITIES project, the advanced funds shall be placed in an interest-bearing account until expended. E. Project Termination

1. In the event of non-completion of a GRANT SCOPE, the STATE may request the return of any grant funds advanced or reimbursed.
2. This agreement may be rescinded, modified or amended only by mutual written agreement between the grantee and the STATE, unless the provisions of this agreement provide that mutual agreement is not required for a rescission, modification or amendment.
3. Failure by the grantee to comply with the terms of this agreement, as well as any other agreements that grantee has entered into with STATE, may be cause for suspension of all obligations of the STATE under this agreement unless the STATE determines that such failure was due to no fault of the grantee. In such case, STATE may reimburse grantee for eligible costs properly incurred in performance of this agreement despite non-performance of the grantee. To qualify for such reimbursement, grantee agrees to mitigate its losses to the best of its ability.
4. The grantee agrees that in the event of a breach of this agreement, the STATE may seek, in addition to all remedies provide by law, specific performance of the agreement in accordance with the purpose of the agreement to preserve, protect and increase the quantity and quality of habitat opportunities and/or resources available to the people of the State of California.

For purposes of this program, if funding for any fiscal year is reduced or deleted by the budget act, executive order, the legislature, or by any other provision of statute, the STATE shall have the option to either cancel this agreement with no liability occurring to the STATE, or offer an amendment to the agreement to reflect a reduced grant amount. This paragraph shall not require the mutual agreement as addressed in Paragraph E, subsection 2, of this agreement.

G. Indemnity

1. The grantee shall waive all claims and recourse against the STATE including the right to contribution for loss or damage to persons or property or property arising from, growing out of or in any way connected with or incident to this agreement, except valid legal claims arising from the concurrent or sole negligence of the STATE, its officers, agents, and employees.
2. To the fullest extent of the law, the grantee shall indemnify, hold harmless and defend the STATE, its officers, agents and employees against any and all claims, demands, damages, costs, expenses or liability costs arising out of an ACQUISITION, ENHANCEMENT, RESTORATION, DEVELOPMENT, or WILDLIFE AREA ACTIVITIES project, construction, operation or maintenance of the property described as the project which claims, demands or causes of action arise under California Government Code Section 895.2 or otherwise except for liability arising out of the concurrent or sole negligence of the STATE, its officers, agents, or employees.
3. The grantee agrees that in the event the STATE is named as codefendant under the provisions of California Government Code Section 895 et. seq., the grantee shall notify the STATE of such fact and shall represent the STATE in the legal action unless the STATE undertakes to represent itself as codefendant in such legal action in which event the STATE shall bear its own litigation costs, expenses, and attorney's fees.
4. The grantee and the STATE agree that in the event of judgment entered against the STATE and the grantee because of the concurrent negligence of the STATE and the grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction.
5. The grantee shall indemnify, hold harmless and defend the STATE, its officers, agents and employees against any and all claims, demands, costs, expenses or liability costs arising out of legal actions pursuant to items to which the grantee has certified. The grantee acknowledges that it is solely responsible for compliance with items to which it has certified.

The grantee also agrees to retain such financial accounts, documents and records for at least five years following project termination or final payment, whichever is later.

3. The grantee agrees that the STATE shall have the right to inspect and make copies of any books, records or reports pertaining to this agreement or matters related thereto during regular office hours. The grantee shall maintain and make available for inspection by the STATE accurate records of all of its costs, disbursements and receipts with respect to its activities under this agreement. Such accounts, documents, and records shall be retained by the GRANTEE for at least 5 years following final payment of grant monies.
4. The grantee shall use a generally accepted accounting system.

I. Use of Facilities

1. The grantee agrees to operate and maintain project sites and/or locations for the duration of the CONTRACT PERFORMANCE PERIOD. If any property is acquired, enhanced, restored, or developed with grant monies, the grantee is required to operate and maintain the same for the duration of the CONTRACT PERFORMANCE PERIOD.
2. The grantee agrees that during the GRANT PERFORMANCE PERIOD, any income earned by the grantee from a STATE-approved use of the project shall be used for project purposes, or, if approved by the STATE, for other purposes within the grantee's jurisdiction.
3. The grantee acknowledges that reasonable public access shall be provided except when that access may interfere with habitat protection.

4. All facilities shall have operating hours consistent with the times proposed in the APPLICATION and be open to members of the public in accordance with the project selection criteria in the APPLICATION, unless otherwise granted permission by the STATE and except as noted under the special provisions of this agreement or under provisions of the enabling legislation and/or grant program.
5. 7. The property acquired, enhanced, restored, or developed with grant monies may be transferred to another eligible entity only if the successor entity assumes the obligations imposed under this agreement and with written approval of the STATE.
8. Any real property (including any portion of it or any interest in it) may not be used as security for any debt or mitigation, without the written approval of the STATE, provided that such approval shall not be unreasonably withheld as long as the purposes for which the grant monies were awarded are maintained. Any such permission that is granted does not make the STATE a guarantor or a surety for any debt or mitigation, nor does it waive the STATE's rights to enforce performance under this agreement.
9. All real property or rights thereto, acquired with grant monies shall be subject to an appropriate form of restrictive title, rights, or covenants required and approved by the STATE. If the project property is taken by use of eminent domain, grantee shall reimburse the STATE an amount at least equal to the amount of grant monies received from the STATE or the pro-rated full market value of the real property, including improvements, at the time of sale, whichever is higher.
10. If eminent domain proceedings are initiated against grantee, grantee shall notify the STATE within 10 days of receiving the complaint.

If any provision of this agreement or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of the agreement which can be given effect without the invalid provision or application, and to this end the provisions of this contract are severable.

L. Liability

STATE assumes no responsibility for assuring the safety of construction, site improvements or programs related to the GRANT SCOPE. The STATE's rights under this agreement to review, inspect, and approve the GRANT SCOPE and any final plans of implementation shall not give rise to any warranty or representation that the GRANT SCOPE and any plans or improvements are free from hazards or defects.

M. Assignability

Without the written consent of the STATE, the grantee's interest in and responsibilities under this agreement shall not be assignable by the grantee either in whole or in part.

N. Section Headings

The headings and captions of the various sections of this agreement have been inserted only for the purpose of convenience and are not a part of this agreement and shall not be deemed in any manner to modify, explain, or restrict any of the provisions of this agreement.
