Subject:

Progress on increasing the number of beds in our mental health system of care

The text is listed:

San Francisco has a goal of increasing beds for people suffering from mental illness and substance abuse disorder by 408 based on a report by Dr. Niguesse Bland detailing the need for additional treatment spots in San Francisco's Behavioral Health System of Care.

How many of the additional 408 beds have been secured by DPH since the report was published? How many additional beds are in the pipeline to be secured? What impediments, if any, are there to obtaining the addition of the 408 beds? How will DPH ensure that the system maintains the number of beds needed by San Franciscans in the long term?

Requesting that this hearing be send to the Budget & Appropriations Committee.
