Findings and Recommendations

For FY 2020-2021, the Castro CBD met 4 out of the 4 benchmarks as defined on page 4 of this memo as set by the California Street and Highways Code Section 36650-36651; and the Agreement for the Administration of the Castro Community Benefit District.

The Castro CBD’s portfolio, based on assessment funding, is strongly focused on cleanliness. In FY 21-22 73% of their assessment dollars went to providing cleaning services within their service area. Currently, the Castro CBD is not part of the Connected Worker App, also known as Integrated 311. Based on the size and scope of the CBD’s cleaning program it may make sense for them to engage in conversations about joining this pilot. It would ultimately be the decision of the organization’s Board of Directors whether or not to participate.

The Castro CBD is also responsible for implementing various programs apart from special assessment funding, including Castro Cares and addressing storefront vacancies within its service zone. Castro Cares deploys community ambassadors seven days a week to provide outreach and referral to the most vulnerable. It also helps merchants resolve street level challenges, provides hospitality and wayfinding services, and helps deter negative street behavior. This includes providing Narcan to individuals experiencing an overdose, in the second half of FY21-22 Castro Cares ambassadors administered the medication seven times.

OEWD received no reports that the CBD violated the Brown Act or California Public Records Act. The CBD does not employ surveillance technology and is in compliance with OEWD’s memo regarding surveillance technology and CBDs.

Conclusion

The Castro/Upper Market CBD met all benchmarks in this reporting period. The Castro CBD continues to partner with the City and County of San Francisco to implement numerous grants, including the Castro Cares Grant and Jane Warner Plaza Grant. The Castro CBD has an active board of directors and committee members; and OEWD believes the Castro CBD will continue to successfully carryout their mission and service plans.
