[Various Codes - Environmental Health Permit, Fee, and Penalties Revisions]

Ordinance amending the Business and Tax Regulations Code, Health Code, Administrative Code, and Public Works Code to: 1) eliminate Department of Public Health permit requirement for veterinary hospitals and laundry facilities; 2) eliminate the food facility surcharge and certain fees for agricultural inspections; 3) establish fees for regulatory compliance activities for solid waste facilities, refuse service for commercial and residential properties, and licensing of refuse collectors; 4) establish regulatory fee for food safety classes and food safety examinations; 5) increase existing regulatory fees for agricultural inspections, and hazardous waste management; 6) increase penalties for violations of tobacco sales ordinances by tobacco retailers; and 7) decrease fees for certified farmers' market permits.

Existing Law

Amendments to Current Law

The proposed ordinance would change local licensing/permitting requirements administered by DPH by:

- eliminating permit requirements for veterinary hospitals and laundry facilities;
- eliminating the food facilities surcharge and salad product inspection and imported vegetable fee;
- establishing new fees for licensing and permitting of refuse collectors and solid waste facilities,
- establishing new fees for DPH-provided food safety classes and food safety examinations for food facilities;
- increasing existing local fees for inspection and certificate of agricultural products prior to shipment, and hazardous waste management;
- increasing penalties for non-compliance with local tobacco sales ordinances; and
- decreasing fees for certified farmers' market permits
