Applicant Comments
No utilities will be charged to the tenants. Homekey restricts units to the Target Population and Greatest Need, not a specific AMI per the definition of Target Population in the NOFA. However the application spreadsheet requires an
AMI to make the rest of the spreadsheet work so we chose 30% AMI. We do not expect to restrict the AMI to anything other than "greatest need."

"Article VII(xiv) "Enforceable Funding Commitment" means a letter or other document, in form and substance satisfactory to the Department, which evidences an enforceable commitment of funds or a reservation of funds by a Project funding source, and which contains the following: a. The name of the Applicant, b. The Project name; c. The Project site address, assessor's parcel number, or legal description; and d. The amount, interest rate (if any), and terms of the funding source. The Enforceable Funding Commitment may be conditioned on certain standard underwriting criteria, such as appraisals, but may not be generally conditional. Examples of unacceptable general conditions include phrases such as "subject to The Endoceable Funding Continument may be conducted on certain standard underwining chiefla, such as application, but may not be generally conductional to the certain standard underwining chiefla, such as application, but may not be generally conductional to the certain standard underwining chiefla, such as application, but may not be generally conduction or indicates that financing is subject to loan committee approval of the Project. Contingencies in commitment documents based upon the receipt of tax-exempt bonds or low-income housing tax credits will not disqualify a source from being counted as committed. Note: Where local sources may be dependent upon future budget allocations or are in the process of being allocated, Applicants can demonstrate funding commitments by submitting one of the following: i. An executed authorizing resolution from the governing body of the Local Public Entity describing the intent to commit the Hords to the Eligible Project (by name) upon allocation approval. ii. A formal letter, on official letterhead, from the Local Public Entity's governing body or from an official with authority, that demonstrates the Local Public Entity's intent to commit funds to the Eligible Project (by name) upon allocation approval. These funding commitments will be noted in the Homekey Standard Agreement.

Applicant comments: Include a description of balloon payments and unusual or extraordinary circumstances that have resulted in higher than expected Project costs and provide a justification as to why these costs are reasonable.

\$300(iii) Supportive Services Plan (SSP) Rev Part I. Tenant Selection	v 4/23/2023
\$502 asks for a detailed description of the Tenant Selection process. Using the titled sections below, the narrative should be as specific as possible, delineating the roles of property managem the support service provider and how these functions will be coordinated. Your description should clearly and conclusively document processes to ensure compliance with the Homekey Round	
for Tenant Selection and Housing First Practices. Section 1: Tenant Selection Criteria	
Target Population and Eligibility Criteria a. Do you use Housing First Practices?	Yes
b. Describe the criteria that will be used to ensure that tenants are eligible to occupy the Homekey Assisted Units.	Tes
All tenants will be referrred to the property through the City of San Francisco's Coordinated Entry System, designated to serve homeless adults, TAY, and families referred through the ONE Sy established by the Department of Homelessness and Supportive Housing. All referrals for vacancies come from the Coordinated Entry Youth Access Points. Households referred to permaner vacancies through CE have been prioritized via an assessment administered by the City's Access Points. Youth and homeless adults who are prioritized for housing in the CE are currently exphomelessness. Factors that affect prioritization for housing in the CE are vulnerability, chronicity of homelessness, and barriers to housing.	nt housing
c. Description of the Target Population to be served, and identification of any additional subpopulation target or occupancy preference for the Project. (all sub-population targeting must be appr HCD prior to standard agreement issuance and must be consistent with federal and state fair housing requirements).	roved by
All 23 units will serve homeless Transition Age Youth (TAY) as defined by Part 578.3 of Title 42 of the United States Code.	
d. Describe any additional eligibility criteria other than those indicated above, i.e., information needed to determine if the tenant can comply with lease terms. NOTE: Selection criteria designed assess anything other than the ability to comply with lease terms generally run afoul of fair housing laws designed to protect equal access to housing for people with disabilities. See Between the A Question and Answer Guide on Legal Issues in Supportive Housing Chapter 4.	
All placements will be made using the core components of Housing First, as set forth in the Welfare and Institutions Code Section 8255. Applicants will be referred based on eligibility based on occupancy standards and income. Applicants will be income certified during the application process to ensure program eligibility. There are no minimum income requirements. All income and a be verified in writing from the source on appropriate verification forms, including the use of MEDS, CALWIN and/or CHANGES for verification. Applicant must have the ability to maintain the hunit in accordance with local health standards. No distinction will be drawn between a person who keeps their own unit and one who does so with the assistance of an attendant. Homeless stat verified in writing. All applicants may request a reasonable accommodation as part of the referral and application process.	assets will housing
e. Identify all disclosures that will be provided to applicants/tenants. Example: Megan's Law disclosures, HMIS reporting, etc.	
The leasing package includes a full set of disclosures as required by law. This includes, but is not limited to, disclosures and policies such as bed bug disclosures, grievance policy, reaonable accommodation policy, smoke detector notice, guest policy, pet policy, community rules, safe housing addendum, and Covid-19 addendum.	
Section 2: Referrals	
The following addresses the required use of the Coordinated Entry System (CES) for all referrals into Homekey Assisted Units or an alternate comparable prioritization system for those At Ris Homelessness based on greatest need. Note that use of standard waiting lists is prohibited, in that both of these systems must prioritize referrals based on highest acuity needs, rather than fir first served.	
a. Describe how the local CES will be used to fill Homekey Assisted Units based on the use of a standardized assessment tool which prioritizes those with the highest need and the most barrier housing retention. Include the CES agency's name, primary staff person's name, and contact information. If the local CES is not yet operational, describe when it'll be established and the plan	
The City of San Francisco's Coordinated Entry is the foundation of the Homelessness Response System (HRS) and is designed to assess, prioritize and match people experiencing homeless; housing opportunities. Coordinated Entry organizes the Homelessness Response System with a common population-specific assessment, a centralized data system, a "by name" database of and a prioritization method. Coordinated Entry Access Points are the community gateways into San Francisco's Homelessness Response System and serve: Adults, Families and Transitional Youth. CE Access Points are located throughout the City and are operated by local non-profit service providers. At these community Access Points, eligible adults, youth and families experienchomelessness are provided with Problem Solving opportunities, shelter, housing opportunities, and other services in San Francisco. The city operates separate Access Points for adults, familie youth, which are designed to facilitate access to the HRS for each population. All Access Points provide the same assessment approach, including standardized decision-making based on the needs of the individuals and families they are designed to serve. The Department of Homelessness and Supportive Housing adopted CES Standards on February 1, 2021 and this, along with information, are attached to this application for reference.	f clients I Age Icing ies, and e unique
b. If using a separate comparable prioritization system than CES to refer persons At Risk of Homelessness describe that system. All referral protocols for Homekey Assisted Units must be de in collaboration with the local CoC and implemented consistent with the requirements set forth in the Homekey NOFA.	veloped

		ortive Services	Plan (SSP)		Rev 4/23/2023
Substance use services	HSH and the DPH will coordinate referrals to substance use services through onsite case management. On site services include the PHACS, a multidisciplinary team of medical and clinical professionals who provide support, care, and referrals to tenants. Support will include addiction treatment, including medication assised treatment, and center harm reduction practices. HSH is also continuing to partner with DPH and the National Harm Reduction Coalition's Drug Overdose Prevention and Education program to create and tailor education services and resources to the community working with people experiencing homelessness. HSH requires all PSH programs to adopt an overdose prevention policy for residents and train staff in harm reduction and overdose recognition and response.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Behavioral health services	On site services include the PHACS, a team of medical and clinical professionals who provide support, care, and referrals to tenants. Supprt includes therapy, couseling and medication support. In addition, HSH and the DPH will coordinate referrals to Behavioral Health services through onsite case management. Mobile crisis support will also be available. Finally, staff will provide support groups and workshops centering the needs defined by the tenants.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Physical health services	The PHACS team is a multidisciplinary team including nursing, nurse practitioners and health workers that provide various types of non-urgent medical care on site, provide care coordination and Enhanced Care Management (ECM) services. In addition, HSH funded case management services include assisting tenants with health insurance, making appropriate connections and referrals to providers and medical appointments, and coordination with clinics and hospitals.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Assistance obtaining benefits and essential documentation	Onsite case managers assist with obtaining public benefits and HSH facilitates identity and income documentation for all tenants at the point of housing referral/ move-in.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Education and employment services	On-site case management services will assess clients' skills and goals at intake and encourage all clients to participate in educational and employment services. The goals of these services are to increase education levels, skill levels, and find employment all geared towards increasing the client's income. Support Services will provide referral services and coordination of workshops and trainings as needed by clients.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Other services, such as housing retention skills, legal assistance, family connection services, etc.	HSH funds on-site case management. On-site Support Services will provide referral services to legal assistance in the community, as needed by the clients. Support Services staff will also connect each client with resources needed to be food secure as they live independently, and referrals to skill building classes and groups in the community.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Housing Stability Services	Case Management will outreach to and offer services and/or referrals to all residents who display indications of housing instability. Housing instability indicators include but are not limited to, discontinuance from benefits, rules violations or warnings from Property Management, and conflicts with staff or other residents. Residents will be assisted with communicating, responding to, and meeting with Property Management. They will also collaborate with property management to identify clients who have not been seen or have shown signs of concern to staff on at least a weekly basis. Outreach efforts shall be used to make contact with and check in with these residents.	Depends on needs of tenants	8 hours a day; 5 days a week	Five Keys	
Community Building	Using the large open community and shared space the building offers, community building opportunites like weekly coffee and pastries, holiday events, peer-led groups and other programs to provide socialization and stability will be held frequently.	Monthly	1-2 hours	Five Keys	
Section 3: Supportive Se	ervices Coordination				

1. Describe the accessibility of community services to which you propose linkages, whether they are on-site or in close proximity to the Project, and the frequency, travel time and cost to the tenant for transportation required to access the services to include both public transportation and private transportation services (e.g. van owned by the provider). If available, provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished.

In order to provide wrap around services, the onsite supportive services team partners with many community providers including In-Home Supportive Services (IHSS), San Francisco Department of Public Health (DPH), intensive case management programs, medical and psychiatric providers, police, paramedics, EMS6, crisis response, hospital and jails, money management providers, San Francisco Human Services Agency public benefits division, Social Security Administration, Meals on Wheels, and the Conservators Office. Whenever possible, these services are delivered on site at no cost to the tenants. Additionally, the building is located within walking distance to major public transit options (BART Train and MUNI bus lines). The operating or services budgets can be revised to include funding for transportation needed to access services, depending on needs presented.

§300(iii) Supportive Services Plan (SSP)

Rev 4/23/2023

2. Describe how the supportive services will be provided in a manner that is culturally and linguistically competent for persons of different races, ethnicities, sexual orientations, gender identities, and gender expressions. This includes explaining how services will be provided to Homekey tenants who do not speak English, or have other communication barriers, including sensory disabilities, and how communication among the services providers, the property manager and these tenants will be facilitated. Additionally, describe how services will accommodate trauma-based, barriers to services. If available, provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished.

HSH recognizes that the life-threatening challenges facing youth experiencing homelessness in San Francisco are largely the byproducts of systemic inequality rooted in white supremacy, homophobia, capitalism, and anti-trans bias. Therefore, any solution—whether with an individual or system wide—must be rooted in equity. The Service Provider's approach to equity will be based on radical acceptance and a nonjudgmental approach to the provision of services. Service staff will actively reach out to those who may feel excluded or overlooked, or who may be reluctant to seek help on their own, and will make essential services and supplies more equally accessible to all. The Service Provider will strive to meet young people experiencing homelessness where they are at, and will take into account the cultural sensitivities, intersectional identities, and different lived experiences of each individual. The Service Provider will facilitate ongoing Property Management training focusing on equity, trauma, anti-bias, and harm reduction specifically for TAY experiencing homelessness. Reasonable steps will be taken to ensure that persons with Limited English Proficiency (LEP) have meaningful access and an equal opportunity to participate in services, activities, programs and other benefits. Property Management will ensure meaningful communication with LEP applicants and residents and their authorized representatives. Interpreters, translators and other aids needed to comply with this shall be provided free of charge to the person being served, and residents and their families will be informed of the availability of such assistance. Language assistance will be provided through use of a contracted telephonic interpretation service, competent bilingual staff, staff interpreters, or formal arrangements with local organizations providing interpretation or translation services or technology. For persons with disabilities, the Services provider will work to provide necessary accommodations while connecting the individual with

3. Describe how you will engage with tenant and/or participant to encourage voluntary participation in services as well as in community building, such as resident councils or similar forums. Included a description of tenant/participant outreach, engagement and retention strategies to be used.

All support services are voluntary, and are tailored to meet the needs of the target population. A tenant-centered services approach begins with the hiring process, to ensure that services staff reflect the target population and include staff with lived experience. Support services meet tenants where they are at and use a variety of engagement strategies from a trauma-informed, harm reduction, cultural humility and equity lens to build trust. Services engage with the tenant from the moment they are referred, offering a welcome basket and support as the tenant transitions into their new home. Weekly and monthly groups, events and celebrations are planned based on the needs and priorities of the community. Support services conducts surveys, focus groups and other forums for tenants to provide feedback and tailors services accordingly. Tenant feedback results in observable, meaningful change. Many HSH funded PSH programs develop resident advisory councils, offering a structured forum for tenants to provide input, shape decisions that impact their community, and promote both individual empowerment and civic engagement.

Part III. Staffing

Section 1a: Staffing Description

Describe the overall staffing pattern, including the roles and responsibilities for each position listed in the Staffing Chart below. List the target populations served through each position.

The Support Services staff consists of 2 FTE Case Managers and 0.5 FTE supervisory Program Manager. The Case Manager responsibilities include: completing a comprehensive intake and assessment of tenants at the time of move-in; providing referrals as needed; conducting outreach to tenants, coordinating with external resources and providers to support tenants; referrals and coordination with behavioral health, substance use, health and other services; coordinating with Property Management to ensure housing stability of all tenants using housing first, harm reduction, and trauma informed approaches; and organizing groups and communuity events for the tenants. The Program Manager directly provides case management as well as supervises the Case Managers to provide high level of service to tenants and provides guidance, training and oversight. The Supervisor also submits required reports, provides coverage, as needed, and responds to requests from HSH and stakeholders.

Section 1b: Staffing Chart

List all staff positions that will provide services to the tenants of the Homekey Assisted Units. Include any staff positions of partnering organizations who have committed time to the Project. Include the services coordination staff. For each position, list the position title, minimum requirements, the full-time equivalent (FTE), the organization under which the position resides, and the location of the position (on-site or off-site). Do not include staff which serve non-Homekey Units and supervisors, peer support positions, or HMIS Administration positions. If a staff position serves both tenants in Homekey and non-Homekey units, include only that portion (i.e., % FTE) of the staff position dedicated to Homekey Assisted Units. Attach a copy of each positions duty statement, if these documents are available.

IOTE: Indicate which staff position will be responsible for Homeless Management Information System data entry and CoC coordination.											
Title	Minimum requirements	Total FTE: 2.5	Employing Organization	Location

§300(iii) Supportive Services Plan (SSP)	Rev 4/23/2023
Specific target populations will likely have varying outcomes and evaluation strategies. List outcomes and evaluations plans specific to each target population.	

Specific target populations will likely h Section 1: Measurable Outcomes

Outcomes are what you expect to happen for the people served by your Project. Outcomes are sometimes called results. Outcome objectives are time-specific measurable goals that identify how you know if you are achieving your desired results. Outcome objectives are sometimes called outcome benchmarks or indicators. Categorize the outcomes for your Project into the following three categories:

Category	Outcomes	Outcome Objectives
Residential Stability: Tenants maintain permanent housing see examples in cell comments to the right)	 At least 90% of participants will maintain their housing, move to other permanent housing, or be provided with more appropriate placements At least 85% of tenant lease violations will be resolved without loss of housing to tenants. 	Services will coordinate with Property Management on a weekly basis, and external community providers as needed to assist participants in maintaining housing. Services will engage in weekly wellness checks and tracks interactions with tenants through the individual assessments and ongoing referrals Services shall also provide housing related support that assists tenants in achieving goals that move them towards more independent housing.
ncreased Skills and/or Income: Tenants gain job-related kills, participate in job-related training and/or education, gain tipend part-time or full-time supported employment, gain cccess to mainstream service/income support Programs for vhich they are eligible (see examples in cell comments to the ight)	 At least 70% of participants will either be enrolled in school/training or employed. At least 60% of participants housed for at least 90 days will have maximized their income and benefits for which they are eligible, or will be in the application process. The percentage requirement in this objective will be benchmarked over the first 12 months of service to ensure it is attainable, and may be adjusted accordingly. 	Services shall assess participant skills and goals at intake and encourage participants to engage in educational and employment services to increase education levels, skill levels, and find employment to increase tenant income.
Greater Self- Determination: Tenants gain daily living skills and ability to plan and advocate for themselves to maximize adependence and self-sufficiency (see examples in cell somments to the right)	At least 75% of participants who have an Individualized Service Plan will accomplish one or more goals.	Services shall create Individualized Service Plans to establish and support achievement of goals. Interactions, engagement, and weekly status will be documented to ensure participants are receiving the support they need. Service plans are reviewed every 6 months or as needed, to identify unmet needs and update plan accordingly.
Resident Satisfaction	At least 80% of participants completing an annual survey will be satisfied or very satisfied with supportive services	A written annual survey shall be offered to participants to gather feedback, satisfaction, and assess the effectiveness of services and systems within the program. Services shall offer assistance to participants regarding completion of the survey if the written format presents any problem
Section 2: Plan for Evaluation		
Describe your evaluation plan, including how you intend to col lata and perform your Program evaluation. (e.g., staff, consu	lect, track and analyze data on the effectiveness of your Project, includir Itant, etc.)	ng the outcomes Projected above. Indicate who will analyze the

Data is reported by Support Service Providers on a monthly, quarterly and annual basis. Information is input into shared databases, CARBON and ONE (Online Navigation and Entry), managed by the City and County of San Francisco. There is least one dedicated HSH staff managing the contract with the Support Services Provider and who reviews the reports on the respective due dates, and provides feedback and follow-up as necessary. The HSH staff attends monthly operations meetings as needed to maintain quality oversight and ensure coordination among partners. Monitoring of the program occurs on an annual basis on-site at the building, at which time the program outcome objectives will be reviewed alongside program documents and client files. A comprehensive report, including findings and feedback, is then issued to the agency providing Support Services. Additionally, HSH will require programs to report how they will address issues of racial equity in services provided, the demographics of their staff at all levels, and internal mechanisms for advancement of staff of color. HSH will monitor and evaluate programs on their responsiveness to racial disparities.

Certifications & Legal Disclosure

A completed and signed Certification is required for each Joint Applicant. Each Joint Applicant must sign an individual Certification form. A completed and signed Legal Disclosure is also required for each Joint Applicant. The hard copy Certifications & Legal Disclosure should be submitted with the application as detailed in the NOFA.

Resolutions

Applicant may use their own Resolution format as long as it contains ALL of the authorizations as in the sample.

The person attesting to the resolution signing cannot be the same person authorized to execute the documents in the name of the applicant.

If more than one authorized signatory is identified, state whether both signatories are required or only one signatory is required to submit and execute Program docs.

If the application is being signed by a designee of the authorized signatory, the applicant must also submit a designee letter or other proof of signing authority.

A resolution is required of each Joint Applicant - both private and public entities. A sample resolution template is available on the Homekey website.

Organizational Documents

Organizational documents are required for all Applicants except Governmental entities are not required.

Submit organizational documents supporting the Resolution submitted with the application.

Corporation organizational documents

Articles of Incorporation (Corp. Code §154, 200 and 202) as certified by the CA Secretary of State.

Bylaws and any amendments thereto (Corp. Code §207(b), 211 and 212)

Certificate of Amendment of Articles of Incorporation (Corp. Code §900-910 (general stock), §5810-5820 (public benefit and religious corporations), §7810-7820 (mutual benefit corporations), or §12500-12510 (general cooperative corporations)) as applicable.

Restated Articles of Incorporation (Corp. Code §901, 906, 910 (general stock), §5811, 5815, 5819 (public benefit and religious corporations), §7811, 7815 and 7819 (mutual benefit corporations) and §12501, 12506 and 12510 (general cooperative corporations)) as applicable.

Statement of Information (CA Secretary of State form SI-100 or SI-200)

Shareholder Agreements (Corp. Code §186) if applicable.

Certificate of Good Standing certified by Secretary of State.

Limited Liability Company

Articles of Organization (CA Secretary of State form LLC-1) Certificate of Amendment (CA Secretary of State form LLC-2) if applicable Restated Articles of Organization (CA Secretary of State form LLC-10) if applicable Certificate of Correction (CA Secretary of State form LLC-11) if applicable Statement of Information (CA Secretary of State form LLC-12) or LLC-12NC) Operating Agreement (Corp. Code §17707.02(s) and 17701.10) Certificate of Good Standing certified by Secretary of State

Limited Partnership

Certificate of Limited Partnership (CA Secretary of State form LP-1) Amendment to Certificate of Limited Partnership (CA Secretary of State form LP-2) if applicable. Certificate of Correction (CA Secretary of State form LP-2) if applicable. Limited Partnership Agreement (CA Corp. Code §15901.02(x) and 15901.10) Certificate of Good Standing certified by Secretary of State.

Any other CA Secretary of State filings applicable to revivals, conversions or mergers

Organizational Chart

The Organizational chart must depict the organizational structure of the entities in relation to the applicant.

Signature Block

All Applicants must submit a Signature Block in a Microsoft Word Document that will be used in the HCD legal documents such as the Standard Agreement.

Payee Data Record STD-204 or Taxpayer Identification Number (TIN)

The TIN must be submitted by all governmental entity Applicants. All other Applicants must submit the STD-204 Payee Data Record. Available on the Homekey website.
