Description of Amount of Contract

Total Ct. NTE: \$17M, Original Ct. NTE \$7.5M, Mod 1 NTE \$9.5M

Contract Description

Commissioning, Activation, and Simulation (CAS) support services are required to facilitate the successful startup and operational readiness of projects within the Ascent Program – Phase 1.5 and the Infrastructure Projects Plan under the Airport's Capital Improvement Program (CIP). The scope of work for this Contract includes the planning, preparation, management, and execution of CAS activities in accordance with the Airport's CAS Standards. These services include, but are not limited to, scheduling, development of test plans, equipment and systems testing, staff training, simulation activities, and coordination with project teams and stakeholders. Together, these activities ensure that new facilities are fully operational and ready for public use prior to turnover. The Contractor shall be responsible for the overall management, coordination, and oversight of the CAS support services throughout the project lifecycle, under the direction of the Airport Project Manager.
