CONDITIONAL PROPERTY EXCHANGE AGREEMENT
(530 Sansome Street and 425-439 Washington Street, San Francisco)

THIS CONDITIONAL PROPERTY EXCHANGE AGREEMENT (this "**Agreement**") dated for reference purposes only as of June __, 2019, is by and between EQX JACKSON SQ HOLDCO LLC, a Delaware limited liability company ("**Developer**"), and the CITY AND COUNTY OF SAN FRANCISCO, a Charter city and county (the "**City**").

RECITALS

A. City owns that certain improved real property at 530 Sansome Street in San Francisco (Lot 17, Block 0206), as more particularly described in Exhibit A (the "**Existing City Property**"), and Developer has the right to purchase that certain improved real property adjacent to the Existing City Property at 425-439 Washington Street (Lots 13 and 14, Block 0206), as more particularly described in Exhibit B (the "**Developer Property**").

B. The Existing City Property is improved with a fire station that City wants to replace, and the Developer Property is currently improved with a 2-story building and a 3-story building but undergoing environmental review for a proposed 20-story hotel.

C. If Developer acquires the Developer Property, Developer and City are interested in (i) having a lot line adjustment with respect to the Existing City Property and Developer Property that results in the Existing City Property and the Developer Property collectively being comprised of one approximately 11,979 square foot legal parcel at the corner of Washington and Sansome Streets (the "**Developer Parcel**") and one approximately 5,643 square foot legal parcel (the "**New City Parcel**"), (ii) having Developer construct a new fire station on the New City Parcel (the "**Station Project**") and a new tower with a hotel, a health sports club, and residential units on the Developer Parcel (the "**Tower Project**") at its sole cost, subject to Section ____, and (iii) on completion of the Station Project, transferring title so the Developer Parcel is owned by Developer and the New City Parcel is owned by City.

D. Developer intends to pursue the following entitlements for the Station Project and the Tower Project (together, the "**Combined Project**"): certification or adoption of a final environmental review document; amendments to the City's General Plan, Planning Code and Zoning Map to adjust height and bulk regulations; Planning Code Section 309 project review approval; the lot line adjustment; and demolition and building permits (collectively, the "**Proposed Entitlements**").

E. Pursuant to Resolution No. ____, File No. ___, the City's Board of Supervisors and Mayor have authorized City's Director of Property (the "**Director of Property**") to execute this Agreement.

F. City has not yet completed environmental review under the California Environmental Quality Act ("**CEQA**") (California Public Resources Code Sections 21000 *et seq.*), the CEQA Guidelines (California Code of Regulations, Title 14, Sections 15000 *et seq.*), and Chapter 31 of the San Francisco Administrative Code (hereinafter referred to as "**Environmental Review**") for the Combined Project. Section 15004(b)(2) of the CEQA Guidelines directs that "public agencies shall not undertake actions concerning the proposed public project that would have a significant adverse effect or limit the choice of alternatives or mitigation measures, before completion of CEQA compliance. For example, agencies shall not: (A) Formally make a decision to proceed with the use of a site for facilities which would require CEQA review, regardless of whether the agency has made any final purchase of the site for these facilities, except that agencies may designate a preferred site for CEQA review and may enter

into land acquisition agreements when the agency has conditioned the agency's future use of the site on CEQA compliance."

G. Section 15004(b)(4) of the CEQA Guidelines provides that "[w]hile mere interest in, or inclination to support, a project does not constitute approval, a public agency entering into preliminary agreements regarding a project prior to approval shall not, as a practical matter, commit the agency to the project. For example, an agency shall not grant any vested development entitlements prior to compliance with CEQA. Further, any such pre-approval agreement should, for example: (A) Condition the agreement on compliance with CEQA; (B) Not bind any party, or commit to any definite course of action, prior to CEQA compliance; (C) Not restrict the lead agency from considering any feasible mitigation measures and alternatives, including the "no project" alternative; and (D) Not restrict the lead agency from denying the project.

H. The parties intend that this Agreement be a conditional land acquisition agreement as described in CEQA Guidelines Section 15004(b)(2)(A) to conditionally designate a preferred site for the Station Project and the City's potential acquisition of the New City Parcel, as improved with the Station Project, on the terms set forth in this Agreement, with compliance with the conditions of CEQA Guidelines Section 15004(b)(2)(A) and Section 15004(b)(4), and the City must complete Environmental Review of the Combined Project before taking any approval action for the Combined Project as set forth in Sections 1.4 through 1.6. The City's obligation to consummate the development and transfer transaction under this Agreement is conditioned upon the City's completion of Environmental Review in compliance with state and local law, and City's election to proceed with this transaction following such completion as set forth in Sections 1.4 through 1.6. The City does not commit to any definite course of action with regard to the Combined Project prior to such CEQA compliance and further, retains its absolute discretion to (i) require modifications to the Combined Project to mitigate significant adverse environmental impacts; (ii) select feasible alternatives that avoid significant adverse impacts of the Combined Project, including the "no project" alternative; (iii) require the implementation of specific measures to mitigate the significant adverse environmental impacts of the Combined Project, as identified through environmental review; (iv) reject all or part of the Combined Project if the economic and social benefits of the Combined Project do not outweigh otherwise unavoidable significant adverse impacts of that project; (v) approve the Combined Project upon a finding that the economic and social benefits of the proposed project outweigh otherwise unavoidable significant adverse environmental impact of that project; and (vi) deny the Combined Project.

FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which are hereby acknowledged, Developer and the City agree as follows:

1. ENVIRONMENTAL APPLICATION AND REGULATORY APPROVALS

1.1 Environmental Application and Regulatory Approvals

(a) Regulatory Approvals. Developer shall make commercially reasonable efforts to propose and submit an application to the City's Planning Department for environmental review of the Combined Project within ninety (90) days following the Effective Date, and shall thereafter initiate the process to obtain the Proposed Entitlements and any additional approvals from any local, State or Federal governmental agency having jurisdiction needed to develop the Combined Project (collectively, the "**Regulatory Approvals**"). Developer shall diligently make commercially reasonable efforts to thereafter continue to refine and develop the plans for the Combined Project and prepare, sign and submit such materials and pay such fees as may be necessary to obtain all Regulatory Approvals on or before the CEQA Date, subject to delay caused by Unavoidable Delay. It is understood and agreed that Developer's sole obligation with respect to procuring the Regulatory Approvals is to use commercially reasonable efforts to do so, there being no assurances that it will be successful in doing so.

(b) Collaboration. Developer shall use commercially reasonable efforts to obtain and shall be solely responsible for obtaining all Regulatory Approvals required for the Combined Project. Developer shall not seek any Regulatory Approval from any party other than the City without first notifying the Director of Property. Throughout the permit process, Developer shall consult and coordinate with the Director of Property in Developer's efforts to obtain such permits and approvals, and the Director of Property shall cooperate reasonably with Developer. Developer and the City (acting through the Director of Property and a City project manager designated by the Director of Property) agree to work together in good faith to complete all environmental review and seek all Regulatory Approvals for so long as this Agreement remains in effect. The parties agree to hold regular meetings, as needed or upon either party's request, so as to coordinate all efforts relating to environmental review and the procurement of Regulatory Approvals. Developer shall not agree to the imposition of conditions or restrictions in connection with a permit from any regulatory agency other than the City without the Director of Property's prior approval, which approval will not be unreasonably withheld.

(c) Project Budget. Throughout the term of this Agreement, Developer shall refine and modify the Combined Project in response to and consistent with the environmental review, design and entitlement processes, and consistent with such direction as may be reasonably given by the Director of Property from time to time in order to accommodate the City's operational needs and the project budget attached as Exhibit D (the "**Project Budget**"). The parties agree to update the Project Budget, and seek Board of Supervisors' consideration of the same, if the Project Budget exceeds the Maximum Cost (as defined in Section 2.1(b)) on the Agreement Ratification Date. The parties agree to work together with the Architect during the Design and Entitlement Work process described below to revise the Station Project as needed to keep the cost below the Maximum Cost. All submittals for Regulatory Approvals shall be subject to the prior review and approval of the Director of Property. Developer shall not, without the Director of Property's prior written consent or direction, (i) propose material modifications to the Combined Project that would (A) substantively alter the proposed use of the Station Project, (B) materially decrease or increase the proposed height of the Station Project, (C) materially reduce or increase the square footage of the Station Project, (D) materially impact the Station Project, or (E) result in any portion of the Tower Project being on the New City Parcel other than as depicted on the attached Exhibit ___ or otherwise approved by the City's Director of Property, (ii) take actions or propose designs that would materially increase the cost of developing the Station Project or otherwise increase the Project Budget, or (iii) delay development of, or limit or restrict the availability of, necessary infrastructure serving the Station Project.

1.2 Proprietary Capacity

Developer understands and agrees that the City is entering into this Agreement in its proprietary capacity and not as a regulatory agency with certain police powers. Developer understands and agrees that neither entry by the City into this Agreement nor any approvals given by City under this Agreement shall be deemed to imply that Developer will obtain any required Regulatory Approvals from City departments, boards or commissions with jurisdiction over the Combined Project. Nothing in this Agreement shall affect or limit the rights and responsibilities of the City's Planning Department, Planning Commission, other City departments or the Board of Supervisors with respect to the Regulatory Approvals for some or all of the Combined Project, or their discretionary rights with respect to the review, approval, imposition of conditions, or rejection of any Regulatory Approvals. The City's Regulatory Approvals shall be issued or denied, by the appropriate City department, in keeping with its standards and customary practices and without regard to this Agreement.

1.3 Design and Entitlement Before CEQA Date

(a) Design and Entitlement Work. Developer has prepared, and the City hereby approves, the concept plans submitted by Developer to City on _____, 2019 (the "**Existing**

Concept Plans"). Developer prepared, and the City hereby approves, a detailed cost estimate and schedule for completion of all of the design and engineering work required to obtain final pricing for the Station Project consistent with the Existing Concept Plans and all fees and costs associated with environmental review and the procurement of the Regulatory Approvals to the CEQA Date (collectively, the "**Design and Entitlement Work**"), which cost estimate and schedule shall be a component of the Project Budget (the "**Entitlement Budget**"). The City and the Developer shall work together in formulating a timeline for preparing construction drawings to enable the City and Developer to estimate pricing for the work to be performed under the Construction Contract (as defined in the following subsection) by the Agreement Ratification Date. By approving this Agreement, the City authorizes Developer to proceed with the Design and Entitlement Work consistent with the Entitlement Budget, the Existing Concept Plans and this Agreement. Unless otherwise directed by the Director of Property, Developer shall design the Station Project so as to achieve LEED Gold certification. The City will determine, however, whether and when to seek any such certification. The City approves _____ (the "**Architect**") as the architect for the Station Project. Selection of the general contractor for the Station Project (the "**General Contractor**") shall be subject to City approval of Developer's recommendation, which shall be unreasonably withheld. During the period that the Design and Entitlement Work is being undertaken, the City and Developer shall work with the Architect and the General Contractor to design the Station Project within the Project Budget.

(b) Project Contracts. Developer shall negotiate, with the City's active participation, (i) a contract between Developer and the Architect (the "**Architect Contract**"), (ii) a not to exceed maximum price contract, or a modified design-build integrated-project delivery contract, between Developer and the General Contractor (the "**Construction Contract**"), and (iii) such other project contracts that Developer determines are necessary and appropriate to complete the Station Project (each of such contracts referenced in clauses (i), (ii) and (iii), a "**Project Contract**" and collectively, the "**Project Contracts**"). Developer and the City each agree to act reasonably and in good faith to reach agreement on the terms of each Project Contract consistent with the terms of this Agreement and as soon as possible. If Developer and the City cannot reach agreement during negotiations with the Architect, the General Contractor or any other project contractor for the Project Contracts, Developer and the City may agree to begin negotiations with an alternative party acceptable to both. The Project Contracts are each subject to review and approval by Developer and the City, each acting in their reasonable discretion (and taking into account required City contracting requirements); provided if Board of Supervisor approval of the Architect Contract or the Construction Contract is required by ordinance to exempt any City municipal code requirement that would otherwise apply, the parties shall use good faith efforts to expedite negotiations and seek Board of Supervisors approval of the required ordinance. If, despite their respective good faith efforts, the parties cannot reach agreement on the Architect Contract or the form of the Construction Contract on or before the Agreement Ratification Date, then either party may terminate this Agreement upon thirty (30) days' notice to the other party (provided that if the party giving such notice is Developer, no Developer Event of Default exists, and if the party giving such notice is the City, no City Event of Default exists), without cost or liability; provided, however, if a Developer Event of Default or a City Event of Default exists, the parties shall have the rights in Section 9.6. Notwithstanding anything to the contrary above, if the Architect Contract or the Construction Contract is brought to the Board of Supervisors for approval as set forth above and the Board does not approve either contract, then the parties shall seek in good faith to negotiate such changes as may be necessary to obtain the Board of Supervisor's approval for a period of not less than sixty (60) days. For purposes of this Agreement, a "**Pre-Approved Project Contract**" shall mean any Project Contract which is less than $50,000 and includes the applicable provisions set forth in Section 2.9.

(c) Changes to the Size of the Station Project. In connection with completion of the Design and Entitlement Work, the City may increase the overall footage of the Station Project by up to five percent (5%) with the approval of Developer and a commensurate increase in the Project Budget, which approval shall not be withheld unless the increase would (i) reduce the size of or otherwise materially negatively impact the Tower Project, (ii) materially impact the

timing or process of procuring the Combined Project entitlements, or (iii) cause the Project Cost to exceed the Maximum Cost (unless the City agrees to pay for the amount of the Project Cost that exceeds the Maximum Cost as a result of such footage increase). The City may, at any time, decrease the square footage at its option. Any dispute regarding City adjustments to the square footage of the Station Project shall be an Arbitration Matter under Section 3.1.

(d) City's Reasonable Approvals. Developer's submittals in connection with the Design and Entitlement Work shall be subject to the approval of the City, which shall not be unreasonably withheld or delayed. When reviewing Developer's submittals, it will not be unreasonable for the City to require changes that would cause the cost of the Design and Entitlement Work to exceed $_____ to the extent the City is willing to (i) decrease the amount in another category the Project Budget by a corresponding amount or to pay for the change and (ii) extend any completion date or other date required to accommodate the change, if necessary. If the City does not approve a submittal, the City will indicate in writing the reason for the disapproval and the steps or changes to be made to obtain its approval. The City will approve, disapprove or approve conditionally each submittal of the Design and Entitlement Work in accordance with the procedures set forth in Section 14.8; provided, the provisions of Section 14.8 shall not apply to any Board of Supervisors approval of the Architect Contract and the Construction Contract.

(e) Design and Entitlement Costs. Developer shall pay or cause to be paid when due all fees and costs associated with the environmental review and the procurement of the Regulatory Approvals, together with any design development or other costs for the Station Project incurred by Developer (collectively, the "**Design and Entitlement Costs**"). Before engaging any contractor, Developer shall deliver to the City, for review and approval which shall not be unreasonably withheld, the name and qualifications of the third-party consultants and contractors to be engaged by Developer in connection with work on the Station Project (upon the City's approval, all such consultants being defined collectively as the "**Approved Contractors**"). Developer shall also deliver to the City on a monthly basis a detailed summary (a "**Design and Entitlement Cost Report**") of Developer's expenditures of Design and Entitlement Costs and Combined Project D&E Costs (as defined in Section 1.3(f)) during the previous month. Each Design and Entitlement Cost Report shall include a description of the services performed, the number of hours worked (when applicable) and rates charged, and costs paid by Developer. The Design and Entitlement Cost Report shall also notify the City as soon as Developer has reason to believe that the Design and Entitlement Costs and City's share of the Combined Project D&E Costs will likely exceed the Entitlement Budget so that the parties can mutually discuss any cost savings methods or practices. Developer agrees that the Design and Entitlement Costs and City's share of any Combined Project D&E Costs shall not collectively exceed the Entitlement Budget unless approved by the City.

(f) Apportionment. If and to the extent there are environmental review or design development fees or costs that properly cover or relate to both the Station Project and the Tower Project (the "**Combined Project D&E Costs**"), then those costs shall be apportioned thirty-two percent (32%) to the Station Project and sixty-eight percent (68%) to the Tower Project, unless Developer can demonstrate to the reasonable satisfaction of the Director of Property, or the Director of Property can demonstrate to the reasonable satisfaction of Developer, that a different allocation should be used in the interest of fairness based upon the extent to which the cost primarily relates to or arises from the Station Project or the Tower Project (the "**Apportionment**").

(g) Records and Approval of Cost Reports. Developer shall maintain records, in reasonable detail, with respect to all Design and Entitlement Costs and Combined Project D&E Costs, and shall provide such supporting documentation as the City may reasonably request to verify Design and Entitlement Costs and Combined Project D&E Costs. Developer will also make all records available for inspection, copying and audit by the City. The City shall review and approve or disapprove each Design and Entitlement Cost Report within fifteen (15) days

following receipt; provided, for any disapproval, the City shall state its reasons for the disapproval in writing and the parties agree to meet and confer in good faith for a period to discuss any areas of disagreement. If the parties are not able to reach agreement on the appropriateness, apportionment or amount of any Design and Entitlement Cost within twenty (20) days following a disapproval by the City, either party can refer the matter to binding arbitration as set forth in Section 3.1.

(h) City Share of Design and Entitlement Costs. If this Agreement terminates for any reason, then the City shall have no obligation to reimburse Developer for the Design and Entitlement Costs incurred by Developer to the date of termination; provided, however, that if this Agreement is terminated by the Developer due to a City Event of Default, the Developer shall have the remedies set forth in Section 9.6.

(i) Ownership of Work. Developer shall own, or have a license to use, the Design and Entitlement Work with respect to the Tower Project, but Developer shall ensure that all rights of Developer in the Design and Entitlement Work with respect to the Station Project are transferable to the City without limitation, payment to or the consent of the applicable architects and engineers, and will be transferred to the City upon completion of the Station Project.

1.4 CEQA Review

Following receipt of Developer's complete application for Environmental Review, the City's Planning Department, acting in its regulatory capacity, shall undertake and complete Environmental Review of the Combined Project before review and consideration by any City department or commission of the Proposed Entitlements, and before review and consideration by the Board, of the Planning Code and/or Zoning Map amendments needed to permit the Combined Project, to construct the Combined Project, and to demolish the existing improvements on the Existing City Property and the Developer Property. Acting in its regulatory capacity, the City will review and consider the final environmental documents (the "**CEQA Document**") relating to the Combined Project before deciding whether to approve the Combined Project, including any associated Municipal Code, Zoning Map or General Plan amendments. Before the CEQA Date, the City, acting in its regulatory capacity, retains the sole and absolute discretion to: (i) make such modifications to the proposed Combined Project as are deemed necessary to mitigate significant environmental impacts; (ii) select other feasible alternatives to avoid such impacts; (iii) balance the benefits against unavoidable significant impacts before taking final action if such significant impacts cannot otherwise be avoided; or (iv) determine not to proceed with the proposed purchase based solely upon environmental impacts disclosed by the environmental review process (collectively, the "**CEQA Contingency**").

1.5 CEQA Date

The effective date by which City completes all Environmental Review and the City's Planning Commission and Board (i) adopt or certify the adequacy of the CEQA Document, and (ii) grant all City Regulatory Approvals for the Combined Project, including (a) demolition of existing buildings on the Existing City Property and the Developer Property, (b) Zoning Map and/or Planning Code amendments to permit the Combined Project, and (c) Planning Code Section 309 project approval shall be referred to as the "**CEQA Date**". The parties agree to work diligently and in good faith to cause the CEQA Date to occur as soon as reasonably possible, and currently anticipate that the CEQA Date will be on or before the second (2^{nd}) anniversary of Developer submitting its application for Environmental Review to City's Planning Department (the "**Outside CEQA Date**"); provided, if following adoption, there is an administrative appeal of the adoption or certification of the CEQA Document or of the entitlements, the CEQA Date shall be the effective date when the adoption, certification and/or entitlements have been finally determined or granted following the exhaustion of any administrative appeals. The parties may agree, subject to any injunction that prevents the City or Developer from taking the actions, to continue to process approvals or commence work

notwithstanding the initiation of a legal challenge. If the initial adoption or certification of the CEQA Document and grant of all City Regulatory Approvals has not occurred by the Outside CEQA Date, despite the best efforts of the parties, then either party may terminate this Agreement by providing sixty (60) day notice of termination to the other party, provided the parties may agree to extend the Outside CEQA Date during the above sixty (60) day period. If the certification of the CEQA Document or the grant of all City Regulatory Approvals does not occur by the Outside CEQA Date due to a Developer Event of Default or a City Event of Default, as applicable, then the non-defaulting party shall have the remedies, if any, set forth in Section 9.6.

1.6 Agreement Ratification Date

(a) On the CEQA Date, the Board shall take an action, by resolution or ordinance, to either (i) ratify this Agreement, remove the CEQA Contingency, approve the Construction Management Agreement, ratify the Architect Contract and Construction Contract, and proceed with the City's acquisition of the New City Parcel and sale of the Existing City Property, subject only to satisfaction or waiver of the City's Conditions Precedent, or (ii) reject this Agreement and elect not to proceed with the City's acquisition of the New City Parcel and sale of the Existing City Property solely on the basis of the environmental impacts of the Combined Project disclosed in the CEQA Document that have not been adequately avoided, mitigated or overridden under CEQA (the "**CEQA Rejection**") or disapproval of the Construction Management Agreement, Architect Contract or Construction Contract (the "**Contract Rejection**"). The effective date of any resolution or ordinance adopted for the matters in the foregoing (i) shall be the "**Agreement Ratification Date**".

(b) If the Combined Project obtains all Regulatory Approvals but the CEQA Rejection or Contract Rejection occurs, then this Agreement shall terminate without additional cost or liability to either party.

1.7 CEQA and Other Litigation

Developer and City shall each pay any and all costs and fees relating to any litigation or proceeding before any court or other judicial, adjudicative or legislative decision-making body, including any administrative appeal, to defend this Agreement, the Combined Project, the Regulatory Approvals, and actions taken by the City in its proprietary or regulatory capacity in furtherance of this Agreement, including any challenge to the adequacy of the City's environmental review in granting Regulatory Approvals or approving this Agreement. In the event of any such action or proceeding, the parties shall each proceed with due diligence and shall cooperate with one another to defend the action or proceeding or take other measures to resolve the dispute that is the subject of such action or proceeding. The City shall use attorneys in the City Attorney's Office for any such defense, and shall provide to Developer monthly invoices of costs and fees as they are incurred at the same rates charged by the City to outside third party developers; provided the City may elect, at its option, to pay for the City Attorney's time and thereby not credit such costs against the Maximum Cot. If the City and Developer are both named defendants, respondents or real parties in interest in any action, then the parties shall endeavor to enter into a joint defense agreement to protect any confidential and privileged communications among them regarding the defense of the action. If a challenge relates to both the Station Project and the Tower Project, costs and fees shall be divided in accordance with the Apportionment and the costs allocated to the Station Project shall be credited against to the Maximum Cost. If a challenge relates to the Tower Project only, it shall not affect this Agreement or the Maximum Cost. If a challenge relates to the Station Project only, then all reasonable costs and fees associated with the same shall be credited against the Maximum Cost.

1.8 Post-CEQA Completion of Design and Plans and Specifications for Station Project

If, on the Agreement Ratification Date, the City elects to remove the CEQA Contingency and proceed with the City's acquisition of the New City Parcel and sale of the Existing City Property on the terms and conditions of this Agreement, Developer and the City shall work together with the Architect and Contractor to complete the design, plans and specifications for the Station Project in accordance with Section 1.3, and all such Design and Entitlement Costs incurred from and after the Agreement Ratification Date shall be credited against the Maximum Cost.

1.9 Environmental and Other Due Diligence

Developer has performed environmental due diligence of the Developer Property before Developer's acquisition. Developer has delivered to the City complete copies of all of the environmental reports and documents it acquired or procured in connection with its acquisition of the Developer Property.

2. CONSTRUCTION

2.1 Tower Project Construction Management

(a) Construction Management Agreement. On the Agreement Ratification Date, the City and Developer shall enter into a construction management agreement in a form mutually agreeable to City and Developer (the "**Construction Management Agreement**") with respect to Developer's construction of a new fire station on the New City Parcel at its sole cost. The Construction Management Agreement shall incorporate the general requirements in the attached Exhibit ___. Within thirty (30) days of the Effective Date, Developer shall deliver a draft Construction Management Agreement to City for review. City shall provide its initial comments to the draft Construction Management Agreement to Developer within thirty (30) days of receiving such draft, and the parties shall diligently complete their negotiations of the Construction Management Agreement within six (6) months of the Agreement Ratification Date. If the parties are not able to agree to the final form of the Construction Management Agreement by such date, then _____.

(b) Project Cost and Maximum Cost. Based on detailed pricing estimates performed to date, the parties estimate that the total aggregate cost to entitle and develop the Station Project (collectively, the "**Project Cost**") will not exceed Twenty-Five Million Five Hundred Thousand Dollars ($25,500,000) (the "**Maximum Cost**"). From the start of construction until completion of the Station Project, Developer shall, as provided in the Construction Management Agreement, review and monitor the General Contractor's monthly construction cost report of expenditures on the Station Project during the previous month (the "**Construction Cost Report**"). The Construction Cost Report shall include an update to the Station Project schedule, including critical path items. Pursuant to the terms of the Construction Management Agreement, (1) the parties will agree to review the Project Budget, as compared to actual expenditures, throughout the development to ensure that the Project Cost does not exceed the Maximum Cost, (2) if Developer reasonably believes at any point that the Project Cost will likely exceed the Maximum Cost, Developer shall notify the City of such fact and the parties shall discuss alternatives to design, overall square footage, finishes, and other items that may be changed or eliminated from the Station Project so as to not exceed the Maximum Cost, and (3) upon City's request, Developer shall provide to the City good faith detailed estimates of the cost of various proposed alternatives in order for City to initiate needed change orders to keep the Project Cost below the Maximum Cost.

2.2 Architect Contract and Construction Contract

Developer shall use commercially reasonable efforts to include the applicable provisions of this Article 2 in the Architect Contract, the Construction Contract and all other Project Contracts, except for any Pre-Approved Project Contract which only needs to include the applicable provisions of Section 2.9, each subject to such revisions or deletions as may be agreed to by the City in approving the Project Contract. If the Architect or the General Contractor or other contractor under a Project Contract (each, a "**Project Contractor**") refuses to include any provision, Developer shall consult with the City on how to proceed with the contract negotiations, including whether to seek Board of Supervisors approval of an ordinance exempting such provision. Notwithstanding anything stated to the contrary in this Agreement, any failure to include in any Project Contract any of the provisions provided for in this Article 2 shall not constitute a default or breach by Developer under this Agreement. However, the City shall not be required to approve any Project Contract that does not include the applicable provisions of this Article 2. In no event and under no circumstances, shall Developer be liable for any breach or default by a Project Contractor, or for a Project Contractor's failure to comply with any of the provisions of this Article 2 or applicable law including any City law. Upon a default by a Project Contractor, and following consultation with the City and upon the City's request, Developer shall use commercially reasonable efforts to take specific remedial action against the defaulting Project Contractor, including termination of the applicable Project Contract and replacement of the applicable Project Contractor. All third party costs incurred by Developer in enforcing rights and remedies against the Architect or the General Contractor shall be credited against the Maximum Cost.

2.3 Compliance with Laws

Developer shall use commercially reasonable efforts to cause each Project Contractor to remain fully informed of and comply with the applicable provisions of the Charter, ordinances and regulations of the City and other local agencies having jurisdiction over the work, and all federal and state laws and regulations in any manner affecting the contract documents, the performance of the work, or those persons engaged therein. Developer shall require compliance with, and shall use good faith efforts to ensure all construction and materials provided under the contract documents shall be in full accordance with, the applicable provisions of the latest laws and requirements, as the same may be amended, updated or supplemented from time to time, of the Code specified in the contract documents, Americans with Disability Act Accessibility Guidelines, CAL-OSHA, the State Division of Industrial Safety of the Department of Industrial Relations, the Division of the State Architect – Access Compliance, the Public Utilities Commission of the State of California, the State Fire Marshal, the National Fire Protection Association, the San Francisco Department of Public Health, state and federal laws and regulations, and of other bodies or officials having jurisdiction or authority over same, and they shall be observed and complied with by Developer and any and all persons, firms and corporations employed by or under it. The City and its agents may at any time, following written notice to Developer, enter upon any part of the work to ascertain whether such laws, ordinances, regulations or orders are being complied with, provided that the City shall have no obligation to do so under this Agreement and no responsibility for such compliance. Architect and General Contractor shall comply with the applicable provisions of San Francisco Administrative Code Chapter 6 that are incorporated into the Architect Contract and the Construction Contract, respectively. To the extent applicable to Developer, Developer shall comply with all laws including the applicable provisions of the Charter, ordinances and regulations of the City and local agencies having jurisdiction over the work.

2.4 Completion Date

Unless otherwise agreed to by the City, the Construction Contract shall require that (a) all work be substantially complete within eight hundred twenty (820) consecutive calendar days following the start of work, subject to unavoidable delay, and (b) final completion of the work shall occur within thirty (30) consecutive calendar days after the date the City issues a notice of substantial completion, subject to unavoidable delay.

2.5 Liquidated Damages

Unless otherwise agreed to by the City, the Construction Contract shall provide that time is of the essence in all matters relating to completion of the Station Project, and that the City will suffer financial loss if the work is not completed within the time frames set forth in Section 2.4, plus any extensions allowed in accordance with the general conditions. Accordingly, the Construction Contract shall include liquidated damages for delay (but not as a penalty), as the City's sole remedy for such delay, payable by the General Contractor to the City, for each calendar day of delay.

2.6 Labor Requirements for Construction

(a) Applicable Labor Laws and Agreements. Compensation and working conditions for labor performed or services rendered (excluding professional design services) under the Project Contracts shall be in accordance with the San Francisco Charter, and applicable sections of the San Francisco Administrative Code, including Section 6.22(e) and (f). Developer shall include the requirements of this Section 2.6 (collectively, the "**Labor Requirements**") in the Project Contracts (as applicable), and require Project Contractors to include the Labor Requirements in all subcontracts relating to the work, as applicable, unless otherwise agreed to by the City. The Project Contracts shall expressly acknowledge the City's right to monitor and enforce the Labor Requirements in all respects and at all times, and Developer agrees (1) to reasonably cooperate with City in all monitoring and enforcement measures initiated by City, including but not limited to the withholding of payments as directed by the City when permitted under the provisions of the Labor Requirements, with any third party costs incurred by Developer being credited against the Maximum Cost, and (2) to promptly inform the City of any known violations or known alleged violations of the Labor Requirements. A Project Contractor's violation of the Labor Requirements will not be considered a Developer default under this Agreement.

(b) Prevailing Wages. The Project Contracts shall require payment of the latest Wage Rates for Private Employment on Public Contracts in the City and County of San Francisco, as determined by the San Francisco Board of Supervisors, as same may be changed during the term of this Agreement. Developer shall include in each applicable Project Contract a requirement that all persons performing labor under such Project Contract shall be paid not less than the highest prevailing rate of wages for the labor so performed. Developer shall require any Project Contractor to provide, and shall deliver to City every month during any construction period, certified payroll reports with respect to all persons performing labor in the provision of the work. Architect shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles or services to be supplied in the performance of Architect's services under this Agreement. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract."

2.8 Rights and Remedies During Construction

Developer shall use commercially reasonable efforts to include the following provisions (or provisions similar to the following provisions in all material respects) in the Project Contracts for the benefit of the City, unless otherwise agreed to by the City:

No action or failure to act shall in any way abridge the rights and obligations of the parties to the Project Contract, or condone a breach thereunder, unless expressly agreed to by the parties in writing. All remedies provided in the Project Contract shall be taken and construed as cumulative; that is, in addition to each and every other remedy herein provided, the City shall have any and all equitable and legal remedies that it would in any case have.

(b) No Waiver. No waiver of any breach of any provision of the Project Contract shall be held to be a waiver of any other or subsequent breach. The only waiver by the City shall be a waiver in writing that explicitly states the item or right being waived.

(c) City's Remedies for False Claims and Other Violations. Under San Francisco Administrative Code Section 6.22(M), a Project Contractor that fails to comply with the terms of the Project Contract, violates any provision of Local Hire and Prevailing Wages for Construction (San Francisco Administrative Code Sections 6.22 through 6.45), submits false claims, or

violates against any governmental entity a civil or criminal law relevant to its ability to perform under or comply with the terms and conditions of the Project Contract, may be declared an irresponsible bidder and debarred according to the procedures set forth in San Francisco Administrative Code Section 6.80 et seq. Additionally, a Project Contractor that submits a false claim may be subject to monetary penalties, investigation, and prosecution as set forth in Administrative Code Section 6.80 et seq.

Code Section 12F.1 et seq.), Conflicts of Interest (Article III chapter 2 of City's Campaign and Governmental Conduct Code), and Campaign Contribution Limitations (Section 1.126 of City's Campaign and Governmental Conduct Code). Developer shall comply with the above requirements insofar as they relate to Developer's work under this Agreement.

2.10 Access to Existing City Property

On the Agreement Ratification Date, if approved by the City's Board of Supervisors and Mayor, the City and Developer shall enter into a lease of the Existing City Property in a form mutually agreeable to City and Developer (the "**Construction Lease**"). Within (60) days of the Effective Date, City shall deliver the draft Construction Lease to the Developer for review, which shall be on the City's standard lease form and include the requirements described in the attached Exhibit __. The Developer shall provide its initial comments to the draft Construction Lease to City within thirty (30) days of receiving such draft, and the parties shall diligently complete their negotiations of the Construction Lease within nine (9) months of the Agreement Ratification Date. If the parties are not able to agree to the final form of the Construction Lease by such date, then _____.

3. RESOLUTION OF CERTAIN DISPUTES

3.1 Binding Arbitration.

(a) Arbitration Matters. Each of the following is an "**Arbitration Matter**" following written notice from one party to another party that a dispute exists as to such matter: (i) any proposed adjustment to the size of the Station Project, (ii) the appropriateness, apportionment or amount of any Design and Entitlement Cost or the City's failure to approve any Design and Entitlement Cost Report, (iii) the amount of any Design and Entitlement Cost, (iv) disputes under provisions set forth in sections or exhibits to this Agreement that call for arbitration, and (vi) the City's or Developer's failure to approve any matter in this Agreement for which it is required to act reasonably (following mediation on the matter, if either party invokes mediation to resolve the dispute), but not including the failure to approve the Architect Contract or the Construction Contract. Following the receipt of notice of an Arbitration Matter, the parties will have thirty (30) days (or such longer time as they may agree) to attempt to resolve the Arbitration Matter through informal discussions. Notwithstanding anything stated to the contrary in this Agreement, whether an Event of Default has occurred, and the available remedies following an

Event of Default, shall not be an Arbitration Matter and the provisions of this Section 3.1 shall not apply.

(b) Arbitration Notice. If an Arbitration Matter is not resolved by discussion as set forth in Section 3.1, then either party may submit the Arbitration Matter to a single qualified arbitrator at JAMS in the City ("**JAMS**") in accordance with the applicable rules of JAMS. The party requesting arbitration shall do so by giving notice to that effect to the other party or parties affected (the "**Arbitration Notice**"). The Arbitration Notice must include a summary of the issue in dispute and the reasons why the party giving the Arbitration Notice believes that the other party is incorrect in its or in breach.

(c) Selection of Arbitrator. The parties will cooperate with JAMS and with one another in selecting an arbitrator with appropriate expertise in the Arbitration Matter from a JAMS panel of neutrals, and in scheduling the arbitration proceedings as quickly as reasonably feasible. If the parties are not able to agree upon the arbitrator, then each will select one arbitrator, and the two selected arbitrators shall select a third arbitrator. The third arbitrator selected shall resolve such dispute in accordance with the laws of the State pursuant to the JAMS Streamlined Arbitration Rules and Procedures for disputes of $250,000 or less, and the JAMS Comprehensive Arbitration Rules and Procedures for disputes of more than $250,000 (as applicable, the "**Rules**").

(d) Arbitration Process. The parties shall bear their own attorneys' fees, costs and expenses during the arbitration proceedings, and each party shall bear one-half of the costs assessed by JAMS. The parties shall use good faith efforts to conclude the arbitration within sixty (60) days after selection of the arbitrator, and the arbitrator shall be requested to render a written decision and/or award consistent with, based upon and subject to the requirements of this Agreement as soon as reasonably possible in light of the matters in dispute. The arbitrator shall have no right to modify any provision of this Agreement. If a party chooses to submit any documents or other written communication to the arbitrator or JAMS, it shall deliver a complete and accurate copy to the other party at the same time it submits the same to the arbitrator or JAMS. Neither party shall communicate orally with the arbitrator regarding the subject matter of the arbitration without the other party present.

(e) Final Determination. Subject to this Section 3.2, the parties will cooperate to provide all appropriate information to the arbitrator. The arbitrator will report his or her determination in writing, supported by the reasons for the determination. As part of that determination, the arbitrator shall have the power to determine which party or parties prevailed, wherein the prevailing party or parties shall recover all of their reasonable fees, costs and expenses (including the fees and costs of attorneys) from the non-prevailing party or parties, to be paid within ten (10) days after the final decision of the arbitrator with regard to such fees, costs and expenses, and the arbitrator shall also determine whether the time spent for the Arbitration Matter is to be treated as Unavailable Delay. Except as provided in Sections 1286.2, 1286.4, 1286.6 and 1286.8 of the California Code of Civil Procedure, the determination by the arbitrator shall be conclusive, final and binding on the parties. Additionally, notwithstanding anything to the contrary contained in the Rules (i) the arbitrator, in deciding any Claim, shall base his or her decision on the record and in accordance with this Agreement and applicable law, (ii) in no event shall the arbitrator make any ruling, finding or award that does not conform to the terms and conditions of this Agreement, is not supported by the weight of the evidence, or is contrary to statute, administrative regulations or established judicial precedents, (iii) the arbitration award shall be a factually detailed, reasoned opinion stating the arbitrator's findings of fact and conclusions of law, and (iv) any such arbitration shall be held in San Francisco, California, unless the parties mutually agree upon some other location. By agreeing to this provision, the parties are waiving all rights to a trial by judge or jury with respect to any Arbitration Matter. The arbitrator's decision and/or award may be entered as a judgment in any court having competent jurisdiction and shall constitute a final judgment as between the parties and in that court.

3.2 Non-Binding Mediation

(a) Mediation Matter. Each of the following is a "**Mediation Matter**" following written notice from one party to another party that a dispute exists as to such matter: (i) the City's failure to approve any Design Submittal or Construction Document, (ii) changes to the Station Project or the Project Budget as required to keep the Project Cost below the Maximum Cost, and (iii) the City's or Developer's failure to approve any other matter as to which it is required by this Agreement to be reasonable.

(b) Mediation Request. A party may request non-binding mediation by delivering a written request for mediation ("**Mediation Request**") to the other party. The Mediation Request must include a summary of the issue in dispute and the position of the parties, together with any backup information or documentation it elects to provide. Within fifteen (15) days after receipt of the Mediation Request, the responding party may agree to meet and confer promptly with the requesting party to attempt to resolve the matter. In the absence of such agreement, or if the meet and confer does not resolve the matter promptly, the party who requested approval may submit the matter for mediation to JAMS in the City.

(c) Selection of Mediator and Process. The parties will cooperate with JAMS and with one another in selecting a mediator from a JAMS panel of neutrals and in scheduling the mediation proceedings as quickly as feasible. The parties agree to participate in the mediation in good faith. Neither party may commence or if commenced, continue, a civil action with respect to the matters submitted to mediation until after the completion of the initial mediation session. The parties will each pay their own costs and expenses in connection with the mediation, and the party that requested mediation will pay all costs and fees of the mediator. Without limiting the foregoing, the provisions of Sections 1115 through 1128 of the California Evidence Code, inclusive, will apply in connection with any mediation.

(d) Use of Evidence. The provisions of Sections 1152 and 1154 of the California Evidence Code will apply to all settlement communications and offers to compromise made during the mediation or arbitration.

(d) Developer's delivery of an ALTA survey of the New City Parcel prepared by a licensed surveyor (the "**Survey**"). The Survey shall be reasonably acceptable to, and certified to, the City and Title Company and in sufficient detail to provide the basis for and the Title Policy without any boundary, encroachment or survey exceptions that would have a Material Adverse Effect.

(e) City's review and approval of the Assumed Contracts to be assigned to the City under the Developer's Assignment of Intangible Property. There shall be no contracts other than the Assumed Contracts, the Project Contracts and the Accepted City Conditions of Title affecting or encumbering the New City Parcel, and no third party occupancy rights, as of the Closing Date. At the time of Closing there will be no outstanding written or oral contracts made by Developer for any of the Fire Station Improvements that have not been fully paid for and Developer shall cause to be discharged (or bonded over) all mechanics' or materialmen's liens arising from any labor or materials furnished to the New City Parcel before the time of Closing. If any City's Condition Precedent is not satisfied, the City shall have the right in its sole discretion to waive in writing the City's Condition Precedent in question and proceed with the purchase. The waiver of any City's Condition Precedent shall not relieve Developer of any liability or obligation with respect to any covenant or agreement of Developer (except that, if the Closing occurs, any breached representation or warranty of which City has knowledge will be deemed waived and shall not survive the Closing). In addition, the date of the Closing may be extended as provided in Section 9.2 herein, to allow the City's Conditions Precedent to be satisfied. Any additional costs incurred by Developer as a result of such extension shall be credited against the Maximum Cost unless and except to the extent the need for the extension was caused by Developer or its Agents.

If the sale of the Property is not consummated because of an Event of Default by Developer or if a City Condition Precedent cannot be fulfilled because Developer frustrated such

fulfillment by some bad faith act or bad faith omission, the City may exercise all rights and remedies available, following applicable notice and cure periods, as set forth in Section 9.6.

8.2 Developer's Conditions to Closing

(c) As of the Closing Date, the City shall have delivered all documents and monies to Escrow required for Closing, including delivery of the closing documents required to be delivered in accordance with this Agreement by the City.

If any Developer's Conditions Precedent is not satisfied, the Developer shall have the right in its sole discretion to waive in writing the Developer's Conditions Precedent in question and proceed with the Closing contemplated hereunder. The waiver of any Developer's Conditions Precedent shall not relieve City of any liability or obligation with respect to any covenant or agreement of City (except that, if the Closing occurs, any breached representation or warranty of which Developer has knowledge will be deemed waived and shall not survive the Closing). In addition, the date of the Closing may be extended as provided in Section 9.2, to allow the Developer's Conditions Precedent to be satisfied. Any additional costs incurred by Developer as a result of such extension shall be credited against the Maximum Cost unless and except to the extent the need for the extension was caused by Developer or its Agents.

If the sale of the Property is not consummated because of an Event of Default by the City or if a Condition Precedent cannot be fulfilled because the City frustrated such fulfillment by some bad faith act or bad faith omission, Developer may exercise all rights and remedies available, following applicable notice and cure periods, as set forth in Section 9.6.

For purposes of this Agreement, "**Material Adverse Effect**" shall mean any item or occurrence that (i) for the City, has a material adverse effect on the value of the New City Parcel or City's operation of the Station Project and Developer does not elect (with no obligation to so elect) to fully mitigate such adverse effect by increasing the Maximum Cost to cover such reduction in the value of the New City Parcel or such operation, or the cost (and Developer does not elect (with no obligation to so elect) to fully mitigate such increased cost or impaired operation by increasing the Maximum Cost to cover such increased cost) or timing of, or the Developer's ability to complete, the Station Project, (ii) for the Developer, if the same will cause the Project Cost to exceed the Maximum Cost and the City does not elect (with no obligation to so elect) pay for such excess amount, and (iii) for both parties, has a material adverse effect on that party's ability to perform its obligations under this Agreement.

8.3 Cooperation

Developer and City shall cooperate with each other and do all acts as may be reasonably requested (except that Developer shall not be required to pay any third party cost unless it can be credited against the Maximum Cost or unless the need for such payment is due to Developer's acts or omissions, and neither party shall be required to incur any liability or potential liability as a result of such cooperation) by the other or as reasonably needed or expected to fulfill the Conditions Precedent including, without limitation, execution of any documents, applications or permits. Developer's representations and warranties to the City shall not be affected or released (except as expressly provided above) by the City's waiver or fulfillment of any City's Condition Precedent and City's representations and warranties to Developer shall not be effected or released (except as expressly provided above) by the Developer's waiver or fulfillment of any Developer's Condition Precedent. Developer hereby irrevocably authorizes the City and its Agents to make all inquiries with and applications to any person or entity, including, without limitation, any regulatory authority with jurisdiction as the City may reasonably require to complete its due diligence investigations.

The actual date that the Closing occurs shall be hereinafter referred to as the "**Closing Date**". If, despite City's good faith efforts, the City is unable to close on the Anticipated Closing Date due to the failure of any of the other City's Conditions Precedent, then the City shall have the one time right to extend the Closing by no more than one hundred twenty (120) days (the "**City Extension**"). The City shall pay all third party costs incurred by Developer due to the City Extension, unless the need for the City Extension was caused by Developer or its Agents. In addition, if despite Developer's good faith efforts, the Developer is unable to Close on the Anticipated Closing Date, or on the date designated pursuant to the City Extension, if any, due to the failure of any Developer's Conditions Precedent, then the Developer shall have the right to extend the Closing by no more than one hundred (120) days ("**Developer Extension**"). 12. RISK OF LOSS, INSURANCE, AND POSSESSION

12.1 Risk of Loss of New City Parcel

(a) If any of the New City Parcel is damaged or destroyed before the Agreement Ratification Date, then Developer shall notify the City of any potential increases (to the extent not covered by insurance) or decreases in Project Cost resulting from such damage. As the existing improvements are intended to be destroyed, Developer shall not be responsible under this Agreement to rebuild such improvements but instead shall take appropriate steps to ensure the safety of all occupants and surrounding property. If any damage is not repaired by Developer, and such damage or destruction is estimated by the General Contractor to cause the cost of constructing the Station Project to exceed the Maximum Cost and Developer does not elect (with no obligation to so elect) to cover such increase in the Maximum Cost), then the City may elect to either terminate this Agreement or agree to pay for any increase in the Maximum Cost as needed. The City shall make its election of whether to increase the Maximum Cost within forty-five (45) days of learning of the amount of the increase (and any such increase in the Maximum Cost at City's cost will be subject to the approval of the Board of Supervisors by resolution).

(b) If any of the New City Parcel or the Fire Station Improvements are damaged or destroyed after the Agreement Ratification Date, the Developer shall be responsible, at its sole cost, for restoring such damage to the extent necessary to deliver the Fire Station Project in the condition required by this Agreement and the Construction Management Agreement at Closing.

(c) In the event of any threatened condemnation proceedings against the New City Parcel, the parties shall meet and confer in good faith to discuss the potential condemnation and the appropriate response. If the proposed condemnation does not cause a Material Adverse Effect, as reasonably determined by the City, then the Developer shall proceed with the Station Project, making any necessary adjustments, and any and all condemnation proceeds will be used by the Developer in connection with the construction of the Station Project and Tower Project. If the proceeds have not been paid as of the Closing, Developer shall assign to City at Closing all of Developer's rights in and to the condemnation proceeds. If the proposed condemnation causes a Material Adverse Effect, then the City shall have the right to terminate this Agreement on forty-five (45) days prior written notice.

(d) City shall have no obligation to pay for the Design and Entitlement Costs or the Project Costs if this Agreement terminates pursuant to this Section 12.1.

12.2 Risk of Loss of Existing City Property

(a) If any of the Existing City Property is damaged or destroyed before the Agreement Ratification Date, and such damage or destruction is estimated by the General Contractor to cause the cost of constructing the Tower Project by more than ___ percent and Developer does not elect (with no obligation to so elect) to cover such increase, then the Developer. The Developer shall make its election to terminate this Agreement within forty-five (45) days of learning of the amount of the increase.

(b) If any of the Existing City Property or Tower Project is damaged or destroyed after the Agreement Ratification Date, the Developer shall be responsible, at its sole cost, for restoring such damage to the extent necessary to deliver the Fire Station Project in the condition

required by this Agreement and the Construction Management Agreement at Closing and City shall have no obligation to restore any damage to the Existing City Property or Tower Project.

(c) In the event of any threatened condemnation proceedings against the Existing City Property, the parties shall meet and confer in good faith to discuss the potential condemnation and the appropriate response. If the proposed condemnation does not cause a Material Adverse Effect, as reasonably determined by the Developer, then the Developer shall proceed with the Tower Project, making any necessary adjustments, and any and all condemnation proceeds will be used by the Developer in connection with the construction of the Tower Project and Station Project. If the proceeds have not been paid as of the Closing, City shall assign to Developer at Closing all of City's rights in and to the condemnation proceeds. If the proposed condemnation causes a Material Adverse Effect, then the Developer shall have the right to terminate this Agreement on forty-five (45) days prior written notice of receiving City's written notice of such proposed condemnation.

(d) City shall have no obligation to pay for the Design and Entitlement Costs or the Project Costs if this Agreement terminates pursuant to this Section 12.1.

13. MAINTENANCE; CONSENT TO NEW CONTRACTS

13.1 Maintenance of the Property

(a) During the term of this Agreement (i) so long as the Existing Leases are in effect, Developer shall enforce its rights under the Existing Leases to require the tenants thereunder to maintain the Developer Property consistent with their obligations under the Existing Leases, and (ii) upon termination of the Existing Leases and the tenants under the Existing Leases vacating their premises thereunder, Developer shall use commercially reasonable efforts to maintain the enforce Property in good order and condition and in compliance with applicable laws. Developer shall not extend the existing term of the Existing Leases nor allow any holdover by the tenants of Existing without City's approval.

(b) During the term of this Agreement, City shall keep the Existing City Property in good order and condition and in compliance with applicable laws.

13.2 City's Consent to New Contracts Affecting the Property; Termination of Existing Contracts

Except for the REA, the Assumed Contracts, the Project Contracts approved by the City, the Pre-Approved Project Contracts, and the Accepted Conditions to Title, Developer shall not enter into any lease or contract, or any amendment thereof, that will affect the Property after the completion of the Station Project, without in each instance obtaining the City's prior written consent thereto. The City agrees that it shall not unreasonably withhold any such consent and, in connection therewith, acknowledges that there are likely to be easements that Developer must provide in order to develop and operate the Station Project, all of which shall be considered Accepted Conditions to Title upon the City's approval of the same (which approval will not be unreasonably withheld or delayed). Developer shall terminate before the Closing, at no cost or expense to City, any and all agreements affecting the Fire Station Property except for the Assumed Contracts, the Project Contracts, the Pre-Approved Project Contracts and the Accepted City Conditions to Title, and shall deliver full possession of the Fire Station Property to the City at Closing. The provisions set forth in the foregoing sentence of this Section shall survive the Closing with respect to any agreements Developer fails to terminate as required by such sentence, but only to the extent City did not have actual knowledge of any such agreement or the Developer's failure to terminate the same as of the Closing.

14.2 Brokers and Finders

Neither party has had any contact or dealings regarding the Property, or any communication in connection with the subject matter of this transaction, through any licensed real estate broker or other person who could claim a right to a commission or finder's fee in

connection with the property exchange contemplated herein, except for John Jensen and Richard Johnson of Colliers International ("**Colliers**") representing City, and neither party has engaged any other broker in connection with this proposed transaction. Colliers shall earn a fee under their contract with the City if the Closing occurs, which shall be paid by Developer to Colliers at Closing and credited against the Project Cost (or in any other manner mutually approved by City and the Developer). If any other broker or finder perfects a claim for a commission or finder's fee based upon any such contact, dealings or communication, the party through whom the broker or finder makes his or her claim shall be responsible for such commission or fee and shall indemnify and hold harmless the other party from all claims, costs, and expenses (including, without limitation, reasonable attorneys' fees and disbursements) incurred by the indemnified party in defending against the same. The provisions of this Section shall survive the Closing for the applicable statute of limitations.

14.3 Successors and Assigns

Neither party shall assign or transfer its rights or obligations under this Agreement without first obtaining the prior written consent of the other party; provided Developer shall have the right to assign this Agreement to an entity in which an affiliate of Developer is the managing member, the manager or the sole member, except that Developer shall not be released from its obligations under this Agreement and such assignee shall assume all of Developer's obligations under this Agreement pursuant to an assignment and assumption agreement reasonably acceptable to the City.

14.4 Amendments

Except as otherwise provided herein, this Agreement may be amended or modified only by a written instrument executed by the City and Developer.

14.5 Continuation and Survival of Representations and Warranties; Survival of Certain Covenants and Conditions

All representations and warranties by the respective parties contained herein or made in writing pursuant to this Agreement shall, subject to the terms and conditions of this Agreement, be deemed to be material, and, (except as otherwise expressly limited or expanded by the terms of this Agreement), shall survive the execution and delivery of this Agreement and the Closing for a period of thirty (30) months following the Closing (and shall survive in any action for termination and/or damages based upon the alleged breach of the representation or warranty that is filed within the time frames permitted under this Agreement); provided, however, in no event shall the City's or Developer's liability, if any, following the Closing, with respect to the breach of any representations and warranties, exceed Twenty-Five Million Five Hundred Thousand Dollars ($25,500,000) in the aggregate. Except as otherwise expressly provided in this Agreement, none of the covenants or conditions of the Developer or the City under this Agreement shall (a) survive the termination of this Agreement, except in connection with an action by such party for termination of this Agreement and damages based on the alleged breach of such covenant or condition, or (b) survive the Closing. In addition, notwithstanding anything to the contrary in this Agreement, to the extent either Developer or the City has actual knowledge of a breached representation or warranty at the time of the Closing, such party with actual knowledge of such breached representation or warranty shall have no right to assert a claim against the other party after the Closing to the extent such claim relates to such breached representation or warranty.

14.6 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of California.

14.7 Merger of Prior Agreements

The parties intend that this Agreement (including all of the attached exhibits and schedules, which are incorporated into this Agreement by reference) shall be the final expression of their agreement with respect to the subject matter hereof and may not be contradicted by evidence of any prior or contemporaneous oral or written agreements or understandings. The parties further intend that this Agreement shall constitute the complete and exclusive statement of its terms and that no extrinsic evidence whatsoever (including, without limitation, prior drafts or changes therefrom) may be introduced in any judicial, administrative or other legal proceeding involving this Agreement.

14.8 Parties and Their Agents; Approvals

As used herein, the term "**Agents**" when used with respect to either party shall include the agents, employees, officers, contractors and representatives of such party. Notwithstanding anything stated to the contrary herein, all approvals, consents or other determinations required by City hereunder shall be made by or through City's Director of Property and any approval by the City's Director of Property shall constitute the approval by the City (as noted above, the City is acting in its proprietary capacity under this Agreement, so any City regulatory actions, including the issuance or denial of any Regulatory Approval, shall not be a City approval or action under this Agreement). All approvals, consents or other determinations required by the City or Developer must be in writing except to the extent deemed approved in accordance with the terms of this Agreement. Notwithstanding anything stated to the contrary in this Agreement, with respect to all approvals and/or consents required under this Agreement, if a party fails to approve, disapprove or approve conditionally any approval or consent requested by the other party in writing within seven (7) business days following receipt of a written request for approval or consent, so long as the applicable documents are complete (and if such documents are not complete, the recipient shall so notify the sender in writing within three (3) business days following receipt of the documents), then the requesting party may submit a second written notice to the other party requesting approval of the submittal within three (3) business days after the second notice. If the recipient fails to respond to the second notice within such three (3) business day period, and the item will increase the Project Cost by Two Hundred Fifty Thousand Dollars ($250,000) or less (for a request to the City) or reduce the Developer Fee by Two Hundred Fifty Thousand Dollars ($250,000) or less (for a request to Developer), then the submittal and documents shall be deemed approved. A party's failure to timely respond to the other party's request for an approval, consent or determination of any matter shall constitute a failure by such party to comply with a material term of this Agreement.

14.9 Interpretation of Agreement

The article, section and other headings of this Agreement and the table of contents are for convenience of reference only and shall not affect the meaning or interpretation of any provision contained herein. Whenever the context so requires, the use of the singular shall be deemed to include the plural and vice versa, and each gender reference shall be deemed to include the other and the neuter. This Agreement has been negotiated at arm's length and between persons sophisticated and knowledgeable in the matters dealt with herein. In addition, each party has been represented by experienced and knowledgeable legal counsel. Accordingly, any rule of law (including California Civil Code Section 1654) or legal decision that would require interpretation of any ambiguities in this Agreement against the party that has drafted it is not applicable and is waived. The provisions of this Agreement shall be interpreted in a reasonable manner to effect the purposes of the parties and this Agreement.

14.10 Attorneys' Fees

If either party hereto fails to perform any of its obligations under this Agreement or in the event a dispute arises concerning the meaning or interpretation of any provision of this Agreement, the defaulting party or the non-prevailing party in such dispute, as the case may be, shall pay the prevailing party reasonable attorneys' and experts' fees and costs, and all court costs and other costs of action incurred by the prevailing party in connection with the prosecution or defense of such action and enforcing or establishing its rights hereunder (whether or not such action is prosecuted to a judgment). For purposes of this Agreement, reasonable attorneys' fees of the City's Office of the City Attorney shall be based on the fees regularly charged by private attorneys with the equivalent number of years of experience in the subject matter area of the law for which the City Attorney's services were rendered who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney. The term "attorneys' fees" shall also include, without limitation, all such fees incurred with respect to appeals, mediations, arbitrations, and bankruptcy proceedings, and whether or not any action is brought with respect to the matter for which such fees were incurred. The term "costs" shall mean the costs and expenses of counsel to the parties, which may include printing, duplicating and other expenses, air freight charges, hiring of experts, and fees billed for law clerks, paralegals, and others not admitted to the bar but performing services under the supervision of an attorney.

Developer understands and agrees that under the City's Sunshine Ordinance (San Francisco Administrative Code, Chapter 67) and the State Public Records Law (Gov. Code Section 6250 et seq.), this Agreement and any and all records, information, and materials submitted to the City hereunder are public records subject to public disclosure. Developer hereby acknowledges that the City may disclose any records, information and materials submitted to the City in connection with this Agreement.

14.12 Memorandum of Agreement; Memorandum of Construction Management Agreement.

(a) Memorandum of Agreement.

Promptly following the Effective Date, the parties shall execute and acknowledge a memorandum hereof, on the form attached hereto as Exhibit Q, which will be recorded in the Official Records of the County in San Francisco, California. The City agrees, upon no less than ten (10) business days prior written notice from Developer, to execute, deliver and record in the Official Records of the County of San Francisco, California, a subordination agreement substantially in the form attached hereto as Exhibit U, in favor of a lender that has provided to Developer a predevelopment and acquisition loan (the "**Initial Lender**") for the Developer Property (subordinating the memorandum and the terms of this Agreement) to the lien of any deed of trust or other security interest securing a loan made by the Initial Lender.

(b) Release of Memorandum of Agreement.

Following the Closing, and within five (5) business days following Developer's written request, the City shall execute and record in the Official Records of the County of San Francisco, California, a release, releasing the memorandum referenced in Section 14.12(a) above from the Developer Parcel.

(c) Memorandum of Construction Management Agreement. Promptly following the Agreement Ratification Date, the City and Developer shall execute and acknowledge a memorandum ("**Memorandum of Construction Management Agreement**") of the Construction Management Agreement, on the form attached hereto as Exhibit V, which will be

recorded against the Developer Property in the Official Records of the County of San Francisco, California.

14.13 Counterparts

This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

14.14 Effective Date

As used herein, the term "**Effective Date**" shall mean the date on which (i) the City's Board of Supervisors and Mayor adopt a resolution approving and authorizing this Agreement and the transactions contemplated hereby, including authorization to proceed with the Design and Entitlement Work, and (ii) each party executes and delivers this Agreement to the other party. The Effective Date of this Agreement is _____, 2019.

14.15 Severability

If any provision of this Agreement or the application thereof to any person, entity or circumstance shall be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons, entities or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each other provision of this Agreement shall be valid and be enforceable to the fullest extent permitted by law, except to the extent that enforcement of this Agreement without the invalidated provision would be unreasonable or inequitable under all the circumstances or would frustrate a fundamental purpose of this Agreement.

14.16 Agreement Not to Market

Developer agrees that unless and until this Agreement terminates pursuant to its terms, neither Developer, nor any Agent on behalf of Developer, shall negotiate with any other parties pertaining to the sale of the Developer Property and shall not market the Developer Property to third parties. The City agrees that unless and until this Agreement terminates pursuant to its terms, neither the City, nor any Agent on behalf of the City, shall negotiate with any other party for the lease or purchase of the Existing City Property.

14.17 Confidential Information

Developer understands and agrees that, in the performance of its obligations under this Agreement, Developer may have access to the City's proprietary or confidential information, the disclosure of which to third parties may be damaging to the City. City understands and agrees that, in the performance of its obligations under this Agreement, City may have access to Developer's proprietary or confidential information, the disclosure of which to third parties may be damaging to Developer. Each party agrees to identify any information it gives to the other that it deems proprietary or confidential, and each party agrees to use reasonable care to safeguard any proprietary or confidential information from public disclosure. Notwithstanding the foregoing, if and to the extent any document or information is subject to disclosure under federal, state, or local law, including the California Public Records Act or the San Francisco Sunshine Ordinance, or a court order, such disclosure shall not be deemed a violation of this Agreement. Each party shall use reasonable efforts to notify the other of any disclosure request relating to any document marked as proprietary or confidential and discuss the basis for disclosing or withholding the document. If a party determines that it must, under applicable law, disclose a document that the other party has marked as proprietary and confidential, it shall provide the other party not less than 48 hours' notice before any such disclosure in order to allow for the noticed party to seek an injunction to prevent the disclosure, provided that failure to

provide such notice or any disclosure shall not be the basis for any liability under this Agreement.

14.18 Prohibitions on Campaign Contributions

For the purposes of this Section, a "City Contractor" is a party that contracts with, or seeks to contract with, the City for the sale or leasing of any land or building to or from the City whenever such transaction would require the approval by a City elective officer, the board on which that City elective officer serves, or a board on which an appointee of that individual serves. Through its execution of this Agreement, Developer acknowledges that it is familiar with Section 1.126 of the San Francisco Campaign and Governmental Conduct Code, which prohibits a City Contractor from making any campaign contribution to (1) the City elective officer, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for that contract or twelve (12) months after the date that contract is approved. Developer acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of $100,000 or more. Developer further acknowledges that (i) the prohibition on contributions applies to Developer, each member of Developer's board of directors, Developer's chief executive officer, chief financial officer and chief operating officer, any person with an ownership interest of more than ten percent (10%) in Developer, any subcontractor listed in the contract, and any committee that is sponsored or controlled by Developer, and (ii) within thirty (30) days of the submission of a proposal for the contract, the City department seeking to enter into the contract must notify the Ethics Commission of the parties and any subcontractor to the contract. Additionally, Developer certifies it has informed each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126 by the time it submitted a proposal for the contract to the City, and provided the names of the persons required to be informed to the City department seeking to enter into that contract within thirty (30) days of submitting its contract proposal to the City department receiving that submittal, and acknowledges the City department receiving that submittal was required to notify the Ethics Commission of those persons.

14.19 Time of Essence

Time is of the essence with respect to the performance of the parties' respective obligations contained herein.

14.20 Non-Liability
